Storm sewer bond issue piped aside for further study

Municipal Swimming pool awaits summer season, in Leader aerial photo by Bob Baxter

Town picks new zoner, 2 patrolmen

Zoning measure held until May 28 meeting

By ABNER GOLD
The Township Committee Tuesday night deferred action on a \$3,900 storm sewer bond ordinance, after objections from a neighbor, and arranged to dredge deeper into the Hawthorn avenue drainage problem before voting on the proposal.

In other business at the meeting attended by less than a dozen citizens at Town Hall, the governing body approved two other bond ordinances, accepted a resignation and named a replacement to the Board of Adjustment, named two new policemen, moved toward additional parking facilities for the township swim pool and authorized new street lighting for Forest drive.

Mayor Robert D. Hardgrove announced that the new zoning ordinance would be introduced May 28, rather than this week.

The storm sewer was proposed to run from the end of Tooker place under the Railway Valley Railroad tracks to Hawthorn avenue. Arthur Buehrer of 135 Hawthorn ave., however, told the committee that storm drainage was already inadequate on his street, and that piping in additional water would aggravate the situation.

After some 10 minutes of discussion, Committee Chairman Philip Del Vecchio moved to postpone action on the measure. He announced plans to meet with residents of the area next Tuesday evening at Buehrer's home.

The bond ordinances approved called for \$139,000 to be spent on paving for a number of streets, and \$59,000 to go for curbing along most of the same streets. Costs of much of the latter project will be covered by local assessments against property owners whose land will receive curbing.

THE RESIGNATION of Ray Schramm from the Board of Adjustment was accepted by the committee, "with regret." Schramm had served for the past four years.

Seymour Cohen was then named to replace Schramm on the zoning body. Cohen had been an alternate member. Later in the evening, committee members called for suggestions from the public for someone to succeed Cohen as an alternate member.

Two appointments to the police force were announced by Committee Chairman Robert G. Planer and approved by the committee. Named as probationary patrolmen were Daniel Madding and Charles Smith Jr. They were described by Planer as the best qualified of five applicants.

PTA girds to fight school 'phase-out'

Members of the Raymond Chisholm School PTA Monday night mapped a campaign against the proposal, now under consideration by the Board of Education, to "phase out" the Chisholm School because of an anticipated decline in local school enrollment.

Mrs. Paul Miller, Chisholm PTA president, appealed to all interested parents and other residents to make their views known at the school board meeting May 21 at the James Caldwell School. She declared, at the regular Chisholm PTA meeting on Monday, "The Board of Education told me that people weren't interested because they had received only three calls, and those came from people that were going to be affected. I know that everyone in town will be affected by the closing of the Chisholm School."

She added that she had received more than 10 calls.

June 15 splash-off for swimming pool summer activities

The Springfield Recreation Department is readying the municipal swim pool complex for a June 15 inaugural, and "from all indications the 1968 season should be the best ever, as several improvements have been made to the already popular fun and sun layout," according to Ed Ruby, recreation director.

A new parking area which runs parallel to Rt. 78 will offer parking space for a few hundred more cars, which is expected to prove adequate. The area between the bocce courts has been black-topped, along with the tetherball area. Twenty more shaded trees have been planted, with the huge lawn in "dip-top condition," Ruby added.

The municipal swim pool will be open for the weekend of June 15-16, closed for the next five week-days and then have the official opening on June 22 and remain open until Labor Day.

A limited number of memberships are still available at the offices of the Springfield Recreation Department. The family memberships are \$65; the single memberships, \$35, with \$15 for senior memberships.

Pool badges will be ready for distribution the first week of June and may be secured at the Springfield Recreation Department office in Town Hall.

executive board of the Summit Art Center will demonstrate wood engraving and will exhibit some of her sculpture.

Mrs. Samuel B. Lippincott of Springfield will demonstrate the art of rug hooking and will exhibit some of her finished rugs and wall hangings.

Musical features will include the B. J. Lees Jug Emporium, featuring tunes of the 1920s in jug band style. Students from the SACA guitar class will also entertain.

Youngsters from the Saturday children's art classes sponsored by SACA and the Recreation Department will demonstrate some of their creativity. They will also provide a table of do-it-yourself art equipment for anyone wishing instant self-expression.

Stressing that the program is not complete, Mrs. Leo Johnson, in charge of preparations, urged anyone in Springfield with creative talent to call her at 376-4139.

Snow fencing will be erected in the area so that artists can exhibit their work. Paintings should be hung between 1 and 2 p.m. on Sunday, Mrs. Johnson said. There will be no limit, except that of total space, on the size or number of paintings. There will be tables for exhibition of sculptures and crafts, she added.

New civic organization headed by Rev. Dewart

The Rev. James Dewart, minister of Springfield Emanuel Methodist Church, has been named coordinator of a newly organized Civic Coordinating Council in the township.

He said that a steering committee, appointed at a meeting held recently in Temple Shalom, has drawn up several programs for the new organization.

The Council will support a mass meeting to be held at the War Memorial Auditorium in Trenton by the League of Women Voters May 27 to demonstrate support for legislation called for in the report of the Governor's Commission on Civil Disorders. Mr. Dewart said. He reported that transportation will be furnished, leaving Springfield at 9:30 a.m.

The council also will seek high school-age and adult volunteers for the "Summer of Service" in Elizabeth. The inter-faith, inter-racial program is aimed at supplementing anti-poverty programs, according to Mr. Dewart. A "Community Calendar" will be another project for the organization. It will list program plans of churches, synagogues and other organizations.

Sunday afternoon, an art exhibition and sale will be held in the American Legion Hall from 1 to 5. The show will feature painting and sculpture by leading professional artists in New Jersey. THE SPRINGFIELD VOLUNTEERS for McCarthy will need additional volunteers for their proposed canvassing activities. Bob Silverman of Gardner oval, chairman of the canvassing committee, announced last week. A briefing meeting for all interested canvassers will be held Sunday at the home of Mrs. Leon Goodman, 16 Surrey lane. All interested parties were asked to call Silverman at 379-9447.

The meeting will detail proper canvassing procedures. The McCarthy organization hopes to contact every voter in Springfield, and to do this, additional volunteers will be needed. Another briefing session will be held on Sunday, May 25, from 11 to 1 for those unable to attend this Sunday's meeting.

Each canvasser will visit the homes in a given area to inform voters of primary voting procedure. The June 4 Democratic primary will have two slates of delegates, one pledged to Sen. McCarthy, and the other to Gov. Richard Hughes. A voter does not have to be a registered Democrat to vote in the primary, and a vote for a candidate in the primary does not commit him/her to that candidate or to the party at any time in the future. Canvassers will be able to complete their rounds over the two-week period preceding primary day, June 4.

A unidentified speaker from the floor commented, "The Board of Education won't be able to claim that we are not interested. The people of this town will not stand for the changing of our school system without plenty of time to analyze the report and discuss it. If the board thinks that they can do this in the summertime when nobody is around, they should think again."

The committee authorized negotiation of an agreement with the State Transportation Department to permit municipal use of a portion of no-longer-needed Rt. 78 land adjoining the swimming pool. The section, some 60 feet by 600 feet, would be used for additional parking space.

The governing body rescinded a previous agreement for ornamental lighting along Forest drive, with construction costs to be met by the owner of the Short Hill Village apartments. Plans reported that installation costs, as projected by the Jersey Central Power and Light Co., had jumped from some \$1,400 to \$2,600, and that the property owner had switched from his previous approval.

Stressing the need for greater illumination along Forest drive, the committee then authorized an additional \$315 per year to pay for new conventional street lights to be provided by Jersey Central.

Sandmeier School students reaching for wider horizons

The following article was written by Deborah Armour, Debra Bell, Ronald Frank, Russell Gabay, Barbara Gan, Debra Kesselhaut, Abby Sarokin and Abbe Szanger.

Recently the fifth grades from the Thelma L. Sandmeier School went on their second field trip to the Union County Outdoor Education Center. The first trip last fall and this one were arranged by William Vetter. The 70 children went to learn about and explore nature. Each chose a morning afternoon activities which were different from the two they followed last fall. They were able to explore pond life, watch birds, learn to read and use a compass, how to survive in the woods and how to use and conserve natural resources. The children were also interested in conservation, and preserving the beautiful things that were seen.

In the morning, Mrs. Pat Richel's group went on a survival study. The children took hikes, cooked black walnut brittle, made dandelion salad, and spice bush tea which they

enjoyed. Mrs. Eunice Samer's group, while compass reading, learned that people have much variation in their length of pace. In pacing 200 feet, they found that Debra Lowy took 52 steps, whereas Lawrence Klarfeld and Michael Tabakin took 40 steps.

The group with Mrs. Frieda Wentz learned what equipment should be carried when in the woods and how to use resources there in case of emergency. They were shown several new ways to start fires, one of which used steel wool and batteries.

THE BIRD-WATCHING group with Mrs. Jane Schorr learned all about what birds eat and how they take care of themselves. They were able to identify 15 birds and had individual binoculars to help them. Mrs. Trudy Creech photographed and taped part of this study, as she had done for other students. In seeing the pond life, two groups waded into the pond and mud, observing and collecting life found there. Later, they studied it more closely under microscopes. These groups especially Deborah Armour and William Bohrod, learned not to talk in water with leaky boots.

This was the second time the fifth graders visited the Outdoor Education Center. They had an even better time than the first because the children knew the leaders better, as well as their way around the Center. They really

learned why conservation is so important, and enjoyed it while they learned.

During the recent visit, William-Rosen wrote a beautiful poem about the hemlock forest, which is quoted below:
"Look at the hemlocks —
High and tall;
Now listen closely,

You can hear the birds' call.
The brook is so silent with fish in it, too;
You might see the glare that shines a light blue.
The wind has a whisper that's not hard to hear;
The birds fly, and you try to be real sincere."

Local B'nai B'rith gains outstanding lodge award again

LOUIS SPIGEL

Louis Spigel, president of the Springfield Men's Lodge of B'nai B'rith, this week announced that the lodge has been selected by the Northern New Jersey Council of B'nai B'rith as the outstanding lodge of 1967-68. This is the second consecutive year that Springfield has been chosen for the honor.

In making the announcement, Spigel praised the three vice-presidents of the lodge, Wallace Callen, first vice-president and program chairman; Sam Piller, second vice-president and fund-raising chairman; and Jack Sobel, third vice-president and membership chairman. He said, "Without the devotion of these men, and all of the other committee members, to their duties, this award would not have been possible."

"The leadership provided by them and the response and cooperation of all of the members of the lodge have enabled us to assume the role of the outstanding lodge of the year. We intend to maintain our high standards and will continue to fulfill our obligations to B'nai B'rith without reservation and with the same enthusiasm that we have shown in the past."

Spigel also paid tribute to Sidney Piller, a past president of the lodge, and thanked him for the counsel which he had provided during the year.

An award will be presented to the local lodge by the District Grand Lodge at its convention at the Concord Hotel, Lake Kiamnesia, N. Y. next Monday.

TUNING UP—Daniel Herman of Springfield practices for his appearance in the New Jersey Symphony's second annual Spring Festival of Music, to be held Sunday at Symphony Hall, Newark. The spring festival is sponsored by the Symphony for its youth training organization. Performing in this year's concert will be the New Jersey Symphony Junior Orchestra, the New Jersey Symphony Preparatory Orchestra, and the New Jersey Symphony Boys Chorus.

Rev. Borter will conduct two services on Sunday

The Rev. John P. Borter, son of Mr. and Mrs. John Borter of 244 Hillside avenue, Springfield, and pastor of the Hillcrest Presbyterian Church of Buegetstown, Pa., will be the guest preacher at both services of the First Presbyterian Church of Springfield on Sunday. The Rev. Bruce W. Evans, pastor, will be attending the annual meeting of the General Assembly of the Presbyterian Church in Minneapolis, Minn. Mr. Borter is a graduate of Jonathan Dayton Regional High School, where he was a member of the National Forensic League. Following graduation from Maryville College, Maryville, Tenn., where he was a member of the College Touring Choir, he enrolled in the Pittsburgh Presbyterian Theological Seminary, Pittsburgh, Pa. He was ordained by the Presbytery of Elizabeth in the Springfield Church, his home church, in 1959. The pastorate of Mr. Borter include service with the Terra Alta Presbyterian Church of Terra Alta, W.V., immediately following seminary training; the Presbyterian Church of Hanoverton, Ohio, and the present church in Buegetstown, Pa., which he has served for the past three years. During his pastorate at the Hillcrest Church, extensive renovations were made in the church and educational build-

ings. His work has also included an extensive service to the presbytery's work with young people in camping and in the field of Christian education. He is presently serving on the Synod of Pennsylvania's committees on Christian education. Mr. Borter is married to the former Carol Brainer of Pittsburgh, and they have three children—Linnea, Heidi and Ted. His sister, Mrs. Stephen Matysek, now living in Bridgewater Township, is also a graduate of Regional High School and Maryville College, having worked in the office of the local high school.

THE PRESBYTERY OF ELIZABETH has elected Mr. Evans, pastor of the First Presbyterian Church of Springfield, one of its commissioners to the annual meeting of the General Assembly of the denomination, in Minneapolis from today to next Thursday. Mr. Evans also attended the Pre-Assembly Conference on Evangelism held Tuesday. The General Assembly is the highest court of the Presbyterian Church and is made up of an equal number of ministers and elders. Elizabeth Presbytery is represented by five ministers and five elders.

One of the principal items of business at the Assembly will be the election of a moderator who will guide the Presbyterian denomination throughout the year ahead. The Rev. Frederick E. Christian, pastor of the Westfield Presbyterian Church, has been endorsed by the Presbytery of Elizabeth for this office. In addition to its administrative functions, reviewing all activities and planning for the year ahead, the General Assembly is the legislative branch of the Church.

Realtors Board to observe 'Week' beginning on Sunday

Members of the Board of Realtors of the Oranges and Maplewood, including Livingston, Millburn, Short Hills and Springfield, are completing plans for the week-long observance of Realtor Week, Sunday to May 25. During which they will emphasize the "Make America Better" programs. It was announced this week by Robert C. Klein, board president.

"The Make America Better program is meeting with enthusiastic response in all parts

of the nation," Klein said. He explained that the program launched by the National Association of Real Estate Boards "to help solve the major problems of our cities and towns" has seven major objectives backed by 50 proposals for action. "It calls for positive action in providing jobs, education and housing for the disadvantaged, a reversal of the climbing rate of crime and juvenile delinquency, and other action to upgrade the cities and the environment and the opportunities for the people who live in them," he said.

The Realtor Week chairman George G. DiMartino of Livingston said that local chapters in each of the eight communities served by the board have recommended specific projects within their own communities and funds have been channeled accordingly. "We realize that these are but tokens," he said, "but we hope our actions will inspire others to undertake similar endeavors."

SPRINGFIELD PARTICIPATION in the Realtor Week observance will take the form of donations for Springfield Girl Scouts and the Union Council, Boy Scouts of America, toward its camp development program. "We are proud to lend support to these fine groups as a token of our interest in both youth and our community," said Alexander S. Gerardo, Springfield Realtor Week chairman.

Realtor Week activities will commence tomorrow, when the women members of the Board of Realtors hold their annual spring women's luncheon at the Rock Spring Club, West Orange. Georgia McMullen of Springfield is co-chairman of the event. Guest of honor will be Adelaide Shaffer Campbell, president of the New Jersey Association of Real Estate Boards. Mrs. Campbell is the first woman to head the 2,900-member organization.

On Wednesday, the board will host the Eighth District sales conference at the Hotel Suburban, East Orange. Conducted by Eighth District Vice-President Julian Brenner, the program will be called "A Blueprint for Success." Topics and speakers include "Make America Better from Top to Bottom," by Alexander Summer, past president of the National Association of Real Estate Boards, as well as the state association, on whose program is primarily based.

Patter of little feet in 5th grade class

Mice, not bunnies, arrived at the home of Snoopy and Ginger on Easter Sunday morning. Sandra Finnelly's fifth-grade class at the James Caldwell School received these two mice from Mrs. Jacqueline Sharkey's kindergarten class in the Sandmeier School.

The Caldwell fifth graders have been taking care of Snoopy and Ginger and observing their daily changes in appearance and development.

Two of the baby mice have brown coats. Three are almost black. The boys and girls take very good care of their furry friends.

Strikers, Owens like the 'old' Yanks, run away with titles

The Strikers, led by the outstanding bowling of Barbara Owens, romped to the 1968 championship in the Tuesday Afternoon Girls' League. The Strikers so dominated the league stands that they were the only team to finish with a winning percentage over .500. The Strikers finished 14 games ahead of the second-place Stars.

Barbara established a Recreation Department record with a final average of 151 for 22 weeks of bowling, nearly 45 pins ahead of the next highest bowler. Four of the five members of the Strikers' team were among the league's top 10 bowlers. The fifth bowler, Cindy Zarrelli, finished just a single pin out of the top 10 and won the most improved bowler award. Ann Marie Calamusca of the Strikers finished the season with a 97 average, fourth highest in the league. Sue Murphy (83) and Liz Simpson (82) of the Strikers placed seventh and eighth.

Carol Roessner of the Stars, in her first full season of competitive bowling finished second among the league's top bowlers with a 108 average. Debbie Kuskin of the Dancers was third with a 104 season mark. Barbara, Carol and Debbie were the only girls to finish with a season average over 100.

Joann McGrady of the Stars was fifth with an 85 average. Janice LaMotta of the Charns was ninth with 80, and Doris Branch of the Stars 10th with 78.

In addition to her record-breaking season average, Miss Owens knocked down two other high-water bowling marks for the Recreation Department Youth League.

Barbara's 235 games early in the season bettered the past record (222) as well as the mark set in the boys' league this season (229). Barbara's two-game series total of 423 also was a record.

Cindy Zarrelli, who after seven weeks of bowling, was averaging 53, finished the season with a 77 mark for the most improved award.

Danny Gecker, who rolled in all 50 games of the Tigers, averaged 98, as did Wayne Winnick. Joel Goldberg, the squad's fifth member, had 91.

Hornets win crown in Thursday play; Hurricanes second

The Hornets took the championship of the Thursday Afternoon Boys' Bowling League with a late-season rally. The Recreation Department, which sponsors this eight-team competitive league as part of its youth bowling program, awarded trophies to the winning team and high bowlers at the Springfield Bowl last Friday afternoon.

The Hornets won the championship on the strength of a top team effort all season long. Howie Fleitschman, captain of the team, was its top bowler with a 126 season average. Kenny Perlmutter, who bowled in every game this season, finished with a 122 average. Marc Jaffe added a 121 average and Dave Charkin and Billy Matcekar also played big parts in the triumph.

Smart Liebeskind, the league's steadiest performer, won the top average prize with a solid 142 for the second-place Hurricanes. George Robbins of the Atoms topped Howie Levine of the Jets for second place among the top averages. George finished with a 139.4 average while Howie had a 139.1.

THE BOARD OF REALTORS OF THE ORANGES AND MAPLEWOOD, including Livingston, Millburn, Short Hills and Springfield, are completing plans for the week-long observance of Realtor Week, Sunday to May 25. During which they will emphasize the "Make America Better" programs. It was announced this week by Robert C. Klein, board president.

"The Make America Better program is meeting with enthusiastic response in all parts of the nation," Klein said. He explained that the program launched by the National Association of Real Estate Boards "to help solve the major problems of our cities and towns" has seven major objectives backed by 50 proposals for action. "It calls for positive action in providing jobs, education and housing for the disadvantaged, a reversal of the climbing rate of crime and juvenile delinquency, and other action to upgrade the cities and the environment and the opportunities for the people who live in them," he said.

The Realtor Week chairman George G. DiMartino of Livingston said that local chapters in each of the eight communities served by the board have recommended specific projects within their own communities and funds have been channeled accordingly. "We realize that these are but tokens," he said, "but we hope our actions will inspire others to undertake similar endeavors."

SPRINGFIELD PARTICIPATION in the Realtor Week observance will take the form of donations for Springfield Girl Scouts and the Union Council, Boy Scouts of America, toward its camp development program. "We are proud to lend support to these fine groups as a token of our interest in both youth and our community," said Alexander S. Gerardo, Springfield Realtor Week chairman.

Realtor Week activities will commence tomorrow, when the women members of the Board of Realtors hold their annual spring women's luncheon at the Rock Spring Club, West Orange. Georgia McMullen of Springfield is co-chairman of the event. Guest of honor will be Adelaide Shaffer Campbell, president of the New Jersey Association of Real Estate Boards. Mrs. Campbell is the first woman to head the 2,900-member organization.

On Wednesday, the board will host the Eighth District sales conference at the Hotel Suburban, East Orange. Conducted by Eighth District Vice-President Julian Brenner, the program will be called "A Blueprint for Success." Topics and speakers include "Make America Better from Top to Bottom," by Alexander Summer, past president of the National Association of Real Estate Boards, as well as the state association, on whose program is primarily based.

Job prospect bright for college grads

WASHINGTON — Employment prospects for 1968's college graduates are exceedingly bright, according to the findings of a just-released Department of Labor study. In releasing a summary of job opportunities in several major fields, the Department reported that this year's graduates — over 820,000 of them — still may not be able to fill all career openings offered.

More than 670,000 men and women will receive bachelor's degrees and 154,000 will receive advanced degrees, representing the largest graduating "class" in U.S. history. As graduation nears, never has there been such a strong, three-way pull for American college graduates — from industry, graduate schools, and the military draft.

Expecting a smaller pool of draft-exempt graduates this year, industry is recruiting very actively. More jobs are being offered to the 1968 graduates than to 1967 graduates.

The competition between employers for this year's graduates shows up clearly in the starting salaries being offered, which top last year's by about five percent.

Many of the young men in this year's graduating class faced with pending military obligations are uncertain about their immediate future, particularly with respect to employment and graduate school.

The nation's colleges report, however, that a pending military obligation does not necessarily jeopardize a young man's chance for employment or graduate study. Graduates are therefore being urged to use every opportunity to gain work experience commensurate with their talent or to pursue graduate studies, even though they may be called for military service.

Private industry, government agencies and academic institutions are all competing for the talents of 1968 college graduates.

The most sought-after graduates are those in accounting and engineering. Opportunities are also exceptionally good for health professionals, social workers, librarians, chemists, teachers, physicists, and mathematicians.

Business administration and liberal arts majors have a favorable outlook. Sales careers in insurance and real estate and in pharmaceutical and other manufacturing industries provide many opportunities for these graduates.

Apart from the outstanding demand for accountants, business administration majors are sought for management training programs, business analysis, production control, and marketing.

Liberal arts graduates are being offered jobs in computer programming, personnel, and merchandising. Increased demand is also reported for liberal arts majors to plan and staff public and private programs dealing with the problems of inner cities and depressed rural areas.

Graduates with majors in anthropology, art, drama, English, history, language and philosophy may experience some difficulty in finding suitable employment, particularly if they are unwilling to relocate or to accept positions outside their major fields of study.

Negro college graduates are receiving more job offers at higher salary levels than a year ago as employers actively seek Negro graduates to fill openings in virtually all fields of work.

Women graduates will find prospects especially bright in mathematics, accounting, data processing, and the natural sciences in addition to their traditional opportunities in teaching, nursing, library work, social work, counseling, and retailing.

Recruitment by aerospace companies is somewhat less active than in recent years but the industry continues to employ large numbers of scientific and technical graduates. Recruitment activity by other industries with military contracts has also slowed. Increased activity is reported, however, in a number of industries, including life insurance, retail trade, data processing, food, and machinery. State, local, and Federal government recruiting remains active.

President Franklin F. Moore announced that the college would be paying tuition and room and board for the students when they enroll as freshmen next fall.

The four-year program for the students, all Negroes from the New Jersey shore area, will involve an investment by the college of about \$100,000.

These are young people who ordinarily don't meet our entrance requirements but seem to have good college potential," Dr. Moore said.

28 horses, riders from eight states in endurance ride

Preliminaries for New Jersey's sixth annual 100-mile endurance ride get under way today with the starting time for the 28 participating horses and their riders from eight states set for 7:30 a.m. tomorrow in Wharton State Forest.

The contest is sponsored jointly by the New Jersey Department of Agriculture, New Jersey Department of Conservation and Economic Development and the Arabian Horse Association of New Jersey.

After two and one-half days on the trail, riders and their mounts will assemble for final judging at noon on Sunday at the ride headquarters, Kiltch's Twin Oaks Farm, Hammon. Awards and trophies in the various categories will be presented by State Secretary of Agriculture Phillip Alampi.

The ride will be judged 70 per cent on perfect condition of the horse and 30 per cent on correct timing. On each of the first two days, 40 miles must be covered in seven hours. On the last day, 20 miles must be ridden in three hours.

According to Whitney Bowles, who is in charge of the Department of Agriculture's horse and pony program, the competitive trail ride is designed to stimulate greater interest in the breeding and use of good horses, possessed of stamina and hardiness, and qualified to make good mounts for trail use. The first 100-mile ride was held in Vermont in 1935. Five eastern states now hold such contests annually.

UNICEF to enter new areas of aid
 Having helped many countries make substantial gains in disease control in the recent past, UNICEF now hopes to make corresponding progress in helping to alleviate other major problems. UNICEF assistance is also being requested in such areas as community development, day care and family planning. Special attention is being given to children between the ages of one and six. Too young to receive the attention given at schools, they are likely to be neglected when new babies arrive and consequently have a high malnutrition and disease rate.

me every day. Well, it's been two weeks and three days and not a word.

The thing is I do love her and want her for my wife, but I do not want to be a "sucker".

Not a Word

Dear Word: It seems that your girlfriend says one thing but does another. So I can only assume she does not mean what she says.

When she returns home, and if she gets around to finally contacting you, get this straightened out with her. Because if she is so insincere about keeping her word, I don't think she would make you a very good wife.

Dear Amy: I have nothing against our men fighting in Viet Nam for our country, but I believe when their one year tour of duty is up, they should be allowed to come home.

We have a very close friend stationed in Dong Ha. He was supposed to come home on the 11th of April. But I received word that he has not gotten any of his leave papers. This morning we heard that the base was hit by the Viet Cong. Fifteen of our men were killed. We haven't heard as yet if he was one of the casualties or not.

What I want to know is why the Marines keep our men there after their tour is up? He should have left there two weeks ago.

Mrs. Sue Ecklund

Dear Amy: The boys serving in Viet Nam are supposed to be rotated to the States when their tour

of duty is complete. Perhaps there are extenuating circumstances in his case which has delayed his homecoming.

Don't wait any longer. Your Congressman should be contacted immediately to see why he has not arrived home.

I pray that he is not one of the casualties.

U.S. alerts employers to age bias ban

WASHINGTON — The worker between the ages of 40 and 65 has a new ally in his fight against arbitrary age discrimination in employment.

The Department of Labor has launched an attack against age bias by alerting 500,000 employers, employment agencies, and labor organizations across the country to their new responsibilities beginning June 12.

The Age Discrimination in Employment Act goes into effect on that date.

The act promotes the hiring of the older worker by prohibiting employers of 25 persons or more in an industry affecting interstate commerce, employment agencies serving such employers, and labor organizations with 25 or more members in an industry affecting interstate commerce from arbitrarily discriminating on the basis of age.

The Labor Department notice includes an official poster which must be prominently displayed and which alerts the worker to his rights under the new law guidelines designed to assist employers, employment agencies, and labor organizations in meeting their new responsibilities; and a letter from the Administrator of the Department's Wage and Hour and Public Contracts Division who is responsible for the enforcement of the Act.

Information about the Age Discrimination in Employment Act, including copies of the notice to employers, employment agencies, and labor organizations is available from the Divisions offices located in more than 100 U.S. Cities or from the Wage and Hour and Public Contracts Divisions, Department of Labor, Washington, D.C. 20210.

Repaving of bridge, N.J. approach road continues to Nov. 1

NEW YORK—Repaving of the eight-lane upper level roadway of the George Washington Bridge began Monday and will continue until about Nov. 1, under a \$396,300 contract awarded by the Commissioners of the Port of New York Authority.

All work has been planned to minimize interference with traffic. During weekday peak hours, seven of the eight traffic lanes on the upper level, as well as the six lanes of the lower level, will be available. During the peak hours on Friday and Sunday evenings and Monday mornings, no work will be performed so that all 14 bridge lanes will be available for traffic.

The contract, awarded to the low bidder, Columbia Asphalt Corporation of Flushing, N.Y., also calls for the paving of a 500-foot section of the New Jersey approach road leading to the Palisades Interstate Parkway, and about 650 feet of ramps between the upper level and the George Washington Bridge Expressway in Manhattan.

Paving of the roadways is the last major work on a \$1,660,000 project authorized by the Port Authority Commissioners in 1966, which included the rehabilitation of the upper level roadway expansion joints and related steel members.

The upper level of the George Washington Bridge was opened in 1931 and the lower level was completed in 1962.

IRS office moves into new building

The New Jersey District Office of the Internal Revenue Service is moving into the new Newark Federal Office Building at 970 Broad St. The three-block move from 1060 Broad St. started on May 2 and will be completed by May 20, it was announced.

Taxpayers receiving letters asking them to visit any unit of the Internal Revenue Service should check carefully to determine the date and location of their appointment, a spokesman said.

The Office Audit Branch, where individual income tax returns are audited moved on May 4 and is located in Room 1203 of the new Federal Building. The Tax Information, Politeness Accounts and Cashier units will remain at 1060 Broad St. through tomorrow, a spokesman said.

All Newark Internal Revenue Service offices will be in the new building on the corner of Broad and Walnut streets on and after Monday, May 20.

Wants NSC to absorb Negro students, faculty

Administrators, faculty and students at Newark State College, Union, feel that Mrs. Mary Burch, a member of their newly-formed Board of Trustees, is a woman in the right place at the right time.

Mrs. Burch is the founder of The Leaguers, Inc., an organization to awaken disadvantaged Negro youth in Newark to their own intellectual and creative potential through after-school programs in the arts, private tutoring and social functions. Located in a two-story building at 750 Clinton Ave., it serves some 300 youngsters from grades two through 12.

Mrs. Burch has also served as the first Negro on the Newark Board of Education, and the list of causes she has served or continues to serve runs the length of a full sheet of paper: She lives at 850 South 11th St., Newark, with her husband, Dr. Reynold E. Burch, a medical doctor.

As a member of Newark State's Board of Trustees, she now considers the trend to absorb Negro students and faculty members into the mainstream of campus life a challenge to her experience and convictions. She is also concerned that the manner in which they are absorbed should benefit both the students and the college.

"Our job now is to see that Negro students have the opportunity to attend college," she said recently. "Many can be absorbed into the academic program as it now exists. Those who have not had sufficient background for college but who have the potential to benefit from it may need an special program. I do not think the college should lower its standards to accommodate students from disadvantaged areas. I think rather that a new program—perhaps a five-year degree program in which the first year would be spent bringing them to a level

with other college students—should be developed."

People at the college feel that Mrs. Burch's background will be helpful in developing the right program.

The LEAGUERS was formed in 1949 to help a group of bored teen agers and a group of eight and nine year olds who were getting into trouble in Newark's Central Ward. Mrs. Burch formed a program of after-school activities for the younger group and put the teen agers in charge of it. They met in the schools in the early days, their number sometimes reaching as high as 500 youngsters. Activities included dramatics, choral singing, remedial education, field trips, and a program to find after-school jobs.

Mrs. Burch had only two adult assistants, Mrs. William Hutchinson and Mrs. Natalie Dickison, and both were volunteers like herself.

As the program proved itself successful and the youngsters it served began to expand their capabilities, Mrs. Burch began to look for ways to get some of the talent to college. She approached the late Mayor, John J. Mitchell, then president of Seton Hall University, and he provided 14 four-year scholarships.

"I was called the starchy-eyed lady when I first talked about scholarships for children of the Central Ward, but I got scholarships, and the students who received them went on to become doctors, lawyers and technicians."

The organization moved to its present quarters three years ago, and it now operates with a paid staff. An executive director, Mr. Wilmoth Roberts, sits at its helm. There is also a program director, Mrs. John Nesbitt; a secretary, Mrs. Tina Dabney; a trainer, Mrs. Lucille

Conway, and volunteers from the local school systems and the Neighborhood Youth Corps.

THREE HUNDRED CHILDREN are now enrolled in the program, which operates after school five days a week. The younger children arrive from 3:30 to 6 p.m., and the teen agers, from 6:30 to 9 p.m. Activities still include the arts, remedial instruction, field trips and social events.

"We don't need projects designed to tell us what these youngsters need. We have always known what they need," Mrs. Burch has said. "The organization has been supported through the years by private foundations, but two years ago it began receiving assistance from the United Community Fund as well."

Mrs. Burch was the first Negro girl student to be graduated from Lewistown High School in Lewistown, Pa. She holds a bachelor's

degree from Shippensburg State College in Shippensburg, Pennsylvania, where she was one of five Negro students, and has pursued graduate work at Columbia and Temple Universities.

Mrs. Burch taught elementary and junior high school classes in Camden and Lawrenceville, New Jersey, for 15 years. Because these were all-Negro schools, she considers her experience there an invaluable addition to her experience as a student in predominantly white schools.

Mrs. Burch served as a member of the Newark Board of Education from 1950 through 1954, working during this time to find scholarship help for Negro students and to have Negroes appointed to positions in the schools.

OTHER FORMER AFFILIATIONS include service on the trustee boards of the Newark NAACP, the New Jersey Citizens Committee for Public Schools and the Clinton Reformation for Women and as a member of the Mayor's Commission on Human Relations (Newark), the League of Women Voters, the Essexfield Advisory Board and the planning committee for Essex County Junior College.

She is currently a member of the trustee boards for the Morrow Association on Cooperation, United Community Corporation (Newark's anti-poverty organization), Symphony Hall, Inc., Newark Cultural Center for Youth, the Urban League of Essex County.

She is co-chairman of the Committee on Concern and a member of the National Conference of Christians and Jews, the NAACP and the Essex County Community Service Program.

Her new role as a trustee at Newark State College is expected to be a continuation of a lifetime of service.

CWV unit to cite Rygiel Saturday

The Essex County Chapter Catholic War Veterans will honor one of its former leaders, Frank P. Rygiel of 891 Greenwich Lane, Union, at a "Past County Commander's Night" Saturday evening at the Sacred Heart CVO Building in Irvington.

Rygiel, who served two terms as County Commander, is being cited for service "with great distinction and honor in promoting the ideals and principles of the Catholic War Veterans, as well as church and veteran activities and for his unselfish interest in the welfare of the community."

Rygiel is now serving as co-chairman of the Essex County CWV Hospital Committee.

Serving as chairman of the affair is Leon V. Rygiel. Presentation of the Past County Commander's Pin will be made by Michael Conlon, county commander.

WASH AWAY WAX
When furniture waxes have built up, they create a dull, unattractive film. To bring out the true beauty of the wood, furniture should be washed. Wash one section at a time, dipping cloth (such as toweling) into a sudsy solution of warm water and a mild detergent. Rinse cloth and follow wood grain with your strokes.

Colonial Social Club sets meeting tonight in Union

The Colonial Social Club of Union will hold its regular meeting tonight at 8:30 at the home of the Union Elks, 395 Chestnut st. Bob Smith, president, has announced that plans for the group's annual dance on June 1 will be formulated. Trevor Edwards, chairman, has announced that tickets for one of the New York Mets Games in June will be available.

The meeting tonight will be Ladies' Night. Refreshments will be served.

Favorable outlook for spring crop

Weather conditions so far this spring have been quite favorable for New Jersey grown produce, says Anne L. Sheelen, County Home economist. If the favorable weather continues, it will be a summer of good quality fresh fruits and vegetables.

Asparagus, spinach, strawberries and rhubarb are four New Jersey products which should receive careful watching in the weeks ahead. All of these are coming to market a little earlier than usual.

Asparagus should reach its peak around Memorial Day and continue in the market until the end of June. Even during its height in production, however, asparagus is one of the higher priced vegetables. The main reason for this is that it is difficult to harvest. The spears have a rapid and irregular growth which make it difficult to use mechanical harvesting equipment. Testing of newly designed equipment is now being conducted, which may help to eliminate this condition in the future.

The spinach crop from New Jersey is expected to be about 10 percent higher than last year. Because spinach is well fed during shipping, it is usually crisp and in excellent condition in the market. For menu variety, serve raw spinach in your spring salads. It offers a unique color, flavor, and texture contrast.

Good supplies of New Jersey strawberries should be in the market about May 25. When choosing strawberries, look for ones with a full red color and a bright luster. Small to medium sized berries are usually a better flavor choice than the larger ones and are of excellent eating quality.

Rhubarb will appear on the market at about the same time as the strawberries. Take advantage of the situation when it happens and prepare a delightful Strawberry-Rhubarb Pie. It is a special treat available only once a year.

Cut out this picture and leave it on your parents' pillow.

(They might take the hint.)

We admit it. A Royal typewriter isn't the same as getting a trip abroad. But you can put in your bid for that as a post-college kind of thing.

Meanwhile, nothing, but absolutely nothing, is going to be a bigger help to you than a Royal.

Face facts, friends. College doesn't have that old personal touch. Your professors don't always know all your enduring qualities. They're only interested in neat work. Well thought out neat work.

Well thought out TYPED neat work.

Besides, Royal typewriters aren't just for working on. Even love poems are perfectly acceptable typed. (Especially if you have shaky handwriting.)

Letters only take about four minutes to write with a Royal at your finger tips. And you've never heard of a Handwritten Great American Novel.

Forget that Royal typewriters are fanatically accepted by The Establishment. You're smart enough to realize a typewriter can be groovy, too.

Want to bet your parents will leap at the chance to buy you a Royal? Try them. (Royals and parents.)

By the way, congratulations. You'll love college, a lot.

Dayton nine hopes to end losing streak

Lost three last week, faces Clark, Berkeley

By MYRON MEISEL
The Jonathan Dayton Regional High School baseball team travels to Arthur L. Johnson Regional High School of Clark tomorrow afternoon and will entertain Governor Livingston Regional High School of Berkeley Heights Tuesday.

The Bulldogs' record dropped to 5-7-2 after three defeats last week: 4-1 to Westfield High School in the only Watchung Conference game; 11-7 to Summit High School and 4-0 to Union High School in the first round of the Union County tournament.

Against Summit, the Bulldogs managed to hit more strongly than usual. Dayton gathered eight hits, and the slugging was evenly distributed throughout the squad. Summit, however, has one big inning, using seven hits to score six runs in the third.

Dayton took the lead in the bottom of the first as shortstop Gary Kurtz led off with a base hit and stole second. Outfielder Richie Campbell walked, and both runners advanced on Steve Jupa's sacrifice grounder. Rich Sellkoff then singled to left to drive in two runs. Twice in the next two innings, Bulldog runners reached second and third, but they failed to score.

Summit broke loose in the third with four singles, two doubles and a three-run homer by outfielder Steve Schroeder to give Summit a 6-2 lead.

Errors by Summit fielders gave Dayton two runs in the sixth, boosted by hits by third baseman Joel Millman and relief pitcher Tony Gromek. A second hit by Millman and another single by catcher Fred Volherst scored three more in the seventh. Summit picked up two runs in the fourth, two in the sixth, and one in seventh. Gromek received the loss.

Dayton scored its only run against Westfield in the fourth. Jupa, who reached first on a fielder's choice, advanced to second on a single by Volherst. Tagging up on the next batter's fly-out, Jupa ran to third. He scored on a balk by the pitcher on the next batter. Millman also singled in the fourth for his third consecutive base hit. The other two Dayton hits were made by Jupa and Rich Falcone.

WESTFIELD LED OFF with a single in the second and a sacrifice and a suicide squeeze drive in two runs. The Bulldogs also scored twice in the fifth when two Bulldog errors put runners on base and two Westfield singles drove them around.

Dayton was eliminated in the first round of the Union County tournament by Union. The Farmers got only one hit in the first inning, but numerous errors and bases on balls allowed four unearned runs. Kurtz and Volherst pitched for Dayton.

Dayton lost to Clark, 3-0, earlier in the season, and tied Berkeley Heights, 0-0, in a game called after seven innings on account of darkness. Gromek pitched a no-hitter for Dayton. The Bulldogs will continue to have trouble with their opponents unless they can improve their .180 team batting average.

Volvo has a reputation for lasting an average of 11 years in Sweden. It's too early to tell how long the new Volvo 144's last, but they are Volvo. And while we don't guarantee how long Volvo last in America, we do know that over 95% of all those registered here in the past 11 years are still on the road. Contamination by DDT spreads

DDT and its breakdown products are some of the most widely distributed synthetic chemicals on earth. Solis, runoff water, air, rainwater, oceans and flocks of animals from all parts of the world, including Antarctica, contain DDT or its derivatives. Charles F. Wuester Jr., biological scientist at the State University of New York at Stony Brook, writing in "Science" describes the latest experiments in which he has shown that DDT reduces the rate of photosynthesis of coastal and oceanic algae. Since a substantial part of the world's photosynthesis (production of carbohydrates and release of oxygen) takes place in these chlorophyll-containing microscopic plants, any interference with this process could be important to the biosphere, the life zone of the earth. The real food producers in the sea are these plants. Without them marine animal life would be impossible, for they are the first in the oceanic food chain to utilize the sun's energy directly to transform carbon dioxide and water into food and oxygen. What influence DDT contamination ultimately may have on the delicate balance of life in the oceans is not known today, but the increasing concentrations of this and other pollutants in our environment warrants serious attention and research. Service projects planned this year for Teen Caravan

Rabbi Joseph Lichtman, director of Teen Caravan, a summer camp project sponsored by the Eastern Union County YM-YWHA, Green Lane, Union, for boys and girls in grades nine and 10, announced plans for a Special Service Project which will take place each Monday during the seven-week season of the camp.

Plans are being made, Rabbi Lichtman said, to place volunteers in the various departments of St. Elizabeth Hospital, the Summer of Service Program, the CAFEO, a federal program and a Y-HO-CA program, another "Y" camp project. Children wishing to work for the day campers in Y-HO-CA will be involved in planning dramatic productions and two editions of a newspaper with special emphasis on Y-HO-CA.

Miss Abbie Raicer, a former assistant director of STEP, another "Y" camp group, will supervise the Teen Caravan youngsters who will work in the Y-HO-CA program. Miss Raicer is a graduate of Newark State College and is currently teaching in the Elizabeth school system.

The innovation of the Service Project is voluntary for all campers and is included in the summer program at no additional charge. A limited number of places are still available and registration may be made by calling the "Y" at 289-8112.

Boy Scouts to conduct camporee next weekend

More than 1,000 Boy Scouts and their adult leaders will participate in the "SHOW-O-RE" BSA camporee May 24-26 at Biernumpel Park in Union according to Walter G. Momm, district activities chairman. The Scouts will represent 18 troops in the Northern District of Union Council, of Union and Springfield.

The Scouts will pitch their campsites on Friday evening. Following the opening ceremony on Saturday morning, Cub Scouts will demonstrate activity badge requirements in booths while the Scout troops will construct gateway projects. In the afternoon, a competitive Scoutcraft rally will be held. Boys will compete in flag-jack baking, tent pitching, tug-of-war, roman chariot races, rapid dressing-relay and other action-contests, Momm said.

At 6 p.m. on Saturday, a "western-style bar-b-que," including the roasting of beef-quarters will begin. A representative player from the New York Giants and New York Jets will be present to meet the Scouts and to participate in the campfire program scheduled for 8 p.m. Saturday. Representatives of local township committees will join Mayor F. Edward Biernumpel of Union in the inspection of the units before the campfire program.

Church services on the campsite will be followed by an advancement session on Sunday morning. Closing ceremony, with the presentation of awards, will be held Sunday at 11 a.m., Momm said.

Assisting Momm on the committee will be Harry Morgan, Frank Gundaker, Louis Verone, Jack Gill, Wes Siffer, LeRoy Compton, all of Union, and Eugene Pinney and Herbert Hantschuch of Springfield.

Volkswagen's automatic stick shift.
It's easier to use than it is to say.

It's quite a mouthful, isn't it? But once you get by the name, the rest is easy. There isn't a clutch pedal to contend with. And for all practical purposes, you can drive everywhere without shifting.

On the highway, you shift once. (This is like an overdrive: you go faster, your engine goes slower, and your automatic bug won't turn into an automatic hog.)

And when the going gets rough (like up a ridiculously steep hill), you can shift into low.

What could be simpler? One thing: the automatic stick shift is an option. So you'll have to pay a little more. But compared to other automatics, it's a bargain. Because with every automatic stick shift, we include a remarkable money-saving device: A Volkswagen.
