THE SUBJECT OF DEBATE—The Wilson Tract is bordered by Evergreen court and the westbound lane of Rt. 22, diagonally across from Chapel Island traffic circle.

The land became a center of controversy recently when a Pennsylvania-based firm announced plans to build a nursing home on the site. (Photo-Graphics)

Hearing continued to Nov. 12 on nursing home proposal

By CHARLES HORNER

Three Pennsylvania men seeking a Wilson Tract zone variance for a \$4 million nursing home came to the Mountainside Board of Adjustment meeting Monday night without technical or legal representation. They said, "We wanted to tell our story directly to the people."

Board members, who continued the hearing to Nov. 12, criticized the trio's presentation, decriing the lack of information on traffic flow. At one point, board attorney Joseph Coviello referred to the blueprints and data given as "a public relations show," angering one of the three applicants.

Controversy over the project, which company literature describes as a "skilled nursing facility," centers around the proposed location and what some residents feel is a cavalier manner that the building's promoters have taken with local homeowners and the borough government.

At the Board of Adjustment's previous meeting on Sept. 12, the variance request for the Mountainside Center for Nursing and Convalescent Care could not be heard because the N.J. Department of Transportation had not been notified about the Wilson property, which is adjacent to three DOT sites. The nursing home builders,

who had refused to use a lawyer in applying for the variance said they had not known that the DOT should have been contacted.

Benjamin F. Miller, one of the trio and a member of a Philadelphia-based media consultant company, and Eugene Mayer, another partner and a professor of health care management at Brooklyn's St. Francis College, received some disgruntled comments Monday from the board and about 70 members of the audience. But most of the critical comments were directed at Seymour Kaplan, a Pennsylvania-based builder.

Kaplan was criticized for not having

Lutz: got runaround on delinquent taxes

Stuart H. Lutz, Democratic candidate for mayor, charged Mayor Thomas Ricciardi and his Republican administration did not reveal the names of large corporations which owed taxes at the year which ended Dec. 31, 1978. Lutz asked Ricciardi to order the Mountainside Tax collector to release the list of delinquent taxpayers that Lutz had tried unsuccessfully to obtain for several weeks.

Lutz claimed he has been given the "runaround" when he sought to learn which taxpayers were responsible for more than 100 per cent increase in unpaid taxes this year. The figure for 1977 was \$86,000, and was \$186,000 in 1978, Lutz said. This represents unpaid taxes of three million dollars in tax rates.

"I want to know how and why this happened. I can't find out unless the tax collector lets me know who the delinquent taxpayers are."

In conducting a survey, the four neighboring communities furnished me with this information in five to 15 minutes," Lutz declared.

"As a businessman," Lutz continued, "I would make sure I know the identities of any delinquent accounts."

The Borough of Mountainside is a \$200-million business that is not being run accordingly. The taxpayers should not have to tolerate a tax collection operation that smacks of a mom-and-pop operation, being conducted out of a cigar box."

Lutz emphasized that his concern over the sharp rise in delinquent taxes extended beyond his role as a candidate.

"As a taxpayer myself, I am dismayed to learn that the people entrusted with the vital function to bring the every tax dollar it is permissible to collect aren't doing the job. While neighboring communities send out quarterly notices, Mountainside sends out only one tax notice yearly," Lutz said.

The Democratic candidate said "I was unquestionably entitled to the information. I had requested this information by registered mail and had been denied it. I would like to obtain the list with minimum fuss. If there is nothing to hide, there should be no justification for the difficulties I have been forced to endure. The people have a right to know, and I intend to have my rights respected."

Night planned for candidates

The American Association of University Women, Mountainside branch, has announced that a Candidates Night meeting will be held at 8 in the all-purpose room at Beechwood School, Mountainside, on Thursday, Oct. 25.

Democratic candidates in the municipal election include: Stuart H. Lutz, candidate for mayor; Frances Ehman and Ray Vaccari, council candidates, and Barbara G. Byron, candidate for tax collector.

The mayoral incumbent, Tom Ricciardi, heads the Republican slate, followed by Abe Suckno, council incumbent; Marilyn Hart, candidate for council, and Joan Nemick, tax collector candidate.

Mary L. Greeley, chairman for the evening, announced that each candidate will be afforded ample time to present views, answer questions from the general audience, and summarize at the end of the question and answer period. An informal coffee session will follow the forum.

Beechwood report: No shut-down now

By SAM FINNELL

The school facilities advisory committee in its long-awaited report to the Mountainside Board of Education recommended Tuesday night at the board meeting that the Beechwood School remain open at least for two years.

The board voted to accept the report and will meet Nov. 20 to decide on the school's fate. The date will allow the board time to prepare the school budget in December.

"The committee feels that the enrollment decline experienced by Mountainside has ended and that there is going to be gradual, but small increase, which will stabilize," the report says. The report also says that the savings to the borough if the school is closed or sold would be minimal, saving each homeowner only \$20 to \$30 per year.

Under state law, the report says, if the school were closed for three years and re-opened, it would have to be renovated to comply with specifications for a new school. The cost for the renovation now would be \$156,500 and, allowing for inflation, would soar to more than \$200,000 by 1982.

After the report was read, board members commented on the report and on the problem.

Board member Pat Knodel, citing the master plan prepared by Engelhardt

and Engelhardt of Purdy Station, N.Y., said she thought the enrollment would decline over the next five years. She said savings would exceed the roughly \$70,000 figure mentioned in the report if the school were closed down, because personnel savings were not included in the committee's computations.

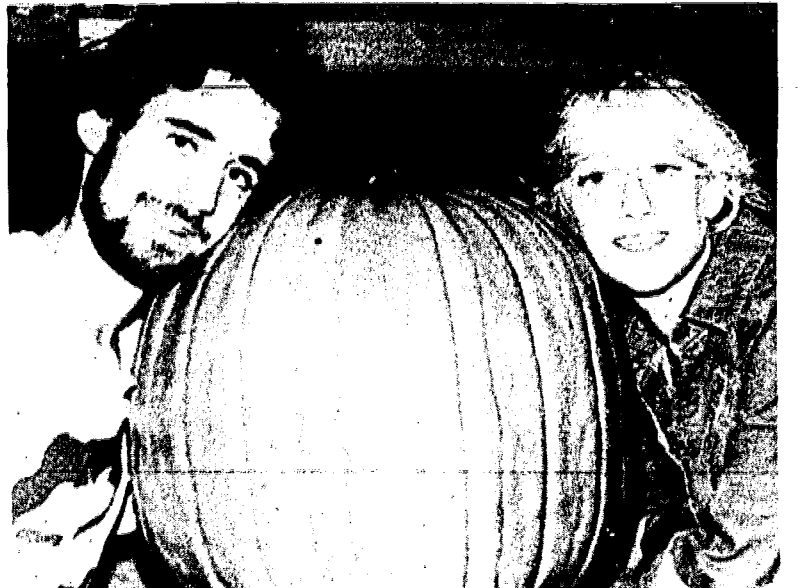

Charles Speth agreed enrollment will continue to drop and said that the schools would operate more efficiently

under one roof.

A representative of Engelhardt and Engelhardt who attended the meeting supported Speth and Knodel's contention that enrollment will decline.

Bert Barre said, "The possible potential savings of closing at present the Beechwood School are outweighed by the potential increased costs in the schools would operate more efficiently."

'Jerz' plays at Deerfield on Oct. 19

"Jerz," a musical salute to New Jersey, will be presented by the PTA and the Recreation Commission on Friday, Oct. 19 at the Deerfield School. The performance is scheduled to begin at 8 p.m.

"Jerz" has been described by state officials as "one of the finest theatrical productions ever staged about New Jersey." It features in a humorous manner the many people and incidents that have contributed to New Jersey's growth over the past 300 years.

During its premiere tour of 1975-77 "Jerz" was presented over 500 times. It was the prime attraction at Morven, the Governor's Mansion, for the first gubernatorial Salute to New Jersey Artists. Governor Byrne cited "Jerz" for "its positive contribution to New Jersey's morale and image."

"Jerz" has also been presented at Independence Hall, Trenton's State House, and the Statue of Liberty, and was twice featured on WNBC-TV, Channel 4.

Designed to appeal to ages 8 to 98, some of the favorite musical numbers from the show include: "The Statue of Liberty is a Jersey City Gal," "People and Cars," "Lots to Do," "Jersey Ingenuity," "Monopoly," and "All Hail Pannonia." For this year's centennial of the invention of the first practical light bulb, additional material on Edison has been added to the show.

Tickets for the performance are 50 cents per person and may be purchased at the recreation office or at the door. They will also be sold in the Deerfield School cafeteria during lunch period Oct. 18 and 19.

The Halfpenny Playhouse of Kearny, presenter of "Jerz," is the premiere touring theatrical company in the Garden State. Founded in 1963, the Company is also touring shows in North Carolina, "Tar Heel" and the metric system, "One For Good Measure." It also presents dinner-theater attractions at Your's Restaurant in Kearny and the Golden Nugget Saloon at Wild West City in Netcong.

'School night' slated Tuesday

Our Lady of Lourdes School, Central Avenue, Mountainside, will have "Back to School Night" on Tuesday at 8 p.m. in the school auditorium. This will be the first open meeting for the Home and School Association.

Parents will have opportunity to meet the faculty and become acquainted with the curriculum for the upcoming year. Refreshments will be served.

Romak cites growth with low tax rates

Mountainside Republican hopefuls and supporters were told by campaign chairman Ron Romak he agreed to serve as chairman "to help assure that the tradition of sound, responsive, well planned government continues into the '80s. Mayoral incumbent Tom Ricciardi, Council incumbent Abe Suckno, Council candidate Marilyn Hart and Tax Collector candidate Joan Nemick will assure that this tradition continues."

"When I was asked to act as campaign chairman, I was surprised and honored. As a young person, I grew up in town, attending Deerfield and Echobrook Schools. Back in the early '60s, Deerfield was much smaller and the borough's library was housed in two rooms in the basement of Echobrook. During the winter months, we had to put our coats on and run from our fourth and fifth grade classes to the annex where the library was housed. I watched as our town fathers planned and built a library which continues to be a source of pride for the community today."

"In the long hot summers, the subject of a community pool was thoroughly discussed. Due to the financing method employed, the pool has been self-supporting, with virtually no tax monies spent. It also provides summer jobs for Mountainside citizens, young and old alike."

"The next large undertaking was the construction of a new firehouse, to house an expanded volunteer fire department and meet the needs of a growing community. The new structure

should be adequate to meet our needs for years to come.

"Next came our new Borough Hall—police headquarters. Rather than start from scratch, the closed Echobrook school, with the cooperation of our Board of Education, was recycled into a functional facility. Using the old school resulted in substantial savings."

"Yet, during this maturing process, Mountainside continued to maintain the relaxed, rural-like atmosphere we all enjoy. Perhaps one of the most positive aspects is that our Republican administration, past and present, have accomplished these goals, and others, with Mountainside homeowners enjoying one of the most favorable tax rates in Union County. These accomplishments are the result of hard work and dedication. They help to ensure increasing property values while providing needed and desired facilities and services."

"As a member of the volunteer Rescue Squad for the past 11 years, I have worked closely with mayor and council. For three years, I've served as captain and have never had a reasonable request refused by our town fathers. What has resulted is an efficient, well-equipped squad which provides emergency coverage 24 hours per day to you, your family and those who work in the borough at little cost to the taxpayer. We enjoy an excellent

reputation and, while most of this results from the efforts of our members, the mayor and council have been and always are close at hand to lend support."

Midgets travel to Chatham after 8-0 loss

The Springfield Minutemen football Midgets lost to Mountainside, 8-0, last Sunday.

Captains for the Minutemen were Greg Wioland and Eric Storch. Mountainside won the toss and had possession of the football first. The Minutemen's defensive linemen, Danny Francis, Wioland, Jeff Feinberg, Kenny James, Storch, and Jon Cora forced Mountainside to kick after a short drive. A fumble on the punt return gave Mountainside good field position. A touchdown drive was stopped by middle linebacker Robert Fusco when he recovered a fumble on the Mountainside four-yard line.

Springfield quarterback Chris Wickham, attempting to gain working room, was brought down in his own end zone for a safety. At halftime, when the teams left the field, Springfield was down only by those two points.

Starting off the third quarter, the Minutemen had the ball. The offensive backfield, Fusco, Greg Walsh and Chris Kisch led by quarterback Wickham, found it rough going against the Mountainside defense.

In the fourth quarter, Mountainside scored the first touchdown of the game making the score 8 to 0.

Springfield finally got its offensive drive going and drove 55 yards when the clock ran out, leaving them on Mountainside's 10 yard line.

Other players seeing action were Nick Cataldo, Mike Elson, Mark Gross, Walter Jackson, Matt Magee, Darren Marcantone, and Chris Ostenfeld.

The Springfield Midgets, now 0 and 2, have only four boys returning from last year's team. Coaches Ed Kisch, Lou Herkalo, and Bill Wickham have been working hard with the boys, building an offensive and defensive team. The coaches are placing more emphasis on how to play rather than winning. Springfield's next game will be Sunday at Chatham Boro.

Jets win, 6-0; Souders' run beat Chatham

The Mountainside Jets' lightweight team won its second straight game, beating Chatham Township, 6-0.

The first half was a defensive struggle with Chatham having the edge. Mountainside's defense, led by Enzo Pallitta, David Martignetti, Duane Connell, Jeff Stoffer, Kevin Rogers and Jim Clifford, kept Chatham from scoring.

The second half was dominated by Mountainside. Behind the running of Marc Costello and Steve Souders and Michael Wood's passes to Chris Dooley, the Jets moved to two consecutive first downs. Steve Souders then went off tackle for 60 yards and a touchdown.

Key blocks in the scoring drive were made by Joe Costello, Bart Barre, Walter Heckel, Jeff Stoffer, David Martignetti, David Clifford, Jim Clifford, Andrew Solomon and Joe Ventura. The defense kept Chatham in its territory for the remainder of the game.

JEFFERSON TERRACE RUNNERS — These men have received trophies for placing in the 5-mile run at Cheesecake Park sponsored by the Big Brother-Big Sisters of America. They are, from left, Joe Oxx, Exxon employee and the inspiring force for these young men to run for pleasure and health, and to support worthwhile organizations; Richard Mullen, employes by Haines, Inc.; Brian Mullen, law student at Seton Hall U., and Fra Tauber, senior at Jonathan Dayton High and member of the Cross Country Track Team.

Booters face Millburn today for tourney bid

The Jonathan Dayton Regional High School varsity soccer team brought its record to 2-3-2 with a 3-1 victory over West Orange last Thursday. This afternoon, Dayton travels to Millburn hoping to reach the 500 mark necessary to qualify for the state tournament.

Against West Orange, "we played well enough to win," commented coach Joe Cozza. "We played too conservatively in the fourth quarter." Scoring for Dayton were Marty Swanson, Henry Largey and Miron Waskiw, who leads the team with four goals. Dayton was strong off the bench

and in goal with Andrew Grett and Scott Worswick.

Regional had earlier played a 3-3 tie at Verona. Cozza was pleased with the team's aggressiveness and intensity. Scoring for Dayton were Dan Demareski, Steve Tenenbaum and Mike King.

Cozza, noting that this is a very young squad that is improving with every game, attributes the losing record to a lack of experience. Many of the players started to learn soccer two or three years after players from other towns.

Dayton's junior varsity team, under coach Mario Kawczynski, is becoming a good team despite its 3-5 record. All the losses have been close, said the coach, who looks forward to a winning season. The players feel they are the equal of any team they have played. They lack the skills of some of the other teams but they make up for it in hustle and intensity.

Some of the better players are Jon Levien, Henry Rueda, Len Glassman and Steve Vitolo. Three of their best players, Matt Gallagher, John Klimas and Yuram Rubanenko, have moved up to the varsity.

According to the coach, Dayton players must start playing at a younger age and play all year.

Cuthill sparks UC's booters

Outstanding goal keeping by Berkeley Height's Grant Cuthill is keeping Union College's soccer hopes alive in the Garden State Athletic Conference.

In conference play last week, The Owls tied Middlesex County College, 2-2, and beat Burlington County College, 1-0. Cuthill had 14 saves each in the two contests.

Jim Duggan of Berkeley Heights scored Union's second goal against Middlesex on a head ball off a corner kick by Jose Lobelo of Plainfield, while the first score was by Steve Franck of Rahway on a tremendous assist by Percy Penda of Maplewood. Union now has a 1-1-2 record.

Dayton faces Summit Saturday; 7 fumbles help Madison win

The Jonathan Dayton High School football team gave the state champion Madison "all it could handle" for a while last Saturday before losing, 41-6. "For three quarters, our kids were giving Madison all it could handle," said Coach Angelo Senese.

A Dayton fumble, during the opening series of plays, gave Madison the inside its 40 yard line and an opportunity to drive 54 yards. The Dayton Bulldogs' goal line stand, however, kept the first quarter scoreless.

Early in the second, the Bulldogs drove down the field and Kenny Klebous gave Dayton a 6-0 lead. The two-point conversion was unsuccessful. During the ensuing plays of the second quarter Dayton turnovers allowed Madison to score twice. The third quarter was touch and go until Madison scored with less than three minutes remaining. Four Dayton turnovers in the fourth quarter resulted

in three Madison touchdowns. Overall the squad fumbled seven times and Madison capitalized for five touchdowns. Said Senese, "You can't turn the ball over to the best team in the state."

Dayton got only 73 yards rushing; Eddie Francis had eight carries for 25 yards, Robert Irene 17 carries for 20 yards, Sal D'Addario four carries for 15 yards, Anthony Circelli four carries for four yards and Kenny Klebous eight carries for 15 yards. Klebous hit on four of eight passes for 105 yards.

Anthony Circelli led the defense with seven unassisted tackles. Linebacker Jack Parent and defensive end Robert Dooley performed well. Joe Policastro had an interception and Steven Kessler a quarterback sack.

The Jonathan Dayton junior varsity defeated Hillside, on a touchdown by Kevin Iaone. Mike Carricato's pass to Ronny Wilhelm resulted in a two-point

conversion. The squad was defeated, 6-0, by the tough Madison Dodgers. Saturday the Bulldogs will be home to Summit at 1:30. Dayton (0-1-2) will be facing a powerful team with good size and excellent speed despite an 0-3 record. Senese feels "the onus will be placed on our offense and the key will be for us to hold onto the football."

Harriers beat Summit, taking middle 6 spots

By DAVID GOLD

The Undefeated Jonathan Dayton Regional High School cross-country team extended its winning streak to seven with a 25-30 victory in Summit.

The top runners for Dayton were Jeff Knowles (3), Jay Bruder (4), Steve Wright (5), Adam Silverstein (6), Scott Conolly (7), Jim Roach (8), Glen Eitz, Steve Halpin and Louis Salemy.

Coach Martin Taglienti, disappointed in his front runners, gave the credit for the victory to his middle and back runners. Taglienti is also worried about ailing Knowles, Bruder and Silverstein.

With the season half over, Dayton is ranked first in the conference. Taglienti is very pleased with his team overall, especially the younger runners, such as Scott Conolly.

Regional's next meet will be at home against Verona Tuesday.

Kaplan sparks UC

After a scoreless first half, Sean Hurley of Scotch Plains and Rich Kaplan of Springfield scored goals to lead Union College's soccer squad to a 2-1 victory over Somerset County College last week.

Weeks on varsity

Carolyn Weeks of Mountainside has been chosen as a starter for the 1979 women's varsity volleyball team at Bucknell University. She is a sophomore and a graduate of Jonathan Dayton Regional High School.

Dayton's gymnasts overpower Verona

By PENNY LEVITT

The Jonathan Dayton High School gymnastics team gave an impressive performance Oct. 2, to defeat Verona High School. As always Paige Carter scored an exceptional 8.8 on the first

event, vaulting. Penny Levitt placed second with a 6.55 and Hannah Reimann's 6.4 was a close third. Reimann went on to win on the uneven bars with a 7.0. The balance beam competition was swept by Dayton gymnasts Carter, Reimann and Sue Feig. Reimann then surprised the crowd by placing first on floor with a hard-to-achieve 7.4. Routines by Suzy Baker, Trisha Federico and Jodi Ruff each contributed substantially to the team's final score; Dayton 71.50, Verona 48.90.

Past Friday the team met with less favorable circumstances at Kearny High School. Head coach Ele Seisson was disappointed with the entire competition and is counting on the girls to "get their act together in the future."

Vaulting went relatively well and gave Dayton an opportunity to take the lead. Unfortunately, Kearny pulled ahead on the uneven bars and then strengthened their lead on the balance beam. The powerful efforts of Suzy Baker, Penny Levitt, Vicki Sarricino and Paige Carter on floor were not enough to surmount Kearny's score. Dayton ended with 61.45 points to Kearny's 61.65. Trisha Federico and Jodi Ruff performed well; two junior varsity members, Jean Caiazzo and Debbie Olarsch, made their gymnastic debuts.

The coming portion of the Dayton gymnasts' schedule is undeniably the toughest. Tomorrow they will host a meet with David Brearley High School of Kenilworth. Tuesday, the squad will be at Cranford. The gymnasts also are preparing for the Union County High School Gymnastic Tournament, at the end of October, when they will have an opportunity to prove their potential against several teams met earlier in the season.

Springfield B shuts out Jets; to face Summit

Springfield's undefeated B football team (3-0) defeated the tough Mountainside Jets Sunday at Meisel Field, 19-0.

Springfield's first touchdown came in the first quarter when Reed Jones broke tackle for 44 yards to the four. On the next play Levent Bayrasli scored on a sweep around right end.

On Springfield's next possession, Frank Romano broke up field on a 25-yard run to set up a touchdown by Chris Clemson on a three-yard quarterback sneak, behind the blocking of center Dan Klingler. The score at half-time was 12-0.

In the second half Springfield's defense was led by Don Larzleer (quarterback sack), Irving Webb (pass interception), Anthony Boffa (two unassisted tackles), Mike Sabarese (two unassisted tackles), John Apicella (two unassisted tackles), Richard Francis (one unassisted tackle) and John Wioland (two unassisted tackles).

In the fourth quarter, a Mountainside offensive drive was stopped by David Salsido who intercepted a pass and dashed 21 yards for a touchdown.

Springfield's B Team will play Sunday at 3:15 at Millburn against Summit's Blue Team.

CANDIDATE NAMES COORDINATOR—Bob Franks, left, Republican candidate for Assembly in the 22nd District, has named Springfield resident Al Briggs to his campaign steering committee. Briggs has been active in local Republican politics for a number of years.

LEAF-RELIEF

FOOTBALL SEASON IS NEAR AGAIN. BUT IF YOU DON'T HAVE A SNAPPER, THE RAKING SEASON IS HERE AGAIN.

SNAPPER "High Vacuum" riding mowers not only do a good job of cutting grass, they pick up the cuttings, leaves and litter in a hurry. Depending on the size of your spread, optional catchers are available with six and thirty bushel capacities. That means you may be able to mow and vacuum your entire area without stopping to empty.

If your lawn area doesn't require a riding mower, there's also a SNAPPER walk-behind mower to get fall chores out of the way in a hurry. With an optional Snapperizer attached to the bottom of a SNAPPER mower, you can shred leaves so the bag holds over twice as many and you have to empty it less often.

Ask for a demonstration of a SNAPPER. You'll see why SNAPPER owners are able to enjoy more of the games.

FREE SNAPPER POWER T-SHIRT with the purchase of any SNAPPER Mower, Tiller or Tractor at participating SNAPPER Dealers.

a more definite traffic impact plan than the statement, "People don't visit their elderly parents that much." Some residents criticized a possible hazardous blind spot near the proposed driveway.

At one point, angered by the board attorney's jibe that he was giving a "public relations" type of presentation, Kaplan retorted, "If you don't want us here, we'll pick up our papers and go!" Several members of the audience shouted, "Good!"

After the meeting, Kaplan told a reporter, "I'm past the age where I want to make a profit. I only want to provide good nursing home care."

Long debates and the volume of questions caused the board to continue the matter until the next Board of Adjustment meeting.

Beechwood report: No shut-down now

(Continued from page 1)

A study of the feasibility of the borough's acquiring its own buses for school transportation was presented by John Mc Donough, board secretary.

Although the study concludes savings would be very small, the state is studying the feasibility of reorganizing school transportation on a regional level.

The board also discussed approving a field trip by seventh and eighth-grade Spanish students at Deerfield School to a performance by the Jose Greco Company, a dance troupe, at Carnegie Hall, New York, Oct. 31. The cost for 136 students to attend the show, \$885, would result in unequal allotments for field trips to the remaining students.

The board approved a motion to have Dr. Levin Hanigan, superintendent of schools, design a "package" for this year's class trips—including the end of the year trip—by Dec. 1. Because no motion was made on the trip to New York City, the proposal was dropped.

Board president Dr. Art Williams said, "There is no way that I could vote to close the school." He also used the overhead projector to show what rooms would become available in the next few years and how they could be used.

Linda Esenplare stated that she is still undecided and would like to see how the empty space will be used. "We just can't close it and leave it," she said.

The report named 10 proposals for the use of the extra space: 1) relocation of the Board of Education offices to Beechwood; 2) recreational facilities to be used by the recreation commission; 3) facilities for meetings of civic organizations such as the Boy Scouts or senior citizens; 4) a pre-school program; 5) a day-care center; 6) facilities for special education, occupational therapy, learning-disabled children and gifted children; 7) adult education programs; 8) an extension of the public library; 9) alternative education systems such as non-graded or Montessori classes, and 10) private educational uses such as music or art instruction.

The board and Mayor Tom Ricciardi, who said at the meeting he agreed with report's recommendation to keep the school open but to re-evaluate the data, have agreed to a meeting to be held sometime after the end of next week to explore the council's role in the use of the facilities.

In other business, the board voted to transfer all bank accounts from Central Jersey Bank and Trust Co., Mountain avenue, to United Jersey Bank, Summit avenue. Among the benefits United Jersey Bank offers is free checking.

Elks' breakfast set for Sunday

Mountainside Elks Lodge 1585 has again invited the public to the lodge's monthly pancake breakfast, to be held Sunday from 8 a.m. to noon at the club's Rt. 22 headquarters.

Pancakes, sausages, bacon, eggs, coffee, tea, orange juice and milk will be served at \$2 for adults and \$1.50 for children.

At a recent Elks' initiation, Leroy J. Mumford, Edward F. Hay, Arsene Gautier, Bruce E. Pelton Sr. and John W. Meyer became lodge members.

'LOT OF RHETORIC'
For the past two weeks, I have been reading the publicity the Republican candidates have been submitting to your newspaper, which to my mind is just a lot of rhetoric.

It is only because the Democratic candidates have indicated their concern for the senior citizens that the present mayor decided he had better appoint a committee to study housing for them. Was this committee appointed for the best interest of the citizens of Mountainside or for the political interests of mayor and council?

Midgets travel to Chatham after 8-0 loss

The Springfield Minutemen football Midgets lost to Mountainside, 8-0, last Sunday.

Captains for the Minutemen were Greg Wioland and Eric Storch. Mountainside won the toss and had possession of the football first. The Minutemen's defensive linemen, Danny Francis, Wioland, Jeff Feinberg, Kenny James, Storch, and Jon Cora forced Mountainside to kick after a short drive. A fumble on the punt return gave Mountainside good field position. A touchdown drive was stopped by middle linebacker Robert Fusco when he recovered a fumble on the Mountainside four-yard line.

Springfield quarterback Chris Wickham, attempting to gain working room, was brought down in his own end zone for a safety. At halftime, when the teams left the field, Springfield was down only by those two points.

Starting off the third quarter, the Minutemen had the ball. The offensive backfield, Fusco, Greg Walsh and Chris Kisch led by quarterback Wickham, found it rough going against the Mountainside defense.

In the fourth quarter, Mountainside scored the first touchdown of the game, making the score 8 to 0.

Springfield finally got its offensive drive going and drove 55 yards when the clock ran out, leaving them on Mountainside's 10 yard line.

Other players seeing action were Nick Cataldo, Mike Elson, Mark Gross, Walter Jackson, Matt Magee, Darren Marcantone, and Chris Ostendorf.

The Springfield Midgets, now 0 and 2, have only four boys returning from last year's team. Coaches Ed Kisch, Lou Herkalo, and Bill Wickham have been working hard with the boys, building an offensive and defensive team. The coaches are placing more emphasis on how to play rather than winning. Springfield's next game will be Sunday at Chatham Boro.

Jets win, 6-0; Souders' run beat Chatham

The Mountainside Jets' lightweight team won its second straight game, beating Chatham Township, 6-0.

The first half was a defensive struggle with Chatham having the edge. Mountainside's defense, led by Enzo Pallitta, David Martignetti, Duane Connell, Jeff Stoffer, Kevin Rogers and Jim Clifford, kept Chatham from scoring.

The second half was dominated by Mountainside. Behind the running of Marc Costello and Steve Souders and Michael Wood's passes to Chris Dooley, the Jets moved to two consecutive first downs. Steve Souders then went off tackle for 60 yards and a touchdown.

Key blocks in the scoring drive were made by Joe Costello, Bart Barre, Walter Heckel, Jeff Stoffer, David Martignetti, David Clifford, Jim Clifford, Andrew Solomon and Joe Ventura. The defense kept Chatham in its territory for the remainder of the game.

JEFFERSON TERRACE RUNNERS — These men have received trophies for placing in the 5 mile run at Cheesecake Park sponsored by the Big Brother Big Sisters of America. Booters face Millburn today for tourney bid

By DAVID GOLD

The Jonathan Dayton Regional High School varsity soccer team brought its record to 2-3-2 with a 3-1 victory over West Orange last Thursday. This afternoon, Dayton travels to Millburn hoping to reach the 500 mark necessary to qualify for the state tournament.

Against West Orange, "we played well enough to win," commented coach Joe Cozza. "We played too conservatively in the fourth quarter."

Scoring for Dayton were Marty Swanson, Henry Largey and Miron Waskiw, who leads the team with four goals. Dayton was strong off the bench

and in goal with Andrew Grett and Scott Worswick.

Regional had earlier played a 3-3 tie at Verona. Cozza was pleased with the team's aggressiveness and intensity. Scoring for Dayton were Dan Demareski, Steve Tenenbaum and Mike King.

Cozza, noting that this is a very young squad that is improving with every game, attributes the losing record to a lack of experience. Many of the players started to learn soccer two or three years after players from other towns.

Dayton's junior varsity team, under coach Mario Kawczynski, is becoming a good team despite its 3-5 record. All the losses have been close, said the coach, who looks forward to a winning season. The players feel they are the equal of any team they have played. They lack the skills of some of the other teams but they make up for it in hustle and intensity.

Some of the better players are Jon Levien, Henry Rueda, Len Glassman and Steve Vitolo. Three of their best players, Matt Gallagher, John Klimas and Yuram Rubanenko, have moved up to the varsity.

According to the coach, Dayton players must start playing at a younger age and play all year.

Cuthill sparks UC's booters

Outstanding goal keeping by Berkeley Height's Grant Cuthill is keeping Union College's soccer hopes alive in the Garden State Athletic Conference.

In conference play last week, The Owls tied Middlesex County College, 2-2, and beat Burlington County College, 1-0. Cuthill had 14 saves each in the two contests.

Jim Duggan of Berkeley Heights scored Union's second goal against Middlesex on a head ball off a corner kick by Jose Lobelo of Plainfield, while the first score was by Steve Franck of Rahway on a tremendous assist by Percy Penda of Maplewood. Union now has a 1-1-2 record.

Dayton faces Summit Saturday; 7 fumbles help Madison win

The Jonathan Dayton High School football team gave the state champion Madison "all it could handle" for a while last Saturday before losing, 41-6.

"For three quarters, our kids were giving Madison all it could handle," said Coach Angelo Senese.

A Dayton fumble, during the opening series of plays, gave Madison the inside 40 yard line and an opportunity to drive 54 yards. The Dayton Bulldogs' goal line stand, however, kept the first quarter scoreless.

Early in the second, the Bulldogs drove down the field and Kenny Klebous gave Dayton a 6-0 lead. The two-point conversion was unsuccessful. During the ensuing plays of the second quarter Dayton turnovers allowed Madison to score twice. The third quarter was tough and go until Madison scored with less than three minutes remaining. Four Dayton turnovers in the fourth quarter resulted

in three Madison touchdowns. Overall the squad fumbled seven times and Madison capitalized for five touchdowns. Said Senese, "You can't turn the ball over to the best team in the state."

Dayton got only 73 yards rushing; Eddie Francis had eight carries for 25 yards, Robert Irene 17 carries for 20 yards, Sal D'Addario four carries for 15 yards, Anthony Circelli four carries for four yards and Kenny Klebous eight carries for 15 yards. Klebous hit on four of eight passes for 105 yards.

Anthony Circelli led the defense with seven unassisted tackles. Linebacker Jack Parent and defensive end Robert Dooley performed well. Joe Policastro had an interception and Steven Kessler a quarterback sack.

The Jonathan Dayton junior varsity defeated Hillside, on a touchdown by Kevin Iaone. Mike Carricato's pass to Ronny Wilhelm resulted in a two-point

conversion. The squad was defeated, 6-0, by the tough Madison Dodgers.

Saturday the Bulldogs will be home to Summit at 1:30. Dayton (0-1-2) will be facing a powerful team with good size and excellent speed despite an 0-3 record. Senese feels "the onus will be placed on our offense and the key will be for us to hold onto the football."

Harriers beat Summit, taking middle 6 spots

By DAVID GOLD

The Undeclared Jonathan Dayton Regional High School cross-country team extended its winning streak to seven with a 25-30 victory in Summit.

The top runners for Dayton were Jeff Knowles (3), Jay Bruder (4), Steve Wright (5), Adam Silverstein (6), Scott Conoly (7), Jim Roach (8), Glen Eitz, Steve Halpin and Louis Salemy.

Coach Martin Taglienti, disappointed in his front runners, gave the credit for the victory to his middle and back runners. Taglienti is also worried about ailing Knowles, Bruder and Silverstein.

With the season half over, Dayton is ranked first in the conference. Taglienti is very pleased with his team overall, especially the younger runners, such as Scott Conoly.

Regional's next meet will be at home against Verona Tuesday.

Kaplan sparks UC

After a scoreless first half, Sean Hurley of Scotch Plains and Rich Kaplan of Springfield scored goals to lead Union College's soccer squad to a 2-1 victory over Somerset County College last week.

Weeks on varsity

Carolyn Weeks of Mountainside has been chosen as a starter for the 1979 women's varsity volleyball team at Bucknell University. She is a sophomore and a graduate of Jonathan Dayton Regional High School.

Dayton's gymnasts overpower Verona

By PENNY LEVITT

The Jonathan Dayton High School gymnastics team gave an impressive performance Oct. 2, to defeat Verona High School. As always Paige Carter scored an exceptional 8.8 on the first

event, vaulting. Penny Levitt placed second with a 6.55 and Hannah Reimann's 6.4 was a close third. Reimann went on to win on the uneven bars with a 7.0. The balance beam competition was swept by Dayton gymnasts Carter, Reimann and Sue Feig. Reimann then surprised the crowd by placing first on floor with a hard-to-achieve 7.4. Routines by Suzy Baker, Trisha Federico and Jodi Ruff each contributed substantially to the team's final score; Dayton 71.50, Verona 48.90.

Springfield B shuts out Jets; to face Summit

Springfield's undefeated B football team (3-0) defeated the tough Mountainside Jets Sunday at Meisel Field, 19-0.

Springfield's first touchdown came in the first quarter when Reed Jones broke tackle for 44 yards to the four. On the next play Levent Bayrasli scored on a sweep around right end.

On Springfield's next possession, Frank Romano broke up field on a 25-yard run to set up a touchdown by Chris Clemson on a three-yard quarterback sneak, behind the blocking of center Dan Klingler. The score at half-time was 12-0.

In the second half Springfield's defense was led by Don Larzler (quarterback sack), Irving Webb (pass interception), Anthony Boffa (two unassisted tackles), Mike Sabarese (two unassisted tackles), John Apicella (two unassisted tackles), Richard Francis (one unassisted tackle) and John Wioland (two unassisted tackles).

In the fourth quarter, a Mountainside offensive drive was stopped by David Salsido who intercepted a pass and dashed 21 yards for a touchdown.

Springfield's B Team will play Sunday at 3:15 at Millburn against Summit's Blue Team.

Past Friday the team met with less favorable circumstances at Kearny High School. Head coach Ele Soisson was disappointed with the entire competition and is counting on the girls to "get their act together in the future." Vaulting went relatively well and gave Dayton an opportunity to take the lead. Unfortunately, Kearny pulled ahead on the uneven bars and then strengthened their lead on the balance beam. The powerful efforts of Suzy Baker, Penny Levitt, Vicki Sarricino and Paige Carter on floor were not enough to surmount Kearny's score. Dayton ended with 61.45 points to Kearny's 61.65. Trisha Federico and Jodi Ruff performed well; two junior varsity members, Jean Calazzo and Debbie Olarsch, made their gymnastic debuts.

The coming portion of the Dayton gymnasts' schedule is undeniably the toughest. Tomorrow they will host a meet with David Brearley High School of Kenilworth. Tuesday, the squad will be at Cranford. The gymnasts also are preparing for the Union County High School Gymnastic Tournament, at the end of October, when they will have an opportunity to prove their potential against several teams met earlier in the season.

LEAF-RELIEF

FOOTBALL SEASON IS NEAR AGAIN. BUT IF YOU DON'T HAVE A SNAPPER, THE RAKING SEASON IS HERE AGAIN.

SNAPPER "High Vacuum" riding mowers not only do a good job of cutting grass, they pick up the cuttings, leaves and litter in a hurry. Depending on the size of your spread, optional catchers are available with six and thirty bushel capacities. That means you may be able to mow and vacuum your entire area without stopping to empty.

If your lawn area doesn't require a riding mower, there's also a SNAPPER walk-behind mower to get fall chores out of the way in a hurry. With an optional Snapperizer attached to the bottom of a SNAPPER mower, you can shred leaves so the bag holds over twice as many and you have to empty it less often.

Ask for a demonstration of a SNAPPER. You'll see why SNAPPER owners are able to enjoy more of the game.

FREE SNAPPER POWER T-SHIRT with the purchase of any SNAPPER Mower, Tiller or Tractor at participating SNAPPER Dealers.

a more definite traffic impact plan than the statement. "People don't visit their elderly parents that much." Some residents criticized a possible hazardous blind spot near the proposed driveway.

At one point, angered by the board attorney's jibe that he was giving a "public relations" type of presentation, Kaplan retorted, "If you don't want us here, we'll pick up our papers and go!" Several members of the audience shouted "Good!"

After the meeting, Kaplan told a reporter, "I'm past the age where I want to make a profit. I only want to provide good nursing home care."

Long debates and the volume of questions caused the board to continue the matter until the next Board of Adjustment meeting.

future if we had to reopen in a few years."

Jerrold Kolton, using figures shown on an overhead projector, also said he feels the costs of reopening after three years exceed possible savings.

Carl Marinelli said he sees no need to close the school now and that proper utilization of the extra space in the two schools could enhance the educational program.

Board president Dr. Art Williams said, "There is no way that I could vote to close the school." He also used the overhead projector to show what rooms would become available in the next few years and how they could be used.

Linda Esemplare stated that she is still undecided and would like to see how the empty space will be used. "We just can't close it and leave it," she said.

The report named 10 proposals for the use of the extra space: 1) relocation of the Board of Education offices to Beechwood, 2) recreational facilities to be used by the recreation commission, 3) facilities for meetings of civic organizations such as the Boy Scouts or senior citizens, 4) a pre-school program, 5) a day-care center, 6) facilities for special education, occupational therapy, learning disabled children and gifted children, 7) adult education programs, 8) an extension of the public library, 9) alternative education systems such as non-graded or Montessori classes, and 10) private educational uses such as music or art instruction.

The board and Mayor Tom Ricciardi, who said at the meeting he agreed with report's recommendation to keep the school open but to re-evaluate the data, have agreed to a meeting to be held sometime after the end of next week to explore the council's role in the use of the facilities.

In other business, the board voted to transfer all bank accounts from Central Jersey Bank and Trust Co., Mountain avenue, to United Jersey Bank, Summit avenue. Among the benefits United Jersey Bank offers is free checking.

Goitein to talk at Hadassah benefit brunch

Mrs. Herbert Weininger of Mountainside, president of the Greater Westfield Chapter of Hadassah, has announced that Ora Goitein will be the guest speaker at the Godparents Brunch sponsored by the Chapter for the benefit of the Mother and Child Pavilion of Hadassah Medical Center, Jerusalem.

Mrs. Goitein was born in Israel. Her parents also born in Israel. She has continued and furthered the family tradition of service—as a volunteer in the Transport Corps during the War of Liberation, as liaison officer for Haganah, as chairman of the Hadassah Council in Israel, and as Liaison for Women's Affairs in the Embassy of Israel in Washington. She is now serving as Consul for Official Guests in the Foreign Office in Jerusalem.

The Godparents Brunch will be held Nov. 11 at the home of Mr. and Mrs. Isaac Heller in Scotch Plains. John Carpenter, tenor of the Metropolitan Opera, Gail Allen Carpenter, lyric soprano and Charles Sokler, pianist, will be guest artists. Mrs. Sidney Cheser of Scotch Plains may be contacted by phone at 379-1111 to participate.

FATS AS ENERGY

Food fats provide a concentrated source of energy. They furnish protection for various vital organs and also aid in body insulation. While fat is helpful in making food palatable, consumption of fats in excess can cause weight problems.

See what's in OAK KNOLL'S educational bag at our Open House October 28 at 2 p.m.

If you're a parent who's been thinking about a private school education for your child, you'll want to attend the Open House at Oak Knoll School of the Holy Child on October 28. Whether your child will be kindergarten age next fall, ready for high school, or somewhere in between, the Open House will give you a preview of a rich educational experience. You'll find out just how Oak Knoll blends innovative and traditional concepts of education for its Lower School students (boys and girls, kindergarten through sixth grade) and Upper School pupils (young women, grades seven through twelve). At the Open House you'll meet the faculty and administration, tour the facilities, learn about the curriculum that draws young people from as far as Far Hills, Parsippany, Livingston, The Oranges and Westfield. Oak Knoll admits children of any race, color, national or ethnic origins. Come at 2 p.m. on Sunday, October 28 and bring your son or daughter. For additional information about Oak Knoll, call Ms. Marilyn J. O'Shea, Director of Admissions at 273-1125.

A flea market scheduled by School Guild

Scarecrows and straw harvest wreaths will be among the craft items featured at a flea market sponsored by the St. James School Guild Saturday in the Springfield church auditorium from 10 a.m. to 4 p.m.

Mrs. Geraldine Welsh, president of the school guild, reported that Mrs. Joanne McGann gave instructions and supervised projects during the summer months. She said that the mothers of St. James students also make Christmas items and orders taken at the flea market will be ready for pick up at the next flea market on Dec. 1. Profits from the sale of the crafts "will be used to enhance the excellent academic program offered at St. James School."

More than 50 other dealers will display items including straw brooms, macramé, wood crafts, brass and glass clocks, records and tapes, hardware, jewelry, tee shirts, antiques, toys, sneakers, white elephants. Members of the Jonathan Dayton Regional High School, Springfield, will have a table to raise funds for support of the school band.

Stud tires banned in 12 states; Jersey, 25 others, set limits

The New Jersey Automobile club reminds local motorists who may be planning a winter trip that will mean crossing state lines to check regulations on the use of studded snow tires before setting out.

Twelve states and one Canadian province prohibit the use of metal-studded snow tires year-round. Another 26 states, the District of Columbia and

seven Canadian provinces set time restrictions for use of the tires.

In addition to the province of Ontario, the following states completely ban conventional studded snow tires: Florida, Hawaii, Illinois, Louisiana, Michigan, Minnesota, Mississippi, Pennsylvania, Rhode Island, Texas, Utah and Wisconsin. Minnesota permits out-of-state vehicles to use

studs for 30 days.

New Jersey permits the use of studded tires from Nov. 15 to April 1. Jurisdictions banning or restricting the use of studded tires cite evidence of highway damage as their major rationale, according to Matthew J. Derman, club president.

Research indicates that driving studded tires over dry pavement for lengthy periods of time can cut deep ruts into road surfaces, Derman explained. Such grooves obliterate painted lane and other highway markings and increase the chance of water build-up which can lead to dangerous hydroplaning of tires.

AAA suggests that to be on the safe side motorists should avoid using studded tires altogether, both conventional metal studs and soft studs in any state where there is a ban. Local interpretation of loosely worded laws cannot be guaranteed, nor can definitions of acceptable and unacceptable studs.

The motoring federation has for several years called for a nationwide ban of studded tires and recommends using conventional snow tires and adding removable, reinforced tire chains when road conditions are icy. According to Derman, tire chains offer even greater stopping ability than studded tires on glare ice.

Motorists who already have purchased studded tires may have the studs removed to create good conventional snow tires, providing, of course, both tread and tires are in good condition. The procedure, however, is a difficult one which many garages and tire dealers may not welcome, and, once removed, studs cannot be replaced.

Sunrise Lakes adds classes for residents

A special season is in store for residents of Sunrise Lakes Phase III, an active adult community developed by W. B. Homes, Inc., in Sunrise, Fla.

Seventeen classes sponsored by a major college will be held in the Phase III multi-million dollar main clubhouse this fall. The courses have been designed to provide personal development and enrichment for members of the retirement community.

Phase III's coming theater performances will include well known musicians, singers, comedians and dancers, booked for Friday night shows in the main clubhouse theater.

All Phase III clubs

have resumed a full schedule of meetings, tournaments, intramural play and outings. Last season the Sunrise Lakes billiard and shuffleboard teams took top honors in Broward County leagues.

More people than ever before will enjoy and participate in the social activities of Phase III. The Sunrise Lakes (W B Homes) sales staff has welcomed a record number of new residents into Phase III in time for the fall season.

W B Homes, Inc. is a wholly owned subsidiary of the Development Corporation of America, Broward County's leading builder. DCA's sales report for the second quarter of 1979 includes 215 apartment

sales in Sunrise Lakes Phase III during April, May and June.

Apartment sales for the month of July jumped 70 percent over June, year-to-date sales ending July 31 were considerably ahead of sales for the same time last year.

Phase III is expected to sell out by 1980, with 2925 of 3245 units sold to date. Already W B Homes is making significant progress toward the development of Phase IV, another recreation-oriented project to be called Sunrise Lakes West.

Recreation is a prime interest in the South Florida condominium market. A large percentage of recent buyers in Phase III have been in the 55-year-old range. They are active and demand a solid, expansive recreational program that is immediately accessible.

The main clubhouse in Phase III, together with five satellite recreational buildings, are offering buyers this accessibility. Facilities in the spacious complex offer residents around-the-clock recreation.

mental stimulation and social activity.

Within the main clubhouse of Phase III are a diversity of planned activities. Large and small card rooms, a sewing room, an arts and crafts room, a billiards room, meeting rooms and exercise rooms all serve as weekly classrooms in addition to social centers for all Phase III residents.

Classes are popular among residents of Sunrise Lakes. Courses scheduled for the fall include self awareness, Yoga, 21st Century nutrition and art appreciation. For those wishing to expand their knowledge through reading, a mini-library is available in the lobby of the main clubhouse two days a week.

Many residents wish to learn how to swim so a basic swimming course has been enthusiastically welcomed. Beginning swimming classes will take place in the main clubhouse heated outdoor pool or large indoor pool.

The swimming area at the main clubhouse is proof that Phase III accents recreation. The large pool deck surrounding the outdoor pool and saunas leads into an indoor pool and whirlpool. Included in the swimming area are a jogging trail, shuffleboard courts and table tennis. Beyond the pool complex is an exercise room and restroom-locker rooms.

Sports enthusiasts who do not easily adapt to water might find pleasure in the main clubhouse four-wall racquetball court or executive golf course. Golfers are currently in full swing at Phase III. Many are new residents who will experience a complete fall-winter golfing season for the first time.

Residents desiring more passive social activity often gather at one of the satellite recreational centers most convenient to their apartments. Within each of the satellites are large meeting and card rooms, a billiards room and a kitchenette. An outdoor pool and shuffleboard court are located just beyond each satellite. The newest satellite to

open also contains a darkroom for photography buffs.

While Phase III residents can be found anywhere within the condominium complex during the week, they seem to meet Friday and Saturday evenings for "Showtime" and "Saturday Night Cabaret."

Among stars scheduled for the fall theater season are Dick Contino, the New Christy Minstrels, Freddie Roman and Tony Martin. Residents pay \$2 to \$3 to see three professional acts on Friday evenings in the plush Phase III theater.

Residents are invited back to the main clubhouse Saturday evenings to enjoy Cabaret nightclub dances for 50 cents. Dancers are provided a live band, set ups and service.

While social activity is the prime interest of residents in Sunrise Lakes Phase III, most were also attracted by the community's affordable prices. One- and two-bedroom apartments are available from the low 30s to the mid 50s.

All apartments are in buildings no more than three stories high and offer residents landscaped views or

terraces that overlook the golf range. Instant hot water taps, garbage disposals and pass-throughs from dining rooms to kitchens are a few of the standard features in all apartments. Two

bedrooms and luxury also offer such convenient features as dishwashers, and the luxury two-bedroom, two-bath offers microwave ovens. All apartments contain screened terraces.

Purchasers of the luxury models have a choice of terraces or Florida Rooms.

The sales office of Sunrise Lakes is located at 3000 Sunrise Lakes dr. W., Sunrise, Fla., 33322. Broward County's

leading builder has given Phase III residents affordable apartments, multi-million dollar main clubhouse and satellite recreation centers to provide the ideal home for active adult residents.

NON-CONDOS FOR SALE IN BARNEGAT—Only a few of the 120 homes in successful Barnegat Woods remain for sale, offering ranch and 2-story attached homes in a non-condominium community. Photo shows (low-roofed homes at end) two-bedroom ranches. The two-story units at center are three-bedroom townhouses. Prices are from \$28,000, with

low 5 percent and 10 percent down payments to qualified buyers. Because Barnegat Woods is not a condominium, each home comes with its own land front and back, outside shed for storage, plus private parking at the front. Fronts are landscaped; both front and back are fully sodded.

Barnegat lists last 6 homes

A few homes still are unsold at Barnegat Woods, community of attached homes priced from \$28,000 in Barnegat, just off Exit 67 of the Garden State Parkway.

"Not everyone who plans to purchase a home qualifies for the

mortgage," said the Barnegat Woods project superintendent and sales manager, JoAnne La Terra. "Those few homes whose buyers were not approved for financing are now available. While these were mostly young married couples, both

townhouses and ranches are available.

Mrs. LaTerra says that "about half a dozen" homes have now been released for sale in the non-condominium community, the last sales of the 120-home community built in a "hidden location" of hilly terrain east of the Parkway and west of Rt. 9.

The community's sales office is located in a construction trailer on site, she reports, because the model homes were sold a few weeks ago.

The Barnegat Woods homes are spacious, well-designed and constructed of fine materials to provide energy economy. The ranch offers two bedrooms and an oversized living room that may easily be decorated as a combination living room and semi-formal dining room.

The townhouse offers three bedrooms and an

split bath arrangement. The downstairs offers a country kitchen-dining room arrangement separate from the full living room across the front of the home.

Because Barnegat Woods is not a condominium, each home comes with its own land, landscaped at the front and sodded both front and back, outside garden storage shed and private parking at the front.

Barnegat Woods is located at the corner of Lexington and Bowline avenues, near the Barnegat Boulevard Elementary School, just off Gunning River road; the bayside town offers full civic services, fine schools and proximity to bay waters for long summers. In fact, several purchasers are using their Barnegat Woods homes as vacation homes until retirement; others reside there year-round.

Utility awarded \$6 million hike

The New Jersey Board of Public Utilities (BPU) has granted Elizabethtown Gas a rate increase of \$6.3 million in addition to the \$5 million interim increase granted last April 5, making a total overall general increase of \$11.3 million.

This increase marks only the third time in 31 years that the company has had a general rate rise.

Duncan S. Ellsworth, the firm's executive vice-president, said the increase is necessary to meet rising operating costs and required capital expenditures which include federally ordered corrosion control projects and compliance with federal safety regulations.

Ellsworth also said that \$6 million of the \$11.3 million increase will ultimately go to pay local, state and federal taxes.

Public invited to star-gaze

Anyone who would like to know more about the nighttime sky will have an opportunity this fall at public star-gazing sessions being planned by the New Jersey State Museum Planetarium in cooperation with the Amateur Astronomers Association of Princeton (AAAP).

The free rain-or-shine sessions are scheduled for each Friday evening Oct. 5 through Nov. 23.

Anyone who would like to participate should go to the Museum Planetarium at 7:30 p.m. On clear evenings the group will proceed to the AAAP observatory at Washington Crossing State Park where telescopes will be set up. Participants are invited to bring their own telescopes or binoculars if they wish.

Additional information on the program is available from the planetarium at (609) 292-6333.

Under the new rates, a residential, non-heat customer who uses 17 therms per month will have an increase of \$2.82 per month over the interim rate, going from \$11.04 per month to \$13.86. A residential heating customer with a 100-therm monthly use will pay an additional \$2.68 monthly, or \$47.56 compared to \$44.88.

As part of the final rate design as approved by the BPU, a portion of Elizabethtown's Purchased Gas Adjustment (PGA) was incorporated in its base rates, effectively reducing the PGA charge from 20.4 cents per therm to 8.96 cents per therm. This change has no effect on the total charges shown on a customer's bill.

Elizabethtown Gas, which is a subsidiary of National Utilities & Industries, serves approximately 185,000 customers in Union, Middlesex, Sussex, Warren, Hunterdon, Mercer and Morris Counties.

ROBERT E. ALLEN has been elected to the board of directors of City Federal Savings, according to Gilbert G. Roessner, chairman of the board. Allen, 44, is vice-president of business services at AT & T, Basking Ridge.

'Disabled unit' plans meeting

Disabled in Action, an organization for those with physical disabilities, will meet Oct. 12 at 7:30 p.m. in Willis Hall at Kean College, Union.

"Recreation for the Handicapped" will be the topic. Activities such as camping, horseback riding, basketball and other sports events, once considered feasible for the disabled individual, will be explained by those who have engaged in the activities.

Representatives from the New Jersey Rehabilitation Hospital, Somerset Hills Handicapped Riders Club and National Association of Sports for Cerebral Palsy, as well as members of DIA, will be guest speakers. A social hour will follow. The meeting is open to the public.

Kokes opens sixth Village

Two milestones are being marked this month by Crestwood Communities.

Village Six was introduced. Crestwood entered its 15th year of providing a "serene and meaningful existence" to thousands of retired Americans, according to Mike Kokes, who founded Crestwood in 1965 and is still president and active head of the pioneer adult community on Rt. 530, near Whiting, Ocean County. In kicking off the year-long anniversary celebration, Kokes renewed the pledge he made 25 years ago "to return a full dollar's worth of value for every dollar invested in Crestwood" and to provide for its residents "retirement years filled

with peace, happiness and fulfillment."

Today, those promises are still being carried out in the development of the newest of the 10 villages that make up Crestwood Communities clustered along Rt. 530.

Nine Crestwood models, from a studio-efficiency to a luxury two-bedroom, two-bath, detached home with central air-conditioning, are offered in Village Six. Four additional models are offered in Whiting Village nearby. The samples are displayed seven days a week from 9 to 6 at the exhibit center at the intersection of Rt. 530 and Schoolhouse Rd., reached via Garden State Parkway, Toms River Exit 80.

Irish Caucus will perform

The Irish National Caucus of New Jersey will present a concert at Kean College in Union at 8 p.m. Oct. 19 in honor of Patrick Pearse, an early 20th Century Irish patriot, and Maureen Ruane, Irish dancer from Elizabeth who was killed in an auto accident last year.

The group will perform traditional Irish songs, dances and poems accompanied by harps, pipes, fiddles and tin whistles.

Tickets and further information are available from McGovern's Tavern, 58 Newark, or James V. Burke, 21 Main St., Sayreville. 643-3984 or 965-0829.

Save-a-Heart walk is Oct. 21

On Sunday, Oct. 21, the Suburban Deborah League will hold its third annual Save-a-Heart Walk-a-Thon in conjunction with 125 other Deborah chapters throughout New Jersey, New York and Pennsylvania, in order to raise funds for the treatment of heart and lung diseases.

The Suburban Deborah League's 10-mile walk through Springfield and Millburn will begin at the National State Bank located at 193 Morris Ave., Springfield, and end at the American Legion Hall located on Trivett Avenue North, Springfield.

Any person interested in participating in either the sponsoring or walking should contact Cheryl Mullman at 376-5929 or Marsha Gershberg at 467-8129.

All proceeds raised during the walk will go to the Deborah Heart and Lung Center in Browns Mills, which provides medical and surgical treatment to patients with heart and lung disease without distinction as to race, religion, national origin or ability to pay.

On Oct. 16 at 8:30 p.m., the League will hold its business meeting of the season at Temple Beth Ahm in Springfield. Ellen Korey of Springfield will preside.

\$5,000 prize offered artists

Selma Wasserman of Westfield, chairwoman of the Holocaust Memorial Committee of the Jewish Federation of Central New Jersey, has announced a \$5,000 purchase prize will be awarded to the New Jersey artist or craftsman who creates a portable Holocaust memorial in the medium of his choice.

The winning memorial will be on display throughout the year in Jewish institutions within the community served by the Jewish Federation of Central New Jersey and will be used for Holocaust commemorative ceremonies, both secular and religious. Any New Jersey artist or craftsman interested in obtaining information may contact Diana Cohen at the Jewish Federation of Central New Jersey, 351-5060.

READING YOUR FACE

A science which is no longer taken seriously but was respectable in the late 19th century was Physiognomy. Physiognomy is today a pseudoscience but in the late 19th century it was a science—"of reading personality traits in the features of the face."

For the Birds

By FARRIS SWACKHAMER
Professor, Union College

A few weeks ago a young lady, who sounded very attractive over the phone, called to ask about 'some birds she saw. She said they had the silhouette of blue jays and sounded like these strident birds were all white. Last winter one of my fellow birders, who lives only a few blocks from me, mentioned that he had a partially-white chickadee visiting his feeder. In 1978 when the first broods of house sparrows were about to leave their nests, another birder called to say that two of the offspring in a sparrow nest near her window were all white.

These birds were either wholly or partially albino. This is due to an absence of pigment in the bird's feathers and skin. Without any pigment, feathers reflect all light that hits them and appear white. The skin and eyes usually are pink, due to the color of hemoglobin within surface blood vessels. Birds exhibiting pale coloration are not albino but probably have reduced melanin, the typical black pigment of feathered creatures, in their plumage.

Pigments that give color to many birds are divided into three groups: melanins, carotenoids and porphyrins. Melanins are the most common and, in various combinations, are

concentrations, may produce blacks, browns and even yellows. They are chemical compounds in the form of tiny granules in skin and feathers, synthesized by the bird itself.

Carotenoids, responsible for reds, oranges and most of the yellows, are not put together by the bird but come directly or indirectly from plants. These are present in the feathers in diffuse rather than granular form. Porphyrins, which are present in many birds'

feathers, fluoresce under ultraviolet light. They may appear pink or red or occasionally green. Surprisingly enough there are no known blue pigments in birds' plumages. Blue jays' brilliant feathers are due to light reflecting in a special way from brown feathers.

Albinos are not restricted to birds. Most animals may be albino also. As a matter of fact the white squirrels of Olney, Ill., are famous as a tourist attraction. Near the turn of the century, a farmer brought a pair of albino squirrels to town and, for nearly a year, they occupied a cage in the window of Jap Banks

Saloon. The Tippit boys were given permission to release the white squirrels and took the cage out to the woods and nailed it to a tree. The door was then opened forth first. Without warning a large fox squirrel raced down the tree and tore it to pieces.

One of the brothers, who just the day before had been given

permission to fire a squirrel in the woods around Olney. Had the female albino come out of the cage first, there would be no white squirrel colony.

Opstbaum studies Venus

Dr. Roger Opstbaum, an atmospheric physicist at Kean College of New Jersey, is working with other scientists to analyze data received from the first Venus orbiter, Pioneer Venus, in orbit for 10 months.

Dr. Opstbaum spent a good part of the summer and continues to devote one day each week to his work as a consultant at the Goddard Institute for Space Studies in New York City, which is funded by NASA.

According to Dr. Opstbaum, the planet Venus not only is shrouded in wispy layered clouds of sulphuric acid, there seems to be a haze or a fog above the clouds.

He explained that view of the edge of the planet reveals that the "limb" or the edge is not smooth. He said, "We are trying to determine the nature of what it is that is causing the non-smoothness."

Opstbaum, who is interested in the upper atmosphere of Venus, said answers to questions about the altitude at which haze occurs and the number of layers there will not necessarily be forthcoming.

Although the information is diffuse at any given time, Opstbaum said it is particularly hard to tell at this stage. He explained that the data is currently being processed and that a lot may depend on the latitude, longitude and perhaps even the time of observation. "That determines what you see."

Although more complete data will be compiled by December, Dr. Opstbaum stressed that "this is pioneering" research and the information culled from it will be rudimentary and general.

Hardwick bids for state to end T&E program

Assemblyman Chuck Hardwick (R-20th District) this week called on the Byrne administration to "admit the failure of T and E (the thorough-and-efficient education law) and return education to local control and the basics."

The state has added 310 people to the Department of Education payroll while school enrollments are falling, teachers are being fired and schools closing, Hardwick said.

He called on Byrne to "fire all the new bureaucrats" and let local districts distribute the money they're paid.

The Public School Education Act of 1975 has already cost New Jersey taxpayers millions of dollars without improving education in rich, poor or middle income districts, he charged.

Despite a 50 percent increase in state aid to schools under T and E, he said, New Jersey scores on Scholastic Aptitude Tests have failed to improve, remaining significantly below the national average.

Hardwick said his concern over "remote control" of the educational process has been increased by creation of the new federal Department of Education, which he feared would evolve into another bureaucratic playpen.

Hamilton's ITALIAN WINE FESTIVAL!!!
Wines that would have kept Columbus home!

WHITE WINES
Frascati \$289 N.Y. Porzio 750 ML
Dry, golden & full bodied. A perfect table wine!

RED WINES
Verdicchio '77 \$299 Tribuno 750 ML
A light wine, goes best with veal or poultry. Serve well chilled.

Amarone '71 \$699 Allegrini 750 ml.
A rich body with an overpowering flavor describes this good Piedmont wine! But the best way is to uncork, let breathe for 2 hours and serve with any handy fare. This wine is truly special!

BOLLA Bardolino IN A STRAW \$19.50 Gal.
An excellent light red wine, slightly fruity, the wicker basket makes a lovely chatchka.

WINE BASKETS
