## Regional Board denies OK on textbook

By ABNER GOLD  
The Regional High School Board of Education Tuesday night denied permission to purchase a textbook after a board member charged that it presented a negative view of the American city. The action came at the monthly board meeting at A. L. Johnson Regional High School in Clark before an audience composed of staff members and the press — with no one from the general public.

## Republican trio is unopposed; Dems fail to file

Bruce Geiger, incumbent Borough Council president, and Timothy B. Benford are unopposed for the Republican Party nomination as governing body candidates in the June 7 primary election. The Mountainside Democratic organization failed to file any names for the two three-year Council terms or for the office of tax collector.

Ruth Gibadlo is the unopposed GOP candidate for borough tax collector. First elected to that post in 1974, she will gain tenure in office if reelected this year.

Benford, who is making his first bid for elective office in Mountainside, is a candidate for the council seat to be vacated by William Cullen. Cullen, the borough's recreation commissioner has been a councilman for six years. Explaining his decision not to seek reelection, he noted the length of time he has served on the governing body and his 13-year involvement in other community activities.

"I would just like to sit back for a year and take a sort of sabbatical. I'd like to step back and take a look at what is happening in the town, and to gain a fresh approach in my thinking." He also cited increased commitments in his employment and the desire to spend more time with his family.

"My years on council have been both gratifying and, at times, frustrating," Cullen added. "Gratifying when the needs of the borough were realized—as with the construction of a new firehouse, the acquisition of the Echobrook School for a new municipal building, and the expansion of recreation programs. Frustrating because the process of government takes so much time, particularly because of red tape on the county and state levels." He also noted disagreement with "Trenton's moves to encroach on home rule."

Cullen said he intends "to eventually get back into the business of the borough," serving on a local board or "in some other capacity or with some other organization."

"I back the Republican candidates and the Republican party all the way," he said, "and I am happy to have had the opportunity to serve the citizens of the borough."

BENFORD, 36, has been a member of the Republican municipal and county committees for the past three years and a delegate to the county organization's executive committee for the last two years. He also is secretary of the Mountainside Republican Club.

**BUDGET DISPUTE**  
The March Regional Review published by the Union County Regional High School District clearly stated on page 2 that the Regional budget would reduce Mountainside's tax rate by 18 points. The local Board of Education's budget, according to the letter sent to the taxpayers and according to news articles after a last-minute cut made by the board, indicated a tax increase. My statement to this effect was not in the least misleading as Mr. Harold Burdge claimed in last week's paper.

## Issue closed

This letter is virtually the final one which the Echo will publish concerning the Mountainside school budget. Scott Schmedel, who is the subject of direct criticism here, will have an opportunity to reply next week. No other letters, on either side of the issue, will be accepted.

certainly misleading when he quotes me out of context. He would have you believe that neither Mr. Speth nor I could suggest where to cut the budget. As to that April 7 meeting itself, having been refused the opportunity to speak by the board president and by the mayor, I early on got the message loud and clear that anything we had to say was unacceptable. Laughter and rudeness were the order of the day, not Robert's Rules of Order. It is no wonder that Mr. Schmedel did not hear our suggestions.

As to my not attending the Council meeting, in the past, board members have not usually attended this meeting. This was not a joint Council-board meeting. When Mr. Schmedel's attendance record can equal mine let him accuse me of missing a meeting. He has missed more meetings in his first year on the board than I have in my five years.

Let's hope that in the future the right to disagree will be respected.

He has been a trustee of the Mountainside Community Fund for the past three years and served as chairman of the drive in 1975. He also worked as print media chairman for the Easter Seals Telethon.

Benford attended Rutgers University, the New York School of Printing and the New Process School of Graphics. While at Rutgers, he was nominated to the U.S. Military Academy at West Point, but declined, citing personal and family obligations.

Born and raised in Hudson County, he was a reform candidate for the New Jersey Assembly in 1969. He was a six-term municipal and county committeeman in Hudson.

Benford and his wife, Marilyn, have two children: Susan, 13, and Timmy, 9. They reside at 1464 Whipoorwill way.

In announcing his candidacy, Benford stated: "When my family and I moved to Mountainside three years ago we were delighted to find a community that was being efficiently run by a group of dedicated and concerned citizens. It was refreshing to observe municipal government in action without heavy-handed politics of the type so many other areas encounter as a way of life. I made a personal decision then to do all I could to preserve this environment and contribute whatever I could to ensure that the borough remained the kind of place we all could be proud of."

"My philosophies and convictions on home-rule and efficient government are in complete harmony with the incumbent administration and I look forward to playing an active role in

Several members assailed the voucher plan as a major threat to the public school system. The only one voting against the resolution was William Keyes of Berkeley Heights.

The meeting opened with a lengthy discussion of the problem of a 16-year-old student at Gov. Livingston, who was unable to obtain road training in driver education before her graduation this June, at the end of what is nominally her junior year.

Dr. Siegel explained that according to normal policy, priority goes to older students and to those who have time available in study periods. She will be able to get road training in summer school, at a time compatible with her summer job schedule.

The board agreed that the policy must be observed now, but that it should be studied with an eye to possible changes in the future.

Another complaint centered on possible sex discrimination. The charge was that the Gov. Livingston girls' softball coach, who is male, is paid less than the boys' baseball varsity and junior varsity coaches. Dr. Michalchuk said the pay is based on a teacher contract. He added that talks are under way with coaches to establish a pay scale for next year.

# 80 colleges to take part in h.s. forum

Admissions office staff members from approximately 80 colleges and universities from 16 states will participate in a special College Night Forum sponsored by the Office of Pupil Personnel Services of the Union County Regional High School District next Thursday.

The college representatives will meet with students and parents from 7:30 to 9:30 p.m. at Gov. Livingston Regional High School in Berkeley Heights.

"The program is designed primarily for sophomores and juniors who are interested in surveying offerings at a variety of schools," explained Dr. Francis Kenny, director of pupil personnel services for the Regional District. Students and their parents can obtain information on programs of study, admissions standards, financial aid, housing, student activities and other aspects of college life.

"Based upon this firsthand information from admissions officers," continued Dr. Kenny, "students should be able to narrow down their list of schools that they would like to visit and make application to."

Schools invited to participate were selected on the basis of geographical location and represent many of the colleges in which Regional District students have expressed interest. Most of the colleges offer four-year programs in a variety of disciplines.

A list of the colleges and universities participating will be made available in the guidance offices of David Brearley, Gov. Livingston, Arthur L. Johnson and Jonathan Dayton Regional High Schools.

Students have been urged to review the list and study the catalogs of schools that interest them. "Students and parents will get the most out of the program if they know beforehand which representatives they wish to talk with and what questions they would like answered," advised Dr. Kenny.

Throughout the school year, the Regional District's guidance departments sponsor a series of college forums, but this will be the most extensive program held so far. "This gives the parents a chance to contact a number of schools in a short amount of time," concluded Dr. Kenny.

Maps providing directions to Gov. Livingston also will be made available in the guidance office.

game-winning double. Maverick David Iseborn smashed a home run for his team.

In the final Pony League game of the week, the Broncos outthit the Mavericks, 11-4. Although the game was limited to four innings, the Broncos were clearly in command of the field, led by the excellent pitching and hitting of Mike Baumgartner. In centerfield, Michael Melchiorre made two spectacular catches. Alan Wilde did a commendable job as losing pitcher.

There were three hard-fought games in the American League. First, the Yankees made a final inning rally of eight runs but couldn't avert the Royals' victory, 10-8. Yankees' Billy Bryant, Mark Franciose and Anthony Iezzi hit a homer and two triples, respectively. Yankee Kevin McGrath had a homer and four RBI; strong hitting was turned in by David Sills, Mike Wood and Brian Moran.

The Brewers beat the Reds, 4-1, on a combined no-hit effort by Timmy Van Name, Matthew Miller and Myles Carter. The Brewers were led offensively by Frank Antonacci and Billy Michalski. The Reds were led by the defensive efforts of Jimmy Rau, Paul Siegel and Tommy Salimbene.

The Yankees defeated the Angels, 14-0. The Angels had strong pitching from Gregory Cote and solid hitting by David Swingle and Lewis Federico. The Yankee pitches—Greg Torborg, Chris Ventura and Billy Bryant—thwarted Angel scoring threats. The Yankees also benefitted from timely hitting by Greg Torborg, Chris Ventura, Bill Bryant and Brian Dailey.

In a hard-fought Senior League game, called after four innings because of darkness, the Red Sox defeated the Twins, 6-4. Steve Gallagher, the winning pitcher, was supported by the strong hitting of Dave Lauhoff. Billy Rose pitched for the Twins and hit two for three, including a double.

# General Tenkin is named armored division leader

Major General Wilfred C. Menard, the chief of staff of the New Jersey Department of Defense, has announced the appointment of Brigadier General Herman Tenkin of Union as commander of the 50th Armored Division. Tenkin is also being recommended for promotion to the grade of major general of the line.

Tenkin, a registered pharmacist and president of the Mountainside Drug Company, Mountainside, is a graduate of Rutgers University.

Tenkin, who joined the 50th Armored Division, New Jersey Army National Guard, in April 1947, replaces Major General William R. Sharp, who has been division commander since 1974.

Entering the active service in July of 1942, Gen. Tenkin received his commission as a second lieutenant and was assigned to the 163rd Station Hospital at Sheppard Field, Texas. During World War 2 he served in the Western European, Rhineland and Central Germany campaigns.

After returning to New Jersey, he was promoted to major in 1950. Seven years later he held the rank of lieutenant colonel. From 1960 to 1963 he served as executive officer of the 50th Armored Division's 2nd Brigade. He was assigned to the post of commanding officer of the 50th Armored Division Support Command in 1965, the same year that he achieved the rank of colonel.

From 1970 to 1971 he commanded the 102nd Armor Group and was then assigned to the New Jersey Department of Defense as director of the Governor's Youth Program. In 1972 he became assistant 50th Armored Division Commander and the next year Tenkin was promoted to brigadier general.

# Ironson, Petro pitch Bulldogs to victory

By MICHAEL PETRO

The Jonathan Dayton Regional High School baseball team came up with two victories last week, defeating West Orange, 1-0, and Millburn, 3-2, to bring their record to 3-7. Coach Edward Jasinski's Bulldogs will face Caldwell today and Roselle Saturday.

Dave Ironson and Rich Galinkin combined to pitch the one-hit shutout victory over West Orange for Dayton's first conference victory of the year. Ironson pitched the first five and two-thirds innings, striking out three and walking three.

His no-hit bid was broken up in the third inning. Galinkin came on in the sixth to kill a West Orange rally and then easily put down the losers in the seventh to give Ironson his first victory of the season.

The Bulldogs scored their only run in the third when John Kronert walked, stole second and rode home on a single by Henry Daas.

Against Millburn a superb pitching effort and clutch hitting combined to provide Dayton with their second straight conference victory. Mike Petro recorded his first victory of the season, pitching six-and-a-third innings and allowing only four hits. His no-hitter was broken up in the fifth inning when Millburn scored two runs. Galinkin came in to relieve Petro in the seventh and he retired the final two batters to notch his second save of the season.

Rick Weber was the batting star of the game belting two hits, one a double, scoring a run and knocking in the winning run. With the score tied at 2-2 in the seventh, Weber came up with Daas on second by a walk and a sacrifice by Ed McCaine. Weber promptly brought Daas home with a sharp single to center.

The Bulldogs had scored their first run in the second when Pete Episcopo walked, Bob Bohrod singled and John Kronert, who had two hits in the game followed with a single to bring Episcopo home.

Dayton's second run came in the fifth. Weber doubled and Ed Johnson who had two hits, brought him home with a single.

# Stanley's tops Twins on Clarke's no-hitter

Mike Clarke threw a no-hitter at the Mountside Twins as Stanley's chalked up a 7-0 victory in Springfield Senior League action. Clarke collected seven strikeouts.

In the bottom of the first, Stanley's scored four times. The highlight of the inning was a bases-loaded double to deep left center by Danny Kirchner, scoring all three runners. Kevin Coyle and Clarke also had hits in that inning. In the bottom of the second with one out, Clarke tripled to left center and scored when Rich Cederquist singled to center for his second RBI of the game.

Masco Sports won its second game of the season by topping the Mountside Indians, 8-1.

Masco jumped ahead in the first inning with three runs. Toby Lesofski's bases-loaded single was the key hit. Masco put the game away in the third inning by scoring four runs. Jim Wnek walked, went to second on a balk and scored on Scott Henkel's single to right. With two out, Jeff Vargas hit a three-

run home run. The eighth run was added in the fourth inning when Dave Vargas walked, stole second and scored on Wnek's single.

Adam Williams' single in the second led to the Indians' only run as Masco pitcher John Haws gained his second victory of the season. Haws allowed only two singles and struck out 10. Geoffrey Snyder and Toby Lesofski also aided Masco with nice catches in the outfield.

Springfield Exxon, behind the pitching of John Ard, defeated the Mountside Indians, 8-2. The Indians scored first on a double by Tom Huelbig and singles by David Weinberg and Belnets. Springfield Exxon scored three runs in the bottom of the third on hits by Mike Wittenberg and Eddie Johnson.

In the bottom of the sixth, Springfield Exxon scored five runs on a single by Kevin Engelhardt and a two-run double by Mike Wittenberg.

Tom Huelbig pitched a strong game for the Mountside Indians. Masco Sports continued his winning ways by defeating the Mountside Red Sox, 8-7. Masco took the lead in the first, scoring four runs on walks and singles by Joe Policastro and Dave Vargas. They added a run in the second when Jeff Vargas walked, stole second and scored on Kevin Karp's single up the middle.

With the score 6-1 in the fourth, the Red Sox erupted for four runs. With two out and a runner on first, Billy Rose and Al Preziosi singled, loading the bases. One run scored on a walk; then Chuck Dooley cleared the bases with a double to right center. Masco made it 7-5 when Joe Policastro hit a home run into center. The Red Sox tied it up in the fifth on walks and an Al Preziosi single. In the bottom of the seventh, after two were out, Scott Henkel singled, went to second on an error and scored on John Haws' single to center to give Masco the victory.

Joe Policastro was the hitting star for Masco as he hit two singles and a home run. Other hits for the victors were by Jim Wnek and Craig Clickenger, both singles, and Toby Lesofski, a double. Kevin Karp went the distance for his first victory. He struck out nine.

Stanley's defeated Springfield Exxon, 19-4. Danny Kirchner, the winning pitcher, helped his cause with three hits and five RBI, one of which was a bases-clearing double. Peter Pepe had four hits and four RBI, including a double; Rich Cederquist had two hits and five RBI; Mike Clarke had three hits and two RBI and Mark D'Agostini contributed a triple. Vinnie Cervone, who pitched three good innings in relief, added a single. Mike Rutstein and Ivan Baron rounded out the hitting with singles.

Exxon's hitting was supplied by Barry Sherman's double, and singles by Eddie Johnson, Jeff Kronert, Scott Worswick, Eugene Wohl and Onzilo Pulliam.

The standings this week in the Springfield Senior League: Masco Sports, 3-0; Stanley's, 2-1; Springfield Exxon, 1-2.

# Golfers to face Millburn; drop to 5-5 record

By MIKE MEIXNER

The Jonathan Dayton Regional High School golf team slipped to 5-5 while falling to Caldwell, 287-276. Upcoming competition will be today, when the Bulldogs face Millburn, and tomorrow, when Dayton swings against West Orange.

Mike Rosenberg, with the aid of two birdies during regulation and an amazing eagle during the practice session, contributed a 44, right near his average.

Dave Gechlik putted his way to a 48, but could not come up with that key stroke which has helped him in his sophomore glory. Another budding sophomore, Toby Lesofski, shot his second consecutive 49, as did senior clubman John Irwin. Marty Swanson was also an able competitor in the match.

# Echo Lake golf names winners

Graziano, a freshman, has a 4-1 record and an earned run average of 1.88. The former Jonathan Dayton Regional High School student also has struck out 42 batters in building a winning percentage of .800.

# DIPPER floor ball play highlighted by 'hat trick'

"Hat trick" scoring by Al Layton, Bruce Davison, Tim Harrigan, Frank Coelho and John Irwin highlighted the action as the Daily Intramural Program - Physical Education Recreation (DIPPER) floor ball league concluded its second week of early morning action in the Dayton Regional High School boys' gym last week.

Layton scored all three goals as the Rowdies (2-0) edged the Aztecs (1-1) by a 3-1 margin in Monday's action. Sid Kaufman, Stu Manoff, Kevin Lamb, Jim Hancock, Joel Gelwarg, and Jim Christolou played excellent ball for the Rowdies while Jerry Toepfer toed in the lone Aztec's marker with support from Mike Kane, Paul Kanengiser, Joe Torrisi, Bill Munley, Dave Goldstein and Joe Blabolill.

Tuesday's game saw Mitch Feuer and Mike Wittenberg account for two goals each while Steve Geltman and Steve Shindler each scored to lead the Atoms (1-1) to a 6-3 victory over the Tornados.

Davison's three-goal hat trick powered the Cosmos (4-1) to a 6-2 conquest over the Earthquakes (1-1). Jeff Lubash, Mike French and Mike Jacobs connected for the other Cosmos'

goals. Fernando Munoz slammed in both Earthquakes' goals on sizzling shots. Paul Abend, Paul Matysek, John Ferry, Paul Jeka, Billy Rose, Larry Grant, Greg Poulis and Mike Harmon sparked for the Quakes.

Thursday's game saw the Quicksilvers (2-0) live up to their name as they poured in 11 goals to defeat the Lancers (0-2) by a 11-1 margin. Tim Harrigan (three goals), John Irwin (three goals), Frank Coelho (four goals) and Bryant Burke (one goal) led the assault with assists by Dave Lauhoff, Brian Kukon and Jeff Bromberg.

Tony Sangregorio slammed in the lone Lancers' score on a handball penalty shot. Scott Worswick, Mark Ackerman, John Haws, Jeff Vargas, John LaMotta, Neal Tepper and Al Arnold played good ball for the Lancers.

DIPPER Director John Swedish announced that the first annual DIPPER faculty ping pong championships in singles, doubles and mixed doubles will begin in the men's faculty room this week. Trophies will be awarded to the winners. Registration for the doubles and mixed doubles are still open. Singles play will begin this week.

# Dinner is held by Minutemen; awards given

About 120 people attended the sixth Springfield's Minutemen basketball annual dinner which was held last Thursday evening at the East Winds Restaurant on Rt. 22.

Hazel Condon was in charge, along with her husband Paul. The guest speaker was Robert Hendrickson, dean of boys and head coach of basketball and football at Newark Academy.

Other speakers included Phil Kurnos, local director of basketball and coach of the Senior Minutemen; Fred Marech, coach of the Junior Minutemen, and Joe Rapuano, director of recreation.

Both teams were lauded for their "fine records and exemplary attitudes."

Special awards were presented to Roy Zitomer, who received the most valuable player trophy; Billy Chesley and Billy Condon, who received the Ed Graesse Award, given annually to a senior for general attitude and devotion to the team; Robert Steir, who received the most valuable player trophy for his year on the juniors, and Steve Wright, honored for his contribution as manager for both teams.

# Hockey explored

Hockey fans will get a behind-the-scenes look at one of the biggest upsets in Stanley Cup history on "The Way It Was" on New Jersey Public Television (Channels 50 and 58 on Saturday, May 21 at 5:30 p.m.).

The year is 1964 with the Toronto Maple Leafs going after their third straight championship, but the Detroit Red Wings proved to be too much of a challenge.

Maple Leaf goalie Johnny Bower relives the season with host Curt Gowdy in the segment, revealing many Toronto players of that year were gambling with penny stocks on the Canadian exchange. Perhaps too much attention was paid to this outside financial interest and not enough to the sport, he suggests.

# Tennis star wins tourney

Donna Lies, 17-year-old tennis star from Springfield, won the Middle State Tennis Association Benedict Memorial Tournament this weekend at the Bayhead Yacht Club.

Donna, who was top-seeded, whipped Carrie Bolcomb of Cranberry Lake in the final, 6-0, 6-1. Bolcomb is state scholastic girls' champion. Donna won in the semi-finals from Karen Clark of Princeton, 6-2, 6-1. Donna also plays first singles for the Jonathan Dayton Regional High School boys' varsity team.

# JV coach: big problem is outfield

By MIKE MEIXNER

The Jonathan Dayton Regional High School junior varsity baseball team has compiled a mediocre 2-6-2 record while suffering from defensive lapses.

Dave Vargas and Jeff Kronert gained the team's two victories. Vargas is also one of the team's top hitters, splitting time at first base and the mound. Albert Preziosi, a hustling centerfielder, has the team's leading batter for average, showing a fluent, well-timed swing. Mercurial second baseman Tom Huelbig is also playing well, consistently batting near the 300 mark.

Perhaps the best all-around player on the club is peppery shortstop Mark D'Agostini. Dag, despite an early season hitting slump, has shown frequent flashes of brilliance. Frank Zahn, another talented performer, fields third base efficiently, bats with power and also has been used as a pitcher. Adam Williams, another slugger, is the designated hitter. Rounding out the starting corps are rifle-armed Rick Souder and hustling Jeff Ivory.

Always ready to help out outfielders, Jeff Goldfarb, Rich Hartman, Mike Meixner, Kevin Engelhardt, Rich Cedarquist and Mitch Slater. Randy Bain is a flashy pitcher with a wicked curve ball.

The team is directed by William Kinder, who said that the main problem with his unit lies in the outfield. "The outfield represents our last line of defense. If a ball goes skittering through an outfielder's legs, there is bound to be trouble in the making," Kinder added. "However, the main outfield trouble seems to be that these boys can not make a clean shoestring catch."

# Brand Loyalties Shaken By Taste Impact Of Low Tar Merit.

## MERIT taste delivery switching high tar smokers away from age-old favorites.

There is a taste alternative to high tar cigarettes.

Modern technology created it.

Tests proved it.

Smokers are confirming it.

Today most MERIT smokers are coming from high tar cigarettes — many from brands they had been loyal to for years.

Yet they're switching to — and sticking with — MERIT.

The reason is a real advance in tobacco technology that resulted in a way to boost natural tobacco flavor without the usual corresponding increase in tar.

## Communities afford active 48-plus living

A study recently completed by an independent research organization showed that 65 percent of the owners of homes in both the Rossmoor and Clearbrook adult condominium communities in Monroe Township are still pursuing their business or professional careers.

Retirement community, therefore, is the wrong term to use in regard to Rossmoor—Clearbrook, where the minimum entry age is 48," a spokesman for the developments said. "The active men and women living there no longer need or want a lifestyle geared

to and only responsive to the needs of the young...their previous homes were geared to larger families, and they find the smaller homes, with fewer maintenance chores and responsibilities—in a stable environment of their peers geared to the social amenities of living—most appealing."

Rossmoor—Clearbrook is located off Exit 8A of the New Jersey Turnpike, 43 miles from New York City and an equal distance from Philadelphia. Interstate bus connections are available for those who prefer to leave their car at home.

"Those who stay behind in this action-oriented

community are free to devote their time to whatever activity appeals to them," the spokesman said. "Since all exterior maintenance chores are performed by professionals, residents are free to devote their time to more meaningful activities."

"Rossmoor features the ambiance of a New England village at the turn of the century, while Clearbrook embodies the architectural freedom associated with contemporary design," he said. Rossmoor and Clearbrook are both resort-oriented communities where residents can enjoy a year-round "country club" life. Residents play golf on private golf courses, play tennis or swim in Olympic-sized pools.

Two clubhouses (one in Clearbrook and one in Rossmoor) are host to the many hobby enthusiasts who find many activities in which to participate, from art and sewing classes, to home hobby workshops, dance classes, concerts, theater groups, lectures, card rooms, billiards, saunas with showers and dressing rooms, and libraries. Mini-buses make trips to plays, shopping centers and events of special interest.

Prices for homes start at \$29,600 and range to \$55,500 at Clearbrook, and \$27,500 to \$64,900 at Rossmoor. A monthly maintenance charge includes the recreation activities, around the clock guards, all exterior work, fire insurance, landscaping, trash collection, sewerage, and an on-premises medical center. Doctor's fees are additional.

## A \$1 million month for Barrymor firm

Murray Weshnak, president of Barrymor Enterprises, developer of Barrymor Estates in Lakewood, reported a record-breaking \$1 million in sales for the month of March.

According to Weshnak, \$1 million figure corresponded almost exactly to the firm's sales predictions formulated at the beginning of the year.

"Our sales staff is constantly analyzing the northern Ocean County homebuying market to determine exactly what homebuyers expect from a home construction company such as Barrymor. This added effort on our part results in the most desirable home selection at reasonable and fair pricing," Weshnak said. He added that, ultimately, both the Barrymor firm and the homebuyer benefit equally.

March also marked the introduction of the Hampton, Barrymor's new modified L-shaped, three-bedroom ranch home. The Hampton features a sunken family room, 300 square foot living room, dining room adjacent to an eat-in

kitchen, utility room and attached garage. Standard features included within all Barrymor home styles—split-level and colonial models—are full thick walls and six-inch ceiling insulation, all wood double hung windows, double floor construction, 150 amp electrical service, choice of hardwood or carpeted floors, 100 percent vinyl asbestos and ceramic tile, choice of color coordinated interior and exterior, gutters and leaders, paved driveway and choice of six hardwood kitchen cabinets.

Prices start at \$36,990.

Barrymor Enterprises offers to qualified buyers 30-year mortgages, with a down payment from as low as five percent. Interest rates from eight percent are available.

Barrymor also allows the new homebuyer to specify interior customizing work performed at no additional cost, in most cases.

Home models may be seen at the Barrymor sales area located off Garden State Parkway Exit 91 on Rt. 526 (County Line road), Lakewood, between 10 a.m. and 6 p.m. daily.

"Where else can you live on the golf course, have beautiful views, walk to one of the finest elementary schools in the county, or walk to the Hunterdon County YMCA up the block?"

Many transferees into the area have already purchased the popular Sutton model. The house features three dormers and a colonial-style covered portico.

The Canterbury two-story colonial model has also been selling well, according to Bernard. The Canterbury is a 2,200-square-foot model which offers four bedrooms, 2 1/2 tiled baths, full formal dining room, large family room (with extra-thick wood paneling) and a 17-foot kitchen-breakfast area.

Because of the demand, Shadow Oaks is offering a spacious salt box colonial for \$62,990 and a ranch for \$63,990. Lots range from 1/2 acre to 1 1/2 acres in Holland, and to three acres in nearby Alexandria Township.

# For the Birds

By Farris Swackhammer

There are no fossil remains to tell us what prehistoric birds used for nests. Probably the earliest bird just laid her eggs on bare ground. As time went on and eggs were gobbled up by predators, birds with the sense to hide their eggs from the enemy raised bigger families and the hiding characteristic was passed on to future generations through the genes. Then one day, a bird built a nest in a tree, probably on a relatively flat spot where two branches came together. Today, most birds build nests of one sort or another.

There are varying degrees of sophistication in nest construction. Common terns that nest on the beach near Stone Harbor just scrape aside a bit of sand and lay their eggs in the hollow. Egrets in the nearby sanctuary build nests of sticks that are so loosely put together that eggs occasionally fall through to the ground. Kingfishers, that catch their meals in the surrounding water, build a burrow in a bank. Robins make a nest of mud, grass and twigs. Woodpeckers hack a hole in a tree. Northern or Baltimore Orioles outshine the rest of the avian population with their pendant masterpieces.

It's the hole-nesting species that man can help most. With our fetish for removing dead limbs from trees and felling old timber, there are fewer and fewer spots where a hole-nester can build a home. Fortunately, birds will use nesting boxes put up by people as substitutes for holes in trees. American Indians put up gourds with holes in them for that purpose. Several were often put up near one another to attract purple martins, which would oblige their hosts by eating enormous quantities of insects, particularly mosquitos.

Building a birdhouse takes little expenditure of time or effort. Almost any public library has a book that gives plans for such homes.

Wood is the best building material. Metal should be avoided since it gets very hot in the sun. Pottery nesting places are sometimes seen, but these are too complex for the facilities of most home workshops. Cypress or redwood are woods that need little attention. Sawmill waste or rough slabs with the bark still on make good boxes.

Painting enhances the weathering qualities of the house. Colors should be brown, gray or dull green, unless the house is in an exposed spot for most of the day. In the latter case, houses should be painted white to reflect the hot sun.

Roofs should have sufficient pitch and overhang to shed rain. Birds do not do well if they have to sit in a damp house. Roofing paper may be used to waterproof the roof. A few small holes should be drilled in the bottom of the box to drain out any water that does get in.

Birdhouses can get hot in the summer and the young may die. To avoid this, drill several small holes near the top of the house underneath the roof.

## Ulrich urges transplant IDs

Freeholder Walter E. Ulrich of Rahway has urged the state to institute an identification system for persons who wish to donate their organs for transplants.

Ulrich said the "Gift of Life" program, which is used in California, allowed a donor sticker to be attached to the back of a driver's license or a uniform donor identification card.

"In the event of the donor's death in an accident or otherwise, the sticker makes it possible for the immediate recognition of the individual's desire to donate organs or tissues to a patient needing them for continued life," said the freeholder.

Total assets for City Federal were reported at \$1.3 billion as of March 31, an increase of \$49.4 million for the quarter, versus a \$25.6 million increase for the comparable period of 1976.

## Defense fund cuts called 'hazardous' by Rinaldo

WASHINGTON, D.C.—Increasing Soviet penetration into Africa, the Persian Gulf and Latin America, and the refusal of Russia to slow its military buildup have made it extremely hazardous for Congress to transfer a major portion of defense funds into social action programs, according to Rep. Matthew J. Rinaldo, R.-N.J.

He said that the Soviet menace sabotaged efforts in Congress to transfer \$15 billion in defense money into health, housing, welfare and mass transportation in the United States.

"We could use every penny for domestic needs, but we would jeopardize the security of the United States and our allies in the face of the Soviet military threat," said Rinaldo.

"Not since the 1930s has a major nation at peace devoted such a high percentage of its resources to war production as the Russians are now doing."

Rinaldo said the Soviet military build-up during the last three years alone shows that they have twice the military manpower of the U.S.; more intercontinental ballistic missiles; a larger submarine force; 70 percent more tactical aircraft than the U.S.; four times as many tanks, and that the

Russians are spending 15 to 20 percent of their gross national product for defense, compared to less than six percent of the U.S. gross national product.

The New Jersey Congressman said the collapse of the strategic arms talks in Moscow came at the worst possible time for the cause of peace.

"It convinced many members of Congress that the Soviets do not intend to slow the arms race and are trying to surpass the United States," Rinaldo said.

Even with the increase in U.S. defense funds, Rinaldo said, inflation, military manpower reductions, obsolescence of the U.S. Naval fleet and Air Force bombers, and the high percentage of funds needed to cover U.S. military pay would still leave the U.S. trailing the Soviets in military investment.

He warned that deep cuts in the U.S. defense budget would encourage the Soviets to increase pressure on America's allies and trading partners, and jeopardize the industrial world's lifeline of oil and other raw materials

**FRIDAY DEADLINE**  
All items other than spot news should be in our office by noon on Friday.

THE RITUAL of bathing on the trail has changed little in nearly a century from the times of the long cattle drives which began after the Civil War. Although present-day cowboys may be as familiar with modern modes of travel as they are with horses, some customs never change, such as bathing with hats on in a handy stream. The American Cowboy

in Fact and Fiction," the current display at the Kodak Photo Gallery, traces the evolution of the cowboy through photos, slides, artifacts and artwork. The free exhibit will be on display until June 4 at the gallery, 1133 Avenue of the Americas, New York. (Photo by Bank Langmore from his book, The Cowboys.)

For "Alice in Wonderland" the company has incorporated an exciting musical score, commedia-dell'arte, ballet, and stylized movement to depict the dreamlike adventures of Alice. From the rabbit hole to Wonderland, Alice travels and meets all of our favorite characters—The Franch Mouse, the Do Do Bird, the Mad Hatter, and the Duchess.
