Vol. XVI, No. 18

OFFICIAL NEWSPAPER  
TOWNSHIP OF SPRINGFIELD

Springfield, N. J., Friday, February 28, 1941.

SUBSCRIPTION PRICE  
TWO DOLLARS BY THE YEAR

Price Five Cents

## Happy Birthday!

Whether your birthday falls next week or next month, why not have it listed here by calling The Sun, Millburn 6-1256, or let it on a postcard. Our files will carry over the date from year to year, so that it need not be repeated.

"Happy Birthday" greetings are extended this week by the SUN to the following residents:

### FEBRUARY

28—Mrs. James VanNest  
Miss Adele Naumann

### MARCH

1—Mrs. Richard Reeve  
William Armitage  
Stewart A. Dunn  
Miss Mary E. McGowan  
William E. Ude  
Mrs. Sol Brettler  
2—Mrs. Alfred G. Trundle  
Miss Florence Anderson  
Howard Carroll, Jr.  
Miss Gloria Robertson  
Russell L. Poyer  
3—Alfred G. Trundle  
Milton Keshan  
Frank Bolger  
Fred A. Nessman  
Miss Gloria Werner  
4—William Cosgrove  
Charles W. Ruby  
Robert M. Brady  
Louise Caldwell  
John B. Collins  
5—Frank Burd  
Mrs. William A. McCarthy  
Dwight Boss  
Ranson Randall  
Frank Sobel  
Mrs. Lewis H. Stiles  
Miss Marian Robertson  
Miss Vivian Robertson  
Gloria Robertson  
Richard Klein  
6—Ervin Lubenau  
Henry Kern

## FFA Will Hold Annual Banquet

The second annual "Parent-Son" banquet will be held by Pioneer Chapter, Future Farmers of America on Monday evening at 7 o'clock in the Regional High School cafeteria. Plans have been made to entertain 150 parents, members and guests.

The guest of honor, Dr. Harold B. Allen, president of the National Farm School of Doylestown, Pa., will speak on "Opportunities For City Boys In Agriculture." Mrs. Muriel McDowell will speak from the standpoint of mothers and George T. Agar will speak from the father's side.

Following the dinner which will be served by girls from the Home

MALCOLM BALDWIN  
Chapter President

Economics Department of the High School, a program will dramatize the activities of the F. F. A. and present its aims.

The program will open with the singing of "America," which will be led by Robert Poppendick of the faculty, and the Rev. John M. The opening ceremony will be conducted by the officers of the chapter as follows: President, Malcolm Baldwin; vice-president, David Hall; secretary, Paul Ferrel; treasurer, Lewis Huntington; reporter, Wilbur Wojtech; watch dog, Merritt Huntington; and conductor, Wallace Coburn. President Baldwin will greet the guests and introduce the speakers. Initiation of new members into the chapter and the presentation of special awards will follow. George Johnson, former president, will talk on "My Past In F. F. A." Accordion selections will be presented by the Lantz Brothers of Mountainside.

Another feature will be the showing of motion pictures of the group on its first educational tour last year.

## MARGARET RICHARDS HURT IN ACCIDENT

Miss Margaret Richards of 19 South Maple avenue, is recovering from a broken collarbone and severe body injuries in Mountainside Hospital, Montclair, as a result of an auto accident Sunday at Stevens Avenue and Lindsay road, Cedar Grove.

Miss Richards was a passenger in a car driven by her brother, Lieutenant Stanley B. Richards of Goodwin avenue, Wyckoff, when it collided with a machine operated by Mrs. Fannie Keller of 68 Clifford street, East Orange.

Richards' wife was also in his car and Miss Gladys Colfax of 23 William street, Nutley, was riding with Mrs. Keller. The others sustained minor injuries and were treated at Mountainside Hospital.

## VOTERS REMINDED ON REGISTRATION

Permanent registration of voters is being hurried this year through the office of Township Clerk R. D. Treat. Since January 1, when the new system went into effect, there has been few registrations and Mr. Treat reminds residents that they may sign up, unless previously registered, on Monday evenings between 8 and 9.

To be eligible, citizens should have resided in the State one year before the next election date in November and have been in Union County for five months previous to election.

## FEDERAL APPROVAL GIVEN TO PROJECT

An allotment of \$7,436 for construction of sewers along Harris place, in Springfield, was announced last week by the Works Progress Administration office in Washington. Township Engineer Arthur H. Lennox declared that the work will be undertaken as a winter project later in the year, approval having been received too late to have started the job in the winter months of 1940.

## TO ELECT SUNDAY MOUNTAINSIDE

Election of officers of the Sunday School will take place Sunday morning at 11:30 in the chapel. The election will be conducted by a chairman, yet to be selected.

## Many Participate In 'Phone Bridge'

The first telephone-bridge sponsored by the Rosary-Altar Society of St. James' Church on Tuesday evening proved successful with 105 tables in play in the homes of various members. More than 400 participated in the affair.

The door prize, a hand-made satin bed jacket, was won by Mrs. Arthur J. Staehle of Colonial terrace and a linen dinner set was awarded to Miss Louise Kruck of East Rutherford. The Rev. Daniel A. Coyle, pastor of the church, wishes to express his appreciation to the workers, hostesses and guests, whose combined efforts and generosity resulted in a most enjoyable and successful party.

Refreshments were served and each table in play received a manicure kit as its prize. The chairman of the affair was Mrs. James Callahan who was assisted by the following hostesses, the Mesdames Herman Treiber, Arthur C. Prinz, Bert Jones, George Helm, Frank Buhler, John Skelly, Josephine Garig, Frank De Trani, Roland W. Noll, Fred Betz, Edward Cardinal, Frank Bolger, Francis Dunleavy, John Muench and Bertha Stemmle, all of town; John Mudrock, F. Sedock, George B. Turton, R. M. Stevens, Frank J. Ott, William F. Manger, Walter Puth, Charles Koenig, A. Post, William Wisman and John Tell, all of Union; and John Geopfert and John Whelen, of Maplewood.

## Captain Ward Smith Thanks School Board

Captain William Ward Smith, former resident, who was appointed Chief of Staff of the United States Pacific Fleet last month, acknowledged congratulations this week to the Springfield Board of Education which, at its last meeting, felicitated the Naval man upon his appointment.

In a letter to District Clerk A. B. Anderson, Captain Smith wrote as follows:

"Your letter of 23 January, relative to my recent assignment to present duty, is cheering and very welcome. Please convey to the members of the Board of Education my deep appreciation of their thoughtfulness and my heartfelt thanks for their message of congratulations.

"Springfield School, from which I graduated many years ago, still means a great deal to me. What I learned there under the able leadership of the late Mr. E. V. Walton, is fresh in my mind and has been of great value to me throughout my career.

"Mrs. Smith, also a graduate of Springfield School, joins me in expressing appreciation of your kindness, and of the Board's action."

## THREE INJURED IN 3-CAR COLLISION

Three persons were treated at Overlook Hospital, Summit, as a result of a three-car collision Saturday afternoon on Morris avenue near Baitle Hill avenue. A vehicle operated by Francis J. Ochener, 35 of Bronxville, N. Y., collided with the car of Miss Jessie Steeb, 29 of 31 Rose avenue after the Steeb's car had struck the parked car owned by William Naul, 68 of 2640 Morris avenue, Union.

Miss Steeb suffered bruises of the left leg and shock. Ochener received lacerations of the right knee and head bruises. Miss Page Mico of New York, a passenger in his car, received a fractured nose.

## MASONS SEE PICTURES

Moving pictures in sport life were enjoyed by members of Continental Lodge No. 190, F. and A. M. after the regular meeting Tuesday night in lodge rooms, Millburn. Arrangements on "Sportsmen's Night" were in charge of Master Andrew Shaw.

## SECOND IN TEST

Miss Erna V. Hopkin of 92 South Springfield avenue placed second in the county's rating of a State-wide examination for junior clerk, the Civil Service Commission announced Friday.

## Efforts Of Ed Ruby Directed Toward Promoting Athletics

A small green Dodge milk truck stops in Morris avenue near the Post Office and a man in a tan jacket with a ruddy face jumps out of the truck with a milk bottle in his hand. He places the bottle in a doorway, runs back to his car and drives about fifty feet, stops, and places another bottle in another doorway. He is in a hurry to deliver the milk so that he can rush to the James Caldwell and Raymond, Chisholm schools to supervise the boys who are playing basketball in the gymnasiums.

The milkman and basketball committee chairman of the Springfield Recreation League is Edward J. Ruby of 90 Mountain avenue, a lifelong resident of the township. During the days and early evenings he earns his living in his own milk business and on Wednesday and Thursday nights, teaches boys between the ages of 12 to 20 how to organize and play basketball.

Ed Ruby was appointed by Mayor Selander to assist youths who are interested in basketball. As a result, eight junior and senior teams have been formed. Games started during the first week in December and will continue through March.

"The basketball games help to give the boys a chance to exercise and get acquainted with one another. Better yet, the games keep the boys

## 25th ANNIVERSARY OF COUPLE FETED

Mr. and Mrs. Arthur L. Marshall of 74 Washington avenue celebrated their 25th wedding anniversary Saturday evening at their home, with thirty-six guests present, including relatives and friends. Dancing and movies were enjoyed.

Mr. Marshall, who is the township plumbing inspector, has resided in Springfield with his family for the past 17 years. Guests attended from Brooklyn, Port Monmouth, Irvington, Verona and Springfield.

## Newsmen Visiting Fort Dix Monday

To better enable them to interpret news from one of the nation's most important army camps, newsmen of the State will make a personal inspection tour of Fort Dix on Monday. The visit of State editors has been arranged by the National Defense Committee of the New Jersey Press Association and the public relations department at Fort Dix.

Luncheon at the Officer's Club at 1 P. M. will start the newsmen's day. Immediately following the luncheon Major General Clifford E. Fowell, commanding general, will outline the activities of the camp and public relations officers will discuss their program for keeping the press and public informed.

Later in the afternoon a conducted caravan tour of the camp will be made to give the visitors an idea of the size and importance of Camp Dix, which now has a total population of more than 20,000 men and covers 25,000 acres. In the near future 10,000 acres will be added to the camp site.

The new Garand automatic rifle and other modern equipment will be on display at the Officer's Club for inspection by the newsmen. They will also see the latest model army cars, the new 155 mm field pieces, anti-aircraft guns and other new equipment.

The SUN will be represented on the trip by Milton Keshan, editor.

## Co-Operation Is Voiced By Press

Anticipating the greater opportunity for service in the current national emergency, a group of newspaper executives, representing national, regional and state associations, met February 4 in New York at the call of the directors of the American Newspaper Publishers Association.

The following statement issued from the meeting:

1. That the newspapers recognize their primary obligation to further national defense in every possible manner.

2. That the newspapers also recognize their essential duty to furnish complete and accurate information compatible with military necessities.

3. That the newspapers in the performance of these obligations bespeak the cordial consideration and co-operation of Federal and State authorities concerned.

Those organizations represented: American Newspaper Publishers Association, National Editorial Association, Inland Daily Press Association, New England Daily Newspaper Association, Pacific Northwest Newspaper Association, Southern Newspaper Publishers Association, New Jersey Press Association, New York State Publishers Association, Ohio Newspaper Association and Pennsylvania Newspaper Publishers Association.

## Henry Rhyner

Funeral services were held Monday from Haebler & Barth's Funeral Home, 974 Clinton avenue, Irvington, for Henry Rhyner, 59 years old, of Evergreen avenue, who died on Saturday in Overlook Hospital, Summit, after being there less than two days. Interment was at Hollywood Cemetery, Union.

Mr. Rhyner was employed in Singers' Park. He was born in Union and had lived in Springfield many years. His wife, Mrs. Pauline Rhyner, died in 1932.

He is survived by a son, Theodore Rhyner, who is in the Navy; two brothers, Edward J. Rhyner of Union and Frederick C. Rhyner of Roselle Park, and a sister, Mrs. Chester Rogers of New York City.

## NORMA BINGHAM TO ADDRESS SOCIETY

The Ladies' Benevolent Society of the Presbyterian Church will meet on Wednesday afternoon at 2:30 o'clock in the chapel. Mrs. Norma Bingham will be the guest speaker. Her topic will be "The Song Of Life."

IT'S A GIRL  
A daughter, Joyce Carol, was born Sunday to Mr. and Mrs. Carl Richards of 42 Keeler street, at St. Barnabas Hospital, Newark. Mr. Richards is cashier of the First National Bank of Springfield.

## To Be Honored

MERLE PATTEN

Merle Patten of Garwood, one of two retiring members of the Regional Board of Education, will be honored with a testimonial dinner on Tuesday at The Flagship, Union.

Patten was recently defeated for re-election by Henry G. Merry, was custodian of school funds and had been a member of the board since its organization. He was also a member of the committee which organized the regional school district.

The speakers will be Henry G. Nulton, county clerk; Dr. A. L. Johnson, county superintendent of schools, and Supervising Principal Warren Halsey of Regional High School. In charge of arrangements is John Dushanek of Garwood, who is also a member of the board and will be toastmaster.

## Chief Runyon Denounces Pin Ball Games, Proposed Ordinance Will Ban Them

Almost 400 persons attended the annual dance commemorating the 33rd anniversary of the Fire Department's incorporation Friday night in Singers' Park. The attendance included many township officials and fire heads of neighboring municipalities, including Fire Chief Bond of Union, Fire Chief Herman Hoefcker of Mountainside and former Fire Chief Jacobus, also of Mountainside. Former Fire Commissioner T. C. Davidson was master of ceremonies.

Music was played by Mar Sangster's Orchestra and entertainment was also furnished by a trio. Six prizes were awarded during the evening.

Two men's door prizes, pen and pencil sets, were given to Paul Cannon of Springfield and Edward Simerman of Chatham. The ladies' door prizes, free permanent waves, were awarded to Mrs. Kenneth Hoagland of Springfield and Miss Dorothy Fishner of Millburn. The grand drawing of \$25 in merchandise was won by Mrs. Clara Stemmle of 28 Linden avenue, this township, with second prize of \$15, going to Arthur Link of Hillside.

Hamilton Scott headed the general committee in charge.

## Almost 400 At Firemen's Dance

Springfield took an early lead in calling a halt to bingo, Police Chief Macartney reminded his colleagues Wednesday night at the Township Committee session during discussion of pin-ball legislation. Chief Runyon had ruled last Thursday that bingo be prohibited, regardless of charitable purposes, as directed by the Grand Jury.

Macartney pointed out that "it was in the SUN Friday, a few days before other communities and papers" mentioned the possibility of an all-out prohibition of bingo.

Forty war veterans registered over the week-end at the American Legion building to determine their availability and qualifications for emergency National defense duty. The Legion building will be open Saturday afternoon and all day Sunday for additional registration. About 25 more are expected to register, with Richard Rummel in charge.

After a Legionnaire registers, he is in no way obligated for voluntary emergency service beyond that of any other citizen. However, an emergency duty may be requested as an outgrowth of the questionnaire. The 1940 National Legion convention in Boston and the November meeting of the National executive committee endorsed this type of application.

The questionnaires call for name, address and information on family status, education, citizenship status, present military or naval connections, police and fire department experience, familiarity with foreign languages, experience as an interpreter, occupation, name of employer, and availability for immediate general service, restricted service, part or full time.

From a list of nearly seventy vocations and activities, the veterans are asked to check those in which they possess experience or prefer to serve in a local or National emergency. They further are asked to describe their general physical condition and state whether they will be available for service in State troops to replace National Guard units.

## EXERCISES MARKED 120th ANNIVERSARY

MOUNTAINSIDE—The 120th anniversary of the Sunday School of the Mountainside Union Chapel was celebrated on Sunday afternoon at the chapel. The guest speaker was the Rev. Horace L. Fenton, Jr., pastor of the First Presbyterian Church of Plainfield.

Annual reports were given by the treasurer, Mrs. Margaret Moeseman; the secretary, John Brokaw, and for the Home Department by Mrs. John Edwards.

The Junior Choir sang several selections and a male quartet, consisting of Clyde Seifert, Jack and Robert Brokaw and the Rev. Roland D. Ost, pastor, also sang. Announcements were made by Richard P. Greaves, oldest living member of the church.

## LEGIONAIRES PLAN MILLINGTON VISIT

A delegation of local American Legion members is expected to visit the Veterans Hospital, in Millburn, on Monday evening. The group will play cards and cheer the disabled veterans in the hospital. Service Officer Herbert Quinton is in charge of arrangements for the trip.

## SUNSHINE SOCIETY PLAN CARD PARTY

Plans for a Spring card party March 11 at the Betsy Ross Restaurant, Morris avenue, Larchmont Estates, are being made by the Springfield-Millburn Sunshine Society. Mrs. Arthur C. Prinz and Mrs. James L. Tansey are in charge. The society met yesterday afternoon at the home of Mrs. William Ahlgrim of Rose avenue.

## Chief Runyon Denounces Pin Ball Games, Proposed Ordinance Will Ban Them

### Almost 400 At Firemen's Dance

### Bingo Ban Foreseen In SUN Item Last Week

### Committee Moves Toward Prohibiting All Such Games In Township

Pinball machines were declared illegal by the Township Committee Wednesday night and Council Charles W. Weeks was instructed to prepare an ordinance which would ban the machines outright in town for "introduction" at the next meeting March 12.

The board has been pondering over pinball legislation since last June, when a \$200 license fee was discussed, but the matter was laid over and remained dormant for months. Police Chairman Macartney told the board that since the Union County Grand Jury has taken steps to curb bingo and other forms of gambling, that a pinball restraint would be in order.

Police Chief M. Chase Runyon, requested by the committee to express his opinions, termed the games "as nothing-but a racket." He denounced pinballs as a "slight deviation from the slot machine" and said he had been offered a \$50 weekly bribe from an anonymous distributor to cooperate with certain pinball testers.

Until 1938, Runyon said he was able to persuade local merchants to refrain from installing pinball machines. However, it was difficult to prevent tavern keepers from their use because the profits were too attractive, he continued. After that, merchants made room for them in their stores and restaurants, Runyon went on to say.

"The machines," the chief said, "are put in stores and taverns by operators endeavoring to monopolize territories. There have already been a number of conflicts here. Faces on the machines have been smashed when a storekeeper didn't take in a machine of certain operators."

To govern the degree of scoring, Runyon displayed an instruction sheet taken from a confiscated machine, which read: "To reduce the payoff, turn flags O, D, E slightly referring to flags so marked on the machine."

Mayor Selander pointed out that since the Grand Jury has expressed itself against gambling, that he felt he should support in his statements. About 15 pinball machines in the township would be affected.

### Transfer Denied

Application to transfer the liquor license of Clarence Buckalew, Jr., of 247 Morris avenue to Philip Kay of West Union street, Newark, was denied. Buckalew told the board he expects to be drafted into the Army by June and wants to dispose of his store, sale being conditional upon a transfer.

Police Chairman Macartney said it was the board's policy to discourage sale of liquor in stores handling other merchandise, and that the number of liquor package stores in the center of town should be reduced. He added that the board's recommendation, in no way, reflected upon the character of the applicant.

Committee member Wright, street lighting chairman, reported that 20 tons on Mountain avenue from Henshaw avenue to the Mountainside boundary line, have been increased from 60-watts to 100-watts, as requested by citizens.

### Mrs. Jennie B. Murray

Mrs. Jennie B. Murray, widow of Thomas F. Murray, who lived over 30 years in South Springfield avenue, died Tuesday at the home of her nephew, H. A. Swain of Verona, where she had lived since the death of her daughter, Evelyn Murray, about two months ago. Mrs. Murray was blind for the past ten years.

The site of the five-acre tract of the Springfield Board of Education on South Springfield avenue, several hundred yards east of Route 29, was purchased ten years ago from Mrs. Murray for a future grammar school. It had been a part of the Murray tract owned by the family for many years.

Mrs. Murray had attended St. Paul's Episcopal Church, of Westfield. Her nephew is the only survivor.

Funeral services were held this afternoon at 3 o'clock at Gray's Funeral Home, 318 East Broad street, Westfield.

### John C. Warta

A requiem mass was offered yesterday morning at St. James' Church for John C. Warta, of 96 Springfield avenue who died Monday night at his home. The Rev. Daniel A. Coyle officiated, and burial was in St. Mary's Cemetery, Stony Hill.

Mr. Warta, who was 75, was a retired executive of the Lawrence Cement Co. of Allentown, Pa. He was born in Austria and came to this country as a youth. He resided 13 years ago and moved to Springfield.

Mr. Warta was a member of the Holy Name Society of St. James' Church. He leaves his wife, Mrs. Marie Elyard Warta; a son, John L. Warta of Irvington; a daughter, Mrs. Edward Damer of Womelsdorf, Pa.; eight grandchildren and four great grandchildren.

### Forty Veterans Are Registered

Forty war veterans registered over the week-end at the American Legion building to determine their availability and qualifications for emergency National defense duty. The Legion building will be open Saturday afternoon and all day Sunday for additional registration. About 25 more are expected to register, with Richard Rummel in charge.

After a Legionnaire registers, he is in no way obligated for voluntary emergency service beyond that of any other citizen. However, an emergency duty may be requested as an outgrowth of the questionnaire. The 1940 National Legion convention in Boston and the November meeting of the National executive committee endorsed this type of application.

The questionnaires call for name, address and information on family status, education, citizenship status, present military or naval connections, police and fire department experience, familiarity with foreign languages, experience as an interpreter, occupation, name of employer, and availability for immediate general service, restricted service, part or full time.

From a list of nearly seventy vocations and activities, the veterans are asked to check those in which they possess experience or prefer to serve in a local or National emergency. They further are asked to describe their general physical condition and state whether they will be available for service in State troops to replace National Guard units.

### DRAW PAIRINGS IN STATE TOURNAMENT

Pairings in the State Group 3 basketball tournament sectional play Thursday, Friday and Saturday of next week at Elizabeth Army were announced this week. Regional meets Linden in the opener, the winner of which meets Hillside, which drew a bye, in the second round.

Rahway and Westfield both drew first round byes and meet in the second round. The State finals will be played at the Army March 20, 21 and 22.

### RED CROSS WILL MEET ON TUESDAY

The Springfield Red Cross board will meet Tuesday evening at 8 o'clock at the home of Mrs. Stephen Windisch of Donard road. Mrs. Leslie Joyner will preside.

### John C. Warta

A requiem mass was offered yesterday morning at St. James' Church for John C. Warta, of 96 Springfield avenue who died Monday night at his home. The Rev. Daniel A. Coyle officiated, and burial was in St. Mary's Cemetery, Stony Hill.

Mr. Warta, who was 75, was a retired executive of the Lawrence Cement Co. of Allentown, Pa. He was born in Austria and came to this country as a youth. He resided 13 years ago and moved to Springfield.

## Human Relations Session Planned

The Human Relations Institute, based on present day problems of families and communities, will assemble on March 12 and 13 at the YMCA in Elizabeth, Mrs. Mary W. Armstrong, county home demonstration agent, announced recently.

The Home Economics Extension Service will conduct the Institute as it did last year, sponsored by the New Jersey Extension Service of Rutgers University of which staff Mrs. Armstrong is a member and with the cooperation of local social character, building and recreational organizations. This year's assistance will also be rendered through the federal office of the Extension Service by Morris B. Storer, social scientist, who will attend all sessions of the Institute.

"Can Parents Give Children Security In An Insecure Time?" will be discussed by Mrs. Marion F. MacDowell, Extension specialist in child development and family relations. "Adjusting To A World In Crisis" is the subject on which Dr. James Plant, director of the Essex County Juvenile Clinic, will speak as he develops the effect of times of stress on personality.

"How Big Is The Community?" is the challenging subject to be discussed by Miss Ursula P. Hubbard of the Carnegie Endowment For International Peace, and "What Can We Do," a program for the war years and what comes after will be presented by Allen Moore, of the National Defense Commission.

Parents, community workers and organization leaders will lead small discussion groups in the mornings and present their conclusions during panel discussions in the afternoon. Additional information will be furnished on request through the Home Economics Extension office at the Courthouse, Elizabeth.

### MRS. HELEN PIEPER GRANTED DIVORCE

Mrs. Helen Pieper of 22 Tucker avenue was granted a divorce Friday by Advisory Master Douglas Herr from Private Frederick J. Pieper, Jr. of Company A, 114th Infantry, Fort Dix. She charged desertion in July, 1938, a year after marriage.

It was the first divorce decree in the Advisory Master's office in Elizabeth affecting a defendant in military service since enactment of the draft law.

Pieper was present and represented by counsel assigned by the court since he is in military service. The wife testified they were married in Elkton, Md., and lived with her parents until she was deserted. A daughter, Nancy Grace, 2 years old, was awarded to the mother, who did not ask counsel fee or alimony beyond the military allotment.

### AGAIN ON LIST

Miss Kathryn Gunn, daughter of Mr. and Mrs. John E. Gunn of 89 Morris avenue is among those students whose names appear on the Dean's list of the College of Saint Elizabeth, Convent Station, for the first semester of the school year. This honor is based upon high scholastic rating. Miss Gunn, a junior, received the same distinction in her sophomore year. She is an active member of the Alembic Science Club.

WEEKLY NEWS ANALYSIS By Edward C. Wayne

Nazi Troops Are Massed in Balkans For Thrust at Greece to Aid Italians; Major Far East Crisis Approaches As Japanese-British Tension Grows

(EDITOR'S NOTE—When opinions are expressed in these columns, they are those of the news analyst and not necessarily of this newspaper.) (Revised by Western Newspaper Union.)

IDES OF MARCH: Hitler Again

In March, 1933—Adolf Hitler incorporated the rich Saar Valley into the Reich. In March, 1938, he occupied the Rhineland. In March, 1939, German troops moved southward and annexed Austria. In March, 1939—breaking the pledge of Munich—der fuhrer moved into Moravia and Bohemia and made the Czechoslovakia provinces German protectorates. In March, 1940, he got set for his moves into Norway and Denmark.

March, 1941, arrives. If Hitler wins any success this year, he will think his lucky stars. For Hitler is a believer in astrology and is declared to consult astrologers before he makes any major moves.

The Balkans

Even before the first of March, Hitler had gained the success he planned in the Balkans. The final moves may come in March, but the path of the army was paved by earlier diplomatic moves. Rumania was the highway and Josef Stalin fired the starting gun.

Deserted by its protectors, Bulgaria gave way to the Germans who had placed 600,000 soldiers on her border with Rumania. Bulgaria had been promised the help of Turkey, pro-British ally. And Turkey based its security on the promise of help from Russia. But Russia collapsed again. It notified Bulgaria to expect no help from Soviet troops and it influenced Turkey also to withdraw its promises to Bulgaria. Yugoslavia, surrounded on all sides, saw its ministers called to Munich and receive orders.

All this to get to plucky Greece. Greece, despite its army's victories over the Italians, saw its neighbors fall before the Nazi threat. It had a choice of making a futile effort to fight Germany alone, or to capitulate like all the rest.

Greece was given little time to decide. A German ultimatum was drafted. Resistance means that the nation would be the battleground of German and British armies—provided the British could, in sufficient time, extract troops from the African front and convey them to the Balkans.

The Far East

Meanwhile in Asia the other Axis partner, Japan, was growing more and more belligerent. Troops and naval concentrations were moved into Thailand (Siam) and close to French Indo-China. Threatened principally was the British naval base at Singapore. But threatened as well were the Malay peninsula, rich in rubber and tin; the Dutch East Indies, wealthy in the same

Here is an Australian soldier, typical of the large contingent just arrived in Singapore to protect British empire interests there. He is pictured boarding a troop ship with a number of his "tough, hardened" companions.

products. And between these two spots stood two other potentially valuable colonies that long have been the apple of Japan's eyes—Australia and the Philippines.

The question was what would Britain and the United States do in the face of this hostile action. The question was not long in being answered. British sent convoy after convoy of tough, hardened Australian troops to Singapore—men who were ready and anxious to fight for their homeland.

The United States' reply was less spectacular but just as defiant. It sent home the wives and children of all army and navy men in the Far East. Other U. S. citizens were told to get out as quickly as possible. The U. S. Pacific fleet sailed off, no one knew where. To a Japanese declaration that it was the most misunderstood nation imaginable, and was willing to negotiate for peace anywhere at any time, undersecretary of state made an answer. "We are more interested," he said, "in deeds than in words."

MORE SOLDIERS: U. S. Defense

Surveys have begun in the war department with a view of expanding the army to more than 3,000,000 men in case of emergency. It is hoped to be able to accomplish the next year if necessary.

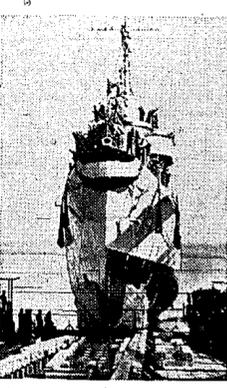

Sites for additional camps are now being quickly surveyed all over the country. Production plans are being revised to reach this end and congress has been asked for some of the preliminary funds.

What the army hopes to realize is the ability to put 55 divisions into the field instead of the 27 which will be in camps on June 1 of this year. To reach this it is possible that the present National Guard units will be held in the federal army for another year and that many of the selectees now going to camps also will be retained. The latter go on reserves immediately upon completion of their training and can be recalled as needed to fill the requirements of the standing armed forces.

In the near future President Roosevelt likely will present to congress a \$3,000,000,000 program toward this end.

Equipment

Meanwhile the first flow of supplies are beginning to reach the armed forces. The army air corps

units expect to receive in March the first new fighting planes embodying features developed in European warfare. Deliveries already have started on a limited number of Bell P-30 pursuit ships whose armament includes a 37-mm cannon fired through the propeller.

Also scheduled for early delivery are medium and light bombers, which, like fighting planes, are equipped with tankproof fuel tanks, armor protection and heavier fire power. Many will go to the Panama Canal Zone and others to Puerto Rico.

SPIES AND OIL: In Latin America

Usually informed circles in Mexico City discussed a sensational report of a Nazi Fifth Column ring which was said to be operating from the Canadian border to the Cape of Good Hope. The ring was declared to be directed from Philadelphia.

Mexican circles, describing the alleged conspiracy, said it was a preliminary step in Nazi efforts to gain economic control of the Western hemisphere. The plot was said also to engage Communists and Spanish Falangists as well as Japanese agents, and the objective to be sabotaging of U. S. aid to Britain, blocking the American defense plans and antagonism against the United States in some of the Latin American countries.

For weeks there has been evidence of increased pro-Axis activity in Mexico. Several pro-Nazi publications have appeared. Ships arriving from Japan have unloaded numerous Germans. Propaganda has been aimed at creating suspicion on the United States' good neighbor policy, and at a whispering campaign that the U. S. would drug Mexico into war.

President Manuel Avila Camacho often has expressed his friendship for the United States and his dislike for totalitarian policies. Just a few days before news of the alleged ring was made public he submitted to a special session of the Mexican congress a bill which would reopen the rich Mexican oil resources to private exploitation. The bill apparently would clear the way for resumption of operations by U. S., British and Dutch companies expropriated in 1938. The government, however, would participate in the control.

'Bugs' at Capitol

The U. S. army, while demonstrating the latest type of one-ton reconnaissance car to a committee of Senators and Congressmen, permitted Sen. James Mead of New York to drive "the Bug" up the U. S. Capitol steps. The vehicle is capable of 75 miles per hour and its 80-inch wheelbase permits bombers to transport three of the units at a time.

TRAVELERS: Home Again

Wendell L. Willkie and Harry Hopkins, former secretary of commerce, came home from war-torn Britain to make reports to the President and congress. Hopkins data were secret, Willkie spoke to congress.

But Willkie's suggestion that the United States make available to Britain 5 to 10 destroyers a month met with opposition. First objection came from Naval Secretary Knox who said the United States could not spare any more ships without unbalancing the fleet. There was indication, however, that Willkie's proposal would be given more than casual consideration once the provisions of the lend-lease bill are under way.

Meanwhile Willkie revealed he may make another journey of inspection. This time he may go to the war front in Asia, visiting Gen. Chiang Kai-shek in China. Two other American representatives were waiting for the opportunity to go to Britain. They are John C. Winant, the newly appointed ambassador, and C. Avelar Harriman, who was named by the President to the task of co-ordinating the British aid program. Harriman is the son of E. H. Harriman, one of the nation's greatest railroad builders.

WILLKIE RATES CHURCHILL OVER F. D. Wendell Willkie went all-out for the President's lend-lease bill, but personally he doesn't like Mr. Roosevelt any better than before. Willkie made this clear to friends following his conference at the White House.

Winston Churchill, he indicated, had it all over Roosevelt in ability and personality, was "much simpler and more direct in manner."

MIGRATION: Men at Work

For the first time in more than a decade unemployment in the United States has virtually been wiped out. William T. Livingston, economist of the Alexander Hamilton Institute, reported after a nation-wide survey.

Livingston estimated the total employment now nears 50,000,000, a record high, more than 4,000,000 above the 1929 peak.

By comparing census figures, social security records and relief totals, he estimated that there are now but 1,669,000 men without jobs. He pointed out, however, there are ways in a number of persons who are temporarily out of work as the result of changing jobs, and seasonal factors.

New Problem

High officials of the American Federation of Labor, however, expressed concern over another problem—the thousands of men who have been shifted around the country to meet defense needs. They feared many of these might soon again find themselves unemployed and far away from home.

More than 300,000 of these men are engaged in the building trades, greeting cantonments. Much of this work may be finished by early March.

Concentrations of men in many of these communities has also increased the health hazard, since the small communities around camps and defense industries are unable to furnish homes and adequate food supplies.

MISCELLANY: Arrested—Harry R. Bridges, West coast C. I. O. leader, was arrested again on an order to deport him to his native Australia. The warrant was issued by Attorney General Jackson who said Bridges was a Communist. Similar proceedings by Secretary Perkins last year brought about an acquittal report from Dean James M. Landis of the Harvard law school, the trial examiner.

Romance—Mr. and Mrs. George I. Searle, of Des Moines, Iowa, who were divorced 33 years ago, have changed their minds. They remarried.

Family Busy—The entire family of former Gov. John G. Winant of New Hampshire got into the newspapers within a week. First the governor was named U. S. ambassador to London; then Constantine, his 20-year-old daughter, eloped with a Peruvian. Finally Mrs. Winant scored. One of her pets won a blue ribbon at the New York dog show.

The Washington Merry-Go-Round

U. S. FIRMS PAY AXIS POWERS WASHINGTON.—While the senate is preparing to enact the lend-lease bill committing this country to vast outlays for Great Britain, certain American firms are paying out hundreds of dollars monthly to Germany and Italy, which funds are being used to fight both the United States and Britain.

This secret Axis aid is being delivered in the form of royalty payments on industrial formulas, trademarks, copyrights and patents. The money is paid in dollars and is deposited to German and Italian accounts in New York banks.

The justice department, which has conducted a secret investigation, has uncovered these interesting facts:

1. That the royalty payments are now running around \$500,000 a month, which Germany gets at least 80 per cent.

2. That a considerable portion of the money was used by Germany last year to buy U. S. goods for delivery to Latin American buyers, to make good on contracts that Germany couldn't sign after the fall of France but was unable to fill because of the unshaken British blockade.

3. That Nazi and Fascist agents have drawn on the funds to finance racial and anti-defense propaganda in this country; also anti-American propaganda in South America.

4. That while U. S. firms fork over their tribute in dollars, such royalties as Germany and Italy pay are in the form of blocked marks and export lira; that is, money that can be spent only in Germany or Italy.

Actually, the money-levy is a secondary consideration. What really worries the authorities is how much vital military production information these royalty agreements betray to the Axis.

Since most royalties on patents are paid according to the number of units sold, it should be a simple matter for the Axis to obtain detailed figures on types and rate of flow of important materials to the U. S. army and navy and to Britain. Last year the justice department cracked down on Bausch and Lomb when it discovered that under a secret royalty agreement the firm supplied the German lens maker with a detailed accounting of certain instruments delivered to the navy.

WILLKIE RATES CHURCHILL OVER F. D.

Wendell Willkie went all-out for the President's lend-lease bill, but personally he doesn't like Mr. Roosevelt any better than before. Willkie made this clear to friends following his conference at the White House.

Winston Churchill, he indicated, had it all over Roosevelt in ability and personality, was "much simpler and more direct in manner."

"There isn't anyone in America quite like Churchill," Willkie said. "He was the most congenial companion I've met in a very long time. He has a gay buoyancy that is incomparable."

Willkie also told his friends that he had absolutely no intention of taking a job under Roosevelt. "The President hasn't offered me anything," he said, "and I hope he doesn't because I'll turn it down. One thing I don't want is an appointive office. If war should come I will enlist in the armed forces, but I'm not taking a government job."

Willkie is still undecided what he will do, but is leaning toward a return to law. He has been offered a number of lucrative positions, one carrying a salary of \$120,000 a year.

NEW FARM BOARD

After many years of supporting the New Deal farm program, the powerful Farm-Bureau federation wants to set up a new government farm agency which it would largely dominate.

In backstage congressional conversation the farm leaders have proposed that the AAA, the soil conservation service and the farm security administration be taken away from the department of agriculture and be made a completely separate agency. Then they want a five-man board to run these important bureaus.

Naturally, they expect to have a goodly representation of members on that board.

So far, Vice President Henry Wallace and Secretary of Agriculture Wickard are vigorously opposed. So also is the President.

Note—Herbert Hoover established a famous farm board to buy wheat. It was a mess.

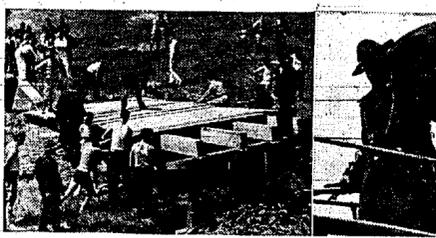

MERRY-GO-ROUND

Elder Statesman ex-Senator King of Utah is being promoted by friends to become a commissioner of the District of Columbia.

Although hampered by having its offices scattered in six widely separated buildings, the immigration bureau is mailing out 95,000 receipts a day to registered aliens.

Alaska Enjoys New Boom

Since 1867 when the U. S. paid Russia \$7,200,000 for Alaska, America has taken the territory for granted, taking from her soil \$500,000,000 worth of gold and enjoying a profitable "export" market. But last summer, with Europe aflame and with both Japan and Russia looming menacingly on the far eastern horizon, the U. S. appropriated \$50,000,000 for her defense.

Huge airfields are springing up, roads are penetrating the forests, and workmen such as those shown above are building bridges over the rushing streams. Soon 10,000 troops like the soldier at the right will disembark in Alaska.

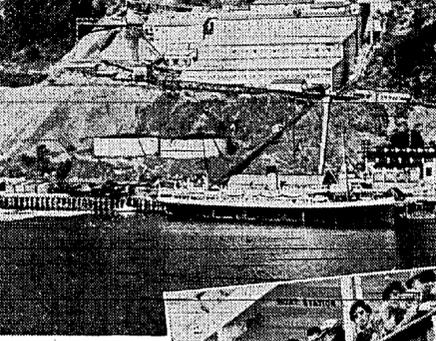

In the first 10 months of 1940 exports to the territory totaled \$41,600,000 against \$36,400,000 in the same period of 1938. Above (left), is Theo. C. Wiehe, president of the Schenley International Co., pointing to Alaska's place on the map, after predicting an unprecedented boom for the territory which he toured extensively.

Some 25,000 people are employed in 100 canneries (left) which pack 7,000,000 cases each year. Seal fishing is a profitable enterprise. Alaskan imports from the U. S. include meats, dairy products, grain, fruit, tobacco, cotton, etc.

The gold mill at Juneau (shown above) is the world's largest, providing a large part of last year's \$25,000,000 production. Next summer the biggest tourist influx in Alaska's history will arrive from the mainland in boats such as the one a section of which is shown (right). Should they venture north of Nome, they can almost see a Russian air base less than 50 miles away across Bering Strait.

Alaskans travel by air. This is the new Pan-American clipper.

Notes of an Innocent Bystander

The Front Pages: Benito Pop-Eye is so busy getting out of England's way that he hasn't noticed his press is getting lippy. Telegrafo of Leghorn, his own son-in-law's rag, is the sassiest. It admits the beating at Bengazi and even praises the victors' ability. . . The Spanish dailies are exhibiting boldness, too. They warn that Weigand's French army isn't keeping in shape just for a parade. They remind the Fascists the French would like to get drunk for the backstabbing of last June. . . Wendell Willkie, The Nation tells you, is satisfied to keep a feudin' with publisher Roy Howard. That weekly reports that Wendell declined to have the Howards as farewell buddies when he clipped to Europe. . . And Willkie's alliance with FDR inspires Detroit's columnist Harry V. Wade to anticipate the day when the Republican party will consist entirely of the Chicago Tribune.

The Story Tellers: The bad bargain the Bolog made with Berlin at the start of the war is exposed by Dr. Oleg Hoffding in Free Europe, publication of exiles in London. Moscow hoped to make the Hoines dependent on the Soviet Union. But Hitler's snatch of tiny nations shifted the advantage to himself. Which is why all the fingernails are short around the Kremlin—gnawed away. . . When an RAF flier takes off to strafe the Huns he knows where he's heading, take it from Carl Olson, writing in London's Illustrated. Every target is ticked in France and Naziland, and the bomb that hits it was the one that was picked for that spot. . . Irwin Shaw is talking back to PM's cricker Kronenberger. Shaw's play, "Retreat to Pleasure," had to retreat. Post-morteming it in Stage, Shaw says Kronenberger—has lots of unpublished and unproduced matter souring in his desk.

The Wireless: Jerome Frank, the SEC commish'ner, coined "brutalitarian" as a synonym for Nazi. But Winston Churchill doesn't need synonyms. If you heard him say "Nazi," in the classic he broadcast recently you know he put his own stamp on his wordage. The landing he packed into "Nazi" scared—the wave lengths.

Men About Town: New Yorkers Are Talking About: The investigation going on in Congressman Ham Fish's district. . . FDR's big Caribbean project which Summer Welles of the state dept "knows nothing about." . . D. Thompson, who wasn't fired by the H. T. She plans a hop to London next month. . . The rumor that Clare Boothe's show "The Women" may be revived under the title "Arsenic and Old Lace." . . How only two months ago Gen. Krivitsky (re-entering the U. S. via Canada after a year's wait for permission) sang lustily with his wife and child as they crossed the border. And how chums now say: "Why a man so happy two months ago should kill himself, we can't understand."

Knudsen and Hillman who want the President to draft B. Baruch into gov't service. . . Lockheed making fewer planes this year because it isn't getting delivery of fabricated aluminum parts. Besides, it is compelled to stick in incomplete planes in empty lots because it hasn't engines for them. . . The rumor that LaGuardia has been offered the post of proxy at City college.

Jack Benny's recent trip to N. Y. They are saying it wasn't only to see "Charley's Aunt," as reported, but to try and get out of his radio contract. Joe Penner's sudden death convincing Benny the strain isn't worth \$16,500 weekly. . . Whatever became of those investigations Wm. Rhodes Davis, the oil operator, "demanded" of Senator Wheeler to "clear his name"? And what happened to the prob of Verne Marshall? Ditto the investigation promised against control of Nazi women in U. S. industry? Who forgets them so conveniently?

The trouble Paramount is encountering with the pulpit over Hemingway's "For Whom the Bell Tolls." Because the Loyallists are glorified and because Marie never got a wedding ring once during the story. . . Konrad Bercovici's autobiography, due in April—which mentions freemasonry names. . . Its title: "And This Is Only the Beginning."

The New York Scene: Sallies in Our Alley: Jerry Cooper and a pal paused to read the Times Bldg. news flashes. . . "Looks like it's curtains for Mussolini," said the friend. . . "I think," added Jerry, "Venetian blinds would be the phrase." . . Milton Berle was gabbling about the unimportance of money. . . "It isn't everything, you know," someone said. "Money," added Berle, "is the last thing I think of—before I go to bed!" Joe E. Lewis calls his girl "Headache" Lamarr.

THINGS for YOU TO MAKE

Pattern No. 79220

CROCHET stars again in the form of attractive creamer and sugar pannaholders. Gay little flower sprays distinguish them as a set—lovely to give, receive or keep. Best of all they are speedily done in single crochet.

79220, 15c, brings the detailed directions. Do them in the kitchen colors or red, light green or blue with white flowers; the blue gives a lovely Wedgewood effect. Send order to:

Form for ordering crocheted items, including fields for name, address, and phone number.

Falling Shrapnel

Shell fragments from anti-aircraft fire fall like hail over the areas from which the shells are fired. This is one of the reasons for air-raid alarms—to clear the streets and surrounding zones of people who might otherwise be injured by the falling fragments. According to the U. S. bureau standards, the average anti-aircraft shell is blown into approximately 2,500 fragments, many of them small and relatively harmless. Occasionally, however, large fragments fall with velocity enough to damage buildings and cause serious or even fatal injury.

CREATING NEW WEALTH TO ORDER

Advertising creates new wealth by showing people new and better ways of living, and contributes to the prosperity of everyone touched by the flow of money which is set up. In this way, don't you see, advertising is a social force which is working in the interest of every one of us every day of the year, bringing us new wealth to use and enjoy.

# The Lamp in the Valley

BY ARTHUR STRINGER

W. N. U. Service

Carol Coburn, Alaska born, is returning north to teach in an Indian school.

She is disappointed that he is Sidney Lander and he is surprised in turn to learn her name. He is working for the Trumbull company which is contesting her father's claim. He is engaged to Trumbull's daughter.

### INSTALLMENT III

CHAPTER III  
I couldn't send documents which I didn't possess on to Sidney Lander. And I couldn't get any response to my repeated letters to the high-and-mighty Record Office officials at Juneau. I had to wait, as women so often have to do in this world.

She shifted his eud and brushed aside the miltened hand with which Katie was attempting for silence. "This ain't no place for college doods," he doggedly pursued. "I got one of them know-it-all engineers over 'r my shack right now. He kin talk big about geology and machine-minin, but he could no more take a tom-rocker back in the hills and wash out a poke o' dust than I could pilot one o' them airplanes that's stampeded our good ol' brand o' husky-dogs off the trails of Alaska."

"Carol Koyukuk Coburn," I said, feeling a little closer to him. "Sure it was, girlie," said my new-found friend. "Your pappy 'd been pannin' pay dirt along the Koyukuk and held he was handin' luck on 't you with that name." Sock-Eye spat luxuriously, indicated the right trail fork for Katie to take, and turned back to me. "But his own luck didn't hold out. It sure didn't." Still again Sock-Eye spat. "That was a dirty deal they gave him over on the Chaktana."

For the sun was swinging lower and lower and the wild fowl heading south. The fireweed was red on the hillsides and Lonce more faced the familiar old task of stoking a drum stove with spruce-logs. There was a sheeting of ice on the trail pools in the morning and we breakfasted by lamplight. Doctor Ruddock brought Katie O'Connell seven wild ducks which he'd shot on the Inlet, explaining that the six mallards were for the staff, and the spoonbill for the principal. With the coming of the first untimely snowfall, in fact, I'd taken to whiplod riding breeches and invested in a pair of paces, high boots made of rubber, with generous enough foot room to allow for at least two pairs of woolen socks. Katie, when she saw me thus attired, proclaimed that I once more looked like an old-timer. "Then she went over her combination rifle and shotgun, which she called a 'game-getter,'" and asked if I'd swing in with her on a moose-hunt across the Inlet.

"That's all very interesting," she bellowed. "But we're here to find an Indian baby. And if you can help us in our search I'd rather like to know it."

"And died fightin' for his rights, tryin' to push through 't the Record Office to git his patent from bein' cancelled?" But he was buckin' something too big for him. Seems like you got 't be a college o'logist and a law sharp before you can stake a claim in this country nowadays."

"But instead of a moose hunt we went on a baby hunt. For Katie had been right about her vanished pass-ports. Word came that our poor little redskinned Oedipus had been found abandoned in a poplar grove east of Wasilla. Doctor Ruddock, who brought the news to Tokluna, said there was a passable trail through the hills and he delegated Katie and me to motor over to Matanuska Valley and bring the outcast back.

"I was a comin' to that, lady, if you'll only keep your shirt on." And still again he spat with deliberation. "You're sure wastin' your time on them no-account Nitchies," he averred. His morose eye ranged along the far-off mountain peaks. "Same as I'm wastin' my time in this valley, betheh'n' it in a ten-twelve wickup and bakin' my own sourdough. I've got me a minin' claim 'up between the Little Squaw and the Goldstream where the mother lode runs as thick as your leg and one I got back there and open her up she's sure goin' to be a second El Dorado."

"I told him, briefly, about my work in Tokluna. But it didn't impress him much. "You're sure wastin' your time on them no-account Nitchies," he averred. His morose eye ranged along the far-off mountain peaks. "Same as I'm wastin' my time in this valley, betheh'n' it in a ten-twelve wickup and bakin' my own sourdough. I've got me a minin' claim 'up between the Little Squaw and the Goldstream where the mother lode runs as thick as your leg and one I got back there and open her up she's sure goin' to be a second El Dorado."

## Designers Use Chinese Styles In Spring Jackets, Capes, Hats

By CHERIE NICHOLAS

latest), and in jackets and capes. Success for 'Me,' new Chinese movement was mentioned at 'Fashion Futures,' that brilliant event at which authoritative style forecasters were dramatically presented in a spring preview. Beauty and simplicity of lines and simplicity in Chinese technique were pointed out in several fetching evening wraps and daytime suits. Two of the latter are pictured in the illustration here-with.

The jacket to the left credits green as a leading color for spring. The Chinese influence is apparent in its neat, trim lines and the gentle, natural-shoulder slope. An all-around pleated black skirt completes this two-piece. That the fashion group sponsors green is again evidenced in the jacket to the right, which also is Chinese-inspired. Note the styling in the black skirt.

And now for a most breathtaking thrill—capas! Watch capas go on parade this season along the highways and byways of fashion. There will be more capas than you can count, and doubtless you will be wearing a cape yourself for designers are turning them out in endless types and in every length from short to long.

Much attention will be given to cape linings. A demure monotone cape is lined the South-American way in purples, Peruvian pinks, blues, reds and yellows nicely assembled. The cape costume centered in the group pictured with its matching turban is typically a new vogue. It's smart in any color, but particularly so in oatmeal tweed with dashes of brown or gay tangerine.

There are breathtaking innovations, too, that are adding zest to the mode, not the least of which is the Chinese influence that is seen in colors, in millinery (coolid hats are the

(Continued by Western Newspaper Union.)

## Easy to Make Prints Accompany Plain Materials

There is sort of a gypsy charm and fascination about the new dresses, 56 they cotton, silk, linen or rayon. The skirt has just enough fullness, introduced by subtle ways, to give it the casual look. For the blouse top, the material is in monochrome. Quite smart is the black or navy jersey top.

For evening, lovely gowns are made of printed silk done in resplendent colors. A fitted bodice may surmount a skirt of billowy white mousseline on which is applied at strategic points flower clusters cut from the same print that fashions the waist.

## Coats Take On Dressmaker Touch

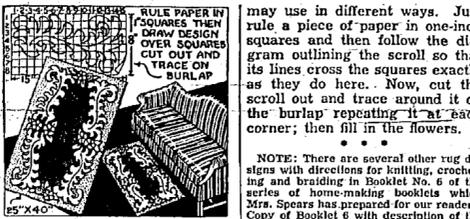

Dressy coats show much dressmaker detail. Wool weaves used are light weight and yield beautifully to fabric and surface treatments. All over braiding on the blouse top, done in self-color, enhances many a pastel coat. The new outdone shades, beige and brown, violet (very smart this season) pastel blue and muted pink are fashioned in this way. Tucking is another fabric treatment, likewise quilting which sometimes is done in an all-over pattern in sprawling leaf and tendril design.

## Handsome Plaids Come Into Picture

Coats, dresses, capes, jacket suits are being made of handsome plaids. Made up in the new coolie jackets, plaids top a monotone colored skirt. Capes of plaid bring drama into the spring style parade. These capes are long, and the style touch is achieved in epaulet effects formed of fringe.

## HOW TO SEW

by Ruth Wyeth Spears

HALF the fun of hooking rugs is in making your own designs. All you have to do is to mark the pattern on burlap with a wax crayon and then go over it with a warm iron to set it. Simple flowers are easy to draw and in the olden days real leaves were used for patterns. Scroll designs combined with flowers are popular now for use with Eighteenth-century furniture. The scrolls of the handsome rug shown here were hooked in gold color outlined in brown. The darker medium blue, the center darker blue and the flowers in tones of red and deep rose with leaves in two tones of green.

This diagram shows you how to make a scroll-pattern—that you

## Ask Me Another A General Quiz

### The Questions

1. Which of the Great Lakes has the least elevation above sea level?
2. In what country was the original Arcadia?
3. Of the bills vetoed by Presidents, does congress generally pass them over the veto?
4. Nobel prizes are awarded in how many fields of endeavor?
5. What name is given to a group of paid applauders?
6. From what language does the word mile come?
7. Who are the Genro of Japan?
8. Is there any city or town in the United States with an apostrophe in the possessive case in its name?
9. Queen Boadicea ruled over which of the following—Romans, Britons or Frenchmen?
10. How much does the earth curve in a mile?

### The Answers

1. Lake Ontario (245 feet above sea level). Lake Superior is 602 feet above.
2. Greece.
3. During the last 50 years congress has passed only 1 out of every 35 bills that have been vetoed.
4. Five. For distinguished work in chemistry, physics, physiology or medicine, literature, and the cause of international peace.
5. A claque.
6. Latin (milia passuum, a thousand paces).
7. Elder statesmen.
8. No city, town or village in the United States is officially listed with such an apostrophe in its name, although many of them, such as Grays Landing, Kings Mill, Martins Ferry and Penns Park, are in the possessive case.
9. Britons. She led the ancient Iceni tribes in revolt against the Romans, A. D. 61.
10. The actual curvature of the surface of the earth over the first mile is approximately 9 inches, increasing as the square of the distance. The U. S. bureau of lighthouses says that the curvature effect may be found by multiplying the square of the distance in miles by 8, the answer being in feet.

# Springfield Sun

"LET THERE BE LIGHT"

Published every Friday at the Henckels Building, 8 Plumer Avenue, Springfield, N. J., by the SPRINGFIELD SUN PUBLISHING COMPANY, INCORPORATED. Telephone Millburn 6-1256. Entered as second class matter at the Post-Office, Springfield, N. J., under an Act of March 3, 1917.

**EDITOR** MILTON KESHEN

Subscription price—\$2 per year in advance. Single copies, 5 cents. Communications on any subject of local interest are welcomed. They must be signed as evidence of good faith. Unpublished letters will not be published. The SUN reserves the right to print only those articles which it feels are worthy of publication. All communications and contributions must be in our office not later than noon on Thursday. Articles received later will not be published that week. It is important that this rule be observed.

Incorporated 1867; township form of government, settled early in 1700's. Springfield is essentially a township of homes, with little industry except for farming and nurseries.

46 miles from New York City on the Lackawanna R. R.; 7 miles to Elizabeth, 7 miles to Newark. Railroad stations at Millburn and Short Hills (four and a half miles from Burlington). Excellent bus connections to Newark, Elizabeth, Summit and Plainfield.

Highway Valley R. R. with freight station in township, affords service for factories, commercial and industrial purposes.

State Highway 29 in Springfield makes New York City convenient by auto in 30 minutes.

It has good streets, water, gas, electricity and modern sanitary sewer systems, excellent police, fire and school facilities, and is protected by zoning regulations.

## COMING EVENTS

- Feb. 28 (Fri.)—Lions Club, weekly supper-meeting, Half-Way House, Route 29, 8:30 P. M.

### GUIDANCE HEAD-ON VISIT IN DISTRICT

William Manza, director of guidance of Regional High School, has made several visits to the grammar schools, to assist-graduating grammar school pupils of the six school districts in planning their high school program.

Mr. Manza's purpose is to give advice, curriculum books and information on the various courses that the High School has to offer. On Tuesday of last week, Wilhelm Pelgobek, agriculture instructor, accompanied Mr. Manza on one of his tours to explain the various agricultural opportunities of his course.

# Mountainside Activities

## MRS. PHILHOWER IS HEARD BY SOCIETY

MOUNTAINSIDE—Mrs. Charles Philhower of Westfield was guest speaker at the meeting of the Ladies Aid Society Wednesday afternoon at the home of Mrs. John Pfeiffer of Central avenue. Her topic was "Understanding God."

The organization will hold its next meeting on March 26 at the home of Mrs. Thomas Doyle of Mountain avenue.

**ATTENDED CONVENTION**  
MOUNTAINSIDE—Recorder Albert J. Benninger served as chairman of the reception committee at the mid-year convention Saturday of the New Jersey Young Republicans at Hotel-Plaza, Jersey City. Benninger is county treasurer.

**PLAINFIELDER FINED**  
MOUNTAINSIDE—Charged with reckless driving and without driver's license, Herbert Burgess of 282 Geneva place, Plainfield, was fined \$44 by Recorder Albert J. Benninger in Police Court last Thursday night. Mrs. Cecelia A. Gouffrey of Walnut avenue, Scotch Plains, was assessed \$27 on a charge of careless driving.

**CHRISTENED SUNDAY**

10. Extension of mail delivery by local R. F. D. routes, to all portions of the township.

## SALARIES RAISED BY LIGHT COMPANY

Wage-standards for all employees of the Jersey Central Power & Light Company on an hourly pay basis have been increased by approximately five percent, effective February 1, according to Thomas R. Crumley, president of the company. The increase will cost the company about \$2,000 a year, which comes on top of various increases made since last November for salaried employees.

In announcing the increase, Mr. Crumley stated that while the rise in living expenses had not been marked so far, he anticipated living costs would rise during the coming months. Mr. Crumley also said that the company's taxes and other costs would be greatly increased during the year.

Classes of employees affected included line men, foremen, gas fitters, plant men, garage men, building employees, porters, elevator operators, steam engineers, firemen, substation and switchboard operators, truck drivers, cable splicers, trouble men, tree trimmers, meter testers, service men, welders, repair men, and other groups.

Certain classes of salaried workers, who work along comparable lines with the hourly employees, likewise received increases. These include employees whose work is of a technical or mechanical nature, distribution clerks, superintendents, and others.

The increase also brings the wages for common laborers in the permanent employ of the company up to 58 cents an hour, and laborers who have been with the company eight years receive 50 cents an hour. Approximately 900 employees out of a total of 1,650 are affected by the new increase.

## Debating Being Judged In School

During the past few weeks, the Dayton Debating Club has been conducting a contest to determine the best class debating team in Regional High School. Recently, the sophomore team A debated against the freshmen team B on the subject "Resolved, That The Radio Corporations Are Justified In Refusing To Sign The New ASGAP Contracts." The freshmen were declared the winners by the judges: Robert Reed, Arlene Bushman and Ross Cree.

A short time later, the sophomore team B defeated the freshmen team A on the subject "Resolved, That The Lend-Lease Bill Should be Passed." The judges were—Miss Marguerite Schoch, Mr. Reed and Mr. Cree.

Organization of teams in the upper division will be announced shortly. The lower division teams consist of: Sophomore Team A, Carol Klatskie, captain; Marjorie Gelger, John Metz and Vera Neufora; sophomore Team B, Allan

## VICTOR CONVERSO IN ORATORY EVENT

Victor Converso of Kenilworth, senior at Regional High School, represented the local school in the district elimination of the American Legion oratorical contest, Tuesday night in Scotch Plains High School, but failed to secure top ranking. First prize in the district went to Miss Miriam Beattys of Westfield High School, with Raymond Bonnel of Summit High as runner-up. The Regional entrant, spoke on "Americanism: What It Means To Me."

Miss Beattys will compete in further competition tonight for the right to represent Union County at finals in Union High School. Gregg L. Frost of Springfield, county oratorical chairman of the American Legion, will preside.

**Your Home — A BUSINESS ASSET**

Time was when a home owner had to prove himself an established "success" in business before he could build or buy a home. Today—our new FHA Plan reverses the process. An ambitious man—with a very modest salary—say, less than \$2,000—can begin with a home of his own. And his standing as a property owner in the community can contribute to his business success. Call on us for details about the new FHA Plan for small homes and learn how to become a home owner on a small income.

ALIENS MUST TELL OF ADDRESS CHANGE

Under the Alien Registration Act of 1940, every resident non-citizen must notify in writing the Commissioner of Immigration and Naturalization, Washington, D. C., of each change of permanent resident address within five days of such change.

In the case of a non-blitzed who has been registered by a parent or guardian, the change of address notification must be sent to the Commissioner by that parent or guardian. Every temporary resident non-citizen must notify the Commissioner of his or her address every three months, whether or not there has been a change.

Failure to comply with this requirement of the Alien Registration Act will result in a fine of \$100, three months imprisonment, or both. Official forms are available at all post offices.

MILITARY THEME IN SCHOOL YEARBOOK

The Regionologue, year book of Regional High School, will be based on a military theme. It was announced recently. The school will represent a training camp and the graduates as its trainees. The class officers will be referred to as military officers.

The motto of the camp will be to "Save Democracy." Instead of teaching the business how to use guns and munitions, the chief weapon will be education.

Our Library Use Your Library

Every afternoon, 7:30 to 8 P. M., and Fri. Evenings from 7:30 to 8 P. M.

You will find three of the most popular non-fiction books, according to the New York Herald-Tribune list, on the Library's shelves. OUT OF THE NIGHT by Jan Valtin, MY SISTER AND I by Dirk Vander Helde and THE WOUNDED DONT CRY by Quentin Reynolds.

OUT OF THE NIGHT is the story of Valtin's life. He was a German by birth and came of a seafaring family. He endeavored to make a living in his family's profession but was drawn into a Communist conspiracy and became an organizer of labor on the sea. He was sent on dangerous missions all over the world. In Germany he took part in the war between the Communists and the Nazi groups and landed in

Synopsis of Minutes of Board of Freeholders

Adjourned meeting of the Union County Board of Chosen Freeholders was held at the Court House, Elizabethtown, N. J., on Monday, February 10, 1941 at two P. M.

Director McNamee presiding. Roll call showed all members present.

Freeholder Smith made a motion to dispense with the regular order of business and take up the hearing on the budget, which was duly seconded and carried.

The following persons representing Committees and Associations spoke on the budget: Mr. Earl P. L. Birchfield, Chairman of the Union County Taxpayers Assoc.; Donald McNeill, ex-Mayor of Roselle Park and a member of the Union County Taxpayers Assoc.; H. C. Ayer, Secretary of the Taxpayers Assoc.; Mrs. A. Folcker and Mrs. Taylor, representing the League of Women Voters of Summit; Walter H. Foster, President of the Union County Taxpayers Assoc.

There being no further discussion, the Director declared the hearing closed.

Freeholder Dudley made a motion that the Board recess for ten minutes, which was duly seconded and carried.

Upon reconvening, roll call showed the following members present: Freeholders Ackerman, Bauer, Brock, Brooks, Dudley, Gehring, Rigby, Smith and Egan.

Freeholder Smith made a motion that the Board proceed with the regular order of business, which was duly seconded and carried.

Resolution amending Part III of the approved Budget for 1941, introduced by Freeholder Smith, and on motion of Freeholder Dudley, this resolution was on roll call unanimously adopted.

There being no further business and upon motion of Freeholder Gehring, duly seconded and carried, the Director declared the Board adjourned until Thursday, February 13, 1941 at two P. M.

**CITAS. M. APFLECK,** Clerk.

DER OF APPOINTMENT OF JOHN JACOBSON, also Order fixing his salary and his Oath of Office as Supervisor for the Union County Court of Common Pleas.

Tax Board, advising of the temporary appointment of James J. McCann and Joseph M. Lantz as Special Investigators for a period of one month, beginning February 1, 1941 at a salary of \$175.00 per month, referred to Finance Committee.

Hon. Walter L. Hatfield, III, advising of the appointment of Edith E. Jensen, as his Secretary, referred to Finance Committee.

Supt. of Weights & Measures, advising of the amount forwarded to the State.

Edward Bauer, legislator, advising that he has granted Mrs. Pierrucci Veal, a leave of absence for two months, without pay.

County Clerk, enclosing copy of Oath of Office of Louis J. Ilchards, as a member of the Union County Mesquite Extermination Commission.

Doris M. Fox, submitting her resignation as Clerk-Stenographer in the Freeholder's Office, effective February 6th, Bar Association, of Union County, advising that certain law reports, statutes, etc., are needed in Judge Hatfield's library, which is attached to his chambers, referred to the Finance Committee.

There being no further business and upon motion of Freeholder Dudley, the Director declared the Board adjourned until Thursday, February 27, 1941, at two P. M.

# Kathleen Norris Says:

## Don't Look for an Angel Instead of a Husband

(Bill Syndicate—WNU Service.)

He likes the best seats at shows, always comes for me in a taxi, sends me orchids.

By KATHLEEN NORRIS

**A** TROUBLED girl writes me from a Kentucky town to ask just how she can be sure that she loves her young man enough to marry him; just what tests of heart and soul and mind he should pass before she will know that he is the one and only love of her life.

"Should I think he is absolutely perfect in everything?" asks Nancy. "Because, while I love him very much, I do see his faults! They're not very serious, but suppose they grew more serious after we were married? I can't imagine myself liking another man better, or indeed liking another man at all, but at the same time Kenneth does fret me in certain little ways and I'm wondering how important they are.

"For example, he's extravagant; he likes the best seats at shows, always comes for me in a taxi if the family is using his car, sends me orchids and gardenias when there's really no occasion for them. Then he takes everything so lightly; I love books, poetry, art, but if I take him to an exhibition or concert he only goes to please me, and I know it. Also I never knew such a man for sport! He's a hunter, bass fisher, perhaps going to Florida or California for marlin, tennis, golf, bridge, dominoes; he plays everything and he will bet on anything. Since these things—or rather what they may lead to, really disturb me, am I safe in marrying this man I have known all my life and respect and love so well?"

What really disturbs ME about this letter is the almost infantile simplicity and self-centeredness of Nancy. It seems incredible that any girl could grow to marriageable age with so romantic and idealistic a viewpoint.

I'll tell you something about marriage, Nancy, and at the same time tell some of the other girls and brides who write me the same sort of question.

**Marriage an Eye-Opener.** Marriage is one of the eye-openers of life. War is another; serious poverty, long illness, enforced solitude and a religious vocation are some of the others. When you marry you wake up with a bump from all your little-girl dreams of that gallant suitor—who was going to ride into your life on a great white horse, and put you on a pedestal of devotion—more, of idolatry, forever.

The man you marry is as selfish as you are, perhaps even more so. He doesn't know it any more than you do. His innocent amazement that because you love your old friend Barbara you want to ask her to dinner once a week, that because you don't like cornbread you aren't ever going to make it, that you will send your mother five dollars' worth of flowers when she is ill and then insist that he turn out all the lights upstairs before he comes down to dinner, is just as innocently inconsistent as a hundred things you do.

Early married life is full of pin-pricks, jars and shocks. Often a young wife actually forgets the thrill, the glamour, the joy of belonging to Phillip, the pride of wifehood, in her bewilderment and distress over trifles that mean selfishness, indifference to her wishes, persistence in his own way.

**Face Percentage of Differences.** This is inevitable. Courtesy and affection may cloak the situation for a shorter or longer time, but eventually the man and woman must face a certain percentage of differences. Differences of opinion, of custom, of habits, or everything.

Not only that. The situation is complicated by the fact that a man is one thing when he is courting,

**UNPREDICTABLE**  
Do you look forward to marriage with an idealistic and romantic viewpoint? "Please don't," says Kathleen Norris, "for marriage is one of the eye-openers of life and in its early stages is full of jars, shocks, pin-pricks, and is unpredictable." In today's article are tips on how YOUR problem can be solved.

and quite another when the responsibilities of married life have settled upon him. Your extravagant sweetheart may not turn out to be merely reasonable in what he spends upon you, as a husband, he may be generous. The tight-clutch-loving man often is the home-staying husband. The man who fussed so long and so anxiously about not wanting to see too much of your family, may become as devoted to your people as you are. The husband who doesn't particularly care for children will be the most devoted of fathers; the dreamy unsuccessful man who couldn't hold a job turns out to be a genius, and surprisingly gives you fame and wealth.

Nothing is predictable about marriage except that it is unpredictable. If it is contracted between two reasonably agreeable and adaptable persons, a man and woman with some generosity of spirit, with at least the intention of making it a success, it can develop from the young passion and confusions and surprises of the honeymoon into the finest, deepest and truest relationship human beings ever will know.

**What True Marriage Means.** It can mean that in all the years to come the bond only draws closer and dearer. That the man comes home at night to gentleness, understanding, affection; that the woman grows slowly but steadily to feel that she need fear no crisis, no shock or sorrow in her life as long as Phil is beside her to help her face it. Years of companionship make marriage, and happy marriage is attainable by 99 couples out of every 100, if they but know it. True marriage means joys shared, sorrows shared, nursery delights and fatigues and crises and responsibilities shared, prizes and amusements, the successful dinner party, the unsuccessful dinner party, illness in the house, money worry, the raise in salary, vacations, visitors—and always the same man and woman, planning for them, talking them over, building between them the strong web of married friendship.

When a woman says to me: "From the very beginning Ned has been the sweetest, the gentlest, the most considerate of men. There's never had to be any adjustment, any concessions on my part. We were sweethearts 25 years ago and we are sweethearts today," she is saying as much for herself as for her Ned. She is saying "we were both then, gentle, reasonable human beings, disciplined into consideration and wisdom before we were ever married."

A lovely woman was praising her husband after 16 years of wedlock in terms that brought tears to her eyes and his.

"I was a foundling," she told me later, "for the first 13 years of my life I had nothing and nobody belonging to me. I hung round for home, for love, for a chance to live. Charley was my boss's son when I had a factory job, he had been crippled and we thought he could not live. But he did live, and he got well, and all our happy years followed!"

In other words, she told me that she and Charley had both been to the hard school of life, and had learned some of its lesson before marriage and not after it.

**Mary Coloste Mystery**  
The Mary Coloste was a sailboat which left New York harbor on November 7, 1872, under Capt. Benjamin S. Briggs. She was laden with alcohol and bound for Genoa. Five weeks later the ship was found abandoned in the Atlantic 300 miles west of Gibraltar. The crew has never been heard from.

**SAN FRANCISCO.**—The gray is in Tom Sharkey's hair at an age of 68, but the barrel chest still remains. The most famous of all the fighting sailors still looks tougher than a battleship.

Sharkey fought them all—Jeffries twice, Corbett, Fitzsimmons—the top of the list.

"Your toughest fight," I suggested, "must have been that 25-round battle at Coney Island?"

"It was in one way," Sharkey said, "but in another way I had an even tougher scrap. I know this was the hardest fight I ever lost. It was against a fellow known as Mexican Pete—a tough guy. The referee was even tougher. He was Horse Johnson. Around the middle of the first round I got set and nailed Mexican Pete on the chin with a full left hand. The back of his head hit the floor and Mexican Pete was colder than a mackerel on ice. But Horse Johnson leaped down and lifted Mexican Pete's right hand. 'Here's the winner,' Johnson said.

"I was ready to kill him. I rushed at the referee and said, 'You're either crazy or crooked.' That was a clean knockout."

"I say Mexican Pete was," Horse Johnson said. "And as he said it he pulled out a forty-five and stuck it in the pit of my stomach. I didn't even think twice, for we were fighting in a tough town where everyone had backed Mexican Pete. 'You're right,' I said. 'Mexican Pete wins.'"

"Those were tough days in the fight game," Sharkey recalled. "We fought in rain and sleet and snow, and no champion ever aspired to be a gent. We fought with a bunch of guns around the ring, looking for trouble. They were hard days—very hard days."

**The Jeffries Fight**  
"I still think I beat the greatest heavyweight of all time," Sharkey said, "when I fought Jim Jeffries at Coney Island. I know Jeff cracked three of my ribs. But what are three cracked ribs? For that fight I weighed 198 pounds and Jeffries weighed 208. I had to spot big Jim 39 pounds. But the point I'm making is that I was the aggressor through 25 rounds. Remember that line Paul Armstrong wrote about me: 'Round after round Sharkey came on like the sun!'"

"Jeff stood and waited. I had to do all the rushing—all the leading. They gave me no credit for that. And it was still close. I still believe the fellow who forces the fighting should get more credit than he gets today. Suppose I had stood and waited, for Jeffries. There would have been no fight."

**The Iron Man**  
"And yet I think he is the greatest—or at least one of the greatest—heavyweights that ever lived. Jeff was big, strong and fast. He was dead game and a murderous puncher with that left hand. He was hard to hurt. I don't believe there ever was another fighter who could take the beating that Jeffries could take. As some said about him: 'You might as well be punching a hydrant.'"

"He wasn't even close to the real Jeffries when he fought Jack Johnson. He was the 'hollow shell' they called him later. A middle-aged fellow who had been out of training for five or six years. I know Jack Johnson never beat the fellow I fought at Coney Island—not by 10 miles."

**Give and Take**  
I asked Old Tom, the sailor, what it took to make a good or great fighter.

"Many things," he said, "and that's why there are so few good fighters. First of all there must be heart and speed—the lightning heart, plus fast hands and fast footwork. After that there must be the ability to take it. A good fighter must be able to punch—and also able to take a punch. These are two of the important things—the old give and take."

**There's another thing,** Sharkey added. "The good fighter must have good legs. I've always been a great believer in road work. Most of these modern fighters don't even know what road work is. I mean 30 or 42 miles a day. And through many days—or many weeks. Or even many months. I'd say Gene Tunney was the last of the crop who knew what condition meant. Tunney worked hard for six years and was ready for Dempsey—and he really worked."

WON'T YOU COME FOR TEA? (See Recipes Below)

**TIDBITS FOR TEA TABLES**  
A visiting celebrity comes to town, there is a new bride to be entertained. For these and many other occasions, an afternoon tea provides just the right touch of sociability.

You can be on the committee in charge and still have as much fun as the guest of honor if you make your plans carefully. Plan to make only enough tea for 12 teacup servings at one time, and repeat the process as fresh tea is needed. A large saucepan works like a charm for such teamaking. The 6 tablespoons of tea loosely in 2 thicknesses of cheesecloth. Place the bag in the saucepan and pour 2 quarts of vigorously boiling water over it. Cover and let stand for just 5 minutes over a very low heat. Then pour the tea immediately into a teapot which has been rinsed with scalding water. The tea bag can be removed and the remainder of the tea kept over, low heat until it is needed.

If it is part of your job to buy the tea accompaniments—the sugar, lemon and cream—remember that there are about 80 tablets of sugar in a 1-pound box and that you should count on 2 per serving. Allow 2 tablespoons of cream per serving. Cream per serving—a pint and a half of cream will be more than sufficient for 25 persons. Allow also 1 slice of lemon per serving. A large lemon makes about 10 slices, 1/4 inch thick.

Then, should you be asked to bring two or three kinds of cookies or several dozen midget tea cakes, here are recipes that will make your tea contribution outstanding. There are fruit cake fingers rolled in chopped almonds and toasted in the oven, a simple-to-make tidbit that has a special affinity for hot, clear tea served with lemon. The small almond finger biscuits have pale beige frosting and are as fragile enough even for a bride's tea. Amusing as can be the Swedish nut wafers, which are baked on the bottom of bread pans, cut into strips and molded over a rolling pin into crisp semi-circles.

**Fruit Tea Fingers.** (Makes 16 fingers)  
Fruit cake  
1/4 cup condensed milk  
1/4 cup almonds (finely chopped)  
Cut fruit cake into 16 fingers about 2 1/2 inches long, 3/4 inch wide and 1/4 inch thick. Cut into 1-inch squares. Spread each finger with condensed milk on all sides and roll in chopped almonds. Place in a 2-quart heat-resistant glass utility dish and bake in a moderately hot oven (375 degrees Fahrenheit) for about 30 minutes or until lightly browned.

**Swedish Nut Wafers.** (Makes 6 dozen wafers)  
1/4 cup shortening  
1/4 cup sugar  
1 egg (well-beaten)  
1 1/2 cups flour (all-purpose)  
1/2 teaspoon salt  
1 teaspoon baking powder  
2 tablespoons milk  
1 teaspoon vanilla  
1/4 cup chopped nut meats  
Cream shortening until soft, then add sugar gradually, creaming until light and fluffy. Add egg and combine thoroughly. Sift flour once before measuring, then add salt and baking powder and sift again. Add milk to the creamed ingredients, then flour and vanilla. Spread a part of the batter in a very thin, even layer over the bottom of a bread pan, using a small spatula. Sprinkle with nut meats and mark into strips 3/4 inches wide by 1/4 inches long. Bake, one pan at a time, in a moderately slow oven (325 degrees Fahrenheit) for about 12 minutes. Cut into strips, loosen strips from bottom of pan with spatula, and shape each one over the rolling pin. If strips become too

brittle to shape, return them to oven to reheat and soften.

**Almond Finger Biscuits.** (Makes 5 dozen)  
1 1/2 cups cake flour  
1 teaspoon cream-of-tartar  
1/2 teaspoon soda  
1/2 teaspoon salt  
1/2 cup butter  
1/2 cup sugar  
1 egg (separated)  
1 tablespoon warm water  
1/2 cup almonds (finely chopped)  
1/4 teaspoon vanilla  
1/4 cup confectioners' sugar  
Sift flour once before measuring. Add soda, salt, and cream-of-tartar and sift together. Cream butter until soft, add sugar gradually, then add egg yolk beaten with warm water. Add flour to creamed ingredients and combine well. Chill dough in refrigerator for about 1 hour. Roll stiff dough out 1/4 inch thick on lightly floured board or pastry canvas. Add vanilla to egg white, then beat in confectioners' sugar (use rotary beater) gradually until the icing is smooth and the proper consistency to spread. Spread frosting over dough and sprinkle surface with almonds. Cut dough into strips 1/4 inch wide and 3 inches long, then place carefully on lightly greased baking sheet. Bake in a moderate oven (375 degrees Fahrenheit) until they are a light brown color, about 10 minutes.

**Thin Tea Cakes.** (85 2-inch cakes)  
4 1/2 cups cake flour  
6 teaspoons baking powder  
1 teaspoon salt  
1 cup butter or other shortening  
1 1/2 cups sugar  
5 eggs (separated)  
1 1/2 cups milk  
2 teaspoons vanilla  
Sift flour once before measuring. Add baking powder and salt and sift 3 times. Cream butter until soft, add sugar gradually, creaming until the mixture is light and fluffy. Add the dry ingredients to creamed mixture in thirds, alternately with milk, beating until smooth after each addition. Add vanilla. Beat egg whites until they are stiff but will still flow from an inverted bowl, and fold them lightly into the cake batter. Drop the batter from a dessert spoon into folded muffin tins about 2 inches in diameter. Bake in a moderate oven (350 degrees Fahrenheit) for 20 minutes. Cool and ice with your favorite icing.

**Peanut Crescents.** (Makes 30 crescents)  
1/2 cup butter  
3 tablespoons powdered sugar  
1 cup flour (all-purpose)  
1 cup pecans (finely chopped)  
1/2 teaspoon vanilla  
Cream butter, add sugar and blend well. Add flour gradually and mix thoroughly. Shape into small rolls, about the size of a finger, then form into crescents. Place on a greased baking sheet and bake in a moderate oven (350 degrees Fahrenheit) for approximately 20 minutes. Roll in powdered sugar while warm.

**Meringue Bars.** (Makes 40 1 1/4-inch squares)  
1/2 cup shortening  
2 cup sugar  
2 egg yolks (well-beaten)  
1 teaspoon vanilla  
1 1/2 cups cake flour  
1 teaspoon baking powder  
1/2 teaspoon salt  
1/2 cup jam  
Cream shortening and add sugar gradually. Beat in egg yolks and vanilla. Sift flour once before measuring, then add baking powder and salt and sift again. Add flour to shortening and sugar mixture, mixing thoroughly. Spread 1/4 inch thick on well-greased baking sheet. Spread lightly with jam. Top with the following meringue and bake in a moderate oven (350 degrees Fahrenheit) for about 25 minutes.

**Meringue**  
2 egg whites  
1 cup brown sugar (firmly packed)  
1 cup nut meats (finely cut)  
Beat egg whites until stiff, and gradually beat in the sugar. Fold in nut meats.

# Star Dust

STAGE-SCREEN-RADIO  
By VIRGINIA VALE  
(Released by Western Newspaper Union.)

**AT LAST** moviedom's favorite word, "colossal," can really be applied to a motion picture, "Land of Liberty." It was more than a quarter century in the making, cost incalculable millions, and boasts a cast of more than 30,000, headed by dozens of top-flight stars. Cecil De Mille assembled it. It's an all-Industry picture. It was assembled from scenes of 112 feature pictures, dozens of news reels, shorts and documentary films, dating from the present day back before "The Birth of a Nation."

Some of the "matching" of scenes from different pictures is remarkable. One instance covers a mine disaster, the first part of which was taken from De Mille's "Dynamite," produced in 1923, and the second part from a news reel shot of an actual event, taken in 1937.

This is a stirring document, as well as a great human one, far more important than a mere motion picture. The producers receive no revenue from "Land of Liberty"—rental receipts beyond cost of distribution will be devoted to war emergency welfare work.

Jane Russell, the new Howard Hughes discovery who will make her movie debut in his "The Outlaw," has been chosen "The Girl of the Year" by the Sigma Phi Epsilon

JANE RUSSELL

chapter at Duke university. Certainly not because she's described by the old song, "Five feet two, with eyes of blue," either. She's five feet seven, weighs 122 pounds, and has brown eyes and hair.

The men of Sigma Phi Epsilon like the fact that she has "enough like on her bones to make a bathing suit justify its existence, obtainable only by ordering flapjacks and sausage instead of lettuce-and-tomato sandwiches when on dates with fraternity men." Says Jane, as comment on that, "And do I call her a horse!"

Mickey Rooney pushed war news off page one of the London Daily Mirror recently, when it was announced that as the result of a poll of 4,000 British cinemas—motion picture theaters, to us—he was the top box-office star of 1940. He also won top honors in the recent annual poll of American exhibitors.

Shirley Hayden is headed straight for the top, if Paramount executives know anything about what makes a movie star. He's slated for a top role in "Dildo Gay," opposite Dorothy Lamour; he'll play the rich young owner of an island in the Caribbean who's regenerated by his over-seer's daughter. And a year ago Hayden never dreamed of having a movie career!

Greer Garson stars her second year in pictures in this country with a new Metro-Goldwyn-Mayer contract. The outstanding role of her career. In "Blossoms in the Dust" we'll see the full beauty of her red hair and green eyes. The picture is based on incidents in the life of Mrs. Edna Gladney, famous Texas humanitarian who has devoted her life to child welfare.

Johannes Staal of the Mutual chain probably the only radio newsmen in America with a price on his head and a prison cell yawning for him; should he ever be caught in Germany. Son of a Prussian officer father and a Scotch mother, he was born in Heidelberg, and held many an important position. Not in favor of Hitler, he spent nine days in a Nazi prison, escaped, and finally reached this country, where he became an American citizen.

**ODDS AND ENDS—Hedy Lamarr** rates good parts after the way she came to life in "Madame X." Joan Crawford broke 7 mirrors the other day and didn't bat an eye; it was just part of the day's work. She finished the scene, went to her dressing room—and broke her hand mirror. "A lady Luck can chalk that one up against me!" she smiled. Columbia Pictures has signed CBS news reporter Linton Wells and William L. Shirer to co-star with Dorothy Thompson and Wythe Williams in "What's the Shooting For?" first of an "International Forum" series.

# NATIONAL AFFAIRS

Reviewed by CARTER FIELD

**Wheeler's attack on aid to Britain not considered likely to make converts . . . Votes in Congress on British aid show very few willing to shut off military supplies.** (Bill Syndicate—WNU Service.)

**WASHINGTON.**—The latest controversy between President Roosevelt and Sen. Burton K. Wheeler of Montana goes to the very nub of the whole aid-to-Britain issue. Wheeler attacked the administration for giving virtually all the good fighting planes and bombing planes to Britain, and thus depriving the United States national defense of this vital equipment.

The President took the position that this sort of publicity must be very good news for Hitler, though he did not explain whether he meant this was good news because Hitler then would know that the volume of plane deliveries we were making to Britain was the best we were able to do at this time, or whether it would please Hitler to know that the United States was stripping its own defenses.

Be that as it may, the point goes much deeper. The point is that if one accepts the position so long held by the President, and by Wendell E. Willkie, that every blow British strikes is helping the United States to the extent that it weakens Germany, then obviously the sound sensible thing for the United States to do is to give Britain everything possible, not because we like Britain, but because—in a way—the British are fighting our battle.

A considerable proportion of the people of this country approve this position, and from the results of recent polls, an overwhelming majority want to help Britain all we can.

In view of this obvious position of the President, it would seem that Senator Wheeler is guilty of muddying the waters when he says that not most but all the fighting planes we produce are being sent to Britain.

**'CONVERTS' UNLIKELY**  
It seems to be a rather oblique attack to single out an obvious part of a policy as being cockeyed if one hopes to win any converts from the other side.

Of course there is no such hope. The minds of the great majority of Americans are pretty well set on this whole thing. Either they believe in aiding Britain or they do not. If they believe in aiding Britain, the individual sections or pieces of the aiding program are not important. If we are going to help Britain, obviously we had better make sure that Britain is not beaten, so the more we can aid the better for us in the long run.

**Congressmen Agree On Principle of Aid**  
Winston Churchill's reference to Wendell Willkie as the head of the "great Republican party" in the recent presidential election in the United States was gall and wormwood to the Republicans in the house and senate who took a far different attitude on the aid-Britain bill.

But, just as the pro-Nazis had no place to go in the presidential campaign, so those who would leap upon Churchill's picture of both great parties in the United States being as one to help Britain as a gross misrepresentation are again in a very bad strategic position.

It is rather obvious that if the Nazi propagandists pick and choose among the utterances of opponents of the aid-Britain bill, both in the house and in the senate, they can find plenty of comfort. They can show the German people, rather convincingly, that America is torn to pieces over this issue.

**VOICES MORE IMPORTANT**  
But when it comes to the VOICES taken in the house of representatives, that is something else again. For instance, while a strong minority voted against final passage of the bill in the house, virtually every one of those house members had voted FOR an amendment which would have authorized a loan to Britain of \$2,000,000,000 as a substitute!

In short, from the record of votes rather than speeches, it would seem that the only real issue dividing the house of representatives, and therefore presumably the American people, is the METHOD of aiding Britain.

Bear in mind that no one who raised his voice in favor of a loan of dollars as against lending equipment ever suggested the slightest hope that these dollars would ever be repaid! The notion of all these supplies being repaid in kind AFTER peace has returned is one calculated to bring the strongest of protests from any international trade expert. Not to mention anyone worrying about unemployment in this country after the war.

# Here's Wealth of Useful Apron Ideas

**LAY** in a supply of pretty cottons like chambray, gingham, calico and percale, send for these two easy patterns, and make your self plenty of comfortable aprons. No. 1247-B is the kind of cover-all that goes on in a jiffy, stays put and protects your frock thoroughly. Design No. 1258-B includes a pretty tie-around and a little tailored collar, as well as an unusually well-fitting pinafore, with slim waistline section.

Pattern No. 1247-B is designed for sizes 32, 34, 36, 38, 40, 42 and 44. Size 34 requires 3 yards of 35-inch material and 8 1/4 yards of trimming. Pattern No. 1258-B is designed for sizes 14, 16, 18, 20, 40 and 42. Corresponding bust measurements 32, 34, 36, 38, 40 and 42. Size 18 (34) requires, for No. 1, 3 1/2 yards of 38-inch material; 2 yards apron; for No. 2 with collar, 2 1/2 yards and 1/2 yards trimming. Send order to:

## THE PAPERS OF PRIVATE PURKEY

Dear Mom:

I did not write you before because there is more work to be done in an army than I thought, so this is just to say I am well except for a little flu, some trouble with my arches and the fact I can't get used to not being able to say "Okay, later," when I am told to do something.

Training has started and I guess I am being trained to be a letter carrier from all the walking they make me do in all kinds of weather. A modern rifle arrived in camp today and attracted wide attention. We expect to have several in time if there is no strike trouble.

Only the top of my uniform was ready when I got here, but the bottom has arrived now. I am well and hope you are the same. Do not worry about me, mom, as I have to go to bed early and am too busy saluting to get into trouble, although it being in the army ain't being in trouble I don't know what is.

Love, Oscar.

Dear Mom:

I thought I would drop you a few lines to let you know I have not seen no fighting yet. I heard funny noises last night and was very nervous, but everything was okay this morning so I guess it was all imaginary.

They do not get you up by bugle no more in the army. They use an electric buzzer. I kept getting up and looking for a front door on my tent because I thought it was the milkman or somebody. Where I made my mistake was going back to bed when I found no milkman, and just yelling "nuts!" to the buzzer the rest of the morning.

The guardhouse is not a bad place and I will be out in a few days.

Love, Oscar.

Dear Mom:

I am out of the guardhouse which I mentioned in my last letter but I still don't like buzzers. If the bugle was good enough for Grant, Lee, Sherman, Teddy Roosevelt, and Pershing, it is good enough for me. I was talking this over with a buddy and he says he thinks the buzzer is being used just to make the army mad. An army is no good unless it is mad, he says. Well the buzzer will do it. A bugle would make me mad at 8 a. m. too, mom, but it is sort of romantic. It kind of stir you up and makes you feel like you was a fighter. A buzzer just makes you feel like you was a stenographer.

We have a couple of millionaires in my company. One of 'em is a Rockefeller. It is a funny thing how no matter whether you are rich or poor your feet hurt just the same. The photographers are always taking pictures of these rich guys—but none of me but you know how I look anyhow so do not worry.

I am well except for that buzzer. I can't help hollering "Come in!" whenever I hear it.

Could you send me some warm socks, a homemade cake and some dice?

Love, Oscar.

Dear Mom:

Well, just a line to let you know everything is still okay at the arsenal of democracy as it is called in the newspapers. I am getting along well, except the coffee is lousy and the cream is plain sabotage. Another modern rifle arrived today, so I guess things are speeding up in the defense program.

I nearly got in the guardhouse again. I asked the captain for a typewriter so I could write my letters that way and he said why should I think I gated a typewriter. I said, "Well, this is a machine war, ain't it?" He got very sore.

Never mind the dice I asked you to send me. The camp is now full of 'em. Dice are the one thing which ain't behind schedule.

Love, Oscar.

THE DIZZY FACE

Greth's girls have measles. Mel Davis called on Harley Hills Monday.

Mrs. Ruth Inman is up with an attack of lumbago.

Our roads are so full of awful deep ruts that it is impossible to get by without a team along.

Carl Hills was at the home of his parents, helping with wood.

Fox-hunters were out every day last week running foxes.

## FIRST-AID to the AILING HOUSE

By ROGER B. WHITMAN

(© Roger B. Whitman—WNU Service.)

**Magnesium Stucco.**  
Question: Some 17 years ago I stuccoed my house with magnesium stucco. The metal lath has started to show through and some cracks are appearing. I am trying to find a finish which will be nearly like the present gray to contrast with the red tile roof.

Answer: Once magnesium stucco has begun to disintegrate, there is no permanent method of stopping this condition. The only remedy is to remove the present stucco and re-finish with a good portland cement stucco. You can get the desired color from one of the makers of colored stucco.

### Renovating.

Question: In doing over an old farmhouse, I intend to strip walls and ceilings of all lath and plaster, and to run necessary pipes and conduits before replastering. Would it be better to use wood or metal lath?

Answer: There is no heat, and it is not expected to put in, at once, but with insulators for steam or hot water which the plaster is off. Would you prefer steam or hot water? Why?

Answer: For a house that is to be occupied only occasionally, I should prefer some form of circulating warm air. With both steam and hot water, all water would have to be drained off on leaving, and on opening up the house, it would be many hours before the system could be filled and the radiators heated. With warm air, all of this would be avoided. Do not overlook the need for putting good metal weatherstrips on all windows and outside doors.

### Vegetable Storage.

Question: Please give me the requirements for building a cold room for the storage of fruit, vegetables, etc.

Answer: Enclose the area to be used for the storage room with a rigid insulating board. Use four-inch studding, and cover both sides of the walls with the insulating board. A small window in the partition will help ventilate the storage room. The window should not be opened so wide as to permit the warm air of the cellar to get into the cold room. The walls and boards could be painted with aluminum paint to keep any possible dampness from damaging the insulating board, as well as provide additional insulation. The door must fit snugly in the wall.

### Soundproof Doors.

Question: After I have insulated a wall to keep in the noise, how can I make the door soundproof?

Answer: Reasonable sound resistance may be obtained by applying a felt stripping on the door frame, the felt strips to fit closely around the door when closed. The space between the door sill and the bottom of the door is closed up by installing a special type of felt strip which automatically closes down on the door saddle. Panel doors should have the panels taken out, and the spaces filled with a rigid insulating board. The entire door is then covered with insulating board on both sides.

### Plastic Paint.

Question: Is lime ever used for plastic paint walls? What is a good medium rough finish? Can plastic paint be put on over old plaster? Are ceilings given the same texture as the walls?

Answer: Plastic paint contains glue or some other adhesive, and will stick to any surface, including old plaster. Gypsum plastic paint is inexpensive, and you will get better results through buying it, than in attempting to mix your own. The dealer from whom you buy it should have instruction sheets describing the different plastic finishes. Ceilings are usually finished smooth.

### Fireplace Hearths.

Question: The specifications call for a fire brick floor in a fireplace. Instead, the builder has laid a concrete floor claiming this is more heat retaining than the fire brick. We have our doubts about this and would like your opinion.

Answer: Fire brick might be more satisfactory for the purpose. However, if the concrete was laid in sufficient thickness and proper proportions it should prove serviceable.

### Painting a House.

Question: In painting a frame house, is it advisable to put on a coat of aluminum paint first? If so, why? Is it more costly than ordinary paint?

Answer: Aluminum paint is most widely used for a priming coat on new wood surfaces. It makes an excellent base for the following coats of paint. In repainting it is not necessary. Aluminum paint does not cost more than ordinary paints.

### Fireproofing Paper.

Question: How can paper be made fireproof?

Answer: Soak it in a solution of 8 ounces boric acid and 10 ounces borax in 1 gallon of water. Float the paper on the liquid until thoroughly saturated, and then hang up to drip and dry.

### Stains in a Sink.

A correspondent writes that stains can be removed from porcelain sinks by sprinkling chlorinated lime in the sink in the evening. By morning all spots so treated and sprinkled will disappear.

As time goes on advertising is used more and more, and as it is used more, we all profit more. It's the way advertising has—

of bringing a profit to everybody concerned, the consumer included

# Regional Loses In Big Five Play Off

Rahway High School continued on its holiday of championship wins as it took its second title in five days by losing out the Regional High for the Big Five Conference honors, 41-38, on the Linden High court Wednesday night. The play-off victory gave Rahway undisputed championship rights, for they defeated Hillside Saturday night to win the 1941 Union County Conference crown.

Rahway was expected to win in a walk Wednesday night, for they had played at the peak of their form and Regional was expected to be weakened by the loss of over-age Babe Pashman since the teams last met in Springfield. Both teams had won one of their encounters on home courts.

During the first half, the lead changed nine times until Rahway went ahead in the second quarter, 13-12. Therefore Coach Bill Brown's boys trailed, almost catching up to their opponents in the fourth quarter, but Hoodzow's seventh field goal spelled victory in the closing two minutes.

He and Johnny Wanca, star Regional forward, shared scoring honors, 17 points apiece. Wanca played one of the finest games of his career in the closing half as Regional outscored the winners, 20 to 15. Within the last minute, both Fred Jenkins and Wanca left the game on personal fouls.

Hillside Wins Again  
Hillside's 16-15 victory over Regional in the county tournament semi-finals, their second win of the year over the Bulldogs, was made with the fewest points in any-tourney contest.

The Hillers used a 2-3 zone de-

fense and Lenny Wets, who substituted for the ill Stanley Zelig, did brilliant work in retrieving the ball under the Regional backboard, surpassing the play of the regular.

Both teams were "sorely ineffective in accuracy when it came to shooting. Regional was behind, 16-13, with a minute of play when Wanca drop a one-hander and was fouled in the attempt. Bedlam broke out as the high scoring Wanca poked for a foul shot which would have tied the count, but the ball snug against the rim and rolled off.

Hillside took possession and a pass from Morris to DeProspro resulted in a basket which put the game on ice. It is interesting to note that Hillside failed to score a foul shot.

## "WESTERN UNION" AT RKO PROCTORS

"Western Union" starring Randolph Scott, Dean Jagger, Robert Young and Virginia Gilmore, is now showing at R. K. O. Proctors, Newark. The companion feature will be "Michael Shayne, Private Detective."

## Qualifying Round In Wrestling Tomorrow

Qualifying rounds for the district wrestling championships, prior to competing in the State tournament at Regional High School March 9, will be held tomorrow for Division 2 at Roselle Park High School.

Teams in the district favored to send the largest number of boys are Regional and Roselle-Park, the other entries of Westfield, Bound Brook and Perth Amboy not being expected to show too much strength. Only a first-place winner is eligible to compete in the State meet and a cup will be awarded to the district team winner, making competition keener.

Roger Alcroft, Regional's star 125-pounder; Bob Price, 155-pounder; Roddy Lister, 145-pounder and Carlson, in the 145-pound class, loom as district favorites. Coach Joe Battaglia's wrestlers were undefeated this season in eight meets and Roselle Park lost only once, to the State championship Newton squad.

## CHAMPIONSHIPS SET FOR TABLE TENNIS

The annual Union County table tennis championships, men's and women's singles only, open to all residents of the State, will be held March 12 and 13 in Cranford, sanctioned by the U. S. Table Tennis Association and conducted by the Union County Table Tennis League.

Preliminary rounds will open Wednesday, March 12, at Cranford Casino, and the finals the next night at Cranford High School. In conjunction with the finals, the Union County Tennis League announces that five of the greatest table tennis players in the world will be on hand to give exhibitions.

The quintet includes Louis Paulino, Lasse Belak, Sander Glanz, Ruth Aarons and Jimmie McClure. This is the first time in New Jersey that these five players appear together. A capacity crowd of 1,500 is expected to top last year's attendance figure of 1,000. Admission is 50 cents. Benjamin F. Newmeyer of Cranford, a local teacher in the James Caldwell School, is secretary of the Union County Table Tennis League.

**Edward Ruby**

(Continued from Page 1)

from the beginning. Meehan wanted to develop him into a star and took pains in giving him the proper care. "It was not until the Pittsburgh game in 1922 which was played in the Yankee Stadium that I felt sure that I had earned a regular berth on the first team. Pop Warner's Panthers were out to slaughter us that day. We just managed to beat them by a 3-0 score."

It was this game that assured Meehan that Ruby would shine on the next year's team. He would only be a junior and another year to go! In the Pittsburgh game he played exceptionally well, running, making gains, in fact, he played so hard that when he tackled a man in the third quarter the ball fell out of the opponent's hand and Ruby made a dive for it. And so did another Pittsburgh player who accidentally struck Ruby in the head and knocked him out.

"Hard Luck Wonder"

Coach Meehan called Ruby his "hard luck wonder" and Meehan had good reasons. While performing for Syracuse, Ed suffered a broken ankle, nose and arm plus six broken ribs. "When I fractured my ribs, I was tackled by a small fellow, almost a midget. I was in the open when all of a sudden, he came from nowhere and tackled me. Down I went. When I awoke, I was shocked to learn that such a little man had so much power."

In 1923 Syracuse was selected as

## "GONE WITH THE WIND" DUE AT STRAND

Vivien Leigh and Clark Gable in scene from "Gone With the Wind" which opens next week at the Strand, Summit.

the third outstanding team in the country and turned down an offer to play Southern California in a post-season game.

Some of the men with whom Ruby played are Jack McBride, present coach of the New York Yankee professional football squad and Lynn Waldorf, current coach of Northwestern University.

Ruby's football knowledge helped the Springfield Stars, the local semi-professional team, capture second place in last year's North Jersey League. He was co-coach with Bill Brown, football coach at Regional High School.

In the Fall, Co-coaches Ruby and Brown will guide the Springfield

Stars from Elizabeth where the organization has transferred its franchise. A group of Elizabeth businessmen will provide the necessary financial backing. Games will be played in the Williams Stadium of Elizabeth.
