Blizzard freezes voting, causes no major damage

Mountainside voters are expected to go to the polls next Tuesday night after an April blizzard resulted in the closing of election polls at 3 p.m. this past Tuesday.

A state of emergency was declared by Gov. Thomas Kean at about 2 p.m. after the 40 mile per hour winds and minus 25 degree wind-chill factor dropped 12.8 inches of snow in the area. A spokesman for the Newark Weather Bureau said this is the first April blizzard in New Jersey since that service began keeping records in 1930.

Mountainside police reported six motor vehicle accidents, two trees down and two wires down. According to Robert Koser, roads engineer, one of the wires may have been a cable television wire. Neither the fallen trees nor wires resulted in serious damage.

"Branches and debris were blown

about at numerous locations. Everything was picked up and cut," Koser said.

The gusts of 40 mph winds may have been the cause of eight burglar alarms set off and a Mountainside/Springfield sign blown down, police said.

According to Koser, 10 snow plows and drivers were used during the snowfall. The clean-up crew used salt and coal cinders to aid the icy roadways.

Since the law apparently makes no provision for calling off an election, the shutdown of the polling places had to await Kean's declaration of a state of emergency.

The order from Trenton directed that voting machines remain locked, with the tally sheets inside. Voting machines have been impounded, and votes already cast will be included in the total

when voting resumes next week.

Regional Board of Education elections also are scheduled to resume Tuesday, according to Harold Burdge, board secretary.

"We're simply going to do as were told as far as setting up the polling places," said Burdge, who added that "everything should be pushed up a week.

The regional board reorganization, originally scheduled for Tuesday, is now set for April 20. According to Burdge, Springfield and other districts will probably follow suit and have reorganizations a week later than was scheduled.

When the election is held, voters will be faced with the same issues that were before them this week. They will have to fill two Board of Education seats and

decide whether or not to approve the 1982-83 budget.

Wayne Treece, Linda Esemplare, Camie Delaney and George Serio, the four candidates, are vying for two vacancies to be created when Bart Barre and Carl Marinelli step down from the board.

Robert Gardella was appointed to the Mountainside Board of Education to fill the recently vacated seat of Dr. Arthur Williams, during a special April 1 meeting.

Gardella, who was sworn into the seat at that meeting, was chosen over two other contenders. The board decided to choose the Partridge Run resident after interviews were held with all candidates.

Williams' one-year unexpired term was vacated after a March 10 announcement that he was planning a move out of the community.

Senese is named 'Man of Year'

By PHILIP HARTMAN

Angelo Senese, 30, will be honored as "Man of the Year" by the Springfield Mountainside chapter of UNICO during a dinner dance May 22 at Dasti's Mountainside Inn in Mountainside.

Ed Tranchina, head coach of the Cranford High School football team and a former assistant coach at Jonathan Dayton Regional High School, will present Senese with the award, given annually in honor of former Chicago Bear player Brian Piccolo, a cancer victim and the subject of the movie "Brian's Song."

This year Senese coached the Jonathan Dayton Bulldog football team to the state sectional championship game in Group II. The Bulldogs' 7-2 regular season record (1-1 in the playoffs) was the first winning season since 1961.

"In the spirit of Brian Piccolo I have been blessed to have perhaps the finest assistant coaching staff any coach could ask for," Senese said.

Senese credited the Bulldogs' success to "the tremendous support of our principal, athletic director, Board of Education... the community at large, former Mayor Bill Cieri and, probably most important, the kids."

He added: "Without these people, Angelo Senese is not as special a person as you would believe him to be. In essence, they make me special, and this award is here because of them — these people are as much a part of this award as me."

Senese came to Jonathan Dayton as head coach in 1978 and inherited a program that was "up against 20 years of losing teams."

"The tough part was getting the kids to believe they could win," he explained.

Upon arriving, Senese began a two-phase program that encouraged players to enter other high school sports and train with weights throughout the year. In one year, the number of football players in other sports increased from less than 10 to more than 30.

The philosophy was to keep them in year-round shape, according to Senese. Those players not in sports would train with weights during the school year; also, a summer weight training program was begun for the entire team.

"The second year here that program began to develop when we had 10th graders playing with improved skill and technique," he said. Although the first two teams under Senese finished with identical 0-8-1 records, "the scores became much closer" in the second season, he explained.

Senese pointed out that the seniors who went to the championship game this year had a 0-6-1 record in their freshman year. That improved to 3-4-1 as junior varsity players and a 2-7 record as juniors on the varsity team last year. Senese said the two-phase program and new confidence among the players were the reasons for their success this year.

"It's more than just the program; the kids believe they can win. We've been telling them that for four years," he remarked.

This year the team gave up an average of 6.8 points per game while scoring about 23 points per game. When Senese took over four years ago, those

ANGELO SESESE

totals were almost reversed, with the defense giving up more than 350 points for the year.

He added that many people criticized the move from the Suburban Conference to the Mountain Valley Conference this year. The Bulldogs were seen as the weak sister of the league.

The 34-6 Thanksgiving Day victory over West Orange, second in the Suburban Conference this year, and the second place mark of 7-2 in the Mountain

Valley Conference, are evidence the move was a good one, according to Senese. He added that the team had a 1-1 record in the playoffs, losing by only one point, 7-6, to Hackensack in the final.

"This year was testimony to their (the players') belief in themselves," Senese said.

Senese was a three-year starter, senior team council leader and nominated for all-city while a player from 1967 to 1970 at Tilden H.S. in Brooklyn, N.Y.

He was captain of the undefeated 1970 freshman football team, a two-year varsity starter and all-conference player at Central Connecticut State College. His high school and college playing record was 56-12-1.

From 1974 to 1975 he was the varsity offensive line coach at Central Connecticut and coached three all-conference linemen and one Kodak All-American. From 1975 to 1978 he was the assistant coach and offensive coordinator at Stonington High School in Connecticut, during which time the team had its first winning season in nine years.

This year, Senese coached four all-state players and one state all-star player, while his players compiled a total of 32 individual honors. The team also had an eight-game win streak, the longest in more than 25 years at Dayton.

He also has stressed academics among his players, having come close to a 50 percent honor roll record among his players, coaching five national honor society players this year and netting about \$100,000 in college scholarships for his players since 1975.

Fourth-graders get a look at dentistry

A "hands-on" demonstration in dentistry was presented to the fourth-graders at Beechwood School recently by dentists Dr. Lee Kaswiner and Dr. Irwin Hammer. They are joined by their assistants, Ms. Helen Heller and Mrs. Rita Stein, in the presentation which marked Children's Dental Health Month.

A renewed awareness of dentistry and knowledge and care of their own mouths were subjects discussed at each of three stations for the demonstration.

Hammer, a dentist in general practice in Springfield, guided the children as they placed real silver fillings into specially prepared models of teeth.

At Hammer's station, the children saw examples of X-rays and talked about fillings and dentures. They were each given a toothbrush of their own.

At Kaswiner's station, the children had impressions taken of their fingers, in a demonstration of the same process used in an orthodontic office for making models of teeth. Later in the week, Dr. Kaswiner returned models of their

fingers in stone to the school. A specialist in orthodontics in Springfield, he talked about concepts of growth, malocclusion (irregularly aligned teeth) and tooth development.

Stein staffed the third station, with help from her three-foot-high puppet, "Irving," who helped the children understand proper diet, tooth-brushing, and oral hygiene.

"In addition to the knowledge gained about preventive dentistry, the children's positive contact with the dental profession served to illustrate a good career opportunity," noted school nurse Gerri Santord, who coordinated the visit.

Regional enrollment expected to decline

By J. W. BURNETT

Regional school district enrollment is projected to decrease through the 1980s according to figures given to the Union County Regional Board of Education.

The figures were presented at a special Monday night meeting of the regional board. The Monday meeting was the board's last before school board elections Tuesday.

The projected figures, as well as current census and enrollment figures, were given by Lewis F. Fredericks, assistant superintendent for Facilities and Maintenance.

"By the mid-1980s the regional district must be prepared to change from a large four-school district to a small four-school district," said Fredericks.

The report said the regional school system reached its peak during the 1972-73 school year when 5,722 students were enrolled. Currently there are 3,952 students enrolled. This decline is expected to continue until the next decade.

Jonathan Dayton regional school's enrollment peaked during the 1975-76 school year when 1,478 students were enrolled. Currently there are 1,023 students enrolled.

The report also said David Brearley regional school reached its peak enrollment in the 1971-72 school year with 1,031 students and is currently just under 800 students with an enrollment of 720.

This decline is expected to increase into the mid-80s and not change substantially until the 1990s, when enrollment should increase again.

Fredericks said the decline in the 80s may be slowed down by the construction of new housing, which may bring new families into the area.

The figures showing decreasing enrollment are based on enrollment figures from the elementary schools of each town in the regional district and population figures from the last census.

The current census figures show the population of the district is 63,000 and decreasing. In 1970 the population was 69,000.

Fredericks told the board, "The reduction of population is in every town and municipality in Union County," rather than just affecting the towns in the regional district.

The latest projections on school enrollment were made to update the regional district's master plan, an state-required outline of facilities, proposed projects and enrollment.

Fredericks said the new enrollment projections fall in line with projections made for the last revision of the master plan about two years ago and past projection proved reasonably correct.

In other business, Fredericks told the

board that the David Brearley school building has termites. "The condition is evident in the area all along the outside wall of the high school office, guidance area, nurse's office and beauty culture room," Fredericks said in his Facilities and Maintenance report.

Other rooms affected are rooms one to five, facing Monore Avenue, and Business rooms 19 and 22. He reported there is no evidence of termites in the gym floor.

Fredericks reminded the board that the building is mostly "brick and steel" and "not in any danger of falling down." Measures to treat the problem will be taken over the Easter recess.

Chairperson Camie Delaney reports that the list of services grows daily, but encourages other volunteers to donate their skills and services, so that the

fund-raiser will be a profitable venture for the computer education program.

Among the already-designated items for the auction will be various hors d'oeuvres, cultured pearl earrings, a picnic basket filled with food, tutoring, dental cleaning and X-rays, the writing of two wills, and eight tickets to a New York Yankee game.

Tickets are available now or at the door. Ticket information or details on offering a service are available from Delaney at 654-6530.

The material should have read: "I elected to the Board of Education, my goals and objectives are continuing to provide a positive educational environment, a business-like approach to financial matters, and improved communications between the Board of Education and the community as a whole."

Included in the portfolio is "Interior," a hard ground etching that was hand-colored and depicts the inside of the Park Theater in Roselle Park.

Dipel B.t. takes the bite out of gypsy moth damage without chewing up the environment.

Now's the time to get your community working with the non-chemical way to control the worms that strip oak and other trees, crawl all over your house and squish on your door steps.

Dipel® does not show harmful effects to birds, fish, wildlife, pets or beneficial insects. And it's biodegradable so it doesn't stick around after the job is done.

Dipel is a biological insecticide. It paralyzes the digestive tract of gypsy moth larvae and other leaf-eating caterpillars. One bite of a sprayed leaf and they stop eating. In a few days they're dead.

For 12 years, Dipel B.t. has been used on over 200 agricultural and horticultural

crops, as well as the forests of the Northeast and has shown no harm to man or his environment. The carrier in Dipel 4L is an agricultural grade oil and does not contain xylene.

So, there is an alternative to chemicals. Talk to your community officials and homeowner group. Apply Dipel yourself or contact a custom applicator. Small packages of Dipel are also available at most garden supply stores for do-it-yourself homeowners.

New York University Medical Center, Overlook Hospital, John F. Kennedy Medical Center, Hebrew University Medical Center, Babies Hospital (Phila.) and other leukemia research centers, and your key Club Members have availed themselves to us on many occasions. The Jacobs scholarship is the first award designated specifically for evening students at the University. Seymour Jacobs, a native of Newark, attended the University of Newark Law School, the parent institution of Rutgers. Jacobs practiced in Newark, and in 1959 formed the law firm of Balk and Jacobs. Landmark Smoker Study:

Merit Earns Taste Trophy.

Rigorous smoker tests confirm MERIT as proven taste alternative to higher tar smoking.

Just released—the results of extensive new research conducted by MERIT.

The conclusion: In tests comparing taste and tar combined, MERIT is the *clear choice* over leading higher tar brands.

MERIT Remains Unbeaten.

In impartial new tests where brand identity was concealed, the *overwhelming majority* of smokers reported MERIT taste equal to—or better than—leading higher tar brands.

Moreover, when tar levels were revealed, 2 out of 3 chose the MERIT combination of low tar and good taste.

Taste Turning Smokers To MERIT.

In a separate part of this study, smokers report that MERIT taste is a major factor in completing their successful switch from higher tar brands.

Confirmed: 9 out of 10 former higher tar smokers say MERIT is an *easy switch*, that they *didn't give up taste in switching*, and that MERIT is the *best-tasting low tar they've ever tried*.

Year after year, in study after study, MERIT remains unbeaten. The *proven* taste alternative to higher tar smoking—is MERIT.

Big turnout expected for Springfield 10-K race

The "big" race will take place the day after, but don't tell that to the organizers of the third annual Springfield 10,000 race.

More than 800 runners took part in last year's race, and race chairman David Frischman is expecting another big turnout for the Sunday, April 18 race through the streets of Springfield.

"The Boston Marathon will be the next day," Frischman explained, "so the real top-notch runners won't be in New Jersey that weekend. But we still should get plenty of good local runners."

A year ago, runners came from all over the state to participate in the Springfield race. Men's champion Bill Roach came all the way from Massachusetts for his record-breaking performance, while women's champ Karen Davis came strolling over from nearby Union.

"The race was a very pleasing ex-

perience for us last year," Frischman said. "The course will be the same, the cooperation from volunteers and the police has been superb once again and we're hoping to have approximately the same number of runners this time."

Much depends on the weather. Last year's conditions were nearly perfect for runners: cloudy and cool.

Frischman can't control that, but he can make sure that all the race details have been worked out.

Actually, there will be two races. A special two-mile run will begin at 10:30

a.m., while the 10-kilometer run (6.2 miles) will start at 11.

Both races will start and finish at Meisel Field in Springfield, and the course is a flat one through the streets of the township.

There will be an aid station at midpoint and a large digital clock and electronic timing will be provided by Mogendorff Finish Line Systems.

Over 100 awards will be presented. Trophies will be handed out to the first male and female finishers in each of seven classes. Also, awards will be

presented for the fastest overall time, first Springfield resident, youngest finisher, oldest finisher and more.

Runners will compete in seven classes: 12 and under, 13-17, 18-29, 30-39, 40-49, 50-59 and 60 and over.

The entry fee is five dollars and early entries must be received by Monday. Post entries (six dollars) will also be accepted from 9-10:15 a.m. on the day of the race. The first 500 entries will receive designer T-shirts.

Checks should be made payable to Springfield 10,000 and should be mailed with a completed entry blank to Spr-

ingfield 10,000, P.O. Box 262, Maplewood, NJ, 07040. For further information, call 624-3400.

The sponsors of the third annual Springfield 10-K are as follows: Miller Brewing Company, The Kristen Distributing Co., GM Fence Company, Keyes, Martin and Co., Kings Super Markets, Inc., Temple Sha'arey Shalom, The National State Bank, Traffic Safety Service, Louis Usdin Co., Murray Construction Co., Inc., Clark Animal Hospital-Rahway, Computer Mart of New Jersey, Masco Sports and Haberman Building Corp.

Hoping for Saturday opener

Indoor workouts for Bulldogs

By RON BRANDSDORFER
Chalk up another one for a bit of long-range planning.

While other high school baseball teams were sitting indoors watching the snow melt away at second base, Dayton's Bulldogs were zipping through batting practice, running through some infield drills and working out the final kinks in the machinery.

Dayton's gymnasium won't ever be confused with the AstroDome or the New Orleans Superdome, but thanks to the school's indoor batting cages and synthetic pitching mound, the Bulldogs

were enjoying game conditions indoors while Meisel Field was soaking up nearly a foot of snow.

"I think we're in a position that we're very lucky to have an indoor facility," explained Bulldog coach Bob Lowe, whose team was supposed to debut yesterday afternoon against North Plainfield but will have to wait until at least Saturday for the season opener.

"We own an indoor batting cage, a pitching machine and a mound," he continued, "so we can put the mound in the cage and hit off of live pitching and take the pitching machine outside of the

cage and work on bunting. We can run a pretty good practice inside."

Not that Lowe and his Bulldogs wouldn't prefer to be in the great outdoors. After all, while many of the other area teams have gotten one or two games in already, the Bulldogs are still waiting to hear the ump yell "play ball."

"That's why we had nine pre-season scrimmages," Lowe said. "We've been tested already, so it's really just a matter of putting on our uniforms and going outside."

If the wild weather does clear up,

Lowe thinks Meisel Field will only need a day or two to dry out. And he can thank the park's "grounds crew" for that. With a little help from the Bulldogs themselves, the crew has gotten the field into superb shape, and the field is set up so excess water will run off the playing surface.

"I'm very optimistic," Lowe said. "I just hope the sun comes out real soon. Hopefully, we'll be able to play on Saturday."

If not, the Bulldogs will shoot for a Tuesday opener at Metuchen.

If, that is, Mother Nature decides to cooperate.

Softballers can't wait for debut

By RON BRANDSDORFER
Nothing but optimism can be found on Dayton's junior varsity and freshman girls' softball teams.

Just listen to coaches Debbie Dino and Mike Tarashuk:

"I feel the attitude and desire to work and learn will complement the girls' abilities on the field and show the way to a successful season," observed Dino, the first-year jayvee coach.

"There are many signs of a promising season," added Tarashuk, the freshman coach. "It should be a very

interesting and exciting spring for this young team."

Dino believes her jayvee team has all the ingredients—plenty of offense and speed, good defense and nifty pitching—of a solid ballclub.

Junior Robin Gillman will be counted on to provide the leadership for her sophomore and freshman teammates. Sophomores Laura Stancotti, Lori Pohlman, Julie Graziano, Petra Sweizer, Mindy Greenblatt and Karen Gross have been very impressive in pre-season workouts, as have ninth

graders Joanne Circelli, Nancy Klaskin, Sharon Kutsop, Kathy Meixner, Linda Fericola, Michelle Rogaskos and Carmella Carpenter.

As for the first-ever freshman softball team, Tarashuk has been pleasantly surprised by his team's progress in the pre-season.

He has even been able to put a tentative lineup together, with ace hurlers Nancy Podell, Michelle Coddington or Shauna Quatrone on the mound and Mae Murray or Beth Olarsch behind the plate.

The infield will feature Patti Salimbene at first, Quatrone or Sarah Post at second, Moira Quillan at shortstop and Sandy Pelligrino or Amy Schoenfeld at third.

And in the outfield, Tarashuk has assigned Coddington to center field when she's not pitching, Vicki Anderson to left and Lisa Spatucci to right. And moving in and out of the lineup will be Halee Arnold, Kara Boogar and Andrea Wilson.

Dayton's varsity softball team, coached by Howard Cushman, was scheduled to get underway on Tuesday. Needless to say, the wild weather snowed out that ballgame and will probably cancel the rest of the week's action. At least.

If the weather clears up and the sun begins shining again, the varsity and jayvees will take on Madison on Monday and Metuchen the next day.

As for the ninth-grade softballers, their schedule is as follows:

FRESHMAN SOFTBALL

April 15, Thurs.-David Brearley-Away, 11:00 A.M.; 22, Thurs.-Gov. Livingston-Away, 3:45 P.M.; 23, McManus Jr. High-Away, 4:00 P.M.

May 10, Mon.-Gov. Livingston-Home, 3:45 P.M.; 25, Tues.-David Brearley-Home, 3:45 P.M.

Bowling tourney set at Garden State

The annual Rosarian Bowling Tournament will celebrate its 20th year April 19 at Garden State Bowl. Action begins at 9:15 a.m. and 1 p.m. Closing date for entries is April 16.

The team event consists of three bowlers. Since there is no individual event, special awards will be given for high series, high game and most pins above average. Members of the winning team will each go home with a trophy.

Cash awards go along with the trophy. One out of every five entries will have a cash award.

Any Rosarian may enter even if she does not belong to a sanctioned league. As in the past, multiple entries will be allowed. For further information or to obtain an entry blank, contact tournament director Emma Lampariello at 763-3368 or the Garden State Bowl.

Dayton netters breeze in season premiere, 5-0

Plenty is happening on the tennis courts these days.

For example, Dayton's tennis team premiered with an oh so impressive 5-0 romp over Union Catholic in the high school season opener.

The 5-0 victory made it five straight shutouts over UC for the Bulldogs, who fought through some gusty winds and chilling temperatures to boost their record to 1-0.

No. 1 singles player

Swanson set for golf play

When George Davidson seeks his 100th career coaching win with the Lafayette College golf team, he will have some area help to aid him in the quest.

Sophomore Marty Swanson, a graduate of Dayton Regional, is a member of the team. He is one of the Leopards' three returning lettermen.

Magee takes 4th in meet

Springfield's Monica Magee placed fourth in the floor exercise competition for the Summit Summies gymnastics team during a meet with Omni Gymnastics. Also competing for the Summies was Lori Smith, also of Springfield.

Zitomer ends hoop season

Springfield's Roy Zitomer has concluded his first season as a guard on the varsity basketball team at Curry College in Milton, Mass.

Wingard lifts Princeton U

In an indoor track meet last month, Princeton's Carol Wingard led off the winning shuttle hurdle relay team which won the event with a time of 32.9 seconds. That time was a new meet and school record.

Wingard, a native of Mountaineer, also finished fourth in the 55 meter hurdles as the Tigers crushed Pennsylvania in a dual meet, 86-19.

Michael Berliner got things going with a 6-2, 7-5 victory. Down 3-5 in the second set, Berliner rallied to win the next four games and the match.

Dan Schlager and Pete Sommers had an easy time in their singles matches, as Schlager rolled to a 6-2, 6-0 victory at No. 2 and Sommers powered to a 6-0, 6-1 decision at the third slot.

In doubles action, Robert Steir and Dan Freeman got together and shut out Union Catholic's top pair, while Tom Daniels and Kipp Levinson matched the feat, 6-0, 6-0, at second doubles.

Speaking of tennis standouts, Michael Peri and Matthew Zucker, who passed a skill test for advanced beginners sponsored by the United States Tennis Association, were awarded USTA certificates and badges by the Springfield Recreation Department.

The youth tennis program will be continued on a twice weekly basis at the Irwin Playground tennis courts after the spring recess.

And for other tennis fanatics, five Saturday morning tennis clinics will be conducted by Union College beginning April 17.

Beginners' lessons will be conducted from 9-10 a.m. and intermediate lessons from 10-11 a.m. Tuition is \$35 per section.

Beginner instruction will cover the basic grips, forehand and backhand strokes, service and volley. Intermediate instruction will be a review of ground strokes, serves and volley, with an introduction to singles and doubles strategy.

All clinics will be conducted at the college's Cranford campus. Students should bring rackets and wear sneakers. Tennis balls will be provided. In the event of rain, additional sessions will be added. Class limit is five per court with one instructor.

Further information may be obtained by calling 276-2600, extension 206 or 238.

V-ball action at Sandmeier

Women's volleyball will be held from 7:30 to 10 p.m. every Wednesday at the Thelma Sandmeier School, the Recreation Department has announced. Interested women can come to the gym any Wednesday evening.

Soccer Scene

By BILL WILD

My orders from the sports editor of the Leader were to write an analysis of the Cosmos and to take a quick look around the North American Soccer League. After Sunday's game between the Cosmos and the National team of Peru, I don't think there is much to say. I could also write about the two Lancer teams that played in the Meadowlands Arena in the preliminary games of the Rockets vs. Fever clash and won.

I think the Lancer matches in the Meadowlands would be more to the liking of you readers. I could also run down the scores of the Lancer games played in the Cosmopolitan Junior Soccer League and then name some of the scorers and defensive standouts, but something happened last Sunday and Monday that changed my mind.

The following is an open letter to soccer fans, young and old:
Dear "sit on your hands" soccer fans,

This is a letter to let you know that you do not even exist. Last Sunday I picked up the leading daily and Sunday paper in the state and way down on the bottom of the first sports page I read an article by Ike Kuhns that the Cosmos are to play the National team of Peru. We all knew this for weeks but what got my blood boiling was the fact that it was on the bottom of the page along with the promos about what was inside and what was on the school pages. Here we were talking about something that was happening right in our backyards and across the top of the page was all this garbage about the opening of the baseball season, which was still a couple days away.

For two months now, we have been reading about possible trades, maybes, and what ifs, which most of them were not even true or did not happen. I have nothing against baseball, football, basketball or any other of the major sports as long as soccer gets the same treatment the rest of the sports do.

Yours truly,
Bill Wild

P.S. I bet I get more letters from baseball fans than from soccer fans on this one.

In Sunday's paper you had to read to page 17 to find out that the Rockets beat the Force, 12-4. You must have seen the story under the picture of the big fish. On page five of this same paper they ran LAST SEASON'S baseball standings and didn't even run the NASL standings. The NASL started on Sunday with three games being played.

On Sunday the Cosmos played one of the greatest games of this pre-season exhibition schedule. They scored three goals while playing one man short against a team that is going into World Cup competition. And once again they ended up below the baseball news on the first sports page of the state's leading newspaper.

The teams on top of the page were the Yankees and the Mets. Both are New York teams. The Cosmos and Rockets are New Jersey teams playing right here in New Jersey for Jersey fans. The Jersey newspapers owe them more than the bottom of the page.

Why don't they get it? Because of you "sit on your hands" soccer fans. When I question some of the sports editors of the big paper, they tell me that soccer fans don't even exist. They know baseball fans are out there because they phone in and write letters about what is on their minds. Soccer fans don't do that, so the papers cater to the readers that do.

These editors and writers grew up with baseball and football. They know all there is about those sports. Soccer is the new guy on the street and only a handful know how to handle it. Not until you soccer fans let the newspaper owners know that you buy the paper, too, will soccer come up from the bottom of the page, or move from page 17 to page 2. If you keep sitting on your hands the game we all love will never make it in the big American daily newspapers.

Views On Dental Health

By SEAN T. FENTON, D.M.D.

GOLD INLAYS

The most popular material for filling cavities is amalgam, often called a "silver" filling (actually a mixture of mercury, tin, copper, zinc and about 65-75% of silver powder). This material has proven successful for filling small and average sized cavities.

However, if the decay has ravaged a large section of the tooth, silver amalgam may not be up to the task. It does not always add strength to the tooth. In fact, it requires strong tooth structure to support it.

In the case of a large cavity, a filling of gold casting may be in order. The gold casting restoration derives its effectiveness from its great strength and resistance to breakage under chewing stress. Because of this property, gold is used mainly to support weakened tooth structure.

While waiting for the laboratory to make the gold casting from the impression taken by the dentist, the patient will have a temporary cement filling. A good gold inlay usually lasts for many years and is considered stronger than a good amalgam filling.

DINING GUIDE

A COMPLETE REFERENCE OF FINE RESTAURANTS

The superb is 'normal' at Arlene's Tallyho Inn

By JIM LEAHY

No matter what you may think, writing a weekly column sometimes drains the imagination. It can be difficult to come up with fresh ideas each week, especially if you're writing about someone you have written about before. That's why it's so refreshing to receive a compliment every once in a while, particularly if you're writing a weekly restaurant review. It makes me feel so darn good when someone tells me they ate in one of the restaurants I've recommended. When you get a compliment at least you know you've pleased one person; if you get more than half a dozen compliments about one place, then you know writing your column is worthwhile and all the drudgery disappears. This is exactly why I never get tired writing about Arlene's Tallyho Inn, 943 Magie Avenue.

I honestly can't tell you the exact number of compliments I heard about this marvelous eating establishment, but I do know the first two I heard were right in my own office and, believe it or not, I also heard about the Tallyho Inn from a friend of mine who lives in Irvington when I bumped into him at a restaurant in my home town of Matawan.

What, you may ask, is the reason Arlene's Tallyho Inn is considered one of the best of its kind in the area? For starters, the food is out of this world! Yes, that's right, out of this world—and the thanks for its preparation has to go to Arlene's daughter and chef, Joy Fedorchak. In my humble opinion, anyone can try to be a chef. There are schools to attend, books to read and a zillion other ways a person can become adept in the art of cooking just by watching Mom do her thing at home. All of these mentioned are great, but if you lack what I consider the most important ingredient—pride—then all the books and training in the world are meaningless. Joy Fedorchak has pride in her work and never takes short cuts. As a matter of fact when I ate there a few eeks ago she insisted I try a sauce on (of all things) my French fries. It was an absolutely outrageous experience and brought a marvelous taste out, in what could be a bland dish, that was absolutely delicious. It's these little extras that make a restaurant great and, by George, the girls at the Tallyho Inn are going out of their way to make sure their restaurant is great!

Another thing that makes this fine establishment stand out

above the crowd is the price of meals. Honestly folks, where can you take your loved one out today and sit down and have dinner—for only \$5.95—that includes soup, salad, vegetable, potato and dessert? Not only that but you have a choice of boneless sirloin steak, fried shrimp, veal parmigiana, chicken Cordon Bleu, English cut prime ribs, veal Marsala and much, much more! I asked Arlene how she can afford to do it; her answer was: "I know I can make it up on volume once people know they can get a meal here at that price. They'll tell their friends, who in turn will tell their friends."

You're right Arlene and I'm going to tell all my friends!

The final ingredient of success making this restaurant one of the most talked-about in the area is service.

I've had good service before; in fact, some of the finest service in the state comes from our many great restaurants just minutes away from most of us by car right here in Union and Essex Counties, but honestly folks, I've never quite had the kind of service I get when I dine at Arlene's Tallyho Inn.

Service might be the wrong word to use, because it's really not the same kind of service you get when you visit Mom after you haven't seen her for quite a spell. That's right, Arlene and her family treat everyone like they are bloodkin. It's kind of a happiness, an elation if you will, in the way you're treated.

Not only by Arlene personally but by the entire staff.

Whatever her magic formula, it sure makes one feel good and I, for one, hope she never loses this most charming way of treating customers. It's delightfully refreshing, especially in this day and age.

I could go on and on about the Tallyho and what it means to me but if I did I would probably fill every column in this newspaper before I'm finished. I would just like to wrap it up by saying, "Thank you Arlene, for making dining out a pleasure once again. You're one of my favorites and you can rest assured I'll be back to see you again shortly."

IF YOU LIKE your chicken "Hot and Spicy" then I've found about the only place you can get it in the entire area. That's right, folks. Stuff's—on the corner of Springfield and Grove Streets in Irvington—has the best darn chicken I've ever tasted here or anywhere for that matter. It seems the owners have come up with a secret "Southern" formula

that's selling like crazy and people are coming from miles around just to sample its marvelous taste. If you like your chicken with a real tang and zest, try it; you'll be more than pleased. P.S. They also have a take-out service and beer on tap. Give them a call at 372-9115 and tell them you'll be down to pick up your order.

FAMILIAR LANDMARK along Magie Avenue, Union, is the attractive exterior of the famous Arlene's Tally Ho Inn, a favorite eating spot and watering hole for numerous area residents. The Restaurant is noted for its delicious cuisine at reasonable prices.

Have a barbecue in a Western style

No matter what part of the country you live in, put a little Texas in your backyard with an old-fashioned Western barbecue. You'll have no trouble rustling up an enthusiastic chow line when Lone Star Short Ribs head the cookout menu.

Since short ribs are naturally less tender, braise them on the grill in a covered frying-pan or pre-cook them indoors first. Then the ribs are dipped in a spicy homemade barbecue sauce and broiled over the coals.

- LONE STAR SHORT RIBS**
- 3 to 4 pounds beef short ribs
 - 2 teaspoons salt
 - 1/4 teaspoon pepper
 - 1 can (8 oz.) tomato sauce
 - 1/4 cup catsup
 - 1/2 cup brown sugar
 - 1/4 cup vinegar
 - 2 tablespoons prepared mustard
 - 1/2 cup chopped onion
 - 1 clove garlic, minced
 - 1 tablespoon chili powder

Place short ribs in covered frying-pan on grill and cook at low to moderate temperature for 1 1/2 hours, turning occasionally. Pour off drippings. Season with salt and pepper; add 1/4 cup water and cook, covered, 30 minutes or until tender. Combine tomato sauce, catsup, brown sugar, vinegar, mustard, onion, garlic and chili powder in small saucepan and simmer five minutes, stirring to blend. Remove each short rib from pan, dip in sauce to coat and place on grill. Cook at moderate temperature 15 to 20 minutes or until done, brushing with sauce and turning.

"I have 17 reasons why H&R Block should prepare your taxes."

REASON #14: If Block makes an error, we'll pay the penalty. And the interest.

We want you to walk out our door with total confidence. So, if our error causes you to owe additional tax, that's all you'll pay. We'll pay any interest and penalty. At H&R Block, we stand behind our work. And we stand behind you.
