## Lightest Turnout In 11 Years For School Election

### 301 Ballots Cast In Passing Budget, Re-Electing Three

Bad weather plus no contest for Springfield Board of Education seats added up to the lightest voter turnout in 11 years in the school election Tuesday. The three incumbents were re-elected and the budget passed handily.

A total of 301 ballots were cast in the election. The number of voters who showed up was 16.7 percent of the total registered voters of 1,800 in Springfield.

The current expense figure of \$1,300,000 was passed by a 207-73 vote, and the \$1,400 expenditure for capital outlay passed by a 201-99 vote. The estimated tax rate is \$2.58 per \$100 assessed valuation, a hike of two points.

Re-elected to seats on the Board of Education were: Joseph Bender, John C. Gacos and Robert T. Southward. All three were re-elected by a 207-73 vote.

One write-in ballot went for Ed Schwartz and Thomas Lamb also received a vote. Lamb had originally picked up school board election petitions, but it was later determined that he did not meet the residency requirements.

Southward was top vote getter with 255 ballots, followed by Bender with 248 votes. Gacos received a total of 240 votes.

The total amount of the school budget for the 1964-65 year is \$1,300,000, of which the amount of \$1,100,000, an increase of \$200,000 over the current tab.

The budget for the new year is some \$15,200 higher than the current budget. A major factor in the rise in the budget is the annual increments for teachers.

The total budget for the year is offset by savings, followed by Bender with 248 votes. Gacos received a total of 240 votes.

Current expenses had increased some \$17,000 while capital expenditures dropped some \$32,000.

Bender will begin his second full term on the Board. He was originally elected in 1959 to fill an unexpired term.

Giacos, presently Board vice president, will start his second full term. Southward won his first three-year term. He was elected for the first time last February to fill a one-year unexpired term.

Bender, the administrative head of several companies specializing in engineering research and development, is currently chairman of the building and grounds advisory school planning committee.

Giacos, who served as co-chairman of the board of directors will be held at 6 p.m. Tuesday at the office of Dr. Bert Kasper at 105 Mountain Ave.

Ed Otto has been named Boy Scout chairman, as the group is now sponsoring an Explorer Scout Troop in the township. Officers named include: Joe Blader, youth recreation activity committee and Dr. Kasper, now co-editor of the Bulletin.

At the Jan. 21 meeting, the group heard Ed Rube, recreation director and Scott Donington, assistant director, discuss recreation facilities in the township.

## Convalescent Home Suit Due At Superior Court In 10 Days

A lawsuit filed by the Legal Fund Group of the Shunpike Association, and charging that the Township Committee acted in an "arbitrary, illegal and capricious manner" in approving a special exception use for the erection of a convalescent home on a portion of the Padam Farm property, will be heard in Superior Court within the next 10 days, according to Irwin Weinberg, attorney for the group, in a statement this week.

Members of the township committee, who were retained as attorneys, prior to what the association termed an "emergency meeting" on Feb. 3, also said that the suit will seek to have the court declare that the portion of the zoning ordinance which permits hospitals in a residential area under a special exception use be declared "invalid and illegal."

Some 60 area residents turned out at the meeting held in Evergreen Lodge to make the court move, as Nick Montano explained it in an effort to defend the residential character of the neighborhood. As of this week \$750, of the \$1,500 needed to finance the issue had been raised.

Flayers had been posted to 100 residents of the Padam Farm area urging them to turn out for the hearing.

Two requests for classification and approval of assemblage of property were noted or by the Planning Board last week.

Allen W. Fallouts of 150 halting rd., Summit, was seeking for classification of a tract of land on Block 171, at the top of the mountain which he wishes to subdivide into nine lots. The classified tract was set as a major sub division by the Board.

Lawrence Construction Co. of 315-22 22 requested classification for the subdivision of two of its lots on that highway into three. The piece of property involved, according to a spokesman for the Board, was that on which Lawrence attempted to gain a special exception for the construction of a Holiday Inn Motel last year. That property was voted down by the Board of Adjustment. The move last week was classified as a major subdivision.

Joseph Costantino of Morris Ave., had his application for the assemblage of two pieces of property behind Morris Ave., into one lot, approved by the Planning Board.

## Sanitary Sewer Report Passed With Apologies

### Commission Report Finally Approved After Long Delays

The report of the Assessment Commission, which has been shunted back and forth between the commission and the Township Committee Tuesday night, with apologies from two members of the governing body.

Assessment for the South Side Sanitary Sewer will be local following the 1959 ordinance, the report of the commission based on the ordinance, and after the Township Committee's action.

The report was accepted after the Committee noted the proviso so that the property of the E. Realty Co. would not be taxed because that firm has a written agreement with the township to the effect that there will be no assessment.

Committee member Arthur M. Falkin said that the Committee had given a great deal of thought to the many statements made at public hearings on the matter regarding verbal representations, allegedly made by a representative of the township "even in an unauthorized manner."

He said that the Committee had been informed by Township Attorney James M. Cavley that the township would not be assessed for the sewer.

Del Vecchio said he thought the action could be considered "unfair to those people who have their property and are also being assessed."

The mayor said he was in agreement with the statements of the other two committee members and the matter was passed by the four members present.

Falkin pointed out that the hands of the Assessment Commission had also been tied by the ordinance.

Complaints by property owners through whom land line was laid was given as the initial reason for returning the report to the commission.

Property owners said they had been given a verbal agreement to the effect that the township would not be assessed.

ASSESSMENT  
The township committee has asked permission to construct a building containing 46 four-room apartments, 28 five-room apartments and two additional five-room apartments for use of personnel.

Located in an S-75 residential zone, and adjacent to a business zone, the applicants are seeking to construct the 334-room building on approximately five-and-one-half acres of land which now contains a greenhouse.

Plans submitted with the application show that the applicants plan to provide off-street parking for 100 cars.

According to the Adjustment Board the same applicants applied for a variance for the same property a year ago. At that time they were requesting a variance for the construction of 74 units, containing 220 rooms. The application was later withdrawn, according to Pessler.

Honor Roll Duo  
Announcement of those students named to this honor roll at Jonathan Dayton Regional High School will be made known next week, according to the school guidance department. They are expected to be ready for publication in next week's issue of the Leader.

Elect Township Man To Vice-Presidency  
John A. Hopping of 26 Colfax rd., was elected vice president of the Regional High School Board of Education at its organization meeting Monday night.

Although this is Hopping's first election to the vice presidency, he was re-elected last week to his second three-year term on the Board. Avery W. Ward of Kenilworth was elected president for his second year.

Hopping, assistant vice president of the Carteret Savings and Loan Association, Newark, will continue to serve as vice chairman of the supply and equipment committee and chairman of the buildings and grounds committee.

The new vice president is the father of a 19-year-old daughter, Kathleen. He has served as a member of both the Springfield Board of Adjustment and Zoning Board prior to his election to the Regional Board.

(See Profile on Page 4)  
In the hour-long organization meeting, the Board also set the agenda for each month of the year. Its regular meeting night, 8:30-9:30 p.m., burner installations, Board members also voted the reappointment of Fred J. Steiner, of Irvington as auditor and Edward S. Brown of Berkeley Heights, as attorney.

## Municipal Tax Bite Declines, However

### VETS BREAK EVEN, SENIOR-CITIZENS COME OUT AHEAD

The Municipal Budget of \$1,410,882.96 with the amount to be raised by taxation at \$849,201.96, indicating a decrease of five cents per \$100 valuation from last year, made its debut before a gathering of less than 25 at Tuesday's Township Committee meeting. The total tax rate is up 16 points.

Public hearing on the budget had been set for 9 p.m. March 10 in the Municipal Building. In an explanatory statement accompanying the budget, it was pointed out that total operating expenses will be \$1,064,846.18, an increase of \$17,321 over last year, \$15,905 of this amount is slated for salaries and wages and the \$1,416 differential for "other expenses."

The amount to be raised by taxation, however, indicates a decrease of \$1,953.22. According to the proposed budget, the amount to be raised by taxation is \$181, as compared to last year's figure of \$166.

Sound Planning  
Mayor Robert D. Hardgrove said that "sound planning" had permitted the tax rate drop. He also said that the addition of approximately \$17,000 in "variables" and application of \$210,000 of the Dec. 31 surplus balance of \$253,178.58, caused the drop in the local rate.

Financial Rating For Springfield Zooms Up To 'A'  
The Township of Springfield now has an 'A' financial rating, according to Mayor Robert D. Hardgrove. Its previous rating was 'BAA.'

Stefany J. Stefany, township auditor, explained that the new rating placed the township among the 17 other municipalities in the state to have such a rating.

Stefany said the township had a "right to be proud about this bond rating," because "you have to improve your financial situation and it is a hard thing to do."

# Committee Urges 'Logic, Reason' - Not 'Panic' Over Housing Rumors

A plea for "logic and reason" instead of "fear and panic" was issued by the Springfield Fair Housing Committee this week in the wake of a rumor that a home in the Garden Oval section of town had been sold to a Negro family.

A prepared report from the committee pointed to surveys indicating that property values rarely decline as the result of neighborhood integration and declared that the rumor was a "false one."

Lawrence Arnold, a member of the executive board of the Fair Housing Committee, said that phone calls reporting the rumor and asking if the committee knew any facts about the situation were received by several members of the committee. Mrs. Irma Ames and Mrs. Lawrence Lewis, members of the executive board, said they were among those who received calls.

Several members of the group headed by Mrs. Alice Lommer, verified the existence of the rumors and determined that they were false.

The report stated that a panic produced by the rumor indicates that "Springfield is a ghettoized community."

"Some day," the report continued, "Negro families are going to purchase homes in Springfield on what formerly had been all-white streets. Cities-Springfield is ready for that day, the purchases will be followed by turning of the panic and scare-selling things that supposedly do not happen in a nice, quiet neighborhood."

"And that is precisely why the Springfield Human Rights Committee for Fair Housing was formed. Its purpose according to its constitution is to strive for the elimination of all racial discrimination in housing."

The plan was directed by high school dramatics teacher Joseph Frinity.

# Madisonville Fined \$85 In Municipal Court On Monday

Stephen J. Doherty, 20, of Madisonville was fined a total of \$85 in Springfield Municipal Court Monday night on two disorderly person charges.

In other matters before Magistrate Max Sherman, Kurt Koerner, 38, of Murray Hill was fined \$45 for speeding and \$30 for failure to have license or registration in possession.

David M. Coddington, 33, of Dunellen and Claude Ray Harwood, 30, of Faith, N.J., were fined \$25 and \$20 respectively for speeding.

Sixteen E. Novick, 18, of Maplewood paid \$20 for failure to have regular no salary increase. This item remains at \$233,900, and other expenses have dropped, according to the budget figures, from \$25,000 to \$12,500.

Salaries and wages for the industrial committee have been set at \$120, compared to nothing last year, but "other expenses" have dropped from \$2,000 to \$1,800.

The insurance plan for employees has gone up across the board, from \$11,000 in 1963 to \$13,500 currently, and "other premiums" have jumped from \$23,500 to \$24,700.

Another area of increase is noted in the Board of Adjustment budget, with items for salaries and wages set at \$14,500, compared to \$10,000 last year's \$400 figure.

Salaries and wages for the public library have risen from \$26,500 to \$31,500 and other expenses from \$23,535 to \$28,916. State Aid for the library is \$100,000 in 1964, compared to \$1,374 for 1963.

# Sabin Vaccine Termed A Tool For Eliminating Polio's Threat

The Sabin "Oral-Vaccine" states Dr. Bernard Effenberg, science has discovered a tool which offers the possibility of wiping out polio as a threat to children and adults.

"All you have to do is take three lumps of sugar soaked with the vaccine on three different dates," according to Dr. Effenberg, Union County chairman of the Sabin Oral-Vaccine campaign.

"You chew the sugar and swallow it. That's all there is to it!" In addition to immunity, the vaccine breaks the chain of transmission, he added.

Dr. Effenberg has urged the county's half million residents to participate in the program sponsored by the Union County Medical Society.

Immunization clinics will be set up in 51 public and parochial schools throughout the county during three Saturdays, March 1, April 12, and May 24. The clinics will be open from 11 a.m. to 4 p.m. All vaccinees must be given protection against a different strain of polio. Newspapers will announce the sites.

The possibility of wiping out polio is "closer than ever," Effenberg said. "We have the tools. Now it's up to the community to use them."

Nearly three hundred million persons throughout the world have already taken the vaccine, Dr. Effenberg asserted. Programs are currently in progress in several New Jersey counties.

The cost is 25 cents per person for those who can afford to pay and free to those who cannot afford it.

# Effect Of Smoking Told To Kiwanians

Dr. Marvin Becker, an Essex County heart specialist, spoke on the medical aspects of smoking before the regular weekly meeting of the Millburn-Springfield Kiwanis Club last Thursday.

Dr. Becker said that specialists doing research on the effects of smoking in connection with lung cancer accidentally discovered that this habit also has an adverse effect on the heart and blood vessels.

Smoking, he said, the word "smoking" in connection with matters of health is too broad a term. Actually, he said, it is cigarette smoking that has been found to create serious conditions in people.

# Springfield Man Hurt In Accident On Morris Ave.

Ray Burns, of 344 Milltown, Springfield, was hurt Saturday afternoon in a three-car collision on Morris ave. at Colonial-1st. Springfield police reported.

She complained to police of pain in the right wrist, but said she would see her own doctor. She was a passenger in a car driven by William J. Burns, 56, of the same address, whose car was in collision with one driven by Christa A. Nelson, Jr., 27, of New Providence.

Summons were issued to Adler and the New Providence driver for failure to have registrations in possession.

When Alan Kempler, a Newark attorney, told a open meeting of the Township Committee that he had had "unpleasant" conversations with certain property owners that the coal would be partially financed by town-wide assessment.

Kempler, who at the time he said he was making contact with the property owners, was a clerk in the law office of then Township Attorney Irwin Weinberg.

At the Oct. 22 Township Committee meeting, former Township Chairman Vincent J. Bonadies, both testified to the fact that the ordinance governing the project and published in the newspapers on Sept. 10 and 17, 1963, stipulated that assessments would be local.

# Town Budget

Springfield has been calculated at \$21,750 for 1963 for operational expenses and "other expenses" set at \$18,400.

The budget for the Police Department has been set at \$233,900, and other expenses have dropped, according to the budget figures, from \$25,000 to \$12,500.

Salaries and wages for the industrial committee have been set at \$120, compared to nothing last year, but "other expenses" have dropped from \$2,000 to \$1,800.

# Vehicle Charges Brings \$85 Fine

A Kenilworth youth who just turned 17 and is scheduled to go into the military next week, was fined \$85 in Springfield Municipal Court on two motor vehicle charges.

The defendant, Richard J. ... had refused a request for a variance for erection of garage apartment on the property at 306 Mountain ave. in 1961 on grounds that the facility would create a high density area and traffic hazard.

At the Board of Adjustment meeting residents pointed to the expressed belief that crossing over by name more difficult for the young people of the building was to be erected.

They also contended that traffic was already a problem, and the new building would only increase the problem.

In presenting Valco's side of the case to the Adjustment Board Murray Simon, a Newark attorney, explained that the Board of Education had made a statement about erection of the building; interviewed real estate brokers who said the property was not suitable for one-family zone, and that some seven area residents had spoken in favor of the proposed project.

In 1961, according to records of the Adjustment Board, a variance to erect a 14-unit apartment was denied as the Board said a "one-family zone" should be maintained.

# Assessment

When Alan Kempler, a Newark attorney, told a open meeting of the Township Committee that he had had "unpleasant" conversations with certain property owners that the coal would be partially financed by town-wide assessment.

Kempler, who at the time he said he was making contact with the property owners, was a clerk in the law office of then Township Attorney Irwin Weinberg.

At the Oct. 22 Township Committee meeting, former Township Chairman Vincent J. Bonadies, both testified to the fact that the ordinance governing the project and published in the newspapers on Sept. 10 and 17, 1963, stipulated that assessments would be local.

On the basis of the verbal testimony of communications men, Weinberg and Bonadies, Bonadies, former township committee member, the Committee decided to return the report to the commissioners for additional study.

The South Side Sanitary Sewer, last of the major sewer projects in the township, was started in the Spring of 1961, according to Township Engineer Walter Zoub. The line, over 5,000 feet, runs from the Railway River through the industrial park out to So. Springfield rd. in Westfield and covers part of Mountaintop.

The matter was returned again.

## Production As 'Riotous As Barrel Of Beatles'

By MARIAN BROWN  
"Suffer!" says rock 'n' roll idol Conrad Birdie to a mob of screaming teen-age fans in the forthcoming musical, "Bye Bye Birdie," slated for production March 6 and 7 at 2:15 P. M. at Jonathan Dayton High School.

But the 130 teenagers who make up the monumental cast and orchestra are not suffering as they report in shifts for a complex rehearsal schedule set up by teacher-directors William Peters and Joseph Trinity.

They file into the auditorium at the end of the school day to take places on the stage while directors block action for the various scenes and coach them on lines and musical scores.

The book follows the original Broadway musical production involving the efforts of adman Albert Peterson to cash in on publicity resulting from Conrad's induction into the U. S. Army.

AN ASSET to the production is the fact that two of the leads, Pam Blifer and Charles Bonaparte, are in real life students at the American Academy of Dramatic Arts in New York. They play the parts of Rosie, Albert's long-suffering fiancée, and the guitar-strumming Conrad respectively.

Outstanding feature of the production is bound to be the dance routines created by student choreographer and coach Sandra Sommers. She has studied dancing for 12 years and is developing routines to suit both the needs of the script and the abilities of the

dancers, working out with small groups of them in a second-floor room apart from the confusion of the general rehearsal.

Last week she developed routines for Howard Payne, who plays the role of Albert, and Barbara Porter and Joanne Wolcyn, who play two lead girls.

The dancers easily learned steps created precisely for them, even to a complicated hip lift, and it was explained that Barbara and Joanne study dancing and Howard dances

### Masterwork Unit Slates Auditions

David Randolph, music director of the Masterwork Music and Art Foundation, has announced that the audition date is March 7 for those young people who wish to appear on the Masterwork Young Artist Series this year.

The auditions will be held at the Hillcrest Avenue School, Morristown. The time for audition will be arranged individually with each applicant.

Those skilled vocally or with an instrument, especially those intending to make music their careers, have been invited to apply. A form must be obtained, filled out with the requested information, and returned at least a week prior to the announced audition date. Young people wishing to participate are advised to write to the Masterwork Foundation office for the application forms. The address is 11 South St., Morristown, N. J.

as though he did because he has "natural talent."

Other leading roles in the production are teenager Kim MacAfee, played by Anna Mary Giannattasio; Mr. and Mrs. MacAfee, Gail Moulder and Don Spinnaker; and Mrs. Peterson, Barbara Deutch.

THE BEST OF the cast includes Mike Gilligan, Jay Westerman, Mal Golden, Gail Wilson, Steve Rosenthal, Neil Weinberg, Dorothy Kempfer, Barbara Kanton, Steve Freeman, Anita Hunter, Lydia Vitale, Val Blanche.

Dale Lawson, Jeri Goodman, Fred Susman, Don Calabrese, and Zezeliand, Barbra Levy, Frank Kramerman, John Breede, Ken Wales, Jerry Keiffer, Gary Jacobson, Harry Douglas and Boris Williams.

There will be a 24-member-orchestra and a male quartet. Production numbers include as many as 10 dances.

In addition to the teacher-directors there are two student directors: Barbara Levy and Marcia Rosenthal, assistant.

Costumes are supervised by Miss Mary Jane Parish. Arthur Buchner is in charge of lights; Anita Goldberg, make-up; Marcia Rosenthal, publicity; and props, Judy Emmert.

Jean Herman, pianist, shows up for all rehearsals where an accompanist is needed.

In charge of all music for the production is vocal music teacher William D. Peters, but instrumental music is taught by Lynn Blecker, who works directly with the orchestra. Peters is serving his third year at Jonathan Dayton. He has a B. S. degree in music from Wilkes College and is completing studies for a master's degree at Indiana University.

### New Scout Troop Receives Flags

Boy Scout Troop 82, Springfield's newest scout troop, has been presented with their new U. S. flag and patrol flag by their sponsor, the Parent Teachers Association of the Florence M. Gaudineer School, it was announced.

Under the direction of Scoutmaster Daniel W. Greenfield, assisted by Danny Mardland, the troop will meet at the school every Tuesday on which school is open, the announcement said.

This new location and day of patrol meetings will begin next Tuesday.

than Dayton. He has a B. S. degree in music from Wilkes College and is completing studies for a master's degree at Indiana University.

PERSONAL DRAMATICS teacher Joseph Trinity is dramatically coach for the musical. He has a B. A. and M. A. degree in drama from Catholic University and has taught at Jonathan Dayton for six years.

As various facets of a complicated production are worked out to the satisfaction of the directors, the screams of anguish by Jonathan Dayton's young coeds and strains of "We Love You, Conrad" emanating from the auditorium in after-school hours can be attributed to the developing talents of local thespians and musicians.

Under the management could be described by an observer as a whole of a lot of fun, as riotous as a barrel of Beatles, or just wholesome teen-age activity. Conrad's comment to "suffer" is not felt here.

THE WIRES ARE TIED UP as Pam Blifer and Howard Levin try to get a call through to Anne Mary Giannattasio (left) in a scene from forthcoming musical "Bye Bye Birdie" set for March 6 and 7 at Jonathan Dayton. The picture was taken by student photographer Steve Freeman, who shoots scenes for the yearbook and student paper.

### Snow Shoveling Peril Outlined

#### County Heart Group Issues Warning

The recent near-blizzard and the possibility of more snow to come brought forth the usual storm of warnings about snow-shoveling and heart attacks. The Union County Heart Association again issued its own words of caution, but helpfully appended some hints for those who must shovel.

The advice is contained in the just-released pamphlet "Snow Shoveling May Imperil Your Life," written by Elizabeth cardiologist Dr. Manuel J. Rowan, president of the county heart group. Many articles point out the perils of snow-shoveling, but Dr. Rowan's pamphlet tells how to do it more safely.

If you are in good health to the best of your knowledge and are about to shovel snow, follow these recommendations, Dr. Rowan writes:

1. Dress warmly for the cold weather in loose, comfortable heavy clothing, ear muffs, throat muffler, waterproof shoe coverings and heavy warm gloves.
2. Work slowly, with frequent rest periods.
3. Do not shovel more than one day's worth of snow in one day.
4. Don't plunge into the heavy job after having worked all day at another job.
5. Allow at least one hour after meals before starting to work.
6. During the rest period, warm up in the house or a shed.
7. If you have any shortness of breath or muscular pains, especially in the chest, stop immediately and investigate. Coughing is sometimes a manifestation of shortness of breath and should be interpreted as such until proven otherwise.
8. Don't smoke while working because tobacco may promote constriction of the blood vessels, just as exposure to cold does. The combination may be dangerous.

Don't mix alcohol and work, because the alcohol may dull the sense of fatigue, thereby allowing overexertion.

Parent-teacher conferences will be the order of business of the Jonathan Dayton P.T.A. tonight at the high school, according to Rupert Humer, president.

The session will get under way in the auditorium at 7:30 p. m. when parents will receive instructions concerning room locations of the high school teachers. Conferences will be private and will last for about 10 minutes.

Refreshments will be served throughout the evening.

# They Love Liza In Paper Mill's 'Carnival'

By WILLIAM BRUCKER  
Mama should not worry about her daughter, Liza Minnelli. There is nothing like fireworks of talent, and waves of love from an audience to mollify a cold or support a wavering eye and almost anything else that ails you. That is what Miss Minnelli received Tuesday night in Millburn when the delightful "Carnival" opened a four-week stay at the Paper Mill Playhouse before an appreciative and responsive full house. Besides Mama has her own back to be concerned with. Liza looks quite a bit like her mother, Judy Garland. She talks like her and she stands like her, and she has the same innocent quaver in her voice that became her mother's trademark in the early Garland movies. "Oz," "College Rhythm" and the Andy Hardy series. Here, she is the very girl, innocent Liza, who finds out about love and life in a starchy French circus, and goes from being a waif to becoming a young lady of wisdom by play's end.

This is a beautifully conceived production, originally created by Gower Champion. It transforms the bare scene into a robbing atmosphere of circus, replete with roustabouts, dog acts, Siamese twins, jugglers, trained bears, cyclists, midgets, acrobats, still-walkers, dancers, puppeteers, magicians. Superimposed on this is the tender and simple story of our wistful Liza laid against a background of the loves and jealousies of the circus and the greed and the innocence and readiness of any self-respecting, second-rate carnival.

It is a handsomely endowed show, finely directed by Rudy Tronto, with a good score by better lyrics by Bob Merrill, and a film by Michael Stewart based on the Helen Deutsch movie "Lili," a soft and intelligent thing.

David Daniels plays Paul, the puppeteer, whose cyclism all but consumes him, and who can let the world really see him only through the personalities of his wonderful puppets, the endearing Carrot-Top, the proud, but sensitive, Horrible Henry the walrus, Marguerite the prim and prima donna, and the crafty Renardo, the fox, who is very sensitive about people saying "Trally-Ho" to him.

Scott Merrill, former a strutting Macintosh, is here Marco, the musician, with whom Liza finds herself amorously enmeshed. Marco is sick and handsome, and a more likely candidate for the love of any

teenager would be more difficult to find. Merrill has mastered the requirements for Legrandin and is a very convincing prestidigitator. His budding affair with Lili is complicated. Because he has a previous attachment to a circus, he is the assistant, the incomparable Rosalie, excellently portrayed by Marge Cameron in one of the best performances of the show. She and Marco have some of the best songs, and Miss Cameron carries off the comedy honors.

Rudy Tronto is Jacquot, assistant to Paul, who has a show stopper in "Grand Imperial Cirque de Paris." Tronto choreographed the entire show and his ballet and "Beautiful Can-

dy" and "Grand Imperial Cirque" movements were fine. Wood Romoff is Schlegel, impresario of his rather sleazy circus, who has a few cute lines and sings some likeable songs with Rosalie.

But the charm that pervades the show starts with Miss Minnelli and rubs off on some of the other members of the cast. She gives magic and shimmering tone to this delightful show. There can hardly be a finer show for everyone in the family.

SCOTT MERRILL co-stars in "Carnival" at the Paper Mill Playhouse in Millburn. Liza Minnelli and David Daniels are the other stars in the musical which continues through Sunday, March 8.

KING'S COIN  
The English gold coin known as a sovereign, worth twenty shillings was first struck during the reign of Henry VII. According to the Book of Knowledge, it received its name because on one side it bore a seated figure of the King, or sovereign.

# Temple's First Award Choice Praised By National Leaders

Since two weeks ago, when it first announced that Dr. Joachim Prinz had been selected to receive its first Annual Human Rights Award, Temple Shalom has been flooded with messages of congratulations from all parts of the country, a Temple spokesman said this week.

"We've heard from everyone from Gov. Hughes, Ambassador Stevenson and Secretary Clinton to people like Bill Wilkins, James Farmer and Jackie Robinson," said the spokesman, "and they all say essentially the same thing: that we believe we have made a finer choice."

RABBI JOACHIM PRINZ

President of the American Jewish Congress, Rabbi Newark's Temple Sinai and other national leaders, Dr. Prinz has dedicated his life to the cause of civil liberties and other issues dealing with human dignity.

There could hardly be a more appropriate person selected to receive Temple Shalom's Human Rights Award, said Roy Wilkins, executive secretary of the NAACP. "On behalf of the NAACP, I am pleased to send our cordial good wishes and heartfelt congratulations to Dr. Prinz. This is an honor he richly deserves."

Excellent choices were echoed by scores of other dignitaries, among them Clifford P. Lewis, Webster Jones, president of the National Conference of Christians and Jews; "I am delighted to learn that Dr. Prinz has been selected to receive Temple Shalom's Human Rights Award. Dr. Prinz has been an articulate spokesman of Judaism and, in his interpretation of the religion's highest ideals, has provided an effective weapon against human indignities."

"For his dedicated efforts in behalf of his fellow man," continued Jones, "he has earned the respect and admiration of many of his colleagues at the National Conference of Christians and Jews join me in extending to Dr. Prinz our warmest congratulations and most-cordial regards."

Along with congratulations, several of the dignitaries—among them Congresswoman Florence

Case, said the Senator: "Dr. Prinz is indeed one of New Jersey's most outstanding citizens. To the members of Temple Shalom go my congratulations for such an excellent choice."

# Ladies Of Holy Cross Church Will Join In Prayer Service

The ladies of Holy Cross Lutheran Church, Springfield, will take part in a "Mission Service" tomorrow at Messiah Lutheran Church in Plainfield. Taking part will be the Lutheran women from the Hudson Valley Circuit of The Lutheran Women's Missionary League.

According to an announcement, this year's Prayer Service is especially directed to the needs of private worlds, such as the physically and mentally handicapped, the poor and underprivileged, racial and interracial and cultural tensions, the aged and neglected children.

Leading the service will be the Rev. Gordon Sticks, pastor of Our Redeemer Lutheran Church in Fords, and Zone Pastoral Adviser of the Narisau Valley Circuit. The service will consist of Scripture readings, interspersed with hymns and prayers led by ladies of various churches.

To dramatize the needs of private worlds, the announcement said, congregations are drawing up displays and posters which the ladies are invited to view, "to remind them of their blessings and other people's needs." Following the service, refreshments will be served by the ladies of Messiah Lutheran Church.

The purpose of the service is to create a more sensitive awareness of the needs of others around the world and in our own backyard, with this year's emphasis being on special individual needs.

Mrs. Herbert Keller of 28 Rorer Ave., Springfield, president of the Ladies' Guild of Holy Cross Church said: "It is so easy to say we ought to pray. At times we need encouragement to be living 'Prayer-ers.' Our God has promised us so much saying 'Call upon Me and I will answer.' Jesus Christ, our Saviour has promised a 'Whatsoever ye shall ask the Father in My name, believing, ye shall receive.'"

Of the effective fervent prayer of righteous people avails much, then this Mission to Private Worlds Prayer Service is merely a beginning for a continued prayer life throughout the year," she said.

Rabbi Dresner Will Give Speech. Rabbi Israel S. Dresner, spiritual leader of Temple Shalom, will be the main speaker at the convention of the Southern Region of Hadasah, the largest Jewish women's organization in the world.

**PUZZLE NO. 774**  
ANSWER NEXT WEEK

**Ask Amy**  
BY AMY ADAMS

Dear Amy:  
Do you know any wealthy men?  
I would like to meet a very wealthy man. I'm 30 and never have been married because I've never been interested in marrying a "just average man."  
Guess I'll have to stay an old maid unless you help.

Free and Fifty  
All the wealthy men I know are married. The secret of their SUCCESS lies in the WOMEN they married!  
If you're smart, you won't waste the rest of your life looking for a "just average" man at the end of a nonexistent rainbow. Find an average man who makes a comfortable living, and who can give you love and companionship. When a woman has these things, she really has a "wealth of happiness" - to last a lifetime.

Dear Amy:  
I need your advice quick! A girl keeps calling me about twice a day and I don't even know her name. I would like to know what to do so she'll stop calling me. Help!

Telephone Slick  
Dear Amy:  
You have one of two choices: Get her number, or change yours!

Dear Amy:  
I would like your advice on a problem. I am married to a gentleman who lost his first wife in a car accident. After she passed away, he became engaged to his sister-in-law. What passed between them before I came on the scene is none of my affair, but he continues to correspond with her. They even exchange Valentines. When a letter arrives, he always says to me, "Oh I have a letter from my girl." It's quite annoying. Am I wrong to want this affair to stop?

Wife No. 2  
Dear Amy:  
If these correspondents are causing you any discomfort, you should certainly inform your husband. The valentines are absolutely unbecoming, and you are quite right in wanting this "affair" to stop.

Dear Amy:  
I have a friend who would like some advice. The friend was ill this fall and her illness was quite serious. However, her doctor pulled her through. He was so kind and thoughtful to her and she's so grateful to him that she would like nothing better than to do something to show her appreciation to the doctor or his family.

Dear Amy:  
My wife is about to have another child and my friend thought maybe a small gift for the new baby. Would this be appropriate?  
Since my friend is by nature kind and understanding and very sensitive, I don't know what she should do about it. The gift should be appreciated in the spirit in which it is given. I wonder, sometimes, if doctors are human and real people and have real feelings. I wouldn't want to see my friend hurt, so please advise me what to tell her.

Miss N. G.  
Doctors, like you and me, most certainly have feelings. While a doctor does not expect gifts for services rendered, if it will make your friend happy to extend a token gift for the new baby, I'm sure it will be warmly accepted.

Dear Amy:  
I've got quite a problem. My husband is overseas and I am here. We have a 16-month-old daughter.  
I've been going out quite a bit with different fellows. My husband knows all about it and he says he doesn't mind. When we were together, he always went out a lot, and it is very hard for me to stay home. I have two jobs and I am working very hard to join my husband.  
The problem is my mother.

**Of Last Year... This Year... and the Future**

**Last Year:** New Jersey Blue Cross and Blue Shield covered more hospital and medical-surgical bills for more students, "senior citizens," wage earners and their families than ever before. However, maintaining these milestones in services made 1963 a year to inspire sober thought among all who are interested in preserving the financial soundness of the "Blue" Plans.

**This Year:** The State Legislature again is considering legislation which would help to stabilize the financial base of Blue Cross and Blue Shield by encouraging good risks to remain with the Plans... more nearly balancing the financial loss entailed in the health care of the less fortunate who are the unique concern of Blue Cross and Blue Shield.

**In the Future:** Passage of this legislation would assure the continued progress of Blue Cross and Blue Shield and their ability to provide service to all citizens of New Jersey.

# Dr. Smith Honored For Research Work On History Of Negro

Dr. Myra L. Smith, a practicing physician in the Vauxhall section of Union and wife of Robert Keane, president of the Vauxhall Post Office, was one of three women honored last Saturday at the annual "Festival and Salute to Negro Performing Artists" held in Carnegie Hall, New York City.

Dr. Smith, Mrs. Vera McMillon, supervisor of case research workers for the welfare department of Newark, and Mrs. Aloncia Flood of New York City, were credited by Harry Novik, general manager of WLII-B Radio, sponsors of the annual festival, with giving impetus to the work of Alpha Kappa Alpha, a national Negro sorority, which has been presenting a series of programs on Negro history over radio and TV.

This marks the first time that non-performing people have been singled out for tribute during the 11 years which the annual festival has been held.

The event, sponsored by the Negro-oriented station to climax its participation in Negro History Week, until now has honored artists in all fields whose creative activities have helped develop the heritage patterns of the American Negro. "But this year," Novik said, "we felt the sorority had done so much to enlighten Negro contributions to the history and development of our country over a 250-year span it deserved a special kind of recognition for extraordinary national service. The sorority, largest of its kind, is composed entirely of professional and career women.

Dr. Smith, a graduate of Iowa

and University, became interested in the history study when she was named a member of the Union County Tercentenary Committee. She inspired her sorority chapter, which she serves as historian, to delve into the history of the Negro and gather material for the state celebration. Dr. Smith and Mrs. McMillon prepared and presented a dozen programs called "Negroes of New Jersey" which were presented last summer over WLII-B and two programs for WNDT (Channel 13), the second of which was shown on Jan. 29.

The work of the two women and the sorority they represent was read into the Congressional Record last October when U. S. Senator Harrison P. Williams called them for their work disseminating "valuable material widely-scattered tightly held or buried deep in state files—material so limited and difficult to find as to be most frustrating."

Michael A. Bontempo, former president and a member of the City Council of Newark, made the presentation to the sorority.

Artists honored at the festival included Duke Ellington, Sidney Poitier and Juanita King.

Mrs. McMillon will serve as a member of a panel on "Open Housing in Union" scheduled next Thursday at 8 p.m. in the Little Theatre of Newark State College, Union. The program was arranged by the open housing committee of the Human Relations Group of Union. Dr. Smith is co-chairman of the Human Relations Group.

# Dayton Seeks To Avenge Loss: Will Face Cougars

## Falls Down On Foul Line In Loss To Scotch Plains

Dayton's basketball team will seek to avenge last week's loss to Cranford when it takes on the Cougars tomorrow night. The Bulldogs, reportedly smarting from the 67-57 trouncing they absorbed, feel they're a better team than Cranford. Dayton scored more field goals than Scotch Plains in a game last Tuesday afternoon, but lost 72 to 71.

Once again the Bulldogs fell down on the foul line, making only 11 of 20 free throws while Scotch Plains made 18 of 23. "I just don't know what to do," Dayton coach Ray Yanchuk said. "I've had the boys shoot hundreds of fouls during practice, but when it comes to a game they seem to freeze on the foul line."

"I can't shoot for them," Yanchuk said dejectedly. The Bulldogs record, so far is 10 wins and eight losses. Against Scotch Plains, Dayton started strong, thanks to the effort of Mike Kretzer. He scored eight in the first period which ended with the Bulldogs ahead 22 to 10. But in the second

quarter the Plainsmen poured it on and scored 22 points to Dayton's 15 and lead at half time 41 to 37.

Frank Monticello was red hot in the first half, scoring 16 points. He ended up with 22 points and was the high man for the Bulldogs. Billy Kretzer scored 21.

In the third quarter poor foul shooting on the part of Dayton helped Scotch Plains forge ahead 59 to 51. But in the last period Dayton seem to come alive and their fast break caused the Bulldogs to hurry the score, 61 all.

With seven seconds to go and with Scotch Plains ahead by three, Dayton's Dave Drogkin hit a field goal, making it 72 to 71. The Bulldogs couldn't get off another shot.

Coach Yanchuk said his guards had a hard time getting the ball to Billy Kretzer, forcing the center to come out of his normal position. Yanchuk said Scotch Plains Press proved a "bit too formidable for our back court which ended with the Bulldogs ahead 22 to 10. But in the second

quarter the Plainsmen poured it on and scored 22 points to Dayton's 15 and lead at half time 41 to 37.

Frank Monticello was red hot in the first half, scoring 16 points. He ended up with 22 points and was the high man for the Bulldogs. Billy Kretzer scored 21.

But against Rahway we were scrapping all the way."

Though Dayton was hot in the first quarter... so was Rahway. Both teams scored 18 points. Billy Kretzer and Frank Monticello scored nine points each in that period. At the end of the first half Dayton led, 28 to 24.

In the third quarter, Rahway tried a pressing defense but failed. Dayton's guards, Mike Kretzer and Jimmy Lies, sparked the fast break. When they couldn't see they were able to thread Rahway's defense with pinpoint passing, setting up Billy Kretzer and Frank Monticello with easy shots.

Coach Yanchuk said, "our backcourt men played their best game of the season."

A WRESTLING CHAMP AT DAYTON — Jeff Karlin, last year's district winner of the 97-pound class is favored to win the district championship crown in his class again this year. Karlin has won seven and lost one this season. A pre-season injury had hampered his 1973, but he's now back in top-top shape.

## Leader Sports

### NYU Coach Scouts Regional's Kretzer

A celebrity watched the Dayton-Rahway basketball game last Friday, N. Y. head basketball coach Lou Rossini. But he wasn't just a spectator. He came to scout Dayton center Billy Kretzer, Dayton basketball coach Ray Yanchuk said. Rossini liked what he saw.

Yanchuk said Rossini feels Kretzer could play a forward position on his team. He put on some more weight. The Dayton coach thinks Kretzer wouldn't have much trouble putting on more poundage because he has a large frame.

"N. Y. U. is reportedly considering giving Kretzer a basketball scholarship."

But Kretzer wasn't the only Dayton player who caught Rossini's eye. He thought Frank Monticello could play college ball. In fact, he told Yanchuk that he'll recommend Monticello to the Columbia University basketball coach. The N. Y. U. coach said Monticello is a "Columbia-type of ball player." And Rossini should know, for he once coached Columbia.

Yanchuk feels Monticello should have no trouble getting into the Ivy-League school, because he did well on the College Board exams and has maintained better than average grades.

Though Bill Kretzer has been approached by at least 10 colleges, only two—North Carolina State and the Citadel—have offered him scholarships. However, Rutgers is trying hard to persuade the big Dayton center to come to New Brunswick and help pump some life into Rutgers' basketball fortunes.

### First Place Spot Four Four Strikes In Girls' Bowling

Four Strikes	W	L
Lucky Stars	19	13
Four Wonders	17	15
Wild Bowlers	15	17
Pros	10	22

By virtue of a two game sweep of the Pin Breakers the Four Strikes moved back into undisputed possession of first place in the Girls' Recreation Bowling League.

Going into the all important series last week the Pin Breakers had moved into a tie with the Four Strikes. In the first game, the Strikes were victorious by some 25 strikes. Leading the way for the Stars was Nancy Moring and Sharon Gagnon. In the second contest the Four Strikes managed to squeeze out a four-pin triumph. Diane Slater, who is the league's top bowler, lead the Pin Breakers in both games. Diane had a 214 series for the afternoon.

The Lucky Stars kept pace with the Four Strikes by leading two defests to the Wild Bowlers. The Lucky Stars have now taken six consecutive games in league competition. By virtue of victories the Stars have moved into second place in the league one game behind the Four Strikes.

Pacing the Stars two victories last week was Bonnie Raskin. Ellen Francis of the Lucky Stars also helped lead her team. Debbie Klidner and Dawn Zeff were the top bowlers for the Wild Bowlers.

In the final match of the day the Pros met the Four Wonders. The result of this meeting was a split of two games. The Wonders took the first contest behind the bowling of Barbara Fulmer and Alyse Cooper. Barbara bowled a 117 game to lead the team and record her high game of the year. The second game was won by the Pros, who were paced by Sheri Goldman.

Diane Slater has increased her league leading average. Diane now has an average for the year of 86. Alyse Cooper continues in second place. Alyse's average is at 80. Marlene Mettrions with an average of 88 is in the third spot. Gail Poznanzki continues fourth with an average of 85. Nancy Moring has moved into the fifth spot in league averages. The annual Soap Box Derby sponsored jointly by the Union Optimist Club and L & S Chevrolet Co. will be held June 16, with approximately 40 entries to the race anticipated. It was announced this week. The competition is open to boys from Union, Springfield and Kenton.

Dr. Vincent P. Lauria, club president, and Arthur E. Lynch of L & S reported that about 25 sponsors have already entered the derby.

The list includes the Kingston Restaurant, Anderson Overhead Door Co., Fligge Fuel, Sullivant Chevrolet, Gavlin Buick, Fun Fair, Garden State Lanes, Four Seasons Play and Recreation Center, Phil Crater Inc., Bauer Realty Inc., The Alibi Lounge, B & M Aluminum, T & Z Plumbing, L & J Auto Body Co., Harry Burke, florist, Flor Florist, Vetter Electric Co., Rimmelsdorf Florist, Kay Hardware and Ostering Agency.

tertag Agency, firm or organization that wants to sponsor a boy entry in the race under its banner can contact Walter Heck, derby chairman, at Jersey Auto Tool Inc., phone MU 7-8133.

This is the second year the two organizations have jointly sponsored the event, and Lynch pointed out that last year's derby received recognition as one of the best in the country.

### Hits Honors List At A. F. Academy

Former Dayton football, track and wrestling ace, Bill Geoghegan made the Commandant's list at the Air Force Academy, according to Herb Palmer, Dayton Regional High School Athletic Director.

The Commandant's list is comparable to the honor roll in civilian institutions of higher learning.

Geoghegan spent a year at Rutgers before he won an appointment to the Air Force Academy. He went out for football but an injury kept him off the squad.

Geoghegan's home is at 26 Edgewood ave. Springfield.

### Wrestlers Tackling Powerful Plainfield

Dayton's wrestling team lacks a powerful Plainfield team tomorrow night, and if they wrestle the way they have during the past two weeks, the Springfield grapplers could be victorious.

Against one of the strongest teams in northern New Jersey, Dayton upset Columbia High School, 26 to 15, last Friday. Columbia's only previous loss had been to Union.

Columbia Coach Don Greessel said he had been sure his team would win. After the contest he told Dayton Coach Jerry Sachel, "I thought we would win easily, but you proved to us that you have the better team."

Dayton won eight matches, tied one and lost three.

In the 98-pound match, Jeff Karlin beat his opponent who was undefeated. However, 166-pound Plainfield met another undefeated boy, but he lost a close one. The surprise of the Bulldogs squad, 144-pound Mark Muller, won again. He had come up from the J. Y's to replace undefeated Johnny Gardella.

Steve Arnold won the 122-pound 57 plus 10000 pound Gary Furze fought to a draw. But 165-pound Paul Iemberg won his match.

Team Captain Tommy Baker wrestled Columbia's captain and won. And 147-pound Bob Kaiser captured his third straight match.

Richie Basta won the 150-pound contest. However, 167-pound Richard Bower was pinned in the next match.

In the 177-pound contest, Richie Bittle won 23-17. In the last match of the evening, Dayton's BRYAN BATTLE won 25-17. Night was billed.

Coach Sachel said, "all my boys wrestled well, even those who lost. I was really proud of all of them. They are a vastly improved team."

## County TB Group Scholarship Aid Open To 10 M.D.s

Ten physicians will receive the John E. Rummel Memorial Scholarship, established last month by the board of directors of the Union County Tuberculosis and Health League. Dr. Theodore Kishnick, president of the League, announced this week.

"Support of medical education is one of the major interests of the National Tuberculosis Association and all its affiliates. The opportunity for physicians in our county to attend courses in this rapidly developing field of pulmonary medicine will bring added benefits to residents of Union County who may need medical care for chest diseases. We can think of no better memorial to Dr. Rummel, whose first thought was always for the medical needs of his patients."

The ten physicians will attend the post graduate course in "The Measurement of Pulmonary Function in Health and Disease," to be given March 23 to 27 at the Boston City Hospital. Sponsors of the course include The American Thoracic Society, Boston, Harvard and Tufts Universities and the Massachusetts Tuberculosis and Health League.

The scholarships were open to all physicians in Union County through the hospitals with which they are affiliated. One will attend from Summit, five from Plainfield, one from Greenwood, one from Elizabeth and two from the John E. Rummel Hospital for Chest Diseases.

**CARD HISTORY**  
 Playing cards originated in the Orient about a thousand years ago and were introduced into Europe during the fourteenth century. According to the Book of Knowledge, they were first printed in Germany toward the end of that century. Ancient packs varied widely in different countries, and the modern 52-card pack was invented in France.
