## Blizzard halts elections, causes no major damage

By PHILIP HARTMAN

No major problems were reported for residents who battled the spring blizzard Tuesday which closed down local and regional Board of Education elections because of heavy snow, wind and freezing roads.

Snow was reported falling in the township at about 5 a.m. and plowing began at about 7:30 a.m., according to Bill Trivetti, road department superintendent.

He said the department called out its entire work force of 11 men, eight plows, one front-end loader and two spreaders to handle the frigid winter-like weather.

A spokesman for the Newark Weather Bureau said the storm, which was the first April blizzard in New Jersey since the bureau began keeping records in 1933, accumulated 12.3 inches of snow at Newark International Airport.

Around the township, major thoroughfares were plowed first and kept open while residential plowing was finished by 12:30 a.m. Wednesday.

Crews worked double shifts and spread about 600 square yards of cinders on township roads that were hazardous and slow moving.

Few problems were reported in the usual trouble spots on top of Balsoral Mountain, where the department was prepared due to early forecasts that a major storm would hit the area.

Police reported that the only effects of the storm were power outages in the Twin Oaks Oval, Beverly Road and Keeler Street areas, caused by ice and snow. Several telephone wires also were reported down, although there were no fallen limbs or trees and residents seemed to be handling the blizzard's effects well, the department said.

Traffic was said to be light during the storm and the number of abandoned cars and accidents was minimal, with the only reported incident a traffic light knocked down on Springfield Avenue.

"We expect no further problems," a spokesman for the department said yesterday. Weather forecasters are predicting possible snow and rain tomorrow.

The storm did cause the postponement of board elections; also, municipal offices were closed early and had a one-hour delayed opening yesterday.

Elections have been rescheduled for Tuesday with polls open from 7 to 9 p.m.

Official word of the postponement was given at about 2 p.m. by Governor Thomas Keen, who called a state of emergency to halt the elections, which have no official process for being called off.

Many districts in the county did not receive word of the order until about 2:30 p.m., when polls had already been open for over one hour.

Figures on the votes cast were unavailable. Voting machines will be impounded and tally sheets will remain in the machines. Votes already cast will be included in the district total when voting resumes next week.

The additional day of voting also will cost the district additional funds for election workers, who for both days must receive a full day's pay. Other expenses may run the bill to several thousand dollars.

Regional Board of Education elections also are scheduled to resume Tuesday, according to Harold Burdge, board secretary.

"We're simply going to do as were told as far as picking up the polling places," said Burdge, who added that "everything should be pushed up a week."

The regional board reorganization, originally scheduled for Tuesday, is now set for April 20. According to Burdge, Springfield and other districts will probably follow suit and have reorganizations a week later than was scheduled.

When elections continue, there will be six candidates running for three seats on the board. The candidates are: Barbara Adler, Lou Monaco, George Gomes, Saul Grohs, Jim Basile and Dennis Francis. The local budget of \$4,297,757 and capital outlay, of which zero funds have been allocated, also will be voted on.

## Senese is named 'Man of Year'

By PHILIP HARTMAN

Angelo Senese, 36, will be honored as "Man of the Year" by the Springfield/Mountain side chapter of UNCO during a dinner dance May 22 at Dasti's Mountain side Inn in Mountainside.

Ed Tranchina, head coach of the Cranford High School football team and a former assistant coach at Jonathan Dayton Regional High School, will present Senese with the award.

This year Senese coached the Jonathan Dayton Bulldog football team to the state sectional championship game in Group II. The Bulldog's 7-2 regular season record (1-1 in the playoffs) was the first winning season since 1961.

"I have been blessed. I have perhaps the finest assistant coaching staff any coach could ask for," Senese said.

Senese credited the Bulldog's success to "the tremendous support of our principal, athletic director, Board of Education... the community at large, former Mayor Bill Cleri and, probably most important, the kids."

He added: "Without these people, Angelo Senese is not as special a person as you would believe him to be. In essence, they make me special, and this award is here because of it—these people are as much a part of this award as me."

Senese came to Jonathan Dayton as head coach in 1976 and inherited a program that was "up against 20 years of losing teams."

"The tough part was getting the kids to believe they could win," he explained.

The philosophy was to keep them in year-round shape, according to Senese. Three players not in sports would train with weights during the school year; also, a summer weight training program was begun for the entire team.

"The second year here that program began to develop when we had 10th graders playing with improved skill and technique," he said. Although the first two teams under Senese finished with identical 0-8-2 records, "the scores became much closer" in the second season, he explained.

Senese pointed out that the seniors who went to the championship game this year had a 4-4-1 record in their freshman year. That improved to 3-4-1 as junior varsity players and a 2-7 record as juniors on the varsity team last year.

Senese said the two-phase program and new confidence among the players were the reasons for their success this year.

"It's more than just the program; the kids believe they can win. We've been telling them that for four years," he remarked.

This year the team gave up an average of 6.8 points per game while scoring about 23 points per game. When Senese took over four years ago, these totals were almost reversed, with the defense giving up more than 350 points per game.

He added that many people criticized the move from the Suburban Conference to the Mountain Valley Conference this year. The Bulldogs were seen as the weak sister of the league.

The 34-6 Thanksgiving Day victory over West Orange, second in the Suburban Conference this year, and the second place mark of 7-2 in the Mountain Valley Conference, are evidence the move was a good one, according to Senese.

Upon arriving, Senese began a two-

## Regional enrollment expected to decline

By J.W. BURNETT

Regional school district enrollment is projected to decrease through the 1980s, according to figures given to the Union County Regional Board of Education.

The figures were presented at a special Monday night meeting of the regional board. The Monday meeting was the board's last before school board elections Tuesday.

The report said the regional school system reached its peak during the 1972-73 school year when 5,722 students were enrolled. Currently there are 3,652 students enrolled. This decline is expected to continue until the next decade.

Jonathan Dayton regional school's enrollment peaked during the 1975-76 school year when 1,478 students were enrolled. Currently there are 1,023 students enrolled.

The report also said David Brantley regional school reached its peak enrollment in the 1971-72 school year with 1,031 students and is currently just under 900 students with an enrollment of 799.

This decline is expected to increase into the mid-80s and not change substantially until the 1990s, when enrollment should increase again.

Fredericks said the decline in the 80s may be slowed down by the construction of new housing, which may bring new families into the area.

The figures showing decreasing enrollment are based on enrollment figures from the elementary schools of each town in the regional district and population figures from the last census.

The current census figures show the population of the district is 63,000 and decreasing. In 1970 the population was 69,000.

Fredericks told the board, "The reduction of population is in every town and municipality in Union County," rather than just affecting the towns in the regional district.

The latest projections on school enrollment were made to update the regional district's master plan, an state-required outline of facilities, proposed projects and enrollment.

Fredericks said the new enrollment projections fall in line with projections made for the last revision of the master plan about two years ago and past projection proved reasonably correct.

In other business, Fredericks told the board that the David Brantley school building has termites. "The condition is evident in the area all along the outside wall of the high school office, guidance area, nurse's office and beauty culture room," Fredericks said in his Facilities and Maintenance report.

Other rooms affected are rooms one to five, facing Monroe Avenue, and Business rooms 19 and 22. He reported there is no evidence of termites in the gym floor.

Fredericks reminded the board that the building is mostly "brick and steel" and "not in any danger of falling down." Measures to treat the problem will be taken over the Easter recess.

## Board of ed ratifies principals' pay pact

The Springfield Board of Education agreed last week to ratify a principal's salary contract that would grant annual raises in excess of the board's spending cap.

The contract, which is effective from Sept. 1, 1981, to June 30 of this year, will grant a retroactive 7.7 percent increase to the district's five principals for last academic year, and give an 8.5 percent retroactive increase for this academic year.

The contract was ratified, 8-1, with board President Gregory Clarke as the lone dissenter.

These increases are above the 6.7 state allowable cap increase for next year's \$4,572,761 budget, which is \$45,000 below the cap.

Currently under W-11, 1982-1983 contract talks with teachers, custodians, secretaries and principals for the district will be based on the 6.7 cap for next year's budget, Clarke previously said.

Multi-year contracts have been offered in past negotiations, but recently, one-year contracts have been the norm. Dr. Fred Baruchin, superintendent of schools, explained during the budget hearings in January.

### Library is exhibiting 6 of Frank's etchings

SPRINGFIELD—An collection of etchings by township artist Helen Frank will be exhibited during April at the public library.

Using a grant from the Union County Cultural and Heritage Commission and the New Jersey Council on the Arts, Frank assembled her impressions of four of the most imposing theaters still standing in Union County.

There are six etchings in her special series titled "Historic Movie Houses of Union County." In which, Frank said, she tried to document the best remaining examples of ornate Art Deco motion picture theaters built in the county during the 1920s and 1930s.

Included in the portfolio is "Interior," a hard ground etching that was hand-colored and depicts the inside of the Park Theater in Roselle Park. Frank learned her craft while studying at Yale, the Tyler School of Fine Arts of Temple University and Cooper Union. She teaches part-time at the Florence M. Gaudineer School.

She lives with her husband, Sid, and their dog, Roxy, named after the famous New York theater. The Franks have two children, a 22-year-old daughter, Holly, and a son, Roger, 24.

### Your Library The Holocaust: when God and man failed

By ROBE P. SIMON  
Following are the reviews of the recently popular books for Spring reading at the Springfield Public Library.

**COMMENT ON THE HOLOCAUST**  
"When God and Man Failed," edited by Harry James Cargas, Ph.D., Sixteen Christian American students — contributors to this collection of essays — have seen the Holocaust "as one of the most significant Christian tragedies of history." They feel deeply troubled about the Holocaust from a theological point of view. The extermination of eleven million (six million Jews, five million non-Jews) poses thought-provoking questions about their religious beliefs.

# Landmark Smoker Study:

# Merit Earns Taste Trophy.

## Rigorous smoker tests confirm MERIT as proven taste alternative to higher tar smoking.

Just released—the results of extensive new research conducted by MERIT.

The conclusion: In tests comparing taste and tar combined, MERIT is the clear choice over leading higher tar brands.

**MERIT Remains Unbeaten.** In impartial new tests where brand identity was concealed, the overwhelming majority of smokers reported MERIT taste equal to—or better than—leading higher tar brands.

Moreover, when tar levels were revealed, 2 out of 3 chose the MERIT combination of low tar and good taste.

### Taste Turning Smokers To MERIT.

In a separate part of this study, smokers report that MERIT taste is a major factor in completing their successful switch from higher tar brands.

**Confirmed:** 9 out of 10 former higher tar smokers say MERIT is an easy switch, that they didn't give up taste in switching, and that MERIT is the best-tasting low tar they've ever tried.

Year after year, in study after study, MERIT remains unbeaten. The proven taste alternative to higher tar smoking—is MERIT.

The "big" race will take place the day after, but don't tell until the organizers of the third annual Springfield 10-K race are ready to announce. More than 800 runners took part in last year's race, and race chairman David Frischman is expecting another big turnout for the Sunday, April 18 race through the streets of Springfield.

"The Boston Marathon will be the next day," Frischman explained, "so the real top-notch runners won't be in New Jersey that weekend. But we're hoping to have approximately the same number of runners this time."

There will be an aid station at mid-point and a large digital clock and electronic timing will be provided by Mogendorff Finish Line Systems. Over 100 awards will be presented. Trophies will be handed out to the first male and female finishers in each of seven classes. Also, awards will be presented for the fastest overall time, first Springfield resident, and youngest finisher, oldest finisher and more.

Chalk up another one for a bit of long-range planning.

While other high school baseball teams were sitting indoors watching the snow melt away at second base, Dayton's Bulldogs were zipping through batting practice, running through some infield drills and working out the final kinks in the machinery.

Low thinks Meisel Field will only need a day or two to dry out. And he can't look around the North of the American Soccer League. After Sunday's game between the Cosmos and the National team of Peru, 1-0, he also wrote about the two Lancer teams that played in the Meadowlands Arena in the preliminary games of the Rockets vs. Fever clash and won.

### Views On Dental Health

**GOLD INLAYS**  
The most popular material for filling cavities is amalgam. Often called a "silver" filling (actually a mixture of mercury, tin, copper, zinc and about 55% of silver powder). This material has proven successful for filling small and average sized cavities. While waiting for the laboratory to make the gold casting from the impression taken by the dentist, the patient will have a temporary casting. A good gold inlay usually lasts for many years and is considered stronger than a good amalgam filling.

# DINING GUIDE

A COMPLETE REFERENCE OF FINE RESTAURANTS

## The superb is 'normal' at Arlene's Tallyho Inn

By JIM LEAHY

No matter what you may think, writing a weekly column sometimes drains the imagination. It can be difficult to come up with fresh ideas each week, especially if you're writing about someone you have written about before. That's why it's so refreshing to receive a compliment every once in a while, particularly if you're writing a weekly restaurant review. It makes me feel so darn good when someone tells me they are in one of the restaurants I've recommended. When you get a compliment at least you know you've pleased one person; if you get more than half a dozen compliments about one place, then you know writing your column is worthwhile and all the drudgery disappears. This is exactly why I never get tired writing about Arlene's Tallyho Inn, 943 Magie Avenue.

I honestly can't tell you the exact number of compliments I heard about this marvelous eating establishment, but I do know the first two I heard were right in my own office and believe it or not, I also heard about the Tallyho Inn from a friend of mine who lives in Irvington when I bumped into him at a restaurant in my hometown of Matawan.

What you may ask, is the reason Arlene's Tallyho Inn is considered one of the best of its kind in the area? For starters, the food is out of this world! Yes, that's right, out of this world—and the thanks for its preparation has to go to Arlene's daughter and chef, Joy Fedorchak, my humble opinion, anyone can try to be a chef. There are schools to attend, books to read and a zillion other ways a person can become adept in the art of cooking just by watching Mom do her thing at home. All of the mentioned are great, but if you lack what I consider the most important ingredient—then all the books and training in the world are meaningless. Joy Fedorchak has pride in her work and never takes short cuts. As a matter of fact when I ate there a few eeks ago she insisted I try a sauce on (of all things) my French fries. It was an absolutely outrageous experience and brought a marvelous taste out in what could be a bland dish, that was absolutely delicious. It's these little extras that make a restaurant great and, by George, the girls at the Tallyho Inn are going out of their way to make sure their restaurant is great!

Another thing that makes this fine establishment stand out

above the crowd is the price of meals. Honestly folks, where can you take your loved one out today and sit down and have dinner for only \$5.95—that includes soup, salad, vegetable, potato and dessert? Not only that but you have a choice of boneless sirloin steak, fried shrimp, veal parmigian, chicken, Cordon Bleu, English cut prime ribs, veal Marsala and much, much more! I asked Arlene how she can afford to do it; her answer was: "I know I can make it up on volume once people know they can get a meal here at that price. They'll tell their friends, who in turn will tell their friends."

You're right Arlene and I'm glad to tell my friends! The final ingredient of success making this restaurant one of the most talked-about in the area is service.

I've had good service before; in fact, some of the finest service in the state comes from our many great restaurants just minutes away from most of us by car right here in Union and Essex Counties, but honestly folks, I've never quite had the kind of service I get when I dine at Arlene's Tallyho Inn.

Service might be the wrong word when I use it because it's really not the same kind of service you get when you visit Mom after you haven't seen her for quite a spell. That's right, Arlene and her family treat everyone like they are bloodkin. It's kind of a happiness, an elation if you will, in the way you're treated.

Not only by Arlene personally but by the entire staff.

However, her magic formula, it sure makes one feel good and I, for one, hope she never loses this most charming way of treating customers. It's delightful, it's refreshing, especially in this day and age.

I could go on and on about the Tallyho and what it means to me but if I did I would probably fill every column in this newspaper before I'm finished. I would just like to wrap it up by saying, "Thank you Arlene, for making dining out a pleasure once again. You're one of my favorites and you can rest assured I'll be back to see you again shortly."

IF YOU LIKE your chicken "Hot and Spicy" then I've found about the only place you can get it in the dining area. That's right, folks, Stuff's—on the corner of Springfield and Grove Streets in Irvington—has the best darn chicken I've ever tasted here or anywhere in that matter. It seems the owners have come up with a secret "Southern" formula

that's selling like crazy and people are coming from miles around just to sample its marvelous taste. If you like your chicken with a real tang and zest, try it; you'll be more than pleased. P.S. They also have a take-out service and beer on tap. Give them a call at 372-9115 and tell them you'll be down to pick up your order.

FAMILIAR LANDMARK along Magie Avenue, Union, is the attractive exterior of the famous Arlene's Tallyho Inn, a favorite eating spot and watering hole for numerous area residents. The restaurant is noted for its delicious cuisine at reasonable prices.
