## Town Candidates In Contest Of Claims, Charges

### Planer, Grabarz Respond To Questions On Campaign

The Leader this week prints the third and last pair of answers to a brief series of questions directed to all candidates for the Township Committee. The questions were: "What do you regard as the basic issues of the campaign? What are the strong points of the current administration? What are the weak points of the current administration? Specifically, why do you regard your election as in the best interests of the community?" Following are statements from the two candidates for the one-year unexpired term in the post left vacant by the resignation of Carmen C. Catapano:

#### Grabarz Answer Cites Experience In Serving Town

In answering the series of questions, Henry Grabarz, Democratic candidate for the Township Committee, stated:

"1. Poor judgment on the part of the administration.

"2. A willingness to spend untold amounts of taxpayers' money in defense of this poor judgment.

"3. Lack of understanding of township problems and the inability to cope with them or respect mass opinion.

"4. My years of service to the community as Planning Board member and chairman, as building inspector, as president of the Chamber of Commerce, as head of other civic groups and organizations have given me the experience and background which qualify me to criticize the present administration.

"I believe in living in the protection guaranteed in the laws that wise men before us enacted for the common good.

"I do not believe in a government which does not follow the laws as laid down in the books, but rather improves as it goes along and makes the lives and properties of taxpayers subject to whimsical decisions.

"I do not believe in a governing body which is cheerfully willing to spend any amount of money to defend its poor judgment.

"At no time in the history of Springfield has a Township Committee been the defendant in four major taxpayer suits.

"The history of Springfield has no record of such a determined mass resistance by the people against an administration as we currently have. I am a confirmed believer in standing up for principle but shouldn't our governing officials listen and respect opinions other than their own?"

#### SET CLOCKS BACK SUNDAY MORNING

All residents are reminded to set their clocks BACK one hour at 2 a.m. on Sunday as this time zone changes from Eastern Daylight Time to Eastern Standard Time. People who turn back the hands of time before going to bed Saturday night will gain an extra hour of sleep, to be lost again in the spring when daylight saving time returns.

#### Board Responds On 'Master Plan'

Members of the Springfield Planning Board this week attacked what they termed "misrepresentations" in a statement by the local Democratic candidates on the new master zoning plan for the township being prepared by the Planning Board.

"Nothing that the statement last week had predicted 'wholesale zoning changes,' the Planning Board members called this emphasis 'unfortunate, since it tends to mislead and confuse the citizenry.'

Signing this week's statement were Donald S. Rotwein, Planning Board chairman, and Azelio Pennoni, Francis Kenne, Kenneth Young, Richard Co. Landrea, Arthur Falkin and Robert Hargrove.

"The land use map, which is a portion of the master plan dealing with zoning, has never been formally adopted. Even in preliminary discussions, no consideration has ever been given to rezoning vacant land to the detriment of surrounding areas."

"2. The impact of Bd. 78 on Springfield has been one of the chief considerations in our study. Primary consideration

#### Planer Stresses 'Positive' Actions In Recent Years

In his reply to the questions, Robert G. Planer, Republican, who was appointed to the Township Committee last spring, declared:

"1. The positive approach in present and future problems as taken by the administration, as opposed to a strictly negative or no program of the Democrats. The present administration has a record of sound past accomplishments. I fully expect criticism of a political nature from our opposition, but I also believe they have an obligation to inform the citizens of what they have in mind for the future of Springfield.

"2. A spirit of team work that gets things done as attested by the record.

"3. Qualified men with a record of civic service and sound business background.

"Responsiveness to all taxpayers.

"Fiscal responsibility as shown by no increase in taxes for municipal purposes.

"Pride in serving our community.

"3. The neglect of political aspects of office for the welfare of the community. The time spent on township affairs doesn't give members of the current administration the opportunity properly to communicate with the public during the campaign.

"4. Qualification, experience and past service to the community should be prerequisites for a committeeman. I feel my past service to Springfield and experience in the operation of a company with many diversified industries must meet these requirements."

"The tenor of the campaign to date indicates to me that the

### 'Sound Policies' Vs. '1-Party Rule'

Differences between Republican and Democratic candidates for the Township Committee were clarified, and sharpened, at the annual "Candidates' Night" conducted by the Springfield League of Women Voters Tuesday at the Edward Walton School. Approximately 200 people attended.

Mrs. Stephen Bone, League president, opened the meeting. Mrs. Henry Dearborn of Summit served as moderator, and her strict control of the proceedings made the question-and-answer period the high point of the evening, and possibly of the entire campaign.

In response to one question, Democrat Henry Grabarz declined to identify the "real estate interests" which last week he said had obtained advance information on the master zoning plan being readied for presentation. Grabarz said his information was confidential.

Tract Purchase  
Answering several questions concerned with the town's purchase of the Leone tract on S. Springfield ave., rather than the Fadam Farm property opposite the Florence Gaudinier School, Republican Arthur Falkin noted that the price for the Leone land was \$55,000 for some five acres, while nearly \$100,000 had been asked for the Fadam land of 2 1/2 acres.

He also declared that the tract's 50-foot frontage was enough to admit a road to reach the 1,000-foot depth of the property. Although no immediate use is planned, Falkin said, the township was in urgent need of land for various future municipal facilities.

Democrat Jay Bloom, asked to give three specific goals for which he would strive, listed: "getting new industrial ratings in parts of town where ratings belong, promotion of Springfield through its historical heritage, central coordination for the use of municipal and school property for a recreation program, and re-establishment of liaison with the Board of Education."

Republican Robert D. Hargrove, commenting on a question about a projected civic and

#### TOWN ANNOUNCES TENNIS FACILITY; READY FOR PLAY

The Springfield Recreation Department this week announced the official opening of a new public tennis court. This new tennis court, now ready for singles or doubles play, is located at the rear of the Thelma Sandmeyer School on S. Springfield ave.

The Recreation Department undertook the construction of this court this past summer and reports it is now ready for tennis activity at any time.

People wishing to use the court may park their automobiles in the parking lot adjacent to the Sandmeyer School and then walk to the court location. Access to the court may also be gained from Beverly rd.

#### GOP Candidates Review Records In Serving Town

Arthur Falkin, Robert Hargrove and Robert Planer, Republican candidates for reelection to the Township Committee, this week said they are confident that the "people of Springfield will choose as their representatives men with a broad education and business background and a history of civic and public service, opposed to those whose lack of platform is displayed by reckless charges, innuendo and personal attack."

Mayor Hargrove, in presenting his qualifications for reelection, stated, "I feel that my educational background, which includes a B.S. in electrical engineering and a master of science degree in management, will continue to be put to use for the benefit of Springfield. This, coupled with my business management experience in Public Service Electric and Gas Co., parallels the requirements necessary to achieve a smooth-functioning municipal government."

Hargrove further stated that he feels his experience as chairman of the finance subcommittee of the township in 1962, and later as chairman of the public safety subcommittee in 1963 and 1964, qualifies him for continued service to the people.

Hargrove said he is particularly proud of the "team effort" of the members of the present Township Committee, which has brought about the full utilization

### Vote To Admit School Children Without Vaccination Records

The Board of Education voted Tuesday to admit children to the public schools without vaccination and inoculation records on the grounds of religious principles after a written request was read from the Rev. Henry E. Clark, pastor of the First Century Gospel Church, 417 Milltown rd., requesting such admittance for four children entrusted to his care.

In a letter to Superintendent of Schools John O. Berwick, Mr. Clark said that he has taken into his home five orphaned children, relatives of his wife. He said the oldest, a 16-year-old boy, now a student at Regional High School, and asked that the four younger children be admitted without certificate of inoculation and inoculation.

"It is against the teaching and belief of the First Century Gospel Church to accept vaccination and inoculation or use human means and remedies of any kind," his letter said.

The resolution that will permit their admittance was passed by the Board of Education by a 5-3 vote. Richard Werner, Mrs. (Continued on Page 28)

### Democrats Present Campaign Platform

The Democratic candidates for election to the Springfield Township Committee, Henry Grabarz, Jay Bloom and Douglas Matlice, released their platform this week. They presented an 11-point program which they stated was "essential to restore faith in the government of Springfield; essential to restore integrity to the government of Springfield; and essential to restore a government in Springfield, responsive to the needs of the citizens of Springfield."

On another issue, they attacked the present administration for its handling of the Morris ave. parking and traffic problem.

They stated that the most important plank in their platform was the establishment of a code of ethics to "assure morality in the carrying on of all governmental activities in the

Township of Springfield. We have lived too long under the present administration's policy of favoritism to the few; loss of purchasing policies, and, most important, we must eliminate all conflict of interest charges that the present administration has permitted to take place.

"The code of ethics, would prohibit the personal involvement of any elected or appointed official in business dealings with the Township of Springfield, or in any applications for variances or license requests from the Township of Springfield."

The rest of the platform follows:

"ESTABLISH BIPARTISAN GOVERNMENT — This is necessary (Continued on Page 6)

#### LETTER CHARGES 'UNFAIR ATTACKS' IN POOL DISPUTE

Handling in the Leader last week of a statement submitted by 18 members of the municipal swimming pool committee was sharply criticized in a letter submitted this week by Marvin H. Straus, one of the signers of the original statement.

He stressed that the statement last week was intended to "denigrate and cast in a bad light the truly character traits and intonances levied at certain dedicated members of our team including township officials who served in the effort."

Straus also objected to what he regarded as a "distortion, intentional or otherwise, of a completely non-partisan statement by a group of men and women who have served the community well." He added that many of the other signers shared his feeling that the previous article had been presented in a manner which misinterpreted the intention of the statement.

### 3 CHILDREN SELL PUMPKINS TO AID KENNEDY LIBRARY

A trio of Springfield children went into business in a big way last week and for a big purpose. Kevin and Claire Porter and Ellen Kampf spent a whole day selling home-grown pumpkins throughout the neighborhood, and they returned with a profit of \$3.67.

The youngsters are sending this money as their contribution to the John F. Kennedy Memorial Library. The pumpkins, incidentally, were raised in the Porter garden at 31 Tucker St.

### UNICEF Projects To Get Funds Raised By Junior Ghosts, Goblins

Parents and children throughout Springfield are now preparing for the annual UNICEF fund-raising campaign on Halloween which will be Saturday, Oct. 31.

The local campaign to assist the United Nations Children's Fund, is being sponsored by the Springfield Presbyterian Church. Arrangements are being coordinated by mothers of youngsters in the Raymond Chisholm School.

Weirde dressed creatures in assorted sizes, will ring doorbells in every neighborhood in Halloween in the traditional manner. Besides bags for their trick and candy, however, they will also present UNICEF cautions.

Funds raised will provide milk, food, drugs, medical and health services for 600 million children throughout the world described by UNICEF as underfed, ill housed and in bad health. Contributions will be matched dollar for dollar, by beneficiary countries abroad.

The planning committee in Springfield includes international relations chairmen from the various schools. They are Mrs. Everett Kaufman and Mrs. Benjamin Josephson, Chisholm School; Mrs. Sidney Sklar, Sandmeier School; Mrs. Otto Granter, Walton School; Mrs. Wil-

### Army Promotion To Maj. Padalino

Major Martin L. Padalino of Maplewood, has been assigned as assistant chief of the procurement district, a regional agency of the Army Material Command. He has been selected for promotion to lieutenant colonel and will attend the Command and General Staff College, Fort Leavenworth, Kans., on Jan. 5.

Major Padalino was a radio runner in the Army Air Corps from 1943-46 and was commissioned in the Finance Corps in 1949. His mother is Mrs. Louise Padalino of 127 Broad Hill circle, Springfield.

Final selection is made by the Department of State acting on the advice of the United States Office of Education. During the few years that the program has been in effect some 5,700 mil-

### Ceylonese Teacher Will Survey District

The Union County Regional High School District is one of 12 school systems in the state to have been chosen to serve as host school to a foreign teacher for the month of January, 1965. These foreign teachers, who spread a large part of the academic year in the United States under the auspices of the International Teacher Development Program, are nominated by their respective Ministries of Education.

The Ceylonese teacher, who is a well known science teacher in his own country, having had a record of successful experience in various teaching and teacher-training posts in that country.

He speaks English quite well, and it has been suggested that he may be used as a resource person in the district during his stay, which will be from Jan. 8 to Feb. 11. His basic interests are in the teaching of biology, physics, and general science, with special emphasis on new curricular developments such as are found in the Regional district.

### Plastics Concern Lists Promotions For Top Officers

George J. Stahl, President of Sterling Plastics Co. of Mountaintide, this week announced the appointment of two vice-presidents. The company is one of the nation's leading manufacturers of plastic school and stationery supplies.

John R. Reitmayer, appointed vice-president in charge of manufacturing, began with Sterling Plastics in 1948. He started in the finishing department and supervised production and quality control over the years. Reitmayer is a graduate of the University of Innsbruck, Austria and resides at 52 Ferrhill rd., Springfield, with his wife, Inge.

Philip E. Bauldry, appointed vice-president in charge of sales, moved to Sterling Plastics in 1960. As sales manager, he controlled the company's salesmen representatives and advertising. Bauldry presently resides in Short Hills.

### Olympic Champ To Speak Friday At Youth Canteen

Mountaintide children in the seventh and eighth grades and high school students will have an opportunity to meet an Olympic gold medal winner tomorrow evening. Horace Ashenfelter III, 1952 Olympic gold medal winner, will be the guest speaker at an informal canteen which is scheduled to open at 8 o'clock in Deerfield School.

Ashenfelter is best remembered for winning the 3000-meter steeplechase in Finland during the 1952 Olympics and for setting the world record in this event. That same year he was awarded the James Sullivan, awarded as the most outstanding amateur athlete in the United States. Former world record holder of the indoor two-mile, Ashenfelter held 11 national championships in distance running from 1940 to 1956.

A fighter pilot and aerial gunner in World War II, he served as an FBI agent for nine years after the close of hostilities. Currently he is a technical sales representative for Englehard Industries, Newark.

An informal event, including dancing and other activities will follow Ashenfelter's speech. Closing time will be 10:30.

### Regional Faculty To Hear Dr. Hipp

Dr. Frederick L. Hipp, executive secretary of the New Jersey Education Association, will address the faculty of the Union County Regional High School District at a staff meeting on Nov. 2 at the Arthur L. Johnson Regional High School in Clark.

Dr. Hipp, who has served with the New Jersey Education Association in various capacities since 1942, is an Ohio native with a background of experience in public schools. He is a graduate of Bowling Green State University in Ohio and received his doctorate from Syracuse University.

Dr. Hipp is past president of the National School Public Relations Association and of the National Association of Secretaries of State Teacher Associations. He will address the Regional staff on the topic "What Price Professionalism?"

### Music Festival Seen Big Success

The second annual Folk Festival, held last Sunday at Deerfield School, under the sponsorship of the Mountaintide Music Association, was a "huge success." Mrs. Phyllis De Vos, publicity chairman, reported "This day."

The audience was particularly receptive to the Polish Symphony Choir whose songs were interpreted by the Polish American Dance Circle of New York. Mrs. De Vos said Walter Legawicz of Mountaintide is director of the choir.

The "exciting" performance of the Israeli Trio inspired the audience to keep time to the music with hand-clapping, the chairman reported.

### Channel Lumber Breaks Ground For Central Office, Warehouse

Channel Lumber, the nation's largest do-it-yourself chain, broke ground last week for a firm of Glucksmann and Guzzo, modern executive office and warehouse building which for the first time will combine all the company's administrative and accounting facilities under one roof. The 75,000-square-foot building on Route 10 in Hanover Township will be centrally located which has previously been done at offices in Newark, Springfield, Port Newark and Maplewood.

The new Channel building will also serve as the central warehouse for the firm's seven stores, according to R. R. Charlin, president. Six offices and a lunch room will be housed in 8,000 square feet of space, with the remaining 67,000 square feet devoted to the warehouse.

### Miss Singer Ends Seton Hall Course

Charlotte Singer, guidance director at Jonathan Dayton Regional High School, has completed a special orientation program for guidance directors and counselors at Seton Hall University, South Orange.

Participants in the program took part in panel discussions with the deans of the College of Arts and Sciences, the School of Business Administration, the School of Education and the School of Nursing. They also were conducted on a tour of the campus which included a visit to Seton Hall's new computer center.

### Enrolled At Drew

Dana E. Chavkin, daughter of Mr. and Mrs. Leonard T. Chavkin of 1402 Dore path, Mountaintide, is enrolled as a freshman at Drew University, Madison. Miss Chavkin participated in the orientation week for first year students which included an address by Dr. Howard Nemerov, professor of English at Bennington College, a day in New York touring the United Nations and a picnic at Lewis-Morris Park outside Montclair.

### Danneman Heads Engineering Unit For Hillside Firm

Fred Danneman of Springfield has been promoted to the post of chief process engineer at Buchanan Electrical Products Corp., Hillside, it was announced this week.

Buchanan manufactures crimping tools, connectors and terminal blocks for the electrical/electronics industry. For the past four years, Danneman had been a process engineer at Buchanan. Prior to joining Buchanan, Danneman was employed as a design engineer by the Radio Corporation of America and the Bell Co.

He holds a bachelor of science degree in mechanical engineering from the Newark College of Engineering and a master of science degree in the same subject from the same institution. He has also taken additional courses at the Rutgers University School of Business.

### Official Opening Day For Independent HQ

Henry S. Wright has set tomorrow as the date of the official kick-off of his "Independents and Republicans for the Goldwater-Miller Ticket" campaign. Wright has stated that he is a write-in candidate for the Springfield Township Committee.

Although the campaign headquarters, located at 184 Mountain ave., have been in operation for more than a week, Wright set tomorrow as the official opening date to coincide with what he called "Bill Miller Day" in New Jersey. He said a "personal invitation" has been sent to vice-presidential candidate Miller inviting him to attend the event.

### Student Drivers View Safety Film

Driver education students at Jonathan Dayton Regional High School will view a film called "Signal 30" today at an assembly program. The film, produced by the Ohio State Police, depicts scenes from actual auto accidents that resulted from traffic violations.

Sgt. Frank Wladich of the Morrisstown Barracks of the New Jersey State Police will visit each driver education class to discuss such topics as "job service and enforcement of traffic regulations," "driving on New Jersey highways" and "motor vehicle regulations."

The film and lecture are a part of the Dayton driver education course which prepares junior students in the development of responsible and serious attitudes toward driving. Last week, students heard a lecture on "insurance and financial responsibility." John Swedish, Joe Mills, Mike Lannelli, Tom Santoguida and Sandra Purzycki are driver education instructors at Dayton.

## Convincing Testimony Brings Conviction For Young Witness

A Springfield teenager testified so convincingly in Springfield Municipal Court Monday night for his friend on a malicious mischief charge that the friend was acquitted, and he himself was convicted of the offense.

Convicted was George Zukowsky, 18, of 224 Milltown rd.; acquitted was Ryan Hug, 19, of

238 Milltown rd., both Springfield. Zukowsky told Magistrate Max Sherman—that he knew Hug had not smashed the Grand Union Supermarket on Morris ave. Sept. 20 as charged, because he himself had done it. Patrolman Samuel Calabrese, the complaining officer, had said at the time that another youth had run away. The vandals had occurred at night in plain view of the officer.

Zukowsky admitted in court that he was the youth who did it. He couldn't explain why he did it.

While the magistrate acquitted Hug, Patrolman Calabrese drew up a complaint against Zukowsky. The magistrate fined the latter \$200, placed him on probation for one year and gave him a 30-day jail sentence, which was suspended on condition that he make restitution to the store for the damage.

Hug, however, was convicted on two other charges. He was fined \$100 for creating a disturbance at the police station

after the incident, and \$100 for disorderly conduct at the White Diamond Diner at 592 Morris ave. Sept. 1. Patrolman Calabrese was the complainant on the first charge, and Abner L. Bridge, who operates the eating establishment, was the complainant on the second.

## Capacity Crowd Seen For Revue

Officers of the Millburn-Springfield Kiwanis Club, on the basis of the first week's report of ticket sales, predicted a standing-room-only throng for its benefit revue of barber shop singing which will be held at Jonathan Dayton Regional School on Friday, Nov. 6, at 8:30 p.m.

The barber shop revue will spotlight the Dapper Dams of Harmony, a 50-voice chorus which placed seventh in the recent international competition and is current Mid-Atlantic District champions. Also to appear on the program are three quartets, the Villagers, the 1890 Four and the Main Street Four, all championship groups.

Tickets are available through all members of the local Kiwanis Club, through the members of the Key Club at the regional high school and at the following locations in Springfield: National State Bank, Schaltie Oil Co., Duncan and Co. and Burnett Bros. Inc.

## Irvington Motorists Fined In Springfield

John M. Bohnenberger, 10, of 44 Harbrogrove ter., Irvington, was fined \$25 in Springfield Municipal Court Monday night for speeding.

Also appearing before Magistrate Max Sherman was Dennis W. Conrad, 24, of 69 S. 22nd st., Irvington, who was fined \$8 for failure to keep right.

## Local Boy Scouts Win First Place For Camp Skills

Fifteen Springfield Boy Scouts from Troop 86 helped to win first place awards last weekend in a Northern New Jersey District Camporee held at Surprise Lake. Scoutmaster Willard Jayne and assistants Sid Sklar and Ed Weis led their charges to first place in inter-troop competitions in activities and camping.

Activities in which the local troop compiled winning margins included knot tying, tug-of-war, fishing, flag-raising, and chariot-racing. The award in camping was made for outstanding achievement in camp layout, development of a useful kitchen area, general cleanliness of the camp area, and individual scout preparations.

More than 200 boys and scout leaders participated in the Camporee. The Northern District consists of boys in the Springfield-Union area. Special award patches are being designed and will be awarded at a future Court of Honor.

## Elderly Motorist Hurt In Accident

Charles A. Smith, 72, of 108 Morris ave., Springfield, who was hospitalized with injuries early Friday, when his car struck a parked car on Meisel ave., was discharged Monday from Overlook Hospital, Summit.

Springfield police said the local man suffered a rib injury and cuts, and the First Aid Squad took him to the hospital. Smith's southbound car struck the rear of a car belonging to Robert W. Marshall, 47, of 144 Pitt rd., Springfield, police said. Both vehicles were towed from the scene.

## \$10 Fine Costs \$25 For Ignoring Ticket

John J. Sorice Jr., 28, of Short Hills was fined \$10 by Magistrate Max Sherman in Springfield Municipal Court Monday night for failure to have car registration in possession, and \$15 for ignoring the summons.

Other motor vehicle violators fined included Robert Ratchford, 24, East Orange, driving without a license, \$40; Robert N. Mroz, 29, Paterson, driving with only an expired Virginia license, \$30; Frank Ambrose, 31, East Orange, improper turn, \$15; James F. Rolly, 38, Belleville, red light violation, \$15; and Robert L. Hershey, 23, Lake Hiawatha, improper turn, \$10.

## Democrats Present Platform, Stress Morris Ave. Problems

(Continued from Page 1) to break up the "power clique" of giving jobs to the party faithful, solely for political reasons.

"RELEASE A MASTER PLAN which will not change the character of Springfield. This is important, not only to put an end to all of the lawsuits the taxpayers have been forced to bring to protect themselves, but, further, to prevent the Township of Springfield from being handed over to the private real estate and other special interests that are presently invading Springfield.

"ESTABLISH LIASON and cooperate with the Board of Education. This program was started by a previous Democratic administration, but was abandoned by the present administration. It is important for all of the people to coordinate expansion changes and future planning with the Board of Education, and this liason should be reinstated immediately.

"EXPAND RECREATION PROGRAM. Despite all of the promises of the present administration, this important program, so necessary for the youth of Springfield, remains forgotten, together with so many other promises made by the present administration. A look at the record will show that the budget of the Recreation Department has been cut, and the recreation program is largely forgotten.

"ESTABLISH A YOUTH EMPLOYMENT service program. This program, suggested by leading citizens of the Township of Springfield, was not accepted by the present administration, until election time. We believe these citizens should be supported in establishing this program, so necessary to help the youth of Springfield and we will do everything in our power to help get this program going.

"ENFORCE ZONING LAWS, and not permit violations to remain as "eyesores of Springfield. The citizens of Springfield have suffered, because control of Springfield was handed over to special interest groups, suffered the cost of bringing lawsuits, and suffered the necessity of paying, as taxpayers, for the defense of the very lawsuits they had to bring to protect their rights and to protect the residential character of Springfield.

"The present administration is dedicated to ending the residential character of Springfield, only not by the granting of variances and special exception uses; also, the lack of enforcing the zoning laws is politically dictated and not in the interests of the

taxpayers, but in the interests of the favored few.

"ATTRACT INDUSTRIAL RATABLES and help stop the soaring tax rate. It is necessary to attract good ratables to the Township to combat the steady increase in taxes that the present administration has permitted to occur, unabated for the past three years. We promote an affirmative program, dedicated to uphold the residential character of the township—a program that will attract ratables to the highway areas of Springfield, and not a panic program, which the present administration has adopted to place these ratables in the heart of the residential areas of Springfield.

"RESTORE AND REPAIR Springfield streets and roads. It shouldn't be necessary to have to promise to do what should have been expected of any government in power. However, the present administration has done such a poor job in this area that this is one of the first things to require our attention.

"REQUIRE STRICT COMPLIANCE with the law in purchasing practices, no inside dealings with the Township of Springfield. We have had uncovered over 20 separate occasions of violations of the law in purchasing by the Township Committee. These violations of the law were known by all members of the Township Committee, who condoned these practices.

"To end further improper buying practices, it is essential for the welfare of the Township of Springfield and the taxpayers that these practices not only end, but never be permitted to happen again.

"PRESENT LIBRARY EXPANSION program to voters by referendum. Our Library is inadequate. A citizens' advisory committee should be formed to determine the most economical means of making our library facilities adequate. Grabarz, Bloom and Mattice, also asked the people of Springfield this question: "Who pushed the panic button on Morris ave.?" Grabarz, Bloom and Mattice stated that "the present administration was in such a hurry to try and claim an accomplishment for their present political campaign that they authorized the State Highway Department to come crashing into Springfield to tear up the sidewalks, replace telephone poles, create havoc in our streets and leave the citizens of Springfield, not

## Driver Fined \$15

Steven Eichoff, 21, of 1185 Foothill way, Mountlake, was fined \$15 in Springfield Municipal Court Monday night for picking up passengers in the middle of the road. He appeared before Magistrate Max Sherman.

**WRINKLES**  
By Marie Davant

New York—Chemical science has found a white substance made with quicksilver that works wonders on wrinkled, roughened face and hands. Use it one time and it is entirely possible you will see improvement next morning. In a few days dry-skin wrinkles start to vanish. Many of the small ones around the eyes and mouth have already disappeared. But that is not all "Old-age" (weathered brown spots on hands and arms—brown "age" darkness on surface of face and neck fades away! Rich oils lubricate pores so blackheads can slip out without squeezing. Surface pimples and blemishes and scars, out-

wardly caused, dry up or become less noticeable! But don't take my word for it. Make a 6-day test without risking one penny. Just get a jar of Peacock's Imperial Creme at your favorite department or drug store. Use this thrilling cream for 6 days—and if you are not delighted with results, full price will be refunded. No questions asked. Peacock's Imperial Creme can work wonders for wrinkles, lines, brown spots and other weathered blemishes. You may obtain Imperial Creme for \$2.00 plus tax from Park Drugs, 225 Morris Ave., Springfield. Clip this out.

### Nunzio to Address Accordant Session

The Accordant Teachers' Association of New Jersey will hear a talk by Charles Nunzio, well known accordionist and teacher, at its open meeting, Tuesday at 8:30 p.m. at the Cornet, Irvington.

Nunzio will speak and demonstrate the five bass systems of the accordion, assisted by Miss Rose Slachetka of Linden, Leonard Feldman, Gary Occhiuzzo, and Edward Monteiro, of Union, current state accordion champion.

Plans will be discussed for

the contest to be held March 21, at the New Barringer High School, Newark. All teachers, students and parents are invited to attend.

**NEW HOWARD BONUS**  
John W. Kress, president of The Howard Savings Institution, announced this week that Howard would pay a cash bonus or dividend on all completed 1965 Christmas Club accounts. He said, "This will add a new appeal to a service which has long been attractive to thousands of thrift-minded people, even when no dividend was paid."

## Ask Amy

BY AMY ADAMS

Dear Amy:  
Halloween is almost here again. Once again we will give our children a nourishing meal and send them out to "Trick or Treat." Are we going to let our children threaten our neighbors with: "If you don't give us candy, we will do something mean to you?"

Any other time of the year, we would scold them for this type of behavior. We teach them that it isn't good manners to beg or threaten people for treats. We teach them to earn or at least, deserve, treats. But it is Halloween, so we will follow the old tradition and send our children out to beg or threaten our neighbors for things which their tummies neither need nor want.

Amy, I ask you, are we doing right by our children?  
A Wondering Mother  
Dear Mother:  
The custom of "Trick or

but every parent should appeal to their PTA for those UNICEF cans for each one of their children, and in this manner, they are taught BROTHERHOOD.

Dear Amy:  
I take exception to the letter you printed from "Bee" downgrading "confirmed bachelors."

I am a confirmed bachelor and treat all the women I take out to a swell time. I always spend a large sum, and go to expensive places on every date. I keep well groomed and always wear the best clothes.

This "Bee" indicates that she is a good girl, yet I wonder where she met her so-called "bachelor?" From the way she writes, and I quote, "They keep company with others (women) whom they pick up at bars, cafes, or what have you."

Truly, is her friend a "confirmed bachelor" or a "confirmed bum?"  
Tom F.  
(St. Louis, Mo.)

Dear Amy:  
My older sister is getting married next month and has asked my boy friend as my escort. He does not know her very well,

except to say hello and good bye. He has been asked for my pleasure only and would otherwise not have been asked. Is it necessary for him to give her a gift? Can it be money? He has not brought up the question, but I am curious to the proper answer in case he does.

Barbara  
Dear Barbara:  
Whether your escort decides to give a gift or not is entirely up to him. However, if he asks your advice, tell him a note of appreciation to your mother (since she is making the wedding) and a card of congratulations to the married couple would suffice.

Dear Amy:  
I've never written a letter to the paper before but I couldn't resist this time. Your article to "A Future Bride" prompts me on.

This girl said she wanted to have dancing and drinking at her wedding reception and her folks didn't approve. I agree that it's her day and she should do as she pleases but I disagree that no wedding is complete without drinking and dancing.

My religion disapproves of drinking and dancing. I've attended many weddings includ-

ing my son's and I'm here to tell you that they were fine affairs. We had a marvelous time with no hangovers the next day.

It can be done!

**Antiques Fair Offers Variety Of Exhibits**  
The East Orange Antiques Fair, which will be held Monday through Thursday of next week at the Hotel Suburban, will feature exhibits of the varied wares of colonial mansions and pioneer cabins, English manor houses and Italian villas, Oriental palaces and French chateaux.

The small, select show will assemble 33 antique dealers from a half-dozen states to display furnishings and curios dating back through several centuries. Hours will be 1 to 10:30 p.m. daily except next Thursday, when the closing hour will be 6 p.m.

**Winter Coat Preview Show At Hahn & Co.**  
A preview of winter coats will be presented by Hahn & Co. in Coat Fashion Shows on Wednesday, Oct. 22 at 12:30 and 6:30 p.m. in its Newark store and Friday, Oct. 30 at 1 p.m. in its Westfield store.

The season's newest silhouettes, colors and fabrics will be modeled in untrimmed, fur-trimmed and fur-lined coats, as well as designs in man-made fibers that look like fur.

Restrained tailoring and decorative femininity gives new fashion direction to this year's coat picture. It is the "modulated" silhouette. The edgeline sought: young with a feeling of motion. Shoulders have the becoming, natural look with tapered waist lines and minimized collars. Accents are delicate so as not to detract from the concise symmetry of the silhouette line.

# League Of Women Voters Data On Referendum Questions, Candidates

The following is taken from data compiled by the League of Women Voters of Union County. Public questions and League explanations are included, along with biographical information and candidates' replies to League questions.

## Public Questions

### PUBLIC QUESTION No. 1 — N. J. INSTITUTIONS CONSTRUCTION BOND ISSUE

**Actual Wording** — Shall the act entitled "An act authorizing the creation of a debt of the State of New Jersey by issuance of bonds of the State in the sum of \$50,000,000 for State mental, charitable, hospital, relief, training, correctional, reformatory and penal institutional buildings, their construction, reconstruction, development extension, improvement, equipment, and facilities, for health and welfare uses; providing the ways and means to pay the interest of said debt, not to exceed in the aggregate the sum of \$31,011,000," and also to pay and discharge the principal thereof, and providing for the submission of this act to the people at a general election," be approved?

**League Explanation** — This \$50 million bond issue would be used for State mental, charitable, relief, training, correctional, reformatory and penal institutional buildings, their construction, reconstruction, development extension, improvement, equipment, and facilities for health and welfare uses. The following are the recommended expenditures (in millions of dollars): Second col-

ony for retarded \$18.4. Medium security prison Leesburg first \$6.0. Community mental health centers \$7.0. Geriatric nursing units \$6. Community centers for the retarded \$4.6. Facilities at New Lisbon \$1.1. Facilities at Clinton \$3.0. New training school for children \$4.0. Neuro Psychiatric Institute \$6. Total — \$58.1.

Federal funds are expected to make up the difference between the \$58.1 million of cost and the \$50 million from the bond issue. The interest on this debt could not exceed \$31 million and it can not be carried for longer than 30 years. Funds to meet the interest and principal would be appropriated from revenues derived from the Alcoholic Beverage Tax. If funds from this source are at any time insufficient, provision is made for an annual assessment on real and personal property in each municipality (a usual provision in New Jersey bond legislation).

### PUBLIC QUESTION No. 2 — N. J. COLLEGE CONSTRUCTION BOND ISSUE

**Actual Wording** — Shall the act entitled "An act authorizing the creation of a debt of the State of New Jersey by the issuance of bonds of the State in the sum of \$40,100,000 for public higher education facilities; providing the ways and means to pay the interest of said debt, not to exceed in the aggregate the sum of \$27,000,000, and also to pay and discharge the principal thereof, and providing for the submission of this act to the people at a general election," be approved?

**League Explanation** — This

\$40.1 million bond issue would be used for public higher education facilities. The following are the recommended expenditures (in millions of dollars): State Colleges: Glassboro \$3.4. Jersey City \$3.3. Montclair \$2.9. Newark \$4.1. Paterson \$3.1. Trenton \$1.6. Total \$18.4.

Rutgers: at Camp Kilmer \$10.0 at Camden \$3.0, at Newark \$3.8, at New Brunswick \$2.3. Total \$19.1.

Newark College of Engineering: \$2.6. Grand Total \$40.

The interest on this debt could not exceed \$27 million and it can not be carried longer than 30 years. Funds to meet the interest and principal would be appropriated from revenues derived from inheritance taxes. If funds from this source are at any time insufficient, provision is made for an annual assessment on real and personal property in each municipality (a usual provision in New Jersey bond legislation).

### PUBLIC QUESTION No. 3 — COUNTY VOCATIONAL SCHOOLS

**Actual Wording** — Shall the County of Union approve the planned expansion program of the Board of Education of the Vocational Schools in the County of Union to provide additional facilities for the present technical institute and to establish a vocational technical high school and appropriate capital funds not exceeding the sum of \$3,750,000 to be used by said Board for the purpose of constructing school buildings and purchase the necessary equipment therefor on lands presently owned by said Board of Ed-

ucation at Scotch Plains, New Jersey, and to provide for a method of repayment of any said capital sum, together with operating costs thereof, by the sending districts of high school students by tuition based on a per pupil cost as provided by N.J.S.A. 18:15-54.4?

**League Explanation** — This \$3,750,000 bond issue on the ballot concerns the construction of separate buildings (campus style) on land in Scotch Plains presently owned by the County Board of Education. These will be designed so that they will provide facilities for a post-secondary technical institute (including the present operation) in one building, and facilities for high school students in crafts and services in another building. These will be completely separated, but will be served by a common library, cafeteria, administration, physical education, etc.

A tuition will be fixed for all students, post-secondary paying their own and secondary paid by the local sending district to be determined by the number of students attending from each district. The balance of funds will come from county, state and federal sources.

## U. S. Senate

**Term of Office:** Six years.  
**Salary:** \$30,000; travel mileage and allowance for clerk hire.  
**Functions:** Legislators of Federal Government. Senate has power to ratify U. S. Treaties with foreign governments, also confirm or veto presidential appointments. It acts as the Court of Impeachment.

## QUESTIONS

1. What in your opinion, should be the U. S. policy on economic aid to the developing nations in Asia, Africa, and Latin America? Why?

2. To what domestic economic problems should the federal government give priorities?

3. Do you think there is need for further Congressional action on Civil Rights? Please explain.

### Bernard M. Shanley

BERNARDSVILLE REPUBLICAN

Age 61. Graduated from St. Benedict's Preparatory School, Newark; attended Columbia College; graduated from Fordham Law School. Attorney — Senior member of law firm of Shanley and Fisher with offices in Newark, East Orange, and Washington. Served from 1953 to 1957 as close advisor to President Eisenhower in capacities as Special Counsel and Secretary. Was White House liaison between the President, Secretary of State, and Joint Chiefs of Staff. Attended meetings of the President's Cabinet and the National Security Council. Republican National Committee member from New Jersey, 1960-64.

1. "Economic assistance, well conceived and effectively administered, furthers peace and freedom. Unfortunately, the present AID program, characterized by waste and extravagance, is falling to do the job. Future guidelines should include: a) emphasis upon stimulating responsible private enterprise, b) technical assistance programs enabling nations to eventually terminate foreign aid, c) recognition that multilateral assistance programs will have important

roles. Western Europe, Japan, and Canada should be encouraged to assume a larger part of the burden of foreign aid."

2. "Congress must help solve our primary domestic problem — unemployment — by coping with the automation and improving retraining programs. It must finally erase the shame of our cities by emphasizing rehabilitation, code enforcement, and relocation assistance. Congress should enact fiscally sound medical care legislation, covering doctors bills and drugs, without bankrupting the social-security system. It should extend tax cuts and reforms, eliminate wartime excise taxes, and provide tax credits for college students and parents."

3. "The landmark Civil Rights Act of 1964 is the culmination of a century long fight to give all Americans full freedom and equality. Had I been a member of the Senate I would have supported the Civil Rights Act as passed. Prior to the consideration of any new major legislation in the field, I believe that Congress should examine the success with which the new law is being implemented and enforced."

### Harrison A. Williams

WESTFIELD DEMOCRAT

Age 44. Plainfield public schools, graduated from Oberlin College in 1944, and upstart graduate work at the Georgetown University Foreign Service School. Graduated Columbia Law School, 1948 following service as a Naval aviator during World War II. U. S. Senator, Member, U. S. House of Representatives, 1953-56. Member, U. S. Senate — 1958 to present.

1. "Our policy must be directed to building healthy, economically viable nations. Our goal is not the establishment of satellite states which demand unquestioned obedience but the encouragement of independent nations with the strength to withstand the external and internal pressures of Communism. We must work out detailed plans with the cooperation and approval of the host country, which will best flourish there. Finally, when necessary, we must not be afraid to firmly condition our assistance on those structural changes, both social and economic, which are vital if all in a country are to reap the benefits of our aid."

2. "President Johnson has eloquently focused the nation's attention on the central problem of poverty. The newly-enacted Poverty Bill utilizes many approaches to the problem; training of the 'unemployables' and undereducated, regional assistance to stimulate local action, and use of a National Service Corps (modeled on the Peace Corps) to aid with local problems of poverty, disease, and illiteracy. We must attack the problem of unemployment through expanded educational and training programs — and through a detailed study of the effects on employment of automation and declining defense spending."

3. "Not at this time. We must give the 1964 Civil Rights Act a chance to work. What we need now is the good will and voluntary compliance of all of our citizens and a prompt and vigorous execution and enforcement of the law by the federal government."

## House of Representatives

**Term of office:** Two years.  
**Salary:** \$30,000; travel mileage and allowance for clerk hire.  
**Functions:** Legislators of Federal Government. House has the power to vote impeachment charges. All revenue measures originate in the House.

1. What in your opinion, should be the U. S. policy on economic aid to the developing nations in Asia, Africa and Latin America? Why?

2. To what domestic economic problems should the federal government give priorities?

3. Do you think there is need for further Congressional action on Civil Rights? Please explain.

### Florence P. Dwyer

ELIZABETH REPUBLICAN

Age 63. Public Schools, Reading, Pa. and Toledo, Ohio. Attended Toledo Univ. Attended Rutgers Univ. Law School. Housewife. Member of Congress. Eight years in House of Representatives; 7 years in State Assembly. Member, House Committees on Banking and Currency, Government Operations, Veterans Affairs; Subcommittees on Housing, Consumer Affairs (ranking minority member) and Intergovernmental Relations (ranking minority member). Member (and author of legislation creating) Advisory Commission on Intergovernmental Relations. Board of Directors, Gallaudet College for the Deaf; delegate, White House Conference on Education; delegate, Republican National Conventions. Chairman, Assembly Committee on Education member, Assembly Felony Committee. Assistant Assembly Majority Leader; Secretary to Assembly Speaker and Majority Leader.

1. "U. S. should continue economic aid to underdeveloped countries both as a humanitarian obligation and as means of strengthening freedom, independence and stability of recipient nations, through technical assistance, sale of surplus foods, and development loans. Aid should be more selective, with emphasis given to countries most capable of using it constructively and for projects combining long-term benefits with maximum increase in people's living standards. Private U. S. investment should be more vigorously promoted here and U. S. aid programs integrated more thoroughly with those of international agencies for maximum effectiveness."

2. "Continued effort to increase rate of economic growth in order to reduce unemployment and counteract effects of automation; simultaneous attention to preserving price stability and preventing inflation; careful attention to administration of anti-poverty program, now authorized on experimental 1 year basis, to assure it works; gradual overhaul of farm program to reduce burden of high prices, subsidies, storage costs; repeal of outmoded, unfair retail excise taxes; consumer information and protection."

3. "For the moment at least, no. Immediate need is for conscientious, fair and understanding administration of comprehensive civil rights bill overwhelmingly passed by majorities of both parties this year. Congress should maintain close review of compliance under the Act, and leaders in government, community affairs, and civil rights groups should cooperate to improve racial harmony through broader acceptance of responsibilities and respect for law by all groups in all sections of the country."

## Richard J. Traynor

DEMOCRAT

Age 35. Summit public schools, St. Francis Xavier University, B.A. 1964. Senior Class President, Valdeleia; Seton Hall University School of Law, LL.B. 1960. Attorney at Law. Practicing attorney; at law school special courses in legislation, government, and administrative law; Councilman, Borough of New Providence; Council Chairman of Police; small business proprietor; Chamber of Commerce; Planning Board, Borough of New Providence; Industrial Relations Committee.

1. "The United States must give continued attention to the economic growth of these areas by properly planned and controlled aid programs. Asia, Africa and Latin America are targets for Communist expansion. These developing countries hold the key to world peace and we must be sure that they develop economic strength while remaining free. As a nation with 48 percent of the world's wealth we are vulnerable unless we share our technical skills with the underdeveloped nations before they follow hostile powers."

2. "Sound continuing action is needed in the fields of employment, education, civil rights, care for the aged, transportation, housing, the problem of automation and small business. Constant long range and flexible planning is necessary to maintain a high gross national product and keep employment high. President Johnson has started an attack on poverty. Through education and training we can break the cycle of poverty which exists in so many areas of the country. Job opportunities must be afforded to all groups."

3. "Additional Congressional action on Civil Rights will depend upon the success of the enforcement of the 1964 Civil Rights Act. Only after his effectiveness has been tested can we tell whether a re-examination of the act is necessary. The historic Civil Rights Act of 1964 specifically guarantees rights which already existed under the United States Constitution. By Congressional action, the Civil Rights Act provides the machinery for enforcing those rights. All Americans must continue the educative process to truly make the American society a society of equal opportunity for all."

## Union County Freeholders

**Term of office:** Three years.  
**Salary:** \$7,500. Functions: Governing body of the county (8 member board). Controls property finances and affairs of the county, levies taxes for county needs such as maintenance of highways, parks and institutions. 1964 budget: \$17.06 million.

1. A committee of the N. J. Legislature is currently drafting enabling legislation to permit county government reorganization. What is your opinion on such reorganization?

2. What specific steps would you take toward the establishment of a county planning board?

## CANDIDATES FOR 1-YEAR UNEXPIRED TERM

### Irene T. Griffin

WESTFIELD REPUBLICAN

B.S. Degree Columbia University — Graduate work Columbia. Courses — N. Y. School of Finance, Faculty Kent University, Ohio, Y.W.C.A. Staff, Cleveland, Ohio. Fifteen years local, county, state, P. T. A. leadership. County Cancer Field Army. Executive Board National Foundation for Crippled Children's Aid. Former Assemblywoman, New State Republican Committeewoman.

1. It is wisdom to periodically survey what we have on each level of government to see if change could bring improvement. Proposals on reorganization of County Government are still in the embryonic stage and it is too early to express an intelligent opinion regarding them.

2. If a county planning Board should be recommended by the Legislative Committee on reorganization of county government such a Board should be appointed by the Freeholders and responsible to them. They are the duly elected representatives of the people and as the governing body on the county level are accountable to the citizenry for all governing action.

### Hugh Caldwell

PLAINFIELD DEMOCRAT

High parentage. Married, three daughters. Parish St. Mary, R.C. Plainfield. Graduate of St. Munoz Academy, Scotland. Active, Community Chest, United Fund, Hospital drives, Crippled Children, B.P.O.E. 885, member of Union County Mental Health Planning Committee. President of Local 250, U.A.W. Former Vice President of State C.I.O. Former President of Essex-West Hudson C.I.O. Council.

1. Because of the growing needs within County government and a public awakening to the importance of the Board of Freeholders in their everyday business, it is my conviction

# Springfield Historian Criticizes State About Falling Arches

By BEA SMITH  
As automobiles pile bumper-to-bumper along a makeshift one-lane road, constantly-busy intersection of Morris ave. and Mountain ave., snarling traffic far up into Springfield and down toward Union, and drivers fidget and grumble, their comments are fortunately drowned in the ear-splitting rumble and thunder of drills digging into concrete.

The language may be a bit stronger, but one gets the general idea. And strangely enough, drivers who "brake-through" the temporary lanes every day, muttering and growling, are really unaware of what is being knocked down and what is coming up in its place.

At least, this is how Donald B. Palmer seems to feel. Palmer, who is curator of the Springfield Historic Society, has some strong ideas on the subject. And the first thing he emphasized to a visiting reporter recently was the "waste of time, manpower, materials and money in digging up what they're digging up."

"THEY'RE DIGGING UP the old stone arch bridge over Van Winkle Brook. Hardly anybody in Springfield knows the bridge was even there. The bridge was built 94 years ago."

At that time, he said, "Morris ave. must have been a county road. Freeholders had built old arches underneath the pavement. The names of the men responsible for building both bridges over Van Winkle Brook and the Rahway River were recorded on marble tablets. In 1920, they changed the original stone walls to iron railings, and in 1935, to the present concrete parapets, built by the State Highway Department."

"The marble slab with the names of the freeholders had broken into pieces," Palmer indicated, "and through the years, most of the pieces were found and presented to our Historical Society. I have managed to put together more than three-quarters of the marble slab." He said, directing this reporter to the cellar of Springfield's Cannon Ball Museum.

"I've written to the highway department asking what happened to the rest of the pieces of the tablet. The pieces, I guess, just haven't been found."

RURAL SCENE — This is the bridge along Morris ave. now being replaced as part of the state project to widen and repave the main business street through town. This picture, taken by Mrs. E. D. Pannell in 1897, when Springfield was a quiet country village, is part of the Springfield Library collection.

Clearly imprinted on the left side of the heavy marble (29" by 20") are the freeholders' names: "C. Smith, Supl. Committee, A. P. Scudder, W. A. L. Ostrander, G. T. Thebaud and N. Woodruff," and on the right side: "P. Lum & J. C. Bealy Builders, 1870."

**Master Plan**  
(Continued from Page 1)  
has been given to the downtown commercial area, including the rebuilding of Morris ave.

PRICE OF PROGRESS — This is the old bridge, hidden under Morris ave. just west of Mountain ave., as Highway Department crews were tearing it up last week. The bridge, which had served residents for nearly a century, will be replaced by a new, modern structure to carry a widened Morris ave. across Van Winkle Brook.

### Badolato-Tenore Bridal

The marriage of Miss Kathleen Ann Tenore, daughter of Mr. and Mrs. Edmond Tenore, of Unity ave., Vailsburg, to Charles Badolato Jr., son of Mr. and Mrs. Badolato, of Sutherland dr., Union, took place Saturday in Sacred Heart Church, Vailsburg, with the Rev. Horion J. Raught officiating. A reception followed at the Friar Tuck Inn. Mr. Tenore gave his daughter in marriage. Attending her were her sister, Mrs. Salvatore Melillo, as matron of honor, and three bridesmaids, another sister, Mrs. Frank Gamba, Mrs. Thomas McKenna and Miss Adele Scutari.

Stephen Badolato served as best man for his brother. Ushering were Mr. Melillo and Mr. Gamba, and Thomas McKenna, Edmond Melillo, nephew of the bride, was ring bearer. The new Mrs. Badolato is a graduate of Wilfred Beauty Academy and is with a Union beauty salon. Her husband is employed by the Newark Post Office.

Commentary on a recent National Editorial Association Round the World Newspaper Study Mission

by TRUDINA HOWARD

**28th of a Series OF THE KHYBER PASS**

The historic Khyber Pass has been invaded since 1500 B.C. — and the invasion is still on. The current invaders however, are no conquerors like Alexander the Great or Genghis-Khan of the Persians or the Mughals of the English — but a handful of tourists.

And I was one of them. The National Editorial Association Study Mission Group, of which I was a member, drove through the pass on the way from Pakistan to Afghanistan, so we were lucky enough to be among those to go through it and see it first hand.

FOR TWO MONTHS before the 1964 Round-the-World Study Mission began, I attempted to find out what the weather would be like there in February in

order to know what clothes to pack for it. Since the rest of the trip was to be in hot climate, most of the meagre baggage allowance was taken up with necessary summer clothes, and the Khyber Pass sounded like a cold weather country to me.

But I never did find out until I got there. I not only couldn't get a straight answer on the weather, but many natives couldn't even tell me where the pass was!

I asked people I knew at the United Nations who were from Afghanistan or Pakistan and I got answers of both countries for location, and answers of "Oh, it will be like Spring," to "Oh, you will be snowbound!" for the weather.

So I packed a full-length sweater, a fur hat and a detachable fur collar for my coat, and gave up asking. But it was like Spring in the Khyber Pass. And it is located in Pakistan. (I used the winter clothing in Kabul, Afghanistan, where we DID get snowbound, so it was not a total loss.)

THE PASS REALLY was surprisingly warm. It also was surprisingly low in elevation, and surprisingly unimpressive. Meaning particularly unprecipitous. Yet it was spectacular in its own right. It was thrilling just to be there.

It begins at a distance of 11 miles from Peshawar, Pakistan, and extends up to the Pakistan-Afghanistan border at Torkham, 23 miles further on. Starting from the foothills of the Sulaiman Range at about 1,140 feet, it gradually rises to an elevation of 3,800 feet. There are no trees on the stony hills, nor towns on the winding road, nor gas stations nor signs, so it is bleak and wild looking and empty. One lone fortress stands near the beginning of the pass where the Khyber Rifles guard are stationed, but we saw no one about.

The brown hills are dotted sometimes with tribal settlements and sometimes with wan-

lowed only when soldiers are stationed at the entrances. Tribal villages lie on either side of the pass. Each family has its own little fortress and watch tower, since feuds are common among the hill tribes. Travelers are protected from bandits by armed police.

BUT THE PASS has never been like it is today. A good, black-topped, two-lane road winds through its full length many times paralleling the old caravan route that once was the only way to go. The entrances can barely be noted since the modern road runs smoothly and uninterruptedly before it, through it and beyond it. Only a railroad-type gate of heavy wood marks the entrances, but they are most often unattended

and not used as they once were. Good old American cars traverse it at good speed, instead of camel or donkey, cart or carriage, and bandits are not as prone to roam as they once were. The only thing that takes a little doing to go through the Khyber now is: willingness to be in an isolated area for a while, a little courage to face a possible or a possible tiny little shooting, and stamina-to-go-out-of-your-way to get there. It isn't exactly handy.

So, going through the pass itself once you are there, is no longer really a dangerous, adventurous, thrilling mission. It just feels that way.

## Built-Ins For Storage Space Provide Attractive Decor

Lack of proper storage facilities is a common problem in this era of expanding families and growing leisure time. Happily, it's easily possible to correct this situation and gain increased storage space within the walls of your present home. Built-ins can be designed to yield greater and more flexible facilities for storage than most furniture occupying the same area. The next family round-table might be a good time to discuss and assess individual and collective storage needs, and then plan to meet these requirements.

A well-planned built-in not only solves storage and space problems, but can be a source of visual enjoyment. There are many types, shapes, and sizes of storage facilities, but all will include some of these basic components: shelves, cabinets, drawers and doors. Because everyone's storage needs are different, it is necessary first to plan the amount of space that is available for built-ins, then adapt the dimensions of these components to your own storage units. Any one of the Western Pine region woods would make an excellent choice as the construction materials.

Solid lumber, if it is simply stained and waxed, will not show signs of wear — chipped paint or finger marks — and requires only dusting and an occasional wiping.

Shelving is easy. One of the simplest forms of storage is shelving. You may want to add shelves in an existing closet to give you additional storage, build them to store and display your books in a living room or den, or build them in a cabinet you are about to construct.

All cabinets have two things in common: a frame and some

sort of enclosing material or siding. To this you may add drawers, doors, racks and shelves to suit needs.

For a more elaborate unit, you can build a complete storage wall either attached to the wall or left free-standing. Or design a wall to serve as a center for family interests.

If yours is an artistic family, a built-in unit such as this would-house ceramic supplies, paints and brushes, a drop-down table. If the family is musically inclined, the stereo or hi-fi equipment with space for records and tapes could be included.

Divided or partitioned drawers in built-ins assure that your stored articles are readily available, easily seen, and sorted to suit your convenience. A method of assuring tight yet easily removable partitions, is to give small guide strips to the sides of the drawers. These are made by notching a one-half inch groove into a piece of one-inch half-round molding.

Use Empty Space

To further increase the effectiveness of your storage units, utilize empty spaces for racks and partitions. These are relatively simple to make if you measure carefully, cut and assemble precisely.

A wide variety of hinges may be used from those that are completely concealed to those that are completely visible. Which you choose is a matter of personal preference. Concealed or semi-concealed hinges do not mar the appearance of the door but require more care in fitting.

On the other hand, exposed hinges can be very decorative and can add to the appearance of the door. Properly attached, any hinge does a good job and helps set the built-in style, be it modern, traditional or early American.

If your house has no floor space that can be spared for built-ins, better use of existing closet space may be the answer. Orderly storage cabinets and closet built-ins can double or triple holding capacity.

**Atlantic Thrift To Open Today With Festivities**

Today is the scheduled grand opening for Atlantic Thrift Center at Rt. 22 and Springfield rd., Union. Another of America's pioneer chain of discount stores will open simultaneously in North Bergen, bringing the total of such stores in the state to three and the grand total to 45 in the nation, a spokesman for the chain said.

During the grand opening celebration, popular personalities and dignitaries will distribute 3,000 pearl necklaces and many other gifts to shoppers, the spokesman said. Miss New Jersey will serve party cakes and the Center will give away a \$1,000 savings bond, according to Sidney Mittleman, company president.

The stores, each of which has approximately 70,000 feet of floor space, Mittleman said, will feature clothing departments for men, women, boys and girls. The clothing will be "up to the minute fashions," Mittleman said, and the merchandise will include accessories, jewelry, watches, clocks and much more to fit every taste, he said.

Also being sold is footwear, housewares, toys, stationery, drugs, hardware, paints, auto and supplies, among other items. Each store will also be equipped with a "snack-bar."

Louis Moyer will manage the Union store and Maurice Goldman, the store in North Bergen. Atlantic Thrift Center in Union is opening its branch in a store formerly occupied by National Family Stores and which the Atlantic Thrift acquired in August.

**Special Police To Honor Hero At Thursday Fete**

The N.J. State Rural Police Association will hold its annual dinner-dance Tuesday night at the Club Diana, Union, with some 500 expected to attend.

Vincent Zurawski of Irvington chairman of the affair, said that the program will be highlighted by presentation of the association's Valor Award to William Lambert of West Paterson, a special policeman who made headlines this past winter when he rescued two youngsters from the Passaic River. Lambert will also receive an award from P. Ballantine & Son, the first that company has presented to special officer.

Zurawski is financial secretary of the association. Other Irvingtons serving as officers are Dan Libby, sergeant at arms; and John Kozlik, executive board member.

## Rt. 22 Shop Rite Completes New Liquor Section

Supermarkets Operating Co., franchised owners and operators of Shop Rite Super Markets, this week announced the completion of the new liquor department in the Union Shop Rite in Rt. 22 at Springfield rd. The new unit is located in the Shop Rite market adjacent to the new Atlantic Thrift Center.

The newly-completed liquor department, managed by Howard Schwartz, will have complete selections of wines, beers and liquors from throughout the world. A spokesman said the beer display will be the largest refrigerated beer display in the eastern part of the county.

Special customer services will feature rentals of glassware, bars and bar supplies. Ice cubes will be available as an additional customer service.

## Shanley Charges Opponent Plays Loose With Facts

Bernard M. Shanley, Republican candidate for U.S. Senate, this week accused Senator Harrison A. Williams, Democrat, with "playing fast and loose with the facts in his campaign."

Shanley told audiences in an all-day tour of Bergen County that Williams "claim that he supports federal aid to private and parochial schools—and has always voted for it—is a complete distortion of the truth, and he knows it."

The GOP candidate said the facts are that in the past session of Congress Williams sponsored an omnibus education bill "which clearly discriminates against children attending private and parochial schools."

Shanley added that Williams in 1961 voted "to kill an amendment" which would have provided \$350 million in federal construction loans to private and parochial schools. He declared:

"Williams is misstating the facts to cover up his shabby campaign performance and his sorry record in the Senate. He is purposely trying to confuse the voters, and I will not let him get away with it."

## HOME SOUGHT FOR LOST PUPPY

## CONSIDERING REDECORATING A ROOM —

## Wallcovering Can Set Mood

Redecorating a room is something that very often is postponed — perhaps we can't make up our minds. A change would be nice — but a change to what?

The best way to plan a change of a single room or the whole house is to decide just what effect you want to achieve.

Getting down to cases, consider what you have that you really want to keep, then think about exactly the right background for it. Wallpaper can set the mood and add importance to the effect.

If you have formal traditional furniture, such as Louis XV or XVI, you should consider flocked papers, medallions, scenes, chinoiserie, stripes, panels and beautiful florals.

If your furniture is Chippendale, Hepplewhite or Sheraton — or an adaptation of any of the 18th century English traditional — these types of paper are also suitable, although less ornate patterns go with the simplicity of line usual in this period.

Formal Colonial furniture looks well against florals; tone-on-tone stripes, geometrics and small chintz patterns.

A finely textured paper may be used as a background for all formal (and much casual) furniture. There are excellent simulations of silk in moiré and shantung designs, as well as grasscloth effects.

Provincial furniture — American, French and Italian — looks happiest against simple backgrounds, such as toile de Jouy type of pictorial design printed in shades of one color; a small calico or geometric pattern; a chintz effect or an all-over trellis.

Sometimes a plaid can be extremely effective with country furniture. If you don't want a pattern, textured papers are attractive. Some look like a fabric tweed, burlap, linen, birdseye — some like wood paneling. Still others are embossed in a wide variety of designs.

With modern furniture, tex-

tures and small geometrics or abstracts are safe. However, a bold design can add warmth and life to a room furnished with the rather stark lines of "modern." Oriental themes or scenes offer dramatic focal points used on one wall, with plain companion paper on the others.

When you have decided on the color and type, think about what needs to be done to change or emphasize the proportions of your rooms. Wallpaper can do a lot of things.

To achieve a sense of height in a low-ceilinged room, use a light color for the ceiling and cover the side walls with a striped effect that leads up. A light color for the ceiling and cover the side walls with a striped effect is good. It need not be a plain stripe, although that is very effective, but could be a climbing design of foliage; a widely spaced pattern of branches and fruit; vertical bands of flowers.

# Booters Tie Irvington; Face Game At Westfield

By DONALD LEWIS  
The Dayton Regional soccer team met the boosters of Irvington High last Friday in a game in which Dayton was determined to take revenge for last year's contest. Last year Irvington scored four goals in the second half to give Dayton a 4-0 drubbing.

## Waichung Hills Hold Dayton To 1-1 Tie In Soccer

The Jonathan Dayton Regional soccer team has more ties than wins—but they haven't lost any. On Tuesday they played to a 1-1 tie with Waichung Hills at their home field. Their record is now 4-0-6.

The Dayton squad, starting the game without the services of linemen Mike Heinke and Fred Reu, proved relatively ineffective for most of the first period. The one Dayton score came when Reu, who entered the game late in the first period, headed the ball into the goal, with the help of Dave Macmillan. Subsequent scoring opportunities met in failure, partially as a result of penalties.

## Evans Top Man With Score Of 616

Bob Evans started with 277-616 to lead Springfield Market to a sweep and a first place tie with Polcarpio Atlantic in the Springfield Municipal Bowling League at Springfield Bowl.

Other leaders included Bob Henshaw, 223; Marly Kriesse, 220; Ralph Policarpio, 216; Bob Bunnell Jr., 212; Rick Connell, 210; Bob Anderson, 210; Richard Schwertl, 207; Robert Jones, 204; Anthony Graziano, 203; William Smith, 202.

High scorers included Larry Cyre, 214; Kenzie De Santis, 213; Otto Burkhardt, 212; Ted Dzubaly, 210; Sam Casternovia, 209; Hank Eicholz, 203; John Phillips, 201; Dom Casternovia, 201; Carl Gortner, 200.

In addition to his contributions in an official capacity, Elmer also outlined his civic activities in such organizations as the Cub Scouts, S. James Baseball League, Springfield Small-Fry Basketball League, Life-Safety committee of the Board of Education, and Holy Name Society, as evidence of his "complete interest in the progress of our community."

"I request that the voters compare my education, business and civic background with that of my opponent for the one-year term on the Town Committee."

In conclusion, Elmer, Walker and Planer, Republican candidates for re-election to the Springfield Township Committee, asked the "people of our town, in making their choice on Election Day, Nov. 3, to consider the qualifications, experience and contributions to our community of all the candidates."

"We have presented our backgrounds, and have projected a sound platform for further development. We refuse to subject our town to the undesirable type of campaigning the opposition has used out of desperation."

only game next week. The game will be on Monday at Westfield's home field. Since almost every team is a contender for the Watchung Conference title, this match between two conference powers should be an important one.

Early Lead  
In the first half of Friday's game with Irvington, Dayton grabbed the lead late in the second quarter after a corner kick was headed to the center by forward Mark Muller. Dayton center Fred Reu made a diving kick which pushed the ball past a surprised Irvington goalkeeper.

Earlier in the half, Irvington had seemed able to dominate the game with excellent ball control and dribbling. An Irvington score was barely prevented by Dayton halfback Dave Macmillan's quick recovery after an Irvington forward had broken free toward the Dayton goal.

As the third quarter began, Fred Reu scored again on a bouncing pass that rolled toward the goal. Reu booted it in from the left side to make the score 2-0 in favor of Dayton. With this lead, the Dayton defense seemed to collapse.

Through the remainder of the game, Irvington kept the ball in play, but they were unable to score. Dayton's defense held firm.

Constant Pressure  
As Irvington drove toward the goal, the Dayton defense would pull in to the center. If the drive failed, it was easy for the Irvington center to pass back out to a line of backs inside the mid-field mark who maneuvered it again into position for another attack.

Just as the third quarter ended, one such attack pulled the Dayton backs in to the middle, and the ball was passed to the right wing, who booted it in from the corner.

In the fourth period, Dayton goalie Keith Neigel came running out of the goal to break up an attack of three forwards against the Dayton goal. Keith got his hands on the ball but in a pile-up of backs and forwards, the ball skittered out and was headed into the goal.

Numerous scoring opportunities during the chilly afternoon were stymied by alert Waichung Hills backs and costly penalties. Dayton was hoping to avenge the 4-0 shutout that Waichung had inflicted on them the year before. They also pressed the win to insure themselves a spot in the State Soccer Tournament. Neither hope was fulfilled however.

## Conte's In Sweep To Maintain Lead

Conte's Dell swept to maintain the lead in Springfield Sports bowling action at Springfield Bowl, Milton Liguori moved into second spot, with Richard Television and VFW tied for third.

High scorers included Larry Cyre, 214; Kenzie De Santis, 213; Otto Burkhardt, 212; Ted Dzubaly, 210; Sam Casternovia, 209; Hank Eicholz, 203; John Phillips, 201; Dom Casternovia, 201; Carl Gortner, 200.

## Smithfield Mixed Sees Tie Broken

A three-way tie for the lead in the Smithfield Mixed Bowling League was broken last week at Echo Lanes as the Moiderers scored a sweep to move into first place, and the Rat Finks ranked second, ahead of the Tigers.

High scorers among the men were George Widom, 211-568; Les Braun, 205; Gil Wolfe, 201-554. Leading ladies included Joanne Silverstein, 166; Matty Hoeller, 165; Shelley Wolfe, 154-153; Rita Weinberg, 150.

pushed into the open goal. The rest of the game saw spirited attempts to score by both sides, but the game ended a 2-2 tie.

Dayton Coach John Palf expressed concern about the defensive work of his squad in the second half. In last week's Union game, the identical thing happened and a Dayton two-goal lead was erased in the second half.

He said that the boys "don't seem to work together when Dayton has a lead." Assistant Coach Jerry Sachsel commented, "We just can't seem to stand prosperity."

tion of the diverse talents of five men dedicated to the welfare and progress of our fine community.

Falkin stated, "I offer my background as a member of the Township Committee, as mayor of the township in 1963, and as chairman of the administration department and finance department of the township, as a criterion for re-election."

He stressed that his "ability to work with the officials of the county, state and Federal Government for the overall benefit of Springfield has resulted in such concrete accomplishments as the repaving of the dangerous exposed gravel tracks on Morris ave. and the same-day Springfield mail service to the Baltusrol Top section of town."

Falkin's education at New York University, coupled with his business experience in directing a staff of employees, he cites further qualification for re-election to the Township Committee.

He asked that he be allowed to use his "wide experience to carry out the objectives of the present administration or the continued improvement of Springfield."

Planer reminded the voters that he is seeking election to the one-year, unexpired term on the Town Committee. He said he is continuing to utilize his background as a civil engineer, and as a principal in a business representing major fire and casualty insurance companies in New Jersey, for the benefit of Springfield.

My profession required complete confidence of the largest domestic and foreign insurance firms, which is achieved only by integrity of service over a long period of years."

He feels that his prior experience as director of civil defense, member of the Board of Local Assessment, member of the Board of Adjustment, and present chairman of the department of administration of the township offers the people of Springfield a candidate who is thoroughly familiar with the operations of municipal government.

In addition to his contributions in an official capacity, Elmer also outlined his civic activities in such organizations as the Cub Scouts, S. James Baseball League, Springfield Small-Fry Basketball League, Life-Safety committee of the Board of Education, and Holy Name Society, as evidence of his "complete interest in the progress of our community."

## GRIDIRON-SESSION INVITES PARENTS; MOVIES PLANNED

A particular invitation to parents to attend the Springfield youth football program Saturday at 9:30 a.m. at Sandmeier Field was issued this week by the Springfield Recreation Department, sponsor of the program.

Movies will be taken of the boys in action. It was announced by Scott Donington, assistant recreation director. Emphasis will be placed on explaining all aspects of the program to the parents.

## 3 Teams In First In League Games

Gil Wolfe rolled a 253 to become this week's high individual scorer in Temple Beth Abraham games at the Hy-Way Bowl in Union.

By losing three games, Joe Klein's team fell into a three-way tie for first place with teams captained by George Wilkins and Sal Leykin. Wilkins sparked his team off by rolling a 627 series, this week's high.

High individual games were turned in by Sam Greenfield, 201; Harry Stein, 223; Lee Sarokin, 204; Lenny Cohen, 220, 201; Lenny Saroff, 212, 216; Pat Molino, 211; Sid Faber, 203; Al Shreiber, 208, and Mori Feuerstein, 207.

## Remlinger Leads Church Bowlers

Top men in a high-scoring session for the Springfield Church Bowling League at Springfield Bowl included George Remlinger, 216; Martin Kriese, 214; Gus Thiele, 213; Salvatore Boettcher, 212; Bruno Becker, 209; Richard Battello, 207; Robert Berkler, 204; Fred Schenk, 203; Warren Sims, 202; John Siman, 201-205; Emil Meyer, 200.

At the moment, however Mrs. Epstein indicated, most of her time and thoughts are devoted to the Springfield Library.

"I cannot stress enough the importance of our library. We are doing all we can to attract Springfield residents to visit the library."

"In fact," she added, "we're trying to get a Great Books project started this year."

A Great Books project, she presumed, should draw the intellectuals of Springfield, the well-read — and those who are interested in becoming one or both.

# Regional Swamps Roselle; Plays Next At Scotch Plains

The Dayton Regional football team met Roselle here last Saturday and handed the visitors their fourth defeat of the season. In a game played under threatening skies, Dayton racked up a 28-point lead in the first half. During halftime, it began to rain.

The second half saw Roselle score two touchdowns on a muddy, slippery field, but the game ended a Dayton victory by the score of 34-12. The game was the last at home this year for Dayton.

This Saturday the Dayton Bulldogs meet highly touted Scotch Plains. Springfield, Scotch Plains and Westfield are considered the top contenders for the Watchung Conference championship.

Last week, Westfield defeated Scotch Plains, although the Bulldogs of Scotch Plains, outmaneuvered Westfield in the stadium. Coach Herb Palmer of Dayton apparently feels that Scotch Plains is the team to beat. He hinted at some new defenses to contain Scotch Plains' triple-threat halfback, Terry Morton.

Good First Half  
Coach Palmer said of Saturday's game with Roselle that the field condition was not an important factor. He was well satisfied with the performance of his varsity on offense and defense during the first half. Dayton rushing was so effective that there was little passing attempted.

In the second half, he felt the boys had fallen down a little defensively. On offense, the junior varsity played nearly the entire half. They seemed unable to move the ball, and by the fourth quarter the field was a sea of mud.

The first Dayton score of the afternoon came after a beautiful punt by Bob Rles put Roselle deep in its own territory. The linebacker Al Greenberg took the ball out of the arms of a Roselle runner and ran it down to the 25. Halfback Carl Yaras caught a pass in the flat for the TD and then ran the extra point.

After Dayton kicked off, Roselle was forced to punt, and Dayton took the ball on the Roselle 42-yard line. On the first play from scrimmage, halfback Dan Ginter took the ball off three tacklers to race 42 yards for the TD. Yaras again ran for the extra point.

When Dayton had again kicked off, Roselle was stopped after three downs and forced to punt from its own 30. Rich Basta, Dayton tackle, pushed through blockers and got his hands on the ball as it was being kicked, sending it high into the air.

Tonkin Scores  
Tackle Tom Tonkin found himself under the ball, hauled it in and ran the 30 yards for another score. Linebacker Greenberg was allowed to run for the extra point, making the score 21-0.

Before the half had ended, Dayton scored again after three successful passes by quarterback Rich Rles to Yaras and end Bob Blythe. Yaras carried the ball

over from 12 yards out and guard Rich Basta, given the fullback slot for one play, ran for the extra point. The half ended with the score 28-0.

The second half opened with a crowd-pleasing play. Deep man Ginter received Roselle's kick-off on his own two yard line and, on his second long run of the day, binned through three Roselle tacklers, bridged by another, and then raced all the way for a touchdown scoring with a 98 yard run. Another lineman, tackle Dan Elbold, ran for the extra point but didn't make it.

That was all the scoring for Dayton, as the JV squad came in for the remainder of the game and was unable to move the ball in the mud. Two fumbles during the final quarter and halfback Ronnie Carleg was able to slip away for two scores before the game ended.

## Awards Presented At St. James Dinner

Individual players, adults and members of the pennant-winning team were honored at the annual St. James League baseball award dinner held Sunday at the Springfield Steak House.

Arrangements were handled by George Keppler, president; Thomas Quinn, secretary; Ken Abrahamson and Charles Leedy. Plaques were presented to the Rev. Francis X. Coyle, pastor of St. James, and to Abrahamson and Quinn. Keppler received a watch as retiring president, and Mickey Vicedo was named as the new president.

Bill Burns was master of ceremonies. Guest speaker was Jake Wood of Elizabeth, second baseman for the Detroit Tigers. Richard Du Bois, magician entertained.

Francis Kaelblein, youth chairman for the township Knights of Columbus, presented trophies to the most valuable players in the league's two divisions. They were Philip Lamberli in the minors, and Thomas Weber, in the majors.

Team sponsors honored at the dinner were Brunner Excavating, First State Bank of Union, Springfield Food, Morris Motors, Gaylin Bulk, Spring Enterprises, Union of Springfield, Quality Auto Parts of Summit, Aunt Jimma Pancake Kitchen and John's Catering.

Top team in the minors was Brunner Excavating, managed by Bill Ehrhardt and coached by Dave Keas and Jim Cawley. Players were Philip Lamberli, Frank Perrelli, Joseph Ruano, Richard Werg, Leon Russomano, Steven Srecki, Ronnie Sasek, Keven Dreher, Anthony Belavequa, Patrick Quinn, David McCleary, Kenneth Conti, John Villanova and Lawrence Spigel.

First State Bank of Union won the pennant in the majors, with Bob Zlorer as manager and George Keller as coach. Players were Kim Abrahamson, Ken Orango, Charles Pencinger, Vince Polcarpio, Robert Hone, Mark Quinn, Thomas Mace, Stephen Jupa, John Litzbauer, Donald Gross, James Cawley, Thomas Weber and Dennis Letzer.

# Mental Hospitals In Jersey Overcrowded

(Editor's note: This is the second of three articles detailing the proposed \$50 million Bond Referendum which will go to the Voters Nov. 3. The articles were prepared by the NJ State Department of Institutions and Agencies.)

On Nov. 3 the citizens of New Jersey will vote on a proposed Institutional Bond Issue of 50 million dollars. Last week the needs of the State's mentally retarded were reviewed. This week we will look at certain urgently-needed programs for the mentally ill for which 19 of the 50 million dollars will be used.

An acute problem facing all the State's mental hospitals is overcrowding - too little space for too many patients - beds crowded together - corridors which must be used as sitting rooms. The hard-working staffs have somehow managed to keep the hospitals from becoming completely swamped by new admissions. This has meant the use of all effective treatments, the prompt discharge of every patient with a reasonable chance of making a go of it outside the hospital, intensive treatment in day clinics, the development of foster home placements, and the use of other medically sound programs. Yet overcrowding continues to be a problem, and a serious one.

About a third of State hospital beds are occupied by patients over 65 and although many need the kind of careful psychiatric attention available only in a mental hospital, others, and their number is considerable, will benefit by quite different care. These are the old folks who may be a little forgetful, a little confused, perhaps a little irritable now and then. Their need is for the best kind of psychiatrically oriented nursing care with frequent visits from understanding doctors who specialize in illnesses of the body rather than of the mind.

With part of the 19 million dollars it is planned to build for these old folks connected close to general medical centers which will provide necessary professional services. Since a considerable number of these elderly people are Veterans, a little suitable medical care provided on the grounds of the Soldiers' Home at Vineland and Menlo Park. Thus, by transfer and direct admission the pressure on the State's mental hospitals will be eased, overcrowding reduced, and more suitable medical care provided for the old and sick psychiatrically.

The second use to which Mental Health's share of Bond Issue funds will be put is for the replacement of the present Neuro-Psychiatric Institute now

**RICHARD CROSS TO SING**

**Noted Basso To Perform For Concert Group**

Richard Cross, called one of the most sought-after and highly-regarded singers in the musical world, will perform at the Connecticut Farms School in Union Monday night under the auspices of the Union Community Concert Association.

Attendance at the recital is open only to members of the association, which draws mem-

bers from Union, Springfield and Hillside, according to Mrs. Luther Berry, president. Seats will not be sold. It will start at 8:30 p.m.

A leading role opposite prima-donna Joan Sutherland in "La Sonnambula" marked Cross' debut with the San Francisco Opera Company last fall.

Shortly afterwards he sang again with Miss Sutherland, when he joined the Vancouver Opera Company for the third consecutive season. His debut with that company in 1961 won resounding bravo and critical raves, such as the Vancouver Star's comment:

"Richard Cross is destined for greatness in the operatic world... his voice has everything — rich and smooth as velvet, soft as an autumn breeze through a deep canyon. His acting was skillful, and his every stage appearance held the attention of every eye and ear in the theatre."

Other highlights of Cross' extensive transcontinental tour for 1963-64 included appearances with the Central City Opera Company; with such distinguished symphonic organizations as the Pittsburgh Orchestra and debut with New York's American Opera Society in a gala re-

vival of Rossini's "Semiramide" recording and later during the American Opera season at the New York City Center.

Born 23 years ago in Paris-Bault, Minn., the six-foot-four basso attended Cornell College in Mt. Vernon, Iowa, where he received all of his vocal training. After graduation he auditioned for the then-touring NBC Opera Company and was immediately engaged for a series of small roles.

A few months later he sang for Gian Carlo Menotti, who also signed him at once for the male lead in his new opera, "Marla Golovin." Cross sang this part in the world premiere at the Biessels' World Fair, in Philadelphia Evening Bulletin the Broadway production, on after the first performance, on the RCA Victor

recording and later during the American Opera season at the New York City Center.

That same summer he appeared at the Festival of Two Worlds in Spoleto, Italy, in the premiere of Leo-Horby's "The Scarf," a part he repeated at the New York City Center. Cross auditioned for Eugene Ormandy, conductor of the Philadelphia Orchestra, and was promptly engaged to make his debut with that distinguished group — both in New York and Philadelphia — as soloist in Beethoven's B Minor Mass. He wrote the Philadelphia Evening Bulletin after the first performance: "Richard Cross sang his two
