Schneider calls for a study into hiring an administrator

Alvin Schneider, a Springfield Democratic Township Committee Candidate in Tuesday's primary, will call upon the Township Committee to form a committee to study the feasibility of hiring through ordinance a full-time business administrator for the Township.

"We have received the request of the League of Women Voters on the subject," he said, "and find that there is much merit to the League's recommendations. The League's position has been well thought out and I would like to include more details such as the costs involved and the possible methods and opportunities of obtaining funding from the public."

"Why hasn't the Township completely ignored the League's recommendations?" he asked.

"Why won't they evaluate the valuable information and research already completed on this subject? What specific efficiencies can be effected through a full-time administrator?"

Schneider said, "I am a namesake and my name's initials could be completely snuffed out in the ordinance and encircled in so that he would serve at the pleasure of the Township Committee and the citizens of Springfield. I am not asking for a township administrator. The Township Committee that the administrator would hinder action or communication between the public and the elected officials."

"The costs involved may not prove to be substantial," Schneider noted. "The Township Committee could take reducing-in-salary in great contrast to the administration of the town, which would be additional savings in auditor's fees."

Schneider called for a municipal study to advise the Township Committee on terms of the study.

"What savings can be expected from the administrator by way of business efficiency and economies?" he asked.

"In the first place, the financial complex for an additional office for the administrator."

Is there any governmental support available which could be contributed toward the salary and expenses needed to establish a municipal business administrator?

"Are there feasible alternatives available to the Township Committee to fulfill their responsibilities of the township clerk?"

"Nothing other municipalities in the area have already hired full-time business administrators," Schneider said. "I am satisfied with the results," Schneider questioned why the present Township Committee "keeps ignoring the issue and promises no action." Schneider said prominent citizens who claim that running the township is now a "big business," and should be operated as such."

"It makes me feel that business experience has more of a full-time administrator can accomplish much more at a quicker pace than a part-time government. I am sure that

Three break ins reported to police

Break-ins at homes on Tree Top Drive and Hillside Avenue at the suburban apartment complex were reported during the week by Springfield police.

An "undetermined amount" of jewelry was stolen from the Tree Top Drive residence, while a man was shot in the head at 11 p.m. May 28, police said. The burglar, who ransacked a bedroom, gained entry by climbing open a rear door.

A missing persons list of names missing from the Hillside Avenue home, where the front door was forced open, and the apartment ransacked after its doors were jimmied. Both those crimes occurred Saturday.

Two men involved in the break-ins, one in our neighborhood, would have brought greater contributions to the salary and expenses needed to establish a municipal business administrator,"

Firms offered low-interest bids for construction

Frank M. Gilbert, chairman of the Springfield Development and Relations Committee, announced this week that local businesses can now obtain low-interest financing from the N.J. Economic Development Authority for new industrial construction or plant expansion.

Gilbert explained the financing is available for construction of a new building; purchase, lease or rental of land; the redevelopment of a municipality; maintain or increase the tax base of a municipality; and maintain or diversify business and industry in the state.

For more information on the program, contact the E.D.A. office in Trenton or call 247-1200. For further details on the program, may be obtained by writing or phoning the Springfield Development and Relations Committee at the municipal building, 3rd floor.

To be eligible for the financing, Gilbert said, the industrial or commercial project "must maintain or expand employment in a municipality, or maintain or increase the tax base of a municipality; and maintain or diversify business and industry in the state."

Luv condo price includes furniture and appliances

Martin Newman, developer of the Luv Condominiums at Stanhope has introduced a new concept in condominium home purchasing—a total package deal.

For example, a one-year payment can be purchased with one monthly payment.

In order to maintain the normal home requirements with five decorations, it will be necessary to pay a one-time fee, "willies" down payment, and one monthly payment.

The obvious difficulties in buying, marriage is a home rather than renting is as well as the carrying costs of starting off a new home.

U.S. spokesman noted, "A newly-married couple would have to have a down payment on a home, but a deposit on the new furniture they wanted, carpeting, drapes, etc., to carry a series of payments which would require both husband and wife to work for the client."

But now, at Luv Stanhope, the fully-furnished and decorated Pad-O-Type units, built especially for buyers, have the op-

Old Guard Orchestra honored at seniors' fair

The oldest native-born resident in Union County present, and the ancestors of the Elizabeth Old Guard Chapter 4, were honored at the Union County Senior Citizens Fair co-sponsored by the Union County Senior Citizens Council and the Union County Office of Aging on Saturday at Kean College, Union.

Earl Adams, 90, W. Roselle, was the oldest native-born resident at the Fourth Annual Fair. His wife, Esther; and William H. Garner of Springfield, both 85, were runners-up.

A plaque was presented to the Elizabeth Old Guard Orchestra "in appreciation of their dedication" to senior citizens in Union County. Ernie Presal, the leader of the orchestra, accepted the plaque on behalf of the members. Those who performed Saturday were Presal, pianist; Jerry Rock, bass violin; Frank Jues, saxophone; Fred Bleidermann, violin; and Stan Small, drums.

Almost a thousand senior citizens attended the Fair at which Congressman Matthew J. Rinaldo, the guest speaker, expressed his concern on the limit on earnings for older people and the increased housing cost when Social Security is increased.

Peter M. Shields, executive director, Union County Office on Aging, discussed a proposal which will be forwarded to Trenton on the need

The orchestra was started in 1900 with a piano, triangles and drums. By 1920 it had performed for many senior citizen groups and plays at the Old Guard meeting every Friday at 9:30 a.m. Other members of the orchestra include Harry Egan, accordion; Charles Young, violin; and George Rothstein, and Raymond Brown, drums. Raymond Day of Linden, Council Trustee, and a member of the Old Guard, presided in the presentation.

Almost a thousand senior citizens attended the Fair at which Congressman Matthew J. Rinaldo, the guest speaker, expressed his concern on the limit on earnings for older people and the increased housing cost when Social Security is increased.

Peter M. Shields, executive director, Union County Office on Aging, discussed a proposal which will be forwarded to Trenton on the need

for priority and contingencies of home-delivered meals.

Presider Director Harold T. Seeger, Jr. presided, a representative of the Board of the Presidents in recognition of the fair. Other freemasons present were Ross Mann, Smith and Walter E. Bright. The senior citizens were welcomed by Dr. Nathan Weiss, president of Kean College. Mrs. Betty Lightner of the Women's Club of Maplewood sang the Battle Hymn of the Republic.

Senior citizens from the year 1776 were portrayed, Ben Franklin by William Herremans of Union and Stephen Crane, former Mayor of Elizabeth, by Kurt Wambach of Springfield. Negroes were represented from the governor of New Jersey, William Livingston, and John Hart, vice-president of the Continental Congress. Mrs. Evelyn Frank, president of the Senior Citizens Council of Union County, noted that

three of the five New Jersey delegates to the Continental Congress came from Elizabeth. Assisting in the research was Robert MacArthur of Union.

Mrs. Madeline E. Lancaster of Springfield was fair chairman. She was assisted by Kurt Wambach, Mrs. Alma Zeller, Edward Mueller, Mrs. Wilma Schenck, Earl Rothlein, Mr. and Mrs. Philip Iles, Mr. and Mrs. Walter Hahn and Mrs. Gladys Sturm. John Murphy of Roselle Park was in charge of bus reservations; Mrs. Veronica Kaus, group liaison; Vidor Krebs, printing, and Mrs. Genevieve Bedolla, punch table.

Additional entertainment was presented by Lou Roberts, accordionist; Fern Glasser of Union; Herbert Kern, of Springfield, pianist; Albert Lissner, violinist; and Harold Bishop, songs. A hand-crocheted Bicentennial flag made by Letta Schweitzer of Union was on display.

Regional

(Continued from page 1) that the boards of education of all six constituent elementary school districts had approved a suggestion for a joint body to study problems of mutual interest. Vitale said he will name two Regional board members next month to take part.

Sonya Dorsey, of Springfield, expressed serious concern over the magnitude of student offenses listed in a recent report on disciplinary actions. Among them were setting off a smoke bomb, extortion and pinning a teacher against a wall with a desk.

A motion to support the N.J. School Boards Association in legal action to close all public schools July 1 unless an equitable funding method is approved was tabled by the board.

Several members objected to giving the state body "carte blanche" and called for further details on what actions are planned.

School trip

(Continued from page 1) parents, board members said they were unable to comment about anything at all. Continued cuts brought forth only further "no comments."

The \$50 checks were returned to all parents Friday morning.

And Friday night, the board met again in another special session. This time the board voted unanimously to pay for the trip, to be conducted in two sections this week and next.

And a group of parents presented the board with unsolicited donations in the amount of \$4,400. Additional funds were reported on the way after the weekend.

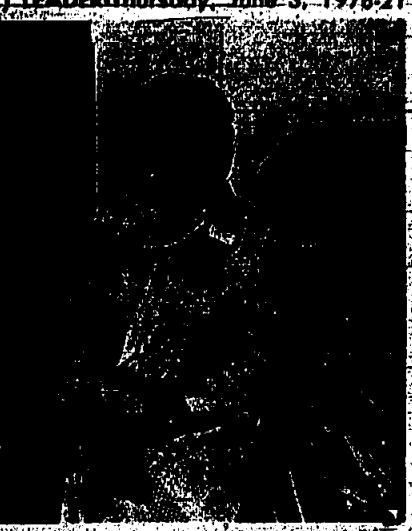

As one parent stated, "They certainly didn't tell us anything, but we finally got the message."

Miss Bernstein earns

B.A. magna cum laude

Bonnie S. Bernstein of Springfield, was awarded a bachelor of arts degree magna cum laude, majoring in English, at the 144th commencement of Wesleyan University, Middletown, Conn.

She is a graduate of Jonathan Dayton Regional High School.

GRADUATES UNITE: Natalie Waldz, second from right, Union County Regional High School Board of Education member from Springfield, reviews the Adult Learning Center program with graduates at a recent reunion party. With her are left to right, Richard Schneider of Cranford, Marge Romito of Roselle Park, and Carroll Beris of Hillside.

Learning Center graduates praise program at reunion

Residents are as much a part of the educational process as graduation ceremonies. With that thought in mind, Harriet Diamond, director of the Union County Regional High School Adult Learning Center, recently held a get-together at her Westfield home for Learning Center graduates.

At the present time, 70 people are enrolled in the high school completion program, as in the adult basic education, and so in the English as a second language course. In addition to these programs, the district was one of seven selected in the state to offer an English program for Vietnamese and Indonesian adults recently relocated in the area.

"People drive on our open, flexible program," commented Mrs. Diamond. "Many more young people are coming to us as a result of the open enrollment." It's education without pressure," assessed David Brearley Principal, Joe Malt. "It's a big help to the community and to the high school student whose mind has already been made up that he will drop out of school."

Unfortunately, the Learning Center may no longer be able to offer these programs to the area's residents. According to Linkin, the Learning Center is in jeopardy of closing if adult education funds are not forthcoming from the State Department of Education. "I am hopeful that this fund will be restored," said Linkin. "So that we won't have to deny opportunities to those students currently in the program and to those residents who may wish to enter the program in the future."
