BEER COMING INTO ITS OWN TODAY, we are reminded of the tribute paid to the quality of local water by a chemist, who passes through town every so often, with the remark that Springfield has the finest water in the entire state by chemical analysis. . . now, if that's the case, say the boys around the firehouse known for their beer-consuming qualities, why can't this excellent tribute be used to attract a brewery to open right in town where the supply of water is accessible and that's an important factor in manufacturing the amber-colored liquid. . . the suggestion of painting the cannons at the Municipal plaza has been broached and not so long ago, in a neighboring town, legionnaires there painted cannons in front of the high school. . . local service men could just as well do the job or the Township Committee could afford to pay a few dollars for the material and use local unemployed receiving municipal aid. . . on the matter of finances, a committee member confides that the Governing Body is working on a pay-as-you-go plan. . . until the collection of taxes June 1 indicate the amount of funds taken in, this "hand to mouth" system will exist, he said. . . Local Republicans will no doubt support Sheriff C. Wesley Collins for county chairman when the County Committee organizes May 16. . . with Undersheriff Lee S. Rigby heading local forces, it seems inevitable that Springfield will be strong for the sheriff. . . the first district polling place this year will move from its former quarters in the Lions Club rooms in Flemer avenue next door to offices of Arthur H. Lennox. . . Ken Niebuhr, Eddie Dreher and Howard Smith are in the headlines this week for their thrilling experiences at Barnegat Tuesday when they luckily were present at the Bond Station of the Coast Guard to witness the runaway blimp J-3 narrowly escape striking their automobile, then drift out to the sea where several of the crew drowned. . . a description will be found elsewhere in this issue. . . the formation of a Garden Club has been mentioned several times by the author of the weekly column, "Matter of Opinion." . . it has been successfully worked in many nearby communities and should be equally a success in Springfield. . . the grass on the lawn of the Municipal Building appears to have been burned considerably by rays of the sun. . . it might be a good plan to plow the entire lawn and replant the entire green.

QUARTERLY SESSION HELD BY METHODISTS

The fourth quarterly conference of the Methodist Episcopal Church was held last night. The Rev. Dr. J. E. Washbaugh of East Orange, district superintendent, attended the conference, his first in Springfield, and gave an inspiring talk. Reports were made by various organizations in the church. Mrs. Charles H. Huff was chosen delegate to the Newark Conference in St. Luke's Church, Newark. Dr. I. M. Vanderhoff of Short Hills was selected as alternate.

A. Bruce Conlin to Seek G.O.P. Assembly Post

Active Westfield Lawyer in Race For Nomination at Republican Primary

A. BRUCE CONLIN

Announcement has been made of the candidacy of Alan Bruce Conlin of Westfield, for the Republican nomination of member of the State Assembly. The fact that he might run has been rumored for several weeks, but it was not until this morning that Mr. Conlin definitely gave assurance that he would be a candidate for one of the vacancies which will exist by the retirement of two of the present assembly delegation.

It is reliably reported that Mr. Conlin did not announce his candidacy until he received definite assurance of support from leaders in political life in every section of the county, and Mr. Conlin's friends predict he will make a thorough canvas of the voters between now and May 16, the day of the Primary Election. This is the first time he has sought political office since he contested the Congressional nomination with Ernest R. Ackerman of Plainfield in 1920, when the late congressman was seeking re-election for a second term and there are many in the county who remember the stiff fight that he made without any organization, against a man who then had many political honors to his credit and

Candidates to Speak to G.O.P.

Candidates for the small Board of Freeholders will address the Springfield Republican Club tonight at 8 o'clock in the Legion rooms, 240 Morris avenue. Other candidates will also be heard. Sheriff C. Wesley Collins is expected to talk. Undersheriff Lee S. Rigby, president of the club, will preside. Members of the county committee slate recommended by the executive council will be announced at the meeting. The club has endorsed Ebert B. Johnson for Township Committee and Charles H. Huff for tax collector. William Hopponagh, incumbent collector, is not a candidate for reelection.

NEW FUNDS COLLECTED FOR BLOCK-AID DRIVE

Block-Aid plans are progressing according to announcements this week that special collections totalling about \$246 were turned in to the committee in charge. Rev. William I. Reed, president, announced that \$211.60 from teachers in local schools and \$35 from the Methodist

Three Local Men View Blimp J-3 Crash Into Sea

Howard Smith, Ed. Dreher and Kenneth Niebuhr See Dirigible Accident

Howard Smith, Kenneth Niebuhr and Edward Dreher, local adventure seekers who journeyed to the scene of the Akron tragedy Tuesday off Barnegat Bay, experienced the thrill of their lives when they were eye-witnesses to the mishap of the rescue blimp, the J-3, which crashed into the sea 1,000 yards from shore at 1:45 P. M.

The trio of local men had arrived in the morning in the vicinity of the Bond coast guard station watching the ships at sea attempting to find bottles of the crew and salvage wreckage from the Akron. The three had parked their car near shore when the J-3 came almost four feet within their machine.

At first nothing unusual was attached to the plight of the blimp until a red flag signalled danger and a rope was thrown overboard. Fifty spectators, including Smith, Niebuhr and Dreger, rushed to grasp the rope and for a while it appeared the J-3 might land without difficulty but the troublesome wind was too much for the few number of men available and their efforts were in vain. Nothing was in sight for the would-be rescuers to grip the rope, the vicinity being mere marshland.

The Springfield men explained that the blimp was close enough to the ground for the crew to drop to safe landing but with the fixed determination of their duty "not to desert the ship" they could not do otherwise than battle the wind.

When the ship crashed into the sea, the gondola sank into the waves and boats hauled nine men from the water. Two others drowned.

Democrats Will Name Candidates

Springfield Democrats will meet tonight at the Larchmont Estates Office, Morris avenue, to select candidates to be endorsed by the Democratic Club for the positions of Township Committee, Tax Collector and Freeholder.

Emanuel O. Holms, president, will conduct the meeting. Although not actually selected, reports indicate that Milton G. Lott will be named for the committee primary, Edward A. Conley for collector and Vincent Shea, local county committee chairman, for Freeholder.

Conley, it is understood, is not willing to accept the indorsement for the nomination but efforts are being made to induce him to approve the use of his name.

Shea, it is further reported, will have the support of the county Democratic organization for the small Board of Freeholders.

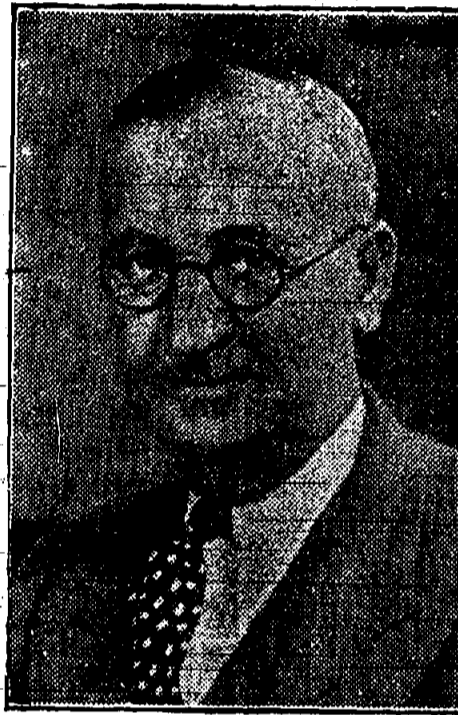

Episcopal Church, of which part was given from the Christmas Fund of the Sunday School and the poor fund of the church, has been received.

Arrangements are being furthered by the Lions Club to sponsor a minstrel which will be held probably on Friday, April 28, in the Town Hall. A committee met Wednesday night to discuss plans.

Collins Candidate For Chairmanship

At the insistence of party leaders in every section of Union County, I have consented to become a candidate for Chairman of the Republican County Committee. The position is not one of my own seeking. I recognize, however, the importance of impartial

C. WESLEY COLLINS

and aggressive administration of party affairs if the successful position of the Republican Party in Union County is to be continued, and if the party leaders believe that my experience qualifies me for the Committee Chairmanship, I am willing to serve and give my best efforts to efficient conduct of the office.

The published statement attributed to me, that "if necessary I would surrender the office of Sheriff to accept the Chairmanship of the County Committee" is entirely without basis of fact. I have made no such statement and intend to continue to the best of my ability the efficient administration of the Sheriff's Office to which the voters of Union County elected me by an overwhelming vote in the last Election.

I recognize the fact that political activities must not interfere with my duties as Sheriff; therefore, I shall, if elected, put into effect plans which contemplate this contingency without sighting either office. The offices of the Sheriff in the Court House will not be used for political or party purposes.

R. R. ENGISCH IS COUNTY CANDIDATE

R. R. Engisch of Elizabeth, who has announced his candidacy for Republican nomination to the small Board of Freeholders, has been active in public, civic, and political life for twelve years. At present he is secretary to Speaker Charles A. Otto, Jr. of the House of Assembly. He served as Otto's secretary in 1931 when he was majority leader of the House and also in 1932 when minority leader. For twelve years he has been a member of the Union County Republican Committee, representing during that time the Third District of the Tenth Ward, Elizabeth. For seven years he has been a member of the County Republican Executive Committee. Entering politics in 1924,

Governing Body Will Act on Regulations at Meeting Next Monday Night

Shall we or shall we not sell beer? Are we violating any national, state, or local regulations? What license fee will be charged? What has the Township Committee done about the situation?

These questions have been fired back and forth about town within the last twenty-four hours as would-be dispensers and interested parties are in a quandry as to how to go about the sale of beer in Springfield in the absence of any municipal action.

One version is that since the drink is non-intoxicating, according to government ruling, and with no regulations set up, any soft drink dispenser can serve beer in Springfield if he possesses a license, which now costs \$2.

This is, however, in conflict with state provisions which include that only those places serving food may dispense beer on tap which will eliminate drug stores, candy stores and ice cream parlors.

Then to add to the temporary confusion brought about by the failure of the Township Committee to express its opinion, either one way or the other, on a high or low tax or rigid restrictions, rumors were circulated this week that so-and-so has a license and this party was refused and down the line of applicants.

This, on reliable sources, is untrue since the committee has not met this week to act upon municipal licensing of beer or wine. Chairman Charles S. Cannon was quoted Wednesday night to say he believed an ordinance was needed to regulate the sale of beer but earlier that day, Governor Moore signed the beer bill which states a resolution will be sufficient temporarily for municipal licensing until May 25 when permanent legislation will be effected.

Delay would cause no loss of revenue to the township, he also stated, adding he did not believe revenue should be the aim of licensing beer and wines. Comment, however, from a number of residents, contradicts this statement citing that the aim of the sale of beer is to bring additional funds into the treasuries of governments from the national source down to small communities.

These critics further refer to the cost of supervision of the beer-selling establishments since local police must enforce state laws. The matter of health inspection also enters into the question; it is added, and finally, the profit of the sale of beer includes an allowance for national, state and local taxes, which if the local authorities see fit to forego, will be added "gravy" to the dispenser of beer.

The Township Committee will meet Monday night at which time the licensing of beer, even if temporary, is expected to be ironed out. Meanwhile, local chain grocery stores await shipment of bottled beer and "tapped" beer pours forth locally without municipal regulations other than those prescribed in state and national statutes.

he served as secretary to the Elizabeth Republican City Committee for three years beginning with that period.

CONLIN IN RACE

(Continued from page one)

long period of service to his constituents and party. Congressman Ackerman, who won the nomination, was always warm in his praise for Mr. Conlin, for the clean fight that he made and there existed between the two a warm personal friendship right up until the late Congressman's death. Since that time Mr. Conlin has been an active Republican worker both in the county and in Westfield, where he is considered partly responsible for the splendid Republican majorities that Westfield always produces. Thus, Mr. Conlin enters a race without the handicaps that surmounted his 1920 campaign with thirteen additional years in public life. His friends are accepting his announcement with warm enthusiasm.

When approached for an interview, Mr. Conlin said in part, "I have been seriously considering the wishes of many of my friends and associates interested in the political life of my county and I have definitely decided to become a candidate for the Assembly to fill one of the two vacancies which there will be in the present legislative group. It has been my ambition for a good many years, but I have known that I could not ask nor expect county-wide support when there were only five legislative positions from this county, while one of these, until recently was held by a Westfielder. This being no longer so, I now feel competent to submit my name to the people. If I am successful in election it shall be my purpose to do all within my power to reduce the costs of government and relieve our people from this present tax burden. I intend to conduct my campaign in a vigorous but sportsmanlike manner, covering as much territory and as many meetings as possible between now

SPRINGFIELD
Population—1928 4,000 (est.) 1929, 4,215. Assessed valuations—1928, \$5,428,319. Tax rate, 1928—Township, \$5.22; state and county, \$1.04. Incorporated 1857; settled early in 1700's. Springfield is essentially a township of homes. It is 35 minutes from New York City on the electrified D. L. & W. Railroad and has excellent bus connections to Newark, Elizabeth, Summit and Plainfield. The railroad stations at Millburn and Short Hills are less than a mile from Springfield Center. The Rahway Valley Road has a freight station in Springfield, giving service for factories, commercial and industrial purposes. State Highway Route 20 makes it convenient to reach New York in thirty minutes by car when completed. Numerous state and county highways pass through the township. It has good streets; water; gas; electricity and a newly opened sanitary sewer system. Of interest in Revolutionary history with its historic Presbyterian Church where Rev. James Caldwell, said, "Give us thirty boys" in the midst of the Battle of Springfield fought on June 28, 1780. Several colonial landmarks are to be found in Springfield, one of the oldest communities in Union County.

What the SUN Advocates

Believing that the following improvements are vital necessities to nourish Springfield's betterment and substantial progress, the SUN advocates:

1. A high school.
2. Removal of dilapidated buildings which are "sorespots."
3. Sidewalks wherever needed.
4. Encouraging clean factories, to increase the rentals.
5. An active Board-of-Trade to stimulate "Buying in Springfield."
6. Postal-carrier delivery.
7. Reduced bus fare within town limits and to Millburn R. R. station.
8. Full time position for the township-clerk's office.
9. Set of Building Zones, before township is developed.
10. A county park.

and Primary Election Day."

Mr. Conlin is a practicing attorney and counselor at law with office in Westfield, N. J., having graduated from Columbia Law School in 1920. For several years after his graduation he practiced law as a member of the New York Bar, although maintaining his residence in New Jersey, where he has been a resident first at Plainfield and later, and since 1915 a resident of Westfield, having moved to New Jersey from Bethlehem, Pennsylvania, in 1909. He is one of the organizers of Martin Wallberg Post in Westfield and was its commander in 1921. He was, in the following year, elected County-Commander and in 1923 he was elected State-Commander of the American Legion. He entered service from Westfield during the World War and saw considerable service in France, where he was wounded on two occasions. He recently received the award of the Purple Heart with Oak Leaf Cluster from the War Department.

In politics, Mr. Conlin has been a member of the Union County Republican Committee for the last twelve years and has been a member of the County Executive Committee for the past year.

Mr. Conlin is a member of the Men's Club of the Presbyterian Church of Westfield, past president and member of the Westfield Lions Club, B. P. O. E. 1,585, Atlas Lodge F. & A. M. 125, Sigma Alpha Epsilon, Union County Bar Association and a member and director of several business organizations and building and loan associations. He is a member of the Young Men's Republican Club of Union County, vice-president of the Westfield Young Men's Republican Club, member of the Neil McLeod Association and the Westfield Republican Executive Committee.

MATTER of OPINION

Although there will probably be some uncertainty and possibly some confusion with regard to the methods of control of the sale of 3.2 beer in Springfield Township, we feel that the Township Committee should be commended for not being stampeded into hasty action. We learn from press and radio reports that beer will be sold, in various states, in bar rooms, restaurants, grocery stores, soft drink parlors and drug stores. One large corporation which manufactures candy and retails its products in a long chain of stores, with soda fountains and tea-rooms, has found it expedient to advertise that it has never sold beer in its stores, and will not do so now. The whole crazy situation is one to cause concern not only to the drys but to those who have been working under the slogan of Prohibition Reform. Whatever one's convictions on the subject of alcoholic drinks, there is one factor which has never been eliminated from the legal or illegal business of making and dispensing liquor in America, and that is politics. There can be no fair comparison of the handling of the problem in other countries, because our political system is so different. In no other country could corrupt politics have such a sinister power in grafting on liquor. The movement against prohibition was caused mainly by a revolt against the hypocrisy of those in high places who voted dry but whose habits were wringing wet; and also against the bankers who financed bootlegging rings, with full knowledge of the "business" they were underwriting. We can only wait and see what the change will bring forth. In the meantime, we hope that even in wet New Jersey, we shall have local option, so that in each community the will of the majority may dictate the course to

be followed.

We can be proud of our American youth when they stage a monster "strike" to enforce the payment of teachers' salaries. Hats off to these boys and girls of the Chicago high schools, who have refused to attend school until their teachers receive some of the salary which has remained unpaid for months and months.

With the newly-formed Press Club, Springfield is certainly taking its place in the sun, no pun intended.

Motor violations are not classed as acts of moral turpitude, but some of them are so deliberately committed with entire disregard of the hazards created for other motorists, that they should be regarded as serious crimes. We saw a woman recently who suddenly decided that she wanted to visit a shop on one of the crowded arteries of travel in the shopping district of a nearby city. She had run past the shop about 150 feet, and stopped right in the middle of the street, adjoining the car tracks and in front of the driveway into a garage. Jumping out of her car, she gave a look at its position, grinned to herself, with an "I'll-get-away-with-it" air, skipped into the shop to make her purchase. In the meantime, a motorist wanted to enter the garage and a mechanic came out to move the woman's coupe, which he deliberately shoved onto the car tracks. Passing traffic had to weave itself around the car parked in the middle of the street, and when the woman returned, she calmly seated herself at the wheel and drove off. There was a traffic cop at the next corner, but nobody bothered to call his attention to the act.

Patrol Leaders Marshall and Buell were presented with merit badge sashes at a recent troop meeting. Scout Raymond Schmidt was made patrol leader of a newly-organized patrol at the same meeting.

Don't forget those menus that you're going to submit, fellows! The Lions Club award for best all-around camper has been presented to Patrol Leader Marshall last Friday.

Last week questions pertaining to camp, camping, hikes, etc., were discussed at an officers' meeting. The answer to the last example of scouts listed two weeks ago is the names of Patrol Leader Kohler and Scout Kulp. May their tribe decrease!

This week's question: What Scout with a green bar on his arm is always seen at Scout outings? He is always up to some crazy stunt but beyond that fault, is still well liked. The answer will be found here next week.—THE NEWS SCOUT.

Edith Jakobsen, Active at School, Has Charge of Annual College Hop

Miss Edith Jakobsen, daughter of Mr. and Mrs. J. Neil Jakobsen—of Mountain avenue, was in charge of arrangements for the sophomore dance at Montclair State Teachers College last Friday night held in Chapin Hall at the school.

Miss Jakobsen, a graduate in 1931 from Summit High School, played an important part in varied activities while there. She was a member of the Service Committee,

of the Student Council, and also the Glee Club. In addition, she was business manager of "The Tower," school newspaper, and secretary of the Debating Club. She also played on the girls' varsity basketball team for two years and acted as manager for one year of a class team.

The local girl has continued her active career at Montclair where she is majoring in mathematics. In her freshman year,

she was a representative on the Student Council and a representative to the Women's Athletic Association. This year, her second, she was elected class vice-president. She is a member of the girls' basketball team which for the first time has played visiting teams and themselves visited nearby colleges. Miss Jakobsen is also a member of the Mathematics Club.

There was a spring-like atmosphere at the hop and the committee decorated the hall in attractive green and white colors. Other members of Miss Jakobsen's committee were: invitations, Josephine Galati and Eleanor Cull; refreshments, Miriam

Indians, Aces to Meet in Play-Off Tuesday Night

Match Will Determine 1933 Bowling Champs

Close Match Forseen Though Aces Have Advantage of 25 Pins in Average

The 1933 championship of the Springfield Municipal Bowling League will be determined Tuesday night at 8 o'clock in Woodruff's Alleys, Center street, when the Diner Indians, first-half winners, clash with the Five Aces, second-half winners, in a play-off, total pins to count.

A comparison between the two teams may be made by the margins each won their respective halves. The Indians finished the first half with thirty victories and twelve defeats, the Aces finishing second, four games to the rear.

In the last half, the Aces won with thirty-two victories and ten reverses. By a coincidence, the Indians finished second, five games behind, the teams exchanging positions each half.

On paper, the Five Aces have averaged about twenty-five pins higher than the Indians and appear stronger. The teams are equally matched, however, and despite the difference in team average, it is safe to predict that the margin at the end of the play-off Tuesday will not be much to any great extent.

The annual banquet of the league will be held on the Tuesday following the play-off, April 18, at a place to be selected. Dave Thornton, league president, is making arrangements for the dinner at which time prizes will be distributed.

The Indians captured second place Tuesday night, the wind-up of the season, by sweeping three from the Gypsies as Recreation dropped to a third place tie with the Hose Company bowlers, who had taken three games from Battle Hill.

Hook and Ladder, with their heavy artillery, bolstered by Happy Widmer and Rollin Morrison, late absentee, surprised by taking the match from Recreation.

The leading Aces experienced little trouble in winning three from the Juniors.

ATHLETICS AT BEARS STADIUM ON SUNDAY

The Newark Baseball Club of the International League will play an exhibition at Ruppert's Stadium next Sunday, April 9, against the Philadelphia Athletics. The "A's" lineup will include both Lefty Grove and big George Earnshaw along with other regulars.

Due to the American League opening on Wednesday, April 12, opening day of the International League at Newark and Jersey City will be held on April 13, advanced one day, due to the conflict as many fans in this section will want to witness both openings. The Newark Club will open against Montreal and Buffalo will furnish the opposition at Jersey City.

GALLOPING HILL GREENS FEES CUT

The Union County Park Commission announces that the greens fees at the Galloping Hill Golf Course will be reduced this season until further notice from seventy-five to fifty cents on weekdays and from \$1.50 on Saturdays, Sundays and holidays to \$1.00 for residents of Union County. Players with non-resident guests will be charged double the above rates for such guests. Residents may also obtain season tickets good until November 1, 1933 for \$25.00. Weather permitting, the course will be opened on Wednesday, April fifth,

THROUGH a WOMAN'S EYES • By JEAN NEWTON

MARRIAGES ARE NOT MADE IN HEAVEN

NOW that we know that we are getting somewhere! It was announced as one of the conclusions of the Wesleyan Undergraduate Conference on Marriage, which recently had a two-day session, with delegates from twenty or more colleges pondering on the flaws and the possibilities for happiness in monogamic marriage.

The conclusions of the conference had their constructive side. Marriages not being made-in-heaven, we are told, a happy marriage must be the result of idealism and adaptation. Men and women must be willing to work to adapt themselves to each others.

"Old stuff," it is true. But it will not be "out" until the need for such comment ceases to exist.

You don't have to hold elaborate conferences, you may say, to reach such obvious conclusions. On the other hand, if the conclusions are so obvious, why are they almost universally ignored? Why do people go on year after year, expecting marriage to be an "Open Sesame" to happiness without effort on their part? Why do those who have been married long enough to know better go on expecting too much of each other, expecting to be happy with each other, yet ignoring all those obvious facts about having to make their own happiness?

Until people will act upon their realization that happiness in marriage is the result of thought and effort and compromise and sacrifice, that romance is something that we ourselves must keep alive—until then, it cannot be too often repeated nor too loudly shouted to the winds that marriages are not made in heaven!

Timely Thought

The man who faces bravely forth and picks up business by his own efforts is wiser than the man who sits idly by waiting for business to do the picking up.—Boston Transcript.

A card party for the benefit of the milk fund of the Department of the Woman's Club of Millburn will be held Monday afternoon at 2 o'clock in the Wyoming Church, Wyoming. Tickets are fifty cents. Mrs. Anna Irwin of Millburn and Mrs. Judson Stickle of Short Hills are in charge of reservations.

Discussion of current events will be repeated at the monthly meeting of the Education Department Monday afternoon, April 17, at the home of the chairman, Mrs. Robert McC. Johnstone, Short Hills. Social hour will follow.

The Home Arts Department will hold a needlework exhibit by members, at the home of Mrs. Frederick N. Schierbaum, The Crescent, Short Hills, on Wednesday, April 10, at 2:30 o'clock. There will also be a speaker on yarns.

A program including the classic, romantic and modern periods of music will be given on Tuesday, April 25, at 2:30 p.m. by Mrs. Stanley Lathrop, at her home in Glen avenue, Wyoming. This will be the regular monthly meeting of the Music Department. Tea will be served.
