Change hinted in operation of Mountainside post office

School board candidates get PTA forum Tuesday

"Candidates' Night" for the seven candidates seeking election to the four open seats on the Mountainside Board of Education will be held next Tuesday at 8 p.m., in the all-purpose room of the Beechwood School, by the Mountainside PTA, it was announced this week, Sam Seager will act as moderator.

According to a spokesman for the group, Mountainside voters will be afforded the opportunity to learn more about the candidates, as each one will be required to give a personal

resume and state his reasons for seeking the office. A question and answer period will follow the meeting.

Candidates seeking re-election for three-year terms are Walter H. Rupp and Donald L. Jeka. Mrs. Gloria Johnson, also an incumbent, has filed for a two-year term. Newcomers seeking three-year terms are Allen W. Dehls, Mrs. John Miller and Mrs. Alan Rehbock. A newcomer Mrs. William Gutman, has also filed for a two-year term.

In other PTA business, it was announced a film "The Inspector General," starring Danny Kaye, and two cartoons will be presented by the PTA group on Saturday at 2 p.m. in the auditorium of the Deerfield School. Parents were requested not to permit pre-school children to attend. Those attending are to enter the school property via Longview drive. Tickets will be available at the door.

Borrowers, beware: Library to close doors

Mrs. Elmer Hoffarth, director of the Mountainside library, this week again reminded residents that the library will be closed on Saturday for a two-week period and will reopen Feb. 12 in the new building across Route 22.

Mrs. Hoffarth suggested that students obtain assignments from their teachers in advance so books may be borrowed to cover their studies over the closed period. The loan period will be extended.

Education board approves budget; now up to voters

By PAT DONALDSON
With no major opposition from the audience of more than 50 people who attended the Mountainside Board of Education budget hearing Tuesday night, the 1968-69 total budget of \$1,440,442, which was up 15 percent over the adjusted 1967-68 budget, was unanimously adopted.

Residents will vote on the budget at the Deerfield School between the hours of 2 and 9 p.m. "or as much longer as may be necessary for those present to cast their ballots," on Feb. 13.

Robert Britton, president, in explaining the budget, said that several months of study had been devoted to the entire program, and that the impact of the expansion of the Deerfield School, and other expenses over which the board had no control, made the increase in the budget imperative.

He noted that nearly 80 percent of the entire budget goes for salaries, which include all personnel. "However," he continued, "if we continue to provide quality education for Mountainside, we must have a highly professional teaching staff."

A guideline for teachers' salaries, was proposed by the board recently in answer to a demand by the Teachers' Association, for higher and "more comparable to surrounding communities" salaries. Joseph Petruccio, president of the Association, recently stated that the teachers had voted, 40 for, 17 against, (Continued on page 3)

Irwin appointed local chairman for heart drive

Assemblyman Charles J. Irwin has been named Mountainside chairman for the Union County Heart Association's 1968 drive for funds. The announcement was made by State Senator Matthew J. Rinaldo, chairman of the county drive.

In addition to his duties as heart fund municipal chairman, Irwin also will serve as chairman of the Union County Heart Association Charity Ball this year.

Irwin, who lives at 600 Sherwood pkwy., is an attorney with offices in Westfield. He received a bachelor's degree in economics from Syracuse University and a law degree from Harvard Law School in 1960.

The heart association municipal chairman previously served on the Mountainside Borough Council and is presently serving as borough attorney. In the Assembly, he is a member of the appropriations conference and labor committees.

Irwin, who three times was United States AAU skating champion, served as an officer at the Army's Radiological Warfare School in Nevada.

He is a member of the Westfield Community Players, the New Jersey Bar Association, the Republican Club of Mountainside and the Westfield Presbyterian Church.

Irwin and his wife, Diana, have five children, Catherine, 11; Christian, 10; Cynthia, 8; Sharon, 6, and Justin, 2.

In accepting the Mountainside chairmanship, Irwin said he was "conscious of the tremendous need for funds to fight our nation's number one killer, heart disease can be conquered if we can raise enough money." He urged Mountainside residents to be generous when Heart Association volunteers make their appeals for funds next month.

Rupp, Jeka, Mrs. Gutman list views as candidates for Board of Education

Statements were received this week from three candidates for the Mountainside Board of Education, in answer to a questionnaire sent them by the Echo asking why they sought to serve the community as members of the board, if elected. They are Walter H. Rupp, Donald L. Jeka and Mrs. William Gutman.

In the Jan. 18 issue of the Echo, the statements of Mrs. Gloria S. Johnson, an incumbent seeking reelection to a two-year term, and two newcomers, Mrs. John Miller and Allen W. Dehls, both seeking three-year terms, were quoted on their reasons for seeking office.

Rupp, of 359 Dogwood way, an incumbent seeking reelection to a three-year term stated, "I want to continue good quality education and full educational opportunities for all children

of Mountainside, at a reasonable cost. Programs must be designed for all children at all ability levels. I believe my policy and planning experience will be of value to the board and borough citizens. It will help to keep Mountainside a good place to live.

"I have concentrated on long-range planning work for the board. However, I also served as chairman of public relations, education and finance for three years. Enrollment predictions have been quite accurate and have prevented any double sessions or school overbuilding. Predicted level trend of 1961-plus, when enrollments were soaring elsewhere."

Jeka, of 298 Bridge path, an incumbent, who was appointed last summer to replace Richard Krebs and who is also seeking a three-year term, stated, "Last year, when I was appointed

to the board, I decided then to run for reelection when the time came. I feel that it is important to the board to maintain a continuity of personnel."

"A board member's contributions increase as he becomes more experienced, and he learns more about the educational system. Also, I look forward to continuing and expanding the board's public relations program of which I am in charge, so that our communications with the community remain open and accurate."

Mrs. Gutman of 334 Short dr., a newcomer, in stating her reasons for seeking a two-year term on the board, stated, "The chief concern of most parents today is that their children should be adequately prepared to stand as productive individuals in the world of their future."

"The quality of the education our children receive today will directly determine the length and strength of that productivity. The responsibilities of any board of education today are unbelievably vast. To be given the opportunity to serve on such a board is a privilege which I seek now as a parent, concerned with providing the best possible education for all children, and as a mother, who has been intimately involved in the education of my own children."

Mrs. Alan Rehbock of 1412 Orchard lane, a newcomer who is also seeking a three-year term on the board, could not be reached for comment as this newspaper went to press.

Day Care Center fund drive more than halfway to its goal

The \$12,000 fund drive of the Westfield Day Care Center has passed the halfway mark, a spokesman said this week.

"The interest and concern that the people of the Westfield-Mountainside area have for each other has been obvious in the response to the drive," the spokesman said, adding that letters to individuals have brought 20 times the normal response based on a national average.

Contributions have also been received from the First Baptist Church, First Methodist Church and Grace Orthodox Presbyterian, all of Westfield; Community Presbyterian of Mountainside and the Westfield Council of Churches.

Applications are being accepted by the admissions committee now and blanks are available through the Westfield Pediatric Office, 540 Elm st.

Each applicant will be screened by the admissions committee to determine the extent of the need for the Day Care Center's services. Parents of children will be expected to indicate what percentage of the \$20 weekly tuition they will be able to pay.

The finance committee chairman, Mrs. Bernard Robins, and special gifts chairman, Stephen F. Perry, are at present contacting local organizations and businessmen. Perry's committee includes Edward Frink, the Rev. Bolin Durway, Clinton Holder, Art Barth, William Shepherd, James Davidson Jr., James McKnight, Bruce Kimball, Ed Caribon, Gardner Cunningham and John Thatcher.

Speakers are available through the public relations committee, and may be arranged for by calling the public relations chairman,

Mayor polishes tooth care notice

A proclamation designating Feb. 4 to 10 as 1968 Children's Dental Health Week was signed last week by Mayor Frederick Wilhelms Jr.

The proclamation said in part that the future is, to a large measure dependent on the good health of the young, who are the citizens of tomorrow, and that good health habits learned early can result in good physical and mental health.

The mayor urged all citizens and community organizations to join in the observance. The proclamation was presented by Dr. Henry B. Langheinz, president of the Mountainside Board of Health.

Capone mum on carrier shift report

Woman's Club petitions for independent office

Rumors circulating around Mountainside that the letter carriers from the local post office, which is a branch of the Westfield Post Office, would henceforth operate out of the latter office, were investigated this week by the Echo. Rumor also had it that the Mountainside branch would be used only for purchasing stamps and the mailing of letters and packages.

James Capone, superintendent of the Mountainside branch, when asked about the rumor, declined to comment.

Mrs. Elsie Shimonis, postmistress in Westfield, stated, that she was aware that the Woman's Club of Mountainside was circulating a petition for an independent post office in the community. She said she was attempting to "get better service for Mountainside, but my investigation is in the embryonic stage and of course, before anything could be done, the issue must be discussed and cleared with the region for the practicality of any move."

Mrs. Shimonis also said it was doubtful whether the carriers will come directly from Mountainside, "but, perhaps by asking for that, I can at least get a few clerks over to Mountainside to help sort mail, and thus improve the service in Mountainside."

Mrs. H. Loring Banfield, publicity chairman of the Mountainside Woman's Club, said in a statement in November that the club was engaged in a borough house-to-house canvass to obtain signatures on a petition to speed up the mail in the borough.

In seeking an independent post office, Mrs. Banfield also stated that the project, if successful, would increase the business of local merchants because residents who found it necessary to use post offices other than the Mountainside branch, now tend to do their shopping in stores in the other vicinities.

R. W. Thwing, at 54; headed education board

Roger W. Thwing, a former president of both the Mountainside PTA and the Board of Education, died last Thursday, of a brain tumor in Setauket, N.Y. He was 54 years old and had lived in the Long Island community for about a year-and-a-half.

Mr. Thwing was a purchasing agent for Stone and Webster Engineering Corp., Garden City, N.Y. He worked in the Boston and New York City offices of the company for about 25 years.

The Thwings lived in Mountainside for 10 years. Mr. Thwing was president of the PTA in 1963-'64 and a member of the Board of Education in 1964-'66, serving as president the last year. He resigned when he was transferred to Garden City. He was also a member and elder of the Community Presbyterian Church, Mountainside.

He was operated on in July of last year but was unable to return to his work after his hospitalization.

Mr. Thwing was born in Springfield, Mass., Jan. 14, 1914. He is survived by his widow, Mrs. Marjorie Thwing; two daughters, Janet and Paula at home; his mother, Mrs. William J. Thwing of Winchester, Mass.; a sister, Mrs. Charles Worthen of Winchester, Mass.; and his brother, Kirby R. Thwing of Mt. Holyoke, Mass.

Services were conducted in Shelburn Falls, Mass., by the Rev. Charles Brackbill Jr., of Mountainside. A memorial service will be held this Sunday Jan. 28, in the Community Presbyterian Church of Mountainside. Burial was in Shelburn Falls.

PROFILE -- Joseph M. Petruccio

Joseph M. Petruccio is one of the new breed of teachers who are teaching in our public school systems today. Aware of the new kind of world we live in, and perhaps the more difficult world of tomorrow, in which our children will have to participate and live in, and possibly, serve in, he is constantly seeking new and improved methods of teaching which he feels the adult of tomorrow will need to live in a complex world.

Not unmindful of the traditional ABCs or the three R's, this enthusiastic young man firmly believes there is a better way of applying the old requirements and expanding on them.

An instrumental music teacher at Deerfield School, Petruccio does not believe his role as teacher should consist only of teaching the clarinet, accordion and piano to his students, but "the whole development of a child, as an individual, must be the paramount duty of every teacher."

Bicknell to leave Regional; joins Boston coaching team

Gov. Livingston Regional High School, Berkeley Heights, will be the loser next week, when Jack Bicknell, head football coach, will leave to accept a position on the football coaching team at Boston College.

Bicknell, who has also been the director of athletics at Gov. Livingston since last March, is fulfilling a life-long ambition by accepting the college bid. He has been one of Union County's outstanding football coaches, and under his tutelage the Highlanders have developed into a major power. The 1965 club earned state Group 3 honors and last year his team tied for first place in the Watching conference.

Bicknell, 29, whose college football career at Rutgers was ended by a neck injury, switched to Montclair State and starred in baseball and basketball. He began his coaching career as an assistant coach at Jonathan Dayton Regional, Springfield.

Before coming to Gov. Livingston, he was the head coach of football and baseball at Roselle Park. In addition to his football coaching while at Gov. Livingston, he also coached golf for two seasons and wrestling for one campaign.

Bicknell, who plans to leave his family here until he gets settled in the Boston area, which he confesses to knowing little about, will tutor the offensive backs for Boston College's new coach Joe Yukica, who was a coach at the University of New Hampshire last year.

Reese, assistant grid coach at Gov. Livingston, is expected to be named to replace Bicknell.

CANDY BY TOM DORR

FAMILY LIFE TODAY

DEVELOPING YOUR TEENAGER'S RESPONSIBILITY Responsibility -- what is it? Chances are each person has his, or her own idea of what the word means. Some of you would perhaps define responsibility as accepting the consequences of one's own decision-making

or act. Others, define it as doing for one's self and thus being independent or maturing to be an adult.

Remember, however, accepting responsibility does not just happen to your teenagers. It must be learned. Before you can teach your teenager responsibility you, yourself, must accept responsibilities. You must analyze the consequences of making certain decisions; then make a choice accepting the consequences and teach your teenagers to follow the same procedure.

Realization of ways in which your children are maturing comes with your own maturing and understanding of each family member's needs and abilities.

The first and most important sign of development of responsibility is learning to trust one another. Do you trust your teenagers? Do they trust you? List the ways you do trust them. Then the ways they want you to trust them, and compare. Are you inconsistent -- trusting and requesting some adult responsibilities of your teenagers while at other times, treating them like small children? How about discussing these lists with your family?

Be sure you have established a happy medium of "first" trusts and responsibilities. Do you both understand what the results of your teenagers' choices will be?

Are the jobs you are giving them too difficult or not necessary? Either way, you can cause your teenagers to become frustrated. They will then seek their own means of identifying with adulthood.

Harrington reported that the association's capital was up 13.5 percent to \$33,877,595 and its assets up 11.92 percent to \$37,724,101. He said the board had recommended an increase in dividend rate on regular passbook accounts to an anticipated 4.5 percent per year, compounded quarterly, the highest rate in the history of First Federal Savings.

Regional district studied as center of educational TV

The possibility that the Union County Regional High School District might become a center for a portion of a state-wide educational television system was raised this week by Dr. Warren M. Davis, superintendent. At the present time a blue-ribbon commission, selected by Gov. Richard J. Hughes, has been charged with the exploration of the total ETV picture in New Jersey. This commission is an outgrowth of new federal and state legislation which has served to smooth the way for state action in the educational television field.

In an interview with State Education Commissioner Carl Marburger and other state officials, Davis stressed the strategic location of the regional district with regard to the population centers of the state, and its natural advantages as one of a proposed group of centers.

Dr. Marburger has indicated that he would report the regional system's ideas to the total committee. While no further commitment is expected at this time, it has been indicated that the matter is under study.

One of a continuing series of articulation meetings was held on Jan. 10 between social studies representatives of the Union County Regional system and its six constituent districts. The meeting was held at Jonathan Dayton Regional High School in Springfield, and was devoted chiefly to a development of philosophy and objectives.

The group plans to continue its meetings through the year, with exchange of curricular ideas and development of even closer articulation between the programs offered in the elementary districts and those of the high school district. Pauline Keith, social studies coordinator for the regional district, was chairman of the meeting.

PROFILE -- Joseph M. Petrullo

(Continued from page 1)

Indications are, we shall need more and more knowledge, and experimentation is necessary in order to advance the field of education, because much thought and study must be put into an idea, before experimentation can take place.

HE DEPLORES THE lack of understanding on the part of the layman, of whom he says, "Laymen think in terms of teachers working approximately 10 months a year. Actually, when broken down, the job can often become more than a 12-month work requirement."

"Laymen should also understand that good teachers in the past have left the field because of the salaries. Teachers are professional people and should be paid a professional salary," Petrullo emphasized his views were his own, but added with certainty that Mountain-side teachers, "who are of the finest caliber intend to stand up and fight in an effort to constantly improve the teaching profession and attract competent people to the field of education, thus alleviating the shortage of teachers."

"If education is going to be improved, teachers will have to do it," he says, "because they are the closest to the situation."

Petrullo is president of the Mountain-side Teachers' Association, which is an affiliation of the N. J. State and National Education Association. He was born in Elizabeth. He earned his B.S. in education at New York University and after five years attendance at night at the NYU School of Education, where he majored in music education, he was awarded a master's degree. He has taught school in Mountain-side for the past nine years.

He is married to the former Darlene Sackman of Elizabeth, and the couple are parents of four children; Steven, 8, and Craig, 7, both of whom attend the Abraham Lincoln School in Elizabeth; Robin, 5, a kindergarten student and four-year old Joanne.

The family resides at 11 West End pl., Elizabeth.

In a breakdown of increases in current expenses, the following analysis were shown on slides and explained by Britton:

"Administration" - salaries, Board of Education office, superintendent's office, attorney, auditor, \$7400, up 11.4 percent;

"Instruction" - Salaries and instructional supplies and expenses, \$82,165, up 11.4 percent;

"Attendance and Health" - salaries, attendance office, doctor, dentist, nurses, and health supplies, \$1420, up 7.9 percent;

"Transportation" - bus and tax; transportation for public and private school pupils plus field trips, \$14,428, up 38.6 percent;

"Operation of Plant" - custodial salaries, heat, utilities, supplies, contracted services, plus one additional custodian, \$21,810, up 22.1 percent;

"Maintenance of Plant" - repair of grounds and buildings and replacement of repair and equipment, minus \$250, minus 1.1 percent;

"Fixed Charges" - pension, social security, property and liability insurance, employee benefits, rent, tuition, \$9,795, up 23.8 percent;

"Student Activities" - coaches and supplies, \$250, up 7.8 percent;

"Summer School" - minus \$7,500 after last July's appropriation on a per se basis. The total current expense budget, compared to 1967 shows an increase of \$129,518, up 12.6 percent. Debt service includes; principal, \$48,072, which breaks down to show \$8,000 as the present debt schedule, \$30,000 for the new Deerfield addition and \$10,072 notes payable for transportation, with interest added. This resulted in a total debt service of \$49,830, up 29.4 percent.

QUESTIONS FROM the audience dealt with such matters as transportation costs, the probability of lower enrollment in the years to come, and possibilities of extending piano instruction to fourth-graders in the near future, as opposed to limiting the program to third graders, which is now the practice. Britton replied the board intended to make further studies on the feasibility of expanding the program.

Mrs. David Hari of 379 Summit rd., a professor of psychology at Newark State College, protested that she did not think "our Mountain-side teachers are paid enough." Dr. D.R. Dilley of Ridge drive, was applauded by the audience, when he remarked that as a parent of a third-grader he was hopeful the piano instruction program could be expanded, but he wanted to congratulate the board members for their contribution to the community and the splendid work they are doing.

Britton asked for "a moment of your time to pay tribute to Roger Thwing, a former president of the board, who passed away last Thursday."

"We, who worked with this soft-spoken man felt his great strength and intellect. He dedicated himself to his church, the people and children of Mountain-side, and the passing of this man's dedication and stature is a great loss, not only to his family but to the entire community."

He asked for a moment of silence, and the board voted to send a letter of sympathy to the late president's family.

A 610 series by Izzie Zemla led Mountain-side Plumbing and Heating to a two-game victory over Chrones' Tavern last week in the Mountain-side's Men's Bowling League at Echo Lane. Izzie's set included games of 228 and 201.

Sal Severini and Frank Narinara each shot 203 games to lead Satellite Diner to a three-way triumph over Air Con, Inc. Also scoring a sweep was Westfield National Bank over Blivise Liquors, with Mike Gillespie's 210 showing the way for the Bankers and Ernie Schwartze rolling a 208 in defeat for Blivise. The only other three-game victory was registered by Wilhelms Construction over Mountain-side PBA, with Bob McCormick's 221 leading the winners.

Al Mander's 212 led Fugmann Fuel Oil to a two-way victory over Mountain-side Deli with Al Mugugno's 214 averting the shut-out. John MacArthur's 200 led Dreyette's Nursery to a pair over Villani Lift Truck Service, while Dan Burke's 201 enabled Owens' Flying A Service to take the odd game from Benninger Tansey Agency. Don Tambini rolled a 212 for the insurance men, Mountain-side Drug and Mountain-side Luncheonette rolled to an even split for the night as the second game ended in a tie. Ed Mullins rolled a 212 for the pharmacists.

Point totals of the teams are: Mountain-side Plumbing and Heating, 47; Westfield National Bank, 43; Air Con Inc., 40; Satellite Diner, 40; Owens Flying A Service, 37; Blivise Liquors, 36; Mountain-side Luncheonette, 35.5; Chrones Tavern, 35.5; Fugmann Oil Co., 35; Mountain-side Deli, 35; Wilhelms Construction, 33; Mountain-side Drug, 30; Benninger Tansey Agency, 29.5; Dreyette's Nursery, 26.5; Villani Lift Truck Service, 26; Mountain-side PBA, 15.

Quits county post, Collins moves into state GOP role

Republican State Chairman Webster B. Todd this week announced the appointment of J. Loree (Rip) Collins as special advisor for legislative affairs.

The appointment was coupled with the announcement by Collins that he will resign as Union County Republican Chairman.

Todd explained that the non-salaried post has been created "to meet the responsibilities the party has to all of the people of the State, who have given legislative leadership to the Republicans with two-thirds of both houses."

Collins, 40, a resident of Summit, served for two terms as Union County Republican Chairman and is a former Assemblyman. He is a partner in Publications Ltd., Rahway. He previously served as an executive with the W. R. Grace Company. He is a graduate of the class of '49 at the U. S. Naval Academy and NYU Graduate School of Business, and served on active duty for seven years, including duty in the Korean War.

NSC evening school division announces courses for spring

The Kodaaly method of music education will be one of 108 graduate courses and 115 undergraduate courses that will be held for evening students at Newark State College, Union, this spring, according to Charles A. Longacre, director of the Division of Field Services. Courses will also be held at nine off-campus centers. Classes will begin Monday, Feb. 5.

Named for its innovator, the Hungarian composer, Zoltan Kodaly, the method involves rhythmic exercises and games. Children taught by this method learn to reproduce notes and rhythms accurately and to read music and write it from dictation.

Courses are also offered in the humanities, the social sciences, psychology, and many other areas. Although it has traditionally served New Jersey residents as a teacher-training institution, and remains strong in this area, Newark State is rapidly becoming a multi-purpose college. Teachers, school administrators, housewives resuming their education, teen-agers combining college with full-time jobs, and businessmen in search of enrichment are among the hundreds who swell the extension enrollment to more than double the daytime figure.

Students enrolled in degree programs at the college can register at the Union campus from 1:30 to 6 p.m. Monday or Tuesday, or from 2 to 5:30 p.m. Wednesday. Registration for non-matriculated students will be Jan. 29 for New Jersey teachers, Jan. 30 for other students who hold bachelors' degrees, and Jan. 31 for undergraduate students.

New courses on the graduate level are the Negro in American history, the organization and administration of public education in the United States, statistical inferences and prediction, tests and measurements, numerical analysis, New Jersey school law, public school finance, and school building and planning.

Undergraduate courses that will be offered for the first time in the evening session are the linguistic approach to teaching reading, an

Writing workshop to be held Feb. 10

William McCleery, playwright and editor of "University, A Princeton Quarterly," will join poet John Ciardi, poetry editor of the "Saturday Review," on the program for a creative writing workshop for Union County high school students at Union College Cranford, on Feb. 10. It was announced this week by Prof. Oscar Fishstein, chairman.

Highlighting the workshop will be student-to-editor discussions with professional writers. The workshop is being sponsored by the English Department of Union College.

All high schools in Union County have been invited to submit one manuscript in each category: Poetry, fiction and non-fiction. Their authors will participate in the workshop. The manuscripts will be reviewed by the professional editors, including McCleery and Ciardi, and all manuscripts will be discussed by their authors at separate panels with members of the Union College faculty and other teachers serving as discussion leaders.

Registration at UC to start on Monday

Registration for Union College's spring semester will begin on Monday.

Day session students will register from 9 a.m. to 3 p.m. on Monday and Tuesday, while evening session students will register on Wednesday, and Thursday, Feb. 1, from 6 to 8 p.m. in the gymnasium of the Campus Center.

Day session students will begin classes on Friday, Feb. 2, and evening session students' classes will resume on Monday, Feb. 5.

Dr. Kenneth C. MacKay, president, said about 150 students are expected to launch their college careers during the spring semester in the day and evening sessions.

George P. Lynes, director of admissions, reported no additional applications are being accepted for the spring semester in either the day or evening sessions.

Plan yoga course at adult school's spring semester

Classes in yoga will be offered for the first time in the regional adult school at Jonathan Dayton this spring semester. Sessions will be held on Wednesdays from 8 to 9 p.m.

Instruction in blueprint reading and creative sewing for interior decoration are also new courses included in a curriculum of 42 varied subjects, ranging from a film festival to folk dancing.

Registration for the adult school will take place at Jonathan Dayton on Tuesday, Jan. 30 and Wednesday, Jan. 31 at 7:30 to 9 p.m.

Concert date is changed by Suburban Symphony

The Suburban Symphony Orchestra announced this week its second major concert of the season will be held on Friday, Feb. 9, at 8:15 p.m. at Cranford High School instead of Wednesday, Feb. 7, as previously announced.

Soloist for the performance will be Irving Nussbaum, violinist of Cranford and concertmaster of the Suburban Symphony. He will perform the Violin Concerto No. 4 in D Minor by Vieuxtemps. The orchestra will play overture to "La Princesse Jaune" by Saint-Saens, Afternoon of a Faun by Debussy and the Symphony in D Minor by Franck.

On Sunday, Fred Dlouhy of Union will lead a three-hour, ramble in the Palisades Interstate Park. This group will meet at the administration building of the Union County Park Commission at 9 a.m.

Also on Sunday, Marjorie Gasser of Annandale will lead a 10-mile hike in the area of Round Valley in Somerset County which will include a hike up Cushtunk Mountain. Contact the recreation department of the Union County Park Commission for the time and meeting place of this hike.

PLEASE DRIVE SAFELY

Volkswagen introduces the automatic stick shift.

After 10 these many years our humble little bug has gone automatic. Gone is the clutch. Gone is the wifely whine, "It's cute, but I can't drive it." Gone is an era of Volkswagendom. Sniff. And in its place? A Volkswagen you can drive all over town without shifting. Only on the highway do you shift. Once. (This is an economy move. Which, after all, is still the name of the game.) But you do have a choice in the matter: you can drive it the easy way (described above). Or you can start out in low and take it through the gears like a regular stick shift. The automatic stick shift is an option: you pay a little more. But you do a little less.

The major portion of the text of the resolution to be introduced Monday is as follows: "WHEREAS, The Garden State Parkway has become an essential transportation route for many residents of the State in commuting to and from their homes and places of employment; and

WHEREAS, Commuter fares, rates or tolls are accorded for such use of other transportation facilities, including interstate bridges and tunnels; now, therefore,

BE IT RESOLVED by the Senate of the State of New Jersey (the General Assembly concurring):

1. The Chairman and members of the New Jersey Highway Authority are hereby respectfully memorialized that in fixing and revising tolls and charges to be collected for use of the Garden State Parkway, pursuant to P.L. 1952, c. 16, s. 14, they provide for the sale of ticket books or other prepared toll identification to commuters and other regular users of portions of the Parkway at a discount from the cash toll charges fixed for other use of the Parkway."

State Senator Frank X. McDermott (R-Union), majority leader in the Senate, will discuss expected highlights of the 1968 legislative session at a luncheon of the Employers' Legislative Committee of Union County at the Town and Campus Restaurant, Morris avenue, Union, tomorrow.

Report from Trenton

By State Senator Matthew J. Rinaldo

Our citizens have little respite from rising prices and rising taxes. There does exist, though, one area in which relief seems desirable and possible, namely, the tolls paid by commuters on the Garden State Parkway. The New Jersey Highway Authority has been operating the Parkway successfully and profitably for 15 years. Obligations to bondholders have been met consistently.

In addition to remaining at the same high levels, tolls have been imposed in Essex County, where none had been charged before. Moreover, the Highway Authority is attempting to impose tolls in Union County, a move to which I am adamantly opposed. The tolls in Essex County, incidentally, were imposed as a condition for the Highway Authority's participation in the financing of the depression of the East-West Freeway. Ultimately, the Federal Government provided most of the funds for the depressed Freeway, an action that made the imposition of tolls unnecessary. Still, they remain in effect.

The New Jersey Highway Authority has done very little for the long-suffering commuter, except take his quarters and add new toll booths. I believe it is time something is done for the riders of the Garden State Parkway,

which has become an essential transportation route for many New Jersey residents commuting to and from their homes and places of employment.

Therefore, I plan to introduce a resolution in the State Senate Monday calling on the Highway Authority to make available reduced rate commutation tickets for Parkway users.

I regard this as a completely equitable arrangement. It has been done for years by the Port of New York Authority, which operates the bridges and tunnels between New York and New Jersey. Rather than reduce the Highway Authority's revenues, it probably would increase them by encouraging more riders to use the Parkway facilities.

If the Senate and the Assembly adopt the resolution that will be introduced Monday, it will be forwarded to the New Jersey Highway Authority. I am hopeful that the Authority will give serious consideration to this proposal, because I think it would be in the best interests of all concerned—commuters and the Authority bondholders.

Preferential toll charges for commuters, who support the Parkway day-in, day-out, would be one way for the forgotten man to

Heart Association to launch fund drive at meeting Sunday

The Union County Heart Association will kick off its annual drive for funds Sunday at 2 p.m. during a workshop meeting to be held in White Laboratories, Kenilworth. More than 200 volunteer workers are expected to attend the session.

Alex Sladkus of Elizabeth, chairman of the Union County Heart Association board of directors, will open the session. Sandra Graham, three-year-old daughter of Mr. and Mrs. William Graham of Kenilworth, will help light a torch signifying the start of Heart Month in Union County. Sandra, who has successfully undergone heart surgery, is serving this year as "Little Miss Heart Fund."

State Senator Matthew J. Rinaldo of Union, chairman of the 1968 fund drive effort, will announce the Heart Association's goal for the campaign to be held during February. Last year volunteers collected \$77,900.57 as the drive topped its \$75,000 goal. Requests raised the overall total to \$126,694.80.

Thomas Maddock of Trenton, state fund-

raising chairman for the 1968 drive, will serve as moderator for a panel discussion on fund raising. Panelists from various parts of New Jersey will discuss door-to-door solicitation, mail appeals, business gifts and special donations.

Sen. Rinaldo said the panel discussion format was adopted for this year's kick-off because a number of questions were raised during last year's initial meeting. We want to arm our volunteer workers with all possible information, so they can collect the most money possible during this campaign," he said. "The headlines dealing with heart transplants in recent months have made the American public more heart conscious than ever before. If ever there was a time to out-do ourselves raising funds to defeat our number one killer, this is the time."

Robert Thompson, personnel director at White Labs, will serve as host for the meeting. Guests will be greeted by Mrs. Dominic Menzaco of Linden, chairman of the county association's special meetings committee.

March of Dimes to sponsor 'Snow Flake' Ball tomorrow

The Union County Chapter of the National Foundation March of Dimes will sponsor a charity ball tomorrow night at Shackamaxon Country Club in Westfield.

The "Snow Flake" Ball is expected to attract guests from all over the county. A floor show is planned featuring the Chanteliers from Rahway; Sugar and Spice from Cranford; Mommer's Band, Madrigal Singers and others. Music will be supplied by the Lamplighters and a Rock and Roll Band.

Tickets are \$5 per person and an invitation is extended to everyone in Union County wishing to attend. Proceeds from the ball will be donated to the March of Dimes Foundation to carry on its program of education, research

and to establish additional birth defect centers for the care and treatment of birth defect victims. March of Dimes money is also used to help support the Salk Institute in San Diego, Calif., and for the care and treatment of post polio victims for whom the Salk vaccine came too late.

Christopher Dietz of Rahway, chairman, said that tickets were going very well and are in the hands of the committee and the local directors of the March of Dimes campaign. Working on the committee are Robert Sparks of Roselle Park; Robert Lissoey of Roselle and Genevieve Pascale and Jule Douglass of Union.

Assisting the committee as hostesses at the ball are Joan Mauriello, Marge Genis and Alice Foster of Union.

Etruscan harbor found in Tuscany

The remains of an Etruscan harbor have been discovered near Vada, on the Tuscan coast at the northern limit of the Maremma. The site is some 250 yards inland from the present beach.

The discovery of the port, which is mentioned in the work of a minor Latin poet, is of considerable interest to archaeologists since it is the first Etruscan harbor found in such a good state of preservation through the Etruscans are known to have been skillful navigators.

Aid sought for quake victims Center launches fund campaign

The Center of Italian Culture of Seton Hall University has started a campaign to aid the thousands left homeless by recent earthquakes in Sicily.

A spokesman for the organization pointed out that the earthquakes were the worst natural disaster to strike Sicily since a quake in 1908. They left more than 500 dead, 1,000 injured and thousands upon thousands homeless, he said.

The drive, called "Operation Love," is being conducted with the cooperation of Dr. Turiddu Simon, Italian vice-consul in Newark, and Mario Farco, president of the Essex Chapter of the Center of Italian Culture.

The spokesman said organizations as well as individuals are being urged to assist the massive relief and rescue operations now under way in the more than a dozen small towns and villages hit by the disaster.

Potholes arrive ahead of time

The State Department of Transportation this week advised all New Jersey motorists that recent "spring-like" weather has caused a great number of pot-holes to form on the state highways months in advance of their normal occurrence.

A spokesman said the pot-holes formed after the heavy rainfall which occurred recently. He added that it will be impossible for the department to fill in the pot-holes at this time because the department's maintenance crews are still engaged in snow and ice operations.

Insurance will total \$15 million, with payments averaging \$79. The 1967 dividend also totaled \$15 million but averaged \$3 less.

Independent colleges enroll nearly half of state's students

The 15-member institutions of the Association of Independent Colleges and Universities in New Jersey have enrolled this semester nearly half of all the men and women attending institutions of higher education in New Jersey, it was announced this week by Dr. William H. McLean, president.

Equivalency class at Columbia High

A new high school equivalency program will start at Columbia High School, Maplewood, with classes meeting Monday and Thursday evenings for 10 or more weeks, starting Monday, Feb. 5.

Candidates for the program should request an application form from the South Orange-Maplewood Adult School (phone 762-5600 between 1 and 3 p.m.).

Candidates may meet their counselors for personal interviews at Columbia High School next Tuesday from 8 to 9:30 p.m., if they have particular questions concerning their plans.

The course is for adults 18 years of age and over who started but did not complete high school. The student must have been out of school for one year before he is eligible to take the GED test. The tuition fee of \$40 covers all costs including books and materials.

The program prepares students for the New Jersey State General Education Development tests which, if satisfactorily passed, will earn a high school equivalency certificate generally accepted as the equivalent of a high school diploma.

Admission tests set by Catholic schools

Entrance examination for admission to 56 secondary schools within the Archdiocese of Newark will be administered to more than 12,000 eighth grade pupils of parochial and public schools on Saturday, Feb. 3. The students will be competing for the 8,500 places in the high schools in the counties of Bergen, Essex, Hudson, and Union which comprise the archdiocese.

The Newark Placement Test of Science Research Associates will be administered in 39 centers for the counties from 8:45 to noon. By registration, pupils have been assigned to centers near their homes.

In the event of a severe snowstorm, notice of postponement will be made over Radio Station WNEW from 7:15 to 7:45 a.m. and the test rescheduled for Feb. 10, a spokesman said.

The same test will be administered in the dioceses of Paterson, Trenton and Camden on the same day. By reciprocal agreement, scores will be sent to schools outside the home diocese of pupils.

For those who are prevented by illness from taking the test Feb. 3 or who moved into the archdiocese after the application period, an alternate test will be held Feb. 10 at four county centers—one in each county. The centers are as follows: Essex County, Seton Hall Prep School, South Orange; Union County, St. Mary's High School, Elizabeth.

Universities alone would cost at least \$1 billion — not tomorrow but immediately.

"But cost is really a secondary factor. A more important consideration is the continuation of diverse educational philosophies and curricula, which provides the broadest possible opportunities to meet the individual needs of each student, and the maintenance of a heritage we treasure. The strength of this pluralistic system is its variety and its common goal and common purposes — a richness reflected in our modern democratic society which seeks freedom for everyone."

New Jersey sets marks in employment, income

New highs in employment and personal income plus general strength in non-durable goods manufacture and service industries contributed to a healthy advance of New Jersey's economy during 1967, Robert A. Roe, commissioner of the State Department of Conservation and Economic Development, just announced.

Noting that total employment in the state rose to 2,720,000, a gain of one percent for the year, Commissioner Roe commented, "This substantial gain was due to an increase of 47,000 new jobs generated by public and private services producing activities. These lines, together with finance, insurance and public utilities, have created 80 percent of some 400,000 new jobs created in New Jersey within the past seven years. Personal income of New Jersey residents was estimated at \$25.4 billion, a rise of seven percent from 1966. After reaching a post-World War II peak in December 1966, manufacturing employment dropped by 33,000 workers. Most of the drop was in hard goods industries.

"Non-manufacturing employment rose, on the other hand, by 31,000 over the same period, despite a slow-down in construction, with service industries maintaining a conspicuous lead. Home building was hit by the tight monetary situation and the physical volume of new housing dropped about 15 percent with contract awards off seven percent. However, other types of construction activity were higher. Spending for business and commercial projects rose six percent from the previous year and outlays for heavy engineering projects advanced 44 percent.

According to the Conservation Department's research and statistics office, the amount of liabilities involved in business failures declined 35 percent over the previous year, and retail sales were estimated at \$11.1 billion,

PS earnings increased

Earnings of Public Service Electric and Gas Company in 1967 increased 15 cents per share and rose to \$2.84 compared with \$2.39 in 1966, it was announced this week. Extraordinary items added 2 cents per share to net income in 1967 and 1 cent per share in 1966. Earnings, after the effect of these extraordinary items, were \$2.56 and \$2.40 per share in 1967 and 1966, respectively.

Seek entries for pageant

Union County residents were asked this week to make nominations for the Miss Union County Pageant to be held June 1 at the Fanwood-Scotch Plains High School auditorium. The affair is sponsored by the Fanwood-Scotch Plains Jaycees.

"A possible Miss America may be residing now in Union County and it's our job to find her. We are especially hopeful of contacting those girls who are now home from college for their winter vacation to enlist them as entrants in this year's Miss Union County Pageant," said Doug Lind and Dick Payne, co-chairman of selection for the pageant.

Nominations may be made by writing or calling Lind, 367 Brook ave., North Plainfield (755-8981), or Payne, 1221 Christine Circle Scotch Plains (233-5895).
