

By the apathetic attitude of the Township Committee on keeping "hand off" bagatelle machines, that is to say, without enacting any regulations on license fees, etc., it is obvious that the townfathers give their blessing to any youngster to spend their nickels without restraint.

Elsewhere, boys and girls under 21 years of age are prohibited from playing, but in Springfield, they have the "go ahead" signal. It's all wide open, it's "Welcome to Bagatelle Machines" in Springfield.

DEFENSE BOND Quiz

Q. What happens if I suddenly need the money I put into a Defense Savings Bond?
A. You can cash your Bond at any time, after 60 days, for the full amount paid, plus any interest due you.
Q. Do many Bond owners cash their Bonds?
A. No. People want to help arm America against all attacks. In many cases, people are putting every cent they can spare into Defense Bonds and Stamps. Some are doing this by asking employers or banks to withhold part of their salaries in order to buy these Bonds or Stamps for them.

NOTE-To purchase defense bonds and stamps, go to the nearest post office or First National Bank of Springfield, or write for information to the Treasurer of the United States, Washington.

Collect Aluminum In Township Drive Starting Monday

In cooperation with the Office of Civilian Defense which is headed by Mayor LaGuardia of New York City, the Springfield Defense Council will conduct an aluminum drive which will start Monday and end July 28.

The local drive is under the leadership of Mayor Seidner, assisted by Fred Brown and A. B. Anderson, who is the vice-president of the Springfield Council. Circulars will be distributed in the township tomorrow by the local Boy Scouts which will remind citizens of the necessity in turning over their old aluminum articles to the Federal Government. The aluminum will be melted and turned into defense materials.

On Tuesday morning at 9 o'clock a group of Boy Scouts from Troops 66 and 70 will canvass homes in the first and fourth election districts asking for aluminum which will be placed in front of each home. About an hour later another group of Boy Scouts, accompanied by the township truck from the road department, will place the aluminum into the truck. Districts two and three will be canvassed on Wednesday morning.

Residents who do not expect to be in town on either of these days are requested to leave their deposits with their neighbors. A large bin is now under construction which will be placed in front of the police department where additional articles will be placed.

The Springfield Defense Council is seeking the help of everyone in town to make Springfield's contribution to National Defense a very large one.

Loizeaux Retires Due To Health

SEN. CHARLES E. LOIZEAUX

Senator Charles E. Loizeaux from his home in Plainfield announced Friday that he would not be a candidate to succeed himself as Senator of Union County when his term expires this year.

The Senator said, "For the past nine years I have served the County of Union at Trenton. These services, together with the necessity of maintaining my own business interests, put a severe strain on my physical endurance, and although the doctors had warned me and advised me in the past to ease up, I was anxious to fulfill to the end the duties of my office and kept on against their best judgment and my family's wishes. I feel that after nine years of service for the State, I am entitled to the rest that is necessary to rebuild by strength and to take care of my personal interests. I, of course, expect to maintain a lively interest in the affairs of Union County as well as the State of New Jersey, and in the future, if I am restored to health and can again serve the people, I shall be only too glad to do so."

Reviews Career
When I entered the Senate in 1933 the State of New Jersey, as well as the entire nation, was in the depths of a world-wide depression. During those first years in office my tasks were exceedingly heavy; not only to try to preserve and maintain the financial stability of the State, but to protect the credit of the various municipalities and to try to relieve the human sufferings.

Monsignor Coyle Feted At Dinner

The Very Reverend Monsignor Daniel A. Coyle, pastor of St. James' Church was honored with a testimonial dinner on Monday evening by members of his parish at The Chantlerie, Millburn.

The occasion was to celebrate Monsignor Coyle's recent elevation to the rank of monsignor. Archbishop Thomas J. Walsh of Newark conferred his new title at special services which were held on Tuesday of last week at St. James' Church.

The main speaker was the Rev. John M. Walsh, pastor of St. Ann's Church of Garwood. J. J. Kerrigan was toastmaster and Frank Bolger was dinner chairman.

Monsignor Coyle is assistant superintendent of the Archdiocese school system in which capacity he has been since 1921 and head of the St. James' Church since 1938.

Pascoe Brands Hague Attack On Tax Plan "Political, Insincere"

TRENTON, N. J., July 17.-Assemblyman Herbert J. Pascoe, of Union County, today charged that Mayor Hague's "scurrilous opposition to a revision of New Jersey's method of railroad taxation, is entirely political and without a vestige of sincerity and in view of its source, is making no impression whatsoever either upon the Legislature or upon the people of New Jersey." In a statement released here today, Pascoe said:

"I dare Hague to deny that he was perfectly willing to support a compromise of delinquent railroad taxes in 1939, provided he (Hague) could secure a lion's share of the settlement monies for Jersey City, to the detriment of the rest of the State and the school districts." Pascoe renewed his offer to set Hague personally on the public platform, anywhere in Union County, and there to debate the question of my record and the record of Hague who has wrecked the finances of Jersey City and given that municipality one of the highest tax rates in the Nation. Pascoe's statement continued:

"Why doesn't Hague stop hiding behind his stooges? Why does he fear to come out in the open? "My record is an open book. Why does Mr. Hague prefer to keep his record tightly closed? I am ready to answer all questions about my public record which Mr. Hague may put to me. Will he agree to answer all questions I ask him about his record in debate?"

Praises Governor
"Instead of approaching the railroad tax matter in a fair and courageous manner, as his Governor Charles Edison and the Joint Legislative Committee, Mr. Hague has sought to drag it down to the lowest level of partisan political attack and has dared to make false and insulating attacks upon Governor Edison and upon decent, honest men who are trying to solve a difficult problem."

"These attacks," the most vicious ever made in New Jersey, are the product of the mind of a man whose name is synonymous with the lowest type of political bossism and municipal mismanagement.

"Why does not Mr. Hague attack his own Democratic Senator from Hudson County, Mr. Edward J. O'Mara; since the O'Mara is also a railroad employee? Mr. O'Mara is in the New Jersey Senate from Hudson County by permission of

Lyons Renamed To Head B&L Group

Thomas H. Lyons was re-elected president of the Balfour Building & Loan Association at the annual meeting Monday night at 277 Morris avenue. Mr. Lyons has been the only president of this association, having served since the group was formed in July, 1929.

Other officers re-elected follow: Vice-president, W. Louis Morrison; treasurer, C. Clifford Thomas; assistant treasurer, Joseph Pinkava; secretary, Edward A. Conley, and assistant secretary, T. George William. Paul Voelker was elected to the board of directors to fill an unexpired term.

The secretary reported that earnings, amounting to 4 per cent compound interest, after setting aside the necessary reserves, was apportioned to all shareholders at the end of the fiscal year on June 30, and that the first series would mature next May.

George Lyons Married To Mildred Whittaker

MOUNTAINSIDE-Miss Mildred Whittaker, daughter of Mr. and Mrs. Frank Whittaker of 36 Franklin terrace, Irvington, was married Tuesday night to George Lyons of Mountainside, son of Mr. and Mrs. Oscar Lyon of Cooperstown, N. Y., at Clinton Avenue Presbyterian Church, Newark. The ceremony was performed by the Rev. Dr. H. Gordon Harold. A reception was held at Essex House, Newark.

The maid of honor was Mrs. Floyd W. Hall and the bridesmaids were the Misses Eleanor Chambers and Edna Foster. The best man was Merrill A. Philpot, and the ushers were Recorder Albert J. Benninger and Lloyd Hall.

The bride wore a gown of ivory silk and train trimmed with Alençon net lace. She had a bridal illusion veil with coronet and band of orange blossoms and carried gardenias and baby's breath. The maid of honor was gowned in cascade yellow marquisette and the bridesmaids were in romantic blue marquisette. They carried yellow roses and daphnium and wore coronels of flowers.

The couple left on a wedding trip through Main and the Gaspe Peninsula and will spend the rest of the Summer at the Summer home of the bride's parents at DeLl. Both are graduates of Rider College, Trenton.

BOARD DISCUSSES ADDED POPULATION

The Springfield Board of Education held preliminary discussions Tuesday night in considering possible increases in the local grammar school population. Members were concerned as to what proportion of an increase will take effect in each of the grammar schools as a result of the new families that have moved into the township.

The board voted \$300 for general repairs in the two schools, \$43 for the Raymond Chisholm School and \$338 for the James Caldwell School. Vice-president August H. Schmidt, presided.

MEETS ON MONDAY
Battle Hill Building and Loan Association will hold its regular monthly meeting on Monday night at headquarters, 4 Plomer avenue.

Council Submits Recommendations

The Springfield Defense Council recommended to the Township Committee Wednesday night that certain precautions be taken for the safety of the township. A communication by Richard T. Bunnell, secretary pro-tem, of the council, recommended that a volunteer police reserve of 24 men be established; that an installation of a police radio system of the three-way type be made, and that blue electric lights be installed on poles over each police telephone extension box.

The report in full, follows:

"At the direction of the Springfield Defense Council I am requesting you to comply with the recommendation of its Police Committee that the Chief of Police be authorized to organize a volunteer police reserve of 24 members for supplemental duty in event of emergency."

"At the direction of the Springfield Defense Council I am requesting you to comply, as soon as may be convenient, with the recommendations of its Police Committee for the installation of a police radio system of the three-way type to insure adequate communications in case of emergency."

"At the direction of the Springfield Defense Council I am requesting you to comply with the recommendation of the Police and Fire Chief that a blue electric light be installed on the pole over each police telephone extension box; that these boxes be used jointly by Fire Wardens and Police in case of breakdown of other phone communications; and that an inscription plate be placed over each box to designate it as a fire and police emergency phone."

Ordinance Regulating Traffic On Milltown Road Introduced

An ordinance which will prohibit heavy traffic on Milltown road throughout the township, from South Springfield avenue to the Union Township line, was introduced by the Township Committee Wednesday night. Under its terms, the use of the thoroughfare will limit traffic to pleasure and commercial cars weighing not more than 4,000 pounds.

Several months ago, residents of Milltown road petitioned the Governing Body to make their street a light traffic thoroughfare, to eliminate the dangerous practice of heavy trucks carting dirt along Milltown road's narrow, winding turns in the vicinity of the new Country Club Estates development.

After assurances from the State Motor Vehicle Department that the proposed ordinance would meet with approval, the board took steps in that direction. Violations will provide for a fine as high as \$50 or a ten-day county jail term for each offense. Hearing has been set for August 13.

Police Chairman Macartney reported that the new police car has been delivered and will be in active service shortly.

Assistance by the Federal Government

to bear the entire expense of erecting a ten-room building to Regional High School to accommodate students from the defense housing project in Clark Township was revealed by the Regional Board of Education following the board meeting Wednesday night. A special meeting will be held Monday, which will consist of the members of the board and Mayors and Township Committee chairmen of the six school districts, to consider the proposal.

Supervising Principal Halsey stated that the housing project will add about 250 new students to the Regional school body. The enrollment at the present time is near capacity.

The board went into a 70-minute executive session to study the matter with Fred A. Eissasser, board architect. Federal authorities had previously discussed the school question with Eissasser.

The board was not anxious to reveal any information, stating that specific details would be announced following the Monday night session. Although not official, it was understood that each new room would cost between \$12,000 and \$15,000 which would make the total cost of the project between \$120,000 and \$150,000.

It was announced that the application will be made shortly to the NYA for the grant for the construction of the agriculture building. On August 24, however, the board is expected to renew the option. There was a question as to whether this procedure was possible.

The board may have to purchase the land before the NYA grant is officially received. Mr. Halsey reported that tardiness was higher this year than in the past year and that the attendance record was not equal to 1939-1940 school year. There was also a drop of 2,000 in the number of library books circulated.

Herman Beck, Kenilworth board member, announced that an investigation of the various milk dealers is being made by the board in the six districts. The board is desirous of purchasing milk for cafeteria use from a dealer in the area.

Miss Carolyn Woodring Leh was hired at \$1,700 to teach home economics, and Miss Agge Irvin was hired at \$1,300 as a commercial teacher.

Mrs. Christine Honecker Services Held Monday

MOUNTAINSIDE-Funeral services were held Monday afternoon for Mrs. Christine Honecker, 70 years old, wife of Herman John Honecker and mother of Fire Chief Herman Honecker and Police Chief Charles Honecker. Mrs. Honecker died Friday at her home in Poplar avenue after a lingering illness. The Rev. Roland Ost, pastor of the Mountainside Union Chapel officiated and interment was in Fairview Cemetery, Westfield.

A special organ was required to convey many floral tributes to the cemetery. Bearers were Henry Pfeiffer, John Schwelzer, Alfred Meckel, Herman Murray, Joseph Sosnow and Thomas Murray.

Mrs. Honecker came to the United States from Germany as a girl and was married in Brooklyn. In 1917, Mr. and Mrs. Honecker came to live in Mountainside with their family. Her husband was formerly employed as a baker in Plainfield. In January 1939, the couple celebrated their fiftieth wedding anniversary.

Beside her husband and two sons, the police chief and fire chief who both live in Locust avenue, Mrs. Honecker is survived by three other sons, Louis Honecker of New York City, Edward and Frederick Honecker of Poplar avenue; two daughters, Mrs. Christine Miller, of Glenvale, Loud Island, and Mrs. Minnie Murray of Harmony street, North Plainfield; a sister, Mrs. Catherine Hess of Ridgewood, and 21 grandchildren.

STATISTICS REPORTED
Robert D. Treat, registrar of vital statistics, reported to the Board of Health Wednesday night that there was one death, eight measles, two dog bites, one scarlet fever and three marriages for the month of June.

WILLIAM BRODHEAD PURCHASES STORE

The Morris Avenue Sweet Shopper at 234 Morris avenue, was sold on Tuesday by Mrs. Ella McDonough to William H. Brodhead, who resides at 59 Clinton avenue.

Mrs. Brodhead and daughters will be in active charge of the store, which carries a full line of confectionery and features Breyer's Ice Cream. The Brodheads have lived in Springfield for the past four years, both Mr. and Mrs. Brodhead being active in local fraternal organizations.

Bears To Play Has Best Record Double Bills

After a short trip to Buffalo this week, the Newark Bears will return to home games on Friday for a double-bill with the Toronto Maple Leafs. The Canadians will also be encountered in the first twilight double-bill of the season Tuesday night. Following this series, the Buffalo Bulls will move into top position in the league. The Bears will be home for the Junior World Champions until August 11, will include all-around games Thursday and Saturday and another twilight double-bill Friday night, which will also be Ladies Night.

Having downed the Bees three out of four in recent crucial games at Buffalo, the Bears figure to add to their lead at the expense of Toronto, and should be in a fairly safe position to capture next week against the Thundering Herd.

Johnny Neun, nearing the completion of his fourth season as Newark manager, has piloted the Bears longer than any manager since Walter Burnham, 1902-1907. In the 35 years' interim only Al Mackay led the Newark team as long as three and a half years.

George Strinwicks, having passed the 21 mark which was enough stolen bases for Eddie Collins to lead the league last year, promises to be the International League's best pilferer in many years.

The Bears monopolized league honors when official averages were last released. Henry Maleski was the leading batter, Strinwicks led stolen base totals, Tommy Holmes had the most hits, and Frank Keilner was tops in homers, runs batted in, runs scored and bases on balls. He may break Newark records in all columns.

Ed Levy, giant first baseman who broke his wrist in May, has been working out and may be able to play about the first of the month.

Tickets for Newark games may be obtained at any Western Union office in Essex County, Elizabeth and Jersey City, or at Ruppert Stadium. The telephone number is Mitchell 2-7044.

Jack Jenny Subs For Del Staigers

The little man who's always there, that's who Johnny Ritter, mighty mite of the midget cars, whose record as one of the nation's most successful small car racers is just as long as he is short.

His latest victory—other drivers at Tri-City Stadium in the season's American Automobile Association point standing list, Johnny will be back at Albert Santos' quarter-mile track once again Sunday night to show thousands of midget racing fans that a fellow doesn't have to have brown when he has his share of brains.

What Ritter lacks in size he more than makes up for in skill when he is behind the wheel of his bright yellow speed wagon at the Tri-City track. His nerves are just as cool as any driver's on the AAA Eastern Circuit. He is just as willing to take a chance. But with Johnny midget car racing is a science. And scientists rarely have to take chances.

Seldom in June's hot weather has the midget race in the middle of a traffic jam when the best midget car pilots in the United States flock around the Tri-City oval in a blaze of blinding speed. Johnny generally is out of harm's way, far out in front where none can touch or catch him.

And that's why the Little Man Who's Always There has 529 points to be far ahead of Charlie Miller with 445, George Ponder with 416, Joe Carson, 386, Dave Randolph, 356, and Red Richmond, 276. Ritter will be out to increase that lead in Tri-City's Sunday night eight race. The first is on at 8:30 p. m.

Regent Film Is Fall Of Thrills

The thrills, the suspense, the emotional heights of the midget directed by Fritz Lang scarcely equal those experienced by the director himself.

His most recent 20th Century-Fox picture, "Million Dollar Baby," starring Walter Pidgeon and Joan Bennett at the Elizabeth Regent Theatre, is about as breath-taking, death-defying chase, but Fritz Lang's film can match these thrills.

During the four years of the last war he fought on three fronts, was wounded several times and still returned to the trenches.

The hectic post-war world offered very few years of peace to this intrepid artist. English however, to have given him a chance to make his name of Fritz Lang synonymous with exceptional directing.

The associate film is "Million Dollar Baby," with Priscilla Lane, Jeffrey Lynn and Ronald Reagan.

Jack Jenny Subs For Del Staigers

Jack Jenny, noted band leader and musician who has performed in most of the major new acts and for the larger movie theatres, took the place of Del Staigers this morning at the Assembly program of the Union County Band and Orchestra School, Abraham Clark High School, Roselle.

Mr. Staigers who is claimed to be the world's best conductor, will appear in the auditorium on July 23. The public is invited to attend all of the special assemblies.

On Wednesday the fifth and sixth bands, accompanied by the band leader, presented a concert at the Warinanco Park, Elizabeth, and yesterday a group of musicians entertained the Cranford Rotary Club at luncheon.

Bands 3 and 4 and orchestras 3 and 4 will give a concert at the High School on July 23 and on July 30 will present a special concert at Roselle High School.

Virginia Kroehling and Carol Schramm of Springfield are members of Mr. Maynard's music class.

They performed in the concert selection of "Spin Maiden Spin" on Wednesday of last week which was held in the auditorium of the Abraham Clark High School.

The first round of tournaments in the playground area of the Union County Band and Orchestra School has started. Twenty-three students have entered the Chinese checkers tournament. Sixteen students are competing in the checkers tournament, 16 in the badminton, 21 in the checker tournament, 20 in the horse-shoe, 12 in the chess and 39 in the ping pong.

There is intense rivalry among the students participating and the games are very hard fought. The playground area is very popular and all its facilities are in constant demand. The four ping pong tables are in constant use from 8:15 A. M. until school closes.

(Continued from Page 1)

Mr. Hague, "Mr. O'Mara is an employee of the Pennsylvania Railroad, the same as Senator Driscoll, whom Mr. Hague has singled out for untrust and contemptible attack. In his expensive advertisements, paid-for-by-the-taxpayers' money, Mr. Hague has said much about the actions of the 1939 House of Assembly.

"The official minutes show that the Democrats in the Assembly voted against a resolution by Assemblyman Platts, Republican, of Essex County, asking the Attorney General for an opinion as to the constitutionality of the proposal to settle the railroad tax matter as outlined in Senate Bill 304, mentioned so frequently in Mr. Hague's advertisements.

"I now charge that the Democratic Assemblymen voted against that resolution so as to give Mayor Hague more time to get a settlement of the railroad taxes, that would give to Jersey City and Hudson County more of the money to be paid in the proposed settlement than they were rightfully entitled to.

"Under the plan proposed by Mayor Hague, he would have deprived the rest of the State and the school districts of their just share of the settlement. This scheme would have given to Jersey City some \$2,500,000 more than they should have. Hague needed this money solely to bolster up the precarious finances of Jersey City and save them from possible bankruptcy.

"Hague's scheme of 1939 would have cost the school districts and municipalities of Union County, whom I represent in the Legislature, hundreds of thousands of dollars. The Republicans in the Legislature turned down Mr. Hague's plan. What he could not get what did not belong to him, then, and only then, Mr. Hague began his attack

against any settlement. "The official minutes of the Assembly for 1939 also show that there never was a record vote taken on Senate Bill 304 in the House of Assembly. The minutes do show that the bill Senate 304 was recalled by the Senate after the Republicans in the Assembly had devised a better plan of settlement. The bill was never returned to the Assembly in any form."

of hunger and unemployment. I recall many days in 1933 and 1934 where entire days and part of the night were spent in only seeing people out of work who felt that the Senator from Union County could do something to help them keep food on their table. It was at this time that I became vitally interested in the fiscal policies of the State and in 1934 I introduced and passed legislation which became known as Chapter 233 laws of 1934 covering the funding or refunding of outstanding bonds or notes by municipalities. This bill, while an emergency measure, was of great help in preserving the credit of municipalities throughout the State as well as in Union County. This in turn protected the taxpayers as well as the investors, the banks and insurance companies who owned these various municipal bonds or notes.

Water Solution Vital
"It was also at this time that I became convinced of the urgent necessity for legislation and action looking for a permanent water policy, which would insure an adequate water supply for the State of New Jersey. I note with interest that this matter has again come to the forefront in discussions of future water supplies. Over seven years ago I introduced bills creating a Water Supply Authority to be empowered to develop and construct water supplies to sell water to municipalities. Again in 1935 I introduced legislation to create a State Water Authority to control potable water supplies. Throughout the years I continued my interests in the state water policy and still believe that proper provision for the future water supply is a vital problem for the State of New Jersey.

Legislator's Function
"It has always been my belief that the function of a legislator was not to see how many bills he could introduce thereby incurring unnecessary printing costs as well as cluttering up the machinery of legislation, but that his efforts should be directed toward forwarding only that legislation which was urgently needed to protect the vital interests of the State of New Jersey and the county he represents. I have never hesitated to do this and have always been willing to stand squarely on my record for legislation sponsored and passed at Trenton during my nine years of service."

Mr. Loizeaux was a member of the Appropriations Committee in 1933 and 1934; Chairman of that

Committee in 1935 and 1936; majority leader in 1937; President of the Senate in 1938 and Acting Governor from September 14th to October 4th, 1938. Chairman of Joint Appropriations Committee in 1939 and Senate President, Pro Tempore, in 1940.

LEGAL NOTICE

TOWNSHIP OF SPRINGFIELD COUNTY OF UNION AN ORDINANCE TO PROVIDE FOR THE CONSTRUCTION OF CONCRETE SIDEWALKS, FOUR FEET IN WIDTH, ALONG THE NORTHERN-SIDE OF MEXES AVENUE FROM THE INTERSECTION OF THE SAME WITH MILLTOWN ROAD, SOUTHWESTELY A DISTANCE OF 480 FEET. THE COST THEREOF TO BE ASSESSED AGAINST THE PROPERTY BENEFITED THEREBY.

BE IT ORDAINED by the Township Council of the Township of Springfield in the County of Union:

SECTION 1: That there shall be laid and constructed by the Township of Springfield on the northern side of Motel Avenue from the intersection of the same with Milltown Road, southwesterly, a concrete sidewalk four feet in width along the line and grade as shown on a map entitled "Proposed Sidewalk on Motel Ave. from Milltown Rd., 480 feet southwesterly, Springfield, Township of Springfield, N. J., June 28, 1941" and in accordance with the specifications prepared by the Township Engineer, both of which are on file in the office of the Township Clerk.

SECTION 2: The cost of said improvement shall be assessed against the property benefited thereby.

SECTION 3: There is hereby appropriated the sum of \$150.00 to meet the cost of said improvement, and for the purchase of the material for the same. Said appropriation shall be made out of the fund hereinbefore provided for the purpose of this ordinance.

SECTION 4: The method of usefulness of the said improvement is hereby determined to be at least the joint. The average number of annual installations in which the said assessments on account of said improvements may be paid shall be three.

SECTION 5: The supplemental debt statement required by law has been duly filed by the Township Treasurer in the office of the Township Clerk, and the amount of the debt so incurred is hereby defined in Title 40:1-76, R. S. 1937, as increased by the sum of \$150.00 by the issuance of the note or notes authorized by this ordinance, and the amount of this indebtedness will be within all debt limits as prescribed by law.

SECTION 6: All other matters in respect to said temporary note or notes shall be determined by resolution of the Township Council, and the Chairman and Clerk of the Township are hereby authorized to execute, issue and deliver said note or notes or notes, as may be required.

SECTION 7: This ordinance shall take effect ten days after publication thereof after its final passage.

I, R. D. TREAT, hereby certify that the foregoing Ordinance was introduced for that reading at a regular meeting of the Township Council of the Township of Springfield, in the County of Union and State of New Jersey, held on Wednesday evening, July 10th, 1941, and that the said Ordinance shall be submitted for consideration and final passage at a regular meeting of the Township Council, to be held on Wednesday evening, July 24th, 1941, in the Springfield Municipal Building at 8 P. M. Daylight Saving Time, at which time and place any person or persons interested therein, will be given an opportunity to be heard concerning such Ordinance.

Dated July 10, 1941.
R. D. TREAT,
Township Clerk.

APPALLING INEPTITUDE

The government, wrote Frank R. Kent recently, is handling the price-wage problem "with really appalling ineptitude. It not only has not grasped the problem firmly by simultaneously putting a ceiling over both prices and wages, but it has not even given its price control administrator, Mr. Leon Henderson, the authority he needs to be effective...."

"Even if Mr. Henderson had the statutory powers granted, either by executive order or by law, both price and in some way wages were stabilized. It obviously is impossible to hold prices down if wages are going steadily to rise.... Until, either by executive order or by law, both prices and wage control is made possible, everything that is being done about the former is futile and foolish...."

Mr. Kent is simply talking hard common sense. Industry generally, no less than government officials, wants to keep prices down. Fine work has been done in this direction, notably by the retail industry which has successfully controlled retail prices in the face of substantial wholesale price increases. But it is manifestly impossible for this situation to be long maintained if wages, which constitute the largest item of overhead to most industries, continue to go up.

To quote Mr. Kent again, "The fundamental fact, which wise leadership should convey to the wage earners, is that, no matter how much wages may go up, if prices go up, too, the wage earner is no better off—is worse off, in fact, because more than any other class he will suffer from the threatened inflation.... The real enemies of labor are those who mislead the workman on this question...."

In the last few months, weekly wages in manufacturing industries have risen 15.8 per cent. Let that trend continue, and we will really have inflation—and we will have an upward price spiral that will endanger the standard of living of millions of families. The workings of economic law are fixed and absolute. They cannot be negated by radical labor leaders who urge the workers of America to follow a course that must lead to disaster.

SHALL WE PENALIZE MARRIAGE?

To a very large extent, it is the white-collar class of citizens who are "taking a beating" nowadays. Most of them will not share in the wage increases which are being given industrial workers. But they will be forced to pay like all the rest of us as the cost of living rises. It is also these people who will have to bear a large proportion of the increases in taxes. The pending tax bill hits hardest in the middle income brackets. On top of that, one provision which has been tentatively approved for inclusion in the bill would still further increase the burden for business and professional workers.

This is the provision which would prohibit separate tax returns for husband and wife, even where the wife has a separate income which is earned by her alone. In thousands upon thousands of white-collar families, both husband and wife have jobs and earnings. The income of one is in no way dependent upon the other. To force these families to lump their incomes in one return, and thus pay a higher tax, is a manifest injustice.

Even more important, in the long view, is the patent fact that this provision, if included in the tax bill, would amount to placing an economic penalty upon the institution of marriage. It would place a premium upon divorce. That would be an ironical step indeed for a nation whose very foundation is the strength of the home and the family.

ENEMIES OF DEMOCRACY

Fiscal policy is the core of the problem of financing the defense program without inflation or economic dislocation, says the Special Banking Studies Committee of the American Bankers Association, in a recent published report.

Pointing out that in the absence of appropriate preventive policies, forces now at work will lead to a severe inflation such as always has accompanied war, the committee states that action against inflation is necessary in three areas: bank credit expansion and activity, taxes and borrowing, and prices and wages.

The war boom is now gathering momentum. And all of the influences that may ultimately produce inflation are gathering momentum with it. It is apparent to anyone that so far the government has done almost nothing to prevent it. No action has been taken on the extremely important recommendations made sometime ago by the officials of the Federal Reserve System. The wage-price problem remains unsolved. And our tax and borrowing policies are dangerous in the extreme.

No greater issue faces us than this. For if real inflation comes, this country, as we know it now, will be doomed as surely as if it were successfully invaded by a foreign enemy.

Playground Activities

Youngsters of Springfield are continuing to take advantage of the playground activities which are being sponsored by the Union County Park Commission. Every day one can see a flock of young people entering the many contests and events older folks stroll through the playground to share the joys of the youngsters.

How to Get Sleep in Hot Weather

ARE you one of that hot-weather army that droop into the office after a scorching night, puffy of eye and haggard from lack of sleep? Nothing is worse than the weary feeling that another hot day is coming up. Work must be gotten out—or a household must be run—and your energy reserves is sapped because of lack of sleep. There are numerous steps you can take to get yourself that priceless restorative sleep in hot weather. Here are a few:—Rest on cool, clean sheets—both under one stretched tightly. —Wear absorbent cotton pajamas or a gown. —Don't go to bed hungry—nothing will keep you awake more surely. A cracker or a glass of milk will allay hunger contractions without raising body temperature or overtaxing your digestion. —Keep a bottle of good quality witch hazel in the ice-box; put it freely all over your body—be not dry it off, for it reduces your body temperature. You'll be surprised at how cooling this fine, old family standby is and has so many uses, particularly in Summer! —Lo out as straight as is comfortable, preferably on your back, though any other natural, unforced position will invite sleep. —Lie still... but, without holding yourself right. Squirming and tossing burn energy, make you hot and rattle the bedclothes into the bargain, making you hotter. Soak pads of cotton in a good quality witch hazel, lay them on your eyes to shut out all errant rays of light, cool your eyes and your head. —After twenty minutes, if you're still awake, try this physical relaxer. Flat on your back, with your arms at your sides, concentrate on one part of your anatomy at a time. Tense the muscles, tight, thinking constantly of how it feels, then relax dolefully. —If you don't relax into sleep after that, don't torture yourself. Get up, get a drink of cold, not foot water, read a little until you get sleepy, then stroll back, put fresh cool witch hazel pads on your eyes—and go off to sleep. NEVER, NEVER get grumpy. "I must get my sleep—tomorrow's a busy day." Anxiety raises your temperature, tightens you up, puts sleep off even farther.

Overlook Hospital Debates Plan To Meet Added Patients

Overlook Hospital continues to be crowded. The growth in population of the communities served by Overlook and the popularity of the hospital, account for this condition in large measure. Another factor and an important one, is the fact that people patronize hospitals more than they did and the hospitalization plan has also done much to increase the use of hospitals. A large part of the last meeting of the Trustees was devoted to the problem of making possible accommodations to take care of the increasing demand. Many of the Medical Staff were there to add their pleas for more room, stating that sometimes it is not possible to get accommodations in Overlook and that they had to take their patients elsewhere. Some of them plead for a new wing adding fifty or more beds.

The Building and Grounds Committee and the Superintendent had estimates of the cost of such additions. It seemed to the Trustees, taking into consideration the failure of other hospitals who had put on campaigns for enlargements to meet their objectives, that it was not an opportune time for Overlook to start a drive for \$200,000 to \$400,000, which would be necessary to add the new wing. The Trustees, by no means, have given up the idea of a major enlargement, for it will have to come, but felt that some other way should be found to take care of the present needs and those of the immediate future.

Changes are now being made in the present buildings, whereby the hospital will increase its capacity by twenty-five beds and are studying a plan that will add eight or ten more.

One plan of relieving the condition was suggested, that of limiting the number of the Medical Staff to those who are practicing in the natural zone of Overlook. Some of the leading hospitals in New Jersey are adopting this method to relieve their crowded conditions.

Overlook has been very generous in the past in adding to its Medical Staff. Perhaps it will be necessary to halt in this regard until such a time as a major enlargement to the hospital makes the space available.

Servicing the communities in this part of New Jersey is a big problem. In these times, but the Trustees of Overlook are prepared and most willing to go as far in the enlargement of the hospital as the citizens are prepared to support. The Trustees realize the need. Are the people of Summit and the neighboring communities ready to give that support now?

--Propaganda Diagnosis--

(Editor's note: "Propaganda Diagnosis" will appear in the SUN from time to time, and is devoted to a study of the functions of propaganda and how to "detect" it. Comments and questions from readers are welcomed.)

An important unit of the German Army is a group of men called "soldier-reporters" and "soldier-photographers" whose duty is to obtain first hand action stories and action pictures. The death toll of these special soldiers is high as they are required to follow the infantry and if a section of the infantry is trapped, the reporters and photographers die like soldiers.

It is common for them to crawl behind tanks, with the infantry, with bayonets on their rifles and wait for a dramatic moment, such as a group of Russians surrendering with their hands in the air, and snap them.

Each picture and story passes the office of the propaganda minister and the accepted ones are sent by radio to the American press. You can be sure that each picture is more than favorable to the German cause.

Perhaps one reason why the Russians waited 16 days to release their first picture to the world was that it took them that long to get over the blitzkrieg shock before they could establish themselves behind the Stalin Line. It must be remembered that during the first two weeks of the Battle of the Frontier, the Russians were being driven back from their Polish territory and into Russia proper. By now, everybody knows that if an Army is pushed back, it falls back to an established "strategic" position.

Now that the Russians have been able to harass the Germans and take their time in aiming at the

Nazis instead of shooting one way and running the other, some Germans have been captured. That is why our newspapers can show captured Nazis. The Russians, have them on exhibition.

It is essential to note that both Hitler's and Stalin's photographers are not newspaper staff photographers but are propagandists with one view in mind. The Russians must show that the Russians are winning the war and the Germans must show that the Germans are winning. Since there can't be two winners, the pictures should be interpreted with skepticism. When neutral staff newspaper men are allowed to take pictures, then they can be believed. However, there is no indication that this will be done.

TO HOLD OUTING
The annual outing of the Republican County Committee is slated for September 13 in Archer's Grove, Union Township. Sheriff Alex C. Campbell of Scotch Plains has been named general chairman and the other committee members will be announced in the near future.
