Rambling  
Around  
Town

LOCAL RESIDENTS WILL HAVE the preference for employment, is the encouraging bit of news we learn, from the dress-making establishment which opened recently in Morris avenue in the Quinzel Building . . . at present the bulk of force is from Millburn and vicinity . . . since this group will not be dismissed, added help will come from Springfield . . . this should help the local situation to some extent although the concern does not pay such high wages as may be expected . . . the Flemer house at the Center, opposite the Presbyterian Church, will open August 1, as a sort of hotel and tavern . . . the proprietor of a restaurant at present in Morris avenue, formerly occupied by the notorious Hemlock's Restaurant but considerably improved in condition of appearance, etc., is making plans to open the new enterprise . . . liquor will not enter into the type of beverage served however, as "The Homestead" operated now at the place in question, also is free from beer, ales, and what goes with it . . . our "Stumbling About Town" discussion of last week was not cited to permit police officers to wear new slippery shoes and stumble as did Patrolman Stiles Saturday when he suffered an injury to his back and hand . . . the patrolman had just returned from vacation and encountered the misfortune on the first day back in town . . . Patrolman Sorge's clever work in spotting the similarity between a newspaper photograph and that of an unidentified woman committed from Springfield to Greystone Park, was responsible in aiding authorities to learn she was a missing New York woman, a former Baroness of Russia, involved in a divorce suit in New York City . . . good old Al certainly came in handy to supply the reporters with an interesting story . . . many local beer-drinking establishments, who originally reaped a harvest from the sale of the malt beverage, complain there are too many beer licenses issued in town, cutting down profits to a substantial drop . . . at first, the consumption spread over a few places meant something in the line of dollars and cents, but now, it's just like any other line, they say . . . the Rambling Reporter will be off on a vacation next week to permit a much needed rest to our readers . . . should this column be left vacant until the week following, readers will understand why and not rejoice too soon!

Two men, charged with larceny of an automobile, were arrested early Monday morning and turned over to the Scotch Plains police, where the offense was alleged to have taken place.

The pair, Walter Johnson, 27, and John Sting, 18, both Negroes, living in Montclair, were apprehended by Patrolman Manning Day. The latter was attracted when he saw Johnson towing an automobile with Sting at the wheel. When stopped, they failed to give satisfactory explanation of their conduct, but denied having stolen the car.

After questioning at police headquarters by Day and Patrolman Albert A. Sorge on desk duty, both men confessed, police report. The machine was owned by James Stewart, Negro, of 378 Upper Montclair avenue, Montclair.

Mr. Trivett welcomed the party to his farm after which Bart Van Buren of Roselle Park, candidate for Assem-

### School Bus Bids to Be Received; Teacher Resigns

### Successor Named as Miss Ann Herche Leaves to Assume Roselle Position

The Board of Education Tuesday night authorized the district clerk to advertise for transportation bids to carry school children to Roselle Park from Springfield. Proposals will be received on Tuesday, August 1. A new State ruling requires that bids for public transportation of pupils be advertised. This is the first time in recent years the board is advertising for bids.

The resignation of Miss Anna Herche, music instructor, was accepted. Miss Herche has received a position in the Roselle school system. Her successor will be Miss Hunt, graduate of the Trenton State Teacher's College.

Supervising Principal Fred J. Hodgson, reported a decrease in the per capita cost of instruction per pupil for the 1932-33 year over the previous year as \$111 to about \$88. This cost does not include bonded indebtedness and other service charges in the school expenditures, but is based on current figures. Elimination of the Flemer Annex, curtailment of manual training and domestic science and other reductions in cost of operating the school system, are responsible, he indicated.

Estimates to paint metal work in the James Caldwell School were received. The contract was awarded to Horace L. Wright, lowest of three bids read, at a cost of approximately \$70.

well Shack, the bride's brother, will be best man. A dinner for immediate members of the family and reception will be held after the ceremony at Pleasantdale, N. J.

The bride is employed by the Millburn Building and Loan Association. Mr. Walsky is a certified public accountant and graduate of Pace Institute, class of 1926.

Following a motor trip to Malne, the couple will make their residence at 356 Millburn avenue, Millburn.

bly, spoke on "The Flag." H. Brewer of Clark Township, the society's secretary, gave a talk on "The Farmer of Today." John Courtney, of Springfield, who together with Mr. Brewer and A. B. Headley of Union served on the committee of arrangements, suggested that thanks be extended to Mr. Trivett's daughters for preparing the dinner. The party gave them a rising vote of thanks.

The committee at this time wishes to thank the First National Bank of Springfield for napkins used at the dinner, the SUN for publicity given the outing, Mr. Trivett for the use of his farm and John W. Shawcross for taking charge of games played during the course of the day, which included baseball, marbles and quilts. There were sixteen cars donated for the occasion of which thirteen were used.

### Woman Wandering Here Found To Be Russian Aristocrat; Was Sent To Morris Plains

### Police, Thru Newspaper, Find Real Identity of Woman Picked Up in Town

Proceedings to deport Mrs. Helene Mairs, former Baroness Helene Blstrom of Russia, to New York State, will be pressed before Judge Edward A. McGrath tomorrow by County Attorney Francis J. Blatz. Mrs. Mairs, who was picked up in Springfield June 27, disguised in man's clothing, was sent to Greystone Park, Morris Plains, because of her mental condition.

County Attorney Blatz declares the Baroness is not legally a charge of this county, and that her husband, Walter Hope Mairs, of New York City, has retained Minton, Murphy & Mara, of 295 Madison avenue, New York City, to assist in having Mrs. Mairs deported to New York State.

The Baroness has been a resident of this country for a year and a half, her husband declares, and was the widow of Baorn A. K. Blstrom, killed by Bolsheviks in Russia in 1922. She escaped and came to the United States where she met Mr. Mairs, scion of old Revolutionary stock, and married him. She has since filed divorce proceedings in New York Supreme Court, charging cruelty on the part of her husband.

### Wandering in Street.

Patrolman Nelson Stiles found the woman wandering in Morris avenue. She carried \$10 in American money and 1,000 French francs. Mrs. Mairs was unable to speak coherently when taken to police headquarters. Her sentences were a jumbled mixture of Russian, French and English. A French interpreter, called by Chief M. C. Runyon, was unable to understand her. After an examination by Dr. Watson B. Morris and Dr. Henry P. Dengler, commitment papers were signed by Recorder Spinning to take the woman to the State Hospital for the Insane.

Dressed in her oversize brown suit and wearing men's shoes and a brown fedora hat, in the vain thought she would not be molested in man's clothing, Mrs. Mairs was found near Millburn avenue. Store tags were still attached to the suit, indicating it had been purchased just a few hours earlier.

In the divorce papers filed in New York, she charged extreme cruelty and asked for an allowance of \$35 per week. Mrs. Mairs lives at Irvington-on-Hudson. She and her husband had separate in May.

The day after Mrs. Mairs was picked up, Chief Runyon searched the vicinity of the place where she was found. He found a purse containing some odd trinkets and her immigration papers. The name of "Helene Hope Mairs" without any address in this country attached, revealed no suspicions at the time as to the identity of the woman.

### Check Clippings.

Patrolman Albert A. Sorge was responsible for learning who the Baroness really was. He asked the Chief

to check the immigration papers with a New York newspaper clipping in which the picture compared with that of the woman sent to Morris Plains. She was then identified.

On a subsequent trip to the hospital, Chief Runyon learned from one of the doctors that \$1,700 in bills of large denominations were carefully sewed in the former Baroness' clothing. Where the titled Russian spent the time during which she was missing, is a mystery to police. When found, she was nervously pacing up and down a short space of three feet off the curb like a caged animal.

Mrs. Mairs' mind was completely disordered, Chief Runyon recalled, when he questioned her at police headquarters. She tried to tell him of her troubles but would lapse off into hysterical crying. She did not seem to have the ability to retain a question in her mind, the Chief declared. Every action she took, however, indicated, he said, that she was a cultivated woman of considerable refinement.

### Services Held For Henry Ruban

Many relatives and friends attended funeral services Tuesday afternoon for Henry F. Ruban, seventy-five, one of Springfield's oldest and well-known residents, at the home in South Springfield avenue. Mr. Ruban died Sunday at his home as a result of a stroke Thursday. Rev. W. C. Hamilton of Springfield officiated. Burial was in Fairview Cemetery, Westfield.

Mr. Ruban was born in Switzerland and came to this country at the age of 9, his family settling in Springfield. He has lived practically all his life in this township. Enjoying perfect health, he had never been ill until he suffered the stroke. Until a year and a half ago, when he retired, he was a railroad engineer. In later years, he worked with the Rahway Valley R. R. for about twenty years.

Besides his wife, Mrs. Frances Ruban, he leaves ten children, three sisters and two brothers. The children are Mrs. Frank C. Geiger, Mrs. William Grampp, Mrs. Charles T. Smith, Mrs. John Wyckoff, Henry, Jr., Warren, Robert, Rose Marie and Whitford Ruban, all of Springfield, and Mrs. Clarence Jensen of Cranford.

The sisters are Mrs. Charles H. Ruby of Springfield, Mrs. Elizabeth Bellingrath and Mrs. William Winters of Westfield. The brothers are Leon Ruban of Sussex, and Abraham Ruban of Freehold.

Another brother, former Chief of Police Edward Ruban, died in Springfield about five years ago.

### Have Another Ear

THE season for corn on-the-cob is here, and has never a single post lifter his voice in praise of this delicacy? What could he not make of. Those vaporous rows of aureate pearls.

Glowing beneath the golden tide of butter, keen with salt.

Surely some other literature than that of breakfast-food could wax rapturous over the sweet-heart of the corn, that marvelous, dewy whiteness, honey sweet, which at last yields itself up to strong, questing teeth.

Sacred literature bears witness to the seductions of corn. When the timid Israelites cowering in the desert fastness of Sinai learned Canaan was "a land of corn and wine" they experienced a sudden change of heart and burst across the Jordan. Their depredations among the corn fields and wine jars of the Hittites, Hivites and Jebusites are reported to have been something scandalous. They know what was good, did those hairy patriarchs.

But whoever undertakes to tell the world of the joys of green corn must leave a certain incompleteness in his description of the table scene. To those who limit themselves to six or eight large ears at a sitting, there is something almost disgusting about those who do not desist till they have "eaten their length in corn." Their barbaric cries of pleasure, their gnashing, rending onslaught and the drip of warm oil from their elbows are quite too suggestive of scenes in the cannibal islands.

But what if shameless barbarism does once a year surround our polite tables? Life is short and false teeth overtake the strongest. So butter your ears and be merry, for Golden Bantam does not grow in the field of Elysium.—Caldwell Progress.

### SPRINGFIELD

Population—1933—4,000 (est.) 1920, 1715. Assessed valuations—1933, \$7,488,310. Tax rate, 1933—Township, \$3.22; state and county, \$1.08. Incorporated 1837; settled early in 1700's. Springfield is essentially a township of homes. It is 55 minutes from New York City on the electrified D. L. & W. Railroad and has excellent bus connections to Newark, Elizabeth, Summit and Plainfield. The railroad stations at Millburn and Short Hills are less than a mile from Springfield. The Rahway Valley Railroad has a freight station in Springfield, giving service for factories, commercial and industrial purposes. State Highway Route 20 makes it convenient to reach New York in thirty minutes by car when congested. Numerous state and county highways pass through the township. It has good streets, water, gas, electricity and a newly opened sanitary sewer system. Of interest in Revolutionary history with its historic Presbyterian Church where Rev. James Caldwell cried, "Give 'em warts, boys," in the midst of the Battle of Springfield fought on June 23, 1780. Several colonial landmarks are to be found in Springfield, one of the oldest communities in Union County.

### What the SUN Advocates

Believing that the following improvements are vital necessities to nourish Springfield's betterment and substantial progress, the SUN advocates:

1. A high school.
2. Removal of dilapidated buildings which are "sorespots."
3. Sidewalks wherever needed.
4. Encouraging clean factories, to increase the rates.
5. An active Board of Trade to stimulate "Buying in Springfield."
6. Postal-carrier delivery.
7. Reduced bus fare within town limits and to Millburn R. R. station.
8. Full time position for the township clerk's office.
9. Set of Building Zones, before township is developed.
10. A county park.

### "OUR LIBRARY"

OPEN Monday, 7:30 to 9:30 P. M.  
Wednesday, 2:30 to 5 P. M.  
Friday, 7:30 to 9:30 P. M.

Just about this time each year the dry season comes on, which affects not only the gardeners but fountain-pen welders as well.

Only last week we were obliged to separate a couple of garden enthusiasts and determine the difference between larkspur and delphinium. Difficult, but much more easily done because Our Library has the information at hand.

Next inquiry was where "lardizabalaceae" could be found? South America or China is our best guess.

A good number of pay shelf books were moved over to the free shelf early this week which livens up the lists for our vacation readers.

We will go and hoe our own garden now.—F. P. L.

### List Points in Playground Work

Point standings released at the Flemer avenue playground this week by J. E. Van Hart, playground instructor, follow: Robert Bock, 60; Tony Giacona, Sonny Lichtenstein, Buddy Buckalew, 55 each; Ralph Parse and Homey Buckalew, 50 apiece; Lucille Welter, 40; William Pieper, 35, and Lillian Pinkava, 30. Points are given to boys and girls showing interest in the daily activities and for placing in the various events. Those securing 200 points and over at the close of the season, will receive medals.

Among the features at the pet show last Thursday, was a pet squirrel entered as a unique pet by Billy Van Ripper of South Maple avenue. Trained as tame as an ordinary domestic animal, the squirrel is attached to its owner, climbing about on him. On one occasion, the squirrel wandered away from its home but returned four days later. The squirrel is two years old. Other awards were made as follows: largest dog, an Irish setter, entered by Bobby Bock; smallest dog, a hound, by Isabel Ferry; largest cat, by Johanna Teuscher, and smallest kitten, by Doris Barnet. Sonny Lichtenstein entered the finest fish and a number of fish entries were seen for the first time, causing an added diversion in the show. The Irish setter, owned by Bobby Bock, came in for the most beautiful award.

Ralph Parse won the checker tournament for boys on Friday and Alwine Mende came in high for the girls. Much interest was shown in the jackstones tournament on Monday.

The program next week, beginning today: Thursday, dramatics; Friday, washer tournament (singles) and horseshoes (doubles); Monday, penknife and ring toss; Tuesday, local novelty field meet; Wednesday, paddle tennis and Thursday, doll parade.

## MATTER of OPINION

Among the thousands of repatriated Americans who have been residing in France and who are now crowding the steamships plying between France and America, returning to "God's Own Country" because of the drop in the value of the dollar, are many of the "unofficial ambassadors" who have been assuring the French that their war debts would be cancelled. So convinced were the French that the attitude of these Americans was representative of the national feeling in this country, that resentment over the debt question has been intensified, with the realization that all the debt propaganda has borne scanty fruit. The American tourist trade has fallen off to a startling degree, and all those who had been reaping profits from catering to free-spending Americans out for a good time and willing to pay for it, are nursing a grudge against us. All in all, we are extremely unpopular just now with La Belle France. Just how much does that worry you, Dear Reader?

It is proposed by the joint legislative committee on taxation that the State take over a considerable portion of the tax burdens now borne by the municipalities. "If municipal governments are to escape complete disaster," it has long been apparent that real estate is not being taxed but confiscated under the present taxing system. The rub is in finding some new form of taxes—somebody's toes are always being stepped on. As one learns the appalling extent of debt service charges under which towns and cities are staggering, the result of innumerable bond issues, one realizes that there must be more than a reduction in salaries, more than a reduction in current operation, if the property owner is to get any relief, or the building industry is to be revived. Whether a State income tax or a State sales tax is decided upon, it should come soon.

All the Roosevelt's who have lived

in the White House seem to have the characteristic of resisting the submergence of their individuality in rigid adherence to official etiquette. In the exigencies of the "New Deal," President Franklin D. Roosevelt has naturally cut away much red tape, as was to be expected in the extraordinary emergency confronting the nation when he took office. Mrs. Roosevelt has broken more precedents than any other "First Lady." Washingtonians who gasped at such sights as the whole family coming to the steps of the portico to wave goodbye to departing friends, have become accustomed to seeing Mrs. Roosevelt driving her car alone, coming and going without regard to press comment, travelling all around the country by airplane, and doing all the things to which she has been accustomed, which do not conflict too greatly with her duties as the mistress of the White House. She is the typical aristocrat, sure of herself in all she does.

We are beginning to recognize now that the installment plan was not only responsible for the increase in the standard of living, but that we were living too high, in comparison with our incomes. Few people with the monthly payment habit, were sufficiently interested in budgeting their incomes, to find out if they could afford the luxuries bought under the pressure of high power salesmanship. To keep one jump ahead of the collector was the aim of countless thousands, and the loss of one week's pay, or an illness of short duration meant disaster. Have those who were infected with the installment bug learned the lesson of pay as you go? No one knows, least of all the leaders of those industries, built up on this idea of "credit."

"England's" Boundaries  
Usage confines the name "England" to the southern part of the island of Great Britain, excluding its western peninsula of Wales.

Has Real Gold Value  
The value of the gold in the \$20 gold piece is \$20 at the time it leaves the mint. Some of the weight is lost by abrasion in circulation. Copper is the alloy used in gold coins. The value is a negligible amount, as only 51.00 grains of alloy are contained in the coin.

Unfortunate Armada  
The Armada which sailed from Spain to attack England consisted of 130 ships, most of which were Spanish, but some of which were Portuguese and some Italian. The flagship was El Capitan and other capital ships were the San-Martin, Santa-Anna, Senora-de-la-Rosa, Raba Coronada, San Juan and San Pedro. In each ship six choir boys sang "Buenas Noches" each morning and "Ave Maria" each evening.

The person who knows how to laugh, when to laugh, and what to laugh at, has achieved a philosophy all his own.

**FRAME CONFIDENT OF WINNING ON SUNDAY**  
 Joe Russo, Fred Frame, Billy Win-ohny Hannon, Bob Sall and about twenty other crack drivers sat around the Woodbridge Speedway last Sun-

day and watched the heavy rains wash out Jack Curley's auto speed classic. The entire list of entries will be held over until Sunday, July 23, which gives all the boys an opportunity to tune up their jobs. The extra week's time will give

Fred Frame enough chance to readjust his car and take off some of the weight which he claims kept him from trimming Sall, Hannon and the rest of the field. Frame has his car in great shape already and is confident that he will avenge the defeat handed

to him by the Eastern boys two weeks ago. Johnny Hannon and Bob Sall, the two kids who trimmed Frame, Russo and all the other stars with very little trouble, will also be on hand at Woodbridge, Sunday, and those who saw the thrilling race two

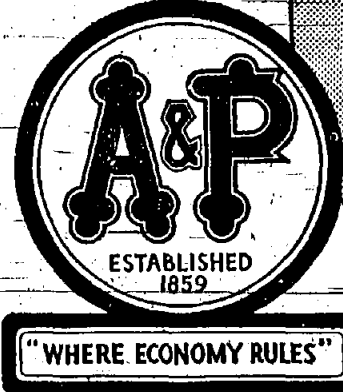

weeks ago will make it their business to be on hand this week end to see these rivals in action.

# Go to Church Sunday

## Join the Happy Throngs

Have you ever noticed the faces of people as they emerge from church out into the sunlight? They are bright faces, faces with faith shining in them, their burdens are lightened, their joys are increased, because they have stopped for a moment in the House of God. Your church holds the same happiness for you, a happiness in being one with your Creator, a happiness derived from good fellowship and love of mankind, a happiness found in doing good—this is only a part of what your church will instill into your heart. If you want a balanced, happy life, join the happy throng on their way to church next Sunday.

## Varied Vacation Pleasures May Be Enjoyed in County

### Beach and Mountain, Other Recreational Facilities Provided in Parks

People need not leave Union County to enjoy all the pleasure of a vacation at the beach or in the mountains, as the recreational facilities found at either of these places may be enjoyed in one or more areas of the Union County Park System.

The swimming pools located in J. Russell Wheeler Park, Linden, and in the Rahway River Park, Rahway, on warm days are scenes of joyous activity. Children and adults not only derive pleasure from the bathing but also spend hours in sports and games on the sand beaches which, in each case, are adjacent to the pool. Thousands swim weekly at Lake Surprise where life guards are on duty every pleasant day from 9 A. M. to 8.30 P. M. Water tests are taken daily at all of these bathing areas and the public can be assured, especially at the pools of perfect hygienic conditions.

The Watchung Reservation, located south of Summit, consisting of two thousand acres of fields, and woodland, lakes and streams, offers facilities for camping, boating, bathing, hiking, horseback riding, picnicking, etc. The Watchung Stable, located on Glenside Avenue, Summit, is operated by the Park Commission and has a string of high-grade, well-trained saddle horses which may be hired by the public. Twenty miles of marked bridle trails lead out from the stable to some of the most picturesque spots in the reservation, which are not accessible by auto.

With the exception of the Boy Scout tract, the pitching of tents is not permitted. However, the Commission has provided ten camp sites equipped with large wall tents, floors, bunks, outside fireplaces, etc. There is also an exceptionally fine log cabin and a cottage available at a nominal rental fee. These facilities may be engaged by the week or the week-end.

Fishing in the lakes and streams of the Park System represents a major activity as 50,324 fishermen were recorded as having fished the park waters during 1932. The State Fish and Game Commission stocks these streams and lakes at regular intervals, and large size trout, pickerel and bass are waiting to be caught by expert fishermen equipped with proper bait or lure.

For those who prefer to take day trips, picnic facilities, such as tables, benches and fireplaces, are available in the following park areas: Lake Surprise, Summit; Echo Lake, Mountain-side and Westfield; Rahway River Park, Rahway; Nomahegan Park, Cranford; and Warinanco Park, Elizabethtown and Roselle.

Golf may be enjoyed at the Galloping Hill Golf Course, which is located in Kenilworth and Union. These links are conceded by experts to be one of the foremost public courses in the country, and the daily green fee is one of the lowest in the East.

Tennis may be played at Warinanco Park, Elizabethtown and Roselle; and Cedar Brook Park, Plainfield. Handball courts may also be found in Warinanco Park.

Arrangements have been completed for a series of band concerts to be held in the Rahway River Park by the Rahway Elks' Band and, together with the concerts to be given by the Union County School of Music in War-

inanco Park, music lovers will have an opportunity to enjoy several excellent outdoor programs. The first presentation will be at the Warinanco stadium field on July 19.

Fifteen of the park areas are equipped with playgrounds and here the children may participate in active games and sports free from the dangers of city streets and motor traffic. Baseball games, track meets, cricket contests, lawn bowling, archery exhibitions, nationality programs, etc. are all incorporated in a diversified program arranged to interest each and every person, young and old alike.

# Race Tightens As Independents Win Month to Go Finds Champs Ahead of Field by 1 Game

## Art Kaspereen Allows Diner Team 6 Hits to Give Them Their Second Defeat

Competition in the Playground Soft-ball League tightened its grip last night as the Independents defeated the Diner Indians, 6 to 2, cutting the Indians' lead down to one full game with a month of play to go. It was the second defeat of the season for the 1932 champs, the Finemen having been the only others victorious against the Diner team.

That it was one of the best played games of the year was a fitting touch to the Indians-Independent contest. Not more than two runs were scored in any inning and hits throughout were of the clean type.

Art Kaspereen, Independent hurler, had good support and allowed only six well scattered hits. The winners bunched their hits when they counted getting away to an early lead, 2-1, at the end of the second inning. Another run in the third and two more in the sixth assured the Independents of victory. The Indians came back with a run in the eighth and the game was put on the ice in the ninth inning when the Independents bunched two safeties for their last run.

Urban Davis, Indian pitcher, was charged with the defeat, allowing fourteen hits, which were equally divided among the Independents.

## INDIANS TAKE COUNT OF PHANTOM NINE

The Diner Indians experienced no trouble in disposing of the Phantoms last Thursday night in a Playground League contest, 18-5. The champions were held scoreless the first four frames as the Phantoms gathered a 3-0 lead but when the Indians annexed four runs in the fifth inning, it was easy sailing from then on. The winners had their big inning in the seventh when they put across nine runs.

The Indians were credited with sixteen hits to twelve for the losers. The score:

Depression is over! Yes, we can go to Brookside for a week for the small sum of one dollar. For one hundred cents, Scouts can have the time of their life for one week. Trees, grass, camp-fires, dirty dishes — We mean, trees, grass, camp-fires, songs and a great time for seven wild, rioting days. The troop leaves Saturday, July 29.

Here's your chance, fellows, don't let it go by. They say the World's Fair is a wonderful sight to see, but Brookside is — well, who wants to go to the World's Fair anyway. We can have a much better time at camp.

Some may say, "Trees and grass! We've got them right here in town." Yes, but they haven't the tents, camp-fires, stories and good spots for woodcraft... Aw heck, come on to camp!

### RECOMMENDATIONS

There has been difficulty in some instances in ascertaining the period covered in some expenditures. No bills should be passed for payment unless the period is distinctly stated. The same is true of some items of revenue, such as rents.

It has been the custom for the Township Clerk to report his receipts to the Township Committee as of date of the Committee's meetings. It is better practice to make reports to cover the calendar month and the payments to the Township Treasurer should be made as of the last day of each month. The Township Clerk should be authorized to open a bank account, to be known as Township Clerk's account, in which he shall deposit his receipts from time to time as required by law and on the last day of each month shall pay the amount of such receipts for the month to the Township Treasurer. The payment to the Treasurer should be accompanied by a copy of his report, giving the classification of the receipts taken from the Township Clerk's cashbook.

The report of Audit for 1931 stated that an approved tax arrears register has been installed and that all taxes up to and including the year 1930 had been transferred thereto. The department had given its approval of the book in use upon the understanding that a regularly approved form of arrears register would be installed. As this was not done, all delinquent taxes prior to 1932 have been scheduled. The approved form should be installed at the close of the year.

There does not seem to be any good reason for continuing the Fire District which is co-terminus with the Township, as a separate organization. Were it absorbed by the Township, the District Surplus would revert to the Township's Surplus Revenue.

The report of Audit is on file in the Township Offices.  
By order of the Township Committee.  
Dated July 11, 1933.

Township Clerk
