Plea at school bond meeting: 'Nobody wants our kids'

Women Voters continue opposition to referendum

In addition to its previously stated reasons for opposing the proposed high school referendum, the Springfield League of Women Voters this week declared that it wished to point out to the disadvantages of one giant school within the regional district. Mrs. Harry Einstein, LWV president, released this additional statement:

"While recognizing the need for expansion within the Regional High School system, the League believes that the pending referendum would create a situation with major ills, stemming from its creation of a giant high school in Berkeley Heights.

Another SOS by Red Cross in fund drive

With the month of March designated by President Johnson as Red Cross Month, 1968, the Westfield-Mountainside Red Cross Chapter continues to appeal for help in this year's campaign. The following statement was issued this week by the chapter:

"SOS, the international signal of distress — a call for help — is the symbol of our 1968 Red Cross March campaign. Won't you answer the call of SOS — Support Our Servicemen — and help us help to continue those services of the blood bank, first aid and water safety, nursing, and many others so essential to our community?"

"The continuing increases in the United States military strength in South Vietnam and in this country have brought a corresponding

Highlanders plan festivities for exchange band visitors

The Gov. Livingston Highlander Band is awaiting the weekend of March 23-24, which will mark the third annual exchange concert when the band members will host members of the Colonial Band of Thomas Jefferson High School, Alexandria, Va., it was announced this week.

An active weekend has been planned by the Highlanders, according to the band director, Forest Bartlett, for the Colonials under the direction of their new band director, John Hoffman.

The visitors will be welcomed by Gov. Livingston's cheerleaders and a small representation of the band playing the Colonial's school song. The Highlander Girl Pipers will also greet them, as well as Hank Gutman, president of the student council.

After lunch in the cafeteria, the Colonials will tour the school with a committee of band members, headed by Paul Frenchman, acting as guides. Plans also include a rehearsal, dinner and a dance for the combined bands, with music provided by the Twilights.

On Saturday morning, the Virginia band members will tour New York City, returning to Berkeley Heights and Mountainside in time for dinner before the concert which is scheduled for 8 p.m. It will include selections played by the Highlanders and the Colonials, and selections played by the combined bands. Following the concert, band members, direc-

"The first of these shortcomings would be the potential inequalities of course offerings and physical facilities among the four schools. The most serious is the disproportionate size of the new school. An important also, is the knowledge that the creation of a giant high school would invite needless administrative headaches.

"The League advocates keeping the Regional High School population more evenly distributed to avoid creating one overly large school. An example of the problems this would create is available in a neighboring community.

"Faced with problems of bigness, the Maplewood-South Orange Board of Education has recently adopted a plan creating four sub-schools within Columbia High School, each with its own dean, guidance counselors, and faculty.

"This decentralization of services was deemed necessary to deal with problems of controlling student behavior, as well as problems of traffic within the building, guidance and communication between faculty and students.

"These difficulties arose in a school of approximately 2,100 students, 100 fewer than the proposed referendum envisions at Governor Livingston (Berkeley Heights) in 1974.

"A further problem exists in Berkeley Heights where the vast majority of students are bused to school. The community has voiced complaints about heavy traffic in the vicinity of the high school with only 1,646 students attending. By advocating maintenance of this level of enrollment at Governor Livingston, the League feels that the traffic situation near the school will not worsen as it would if close to 2,200 students were bused there.

"The Springfield League regrets that it cannot support the pending referendum. It believes that this plan for expansion does not show good long-range planning and will not forward the Regional Board of Education's basic tenet of equality of educational opportunity for all students."

Mountainside, gazes wistfully at the municipal swimming pool and wonders why summer seems so far away. Stephen is a second-grade student at the Beechwood School.

MMA sponsors school art class

With its primary goal of fostering and encouraging music and art in the schools and community, the Mountainside Music Association has begun its major activity of supplying records, books, and equipment for the new Mountainside Public Library, a spokesman announced this week.

The library committee of the MMA, with Mrs. Morton Reich as chairman, includes Mr. and Mrs. Harry Nash, Mr. and Mrs. Don Goff, Mrs. Gene Simpson, and Mrs. Charles Brackbill. For the past few months, they have been involved in the purchasing of equipment and records for the new library.

A stereophonic record player and two speakers are installed in the meeting room. Two turntables, amplifiers, and four sets of ear-phones constitute the listening equipment in the music room. The collection of records, at this point, covers the classics, jazz and American folk music.

"It's only the beginning," Mrs. Reich said. "We need much more in the music room of the library to have a really complete collection."

"Lights Up," the MMA variety show to be presented on April 5 and 6 at the Deerfield School, "will provide the additional funds needed to add to the collection of books and records," Mrs. Reich added.

Dr. Hanigan calls for interest in proposed bills on education

Dr. Levin B. Hanigan, superintendent of Mountainside public schools, in an article last week in the PTA Newsletter, urged parents and all interested citizens to familiarize themselves with the many bills now in the State legislature affecting education and the side issues which indirectly affect the educational system budget-wise and to convey their thoughts to their senators and assemblymen. Dr. Hanigan's message stated:

"THIS IS THE TIME of year that the legislative game at Trenton becomes extremely important. Many bills that affect public school education are already in the hopper, and many more will follow soon.

One of the most important areas at which several bills are aimed is that of the so-called A-21, the private school busing law. As you know, this legislation requires that the public schools bus children to and from their private schools, if they are located within 20 miles of the school district. The cost of this service has forced dramatic increases in public school budgets, so the State Federated Boards of Education and the State PTA have gone on record as favoring the repeal of this legislation.

Two bills, A-9 and S291, are strongly supported by NJEA and call for a raise of the State minimums for teachers' salaries. Under these proposals the new State minimums and maximums would be: B.A. degree, \$6300-\$9600 (12 years); M.A., \$6900-\$10,200 (12 years); M.A. - 30 credits, \$7500-\$10,800 (12 years); M.A. - 60 credits, \$8100-\$11,400. Some people are opposed to these bills because they feel that teachers' salaries are accelerating too rapidly, others oppose it because school nurses are included in the pay scale for teachers and their services does not compare to that of a teacher. Other legislators feel that they favor higher salary levels for men teachers and not women. This differentiation is against the law, so it is unlikely that this provision could ever be included in pay legislation.

A170 tries to establish, through legislation, procedures for evaluating the performance of non-tenure teachers. Here's a piece of legislation that not only erodes local control of education, but it intends to take away this important responsibility of superintendents and principals.

A170 requires boards of education to give credit (presumably with extra pay) for unused and accumulated sick leave. At the present time this cannot be legally done. Many people feel that sick leave is intended for sickness, not pay purposes. Others feel that fortunate, conscientious workers who do not have to use their sick leave for its legitimate purpose and who do not use it for personal purposes, should be rewarded with pay for the unused days.

Students chosen for visit to Rome

Seventeen Gov. Livingston Regional High School students will depart by jet on April 10 for an 11-day trip to Rome and environs. They are students of Latin in the classes of Mrs. William Gluckman, and members of the Gov. Livingston Latin Club, a branch of the Junior Classical League.

Mrs. Gluckman is president-elect of the sponsoring organization, the New Jersey Classical Association. Details of the trip were arranged by The Foreign Language League which regularly conducts summer study programs in numerous countries. The students will see ancient and modern Rome including the Vatican, then travel to Sorrento from where they will visit Mr. Vesuvius, Pompeii, Naples and Capri.

Those participating in the Easter trip are: Stephen Baureis, Fred D'Arcangelo, Elizabeth Erdos, Gregory Gerow, Tom Groceman, David Hart, Martha Hoe, Henry Marchell, Dorothy Maxwell, James Noste, Charles Picciotti, Helen Scheidecker, Jon Spain, Michael Spain, Kathleen Sullivan, Penny Ward and Maureen Jajkowski.

Curriculum report set by PTA group

A first progress report to parents on the human growth and development curriculum introduced this year to sixth, seventh and eighth graders will be the subject of the Mountainside PTA study group meeting, next Thursday, at 1:45 p.m. at the Deerfield School.

Mrs. Jane Hummel, school nurse and coordinator of the program, will introduce Jeanette Sekberg and Charles Carson, physical education teachers, and Edward Sjonell, guidance counselor, who have worked with her.

Baby sitting will be provided at the home of Mrs. J. A. Lasher, 1136 Iris dr. Reservations for sitting can be made by calling Mrs. Lasher at 232-4856 no later than next Tuesday. Residents were urged to attend for a complete report on the topic.

Protests from Heights, Springfield, Kenilworth

BY PAT DONALDSON

"Nobody wants our kids" lamented a Mountainside resident at a public meeting at which details of the Regional High School bond issue referendum of \$4,335,000 were discussed Tuesday night at the Gov. Livingston Regional High School auditorium. The referendum is set for March 19.

The remark was made in rebuttal to a letter read by Mrs. Harry Einstein, president of the Springfield League of Women voters, and to statements by Kenilworth and Berkeley Heights residents. Mrs. Einstein said that the league felt Mountainside children should be sent to the David Brainerly Regional High School in Kenilworth, which has less students and that the presence of the Mountainside students could lead to overcrowding in the Jonathan Dayton Regional High School in Springfield.

A Kenilworth resident said that the school in her community did not have the classrooms to absorb Mountainside students and had a much smaller campus than that at Jonathan Dayton.

BERKELEY HEIGHTS residents objected to having Mountainside students, because "we are already concerned with the traffic problem and with a larger school, that problem will be intensified."

However, Mrs. George Kramer, president of the Berkeley Heights League of Women Voters, read a letter which put her league on record as "convinced of the necessity for expansion and reconstruction at the high schools in the district, and although the league realizes there are difficulties connected with any type of expansion program, and that there are traffic and access problems to the school, these problems will exist whether or not expansion takes place."

Avery W. Ward of Kenilworth, president of the Regional Board of Education, welcomed more than 125 persons at the meeting and showed slides of the proposed additions and alterations.

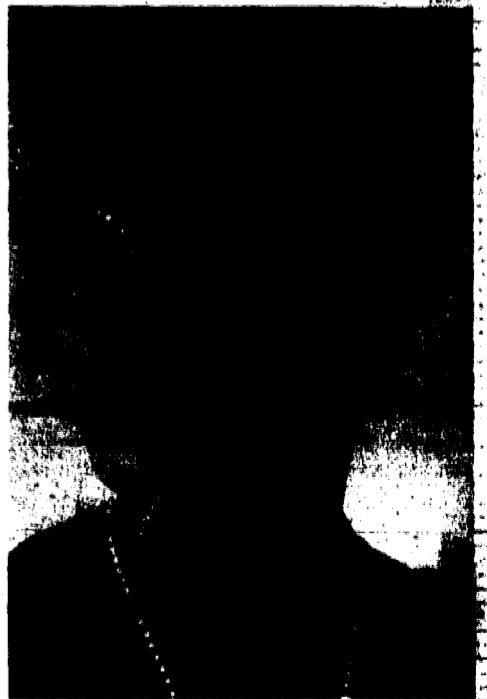

W. Robert Powers, board member from Berkeley Heights, explained that because of the growth of the region's six communities from 26,596 in 1950 to 69,470 in 1964, and an anticipated growth to 79,000 and then to 82,000 within the next few years, there was no alternative but to expand.

Powers said the present high school population is approximately 5,000 and while Gov. Livingston has the capacity now for only 1,420 students the enrollment is 1,644. He estimated this would go to 2,269 by 1975, "because of grade school students coming in."

THE COST TO MOUNTAINSIDE home ownership would be an increase in the tax rate of nine cents per \$100 assessed valuation per year.

Miss Heller earns award from DAR at Gov. Livingston

FRAN HELLER

The Beacon Fire Chapter, DAR, of Summit, has announced that the 1968 "Good Citizen Award" will be made to Fran Heller, daughter of Mr. and Mrs. William Heller of 1479 Barton dr., Mountainside.

Miss Heller is a senior at Gov. Livingston Regional High School. She was named for the award on the basis of dependability, service, leadership, and patriotism. She will be sponsored by the Summit Chapter as its candidate for the State DAR "Good Citizen Award" which will be presented March 14, at the state DAR awards day program in Trenton. The chapter regent, Mrs. William W. Sederlund, will accompany Miss Heller to Trenton.

Miss Heller is editor-in-chief of the 1968 student yearbook, "The Claymores." She is a member of the National Honor Society and the French National Honor Society. She attended a summer session of study at Tours, France. Last year she was a representative to the Girls' Citizenship Institute at Douglass College. She has done volunteer work at the Cerebral Palsy Center, Menlo Park, and at John Runnells Hospital.

CAPTAIN EDWARD J. MULLIN

Completes course on control of riots

Captain Edward J. Mullin of the Mountainside police force has returned to duty after attending a two-week course on civil disturbance and riot control at the Police Academy in Sea Girt.

Captain Mullin, who was one of the 10 police officers from Union and Somerset counties to be selected for the course, grew up in Mountainside and attended local schools. A veteran of the force which he joined in 1948, Captain Mullin came up through the ranks to be appointed second-ranking officer in March of 1967. He resides with his wife and two young daughters at 317 New Providence rd., Mountainside.

Letters to Editor

Letters to the editor must be submitted no later than Monday of the week they are to appear. They should not exceed 250 words in length and should be typed with double spacing (not all in capital letters, please). All letters must be signed. Writer's name will not be withheld if the letter is of political nature. This newspaper reserves the right to edit or reject any letter.

APPEAL TO PARENTS

In March of 1967, the parents of the eighth grade students in Deerfield School asked the support of the PTA and all of the parents in our town to go to bat and keep their children from being sent to Jonathan Dayton. As a result of this plea, a group of parents went to the meeting of the Regional Board of Education and said their piece about how they felt on the subject.

The eighth grade students from Deerfield this year are going to be sent to Jonathan Dayton. Their parents are not going to fight because we feel that it is necessary this year.

At the meeting in March, 1967, it was stated that the Mountainside residents would support a plan to make Governor Livingston the home school for Mountainside students. The opportunity is at hand.

On March 19 we are going to get a chance to restate our position by voting on the expansion referendum. The total vote on this date should be as close to 2,000 as we can make it.

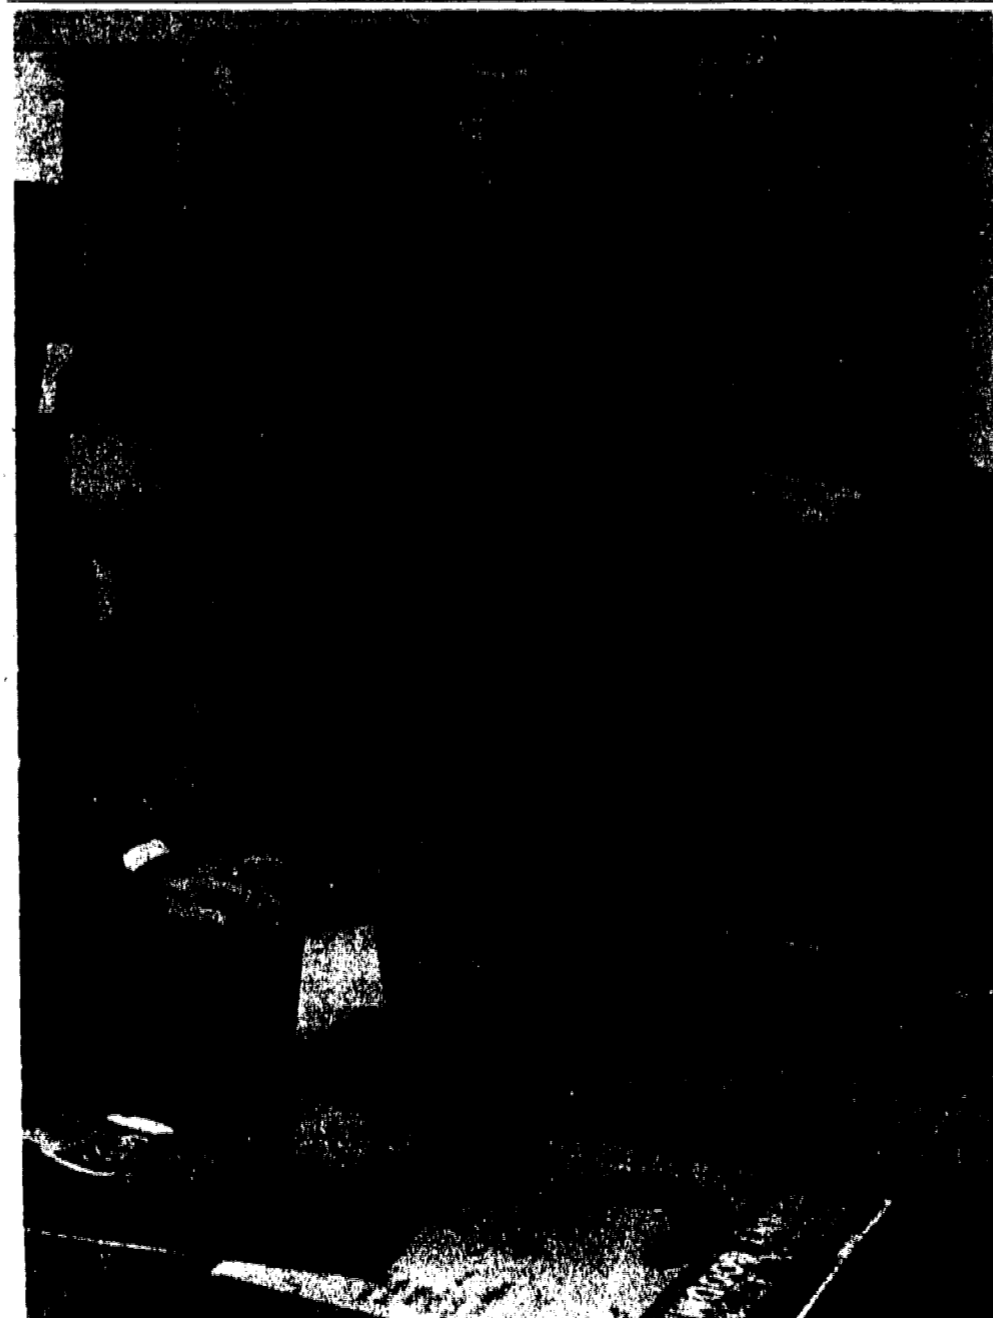

If we as parents want the best for our children, and for future classes of Mountainside children, then I for one think we should get out of our TV chairs on March 19 and vote yes on this issue. Don't let us let our children get pushed from school to school any longer. Let's give our wholehearted support to this most important issue.

Memorial spends \$200,000 on new radiology equipment

Memorial General Hospital, Union, is completing an extensive renovation of its radiology department and is purchasing \$200,000 worth of new equipment for the expanded facilities, a spokesman said this week.

The renovation, part of the hospital's over-all expansion and modernization program, was begun last June and is expected to be finished this spring. Services have continued uninterrupted during the transition period despite the fact that the department's work load has increased 25 percent in the last year, the spokesman said.

The remodeled department will have approximately double the floor space of the original layout. The additional space was gained when the two operating and scrubbing rooms were moved to a different section of the hospital, allowing the x-ray department to use both sides of the west wing corridor

adjacent to the emergency room.

The renovation will increase the number of diagnostic rooms from two to four. There also will be an isotope room, technicians' room, secretarial and administrative offices, and offices for Dr. Samuel Santaspiert, department director, and Dr. Morton Abend, associate director.

THE DEPARTMENT HAS purchased two diagnostic x-ray units, each costing about \$70,000, which have special television hook-ups. Additional new equipment includes a two-90-second film processors and a 10-second processor for operating room work. The latter is the fastest developed so far, the spokesman added.

A pho gamma camera, which Dr. Santaspiert calls "the ultimate piece of equipment for isotope studies," also has been purchased. In addition, a bank of eight illuminators has been installed for physicians who formerly had to use illuminators in the director's office to scan x-rays. A new area with eight individual dressing rooms has been provided for patients.

"We are doubling our work and at the same time doubling our space and our equipment," Dr. Santaspiert noted. "But most important, the department is doubling its capability. When the renovation is completed, we fully expect to cut to one hour the time from patient examination to evaluated x-rays."

ABC newsmen, NAACP aide to speak at rally in Vauxhall

ABC news correspondent Malvin R. Goode and NAACP executive Edward B. Muse will be guest speakers at the membership rally for the National Association for the Advancement of Colored People to be held March

22 at 8 P.M. at the First Baptist Church, 5 Hilton ave., Union.

"The rally may be particularly important because the long hot summer approaches and what Goode and Muse say may give some insight into the role the NAACP will assume in the next few months. Now the NAACP seeks widespread support from whites and blacks to join in a positive effort to do something about the conditions that lead to riots," a spokesman said.

In Summit, Richard Avant, president of the Tri-City Branch of the NAACP, which includes Union and Springfield, has stated that his group has become a "militant civil rights organization." The local housing dilemma was brought into the Summit Common Council; a freedom fund was established, and the Tri-City Branch has cooperated with other local civil rights and church organizations. Avant has emphasized that "Black folks must and do now speak out!"

Goode was the first Negro to hold membership in the National Association of Radio and TV News Directors. He has taught journalism in various parts of Africa and interviewed top political figures as a member of the WABC-TV news staff.

Muse is a member of the national staff of the NAACP and has been active in social work and civil rights for more than 25 years.

Series of programs to end at Beth Ahm with talk by lawyer

"Prelude to Victory" will hold its final program on Sunday evening, 8 p.m. at Temple Beth Ahm, Springfield, it was announced by Mrs. Marcus C. Nusbaum, president of the New Jersey Region, Zionist Organization of America (ZOA). The series is being co-sponsored by Temple Beth Ahm and Temple Sharey Shalom of Springfield.

Harry Torczyner, international lawyer and graduate of Columbia Law School, who served as counsel for political affairs to Africa and Latin America, will be the guest speaker. He is the chairman of the ZOA, Public Affairs Committee.

In his address "Aftermath of the Six Day War," Torczyner will analyze the problems posed by Israel's lightning victory. He will also speak on the relationship of Israel and world Jewry and the prospects of peace in the future. Torczyner brings to the lecture platform an authoritative grasp of current political trends, together with a deep understanding of the fundamentals of Zionism, Mrs. Nusbaum said.

Participating synagogues are: Beth Shalom, Dr. Elvin I. Kose, Union; Bnai Israel, Dr. Max Gruenewald, Millburn; Jewish Community Center of Summit, Rabbi William Horn, Summit; Temple Beth El, Rabbi Sidney Shanken, Cranford, and Temple Israel, Rabbi Gerald Zeltzer, Union.

Vision Week under way

The importance of good vision and means of protecting it is being stressed this week with the annual observance of Save Your Vision Week. Dr. Leonard Strulowitz, president of the Union County Optometric Society, announced.

"Save Your Vision Week is a national, concentrated effort to draw the attention of the American people to their vision and its care," said Dr. Strulowitz. "Goals during this week are to remind people not to take their eyesight for granted, but to remember that it is their most precious sense; to remind them that proper care and safety measures are necessary if good vision is to be preserved, and that an annual professional vision examination is essential to detect any subtle vision changes and to detect any problem before it becomes serious.

"It is easy to realize the importance of good vision, to realize how much we depend on it for nearly everything we learn and do during a normal day -- how many could be done easily without good vision? Without full sight, we would be badly handicapped in our everyday lives. During this week, we hope everyone will ponder these things," Dr. Strulowitz said.

This is the 41st annual observance of Save Your Vision Week, which is officially proclaimed by joint resolution of Congress and by the President.

SUNDAY'S SERMON

FAME AND MEN
Fame is not the greatest mark of worldly achievement, yet some men pursue recognition and worldly honors with great energy. They forget that, in the final analysis, it is not so much what a man does as how he does it.

Often, when some quiet man passes from the scene, he leaves behind a precious legacy -- the memory of a good life. Think of some friend you may have lost. Didn't someone say, and mean it, that "he lived a good Christian life?"

There is nothing wrong with fame and achievement. Each man should strive to the fullest to use all of his God-given talents to make the most of his allotted time on this earth. But the good life is a life of give-and-take, not just one of "take."

There is no greater life than a life of Christian service and devotion -- to God, to family and to friends, and to one's self.

The rewards are sometimes not great in this world we live in. Yet for those who shall never become so great as to inscribe their name in history's pages, there has to be satisfaction in the knowledge they can leave some kind of mark along the trail of life. It is somewhat in the essence of a legacy or, of you prefer, a kindly remembrance in the minds and hearts of people they have met along the way.

2 hikes slated this weekend

Two hikes are scheduled for the members and guests of the Union County Hiking Club this weekend.

On Saturday, Miss Irma Heyer of Elizabeth, will lead a six-mile afternoon ramble in the South Mountain Reservation. The group will meet at the Locust Grove parking area, near the Millburn Railroad Station at 1:30 p.m.

On Sunday, Fred Dlouhy of Union, will lead a 10-mile hike along the Kakiat Trail in the Ramapos. The hikers will meet at the administration building of the Union County Park Commission, Warinanco Park, Elizabeth, at 8:30 a.m.

Further information may be had by contacting the recreation department of the Union County Park Commission.

sharp upsurge in American Red Cross services to the men and women in the armed forces. Personal services by ARC workers to military personnel, able-bodied and hospitalized, rose 17 percent last year. The step-up in services to fighting men's families by stateside Red Cross chapters was comparable. Working with several thousand local chapter staff members and thousands of volunteers in this country and everywhere overseas, the Red Cross provided servicemen and their families with needed assistance: counseling, reporting on home conditions, emergency communications, emergency financial aid, a medically approved recreation program in military hospitals, or recreation for the able-bodied in Vietnam or Korea.

"The gratitude of people being served in all of the programs has been expressed many times. There has been a continuing series of letters of appreciation from recipients of Red Cross service. Lt. Gen. R. L. Bohannon, surgeon general of the Air Force, has issued a letter praising the work of Red Cross volunteers and staff in Air Force hospital facilities around the world: 'To sacrifice one's own time for others is no mean act. Without such valuable aid our task would be considerably more difficult. As I complete my tour as Surgeon General, my deepest gratitude goes to each volunteer.'

"The American Red Cross needs money to fulfill its national and international commitments, and your local chapter urgently needs your support to continue its vital work in your community. Won't you heed the SOS, the call to support our servicemen and help us help to continue your community service. Use the postage-free envelope you will receive by mail and make a generous contribution to our goal of \$4,976."

Dear Neighbors:
Just like in the years past, we again are ready to take care of your shade and ornamental trees. Because this year the destructive scale insects appear to be more plentiful than in the past we urge you to let us spray your oak trees well in advance of first spring leaves. For an early spray during this month, we can then use high viscosity spray oil which is most effective and yet absolutely harmless to humans as well as our birds. The scale insects infect trees which will decay beyond any means of help later on. Don't let this happen to your trees that are the source of enjoyment year after year. They provide you with cooling shade in the summer time, they beautify your home and, yes, then enhance the value of your very home as if they would want to thank you for taking care of them.

We have the most modern equipment, our men are highly trained and skilled for such jobs. Don't delay, call us up and be informed more fully. There is no obligation, of course.

'Newcomers' dance slated on Saturday at Suburban Hotel

Red, white and blue decorations will set the mood for an evening of cocktails, dinner and dancing when the Mountainside Newcomers hold their annual dinner dance on Saturday at the Suburban Hotel in Summit. "Americana," the theme of the dance, will recognize the many states from which the Mountainside members have come. Mrs. Edward Noe, chairman of the dance, has announced that the entertainment will be salute to the nation.

"Golden Rainbow," a musical show starring Eydie Gorme and Steve Lawrence will be attended by the matinee theatre group on Wednesday, March 20. Members and their friends may make reservations, which includes bus transportation, by calling Mrs. Roger Bengue.

At a meeting of the board of directors held recently at the home of Mrs. John Harrington, final plans were announced for the fashion show to be presented at Wednesday's meeting of the club. Spring styles and casual wear will be shown by Bernice of Scotch Plains.

Members who will model are: Mrs. Frank Adams, Mrs. Francis Falter, Mrs. Frank Fillipone, Mrs. Norman Gerndt, Mrs. Richard Gurton, Mrs. John Harrington, Mrs. Sandy Irene, Mrs. John Palmer and Mrs. Rudolph Sommerwerck.

Borough resident attends workshop

Mrs. Jean Ronnlund of 1447 Dunn parkway, Mountainside, was one of 93 teachers in the Cranford public school system who have completed a workshop in astronomy and space sciences at the Sperry Observatory on the campus of Union College, Cranford.

Anthony Paone, director of the Title III project and director of the Sperry Observatory, and his staff conducted the workshop for kindergarten through eighth grade students. The program is designed to acquaint the teachers with the basic concepts of astronomy and space, so they can prepare their students for visits to the Sperry Observatory.

Mrs. Ronnlund is a teacher in Cranford's Walnut Avenue School.

Provident in first place

Carol Gabriel rolled a 544 to help Provident Mutual make a clean sweep of four games and Betz Motors also kept pace by winning four points in the Mountainside Women's Bowling league last week.

Bill Bort Jr. and Ken Evans converted the very difficult 4-6-7-10 split, otherwise referred to as the double pinochie, at the Mountainside Men's Bowling league game this week at the Echo Lanes. Considered a rare accomplishment, the play earned them a special award from the American Bowling Congress.

Mountainside Plumbing and Heating improved their league lead to six points as they registered a sweep victory over Fugmann Fuel Oil, A. 214 by Vic DeConna aided by a 208 by Bill Tobie and a 200 by John Popp paced the plumbers. The only other sweep was scored by Benninger Tansley Agency over Dretwettes Nursery, with Larry Curtis rolling a 214 for the winners and Frank Jareski a 200 for the losers.

All other matches ended in two-to-one triumphs. The winners were: Mountainside Luncheonette, Mountainside PBA, Wilhelms Construction, Blitwise Liquors, Chrones Tavern and Mountainside Drug, Fred Buschmann's 245 sparked the pharmacists' victory.

Other high individual games were rolled by: John Egidio, 220; John Brown, 212; Bob Egidio, 208; Joe Buccino, 206; Mike Garzone, 204; Ernie Giannakis, Chet Johnson, Bart Masella and Fred Dusenberry, 203 each, and Mike Gillespie, 200.

Standing of the teams are: Mountainside Plumbing and Heating, 60; Air Con Inc., 54; Satellite Diner, 54; Westfield National Bank, 53; Owens Flying A Service, 51; Chrones Tavern, 50; Blitwise Liquors, 50; Mountainside Luncheonette, 49.5; Fugmann Fuel Oil, 46; Wilhelms Construction, 43.5; Mountainside Drug, 43; Mountainside Deli, 41; Benninger-Tansley Agency, 40.5; Villani Lift Truck Service, 39; Dretwettes Nursery, 34.5; Mountainside PBA, 27.

Borough students receive tuition aid

Eight Mountainside residents are among the 514 Union County residents who have received aid grants of \$240 for the Spring semester at Union College Cranford, under the tuition aid plan financed by the Union County Board of Freeholders and the state. It was announced this week by Dr. Kenneth C. MacKay, president.

Dr. MacKay also stated that all residents who are admitted to the day sessions as full-time students are eligible for the tuition aid grants.

Residents receiving the grants are: Stanley C. Andrews of 369 Central ave.; Barbara C. Daddario of 1161 Blazo ter.; Irene J. Fabian of 252 Pembroke rd.; Allen J. Hambacher of 1117 Mountain ave.; Carolyn N. Korn of 351 Old Tote rd.; George E.P. Scholnick of 1270 Wood Valley rd.; Paul C. Winger of 1227 Cedar ave.; Douglas A. Young of 354 Forest Hill way.

Cautions about poisons in 'Prevention Week'

The week of March 17 to 23 will be observed as "Poison Prevention Week" in New Jersey. It has been designated as such by an act of Congress and has been proclaimed in New Jersey by Governor Richard J. Hughes. Its observance is endorsed by the New Jersey Pharmaceutical Association, the New Jersey Hospital Association, the Safety Council and the State Department of Health.

Commenting about the observance, Jacob Eisen, vice-

Named by realty group

John J. Suski of Mountainside, has been elected as assistant secretary of New Jersey Realty Company, parent organization of the six-member New Jersey Realty Group. It was announced by Noel Thompson, president of the group.

Suski was formerly a district manager in the Realty Company's real estate management department. He joined New Jersey Realty in September, 1955 after five years with Joseph Ferguson Co., a Jersey City real estate management firm.

Suski attended the City College of New York, New York University and Rutgers University. From 1942 to 1945 he served as a U.S. Army field artillery captain in the European Theater. He and Mrs. Suski, the former Gertrude Klingel, of Newark, live on Apple Tree la., Mountainside.

president of the Mountainside Board of Health, said:

"The week will be significant to the extent it helps to reduce accidental poisonings in New Jersey. It is estimated that there are about 14,000 accidental poisonings occurring yearly in our state. Specialists in poison control report that although less than 100 of these poisonings are fatal, many could have been prevented. There are six precautions for parent and other adults to take to prevent accidental poisonings:

"1. Keep medicines and drugs locked up. Keep insecticides, cleaning compounds, turpentine, paint removers, in a place away from children's reach.

"2. Never give or take medicines in the dark. Always check carefully.

"3. Never pour poisonous or hazardous liquids into bottles which children could mistake for food or beverages.

"4. Dispose of unwanted medicines by flushing down the toilet. Never throw them where your children or others may get them.

"5. Never tell children medicines are candy, even if they are specially flavored.

"6. When in doubt about storing any medicine, for drug safety consult your pharmacist.

"Among medicines, aspirin and oil of wintergreen, are the most commonly ingested in excess by youngsters," Eisen said and there have also been cases of illness resulting from children ingesting medicine which their parents leave about the bedroom."

for its share in the expansion at Gov. Livingston and the other three regional schools, for 30 years.

Powers said the expansion for Gov. Livingston outlined by the architect would be 61,000 square feet at \$23 per square foot, a total of \$1,403,000; alterations, \$87,000, paving and ground work, \$40,000; equipment and furnishings, \$200,000, architectural and engineering fees, \$90,000; contingency, \$80,000, and legal and other fees, an estimated \$24,000, or a total of \$1,924,000.

Proposed for construction and alterations at Gov. Livingston are: first-floor addition of 13 classrooms, a library and educational materials center, an audio visual room, librarian's office, art and typing rooms, laboratories, storage space and expansions of the guidance department, general school office space, health office and students' and teachers' lunch rooms and kitchens.

Ground floor -- nine additional classrooms, a general shop room, a mechanical drawing room, an instrumental music room and an instrument storage room. The stage storage room will be expanded.

Second floor -- a new roof and alterations made to the existing library which would make the library into two science rooms for chemistry and biology.

DR. MINOR C.K. JONES, of Mountainside, chairman of the curriculum committee and president of the board, told the audience there was little he could add to the explanations given for the need for expansion, "but, my only comment is to ask for a vote of confidence, because I believe the four schools which we propose to expand have done a tremendous job in graduating thousands of students who have gone on to greater things."

Also, he went on, "this is the sixth step in our expansion program, and it was given by an outside consultant.

"We are building toward our future, and I would remind you we have had no double sessions. We offer the best of education to our constituents and all this takes planning beforehand," Dr. Jones also said Mayor Frederick Wilhelms of Mountainside, "who could not be here tonight because of a borough meeting, sends a message of approval by Mountainside officials."

In answer to many statements about the traffic conditions, Dr. Jones stated that "we are in constant touch with freeholders, the state and park commissioners and everyone else who can help us to improve entrances to the school. We could have a possible entrance through the Nike base. There is talk of having new roads installed, and we hope to upgrade the old country roads. Everyone can be reassured we shall cope with this problem."

Dr. Warren M. Davis, superintendent of schools, said he wanted to make it clear that Mountainside students would attend Jonathan Dayton only for one year, "they will spend three years at Gov. Livingston." He urged the referendum be passed "for if it does not, we will have four very overcrowded schools."

GARY'S CORNER

A REGULAR WEEKLY FEATURE

by GARY LESSING, Manager
SOMERSET TIRE SERVICE

The world of sports produced many top-notch women athletes who in their respective fields set world records. Let's see if you can name these female champions:

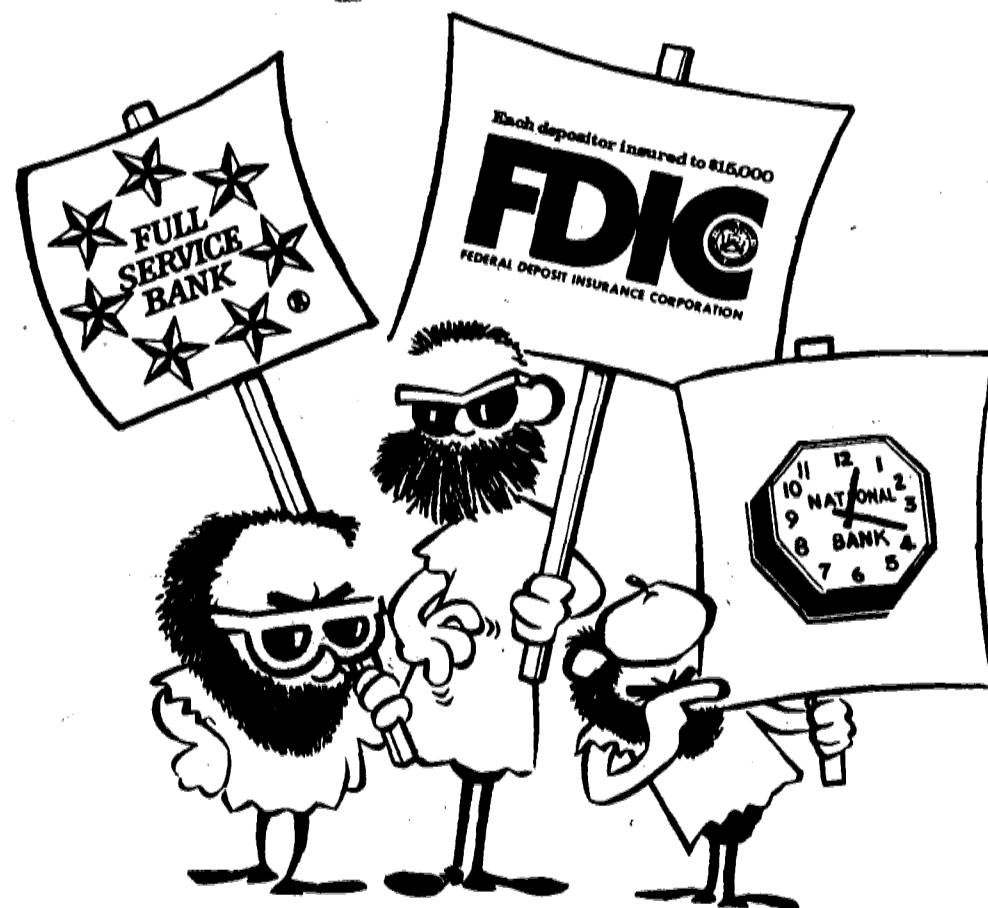

In 1964 she won her fourth U.S. Women's Open golf championship. The All-Time leading money winner (more than \$175,000) and recipient of the Female Athlete of the Year in 1964, she once shot a 62 in tournament play. Know who she is?

This gal started playing tennis on the streets of Harlem and was the first Negro to be invited to the U.S. Lawn Tennis Association's National Championship. At age 30, she was acclaimed the world's top woman tennis player in 1957-58. That year she won two U.S. National Championships and was twice winner at Wimbledon, tennis-top crown. Who is she?

In the 1960 Olympics, she set world records in the sprints at various distances, won three gold medals at Rome---the most ever won by an American woman in track and field in any Olympics. She won the 100 meters, the 200 meters, and anchored the women's 400-meter relay team which won in the world-record time of 44.4 seconds.

Did you name Wilma Rudolph in the latter category? And did you name Althea Gibson as the tennis champ and Mickey Wright as top golfer?

If you did you made a perfect score. And if you name FIRESTONE as the world's greatest tire, you'll again score a hundred percent. For a full selection of these fine tires and for a staff of trained mechanics ready to service your car needs, visit us at SOMERSET TIRE SERVICE, Rt. 22 at Springfield rd., Union. Dorothy Collins stars in musical

Dorothy Collins is the star of "On A Clear Day You Can See Forever", which opened yesterday at the Meadowbrook Dinner Theater, Cedar Grove.

The Alan J. Lerner musical, which later-nates between the 18th and 20th centuries, features such numbers as "Ring Out the Bell," "She Wasn't You," "When I'm Being Born Again" and "What Did I Have That I Don't Have."

'Camelot' remains on Bellevue screen

The huge, musical spectacle, "Camelot," which was nominated for five Academy Awards, sweeps across the Bellevue Theater's panoramic screen for a fifth week in Upper Montclair.

Based on the Lerner-Lowe stage production (which was derived from "The Once and Future King"), the screen version of "Camelot" stars Richard Harris, Vanessa Redgrave and Franco Nero, with David Hemmings, Pierre Olaf and Lionel Jeffries in stellar roles.

Joshua Logan directed the picture which was filmed in widescreen and color.

FRIDAY DEADLINE
All items other than spot news should be in our office by noon on Friday.

Oscar-nominee film now in its 5th week

"The Graduate," which won a number of Academy Award nominations, began its fifth week yesterday at the Millburn Cinema, Millburn.

Filed in color and directed by Michael Nichols, the picture stars Dustin Hoffman, Anne Bancroft and Katharine Ross.

It concerns an awkward young man directly out of college, who is in conflict with himself, his life and his future.

'Great Swamp' movie premiere

The only public showing of the conservation education television film, "The Great Swamp," before its release to the 133 educational television stations across the nation will be presented March 17, at the Governor Morris Inn, Morristown, the North Jersey Conservation Foundation announced this week.

With the exception of the opening New York City scene, the film, a chapter of National Education Television's "What's New" series, was filmed entirely within the Great Swamp National Wildlife Refuge located in Morris and Somerset Counties.

The 30-minute colored film is a story of a 12-year-old city boy who is exposed for the first time to an outdoor experience and some of the natural resources upon which his world will depend.

A CHAMP: ALL THE STONES AT THE STATE JUNIOR RIFLE CHAMPIONSHIP.

YOUNG MAN WINS STATE JUNIOR RIFLE CHAMPIONSHIP

The title of a B.C. rifle to a small boy was the beginning of an interest in guns that has endured over the years and inside Daugherre Elementary, now in a junior at Governor Livingston Regional High School, not an education.

David, the son of Mr. and Mrs. Charles A. Daugherre, 1041 Sunny Slope Dr., Mountainside, although also interested in photography, has made his young life's goal that of participating in rifle championships. His steady every moment of his free time is spent in order to compete in championship matches and bring recognition to the team he represents.

David, a 5-10 left-hander, began target shooting at the Kentworth Rifle Range, more than two years ago with a Remington 40 X. He now owns a .308, an English Macmillan rifle especially designed for left-handers.

His hard work and ambition have not been in vain. He recently won the individual championship in the N.J. state junior rifle championship match for his club, the Lake Island Team of Cinnert, in a match which was held at Ft. Belvoir.

He is also a member of the National Rifle Association and has participated in the organization's national matches and where he has won prizes of silverware the past two summers at Camp Perry, Ohio.

Other victories this intrepid young man has won include first place at high school level in the N.J. State team match which was composed of the top 10 juniors and seniors, held last summer at Cherry Ridge, at the same match, he also placed first in the junior team; he was named junior champion at a state match at Roseland and was awarded a trophy given to winners to hold for nine-year period. He had high individual scores in the Tri-County Rifle League, Woodbridge.

In this competition, which required the firing of one match each week for 16 weeks, David was responsible for his team's taking

Troop 389 holds capping rites for former Cadettes

Mountainside's Senior Girl Scout Troop 389 recently held its capping ceremony, a ritual in which the former Cadette scouts are inducted into the final Girl Scout program before their membership. The Mountainside Community Presbyterian Church was the scene of the ceremony, to which family, friends and Cadette Scouts were invited.

Betty Matko, mistress of ceremonies, made a welcome speech and introduced the troop's advisor, Mrs. William Shallerman, Kathy Turk, who spoke of the purposes and ideals of senior scouting. Mrs. Shallerman then placed the senior cap on the head of each girl.

Betty Matko also gave a brief outline of the troop's plans for the year, and Jacques Miller, showed slides of the 1972 Wilderness Encampment, which she attended last summer in West Virginia. The troop remained at Historic Stone has been accepted by the Washington Local Girl Scout Council to attend the Henrietta Hudson Regional Camp at Camp Dream, N.Y., this summer. Other members of the troop are Barbara Hoffman, Denise Southern, Peggy Touche, and Janet Sprunt.

Troop 389 has been getting children and youth, and has devoted a great deal of time to aiding a Brownie and a Junior Scout troop. Members of the troop are also working as volunteers in the Children's Specialized Hospital, John F. Donnell Hospital in Berkeley Heights and the Mountainside Public Library.

Senior Citizens to hold holiday party at church

The Senior Citizens Club of Mountainside will hold a Christmas party and Christmas dinner at 1:30 p.m. in the Community Presbyterian Church at Dixie Park.

The club plans to present an interesting and enjoyable program and provide an opportunity for all senior citizens in the Community. The dinner will be a special one, with the menu planned for the month of December.

Local boys win county honors

The boys' basketball team from Mountainside won county honors in the recent tournament. They defeated several strong teams and finished with a record of 10-2.

The team's success was due to their excellent teamwork and individual skills. They were coached by Mr. [Name].

City Federal plans new building start

Construction of the permanent building for the Cranford office of City Federal Savings and Loan Association will begin within the next 10 days, according to an announcement this week by Everett C. Sherbourne, president of the association.

A circular glass-walled structure with a curved cantilevered roof is the latest building designed by Edward Durell Stone for \$175 million savings institution, Van der Clute & Spies of Cranford as associate architects prepared the working drawings and will supervise construction. The general contractor will be Skinner and Cook of New York City and Roselle Park.

The building program, including design and construction, is under the supervision of Gilbert G. Roessner, executive vice president of City Federal Savings, assisted by S.S. Shannon, assistant vice president and building manager.

PIANO TRIO CONCERT

Selections from Mozart, Beethoven and Schubert will be performed by Lois Shaffer, pianist, Joel Lester, violinist, and Fortunato Arico, cellist, at a Piano Trio Concert scheduled for Sunday, 3 p.m., at the New Jersey State Museum Auditorium, Cultural Center, Trenton.

College host for seminar on science

In two-way conference held last week at Newark State College, Union, chairmen of the science departments of private and parochial schools from six New Jersey counties met for the first time to review the life-science curriculum planned at the college.

The conference included a demonstration of the Gammator-50, first gamma irradiator ever developed for nuclear experimentation in schools.

Exchange of ideas and review of high school requirements for college candidates took place in a series of discussion periods during the afternoon. During the cooperative seminar, it was pointed out that new teaching methods, techniques and laboratory tools will be needed for study of nuclear science in the 1970's.

The seminar was conducted under the direction of Dr. Herman Lepp, chairman of the Science Department of Newark State, in conjunction with Milton Packin, president of Radiation Machinery Corporation, Parsippany. Packin's company recently developed the new Gammator-50, first gamma irradiator ever made for classroom use. Radiation machinery has provided a unit for use in Newark State's science department. The Gammator-50 will be used in a new curriculum planned by Dr. Lepp for life-science studies at Newark State. The unit was displayed and its uses explained to educators at the conference.

BRUSHING UP FOR EXHIBIT -- Mrs. Jerome Miller, left, and Mrs. Stanley Levy, both of Union, discuss upcoming art exhibit sponsored by the YM-YWHA of Eastern Union County to be held March 16-20 at YM-YWHA on Green Lane, Union.

Art exhibit scheduled at 'Y' building in Union

The YM-YWHA of Eastern Union County will hold its annual art exhibition and sale from Saturday, March 16 through Wednesday, March 20, at the YM-YWHA, Green Lane, Union. The show, under the sponsorship of the organization's Women's Division, will include lectures and gallery tours, two ladies day luncheons and three children's workshops.

The show will be launched at an opening night reception and preview showing for patrons and sponsors on Saturday evening, March 16. The 200 patrons will receive a lithograph by contemporary artist Neil Blaine, specially commissioned for the occasion.

On Sunday, March 17, the first full day of the show, gallery tours will be conducted by art critic Edward McCarthy at 3 p.m. and by artist Louis Spindler at 8 p.m.

Ladies Day luncheons are scheduled for Monday and Tuesday, March 18 and 19 beginning

at 11:30 a.m., and at 1 p.m. on both those days, W. Carl Burger, Assistant Professor of Fine Arts at Newark State College, will conduct a gallery tour. A similar tour will be given at 8 p.m. Monday by Michael Lenson, Newark artist and newspaper critic.

Three children's workshops in arts and crafts will be held Sunday afternoon from 1 to 2, 2:15 to 3:15 and 3:30 to 4:30 under the direction of George Trogler, art instructor in the Elizabeth public schools.

On Wednesday, March 20 at 9 p.m. there will be a drawing for a painting by a major artist.

Nine residents of Union are serving on various art show committees. They are: Mrs. Ramon Altman, Mrs. Leon Goodman, Mrs. Francis Gordon, Mrs. Robert Kalter, Mrs. Alex Krasner, Mrs. Herbert Levenberg, Mrs. Stanley Levy, Mrs. Jerome Miller and Mrs. Philip Owen.

Six colleges start student leader unit

The Day Session Student Council of Union College, Cranford, will host Saturday at the first official meeting of the New Jersey Student Government League of Junior Colleges.

Four-man delegations are expected to attend from Union College, Atlantic County College, Camden County College, Mercer County Community College, Middlesex County College, and Ocean County College.

The league adopted a constitution at a recent meeting at Middlesex County College, Edison. The organization's objectives are: to promote intercollegiate spirit through an exchange of programs, ideas, and experiences, to serve as a channel of communication among the junior colleges in New Jersey, to stimulate mutual cooperation among the junior colleges in New Jersey, to express a united opinion in support of its individual members, to aid and assist new junior colleges in New Jersey, and to provide a nucleus of cooperation and coordination "whose influence will have a definite effect in the shaping of New Jersey's educational policies and practices."

All the member colleges are public institutions except Union College, which is an independent "two-year college of the academic disciplines."

Among those representing Union College will be Donald Goerlich of 2043 Stowe st., Union.

Sabbatical begun by UC president

Dr. Kenneth C. MacKay, who has been president of Union College, Cranford, for the past 20 years, began a year-long sabbatical leave on Friday, Dr. Kenneth W. Iversen, dean, has been appointed acting president by the board of trustees.

On Tuesday, Dr. MacKay left for Paris where he will serve this spring as a consultant to the American College in Paris, a two-year liberal arts college serving children of American families stationed overseas.

Dr. MacKay also plans to serve on several evaluation teams for the Middle States Association and to do some consulting in the two-year college field.

Dr. MacKay's other plans are still indefinite. He will, however, continue to serve on the executive committee of the Commission on Higher Education of the Middle States Association of Colleges and Secondary Schools, and the New Jersey Higher Education Facilities Commission.

Dr. Iversen will represent Union College on the board of directors of the New Jersey College Fund Association, and on the Association of Independent Colleges and Universities in New Jersey.

Swackhamer elected by professors' group

Prof. Farris S. Swackhamer, chairman of the chemistry department of Union College, Cranford, was elected president of the Union College Chapter, American Association of University Professors, at its annual meeting yesterday.

Prof. Swackhamer, who was elected vice president a year ago, has been serving as president since July, 1967, when Prof. Saul Orkin of Hillsborough Township, chairman of the Social Sciences Department, resigned when he accepted a position as dean of the new Somerset County College, Somerville.

Dun & Bradstreet lists County firms

Richard F. Morgan, district manager of the Newark office of Dun and Bradstreet, Inc., announced this week that the business population of Union County is 8,400 basing his facts on a physical count of the Jan. 1968

Thursday, March 7, 1968-

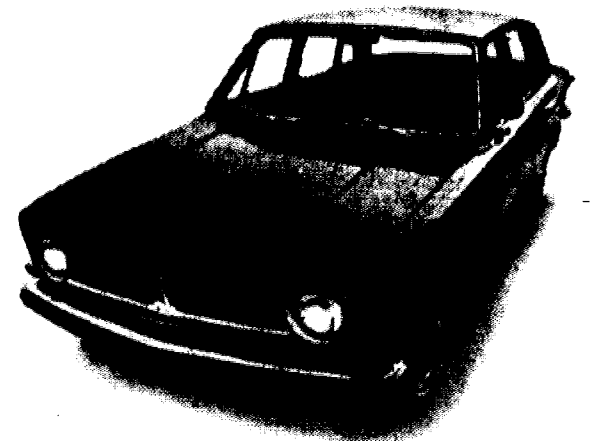

edition of the Dun and Bradstreet Reference Book.

The reference book lists those manufacturers, wholesalers and retailers who seek or grant commercial credit, but it does not include some of the service and professional businesses, such as beauty and barber shops, security dealers and real estate brokers. Therefore, the figures for total business in the US would be higher than the three million business concerns listed in the book.

There are a lot of good cars you can get for \$3400. This is two of them:

If you don't happen to need two cars, there's only one thing that you need less. One car that costs as much as two cars.

Unless you want to pay a lot of money for a lot of horsepower that you'll never use. There's only one state in the country where you can go faster than a Volkswagen—Nevada. (No speed limit—they're big gamblers out there.)

The only extra horsepower you really need is for all those power gadgets. Which you need to drive a car that size. Which has to be that size to hold all those horses.

All of which also makes the average car cost almost as much to run as two Volkswagens. Considering a VW gets as much as 27 miles to a gallon of gas.

But if you're still not sold on the idea of two bugs for the price of one beast, why not take advantage of this special introductory offer: one Volkswagen for half the price of two.

Two hearings next week on school district study

The New Jersey Committee to Study Reorganization of School Districts will hold public hearings in central and northern New Jersey next Monday and Tuesday.

On March 4, a hearing will be held from 7:30 to 9:30 p.m. in the first floor conference room of the State Education Department Building, 225 W. State St., Trenton.

On Tuesday, a hearing will be held from 7:30 to 9:30 p.m. in the band practice room of the Clifford J. Scott High School, East Orange.

Mrs. Ruth D. Mancuso, chairman of the study committee, said that individuals

or groups who want to express their opinions in writing should forward them to Louis A. Dughi, 225 W. State St., Trenton or present them personally to the committee at the hearings. Dughi is director of the State Department's Office of Federal Assistance.

Mrs. Mancuso said that the purpose of the hearings is to give citizens and groups an opportunity to express their views on regionalization and consolidation of school districts. The study committee was formed in January, 1967, by the State Department of Education. It has received a base-line study report from the school consultant firm of Engelhardt, Engelhardt and Legett. The committee expects to complete its report and recommendations by June 1.

Mrs. Mancuso, a member of the Glassboro Board of Education, is president of the National School Boards Association. The 19-member study committee is composed of school business officials, school superintendents, county superintendents and members of local boards of education.

Mrs. Mancuso has contacted several education organizations, soliciting their opinions. These include the Federated Boards of Education, the Association of School Administrators, the New Jersey Education Association, the New Jersey Federation of Teachers, the Secondary School Principals Association, the Elementary School Principals Association, the New Jersey Congress of Parents and Teachers and the Federation of District Boards of Education.

Record enrollment expected at Seton summer sessions

Advance indications point to a record summer school enrollment at Seton Hall University this year with eight different programs being offered on a daytime and evening educational basis in South Orange and Paterson from June 3 through Aug. 9. Miss Miriam O'Donnell, director of the summer school, said that study will begin in South Orange with a three-week daytime inter-session from June 3 through 21.

The School of Business Administration will present a graduate session in South Orange on Monday and Thursday evenings from June 17 through Aug. 8. A special science and mathematics offering consisting of two four-week sessions will be conducted on the South Orange campus from June 24 through Aug. 16. The School of Nursing will present a special eight-week program in South Orange during the same period.

Evening sessions will be presented in South Orange and Paterson on a Monday through Thursday basis from June 17 to July 12 and from July 15 to Aug. 9. Paterson College will also have two three-week daytime sessions from July 1 through Aug. 9.

The South Orange campus will also be the site of a seven-week NDEA Institute for high school and elementary teachers of Chinese and Japanese from June 24 to Aug. 9. The Department of Asian Studies will conduct a three-week Media Institute for college and university teachers of Chinese and Japanese from June 2 through 22 under the auspices of the U. S. Office of Education.

Veterans finding jobs quickly after discharge from service

WASHINGTON -- Military veterans returning to civilian life found jobs faster in 1967 than during any previous year since 1958, Secretary of Labor Willard Wirtz has announced.

During 1967, ex-servicemen's longest period of unemployment averaged 5.5 weeks, compared with 5.9 weeks in 1966, 7.1 weeks in 1965 and 7.9 weeks in 1964.

The 1967 record is the lowest since the present unemployment insurance program for veterans began in 1958.

During the final half of 1967, the longest spell of joblessness for discharged veterans fell to an average of 5.1 weeks, compared with 6.1 weeks during the first half of the year.

President Johnson's program launched last August to provide returning military veterans with maximum assistance in finding jobs has been a major factor in this improvement, Wirtz said.

More than 300,000 returning veterans have been offered assistance in finding jobs by the staffs of the nation's 2,000 public employment

service offices since last August, he disclosed. The program features direct personal contact with the returning veterans by representatives of State employment service agencies affiliated with the U. S. Employment Service.

About 850,000 GIs are expected to enter civilian life this year. In 1967, about three-quarters of amilition were separated from military service.

remember when you stopped taking a beating before baking?

Electric mixers and blenders, of course, now give tremendous convenience to the housewife. Pretty good value, too. The cost of living has shot up 120% in the last 25 years, but because of rate reductions together with increased use, the average unit cost of electricity has gone down 45%! All in all, electricity is still the best bargain in your home—and most families use four times more than they did a quarter century ago.

'Pathways' present concert

Early music highlights event

By JAMES WILSON

"Pathways in Music," a concert series devoted to rarely-heard chamber music, presented its second concert of the season last Sunday evening at the Community Presbyterian Church in Mountainside. It was an evening of top drawer music making; it was history brought to life.

The concert featured "The Friends of Early Music," a group of four accomplished artists who performed a selection drawn chiefly from the 16th and 17th centuries, using instruments appropriate to that period.

Vivien Cook, mezzo-soprano, opened the program with an "Alleluia" of William Boyce. John Cook demonstrated a host of early woodwinds, which he performed on the rauschpfeife, krumhorn, straight cornett and three members of the recorder family. The third group on the program, in which Mrs. Cook also performed, was devoted to songs of the Elizabethan period. The final group on the first half of the program featured Vera Donovan, harpsichordist, who played three pieces of Handel.

After intermission, Mrs. Cook sang three songs of Purcell, variously accompanied by harpsichord and sundry instruments. Marjorie Bram, founder of the group, then demonstrated several early stringed instruments. She, like her colleagues, gave a brief explanation and then performed a composition written for or appropriate to each instrument. On the rebec, an early ancestor of the violin, she played a 15th century dance. Using the fidel, a large bowed instrument, she also performed with sensitivity a 14th century melody, "Lamento di Tristano" and an unaccompanied adagio of Karl Friedrich Abel which she played on the viola da gamba. Miss Bram's last presentation was on the viola d'amore on which she played Ariosti's Cantabile and Vivace.

The concert ended with two unknown canons. The third in the series of concerts by the Pathways group will be announced in the near future.

Hadassah Chapter plans fashion show of Israeli creations

A collection of creations by young Israeli fashion designers will be presented by Springfield Chapter of Hadassah on Thursday night, April 4, at Temple Beth Ahm. A dinner, to be served at 6:30, will precede the showing.

The collection is entitled "Horizons Unlimited" and comprises creations by the students of the Fashion Department of Hadassah's Alice Seligsberg Vocational High School for Girls in Jerusalem. A blend of Occidental and Oriental design, the outfits combine luxurious touches of color, exotic embroideries and the delicacy of intriguing patterns, according to a chapter spokesman. One of the highlights of the show is a group of embroidered evening dresses and cocktail ensembles.

Mrs. Melvin Bloomfield, chairman of the event, announced that plans are well under way, with daughters of several of the chapter's members to be among the models. The Hadassah fashion show is touring the United States to help raise funds for Hadassah's network of vocational education institutions in Israel.

In addition to its fashion training, the Seligsberg School offers courses in homemaking, arts and crafts, secretarial skills, dental and laboratory assistants' work. Other Hadassah vocational education projects include vocational workshops of mechanics, precision instruments and printing, a vocational guidance bureau, and a rural vocational center.

Members of Springfield group to attend Federation programs

Members of the Springfield Woman's Club will be attending functions of the New Jersey Federation of Women's Clubs during the coming weeks. Creative Arts Day will be held in Maplewood on March 14. The Springfield club will join other Seventh District clubs in exhibiting examples of art, needlework and flower arrangements.

Creative Writing Day will be held April 5 in East Orange. And at the end of April, drama and music festivals will be held in Glen Ridge and Caldwell. On April 8, members will attend the Seventh District Spring Conference to be held in Livingston at the Patricia.

Two state-wide functions will be attended this month. The annual Club Woman Day at Hahne and Company in Newark is on Thursday, March 21. Mrs. Francis Coyle is in charge of arrangements for the Springfield group. The store presents fashion shows at 11 a.m. and 2 p.m. Gifts and prizes are given, as well as a monetary donation to the Federation. Several departments offer special exhibits.

The Springfield club will be represented at the legislative luncheon March 25 in Trenton. Several senators and congressmen will

discuss issues of particular interest. The State Federation includes over 4,000 women. One of its major concerns has been scholarship assistance to students at Douglass College, which the Federation was instrumental in founding.

Patrons will be entertained at a pre-theater champagne cocktail party to be held across the street from the temple at the home of Dr. and Mrs. Donald Holtzman.

Mrs. Joseph Bloom and Mrs. Mort Gershan, fund-raising co-chairmen, have announced the names of the two plays to be presented. They are "A Physician in Spite of Himself" by Moliere and Chekov's "The Boor."

The actors in the National Theater Company are professionals with training and experience in all the media, particularly in classical theater. They have worked in the various Shakespeare festivals, including Stratford, and the New York Shakespeare Festival. The company was organized four seasons ago by Barry Weissler and Fran Weiler, co-producers.

Mrs. Irving Schwartz, ticket chairman, will take reservations for theater party groups. Additional information and tickets may be obtained by contacting Mrs. Schwartz at 352-6052, Mrs. Mort Gershan at 354-8197, Mrs. Joseph Bloom at 354-5145 or Mrs. S.R. Argenteanu at 355-7666.

Great abundance of dairy products on today's market

Dairy products are plentiful now and should play a major role in your menu plans, says Anne L. Sheelen, County Home economist.

Milk, cream, butter, cheese, and ice cream will all be in greater abundance during March and prices should be lower.

Dairy products are an essential ingredient for a balanced diet because of the calcium they provide. Calcium is used in the body by the bones and teeth. Each day adults should have two servings; teenagers should have four servings; and children should have three servings of milk or another dairy food. The lack of calcium in the American diet is one of the facts revealed in the recent report by Orville Freeman, United States Secretary of Agriculture.

Interesting ways to include milk in the diet are achieved by serving combination dishes that have a high proportion of milk. Nautical Chowder, recipe given below, is an example of such a dish.

Whole milk, vegetables and fish are combined to produce this chowder which is hearty and nutritious. It is such a hearty suggestion that it is almost a meal in itself. A tossed salad, rolls and butter, a simple dessert and beverage, are all that would be needed to complete the menu.

NAUTICAL CHOWDER

- 1/2 cup chopped onion
 - 1/2 cup sliced celery
 - 1/4 cup butter
 - 3 cups diced potatoes
 - 2 cups water
 - 2 tablespoons flour
 - 2 cups milk
 - 2 teaspoons salt
 - 1/2 teaspoon commercially blended herbs
 - 1/8 teaspoon pepper
 - 1 can (1 lb.) salmon or
 - 2 cans (7 oz. each) tuna, drained and flaked
- Chopped parsley
Lemon Juice

Saute onion and celery in butter until tender and lightly browned. Add potatoes and water; simmer until potatoes are just tender, about 15 minutes. Blend flour into 1/2 cup milk; add to remaining milk and stir into potato mixture. Add salt, herbs and pepper. Cook until soup is smooth and slightly thickened. Add fish and allow to heat. Garnish with chopped parsley and serve with few drops lemon juice for each serving. Makes seven cups chowder enough for six to eight servings.

Extension Service plans series for public on consumer education

What was your last major purchase... carpeting or an electric appliance?... Plumbing for your bathroom?... a car?... a house? Have you been satisfied with the purchase or did you feel gypped? Were you responsible for making the final decision?

An afternoon meeting, "How Informed Are You?" will be the first in a series of seven open meetings, beginning Wednesday. All meetings will be held at the Clark Public Library, 303 Westfield ave., Clark, from 1:15 to 2:45 p.m. Sponsored by the Union County Home Economics Extension Service, the first meeting will attempt to help you become aware of the many consumer services available to Union County residents who are wise consumers.

How many know where to look for help to locate a reliable realty agent? local plumber or architect, to remodel a home? When and where can one register a complaint if a laundry or dry cleaner loses an item and offers to replace it with one half as expensive? Do you recognize and do you understand the difference in meanings behind symbols such as "Coca-Cola," "Good Housekeeping Seal of Approval" and "ERMA"?

What are your "responsibilities" and "rights" as residents of Union County?

A panel discussion by George T. Adams, special investigator, Office of Consumer Protection, Newark; Douglas Wurzburger, manager of membership development, the Eastern Union County Chamber of Commerce, and John A. McManus, representing the Elizabeth Retail Merchants Association ("ERMA") will be moderated by Miss Mabel G. Stolte, Union County Extension Home economist. An opportunity for

\$3.1 million spent per week by Bell for improvements

New Jersey Bell spent more than \$3.1 million a week last year in the construction and improvement of communications services. This brought the total for the year to a record \$163.5 million, it was disclosed in the company's annual report for 1967, which was released today.

Company sources have indicated that the record will be surpassed in 1968, when New Jersey Bell is expected to spend more than \$170 million for construction and improvement. The cost of New Jersey Bell's plant now in service is in excess of \$1.66 billion. Forty years ago when the company was formed, its plant investment was only \$136 million.

In those four decades it has grown from 580,956 telephones to 4,058,284 at the end of last year. The company reports that its 2.2 million customers placed 17.9 million calls on an average business day last year, compared with the 2.25 million a day placed by its 428,000 customers 40 years ago.

Gross operating revenues rose \$35 million during the year to \$539.2 million. Operating costs went up to \$313 million from the previous year's \$289.7. Earnings per share in 1967 were \$1.88, a decrease from \$1.97 in 1966, when there were fewer shares outstanding.

The cost of telephone service including a \$175.2 million in taxes in 1967, or approximately 32 cents for every revenue dollar. These taxes averaged \$79.86 for each customer.

Approximately \$129 million in taxes were paid to the federal government, and \$100 million to state and local governments, less than one third of the federal taxes, the excise tax, was levied directly on customers.

New Jersey Bell lowered its rates twice in 1967, the report continues. The first, in February, amounted to a saving for customers of over \$4 million. About \$3.4 million of the saving resulted from reductions in night and Sunday long distance calling rates.

The second reduction went into effect in November. It applies to interstate calls and will save customers about \$1 million a year. At the end of 1967, the company announced another \$6.7 million reduction, which will be in full effect by mid 1968.

Trimline telephones, the ones with the dial or push buttons in the handset, were introduced in February of 1967. At the end of the year the company had installed 91,085 of these instruments.

Push button telephoning -- Touch-Tone service -- was available to nearly 87 per cent of the company customers at the end of the year. Touch-Tone installations numbered 184,151 during the year, bringing the total in service to 470,270.

35 students take part in art class at Hillside

Thirty-five students attended the first session of art class held last week at the Union County Trust Company in Hillside with Ed Hughes as teacher.

The course, sponsored by Hillside Creative Arts, will continue for four consecutive weeks from 7:30 to 9:30 p.m. Mondays. It is open to all interested persons, a spokesman said.

Named nationwide head of eyewear campaign

Robert E. Brunner, owner of Robert E. Brunner of Cranford, Westfield, and Toms River, this week was named chairman for the nationwide educational campaign known as the "Protective Eyewear Program" or "PEP" to encourage the wearing of protective eyewear.

Sponsored by the Guild of Prescription Opticians of America, the year-round drive will attempt to wipe out accidental eye injuries through the using of protective eyewear. The campaign has been endorsed by the National Safety Council, Brunner said.

Ask Amy

By AMY ADAMS

Dear Amy: I would like to know how you feel about necking--with my girl, of course. I've been dating her steadily for about a year. I'm in my thirty's and very normal in every way, but she says I'm abnormal. Do you see anything wrong in it?

Just a Guy

Dear Guy: It may not be fatal but it has put an end to many a bachelor!

Dear Amy: I would like to know what do you do with the letters you receive because your business sounds wonderful and I'm really interested?

Joan F.

Dear Joan: Every letter I receive I read and give my personal attention. Many are used in the column. Many more are given personal replies. I have never looked upon my undertaking as a "business." It is highly specialized, requires a great deal of study, research, experience, an understanding of people...and work, work and more work. But it has its moments of extreme satisfaction for which I am grateful.

Dear Amy: I'm 19 years old and I have been going steady with a boy for over a year. Lately I've been hearing things about him and one of his ex-girlfriends. He is supposed to have had two children with this girl.

He tells me these things aren't true, but I know that they are, I'm sure he's in love with both of us, and I don't want it this way. I love him too much to break up with him. What do you think I should do?

Sallie

Dear Sallie: If the stories you hear about this boy are in fact true, stop seeing him immediately. It's not important how much you love him; what's important is how much he loves you!

If he has fathered two children with another, sans marriage license, it sounds to me like you are his next conquest.

Dear Amy: I have a son whom I love very much but at times he provokes me to the point that we have words...mainly over money. He owes us more than we can afford or I care to state. For the past six years we have been helping him support a failing business which he refuses to give up -- he blames all his "bad luck" on everyone else but never himself, saying no one ever helped him in any way.

Recently we refused him a large sum of money for the first time, and in not getting it, he became very angry and said that he was forgetting all the other debts he owed us.

My question is how do I get through to a 28 year old man? We've had it! I still love my son but I'm tired of buying his love and being used.

We've Had It

Dear Had It: Unfortunately your son lacks confidence in himself, is immature and obviously has not learned to stand on his own two feet. The more you indulge him, the worse it will get. Give him advice if he asks for it, but no more money. He must learn to think and act like a man even if it necessitates getting professional help.

Dear Amy: It's that old problem again: Doing homework or watching television? I feel my parents are too strict in not letting me enjoy a few favorite shows each night. They insist that I do my homework first, and if it takes me until it's time to go to bed, I'm to go to bed. I'm entitled to some relaxation also, aren't I?

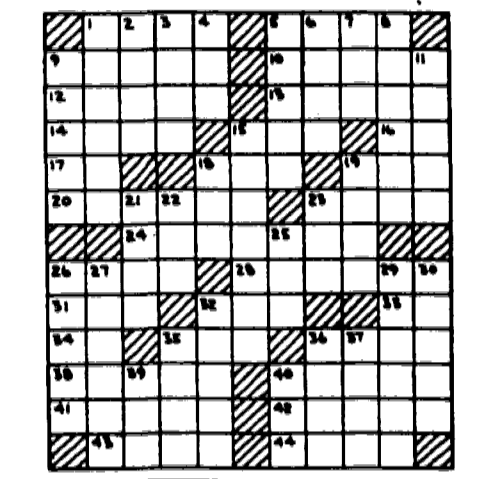

Too Much Homework

Dear Too Much: You are too much! Many a student who watches television for hours will go down in history--not to mention Arithmetic, English and Geography.

Princess to attend benefit March 15

Princess Margaret and the Earl of Snowdon will be the guests of honor at a "Gala Evening of Musical Theater" co-sponsored by the New Jersey Association for Brain Injured Children, in the Felt Forum of Madison Square Garden on Friday evening, March 15.

Robert H. Winnerman of Short Hills, chairman of the affair, said proceeds will help augment the organization's services to the estimated 120,000 neurologically impaired boys and girls in the state.

Among the performers will be Tammy Grimes, Kitty Carlisle, Richard Harris, Lisa Minelli, Frank Sinatra Jr., Dione Warwick and others.

Tickets may be purchased from the association's office at 61 Lincoln st., East Orange.

MERCY FLIGHT A mercy flight by Lt. Russell Meredith earned him the DFC. This first humanitarian trip by air of a doctor to a dying man on Beaver Island in Lake Michigan was made in February 1923.

FRIDAY DEADLINE All items other than spot news should be in our office by noon on Friday.

Station Breaks

Children are Bill Cosby's specialty, particularly his own. Childhood scenes will form a large part of "The Bill Cosby Special," his full-hour comedy variety show Monday, March 18, 8-9 P.M., in color on NBC-TV, and one of the scenes revolves around dozens of child pictures of all kinds hung so that the comedian can proceed from one to the other during his monologue.

Cosby and his wife, the former Camille Hanks, have two very little lively girls -- Erika, two and a half years old, and Errin, one and a half. When the Cosbys were married, Bill said he wanted 16 boys. When Erika arrived, he said it was OK, he'd wait. When Errin was born a year later he figured the girls had a pretty good start, and he'd be reconciled. After all, a family does not have to consist entirely of basketball, football or baseball teams.

Since 1965 Cosby has been co-starring with Bob Culp in "I Spy," a weekly TV adventure series filmed on location in various parts of the world. This means lots of traveling for the Cosbys, and the little girls go along if Mrs. Cosby does. Erika flew to Japan when she was four months old, and both the girls have been to Mexico, Italy and Spain.

Mrs. Cosby has explained in an interview that it is easier to take care of young children in some countries than in others. She said it was wonderful in Japan because there you can get disposable diapers and good babysitters. But she had to bring the girls home from Spain ahead of time because they had developed dysentery.

"We've been criticized for taking the children with us," Mrs. Cosby said, "but Bill is such a family man that it's terribly important to him. He's less homesick when we're with him."

Cosby's mother, Mrs. William H. Cosby Sr., also went with them to Italy and Spain.

"I couldn't travel half as happily without my family, and that certainly includes Mom. It's one of the few luxuries that's really important to me. I know there's no way to repay her for being the kind of mother she's been, but I can at least give her a few things now and a chance to see some of the world," he says.

Four women with the star on location are wonderful, but they make complications.

"There was a time when I was first married when I'd go into the bathroom and find nylons and girdles hanging all over the place, and I'd have to take them all down before I could wash," Cosby said. "Now there are diapers and rubber pants and booties and little woolen hats. It takes me two days to get a shower."

Seton Hall offers language institutes

Seton Hall University in South Orange will offer two institutes for Chinese and Japanese language teachers this summer.

From June 3-22, an Educational Media Institute for college teachers of Chinese and Japanese, under the direction of Dr. Ruth Cornfield, will feature the examination of new instructional materials, the introduction of new educational media, the evaluation of new teaching methods and the opportunity for exchange of ideas in the teaching of Chinese and Japanese on the college level.

Further information may be obtained by contacting Dr. Ruth Cornfield, director, Division of Educational Media at the university.

The university will also offer an NDEA Summer Institute for elementary and secondary teachers of Chinese and Japanese from June 24-Aug. 9. The Institute, under the directorship of Prof. Fred Fangyu Wang, will be concerned with the following objectives: Introduction of the latest teaching materials, media and methodology, the imparting of a fundamental knowledge of applied linguistics, the providing of both a practical and theoretical understanding of Chinese language structure and the elevation of overall language competency.

Further information may be obtained by contacting Prof. Fred Fangyu Wang, director, NDEA Chinese-Japanese Institute at Seton Hall.
