### Rambling Around Town

ALTHOUGH THE RAMBLING RE-  
PORTEUR is somewhere out on the  
spacious Atlantic Ocean at this time,  
his connections with things about  
Springfield are still as intact as ever.  
Last week we remarked the  
possible absence of this column this  
week but why give readers that feel-  
ing of rest, we've concluded... the  
SUN this week assumes a large size,  
double that of previous issues, with  
more news and plenty to read...  
we hope you like it... incidentally,  
the paper reaches you one day earlier,  
Thursday instead of Friday... the  
playground, softball league is at  
"whiffen" interest these days as  
the season gradually approaches a  
close... the Diner Indians, who con-  
trol most of the sporting honors in  
Springfield, look like the goods unless  
the Independents, Republican Club or  
Fire Department nearest contenders,  
upset their appeal.

The first strains of activity in  
five years affecting the ill-looking  
Heincochewitz property in Morris-  
avenue, made its appearance last  
week... a new sign, posted  
by a prominent Newark real es-  
tate operator indicates something  
may be done about the property,  
which includes the five "problem  
stores" vacant and especially dis-  
pleasing to look at.

Boy Scouts here are disconcerted  
over the possibility they may lose  
their privileges at their all-year camp  
near Brookside, N. J. The boys,  
together with the aid of adults, have  
developed the grounds into one of the  
finest lone Troop camps in this sec-  
tion of the State... they built their  
own cabin and the ground is particu-  
larly located for an ideal camp...  
the property is owned by a family liv-  
ing in that vicinity and recently a  
member of the family drowned...  
the estate may be settled to the dis-  
satisfaction of Troop 66 if they lose  
their camping privileges... one of  
the affected relatives having an im-  
portant hearing on the situation re-  
sides in California... until such  
time as that party is taken into con-  
sideration, the Scouts are unacquaint-  
ed with what may transpire... we  
hope the Brookside camp will be con-  
tinued... it affords many days of  
enjoyable recreation for the boys and  
aiding by the Scouts Scout leaders  
have no objection to the camp has not been

### SECOND PLACE KEPT BY SPRINGFIELD

With a 6 to 1 victory over the Mad-  
ison Colonels on Saturday, the Mil-  
burn-Springfield Blue Stars retained  
second place in the Lackawanna  
League, a position gained earlier in  
the week as a result of the throwing  
out of a protested game they had lost  
to Morristown. Four of the winning  
hits runs were homers.

Chatham held its top position by  
defeating Morris Plains, 10 to 4,  
Sunday, which is still in last place,  
losing to Morristown, 10 to 3.

## Judge McGrath Adjourns Hearing On Deporting Russian Baroness

### Time Extended to September 8 to Give Her Husband and Counsel Opportunity

### COUNTY ATTORNEY PRESSES CASE

Judge Edward A. McGrath Friday  
afternoon adjourned until September  
8 the hearing on an order to deport  
Mrs. Helene Mairs also known as the  
Baroness Bismarck, of Russia, to New  
York State to give counsel for the  
baroness and her husband, Walter  
Hope Mairs, of New York City, an op-  
portunity to reach an agreement  
whether the baroness is to be taken  
to a private sanitarium in New York  
City or to be committed to a New  
York institution for the mentally un-  
balanced.

The woman was picked up in  
Springfield, June 27, disguised in  
men's clothing.

The order to deport Mrs. Mairs  
was sought by County Attorney Fran-

dis J. Blatz in behalf of the county.  
Mrs. Mairs is now in Greystone Park,  
Morris Plains, a charge upon the  
county. Attorney Blatz informed  
Judge McGrath that the county had  
no interest whether Mrs. Mairs was  
taken to a private or a State institu-  
tion in New York State, but that it  
would not bear the expense of her  
maintenance at Greystone Park,  
which is \$15 weekly as she is not  
legally a resident of the county.

Deacon Murphy, of Milton, Murphy  
& Mara, of New York City, represent-  
ing Mr. Mairs, said he desired the  
woman turned over to the New York  
authorities, for determination as to  
her mental condition. Attorney  
Joseph Kuzler, for Mrs. Mairs, said  
it was the desire of the woman to  
be taken to some private institution  
for treatment.

Mrs. Mairs was found wandering in  
Springfield Township June 27, dis-  
guised in men's clothing. She had  
\$10 in American money and 1,000 in  
French francs. Later \$1,700 was  
found sewed in her clothing. She  
was sent to Greystone Park for ob-  
servation, following her apprehen-  
sion.

### Party Held Here By War Mothers

Elizabeth Chapter No. 107 American  
War Mothers, with headquarters at  
the club house of the Veterans of For-  
eign Wars Post in Elizabeth, were  
dinner guests of War Mother Mrs.  
Dora Brooker, at Eldorado Springs,  
Milltown road, Thursday last week.  
In the afternoon while the younger  
set played tennis and went in swim-  
ing, others enjoyed croquetting,  
bowling, bridge and pinocle. A large  
cake baked and presented by Presi-  
dent Mother Elizabeth Hedley, was  
served by Esther Kleinhaus, Jr. The  
setting of a memorial tray in the cen-  
ter of a rose garden, dedi-  
cated and marked last year by the War  
Mothers, in memory of Corporal  
Edward Brooker, Jr., who was killed  
in France during the War, was great-  
ly admired.

In the evening contest Mrs. William  
Long, Jr., of Roselle Park had the  
highest score. Other winners were  
Mrs. Mary Tracy, Mrs. J. Milgram,  
Mrs. Charles Hambley and Mrs. Julia  
Mortley.

Other guests were Mrs. A. Hoyer,  
Mrs. Charles W. Williver, Mrs. Wil-  
liam Heckmann, Edward Warf, Mr. and  
Mrs. William Long, Arthur, Ted,  
Sam, Edward Williver, Mrs. James  
St. Clair, Mrs. J. J. Cummings, Mrs.  
Paul, Mrs. Agnes Kleinhaus, Mrs.  
Rose Wall, Mrs. Theresa Bauerband,  
Mrs. Bella Ford, Mrs. Frank Klein-  
haus, Mrs. Julia Mortley, Miss Flor-  
ence Kleinhaus and Mr. and Mrs.  
Ewald-Brooker.

### WILL ENTER N. J. C. IN FRESHMAN CLASS

A Springfield girl has just received  
word from New Jersey College for  
Women that she has been accepted  
for admittance to the freshman class.  
She is Miss Claire E. Dannefeler,  
daughter of Mr. and Mrs. John A.  
Dannefeler, of 24 Severn avenue.

Miss Dannefeler graduated from  
Westfield High School, where she  
was active in sports. She played  
hockey, soccer and basketball, and  
was on the school athletic commit-  
tee. Miss Dannefeler was also a  
member of the Debating Club.

## CAMP OF TROOP 66 TO OPEN SATURDAY

### Attendance of More Than 30 Scouts Expected

Camp Swastika, Boy Scout camp of  
Troop 66, will open Saturday, July  
29, for one week.

Other troops of District E. of Un-  
ion Council will be invited to attend.  
The cost will be \$4 per week per  
boy.

The leaders in charge will be  
Deputy Commissioner G. A. Day and  
H. B. Venn, Jr., assistant scout-  
master of Troop 66.

Attendance is expected to exceed  
30 scouts.

## SPRINGFIELD MAN IN N. Y. HOSPITAL

Anthony Soroka of 511 Wilmore  
street, is in critical condition at the  
Onelia, N. Y. County Hospital, where  
he was taken last Thursday with his  
wrists and neck badly slashed.

He had been visiting his sister-in-  
law, Mrs. Stanley Jasarezawski,  
near Camden, for four days.

After visiting a doctor in Camden  
yesterday morning he disappeared  
into a woods, then returned to the  
sister-in-law's home weak from loss  
of blood.

## WILL HOLD ANNUAL MEETING TONIGHT

The Springfield Co-operative C. L.  
F. Service will hold its annual meet-  
ing tonight, Thursday, at 8 o'clock,  
at the municipal building. All politi-  
cians, drivers and farmers are in-  
vited to attend.

## Playground Prepares For Annual Baby Parade Aug. 3

The fifth annual baby parade will  
be the feature attraction at the  
Plover avenue playground Thursday,  
August 3, according to the announce-  
ment this week of J. E. Van Hart,  
playground instructor. Any baby be-  
tween the ages of 6 months and 2 1/2  
years may participate.

The past week has seen a great  
deal of activity at the playground  
and the coming week will also be  
filled with interesting and instructive  
contests.

Friday a washer tournament in  
singles was conducted. Honors went  
to Mrs. Howard Day, Morrison Groves  
and Jack Donovan. A horseshoe pitching  
tournament was also held,  
and Morrison Groves and his partner  
Ernest Street came in first, while  
Charles Murphy and Herman Mend-  
come in second.

Monday a penknife tournament was  
the special feature of the afternoon.  
John McGeehan, Bud Conley and El-  
liott Lichtenstein received the hon-  
ors. Ring-tennis was postponed on  
account of the excessive heat.

Tuesday a novelty field meet was

## Skating Rink Plea Under Consideration by Board

### FEDERAL OFFICIALS CONSIDER BIG LOAN

### Appeal of \$600,000 for Sewer Presented to Them

Federal officials are reported to be  
giving consideration to a \$600,000  
loan sought by Dr. J. G. Lipman, on  
behalf of the Railway Valley Joint  
Meeting, for sewerage facilities in  
communities belonging to the Joint  
Meeting.

The State's highway program has  
also been put forward by State of-  
ficials in discussions with the Bureau  
of Public Roads. It was said a plan  
was being worked out which would  
be acceptable to Federal authorities.  
A program originally presented by  
the State was rejected because it  
provided highway construction funds  
to only fourteen of the State's twenty-  
one counties. The law required that  
75 per cent. or more of the counties  
be included.

The major change, it is understood,  
provides a substantial allotment to  
Camden County. The proposal stipu-  
lates also that only State roads be  
constructed or improved and that no  
part of the fund be spent on com-  
munity roads. Fifteen highway pro-  
jects were included in the original  
plan of the State Highway Commis-  
sion.

The Railway Valley Joint Meeting  
loan was discussed by Dr. Lipman as  
special emissary of Gov. A. Harry  
Moore, and Col. Henry W. Wallis,  
deputy public works administrator.  
Dr. Lipman was accompanied by Rep.  
Donald McLean, of Elizabeth, and a  
group of Union County Mayors. The  
loan was sought to construct a dis-  
posal plant at Woodbridge, this to  
lessen pollution of the Rahway River.  
Only lack of funds, the public works  
administrator was told, prevents im-  
mediate construction, as plans have  
been completed and bids for construc-  
tion opened.

Dr. Lipman expressed belief sewer-  
age disposal facilities are on a pre-  
ferred list of projects under consid-  
eration of the public works officials, and  
that the administration would ap-  
prove the Railway Valley project.  
Seventy per cent of the cost, Dr. Lip-

## Town Committee Receives Application at Meeting Last Monday Night

### TRAFFIC QUESTION WILL BE STUDIED

An application for a permit to op-  
erate a roller skating rink in a garage  
in Flomer avenue, near Springfield  
Center, was received Monday night  
by the Springfield Township Commit-  
tee. The application, made by Robert  
Dalton, of 88 Aldine street, New-  
ark, was referred to the police com-  
mittee for investigation. Committee  
Chairman Cannon said the traffic  
question should be considered.

J. C. Salter, of Great Neck, L. I.,  
Springfield taxpayer and former  
township resident, suggested the  
Township Committee apply for fed-  
eral aid in paving Battersol way, a  
long contemplated improvement.  
Cannon thought other roads were  
more immediate need of improve-  
ment. The committee will investigate  
Salter's recommendation.

Committee Chairman Salter said a  
ship unchanged would be employed  
to cut long grass in fields on a  
venue of hay fever. Two additional  
beer licenses were granted, and  
on a third was withheld pending  
settlement of a dispute between  
present and past proprietors of  
place of business.

## NO RELIEF IN SIGHT FOR MOSQUITO NUISANCE, WHICH INCREASES DAILY

### Decrease Attributed To Seas- onal Conditions

With complaints about mosquitoes  
increasing daily in all parts of Union  
County, the unhappy news comes  
from J. Van Der Werker, super-  
intendent of the County Mosquito  
Commission that it will take "years"  
to get mosquito control back to the  
excellent status of last year.

"This year's invasion of the sting-  
ing horde, which in some sections of  
the county makes existence out of  
doors almost an impossibility, and  
which even seems able to pene-  
trate well screened houses, is at-  
tributed by Mr. Van Der Werker to  
the 62 percent cut in the mosquito  
commission's budget.

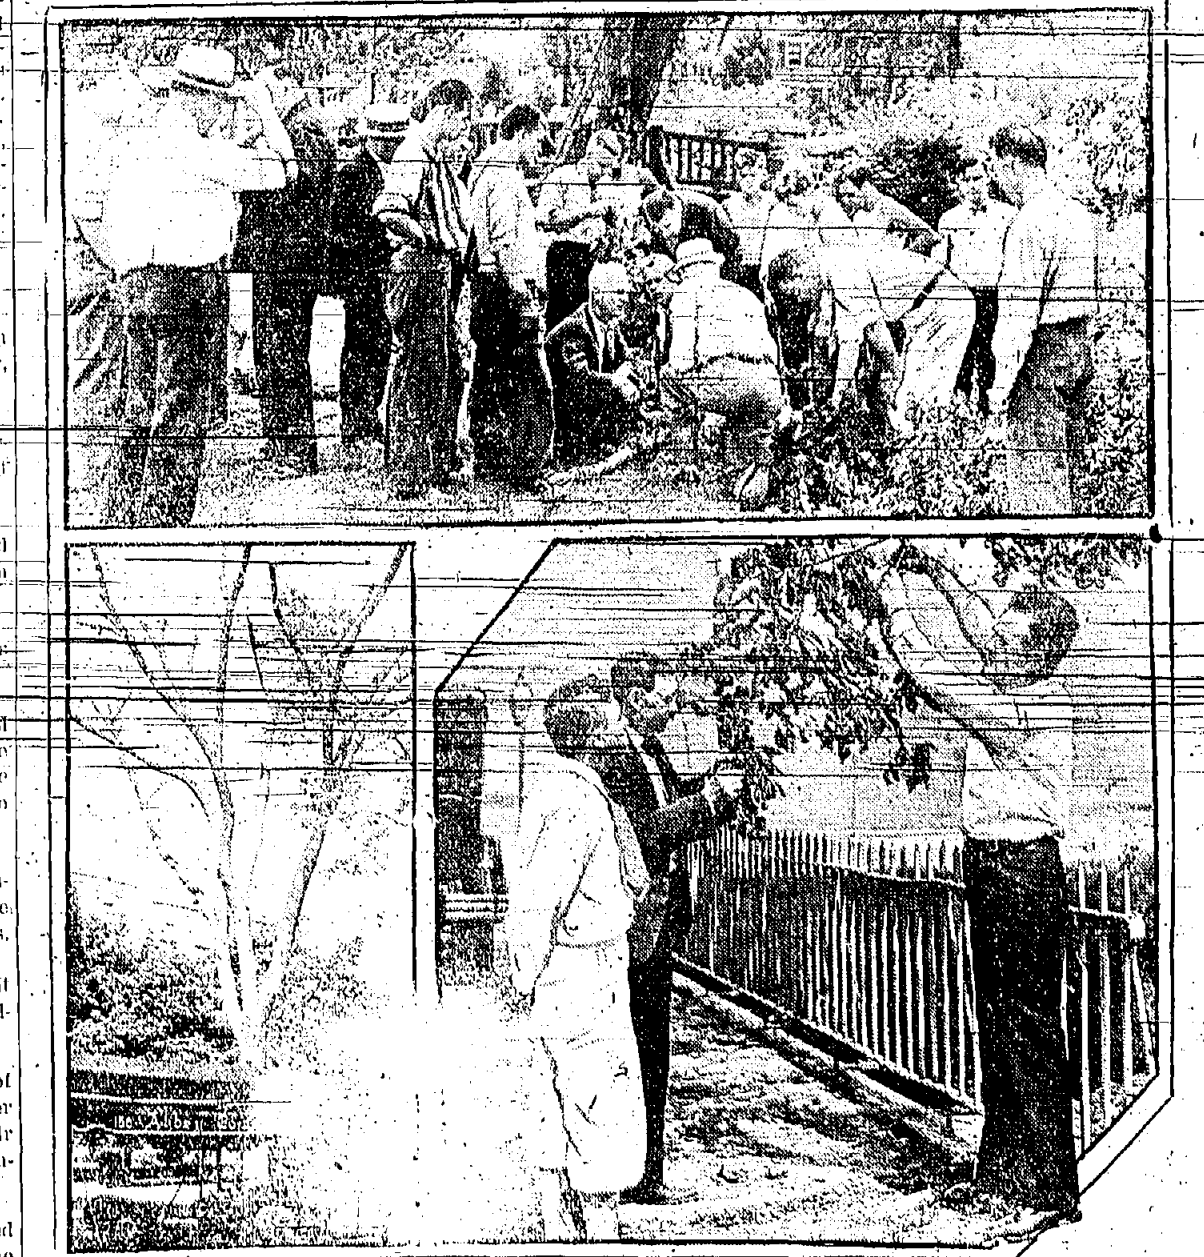

The appropriation this year is \$27,  
000, compared with \$66,000 in 1932.  
"Unless adequate funds are provid-  
ed for next year's work, really val-  
ued in Union County will suffer a great-  
er drop from the mosquito nuisance  
than was caused by the financial de-  
pression," Mr. Van Der Werker said.  
He pointed out that enjoyment of the  
public parks has been greatly lessened  
that are conducted outdoors have  
suffered, less because of the mos-  
quito pests. Many taxpayers, he ad-  
ded, have already this season spent  
more on mosquito-killing sprays to  
use in their homes than they would  
contribute in ten years of more effec-  
tive mosquito control.

"The a longness of the mosquito  
nuisance," Mr. Van Der Werker said,  
both in duration and in the amount  
to much longer.

External Mosquito Control  
has been a failure in  
the past.

In 1932  
the budget of \$60,  
was approved by the Board  
of Supervisors for 1933. Expe-  
rience has shown that a similar  
amount was insufficient in reducing  
the mosquito nuisance. After  
the amount was increased to \$66,000  
the amount was still insufficient in  
reducing the mosquito nuisance.

Symptoms of the Dutch Elm  
disease, which has killed millions  
of elms in European countries  
since 1911, are as follows:  
browning, or wilting, of the  
leaves, and a brownish streaking  
of the young sprouts. Persons  
noting these symptoms should  
report them to the local agricul-  
tural agent, or to the Dutch Elm Dis-

for laboratory diagnosis. Pathologists will make  
the infection of trees

#### History Can Repeat Itself

IN 1860 the Federal Government cost the average citizen \$2.08 per year.

In 1931 the cost of government for all units was \$107.37 per capita.

In 1912 the total cost of government was \$2,500,000,000 and in 1919 \$7,500,000,000, and in 1931 it was \$11,000,000,000.

In 1928—a year of inflated prosperity—the total tax of the American people amounted to 16 per cent of their incomes.

In 1931—a year of bleak depression—it amounted to 28 per cent. current year may be the most expensive in our history, with the exception of the war period.

Much of the increase in the cost of government can be laid to the problem of unemployment. But there is also a great deal of it that runs into the billions of dollars for the cost of the Federal Reserve System.

Permitted the government to issue various tax-exempt securities in competition with the securities of private citizens who are required to pay the taxes to maintain them.

More money is going into the Federal Reserve System instead of into the labor employing investment.

The result is increased unemployment and distress.

History shows many examples of taxing a people until they repudiate their obligations. Unless all units of government retrench, it is possible that such an event will occur in our own country.

#### Emptying the Poorhouse

THERE is one very important phase of life insurance that cannot be expressed in statistics—its influence on social progress.

Economic security is the arbiter of happiness, of contentment, of an improved civilization. That does not mean the kind of security that makes for laziness and industrial torpor.

Life insurance fills this need perfectly. Through the annuity form of policy, one can take a share of what one is earning now and invest it in income to start whenever one wishes.

#### What the SUN Advocates

Believing that the following improvements are vital necessities to nourish Springfield's betterment and substantial progress, the SUN advocates:

1. A high school.
2. Removal of dilapidated buildings which are "eyesores."
3. Sidewalks wherever needed.
4. Encouraging clean factories, to increase the taxables.
5. An active board of Trade to stimulate "buying in Springfield."
6. Postal-carrier delivery.
7. Reduced bus fare within town limits and to Millburn R. R. station.
8. Full time position for the township clerk's office.
9. Set of Building Zones, before township is developed.
10. A county park.

#### "OUR LIBRARY"

OPEN Monday, 7:30 to 9:30 P. M. Wednesday, 2:30 to 5 P. M. Friday, 7:30 to 9:30 P. M.

When mid-summer comes with its hot weather and our doors are closed, regrets arise for the summer because they have much time on their hands. Just now they are finding that they are all of them for amusement. The weather is not conducive to active games that are so appealing in the Spring.

On the juvenile bookshelf may be found a set of "The Girl Bookshelf" which not only supplies interesting reading about wild and tame animals, including man, but also delves into some of the wonderful aspects of life, the world and this universe.

For instance, who has found some or all of the "Insects of the World?" Possibly they were seen and thought to be a thorn on the rose bush or a part of a stick. Then there is a surprise in store for sharp eyes in every trip to the woods. Many small flowers of beauty are to be found.

Why do not spiders get caught in their own webs? Some of these clear nights, let the boy or girl sit out after dark and view the heavens with its myriad stars, and moons, meteors and shooting stars. Then there will be many an interesting hour spent in learning what is known to few yet open to any who will read.

How have clothes developed? Icebergs are a timely subject. How are they formed and where do they go. The ocean has many many wonders. Water is said by some to be the source of life. A study of marine life holds hours of pleasure.

Who has been up early enough to see wonderful strings of pearls left out by Mother Nature?

Then for the rainy days there are magic teleks to peruse so that at the next gust of rain nothing there may be good fun.

All these things and a great many others are to be found in this "Boys and Girls Bookshelf" set of books.

Just looking casually at the free fiction stories, we find the following new books which have come back from the publisher:

Armstrong, "Mr. Bash." Washington.

Bassett, "With Light." Beach, "Men of the Islands." Blindness, "Right or Way." Cronin, "Three Loves." Dropping, "Smith."

Parish, "Charmin' Lady Vibart." Forster, "Ardent Beauty." Gibbs, "The Anxious Days." Guilding, "Marmola Street." Hall, "Green Talons." McFae, "The Harbor Master."

Morgan, "The Pointing." Norris, "Second Hand Wife." O'Connell, "Major Gram." Roberts, "A Buried Treasure."

Trilling, "Marty's Neck." Sackville-West, "All Passion Spent."

All these on our shelves are available because of the earnings of the pay books.—F. P. L.

#### SPRINGFIELD

Population—1928, 4,000 (est.) 1929, 4,215. Assessed valuations—1928, \$2,489,819. Tax rate, 1928—Township, \$3.22; state and county, \$1.06. Incorporated 1827; settled early in 1700. Springfield is essentially a township of 100,000 acres. It is 33 minutes from New York City on the electric D. & W. Railroad. The New York & Erie Railroad connects to Newark, Elizabeth, Summit and Springfield. The railroad stations at Millburn and Springfield are less than a mile from Springfield Center. The Rahway Valley railroad has a freight station in Springfield, giving service for factories, commercial and industrial purposes. State Highway Route 22 makes it convenient to reach New York in thirty minutes by car when completed. A cross state and county highway is through the township. It has good streets; water gas electric and a newly opened sanitary sewer system. Of interest in Revolutionary history with its historic Presbyterian Church where Rev. James Caldwell, called "dive 'em wattle boys" in the midst of the Battle of Springfield fought on July 2, 1777. Several colonial mansions are to be seen in Springfield. One of the oldest communities in the county.

### MATTER of OPINION

There are several reasons why makes so much were put in effect either for the benefit of those who industrial recovery is receiving the whole-hearted cooperation of business men throughout the country. Probably the most appealing feature of the plan from the angle of self-protection is the fact that it will hit those concerns whose cut-throat tactics in reducing wages to a level with those paid for the cheapest labor in foreign countries having a much lower standard of living than ours, have enabled them to undersell competitors marketing the same line of goods. To meet this unfair competition and still preserve a policy of fair dealing with their employees has added a tremendous load to the duties of business men who have not forgotten the Golden Rule. Women throughout the nation will rejoice if the new code should prove the death-knell of the exploitation of children.

extremist would demand that children grow up without training that work is the greatest blessing that man has, and there are many ways in which the adolescent boy or girl can earn money and still have time for study and play. But the employment of children just entering their teens, at laborious, grinding, slavish toil, robbing them of their brightest health and recreation has been a curse, to which men and women who are actively interested in the welfare of the child, have long been striving.

President Thomas N. McCarter, of the Public Service Corporation, has addressed a letter to stockholders of the corporation asking them to protest against a reduction in electric rates. Self-interest would dictate the making of this protest, but Mr. McCarter in his endeavor to make out a strong case for his corporation has made some queer statements, we believe with his tongue in his cheek, for they seem to us most ludicrous. When he says "These demands (for reduction of rates) do not emanate from any sizeable group of persons served by the company, but as a part of planned propaganda," he is talking like a demagogue. The fact is that all the reductions of which he

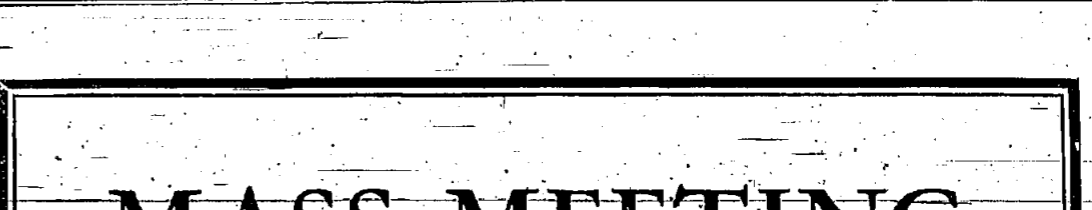

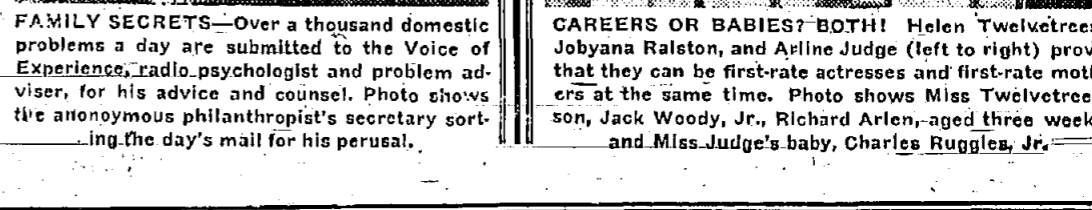

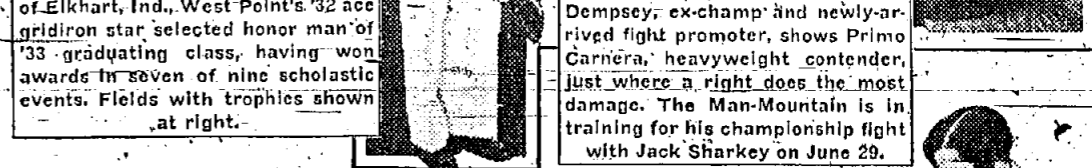

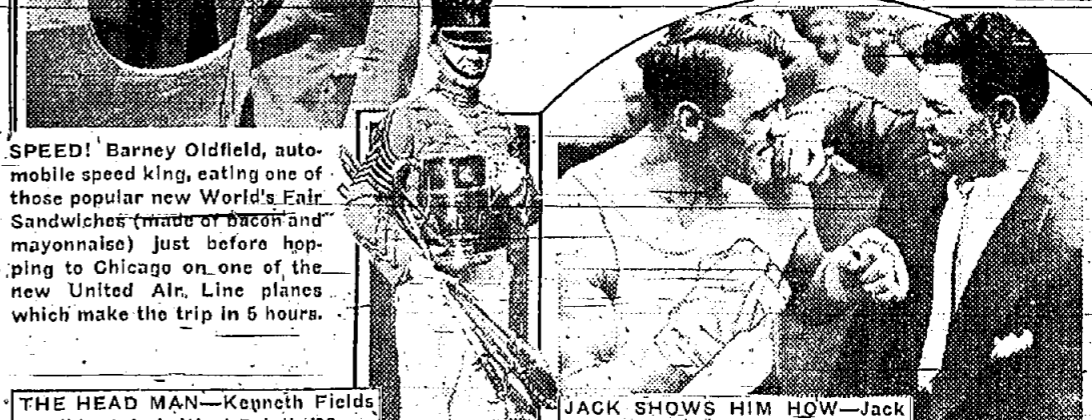

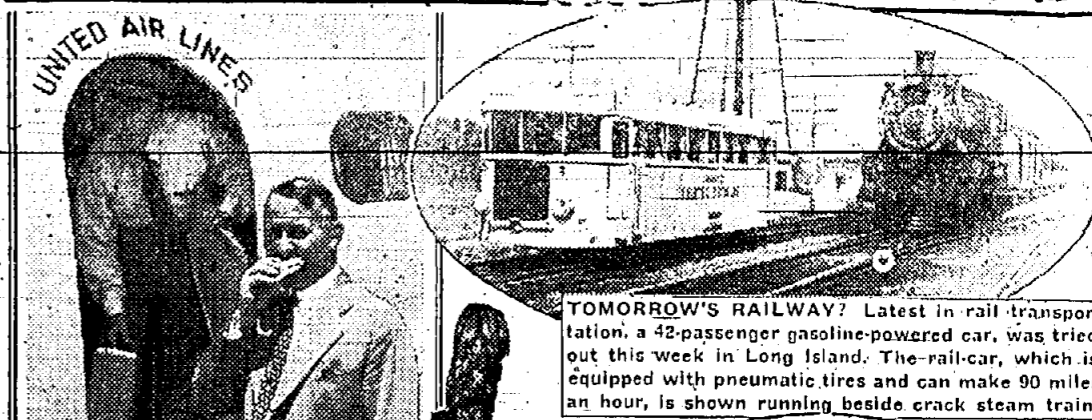

Intelligence In spite of everything, nothing will prevent the slow evolution of intelligence and character. The chosen few will not flinch in their obstinate resolution to know. The sincere will to know is incompatible with fear, as is proved by the martyrs of every opinion and of every faith—George Clemenceau.

In the Canadian Rockies The largest glacier lake in the Canadian Rockies is Maligne, nearly 20 miles long. It is bounded in high mountains, few of them climbed, some not even named; great masses that geologists say are older than the Alps; tremendous peaks bearing a burden of snow and ice that never leaves them. Mr. and Mrs. Harold S. Buell and family of Battle Hill avenue have returned from a month's camping trip to Upper New York State.

A BANK REFLECTS THE LIFE ABOUT IT

Loans and Investments on Which Condition of a Bank Depends Determined by the Kind of Business Surrounding It

POLITICAL and popular misapprehensions toward banking are due to little else than failure to realize that it is what the people themselves do that the condition of banking reflects...

The character of an institution's notes and investments indicates whether it is in the farm regions, a manufacturing center, or mercantile neighborhood or a great financial district...

"If a farm district bank's note history shows that its loans rise and fall with the normal cycle of production and marketing of the products of the region, it may be taken as an index of economic good health for the locality," he says.

FARM ACCOUNTING CONTEST LAUNCHED

Bankers Evolve Plan for Stimulating Important Aid to Farm Success

THE Cache county, Utah, bankers recently adopted a scheme to help the farmer by launching a farm accounting contest. At a meeting of the Clearing House Association the project was put before the bankers, and methods and plans formulated.

The banks of Cache county have agreed to subscribe to an award fund, which will be presented to five winners as follows: first prize, \$50.00; second prize, \$25.00; third prize, \$20.00; fourth prize, \$12.50; fifth prize, \$7.50.

Recognition for Good Farming In addition to the cash prizes, every farmer customer enrolled, who scores sixty per cent or more, will be awarded a special certificate issued by the Clearing House Association and the Extension Service...

present condition. This item was not included in the \$60,000 budget, so certainly cannot be done with the present budget.

"Emergency relief labor has been utilized to the extent of 21,000 man hours of labor, but the lack of interest and the dislike of handling shovels in sewage-charged ditches, coupled with an aversion to wearing boots, makes for a great loss of efficiency and lack of accomplishment in mosquito control by this labor.

"Now the active breeding season is here. Mosquitoes are bad and are getting worse as the season progresses. Complaints are being received from practically every town in Union

County and the mosquito forces are working with everything at hand to accomplish control, but with the reduced budget it will be impossible to accomplish the results attained when over twice as much money was available.

"Our ailing forces are reduced from twenty-nine men to fifteen men and none of our eighteen inspectors are employed this summer. A reduction in the amount of oil used will have to be effected, and about fifty per cent of our ditching still needs to be opened up and cleaned of leaves and debris."
