Borough Council awards road maintenance contract

YOUTHFUL SCIENTIST—Carl Marchetto, 13, a seventh grade student at the Deerfield School, is shown with his project, a neon lamp calculator which he built in his math class under the direction of his teacher, Ann Roush.

Mathematics by machine Calculator built by 13-year-old

Carl Marchetto, son of Mr. and Mrs. Albert Marchetto of 1225 Poplar ave., Mountainside, is only 13 years old, but, according to his seventh grade mathematics teacher at the Deerfield School, Ann Roush, he is on his way to becoming an outstanding scientist.

Young Carl has built a desk-top neon lamp calculator which can add, subtract, multiply and divide any two numbers properly set on the switches. Originally, the machine could use only numbers from one to nine, but by a concentrated effort of work, Carl was able to expand the machine up to 13.

When he turns the rotary switches, the lamps appear to "bounce" across the panel, indicating the sums, differences, products or quotients of the switch-selected numbers. Enough bulbs are provided for all possible combinations for two numbers, with the larger number first. There is also a circuit which lights a

different lamp for each problem combination. Four interchangeable grids which fit over the tips of the lamps are used for the four sets of required answers.

Carl's vast interest in electronics helped him to build the calculator without any outside help. He says he considered the work fun, and his demonstrations to fellow-students have stimulated interest among them. He plans to continue further experiments in the field. Comments by his parents and teacher are summed up in the simple words, "I am very proud of Carl."

Spring concert set at Gov. Livingston

The annual spring concert featuring the vocal groups from Governor Livingston Regional High School, directed by Albert Doherty, and the Union County Regional High School Orchestra, conducted by Walter Bodt, will be presented in the Governor Livingston Auditorium April 26 at 8 p.m. The program will feature the Bach "Magnificat" with Valerie Klein, Debra Taylor, Michale Spring and Laura-Jean Whitehead as soloists. Other parts of the program will include the Chansons singing sacred songs by Houston Bright, the concert with selections from Haydn, and the vocal workshop group with selections from folk literature. The Barber-shop will add a note of levity with their take-off on the quartet from Rigoletto.

High schools plan referendum in fall on adding facilities

The Regional High School District Board of Education Tuesday night set "early fall" as a target date for submission of a new expansion bond issue to the voters, to replace the one turned down March 19.

Avery Ward of Kean, board president, said the board had authorized Dr. Warren Davis, superintendent, to speak to Dr. Henry J. Rizzato, consultant in preparation of the previous proposal, or other experts in a new study of educational needs of the district.

Ward added that the expert chosen would be asked to examine questions raised by the public discussions this winter, including matters of pupil distribution, and that the board "will consider his recommendations in these matters." He said that the board planned to meet "somewhere in the process" with representatives of the Springfield League of Women Voters and other interested groups.

He also noted that the additional study process will postpone completion of any new facilities until at least the fall of 1971. The board, Ward said, will have to "give consideration to distribution of students" in the 1969-70 school year, for which no plans had yet been made. He added that the vote to study the matter again was unanimous and that there was no strong sentiment for resubmitting the original proposal.

Lions Club turns on 'Light Bulb Sale'

The Mountainside Lions Club will conduct its annual "Light Bulb Sale" Saturday and Sunday. If necessary, it will be continued the next Saturday and Sunday. Five groups of Lion members will cover each district of Mountainside. Assorted packs of bulbs (four 60-watt, two 75-watt and two 100-watt) will be offered at \$2.

President Joseph Almsay said that 90 percent of all Lion funds go to benefit Mountainside projects. Recent gifts were a portable respirator for the Rescue Squad and a third eye-testing machine to the Board of Health for use on school children, including those attending Our Lady of Lourdes School.

Dems pick candidates at committee meeting

Joseph Stypa, chairman of the nominating committee of the Mountainside Democratic party, announced this week that Robert Sacharow of 1500 Force dr. and John H. Palmer Jr. of 144 Greenwood rd. have been selected as candidates for the two seats on the Mountainside Borough Council which will be filled in November.

Stypa also stated that the candidates were named at a meeting of the steering committee which was held recently at the home of Sacharow.

Mayor fires blast at Nike target range

Says approval needed
from municipal boards

By PAT DONALDSON

A resolution to award a contract in the amount of \$32,142 to Doech King Inc., of Whippany for municipal road maintenance work, subject to approval of prices by the State Highway Department was approved by the mayor and council at a meeting of the Mountainside Borough Council on Tuesday night.

In other business, Mayor Frederick Wilhelm Jr., announced that the proposal by the Union County Civil Defense and Disaster Control that the Nike Base site in Mountainside be used for training facilities, which would include a firing range, could not be constructed in the borough except by approval of the Planning Board and the Board of Adjustment, and that the Board of Freeholders had been notified to that effect.

The mayor also stated that various tests for noise reactions had been made without public announcement "and so far there have been no public complaints, but that does not mean there will not be any, or there will be no concern about the safety of having a firing range in a residential area."

Other resolutions approved, were the application for a license to operate a vending machine, by the Somerset Esso Station, an application for a taxi license by John Bishop, of Mountainside Taxi Service, and an application for a temporary amusement license by Weiland's Steak House on Rt. 22. Tentative approval was voted for a preliminary sub-division located on Outlook drive, which was granted to the C. Macaluso Construction Co. of Westfield on March 25 by the Planning Board and which had been referred to the Council.

The first reading of an ordinance to be known as the administrative ordinance of the Borough of Mountainside and which would codify all previous ordinances into one code, was approved.

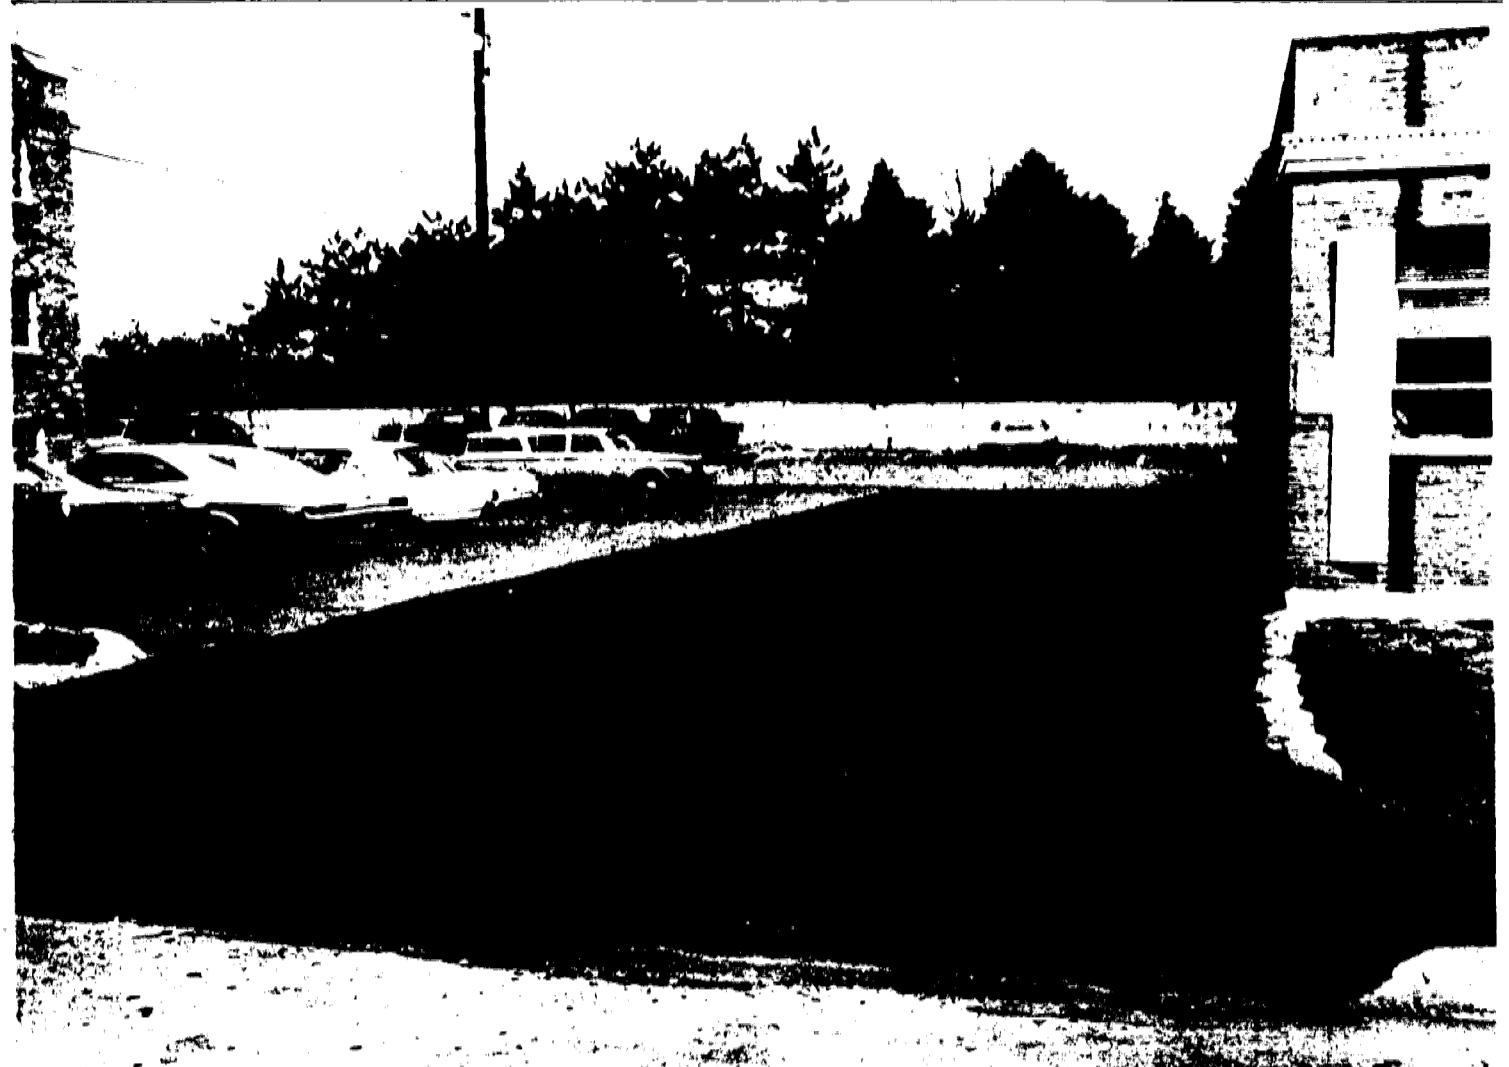

THE MAYOR, in commenting on the increased vandalism perpetrated on public and private property in the borough and "wild driving" on borough streets "which is apparently the work of juveniles, perhaps because it is spring", stated that a meeting will be held with church groups, juvenile authorities, members of the Police Department and the Council at Borough Hall on April 30 "in which we hope to resolve these problems."

He reminded the public that all open burning in the borough is prohibited by the recent revision of the code by the Health Department, "which is apparently being violated by some of our residents."

The mayor also said that conferences regarding the safety program are being continued and that a paid traffic consultant would have to be hired "because the ones we get for nothing do not seem to be able to get job done."

In the absence of Councilman Don Robertson, because of a death in his family, Elmer Hoffarth, borough administrator, reported that despite the fact the deadline for municipal

Dr. Hanigan, representing opposition, testifies before senate hearing on bills

The state government committee of the N.J. Senate last week held a hearing on proposed legislative bills S287 and S288, which purportedly would involve some state control of local school systems.

Dr. Levin B. Hanigan, superintendent of

Mountainside public schools, representing the Mountainside Board of Education and 22 Union County superintendents of schools, who was invited to testify at the hearing, has released the following text of his testimony:

"Dr. Levin B. Hanigan, superintendent of

the Mountainside public schools, will testify today on behalf of the Mountainside Board of Education and the boardtable of 22 Union County superintendents of schools. The members of these two groups are unanimously opposed to S287 and S288 for the following reasons:

"Mandatory legislation like this is a further erosion of local control of public school systems. Over the years, especially in the school districts that elect their school boards, the control of the public schools has remained close to the people. The members of the boards of education have accepted the confidence and support of their fellow citizens and have generally done a good job in discharging the public school responsibilities that have been placed upon their shoulders. In the few cases where this has not been so, the people have refused to reelect offending board members or have petitioned their appointing official to remove them.

"EMPLOYER-EMPLOYEE RELATIONSHIPS have been one of the most important school board responsibilities. Generally, these have been clarified and explained through written personnel policies. The superintendents of schools, as executive officers of the boards, have involved school personnel in the development of these policies, and the boards of education, as required by law, have been the final approving authorities for them.

"This is as it should be, because school boards, like boards of directors in industry, must have complete control over their employees. If the presence of any higher authority or outside person in local school district grievance procedures or impasses is mandated, then the school boards lose control. They cannot successfully discharge their responsibilities related to the establishment of personnel policies.

"S287 and S288 include provisions for binding arbitration of grievances or impasses. The law requires the school boards to be the final authorities on all matters related to the

Mountainside families aided by counseling unit

Sixteen Mountainside families were helped by the Youth and Family Counseling Service, Westfield, last year.

Milton Faith, executive director of this United Fund-supported service, said more than 200 families also were helped in the seven other communities served by YFCS.

In the YFCS annual report, Faith said that 2,639 hours were devoted to treatment interviews. People with problems, ranging from marital and parent-child to adolescent concerns either called the service or were referred to YFCS by members of the clergy, medical profession, school, health and social agencies.

The counseling service, at 233 Prospect st., Westfield, also serves Berkeley Heights, Clark, Cranford, Garwood, Rahway, Scotch Plains and Westfield. Faith heads the YFCS staff, which includes Dr. Natalie Brown, Richard Smith, Frank Durkin, George Davis, Bar-

bara Schoenberg and Marilyn Jones.

Three Mountainside residents are members of the YFCS board of directors. They are Mrs. Marion C. Reed of 1368 Wood Valley road, Mrs. John Roll of 1504 Fox trail and the Rev. Elmer A. Talcott Jr. of the Community Presbyterian Church.

The report declared that counseling has been successful in helping couples unhappy in their marriage, young adults interested in pre-marital counseling, parents concerned about the behavior of a child, individuals overwhelmed by personal problems, adolescents experiencing difficult problems in growing up, persons adjusting to growing old, persons with economic problems and some in need of educational and vocational adjustment.

"Counseling enables the troubled person to gain a better understanding of his feelings, attitudes and behavior and his relationship to others with whom he is involved," said Faith. He said the agency has had a 92 percent increase in the number of persons under 18 being helped.

"More significant," Faith said, "is the fact that these young people are contacting the agency themselves instead of being referred by adults in the schools and other community services."

YFCS, which will observe its 50th anniversary this year, is a member of the Mountainside Community Fund.

More help needed for homeless fire victims in Newark

In a continuing appeal for help for victims of the Newark fires and civil disorders which left people homeless and bereft of clothing and household items, Mrs. Mark Fine of 330 Rolling Rock rd., Mountainside, stated this week:

"There is still an urgent and desperate need by the victims of the recent Newark fires for household articles of all kinds. Our Newark neighbors are in need of help, and adding to their plight of having to locate new homes is the unfortunate fact that they have nothing with which to set up housekeeping. It is here that aid is so urgently required. Bedding, blankets, dishes, pots and pans, silverware, and furniture of all kinds is needed, as well as anything necessary to the making of a home. All infant and baby paraphernalia, such as bottles, diapers, cribs, and other equipment is desperately required. Also in serious shortage is food and clothing, particularly children's clothing.

"Anyone interested in donating any of these items can take them to the United Community Corp. Area Ward 2 (also known as "Operation We Care"), 415 Springfield ave., Newark. The easily transportable items can be left at several local places. In Mountainside they are: Community Presbyterian Church, Deer path and Meetinghouse lane; Our Lady of Lourdes Church, Central avenue; Mountainside Chapel, Route 22. Calls can be made to Mrs. Fine at 376-7241 or Mrs. Norman Zeitelback at 232-3022.

"In Westfield, articles can be left at: Temple Emanuel, East Broad street; First Baptist Church, Elm street; Rescue Squad Building, Spring street, or the garage of Mr. and Mrs. Frank Dooley at 680 Summit ave. Calls can be made to Mrs. Alan Gray at 233-8509 or Mrs. Frank Dooley at 232-6933.

"If clothing is contributed, it would be helpful to have it sorted and marked as to size. All items should be in good and usable condition."

THE ICE SHOW COMETH -- Attired in slickers and skates and with umbrellas posed (left to right) are Susan Baker, Kathleen Doran and Allison Reed, Mountainside young ladies, who are all set for their "Rhythm in the Rain" skating exhibition at the Funorama on Ice Show, tomorrow, Saturday and Sunday nights at the South Mountain Arena in West Orange. The girls are members of the Essex Skating Club of N.J., sponsor of the show, which will benefit the Hospital Center at Orange.

PROFILE--Mrs. Walter Averick

A feeling that one was about to enter a bit of a world that embodied something more than the ordinary world around him, swept over this interviewer the moment the door of the home at 1182 Wyoming dr., Mountainside, was opened by Evelyn Averick. Perhaps the feeling was induced by the knowledge that Mrs. Averick had just returned from a trip to Israel and all around the den of her home were artifacts from the Holy Land which caught one up in history, or perhaps it was the beauty of the paintings and works of art that went to make up the material and outward appearances of this home.

Perhaps too, it was the woman herself, for it did not take long to recognize that here was a personality, imbued with her heritage, yet so able to combine it with the present that she was able to put into words and action, the best of both worlds.

Evelyn was born in Brooklyn and as a child, moved with her family to Manhattan. The economic status of her family made it necessary for her to go to work at an early age. However, with a penchant for writing, she attended the School of Journalism at New York University at night, while her days were spent working for an editor of a trade magazine, a supermarket publication on merchandising.

Tuition aid plan receives UC board's endorsement

The board of trustees of Union College has endorsed in principle a tuition aid plan for New Jersey students attending New Jersey colleges and universities.

A bill (S-423) implementing the plan is now before the Education Committee of the State Senate, Dr. William H. McLean, president of the Association of Independent Colleges and Universities in New Jersey and a Union College trustee, reported.

Dr. McLean said the cost of the program would be modest. He pointed out that the plan is similar to those in operation in Wisconsin and Michigan, and that New York has provided aid to students for many years.

"It is important that legislators understand the needs of higher education and the importance of providing financial aid to students," Dr. McLean said as he urged the trustees to contact their legislators.

MRS. PAUL SELBY of Cranford, financial aid officer, told the board that 81.2 percent of all fulltime Day Session students at Union College have some form of financial aid this semester.

The financial aid officer said 514 students hold tuition aid grants provided by the Union County Board of Freeholders and the state. She said one-seventh of the day session is attending the college under the so-called Cold War GI Bill of Rights.

scholarships provided by Union College, federal National Defense Student Loans, federal Educational Opportunity Grants, and state scholarship incentive awards.

In other business, the board approved the conversion of the engineering graphics laboratory in the Nomahegan Building to a chemistry laboratory at a cost of \$64,333.

The board officially approved the appointment of Prof. Elmer Wolf of Cranford, chairman of the Engineering and Mathematics Department, as acting dean.

Dr. Albert E. Meder, Jr., of Westfield, chairman of the Education Committee, reported a need for additional classrooms to provide an expected increase in enrollments. He said

one way to obtain them quickly would be to remove administrative offices and other services now housed in classrooms. This would be done by providing additional administrative space, he pointed out.

Dr. Henry J. Mineur, chairman of a special planning committee, said progress is being made in planning for a new library, for additional administrative space, and for other needed facilities.

Dr. Kenneth W. Iversen, acting president, reported that 29 sophomores—the largest number ever—have been elected to Phi Theta Kappa, national honorary scholastic society,

which is often considered the Phi Beta Kappa of the junior college movement. He also reported a larger number of students last semester was named to both the President's List and Dean's List for academic achievement.

Other reports were presented by J. Kenneth Boyles of Westfield, chairman of the Finance Committee; Horace K. Corbin of West Orange, treasurer, and Russell V. Abbott of Alpine, development director, for the physical planning and ways and means committee.

Hugo B. Meyer of Summit, chairman, presided.

\$1699

What's the catch?

There isn't any.

\$1699 is the suggested retail price at the port of entry for the VW sedan.

The price includes Federal excise tax and import duty.

It also includes the built-in heater defroster, windshield washer, electric windshield wipers, outside rear view mirror, and seat belts front and back.

Not to mention the padded dash and front seat headrests.

It's the price of the real thing, not a stripped-down economy model.

What else do you have to pay?

The charge for transporting the car from the port of entry. The dealer delivery charge. And local sales tax.

There is one optional that makes a lot of sense. The matching leatherette upholstery. For \$30.00 extra.

(Nearly everybody gets it because it eliminates the need for slipcovers.)

Well, that's it.

Unless, of course, you count the cost of gas and oil it takes you to get here in your present car.

N.J. enrollment outlook depends on 4-year-olds

-Thursday, April 18, 1968-

New Jersey's public school enrollment will continue on the upswing for the next two decades, with the rate of increase depending on how widespread the trend to establish pre-kindergarten classes for four-year-olds becomes.

Right now there are only a few hundred children in such nursery classes in the public schools. But, the State Department of Education believes that 20 years from now there may be as many as 113,000.

This estimate is contained in a Department report prepared by Dr. S. David Winans, director of the office of statistical services. The report projects enrollments in New Jersey public school districts to the 1987-88 school year.

It shows that the number of pupils enrolled in the traditional school program of kindergarten through grade 12 will increase from 1,375,000 in the current year to 1,799,000 in 1987-88, a rise of 424,000.

THE ENROLLMENT, HOWEVER, would

jump 537,000 to a total of 1,915,000 in 1987-88, if the boom in pre-kindergarten classes takes place as Winans believes it will.

In his report, Winans says that movement to establish classes for the four-year-olds has only recently begun to receive wide acceptance, so that adequate trend data on which to make projections have not yet evolved.

However, Winans believes that enrollments in public school pre-kindergarten classes will increase from the current figure of less than one-half of one percent of kindergarten enrollments to 75 percent of such enrollments in 1987-88. The rate of increase, he estimates, will like the percentage figure to .5 percent in 1968-69 and then jump by one percent a year for the next five years and by five percent a year thereafter. He believes that classes for four-year-olds will emerge rapidly in the cities and slowly in the suburban and non-urban areas.

There is another factor besides the four-year-olds that makes New Jersey enrollment forecasting difficult and that is the fluctuating

birth rate. The state's birth rate has unexpectedly decreased steadily the last four years. This means that future enrollments now projected by Winans are considerably lower than those he envisioned when he made his last such report three years ago.

WINANS THINKS THE decreasing birth rate period has ended and that births will be on the increase again. He makes use of population patterns and birth rates forecast by other New Jersey departments in making his enrollment projections.

Speech convention set

The sixth annual convention of the New Jersey Speech and Hearing Association will take place on Thursday, Friday, and Saturday, April 25, 26 and 27. The Claridge Hotel in Atlantic City will be the meeting place of members coming from all parts of the State of New Jersey.

As a result of the birth rate decline, he points out, a low-birth rate group will now be moving through the schools, and produce enrollment decreases at certain grade levels, but at no time will the total enrollment decrease. It is expected that elementary enrollments will decrease between 1972 and 176 and secondary enrollments will decline between 1977 and 1981.

Winans says his projections could be affected by factors such as a change in the anticipated birth rate, a change in the migration pattern, or a change in the percentage of New Jersey children attending non-public schools. Currently, some 20 percent of the state's children attend non-public schools.

Library week set by proclamation

New Jersey's observance of National Library Week, April 21 - 27, was proclaimed last week by Gov. Richard J. Hughes.

In his proclamation, the Governor urged all citizens, libraries, schools, civic organizations, newspapers and radio and television stations in New Jersey to observe the week with appropriate means. He was making this request, he said, "so that all people may be made more fully aware of library services as well as of the needs and plans for library development in our State."

UC piano recital to feature works by four composers

Music of Mozart, Schubert, Ravel and Khachaturian will be performed by Dr. Thomas Richner of Douglass College, New Brunswick, at a piano recital Sunday, April 28, at 3:30 p.m. in the theatre of Union College's Campus Center sponsored by the Friends of the College. It was announced this week by Mrs. Bedford H. Lydon, chairman.

Dr. Richner will perform Mozart's "Fantasia in D minor" (K397), "Sonata in G major" (K283), and "Sonata in C minor" (K457); Schubert's "Sonata in A major, Op. 120"; Ravel's "Jeux d'Eau," and Khachaturian's "Toccata."

Following the recital, a portrait of Dr. Kenneth C. Mackay, Union College president, will be unveiled. The portrait painted by Alice Miller Crump of Cranford will be a gift of the Friends of the College to Union College. The presentation will be made by Mrs. Bedford H. Lydon of Cranford to Hugo B. Meyer of Summit, chairman of the Board of Trustees.

Dr. Richner, associate professor at Douglass College, was guest artist at a similar event a year ago sponsored by the Friends of the College. He is the recipient of an honorary doctorate bestowed by Colby College, Waterville, Maine, where he and Prof. Everett Strong co-founded the Church Music Institute, which draws organists and choir-masters from all parts of the country.

Tickets can be obtained in the Development Office at Union College.

CANCER FIGHTERS—Three New Jersey leaders of the 1968 Cancer Crusade and William Gargan, former motion picture star, hold the Sword of Hope, symbol of the crusade, at recent sixth annual special gifts dinner of the Union County Chapter, American Cancer Society. From left are Carlton S. Stallard, president of the Jersey Mortgage Co., Elizabeth, who was toastmaster at the dinner; Elliott Pachman of Union, vice-president of the New Jersey Division, American Cancer Society and 1968 state crusade chairman, who spoke at the dinner, and Dr. Herbert W. Samenfeld, Union County Chapter treasurer and 1968 county crusade chairman.

Sheriff will seek fourth 3-year term

Union County Sheriff Ralph Oriscello has received the endorsement of the executive committee of the county Democratic organization to seek reelection to a fourth three-year term, it was announced last week by James J. Kinneally, county chairman.

Under his leadership, Kinneally said, a narcotic rehabilitation program was instituted for the first time at a county jail in New Jersey. He has also initiated job placement for narcotic addicts upon release from the county jail, the chairman added.

A career police officer, Oriscello started with the Elizabeth Police Department in 1934. He was promoted to sergeant in 1953, lieutenant in 1957, captain in 1952 and deputy chief in 1956, a rank he still maintains.

He is married to the former Annette Triana and they have two children, a son who is a doctor who is presently serving in Vietnam as a captain in the Army, and Maryann Carcich who is a teacher. The Oriscellos have two grandchildren.

McDonough to run Dwyer's campaign

Rep. Florence P. Dwyer (R-12th Dist.) announced this week that Plainfield attorney Richard C. McDonough has accepted appointment as campaign manager in the congresswoman's bid for a seventh term in the U.S. House of Representatives.

For McDonough, a resident of Scotch Plains, it will mark the third time he has served in this capacity. He was also Mrs. Dwyer's campaign manager in 1962 and 1964.

"More than ever," McDonough said in a statement, "I consider this an important opportunity to be of service to the people of Union and Essex Counties and, indeed, to the country. During her nearly 12 years in Congress, Flo Dwyer has earned a reputation as one of the most constructive, responsible and effective members of the House."

Union College weather unit records warm, dry March

March was warmer and drier than normal, according to the monthly report of Harold D. Duflocq, meteorologist at the Union College Meteorological Station submitted to the U.S. Weather Bureau.

The average temperature in March was 43.7 degrees—3.6 degrees above the estimated normal, Duflocq said. The maximum temperature was 78 degrees on March 29 and 30, and the minimum temperature was 16 degrees on March 3. The maximum average temperature was 54.4 degree, and the minimum average temperature was 32.9 degrees.

During the month, 659 degree days were recorded to bring the total for the heating season which began Sept. 1, 1967, to 4,889. The total a year ago was 835 to bring the total for the comparable heating season to 4,613.

Precipitation in March totaled 2.90 inches—.67 inches below the estimated normal. The heaviest rainfall was .81 inches on March 1. In March, 1967, 6.46 inches of rain were recorded—the highest March total since the Union College station opened on January 1, 1960. Measurable precipitation was recorded on 11 days.

Snowfall totaled 2.9 inches as compared with an estimated normal of 5.3 inches. Snow fell on March 1, 12 and 13. March's precipitation of 2.90 inches brings the total so far this year to 6.33 inches. During the same period a year ago, the total was 11.17 inches.

There were eight clear days, nine partly cloudy days, and 14 cloudy days in March. Fog occurred on March 9, 10, 11, 16, 20, 21, 22 and 23, and a thundershower occurred on March 29. The prevailing wind direction was northwest.

Caldwell round-up slated Wednesday

The pre-school round-up for the James Caldwell School, Springfield, will be held next Wednesday, from 9 to 11:30 a.m., Mrs. Joseph Pepe, round-up chairman, announced. All pre-school children in the district, who will be enrolled in the Caldwell kindergarten next Fall, are urged to attend, she added.

The parent and child will stop first at the office to have the official registration forms checked. Parents who have not received these forms prior to round-up time may pick them up at the school office. The parent and child will then visit the kindergarten classroom area, meet with the teachers, and become familiar with the kindergarten arrangement at the Caldwell School. Both Mrs. Ruth Hendlin and Mrs. Barbara Zylka of the kindergarten staff will be present to meet the children and to acquaint them with their future classrooms. Refreshments will be served in the classroom throughout the morning schedule.

FAMILY POT LUCK
By HELEN MALE

Dates can be chopped and combined with miniature marshmallows to use as a stuffing for a slit in an unpeeled banana. Place bananas on grill and heat enough to melt marshmallows for a quickie dessert.

Chopped dates will also add a touch of extra flavor when added to your next batch of blueberry muffins. Packaged mix is excellent for the muffins.

Instant-blending flour pours right out of the package. In the processing, the product ends up in compressed granular or flake form that won't pack together like regular flour. Extra processing makes it cost more, so most cooks save it for special purposes, such as making gravy. Best results are obtained using recipes that have been adapted to instant-blending flour.

Lamb steaks are novel and tasty when seasoned with pineapple juice, ginger and curry powder along with seeds from one cardamom pod.

LIVERWURST DIP
(Yields 1 1/3 cups)

1/2 pound liverwurst
1 1/2 teaspoons fresh lemon juice
2 teaspoons prepared mustard
1/4 teaspoon salt
1/8 teaspoon ground cloves
Dash cayenne
4 tablespoons heavy cream or undiluted evaporated milk
1/4 teaspoon finely chopped onion

Mix liverwurst with a fork until smooth. Add remaining ingredients. Mix well. Serve as dip for celery hearts.

Pre-School Parent Education series slated in Elizabeth

A series of two meetings for working mothers entitled, "Young Children Need Parents To Help Them Learn Better, Faster," will be held Thursday, April 25, and Wednesday, May 8, from 4:15 to 5:45 p.m. The parent education meetings will be held in the Home Economics auditorium, 7 Bridge st., Elizabeth. This is a cooperative venture of Mrs. Eleanor Fitzgerald, director of the Egenolf Day Nursery and Mabel G. Stolte of the Union County Home Economics Extension Service.

If a working mother thinks her child is well prepared for kindergarten, or first grade, or has any doubt, the series will provide answers.

The first meeting, April 25, will feature a panel discussion by Mrs. Frances C. Abinta, principal, Nicholas Murray Butler School, and Mrs. Eleanor Fitzgerald, moderated by Mabel G. Stolte.

They will discuss situations they have experienced working with children. The necessity for parents to help prepare their children for first and second grade, as well as kindergarten, will be discussed.

The second meeting, Wednesday, May 8, for mothers only, will introduce sex education; how it may be approached both at home and school to help the young child develop a healthy, understanding, mental attitude.

Guest participant in the second meeting will be Miss Anne Mitchell, head nurse, Elizabeth Public School system.

Pre-registration is required for limited baby sitting for children three to six, during these meetings.

The Home Economics Extension Service at EL-3-5000 may be contacted for additional information.

Son to Edward James'

An eight-pound, 15-ounce son, Edward William James, was born April 3, 1968, in Overlook Hospital, Summit, to Mr. and Mrs. Edward James of 1221 Magie ave., Union. Mrs. James is the former Martha Ann Smolinski.

'Painting up' needs much preparation

Spring "paint up" is in the air, and many do-it-yourselfers are eager to dig in and get rid of the dreary, dusty look of winter, reports Carolyn F. Yukus, Senior County Home Economist.

Unfortunately, "painting up" is not as easy as the advertisements lead you to believe, nor can a room be transformed in a matter of a few hours.

How one approaches a painting project depends basically upon the philosophy of doing something the "quick way" or the "right way." Frequently these two premises are not entirely compatible.

The "quick way" may get the job done faster but the results are not in keeping with expectations of quality or durability.

The "right way" will take longer initially but will be more satisfying and durable in the long run.

Preparations for painting is not exciting or challenging, and more people than not would like to skip preparation entirely and get to the exciting part of applying the color.

However, short cutting preparation often leads to poor work, accidents and even redoing the job.

In preparing for painting, first remove all the small bric-a-brac to another room and group large pieces of furniture in the center of a room. Cover everything with dust sheets or plastic to protect from splattered paint and accumulated dust.

Remove all the hardware from doors and windows. It is impossible to paint around these perfectly. Even coating hardware with petroleum jelly is not completely satisfactory.

Use a vacuum cleaner to remove the surface dust from all the woodwork and walls. Washing walls and woodwork with a good cleaning solution is also necessary to remove grease, soot, and old wax. A clean surface makes painting easier.

Fill all holes, cracks, dents, and deep chips with a spackling compound and smooth even with the surface after it is dry.

Keep the area clean by using a vacuum cleaner frequently. Painting over dust will not make a smooth surface.

Protect floors and carpets with several layers of newspapers or clean drop cloths.

When the actual painting starts, use good illumination to see and prevent "skips" and "tears."

Urban topic set Sunday

Gustave Henningburg will address the Ethical Society of Essex County, 516 Prospect st., Maplewood, on Sunday at 11 a.m. His topic will be "Urban Crisis-Suburban Dilemma."

Many jobs for wives, all at home

"What do you reply when someone asks you your occupation?" says Mabel G. Stolte, County Home Economist. Do you say, "Oh, I'm just a housewife?" Or, do you say, "I'm a home manager. What are you?"

Have you ever stopped to consider how many roles you play in your own home each day? What office job could provide you with more variety? If you keep on your toes and are a well informed home manager, you will be required to know about more jobs than many office managers. For example: how many of the following positions have you been covering at home this past week?

Coordinator: Organizing and planning of activities in which several or all family members will take part.

Purchasing Agent: Buying groceries, clothing, furnishings and many other items for yourself and other members.

Treasurer: Keeping tract of family expenses and paying bills.

Teacher: Guiding children

DAMAGE TO HOME

You can prevent damage to the exterior of your home by outside moisture if you follow these tips: Repair flashing around chimney and brickwork; keep roofing in good repair; keep gutters and downspouts clean and protected with paint; caulk window frames and install flashing at top to prevent rain from entering; use caulking compound where concrete porch meets siding; before repainting, generously apply a paintable water-repellent under edges and at joints of siding boards.

in forming good work habits, and helping children learn better ways to handle daily activities of living.

Mediator: Suggesting compromises acceptable to family members who all want different things at the same time. Clear up misunderstanding and teach how to give and take responsibility.

Interior Decorator: Choosing new and repairing used home furnishings so as to please all family members including husbands and home managers.

Card party slated by University unit

The American Association of University Women will hold its annual card party and bake sale tomorrow from 1 to 4 p.m. at the Elizabethtown Gas Co., Elizabeth.

Regional guidance meeting Monday at Union College

All guidance counselors from the four high schools of the Union County Regional High School District will visit the Union College campus on Monday to review mutual problems and concerns.

"This is another in a series of meetings with guidance counselors from communities throughout Union County," Dr. Kenneth W. Iversen, acting president of Union College, said. "Our aim is to determine how our college can better meet the needs of all young people in Union County, and to answer any questions the guidance counselors may have concerning our admissions, financial aid, and educational programs."

Guidance counselors from Gov. Robert Livingston Regional High School, Berkeley Heights; Arthur L. Johnson Regional High School, Clark; David Brearley Regional High School, Kenilworth, and Jonathan Dayton Regional High School, Springfield, will participate in the dialogue.

Union College will be represented by Dr. Iversen, Prof. Elmer Wolf, acting dean; George P. Lyons, director of admissions; Anatole K. Colbert, director of counseling, and Mrs. Paul W. Selby, financial aid officer.

FRIDAY DEADLINE
All items other than spot news should be in our office by noon on Friday.

VICTORY FOR BILL --- State Sen. Matthew J. Rinaldo, Center, (R-Union) beams his approval after Senate approved a bill prohibiting the Garden State Parkway Authority from constructing any facility not directly related to highway use without approval by the legislature. The Bill, now before the Assembly, was prompted

by construction of the cultural arts center, which, Rinaldo said, was unrelated to highway needs. Rinaldo, sponsor of the bill, is shown with Sen. Joseph Maraziti (R-Morris), and at right, Lawrence M. Wolf, one of his legislative aides. Rinaldo contends the arts center has cost motorists about \$6.7 million in toll money.

Busy Saturday for UC sophs

Saturday will be no day of rest for sophomores at Union College. It will be a day of testing.

They will participate in the National Sophomore Testing Program from 9 a.m. to 6 p.m. About 225 students will be tested in five academic areas: reading, writing, mathematics, social studies, and science.

Union College students have always scored far above the national average in mathematics, sciences and social studies, and above average in reading and writing in competition with thousands of sophomores in hundreds of colleges and universities throughout the nation,

Dr. Kenneth W. Iversen, acting president, said.

Dr. Iversen said the test is used to determine the academic achievement of Union College students as compared with other college students throughout the nation and to provide an objective picture of each student's strengths and weaknesses. The results will be used in counseling students, Dr. Iversen explained.

Each student will receive an interpretation of his test scores, so he can compare his performance with that of other college sophomores throughout the country, Dr. Iversen said.

Golden Age holds seder

A model seder, a family feast and colorful pageant re-enacting the story of the deliverance of the Jewish people from bondage in Egypt, was conducted at the last meeting of the Golden Age Club of the Eastern Union County YM-YWHA in Green Lane, Union.

The seder was conducted by Mr. and Mrs. Sol Fishman of Linden and Leo Springer of Cranford, accompanied by the Golden Age Club's choral group. Prayer was offered by Mrs. Cora Spinner, Mrs. Ann Simberloff, club president, presided.

The program included a special luncheon of gefilte fish, matzoh, wine, borscht and other Passover foods. Prayers also were offered for the three million Jews who are "unable to practice their faith" in the Soviet Union and for the 40,000 Jews who were slain when the Nazis invaded the Ghetto of Warsaw on the first day of Passover in March, 1943.

Color movie to be shown

"House On My Back," a color film, will be shown at the Union County Park Commission's Trillside Nature and Science Center, in the Watchung Reservation, on Sunday, at 2 p.m.

The film, made by Donald W. Mayer, director of Trillside, depicts the story of turtles, their habits and their life in various environments. Mayer will narrate the story.

On Monday, Tuesday, Wednesday and Thursday, April 25, at 4 p.m. each day, Mayer and Miss Irma H. Heyer, educational assistant at Trillside, will present one-half hour nature talks for children. The topic to be discussed during the four days is "Local Songbirds." The lectures will be illustrated with color slides. The Trillside Nature and Science Center is open to the public each week day, except Friday, from 3 to 5 p.m. and on Saturdays, Sundays, and holidays, from 1 to 5 p.m. The public is invited to visit the Nature Center.

Fashions costly in 'Camelot' film

The fashions in "Camelot," current screen attraction at the Bellevue Theater, Upper Montclair, included 3,500 costumes, and cost Warner Brothers Studios \$2,250,000. John Truscotti, a 30-year-old Australian who won an Oscar for Best Achievement in Art Direction in "Camelot," designed the costumes, scenery and production for the musical, which stars Richard Harris and Vanessa Redgrave. Miss Redgrave has 40 costume changes alone, including a fabulous \$12,000 wedding gown.

Mastroianni star of 'The Stranger'

"The Stranger," by Nobel prize-winning French author Albert Camus, which is based on a real trial -- that of the author's friend, is now a motion picture, produced by Dino De Laurentiis for Paramount Pictures in widescreen and color. "The Stranger" opens at the Ormont Theater, East Orange, tomorrow. The film, which stars Marcello Mastroianni and Anna Karina, tells of a French-Algerian clerk, condemned to death, not for his crime of killing an Arab, but for his refusal to accept the hypocrisy of the society which has accused him. The film is directed by Lucino Visconti.

Teacher aide plan passing its test

The use of teacher aides is growing in New Jersey and federal assistance through Title I of the Elementary and Secondary Act is playing its part in the growth--sometimes with dramatic effect -- according to the State Department of Education. Take the teacher aide program in Somerset County's Franklin Township, for example. There, the aide program is off to a fast and apparently successful start, a department spokesman said.

RECOMMENDED LISTENING - The just-released stereo LP album, "I Have A Dream; The Rev. Dr. Martin Luther King Jr. 1929-1968" (20th Century-Fox Records TFS-3201). This stirring album features the address delivered by Dr. King, at the foot of the Lincoln Memorial in Washington, D. C., on the occasion of the Freedom March on Washington on Aug. 28, 1963. Other speakers heard include: A. Phillip Rand, Dr. Benjamin E. Mays, John Lewis, Whitney M. Young and Roy Wilkins.

Album data: On Friday morning April 5th, using tapes acquired from Movietone News which had filmed the Freedom March in 1963, 20th Century-Fox Records and ABC Records processed the recorded tape and acquired a photo of the late Dr. King from WorldWide News for use on the album cover. On Friday afternoon, within a matter of hours, liner notes were delivered to ABC from Nat Henoff and on Saturday morning album covers were printed. The covers were delivered to the fabricator on Monday morning and by Monday afternoon ABC's pressing plant had received completed jackets. By 5 the same day trucks were rolling with partial distributor shipments and by Tuesday more than 50 percent of the distributor orders were being filled, and press copies shipped. Completed orders left the pressing plant by last Wednesday, April 10.

Royalties from the sale of the album will be paid to the organization spearheaded by the late Dr. King, A "MUST" for your record library.

CHANNEL CHATTER: Leslie Uggams, who broke in on the old Mitch Miller's "Sing-along," will have Mitch on for a brief appearance during her May 1 ABC-TV special, "Hallelujah, Leslie...." NBC has purchased the recent film release, "The Producers," but it won't be shown until the 1969-70 season... Sea lions, dolphins, porpoises, penguins, whales and an elephant who's being trained to perform on water skis will entertain visitors to ABC Marine World when it opens July 4 at Redwood City, California...

Service jobs best field for high school grads

WASHINGTON -- The most promising employment fields for high school graduates entering the labor force per-sonally this year are in the service occupations, Sec-etary of Labor Willard Wirtz has reported.

In urging the nation's 1968 graduates to pick a job with a future, Secretary Wirtz cited the following occupations as having the best employment outlook for the next several years: Airline reservation agent, airline stewardess, appliance serviceman, book-keeping worker, cosmetologist, electrician, draftsman and salesman.

Wirtz pointed out that a high school graduate must be care-ful to pick a job with a future, since many jobs open to them are more vulnerable to change in technology than jobs requiring a college education.

Other growing fields include secretaries and typists, and office machine operators to man billing, calculating and duplicating machines.

Wirtz also asked young graduates to seriously con-sider the wide range of job opportunities in the health field before making a final choice.

"You are needed and wanted in hospitals, clinics and labora-tories," he said. "The door is wide open for new young workers to fill such jobs as licensed practical nurse, medical record technician, admitting clerk and laboratory assistant."

Wirtz noted that to qualify for a number of job openings, post-high school training is a requirement.

Rutgers planning music, art event

An evening of music and art will be held tomorrow by students at the Newark Campus of Rutgers University.

Called "WRNU Motif," the show will be presented in the main lounge by the "Last Rites," while in the second floor lounge there will be an art show. The art, done by students and professionals, will be for sale.

In P.B.'s Place, the coffee house at the Campus Center, announcers from WRNU, the student radio station, will do their shows live.

Admission is \$1 and tickets are available at the door. The proceeds from the show will go to buy equipment for the radio station.

HELEN MERRITT

Club to sing Saturday

The Orpheus Club will present its 80th spring concert on Saturday at East Orange High School. Helen Merritt, soprano soloist at St. Bartholomew's Church, New York City, will be the guest soloist.

The club is the oldest male glee club in New Jersey. The concert will be under the direction of Howard Kassehau of Ridgewood, Miss Merritt, a resident of Wyckoff, was in the original Broadway cast of The King and I.

Tickets for the concert may be purchased at the door.

NOT HORSEING AROUND

The first live bomb dropped in the United States from an airplane occurred at San Francisco in January 1911. Lt. Myron S. Crissy designed and dropped the bomb at San Francisco's Tanforan Race Track.

Employment up, jobless rate 3.6 pct.

WASHINGTON -- Employ-ment gains continued in March and the unemployment rate edged down to 3.6 percent, the U.S. Department of Labor's Bureau of Labor Statistics has reported.

Payroll employment rose 350,000 to a March high of 66.8 million. The increase was 143,000 larger than seasonal, with the bulk of improvement in the service-producing in-dustries.

Unemployment rates moved down to 2.2 percent for adult men and 3.7 percent for adult women, while the teenage rate rose slightly to 13.0 percent. These rates were little changed from March 1967 or from the averages for 1967 as a whole. Since January 1966, the national unemployment rate has moved narrowly in a range from 3.5 to 3.9 per-cent, with the exception of a sharp but short-lived rise be-tween August and October 1967.

Total employment reached a record high of 75.8 million in March (seasonally adjusted). An increase of 180,000 in non-agricultural employment was partially offset by a seasonally adjusted decline in agricul-tural employment. The pickup in nonagricultural employ-ment was concentrated among adult women and teenage boys.

Over the year, nonagricul-tural employment was up by 1.8 million, while agricultural employment fell by 125,000. The drop in farm employment reflects the continuing decline in farming jobs, which have fallen by 35 percent over the last decade. At the same time nonagricultural employment rose by more than 18 percent.

The workweek for rank and file workers on private pay-rolls was unchanged between February and March at 37.7 hours. Their weekly earnings at \$104.43, were up 38 cents over the month and \$4.87 over the year.

The average workweek of manufacturing production workers was unchanged over the month at 40.7 hours (sea-sonally adjusted). With the ex-ception of a sharp weather-related dip in January, the seasonally adjusted factory workweek has held compar-atively stable since August 1967.

The average weekly earn-ings of factory production workers, \$120.18, were up by \$7.74 from March 1967. The largest share of the rise was due to higher hourly earnings which were up from \$2.79 to \$2.96 (6.1 percent) over the year.

Unemployed workers num-bered 2.9 million in March, about the same as a year earlier. There were 1.2 million adult men, 1.0 million adult women and 70,000 teenagers actively seeking work. About 90 percent of the men, 75 per-cent of the women, and 50 per-cent of the teenagers were seeking full time work.

Ask Amy

By AMY ADAMS

Dear Amy:

I decided to write to you since I can't go to anybody else for advice. My problem is my husband. He has kept all the pictures and gifts of his ex-girlfriend. He is a perfect husband, and I shouldn't complain, but those pictures seem to bother me a lot. I asked him why he is keeping them, and he says as a remem-brance.

I have never met her, but he told me all about her and how they almost got married. I know many times he shows them to his friends so they can see what she looked like. He tells me those pictures mean nothing to him.

Do you think I should forget all about those pictures and accept it as part of our lives? Whenever I remember those "remem-brances," I get all upset.

Mrs. M.S.

Dear Mrs. M.S.:

Your husband is rather immature to keep those pictures and tease you with them. Since he chose to marry you, tell him he is upset-ting you and also tell him if he values his happy home, to get rid of those pictures... and while he's at it, the gifts, too.

Dear Amy:

I bet that this is the first letter of its kind that you have received so far. I am 17 years old and my problem is my girlfriend. She is 16 and very pretty...but a little off, I think. She has this dog that is the stupidest dog I have ever seen. Yet she always puts the dog before me.

You are probably laughing, but I do not think it is funny. I am not only jealous of it, I hate it. There is no question that I bore her

because she likes me very much. But that dog has to go!

On Christmas Eve, instead of staying with me, she stayed with her precious dog. Also, the dog is totally undisciplined and bites. I have been bitten by it several times and did not antagonize it. She first goes to the dog to see if it is hurt, then she comes to me. And then I could kill the dog. There were a number of times when I waited hours for her and when she finally came in, she went straight to the dog and then to me.

Is it her or me? I have to know.
A New Dog Hater
Dear Dog Hater:
It's her!

Dear Amy:
I have read your column a lot of times and so far, I agree with you on your advice. I feel you are a very wise and smart woman and I hope your readers appreciate you.

We have been married for 27 years and have 12 children, so you know we've had more need for advice than a lot of people. We've never accotened anyone or agency for advice on how to solve our problems. Experience and an open mind have guided us so far...and prayer mostly.

We are far from perfect, I know, but I feel working out our problems is one way of knowing we are mature and not putting a burden on someone else's conscience for our needs. Even with Social Aid, it is hard at times to keep our children fed, clothed, clean and in school. So we all do without a lot of things we'd like to have. Sometimes, know-ing we'll survive without these things doesn't even help, but with a man around, we keep a pretty even keel.

Your advice has coincided with the way we have handled many a situation, so I will con-tinue to enjoy your column considering you as a friend.

Mrs. A.J.B.
(Cloverdale, Calif.)

Dear Mrs. A.J.B.:

Thank you most sincerely for your kind letter. If I have helped you, I am grateful that you took the time to let me know. I wish you and your's continued success, happiness and good health!

Dear Amy:
What do you do if your husband treats you cool in public and warm in private?
His Wife

Dear Wife:
You treat him warm in public and cool in private!

Pianists to appear at Cranford High

Arthur Whittmore and Jack Lowe, duo-pianists, will be guest artists at the final concert of the season of the Suburban Symphony Orchestra of New Jersey on Wednesday at 8:15 p.m. in the auditorium of Cranford High School.

They will perform C.P.E. Bach's "Two Piano Concerto," and Poulenc's Concerto for Two Pianos in d minor. Under Henry Bloch's direction, the orchestra will present Beetho-ven's overture to "Egmont," and Khatcha-turian's "Masquerade Suite."

There are still a limited number of single tickets which may be purchased at the door for the Whittmore and Lowe concert.

Warsaw Ghetto uprising commemoration Sunday

The 25th anniversary of the Warsaw Ghetto uprising will be commemorated in a mem-orial program at Weequahic High School on Sunday at 3 p.m. Admission is free, a spokesman said.

The commemoration program will include talks by Max Melamet, executive di-rector of the World Jewish Congress, Jacob Katzman, na-tional secretary of Farbund-Labor Zionist Order, and Sharon Schiffman, vice pres-ident of Metropolitan Council of B'nai B'rith Girls.

In addition, Isabel Perliman of the Maplewood Drama Lab will present an original dramatic program entitled: "The Powerful Light." This will be followed by interpreta-tive dances by the Hillel Is-raelli Dance Group of Rutgers University and Douglass Col-lege, directed by Howard Lit-win.

Choral presentations will be made by the New Hazomir Chorus of the YM-YWHA of Essex County and the Jewish Folk Chorus of Newark. A candlelighting ceremony in memory of the six million fallen Jews will conclude the program as memorial prayers are chanted by Cantor Morris Levinson of Temple Beth El, South Orange.

SUNDAY'S SERMON

TOMORROW
Tomorrow is the day that everything will be perfect. We'll see a ready solution to all our problems. The little things which annoy us today will disappear from the scene. We like to believe this, don't we? But we know that it is not so.

Tomorrow is a never-never land. It is always on the hori-zon, never really with us; always a promise, never a ful-fillment. It could hardly be otherwise so long as we con-sider tomorrow the perfect time, in a perfect world.

So, let's talk about today. Today is the really important thing. What can we do about today?

Let's try to make today a little more perfect. Let's im-prove our relations with everyone with whom we come in contact. Let us recognize that it is not a perfect world, that we cannot expect people to be perfect, that we shall never have things "our own way."

Let's make today a day of give-and-take. Give a smile to the world, a helping hand where such is needed; practice tolerance and brotherhood.

Staff hires women to help cut prices

More than 500 women have been recruited by Staff/Good Deal Supermarkets to assist in making permanent price reductions on 997 different products, it was announced this week by Samuel Aidekman, Staff/Good Deal's president.

Aidekman said the firm "will introduce a new low price policy, effective Wednesday, April 24, geared to make it the lowest priced food chain in New Jersey."

"To help achieve this goal," said Aidekman, "Staff/Good Deal has solicited the services of over 500 women through newspaper and circular ads. These women will help us make 997 permanent price reductions in all stores on more than two million cans and packages of groceries, frozen foods, dairy products, and health and beauty aids.

Each woman will receive \$2 per hour. A check for her work will be made out to her favorite charity, civic organization or house of worship. In this way, Staff/Good Deal can show New Jersey's homemakers first hand that we are truly the price busters."

Cantor Kusevitsky in May 5 concert

Cantor David Kusevitsky will be presented in a concert of Jewish music Sunday, May 5, for the benefit of the Solomon Schechter Day Schools of New Jersey. The concert, at 8 p.m. at Temple Beth Shalom, 193 East Mt. Pleasant ave., Livingston, is being presented by the Northern New Jersey Region of the United Synagogue of America.

The first Solomon Schechter Day School in New Jersey was established in Union at Con-gregation Beth Shalom. Now in its third year, it now has kindergarten through third-year classes and will have a fourth-year class next year.

2 computers obtained by Savings Institution

The Howard Savings Institution, has signed a contract with the National Cash Register Company for the installation of two of their new Century 200 Series computers. Robert S. Oelman, chairman and chief executive officer, signed the agreement for the National Cash Register Company, according to John W. Kress, president.

"This agreement," said Kress, "represents two years of exhaustive research and study of all the major computer systems now man-ufactured in the United States. We have outgrown the system installed in 1961, the first of its kind for any bank in the United States. This equipment served us well and it enabled us to maintain a high standard of customer ser-vice while experiencing a 75 percent growth in deposits during the past seven years."

remember when you finally swept up the last straw?

What a difference a vacuum cleaner makes in your home. So much more thorough, yet so inexpensive to run. In fact, it costs less today to run your vacuum than it did 25 years ago. Yes, the average cost of electricity has actually gone down 45% in that time. Compare that with a 120% increase in the cost of living. Of course, your electric bills are higher today, because of all the modern appliances you now use in your home... appliances that mean greater comfort, convenience, and enjoyment. Electricity makes it possible, and it's still your best bargain.

NEW EMERGENCY QUARTERS — Nurse Mary Lee of Elizabeth, N. J. administers oxygen to patient in newly refurbished emergency room at Memorial General.

Memorial expands emergency room

Memorial General Hospital, Union, has completed renovation and expansion of its emergency room facilities, Murray Rubin, hospital administrator, announced this week. The expansion, Rubin said, will allow the hospital to treat more efficiently the increasing number of patients who seek care at the facility. Rubin said the pressing need for emergency room expansion—part of the hospital's overall development program which has affected virtually every department at the institution—is reflected in these statistics: In 1965, 4,885 cases were treated. In 1966, the case load jumped to 6,515. Last year, the

figure vaulted to 10,811. "Since our policy is to treat everyone," Rubin said, "we must be prepared to meet a challenge that is increasing geometrically every year." The emergency room area, situated at the end of the west wing corridor, now has a separate reception station in a room formerly used by the hospital for storage. THE EMERGENCY ROOM itself has been completely redesigned with more efficient service and patient privacy as the primary objectives, Rubin pointed out.

The room contains four stretcher-type beds, each with its own oxygen and suction equipment. Floor to ceiling curtains can be pulled around each bed making it a separate compartment within the room. Memorial General's emergency room has also been designated a poison control center and is stocked with antidotes and drugs to combat practically every known type of poisoning. "Our emergency room," Rubin noted, "has a particularly vital role to play. The recently completed expansion will allow us to do a better job in fulfilling this role."

Surrogate reports \$15,371 receipts Park Police set job physicals

Union County Surrogate Mary Kanane this week announced receipts totaling \$15,371.42 for March. This was \$1,573.30 more than the 1967 total of \$13,798.12. Following is the summary for services rendered: Probates, \$3,572.63; administrations, \$527.50; guardianships, \$396; certificates, \$1,469.50; orders to limit creditors, \$440; refunding bonds and releases, \$606.75; petitions and orders, \$338.35; accounts, \$5,084.94; adoptions, \$393.25; and miscellaneous, \$2,542.50.

MIDWIFE KITS
Placed on top of each other, the midwife kits supplied by UNICEF would form a peak five times as high as Mount Everest.

Application forms for examinations for appointments to the Union County Park Police are still available at the Park Police Headquarters, located in the administration building, Warinanco Park, Elizabeth and Roselle. The application forms are being given out daily from 9 a.m. to 9 p.m. until tomorrow. The applications must be returned by 9 p.m. on Sunday, as the written and physical examinations will be conducted on Tuesday, a spokesman said.

A candidate for the Union County Park Police Department must be between 22 and 30 years of age, a citizen of the United States, a Union County resident for at least two years, and be a high school graduate or equivalent as established by the State Board of Education.

Applicants must be at least five feet, eight inches tall, weigh at least 145 pounds, and

have normal vision without glasses. The candidates must also be able to swim at least 100 yards.

Appointments will be made as vacancies occur, on the basis of the candidate's performance in the written, physical, medical, and oral testing.

The Union County Park Police Department was organized in 1926. At present the department consists of a chief, a captain, a lieutenant, four sergeants, and 23 patrolmen. The men work a 40-hour week and patrol over 5,000 acres of park property throughout Union County.

PULSE AND BABIES
Every time your pulse beats, three new babies are born into the world. Only one of these is delivered by a trained attendant. UNICEF helps to train midwives.

NAACP panelist included in forum on crime in streets

Marshall Brown Sr., of Plainfield, considered one of New Jersey's leading athletic specialists, will be among the panelists on the May 3 "Crime in the Streets" forum presented as a public service by Union County Open Forum in the Connecticut Farms School auditorium in Union.

Brown is president of the Plainfield Area National Association for the Advancement of Colored People. He was the first Negro male teacher hired in Plainfield, the first to teach in Plainfield High School, the first varsity coach of his race in New Jersey public schools, and the first Negro member of the executive committee of the New Jersey Football Officials Association.

He will be one of five panelists on the "Crime in the Streets" program, which will be moderated by former Governor Robert B. Meyner. Others who will discuss what many consider to be the nation's No. 1 domestic problem, increased violence and crime in America, include Vincent Broderick, former New York City police commissioner; Hon. Francis X. McDermott, New Jersey Senate Majority Leader; Herbert Romerstein, investigator for the House Committee on Un-American Activities, and Dominic Spina, director of the Newark Police Department.

The public is urged to attend this public service program, according to forum spokesmen, in order to learn how private citizens can help reduce public apathy towards crime in the streets.

Admission is \$2 for adults, \$1 for students, and tickets may be obtained by mail from Union County Open Forum, Inc., 200 Lehigh Dr., Westfield. The program will start at 8:15 p.m. Connecticut Farms School on Stuyvesant Avenue in Union can be reached directly from Garden State Parkway North, Exit 139A, and from Morris avenue in Union.

YMHA will hold Ramunda concert

The "Y" Women's Division of the YMHA, Green lane, Union will present the Ramunda Chamber Orchestra in concert at the "Y" on Sunday at 2:30 p.m. The orchestra is composed of scholarship students from the Julliard School of Music under the direction of Miss Lorina Havill, of the piano faculty of the Julliard School of Music.

The first half of the concert will be devoted to soloists from the Julliard Preparatory division. In the second half, the soloists are from the regular division of the Julliard School of Music.

The program will include J.S. Bach, Mozart, Nardini, Czerny, Milhaud, Mendelssohn, Kabalevsky, Varon, and Chopin.

Tickets are available from members of the "Y" Women's Division or from the office of the "Y", at 289-8112.
