FRIENDS OF PETER H. MEISEL are interested to learn that he drew first place last Friday on the ballot of aspirants for the three-year term for Freeholder at the Republican primary next month . . . impetus has been gained in his campaign by his good fortune in drawing such an enviable position which always means more votes than usually found for candidates lower in standing on the ballot . . . a certain reporter will not call Mayor Charles S. Cannon at 11:30 in the evening, it's safe to foresee, not especially after the Mayor told the reporter his feelings when he met him a few days later . . . the Heinrichowitz vacant stores, although said to be the property of new owners, a mortgage company in Newark, look the same, worse than ever . . . it might make good campaign fodder for the minority political party to advocate that they might at least make a sincere attempt to improve the eyesore . . . any year now, something might be done . . . the night police sergeant at headquarters has been listening continuously the past few weeks to the many songs practised almost every other night upstairs in the Town Hall in preparation for the minstrel and dance in the James Caldwell School tonight for the Block-Aid Relief Fund . . . perhaps on his night-off, which is tonight, he'll stop over at the school to listen in, maybe? . . . the story has been going around town that if you are not careful of what you say in public, it will be found in this column . . . if the truth were known, it's easy for the Rambling Reporter to pick up those bits of news even in air-tight silence now that we have a secret sleuth to assist in rambling around town . . . it takes a woman to speak her piece as was evidenced at the Township Committee meeting Monday night when she requested more restrictions against the officials of Singer's Grove before granting a license to sell beer on the premises . . . a resolution was read in which the restrictions were outlined in full . . . wonder whether local taxpayers have to foot the bill of counsel for drafting that resolution or whether Singer's Grove authorities were asked, themselves, to pay the cost . . . the Taxpayers' Association could ask if they thought it important enough . . . is it true, local legionnaires, that plans are being made to hold a smoker soon for the Block-Aid Relief campaign . . . seems someone mentioned it to us and then that was all, or are we asking too soon? . . . reports are heard that a beer-drinking establishment will be opened in the Center shortly, not more than a boulder's throw from the Post Office . . . roller skaters enjoying the mild breezes these days, are assembling promptly each night at 7:30 in Meisel avenue and vicinity in the latest diversion of sport . . . young men, finding

MINSTREL TONIGHT WILL AID LOCAL RELIEF FUND

Big Show with Township Talent Will Be Held at Caldwell School

DANCING WILL FOLLOW;
PREDICT LARGE CROWD

Everything is in readiness for the minstrel and dance to be held tonight in the James Caldwell School at 8:30 sponsored by the Lions Club assisted by the St. Vincent de Paul Society, American Legion, Choral Society and other township organizations. Proceeds will go to the Block-Aid Emergency Relief Fund. A capacity crowd is expected.

There are eighteen specialty numbers and thirty-six representative residents in the male chorus. The members of the cast have been rehearsing steadily during the past two weeks under the direction of Gregg Frost and Theodore Johnson, coach and musical director.

Rev. William I. Reed, president of the Block-Aid Committee, is honorary chairman and Dr. Stewart O. Burns, special project chairman of the Block-Aid campaign, is general chairman of arrangements. Other members of the general committee are Robert S. Bunnell, Dr. William G. Huff, Lee S. Rigby, William White, John Potts and Frank E. Meisel.

Dancing will follow the minstrel with music provided by Cliff Murphy and his orchestra of Irvington, popular at affairs of local police and firemen. Tickets are fifty cents.

Plan Musicale in Methodist Church

An invitation is extended to all music lovers of the township to attend a musicale in the Methodist Episcopal Church Sunday evening, May 7, at 8 o'clock. Artists of local and neighboring communities will take part. A silver offering will be taken for the Music Fund.

Louis Minier of Newark, former organist of South Park Presbyterian Church in that city for more than twenty years, will give two groups of organ numbers. Mr. Minier is a teacher of the organ and has appeared as guest organist at a musicale held in the local Presbyterian Church on a former occasion.

A mixed quartet will be heard under the direction of Herald A. Jones, director of the Springfield Choral Society and local instructor at East Orange High School. Other members in addition to Mr. Jones, are Mrs. Richard C. Horner and Mrs. Lewis F. Macartney of Springfield and Jess Bole of Millburn.

Two groups of orchestral numbers will be furnished by artists from Maplewood who will play under the direction of Robert Schenk of the New York Philharmonic Symphony Orchestra.

PLAYGROUND LEAGUE TO START PLAY MAY 9

The Springfield Playground League will open its 1933 season on Tuesday, May 9. A complete schedule will be found in next week's issue of the SUN, together with rosters of the six teams in the league.

Singers' Grove Gets Beer Permit

Three additional permits to sell beer, making fifteen in all, were granted by the Township Committee Monday night. The new places licensed are: United Singer's Grove and two stores of the National Grocery Company, both in Morris avenue.

In awarding a license to the Singer's Grove, a resolution was passed setting forth restrictions that the owners erect a board fence around part of the grove and a wire fence around the remainder. Petitions have been received from those in favor and those opposing the permit.

The resolution set forth that the grove repair Evergreen avenue, the entrance to the park from the main highway, and provide more adequate policing. Mrs. Helen Smith of Evergreen avenue, one of the signers of the petition against issuance of the permit, requested that the resolution specify the height of the proposed fence so that a definite improvement could be assured.

She told the board that on other occasions the grove officials had promised to satisfy neighbors by repairing the conditions there but failed to do so. She was assured that all steps would be taken to insure that the restrictions would be enforced and since the permit is only temporary until May 25, failure to abide by the regulations would be cause to reject a permanent license.

The committee authorized a part-time clerk in the tax collector's office at a salary based on a scale of \$60 per month, to assist in added work in the office at this time due to the handling of tax and assessment bills.

The council was authorized to prepare an ordinance designating Short Hills avenue, Maple avenue, Dondar road and Tooker avenue as light traffic streets.

St. Vincent de Paul Society Spent \$800 For Needy Since January 1

To the Editor of the SUN:
Since the St. Vincent de Paul Society in Springfield has spent for the first quarter of this year over \$800, the funds for which are collected weekly through private contributions, we feel that the news value is such that your readers would like to know something about the society.

The stated quarterly meeting of the Society of St. Vincent de Paul, in New York City, will be held April 30, and will be a celebration of the centenary of the founding of the society in France.

The life and activity of the Society of St. Vincent de Paul in New York City is a fair cross-section of the activity of the society throughout the world. The society was introduced into the arch-diocese of New York by its first Archbishop, John Hughes, in 1847. From that moment until the present time the society has had a firm hold on the affections of the Catholics, because of its Catholic spirit and its wonderful but modestly performed services in the homes of the poor, in the institutions for children and in the hospitals and prisons.

Some time ago it was stated that the Society of St. Vincent de Paul was always static in its purpose but dynamic in its methods; translated this meant that the members of the society have ever had the spiritual purpose as their main incentive, while, in the administration of relief, the rendering of service or the giving of ad-

Daylight Saving Time Effective Sunday A. M.

Springfield, in accord with other municipalities in the State, will operate on Daylight Saving Time, which goes into effect at 2 A. M. Sunday morning, April 30. Churches, schools, banks, post office and business places in general will be on new time and there will be changes in train service.

It is suggested that residents turn their clocks and timepieces ahead one hour before retiring Saturday night. Daylight Saving Time will be in effect until the last Sunday in September.

Low Cost Menus Are Exhibited

A food exhibit of low cost menus was held Monday from 2 to 5 P. M. in the James Caldwell School under the auspices of the Parent-Teacher Association. Menus of \$8.50 and \$3.50 per week for an average family of five were on display and explained.

In the absence of Miss Audrey Adams, Union County home demonstration agent, scheduled to speak, Miss Wood, home economist of the Philip-Harrison Company, gave a talk. Miss Adams could not attend due to a last-minute conflict with a large demonstration in New Brunswick.

Over 100 persons attended the exhibit. Mrs. Richard T. Bunnell was general chairman, assisted by Mrs. John Potts, Mrs. William E. Grampp, Mrs. Herbert R. Day, Mrs. Alfred G. Trundle, Mrs. William H. Young, Mrs. Elton F. Chase, Mrs. John E. Gunn, Mrs. Herald A. Jones, Mrs. George A. Chapman, Mrs. Frank C. Geiger and Mrs. Albert W. Hall.

The closing meeting of the dancing classes under the direction of Miss Lorraine Smith and Peggy Ammerman was held Saturday morning in the Municipal Building.

Committee Throws Out All Bids For Garbage Service

Governing Body to Consolidate For Economy's Sake; To Meet Monday Night

Indications that the Township Committee will consolidate its township road and garbage collection service with the purchase of a new truck for both departments, are reflected in the move Wednesday night at a special board meeting to reject three of the lowest scavenger bids which had been received at a public hearing Monday night and held over for further consideration.

Six bids were received Monday night and the lowest were: Mente Bros. of Union and Springfield, \$7,775 for the year starting May 1; Anthony Rajoppi of Union, \$1,835.20, and Patio Roselli of East Orange, \$1,885. The present contract, held by Frank Miele of Caldwell, was low last year at \$2,215.

The Township Committee for some time had under consideration plans to buy a truck for both road and garbage service in accord with economic measures. The present road system is supervised by Charles H. Ruby, who is paid \$5 per day without the use of his team of horses and \$7.50 with the team.

Committeeman Frank C. Geiger, roads chairman, will report to the Governing Body at a special meeting Monday on the truck plan. One applicant, Charles D. Horster of 49 Mountain avenue, has already applied for the position at a salary "to be left to the judgment of the Township Committee members" as his application set forth when presented early this month.

Committeeman Wilbur M. Selander is chairman of the department which handles ash and garbage collection.

Firemen Present Truck Formally

Volunteer firemen presented the bill of sale for the new hose wagon donated to the township at brief exercises Saturday afternoon at headquarters at which the Board of Fire Commissioners took part. Recorder Everett T. Spinning, one of the oldest members of the company, made the presentation to David S. Jenkins, chairman of the fire board and himself a charter member of the department. The firemen were attired in their new uniforms.

The Springfield-Millburn Sunshine Society met yesterday afternoon in the local Red Cross rooms, Morris avenue. Mrs. Philip L. Meisel was the hostess.

This society is strictly non-sectarian in its work and from present indications the relief for the year 1933 will reach \$2,000. The funds are raised by voluntary contributions.

PICTURE STUDY

Miss Wahl, our reading teacher, has told us how to make pictures about a story we are reading in class. She gave us a week to locate other pictures in magazines for our picture and we did. Some of us were surprised to see some good pictures to hang in front of the room. We illustrated the story of "Richard and Saladin."—BETTY PALZER, Grade 6A.

TRANSPLANTED PLANTS

We transplanted our bean plants and also our orange tree this morning. We took the plants from the window box and put them in flower pots. Our class has been making tulips and iris out of cut paper. Some of the flowers are yellow and some are purple.—OSCAR SNOW, Grades 3-4.

BASEBALL TEAMS

Our sixth grade boys go outdoors for gym. We made four teams, two for mid-gets and two for the older boys. Tuesday the older boys played. We played four innings. Miss Almond's team won, 9-4. The winner of the next game will play the smaller team.—PATYS PASQUALE.

CLASS NEWS

We have a table on which we place interesting articles. Audrey Young brought in a wooden show. Arlene Heywood brought in a glass slipper. We also have dishes from Germany and France. We have a Swiss handkerchief, too.

Miriam Parsell sent for a book, "Uncle Ben in Holland and Switzerland." John Anderson has one called "Uncle Ben in Hawaii, Philippines and South-Sea Islands." We are enjoying these books very much.—DOROTHY MORRISON, BETTY SORGE Grade 4.

NEWS ITEM

We planted some seeds. They are Indian seeds. We planted them in moss in a bowl. They have begun to grow. Soon there will be purple flowers on them.—Grade 3, James Caldwell School.

MAPLE TREE

What is prettier than the maple tree? The bright red leaves fill us with glee. The leaves are as red as fire. And sometimes makes us inquire If all is safe when you are near But we all know we should not fear.

SB NEWS

We have two new classmates, Martha and John Kemp, who moved here from Union. Just before vacation we made boxes which were filled with jelly beans and marshmallow chicks for Easter.

After the Akron crash we drew pictures, "In Memory." Some were very good. A poem we learned this month was "The Four Leaf Clover."

ELLA HIGGINSON, DAVID FRANCE.

CARE OF CLAY FLOUR

Yesterday we read the directions on a can of clay-flour. We found we needed a bag to soak the clay. Bob Numrich and Herbert Callahan brought sugar bags. Tomorrow we are going to pour the clay flour into a sugar bag and soak in a jar of water until it is ready to use.—DAN MCGILL, Grade 2.

OUR LAST LAP

Did you ever see a race? On the last lap the runner goes faster. He gives all he's got. It is getting near the end of school. We call it our last lap. If we want to win we must work hard. We will find out who won it June.—LILLIAN WEIS, Grade 4.

ART PLAYERS TO GIVE NEW PLAY

Those who have not seen the superb casting of the Plainfield Art Players in "Dracula" should not fail to see "Smilin' Through" that poignantly compelling love story that is destined to live throughout the ages, and will be presented by the Art Players in the Masonic Temple all next week.

Originally produced some years ago with Jane Cowl, in the leading role, Alice Cavanaugh will portray the witty, fascinating and altogether adorable little Irish Coleen Kathleen Dungannon.

Jack Marco will play the role of Carteret.

With the excellent support of the other actors who have helped to make Dracula such a memorable and horrifying evening, "Smilin' Through" is certain to become one of the outstanding plays of the season, if not the finest piece of characterization seen in Plainfield.

While playing in Canada Miss Cavanaugh was accorded the honor by Canadian critics with playing the leading role in a more appealing and charming manner than Norma Shearer who portrayed the same role in the motion picture, "Smilin' Through" although Canada happens to be the home of Miss Shearer. Such favorable comparison with one of Hollywood's greatest actresses should incite every lover of the drama to see this play, and with a deeper affection for the finished and truly dramatic acting of Miss Cavanaugh.

ALL GAS KNOCKLESS IN NEW CHEVROLET

A new word—"octane"—seems likely to become everyday language in the motorists' vocabulary with the introduction of this year's new cars. Already certain gas stations are displaying signs reading "high-octane rating," and other dispensers of the better grades of fuel promise to cash in on the merchandising value of a high octane content in their gasolines.

Although long an engineering term, the word "octane" did not approach popular usage until the introduction of 1933 Chevrolet Master and Standard sixes, both equipped with a device new to the industry known as the "octane selector."

Its function primarily is to give the motorist knockless performance and a nearly uniform cost-per-mile from all grades of gasoline, with resultant economy, according to J. M. Crawford, chief engineer of the Chevrolet Motor Company. By use of the selector in 1933 models, the recognized economy of Chevrolet cars may be increased by an average of as much as two to three miles per gallon, Mr. Crawford states.

BIG INCOMES HAVE DECLINED SHARPLY

Only 3,142 Get More Than \$100,000 a Year in U. S.

Washington.—That group of American citizens who pay about 97 per cent of the income taxes collected by the federal government—citizens whose incomes are more than \$100,000 a year—have sharply declined during the last four years, reports the Treasury department. In 1928 there were 15,780 persons with incomes in excess of \$100,000. Today there are about 3,142.

Taxes collected on the incomes of persons in this group totaled \$107,896,000 last year, as compared with \$237,716,000 the previous year. The number of taxpayers having net incomes of \$5,000 or more declined 27.1 per cent, and the taxes dropped 49.4 per cent, with 566,120 persons paying \$233,933,000. The net incomes of these persons decreased from \$16,299,000,000 in 1928 to \$10,199,000,000 in 1930 and to \$6,489,000,000 in 1931.

Income from sale of real estate and stock dropped from \$1,843,000,000 in 1928 to \$550,000,000 in 1931, while losses deducted increased from \$170,000,000 in 1928 to \$973,000,000 in 1930 and to \$989,000,000 in 1931.

Income from salaries and commissions dropped from \$4,700,000,000 in 1928 to \$4,150,000,000 in 1930 and to \$3,154,000,000 in 1931.

Dividends decreased from \$3,020,000,000 in 1928 to \$3,022,000,000 in 1930 and to \$3,154,000,000 in 1931. Businesses and partnerships which reported incomes of \$3,291,000,000 in 1928 decreased to \$1,974,000,000 in 1930 and dropped to \$1,230,000,000 in 1931, according to department figures.

Sees Unwise Food Economy Endangering Child Health

Dr. Allen G. Ireland, State Health Education Head To Write Articles on Child Nutrition

ONE of the most pressing and important health problems of today, in the opinion of Dr. Allen G. Ireland, Director of Physical and Health Education of the New Jersey State Department of Public Instruction, is that of child nutrition.

He reports that children are being seriously affected by improper feeding in many areas. Surveys by Red Cross and other authorities have disclosed important increases in the number of cases of malnutrition among school children. Reports have come to Dr. Ireland that children arrive at school in the morning with nothing more substantial for breakfast than a cup of black coffee; are being served with lunches at home that consist of bread and coffee or other inadequate foods, and often receive no hot foods until evening, if then.

"Of course," says Dr. Ireland, in calling the attention of parents to the serious consequences of improper child nutrition, "these are undoubtedly extreme cases. Nevertheless, the desire on the part of many families to cut down living expenses has led to false economies where food is concerned, and children have been the sufferers.

"Children must have certain basic, essential foods to promote proper growth, strength and resistance to disease. These foods include eggs, milk, vegetables and fruits. They are inexpensive and easy to obtain. Every child must have them if he is to develop properly.

"Parents should remember that growing children need as much to eat as grownups, and moreover, that lack of the proper foods will retard growth, affect ability to

DR. ALLEN G. IRELAND

learn, destroy health and may bring on deficiency diseases which often permanently affect the child." To aid parents in meeting the food requirements of school children, Dr. Ireland has prepared a series of articles which will appear in this paper. All parents should read them.

Rejection Defined

IT HAS been said that although fifteen of about twenty-eight applicants to sell beer in the township have been granted, the remaining unlucky thirteen have not been actually rejected by the Township Committee but merely held over for consideration. These thirteen, although superstitious in numbers, could hardly think otherwise than the mere fact they applied for licenses and were not granted. Maybe the police committee, to whom it has been referred, are waiting for the repeal of the Eighteenth Amendment to report back their findings, if ever that is done. Why not inform applicants they either got a license or were turned down?

Springfield is essentially a township of homes. It is 65 minutes from New York City on the electrified D. L. & W. Railroad and has excellent bus connections to Newark, Elizabeth, Summit and Plainfield. The railroad stations at Millburn and Short Hills are less than a mile from Springfield Center. The Rahway Valley Railroad has a freight station in Springfield giving service for factories, commercial and industrial purposes. State Highway Route 20 makes it convenient to reach New York in thirty minutes by car when completed. Numerous state and county highways pass through the township. It has good streets, water, gas, electricity and a newly opened sanitary sewer system. Of interest in Revolutionary history with its historic Presbyterian Church where Rev. James Caldwell cried, "Give 'em warts, boys," in the midst of the Battle of Springfield fought on June 22, 1780. Several colonial landmarks are to be found in Springfield, one of the oldest communities in Union County.

What the SUN Advocates

Believing that the following improvements are vital necessities to nourish Springfield's betterment and substantial progress, the SUN advocates:

1. A high school.
2. Removal of delapidated buildings which are "sorespots."
3. Sidewalks wherever needed.
4. Encouraging clean factories, to increase the ratables.
5. An active Board of Trade to stimulate "Buying in Springfield."
6. Postal-carrier delivery.
7. Reduced bus fare within town limits and to Millburn R. R. station.
8. Full time position for the township clerk's office.
9. Set of Building Zones, before township is developed.
10. A county park.

Somehow, anyone who has the heart's desire for the ocean, cannot explain himself. There is that haunting yearning never entirely dissipated unless on or near the sea. For those of that disposition, "The Eurydice of the Sea" edited by F. H. Lee, will be of no little worth. It is a collection of poetry and prose as unusual in its inception as the bits of literature presented.

From India comes many strange tales of how life is conducted and we are apt to judge offhand but without any true knowledge, of the existence of things as they really are. Often a comparatively short article will appear in a current publication written to support a certain view of theory. So large a country with so many religions, climates, elevations and political and social subdivisions cannot be justly appraised in one article or by one author. "Mother India" by Katherine Mayo deals with a very extensive part of India's population. Mahatma Gandhi has said she spoke truthfully.

When a man dedicates all his life that others may live more abundantly there is about his autobiography an interest reserved only for saints or martyrs. Dr. Grenfell tells of his great work in "A Labrador Doctor." One reads between the lines of the risks and sacrifices he made, which he, in his great love for fellow men, would consider not so great at all.

Part of the wonderful past of our Southwest is the work done for its early inhabitants. Just as Grenfell dedicated his life

MATTER of OPINION

Every individual, organization or municipality using the electric current supplied by the Jersey Central Power and Light Company is, or should be interested in the revealing articles published in a Newark daily newspaper about the financial manipulations of that utility company by the interests which controlled it. When we read that since 1925 \$4,000,000 was paid out in profits in excess of a return of eight per cent on the actual cost of the operating equipment, we begin to realize that there was a real reason for our conviction that we have been paying too much for electric service. Even when Springfield was buying current from the Millburn Electric Company, before the service was purchased by the Jersey Central, the charge was fifty per cent higher than that levied by the Public Service. A move to contest the rate was begun, but was halted by the war and the rise in price of coal. One cannot help wondering, upon reading these articles just what a public-utility commission is appointed for.

to Labrador so did the Franciscans in what is now California. "In and Out of the Old Missions of California" by George Wharton James, gives a graphic account of the work carried on there. It is profusely illustrated and altogether very interesting.

For no cost at all, one may get intimate views of many parts of the world, from the books on our free shelves.—F. P. L.

It is interesting to learn that there is a real prospect that Millburn will improve conditions in the channel of the East Branch of the Rahway River within the boundaries of that township, using unemployed men to do the work. This is news of importance for Springfield because the volume of water in the river is greatly increased by periodic discharge from Millburn storm sewers, contributing in large measure to the overflow and flood of the swollen stream beyond the confines of a channel too small to accommodate the rush of water. This project, if carried out, will be certain to add to the improvement accomplished by the work being done in the channel and courses of the river, in Springfield, by unemployed men working under the direction of engineers of the Union County Park Commission.

Speaking in Hunterdon County this week, Assistant Commissioner of Education Charles J. Strahan told the School Boards' Association that they "don't know what hard times are." You should come down to Trenton and see. He was referring to South Jersey counties which are so badly off that they are using scrip to pay teachers' salaries, and are hoping for a larger proportion of the state school funds as a result of which a policy may be adopted of curtailing the appropriations to counties more favorably situated, financially. There is without doubt, a wide divergence in the educational program which school boards are able to provide, in different parts of New Jersey.

Intelligence

In spite of everything, nothing will prevent the slow evolution of intelligence and character. The chosen few will not flinch in their obstinate resolution to know. The sincere will to know is incompatible with fear, as is proved by the martyrs of every opinion and of every faith.—George Clemenceau.

Lights of NEW YORK By **WALTER TRUMBULL**

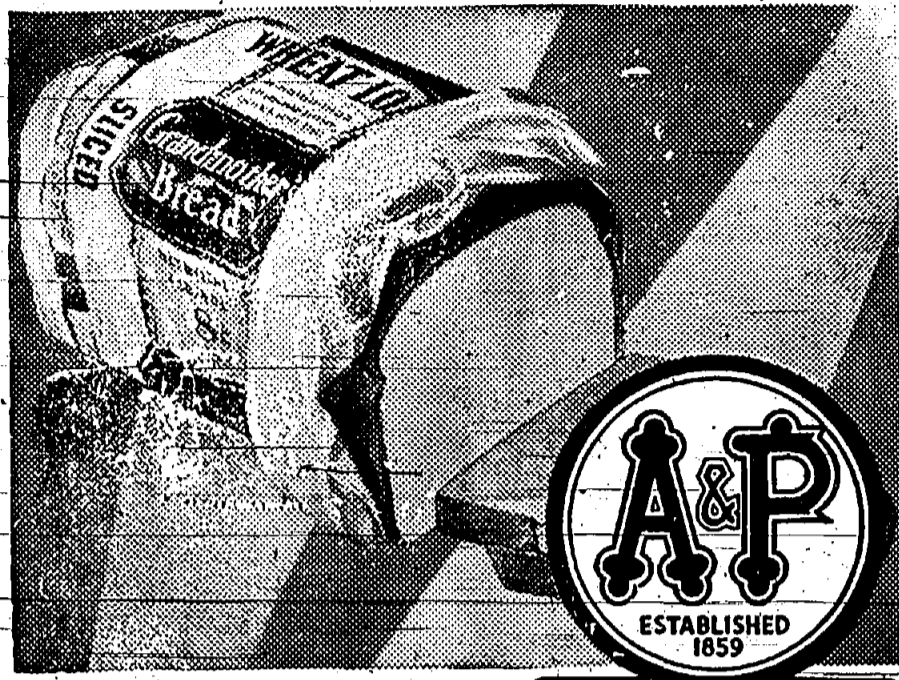

Before the recent Presidential election there were more corrugated brows on Broadway than there were movie patrons or auction sales of cut-glass diamond rings and brass watches. Yes, everybody's forehead looked as if the champion knot-tie of the navy had been working on it, and they tell me it was the same right through from the Atlantic to the Pacific. You might start to talk football or college humor with some citizen, and for a moment the worried look would leave his face. But then he'd go right back to saving the country.

I just wonder whether this broad land of ours knows how many times it was saved during the campaign. There was scarcely a citizen who was not willing to rescue the United States, and the North American continent in general, if it took his last vocal chord. Some of them put in a lot of valuable talking time rescuing South America and the European nations. Everybody was confident he had the only course which would bring the ship of state safely through the storm. He was, to be sure, also wearing his life preserver, just in case. There sure was a lot of worrying going on.

Theatre Notes

"KING KONG" TO SHOW AT MILLBURN THEATRE

Who is "King Kong"? What is "King Kong"? How did he or it come into being? How did Merian C. Cooper and Ernest B. Schoedsack, directors of "King Kong," maneuver the strange being or thing, tall as a four story building and weighing fifteen tons, about downtown New York? How does "King Kong" pick up apparently real street cars and automobiles and hurl them like brickbats against buildings? How does he or it pick human beings up in huge paws and examine them much as a little monkey would a flea?

These are some of the questions that are bound to arise after the first public showing here of RKO-Radio's "King Kong" coming to the Millburn Theatre Sunday, Monday and Tuesday. It is a picture many said couldn't be made, but the team of Cooper and Schoedsack had accomplished miracles before!

The leading human roles in the picture are played by Fay Wray, Robert Armstrong, Bruce Cabot, Frank Reicher, Sam Hardy, Noble Johnson, Steve Clemento and James Flavin.

EILERS AND DUNN IN ROTH-STRAND PICTURE

James Dunn and Sally Eilers are starred in "Sailors Luck," their fourth team picture, at the Strand today and tomorrow. "Uptown New York" based on a story by Vina Delmar, starring Jack Oakie, is the associate feature.

Gloria Swanson returns to straight drama again after three comedies in "Perfect Understanding" to be shown Sunday and Monday. David Manners in "The Death Kiss" is also on the bill.

"Pick Up" starring Sylvia Sidney and George Raft is the attraction Tuesday and Wednesday and the British film, "Rome Express" with Esther Ralston and Conrad Veidt will be the second feature.

Katherine Hepburn's second picture,

prise the territory in said Township embraced within the following boundaries: BEGINNING at a point in the center line of Morris Avenue where the same is intersected by the boundary line between the Township of Springfield and the Township of Union; thence along the center line of Morris Avenue northerly to the center line of Millburn Avenue; thence along the line of Millburn Avenue to the boundary line between the Township of Springfield and the Township of Millburn; thence along said boundary line between Springfield and Millburn Township to the point where the same intersects the boundary line between the Township of Springfield and the Township of Union; thence along said boundary line to the point of BEGINNING.

GEO. WHITE'S "MELODY" AT NEW ROXY THEATRE

"Melody," richest operetta of the season, produced by George White, is playing a sensational popular-priced engagement at the New Roxy Theatre in Radio City this week, the first time a White production of this magnitude has ever been seen in a picture theatre.

The same star-studded cast which presented "Melody" for many weeks at the Casino Theatre is seen and heard at the New Roxy. Among the noted principals are Jeanne Aubert, Hal Skelly, Everett Marshall, Margaret Adams, Walter Wolf, George Houston, and Victor Morley.

The score of "Melody" is by Sigmund Romberg, the modern operetta king; the

book is by Edward Childs Carpenter, and the lyrics by Irving Caesar. On the screen is the newest Wheeler-Woolsey comedy, "Diplomaniacs," an RKO Radio Picture.

There has been no increase in prices for this outstanding engagement.
