

Rambling Around Town

SINCE OUR PREDICTION LAST week of a tax rate for 1940 that would show a 41-point drop to about \$5.00 or possibly less, still further reports from the town fathers—of more definite figures have come to our attention . . . the municipal budget will be introduced Wednesday night, according to Finance Chairman Alfred G. Trundle, and he believes that when all the figures of local school, regional school, county, State and municipal appropriations are compiled, that the reduction will not be as much as had been expected . . . however, his belief of a rate between \$5.10 and \$5.12 is going to please the taxpayers who shelled out on the \$5.41 basis last year . . . the local and regional school bodies will help, somewhat, with a 2-point drop each, even though the future over the greenhouse at Regional High School about higher taxes in that department, must be taken with a grain of salt . . . financing of the greenhouse project, at \$2,000 a year for five years, together with maintenance, has been included in the Regional Board of Education budget, and is still below the amount to be raised by taxation this year, in the face of opposition in Garwood, where the facts have been presented in a somewhat "political sense"

**Farmers' Hotel
Closed 5 Days**

The retail consumption liquor license of the Farmers' Hotel, Morris avenue and Morris turnpike, was suspended for five days Wednesday at a special meeting of the Township Committee on charges of selling beer to two minors, Peter Pelos, bartender, pled guilty to the charges.

Vincent Simmons, 20, and William McGowan, 19, both of Summit, testified that they had told Pelos they were over 21 years of age when he had asked them. Simmons, testifying, said he had had "from 15 to 20" beers. McGowan had "several." Two A. B. C. officers attended the trial but did not testify.

The offense took place November 14, and was reported by A. B. C. agents who witnessed the sales.

The license, which is held in the name of Pelos' wife, Mrs. Anna Pelos, will be removed February 3 at 3 A. M. This is Pelos' first offense.

**Meeting Monday

**Day Approaching For Carrier
Delivery, Mail Boxes Are "O. K."**

The long-awaited day when Springfield will obtain postal carrier service may not be far off. A communication this week from Postmaster Otto F. Holz, to officials in Washington who can authorize such service, points out that 90.2 per cent of all the projected stops have been equipped with mail boxes or slots. 85 per cent of the stops so equipped is the amount required before carrier service will be extended.

Out of a total of 719 stops included in the three routes to be established, 126 may be discontinued, as there are 80 stores where the mail will be delivered, inside, 15 vacant houses and 31 lock boxes in the Post Office which will be retained by the owners. This leaves 593 stops to comply with the requirement, of which 535 have so done. It is hoped by Postmaster Holz

**George B. Gaskill, Former
Township Committeeman, Dead**

George B. Gaskill, member of the Township Committee from 1933 to 1937, and former local police chairman, died late Wednesday afternoon at his home, 44 Salter street, of cerebral thrombosis. He had been ill since Thanksgiving and apparently recovered until a week ago, when he was up and around. He suffered a stroke early Wednesday morning and never recovered consciousness.

Funeral services will be held tomorrow afternoon at 2:30 o'clock from Young's Funeral Home, 149 Main street, Millburn.

Mr. Gaskill, who was in his seventy-seventh year, resided in Springfield for twenty years. He was a native of Rahway, where he had been a member of the Fire Department for several years. He was active in local Fire Department circles and was a member of the local Exempt Fireman's Association, which he often represented as delegate, at numerous State conventions. The former local committeeman came from an old Rahway family, both of his parents having been born there.

In 1932, he was swept into office for Township Committee as a Democrat through the Nation-wide upheaval, one of the few such party candidates to have been so elected to office in rock-ribbed Republican Springfield in many years. He filled the post of chairman of grounds and buildings, later assuming the chairmanship of the police department committee.

His wife, Louise Gaskill, died several years ago. Surviving are his daughter, Mrs. Maurice M. Hatten, and a granddaughter, Mrs. F. A. Leonard, both of Elizabeth.

**Engagement Told Of
Miss Gertrude Smith**

The engagement of Miss Gertrude Elizabeth Smith, daughter of Arthur H. Smith of Milltown road, to Henry Jedyzyk, son of Mr. and Mrs. R. Jedyzyk of Maplewood, has been announced.

Miss Smith is a graduate of Roselle Park High School, and Montclair State Teacher's College. Jedyzyk is a graduate of Columbia High School and Drake's Business College. No date has been set for the wedding.

**ARM FRACTURED IN
ICE SKATING FALL**

The first skating episode in 18 years proved disastrous to John Berger of 11 Remer avenue, Sunday evening January 21. While testing out his legs at Echo Lake Park, Mountnside, he fell and suffered a compound fracture of his right arm.

He was removed immediately to Overlook Hospital in a Mountnside police car. Berger is the butcher and buyer for Kassenger's Market in Maplewood. He is still confined to the hospital where he is under the care of Dr. Henry P. Douglar.

**Slight Drop In
Local School Tax**

The 1940-41 budget approved by the Board of Education Tuesday night, shows a decrease of \$1,002 to be raised by taxation, which is expected to reduce the present school district tax of \$1.39 by about 2 points. The figures will be submitted to the voters February 12.

Total appropriations are \$97,061, as compared to \$98,355 for the previous year, and while a slight increase appears in the budget, as a whole, the board is providing additional funds in bonds, notes and interest, to begin payments on the Raymond Chisholm School addition, completed last September.

Reduction of \$725 on insurance and \$2,000 for transportation are substantial items in the current expense division, offset slightly by an additional appropriation of \$2,200 in salaries for teachers, clerk and janitors.

Comparative budget items, showing the present year first and the 1940-41 items second, follow:

Current expense, \$55,705, \$49,610; repairs and replacements, \$3,900, \$3,950; library, \$300, none; manual training, \$1,975, \$1,917.

Interest on bonds and notes will be \$17,226 for the 1940-41 year, as compared to \$11,825 for the current year.

**Over 250 At
School Initiation**

Over 250 persons attended a special initiation ceremony of Pioneer Chapter, Future Farmers of America, held in the Regional High School gymnasium Wednesday night. From as far as Woodstown, Washington, and New Brunswick came members of other chapters of the F. F. A. These delegations were accompanied by large numbers of other students, parents and friends of the local members.

President George Johnson of Pioneer Chapter had charge of the evening which was run as a regular meeting with the initiation ceremonies and remarks from guests as a special feature.

Twelve students of Regional were inducted into the organization at the meeting which brings the membership up to 25. The chapter is just three-months old. With the new members, all the six communities served by the high school are represented in the chapter. To qualify for membership in the organization, a boy must have a bona fide interest in agriculture, must be enrolled in the agricultural school, must know by heart the F. F. A. creed, and must stand high scholastically.

Those initiated Wednesday night were: David Hall, Philip Statler, Wallace Coburn, Merritt Huntington, Karl Kroehling, John Metz, and Theodore Smith, all of Springfield; Anthony Del Duca and William Kennedy of Berkeley Heights; Robert Peterson and Paul Hamer of Clark Township, and Murray Scoffsky of Kenilworth.

Arthur Van Dyke, State Secretary of the F. F. A. was the guest speaker of the evening, and mentioned in his talk the advantages which had accrued to him as a member of the F. F. A. Van Dyke is now a student in the agricultural college of Rutgers University and holds an F. F. A. scholarship.

George Johnson, president, was assisted at the meeting by Lewis Blumstein, vice-president; Douglas Blum, secretary; Charles Roll, treasurer; Malcolm Baldwin, reporter; Harry Wann, watch dog, and Charles Underwood, conductor; Wilhelm Pfeigebek, instructor in the agriculture department of Regional, acts as advisor to the group.

Warren W. Halsey, supervising principal of Regional spoke briefly and said, "I feel that the agricultural course gives an excellent opportunity for boys who are interested in growing things to develop their interests and abilities. My observations to date indicate that boys in the agricultural course as well as parents are vitally interested in the work."

Refreshments were served to all the guests after the meeting in the cafeteria.

**Finnish Relief Funds
Being Collected Here**

Contributions to the Finnish Relief Fund which is being sponsored by the Springfield, SUN, and the First National Bank of Springfield will be received at any time during banking hours in the Bank Building. Springfield citizens are urged to take part in this activity for the relief of the Finnish people. This local campaign is but a part of a nation-wide effort to help alleviate the burdens of the Finns. Names of those contributing so far are: Mr. and Mrs. Charles Hogster, Men's Bible Class of the Presbyterian Church, and Charles G. Nelson.

**AUTO OVERTURNS
ON HIGHWAY 29**

An unusual sight confronted Motor Vehicle Inspector George Smith, cruising down Route 29 early last Saturday morning. A hundred feet east of South Springfield avenue, a car was out in the field, nearly reposing on its back. A quick search revealed nobody in the car.

Owner Ray Mills of Somerville appeared here, locally this week to testify that he was trying to avoid collision with another car while driving the previous night. In doing so, he hit a curb, then a telephone pole, and finally ended up, after a short flight through space, upside down in the field.

No injuries were sustained in the accident, and Mills was not held on any charge. The car was a Ford coach.

**Cabellmer Club Due
For Change In Name**

It's about to lose its name, but the Cabellmer Club is still going strong nevertheless, and will hold its next meeting Tuesday, February 20, at 1 P. M., at the home of Mrs. Arthur Kendall of Somerville.

When the club started, the name was derived by combining the first letters of the name of all the members. Changes in the membership since then have caused the significance of the name to be lost, however, and a new name is to be chosen shortly.

**Greenhouse. At High School
Main Ballot Issue Tuesday**

**Duguid Describes Plan
For Farming Addition**

"Since one of the purposes of high school should be to have students discover their interests and abilities, it is logical to provide adequate facilities to do this in the field of agriculture." This is the basis upon which James M. Duguid, chairman of the Building and Grounds Committee of the Regional High School has issued a public statement, defending the proposed building of a greenhouse for the use of the agricultural department of the high school. The following is the complete statement issued by Mr. Duguid:

"On Tuesday, February 6, the voters of the Union County Regional High School District will be given the opportunity of authorizing the Board of Education to spend \$10,500 for an agricultural plant, the cost of which will be met by payment of \$2,100 per year for five years. It is desirable that voters know fully about this project.

"The amount to be raised by taxes for the Regional High School is \$3,300 less than last year if the proposal is approved. The Regional School cost will not, therefore, raise the taxes in any community. The amount to be paid by any community is the local community's proportionate share of the \$2,100 averaging about \$400 per year for each of the six towns.

"The proposed plant has been called a greenhouse because it is to be of standard greenhouse construction, but it should more properly be called an agricultural building since tentative plans include a permanent classroom, a farm shop, a headhouse, and a greenhouse. The standard steel greenhouse construction would be used throughout with other than glass roofing for the classroom, shop, and headhouse.

"Since the opening of the agricultural course in September 1939 unusual interest has been shown by the 82 students in the day classes as well as by the 30 adults enrolled in the evening class. The achievements of the high school boys indicate that this area of Union County has a definite need for a course of this kind. At the statewide contests held at New Brunswick last fall and Trenton last week, the local agricultural teams won honors. This is of especial interest since the boys have been trained under the handicaps of meager equipment and unsuitable quarters in which to practice. The future development of these boys will depend upon the facilities afforded for agricultural work.

"This course will undoubtedly grow in enrollment next year since only a limited number were enrolled in the twelfth grade this year. Next year with a large ninth grade enrollment, there will probably be a minimum of 75 students. The enthusiasm shown by parents of boys enrolled in this course clearly indicates that the course is most substantial in content. Before students were accepted it was necessary for the instructor to be assured that each boy had a real interest in growing plants and a willingness to work.

"Mr. H. O. Sampson, Supervisor of Agricultural Education, has discussed this proposed agricultural building with the Building Committee of the Board of Education. The school architect and school officials, it is Mr. Sampson's opinion that the greenhouse will give boys an opportunity to learn by actual experience the lessons concerning soils, fertilizers, pest control, and

**Charles H. Mayer
Married Saturday**

Mrs. Charles H. Mayer of Morris avenue has announced the marriage of her son, Charles H. Mayer, Jr., Margaret Steininger, daughter of Mr. and Mrs. Jack Steininger of Reading Pa.

The wedding ceremony was informal and took place Saturday afternoon at 4 o'clock in the home of the bride.

The ceremony was followed by a reception and dinner for the immediate family at the Hotel Lincoln, in Reading. The couple returned from a wedding trip Wednesday, and are now at home at 133 Morris avenue.

The bride is a graduate of Reading High School. She graduated at the Carson Long Military School, and is a graduate of All-Brecht College. She is connected with her father in business at the Morris Avenue Motor Car Company.

**Organization In
Garwood Urges
Rejecting Issue**

Circulars being distributed in Garwood, Clark and Kenilworth urging citizens of the proposed \$10,500 appropriation for a new greenhouse at Regional High School are providing the only spark in an otherwise unspastic election campaign. The circulars are sponsored by "The Irish-American Association of Garwood."

They advocate defeat of the proposition on the grounds that insufficient time has been allowed for complete public investigation of the proposal; that reasonable doubt was expressed by the School Board itself in a 4 to 3 vote with two members absent for voters of the proposal to the voters, that the amount called for does not cover complete costs of financing, maintenance, and equipment needed for the project, and that it will be an addition to a department of the school which is still in the experimental stage.

At the same time, a statement has been issued by James M. Duguid, Chairman of the Building and Grounds Committee of the High School, favoring the proposal as a desirable thing for the furtherance of agricultural education in the Regional school district.

On the ballot will be proposed tax items in addition to the greenhouse proposition, and in three communities members of the Board of Education are up for re-election. The three members, James M. Duguid of Springfield, Edward Menroth of Mountnside, and John Dushanek of Garwood are unopposed on the ballot. A write-in campaign is being staged in Garwood, however, by George Cunningham who is actively opposed to the greenhouse proposition.

Polls will be open from 5 to 9 P. M. Tuesday, at the James Caldwell School in Springfield and the Mountnside School, Route 29, in Mountnside.

**Oratorical Contest Is
Won by Richard Sachsel**

Richard Sachsel of Garwood won first prize in an oratorical contest sponsored by the Continental Post, American Legion, of Springfield, in the Regional High School Wednesday out of a field of 40 contestants.

Linda Guerrero, Garwood, received second prize; Ray Maguire, Garwood, third; Ross Cree, Garwood, fourth; Ann Romano, Berkeley Heights, fifth; and Anita Trickett, Clark Township, sixth.

Sachsel will represent Regional in future contests which the American Legion is sponsoring nationally. He received a cash prize donated by the Springfield Post as did the other five winners.

The selection was based upon the ability to speak before an audience, and the choice of subject matter in the speeches. All the orators used the subject "The Challenge to American Youth."

**MANY ATTENDED
SCHOOL BENEFIT**

Between 700 and 800 people attended a performance of "The Merchant of Venice" on Monday afternoon at Regional High School, presented by the James Hendrickson and Claire Bruce Company, Shakespearean players of New York City for the benefit of the Student Aid Fund. The evening performance of "MacBeth" was attended by about 250 persons. A report will be made at a later date on proceeds for the Student Aid Fund.

**LION GOVERNOR TO
VISIT CLUB TODAY**

New Jersey District Governor I. R. Matthews of Dushard will make an official visit to the local Lions Club at its supper-meeting tonight at the Half-Way House, Route 29. He will be welcomed by President Lewis F. Macartney.

**EASTERN STAR TO
HOLD INITIATION**

Continental Chapter, Order of Eastern Star, will meet Wednesday at 8 P. M. in the Bank Star Building, Millburn. Initiation will follow the business meeting. Refreshments will be served under the supervision of Worthy Matron Mrs. Fred Rogge.

Miss Mildred Lee will present plans for a card party to be held March 6 in the Bank Building, Millburn. It will be divided into two sessions, an afternoon and an evening party.

**APPROVE MAP FOR
NEW DEVELOPMENT**

The Township Committee, at the special meeting Wednesday evening, approved a map submitted by the Kemp and Behmfield, developers of Spring Brook Park, for a new section of the development to be located north of Severna avenue. Several new streets are to be opened up in this area.

Glenn Richard Palmer

Services for Glenn Richard Palmer, two month old son of Mr. and Mrs. Winifred Palmer of 202 Morris avenue were held at 10 o'clock Wednesday morning at the Palmer home. Interment followed at the Presbyterian Church in the children's section.

The Rev. Daniel A. Coyle, pastor, of St. James Church, officiated. The infant died of heart failure in Overlook Hospital.

HE WATCHED LONDON—Senator Borah waited for Alf Landon's campaign before 'prejudging' him, but he later confided: 'I am not for him.'

It was late in the afternoon. I knew that the President's message on the Finnish loan was due the next day, and I dropped into Borah's office to get his views.

NEW JERSEY LIFE, INDUSTRIES AND RESOURCES OF A GREAT STATE

This book has been published in the hope that its story will stimulate interest in our present opportunities and responsibilities. Interesting facts are here set forth to serve a variety of purposes, from education in home and school to reference and research in office and library.

The Bureau of Economics and Business Research of Rutgers University assisted in collecting much of the material for this volume.

There are hundreds of photographs whose views illustrate the story of our State in a fascinating manner. Chapter I tells of our History and Government. Springfield is honored with a beautiful picture of the Presbyterian Church and an account of the Revolutionary battle which took place here June 23, 1781.

The story continues telling of the Natural Resources of our State, the people and religions, education, agriculture, public utilities, transportation and commerce, community life and recreation, insurance and finance, industrial organization and development, and our community welfare.

Following is a list of books that you should read, since Lincoln's Birthday is not far off: ABRAHAM LINCOLN, THE PRAIRIE YEARS, Vol. I and II, by Sandburg; LINCOLN by Emil Ludwig; SKETCHES

An automobile crashed into the front porch of the home of Raymond Alley on Main street, completely demolishing the porch. Driver of the car told police he had hit the porch in an effort to avoid hitting several children. No charges were made.

Shows High Marks
"Loen boy makes good" might be the way to explain the last report card of John L. Kulp, son of Mr. and Mrs. John Kulp of Maple avenue, who is attending Drew University, where he is a sophomore. The results of his work during the first half of this school year show him to be high man in his class in Chemistry, and second in line in his Calculus class. And that's not to be sneezed at.

Charles Morrison of Garwood has been elected president of the Red Cross Council of Regional High School at a recent election of officers. Dorothy Merry was elected vice-president; Norma Fischer of Garwood, secretary; Lillian Plescher of Garwood, treasurer, and Grace Panarjian, Kenilworth, publicity chairman.

The money collected in a "March of Dimes" campaign has been given to Postmaster Heinz to be forwarded to Washington as part of the National Infantile Paralysis program. Norman Fischer and Lillian Plescher of Garwood, and Betty Shapiro of Clark Township comprised the committee in charge.

OF THE LIFE OF LINCOLN by Isaac N. Arnold, LIFE OF LINCOLN by John Carroll Power, ABRAHAM LINCOLN by Henry Ketcham, ABRAHAM LINCOLN AND NANCY HANKS by Albert Hubbard, ABRAHAM LINCOLN by Lord Charnwood, THE CIVIL WAR AND THE CONSTITUTION, (Vol. I and II), by John W. Burgess, and ROMANCE OF THE CIVIL WAR by Albert Bushnell Hart.

NEEDLE IN A HAYSTACK

Slip Is Dart-Fitted To Slenderize One

DESIGNED especially for large sizes, this slip (1821-B) assures a perfection to fit that you can't otherwise achieve. Not that it is difficult to make. In fact, it's very simple. But skillful designing has placed darts under the arms, to give ease and not a trace of looseness or bulkiness over the bust. Darts at the waistline mold it into your figure, a smooth-silken sheathe beneath your fitted

'QUINT HOUSE' The Dionne quintuplets are to get back the custody of their parents. The plan to provide a home in which the kids can live with their own folks is making progress. Everybody feels that it is time the children experienced the heavy responsibility of having parents around the house. Plans for Quint House are said to be in the works already. There will be 14 in the family exclusive of help. This has the architects the initial problem of deciding whether to design a home or a clubhouse. It will present many novel problems. Any home with five kids the same age in it needs the best brains the architectural profession can provide. Requirement Number One is a room where pop and mom can get some rest. Then there will have to be a reception room for corporations seeking indentures, picture rights, etc., a conference room for the board of directors and a series of projection rooms. And, of course, a rumpus room for use when Dr. Dafeo and Papa Dionne have anything to discuss. For nearly six years pop has been able to see the children only by appointment. Dr. Dafeo has been head man with the Ontario government next; Mommer Dionne next and papa a bad last. You can understand popper's resentment. You know how proud and important a man feels when he is the father of one child; imagine his feelings when he is told he is the daddy of five, but doesn't count! The quintuplets are an industry rather than a family. In fact they are one of the few business investments to be able to make big money for the last five years. It got so the obvious reply to "How are the children doing?" was "Very well. They are 30 per cent ahead of last year for the third quarter." With the children occupying such a position in the financial world it was best to surround them with guardrails, boards, commissions, and interlocking directorates during their more tender years. Business responsibilities are not good for a growing child. But Dr. Dafeo has come to the conclusion it is a good thing for children to have parents. In fact he feels that all kiddies look forward to having a father and mother some day when they can afford it. EPIGRAPH FOR NEW YEAR RESOLUTIONS Here they lie Where they crawl the ants; They never had An outside chance. Lord Beaverbrook says England had a distinct understanding from the United States that we never would expect her to pay her war debts. He insists that we confidentially agreed to waive the debts. Britannia rules the waves, in a manner of speaking. Charlie Edison ought to make a swell secretary of the navy. As the son of the great Thomas Edison, he should be able to invent something to make the United States navy invincible. And the office punster says that, of course, Mr. Edison will have no trouble providing "light" cruisers. This must be a tough winter for the Man Who Boasts About His Ocean Crossings and for the Woman Who Isn't Happy Unless She's at the Captain's Table. CITY SNOW City snow, like sudden cotton, Is obviously good for notton. Richard Avdon. The depression is 10 years old and it acts as if it were proud of it. A PLEA Nineteen-forty, Don't be norty! Nat. B. Tepp. Londoners are pasting a map of air raid shelters in their hats. The fear of getting the wrong hat back from a check girl must haunt them all the time. "General, Sterns Heads Russian Troops," headline. Perhaps it's Stalin's determination to show that even the Stern will turn. Ouch!

strap style or with built-up shoulders. Pattern provides for both. You'll want a whole wardrobe of such slips, light and dark, and now's the time to make them, when you can get grand values in the fabric sales—luxurious pure dye satins and lingerie crepes. You can afford long-wearing luxury fabrics; when you make your own. Barbara Bell Pattern No. 1821-B is designed for sizes 36, 38, 40, 42, 44, 46, 48, 50, and 52. Size 38 requires 2 1/2 yards of 39-inch material for built-up shoulders; 2 3/4 yards with straps; 1 yard ribbon for straps.
