## TOPS IN NEW JERSEY

Word comes to us that the North Jersey Union and Morris counties rationing specialist has called Summit's war price and rationing board, No. 7, "tops in New Jersey." We hear further that nearby rationing boards have sent delegations to Summit to see how we have been handling matters here. Which makes us think that now is a good time to call your attention to the fact that the 15 members of the local Board are serving without pay and without (if they are realistic) any hope that their services will get them much but bricksbats. Even the best of us can't help getting irate if someone refuses to do what we want—and the 15 ration board heads have to be "No" men a good part of the time.

## ALAS, POOR POETRY

Comes a letter from a local poet with this note: "To the Paper which Discourages Poetry. So what? Perhaps your pagan minds resent good thoughts which rhyme. However, I didn't waste good stationery. You too." With it was a poem which we have not published elsewhere in this issue. But we would like to make our position clear, to wit and as follows:

We are not basically against the Muse  
Of Poetry—The reason we refuse  
To publish what comes in verse  
Is that bad poetry there's nothing worse  
But more, few local poets seem to care  
To breathe the strictly local air  
They rarely write about our Springfield  
The local lyre has none to strum it.  
We're sorry if we step on toes  
But we've got cares enough with prose.

In conclusion we say that if the foregoing does not put an end to poetry locally for a decade there is more strength in verse than we have thought.

## NO TIRE INSPECTION, NO GASOLINE

You haven't forgotten have you that you must get your tires inspected before you can get new gasoline ration coupons?

## Censorship Office Forbids Publication Of Troop Units

On battle fronts every day men risk their lives to discover the location and strength of the military units of the enemy. Yet at home too many of us are presenting the enemy with information of the same military value.

This is the information which newspapers and individuals are asked not to tell the enemy:

DO NOT TELL the names of ships upon which sailors serve.

DO NOT TELL the troop units in which soldiers serve overseas.

There is no objection to revealing that Pvt. John Jones is in Australia or that Seaman Tom Brown saw action in the Atlantic. But there is military information which endangers the lives of American fighting men in stating that Pvt. John Jones, "Company C, 600th Infantry," is in Australia, or Seaman Tom Brown, "Aboard the U. S. S. Wisconsin," is in the Atlantic.

The Office of Censorship says: "We ask editors not to publish these troop identifications, and we ask parents and relatives not to reveal them. Don't give the enemy anything that may lengthen the war."

## Mountainside Mayor Sees Reduced Tax Rate During 1943

MOUNTAINSIDe—Every effort will be made to keep borough expenses at a minimum in 1943, Mayor John Moxon declared at the Borough Council's organization meeting New Year's Day in the Borough Hall.

He added that he felt there would be no increase in the tax rate for the coming year, and possibly a small decrease.

Councilmen Mel C. Hoy and Lester A. Cramer, re-elected in November, were sworn into office for three years by Borough Clerk Robert A. Luing as the meeting got under way a few minutes after 12 o'clock noon.

In a brief address, Mayor Moxon pointed out that the various departments had accomplished a great deal during the past year and while the borough does not anticipate any growth in the coming year, the Council did not expect to slip backward.

Proceeding his prediction of a lower local tax rate this year, Mayor Moxon admitted that the residents would be faced with increased costs and taxes in other sources, thus accounting for an effort by local officials to reduce the burden.

He said he hoped it would be possible to obtain enough volunteers for civilian defense, first aid, volunteer fire-fighting purposes this year, and in closing he praised the Defense Council and Community Association, adding that he looked for the latter to become a permanent part of borough activities.

Mayor Moxon spoke of Councilman Francis J. Lenahan, who is ill at home and may, upon advice of his physician, curtail his activities on the Council. Due to Mr. Lenahan's illness, Mayor Moxon announced that only chairman of standing committees were being named, in order that the municipal budget could be prepared without delay.

The following chairmen were re-appointed: Finance, Winfield Hain; administrative and executive expenditures, Mel C. Hoy; insurance, Lester A. Cramer; engineer, William Parkhurst; health, poor relief and elections, Mel C. Hoy; police, Francis J. Lenahan; fire, Winfield Hain; license, Mel C. Hoy; roads, William Parkhurst; law, ordinance and taxation, Mel C. Hoy; Borough Hall maintenance, William Parkhurst; water, Winfield Hain; collection and assessment of taxes, Lester A. Cramer.

Appointments by the Mayor were as follows: Clerk, Robert Laing; assistant clerk, Charlotte M. Juleck; recorder, Charles A. Dunn; attorney, August S. Dreier; engineer, Arthur H. Lennox; auditor, Samuel Freedman; building inspector, Herman H. Honecker; plumbing inspector, Henry Pfeiffer; plumbers licensing board, Wallace Wietlicker, Edward Honecker and Mr. Pfeiffer; overseer of the poor, Mrs. Thomas Doyle; official newspaper, The Springfield SUN; dog warden, Fred Honecker; jailor, John Schweitzer.

Members of the Board of Adjustments, the Planning Board and Board of Health will be appointed at a later date, the Mayor announced.

## Ration Board Claims Halsey's Criticism Unfair, Gives Views

To the Editor of the Sun:

In the article in your last week's issue, referring to the issuance of fuel oil to the Regional High School, we feel that the statement of Mr. Halsey as quoted is not fair to the War Price and Rationing Board. He states "they are really putting the heat on us in Summit to get us to convert to coal. I am sure the school board would convert if ordered to do so, but no one has given the order." No one can give an order to any one to convert, but can only tell them what will happen if they do not convert, and that is what our War Price and Rationing Board has tried to tell Mr. Halsey for some little time.

The article in your paper in another column, "Oil Rationing Warned to Convert," states the case very plainly as anyone who reads it will agree.

On January 4 we received a telegram from William H. McKenna, State Rationing Officer, as follows: "In view of increasingly serious fuel oil supply situations it is imperative that buildings other than private dwellings be compelled to convert or lose their fuel oil rations. Only most conclusive proof that property is not convertible will be acceptable. Boards should estimate heating rations for such buildings unless (1) written proof is presented that arrangements have been made for conversion by a definite date within current heating season or (2) applicant has proved conclusively that conversion is impossible. All 1101 applications, except cold water flats, regardless of size of ration or whether or not converted to coal must be tested for convertibility. It is responsibility of Board to set possible date and that final ratification is only up to this date. Boards should fix time limits of conversion to accomplish savings in oil burned next two months when it is needed most. Apply this policy at once vigorously even if it means heated buildings."

It is necessary for all these large consumers of oil to convert; otherwise the individual household is going to go without heat for the winter of all is very acute and in all probability it will be even worse as weeks go by rather than better.

We would be pleased if you will publish this in this week's issue if possible, as the tone of Mr. Halsey's statement would lead one to believe that your Rationing Board is "putting the heat" on Springfield when such is not the case.

Yours very truly,  
OLIVER B. MERRILL,  
Chairman,  
War Price and Rationing Board, No. 24-267.

## UNVEILING PLANNED

The Springfield Lions Club has fixed Sunday, January 17, for exercises marking the unveiling of its Service Men's Honor Roll, which will contain almost 300 names of Springfield men and women in the Armed Forces. The Honor Roll, at Morris and Flermer avenues, is being built by a committee of the club of which Harry B. Nulph is general chairman.

Roy Waldeck, at whose home the 9 by 32 foot structure has been under construction, intends to assemble the sign at its site tomorrow. Each name will be affixed to a wood strip, lettering of which is in the process of completion.

## RECEIVED DEGREE

ELLIOTT LICHTENSTEIN, son of Mr. and Mrs. Morris Lichtenstein of 238 Morris avenue, was graduated Wednesday night from Rutgers University, College of Pharmacy, where he received the degree of Bachelor of Science.

Lichtenstein, by coincidence, graduated on the day of his 20th birthday. He was a member of the college varsity table tennis team for 4 years, and captain, and No. 1 man for 2 years, receiving his letter in that sport.

He is a member of Alpha Zeta Omega Fraternity, being named in his sophomore year. He was also elected to Phi Beta Phi, honorary national biological fraternity, in his sophomore year.

A graduate of Regional High School, Lichtenstein was also graduated from the James Caldwell School. His father is the owner of the Springfield Pharmacy, of the Morris avenue address, having been a pharmacist here for more than twenty years.

## OVER 500 SEE INDUCTEES OFF

A gathering of more than 500 relatives and friends were on hand at the Union Theatre Wednesday morning to witness ceremonies marking the departure for Fort Dix of the largest group of inductees ever called up by Selective Service 2 of Springfield and Union.

The principal speaker was Col. H. M. Gilbert, head of the Office of Dependent Benefits, a World War I veteran, who was wounded and received several decorations. Mayor F. Edward Biertuempfel, whose son was one of the inductees, spoke briefly from the floor.

Richard J. Hall and Vincent deP. Savin, chairman and secretary respectively of the Selective Service Board, spoke briefly on the work and problems of the board. They pointed out that with the scarcity of 18 and 19-year-olds, it would be necessary to induce married men, without children during January.

Those from Springfield who left Wednesday were:

- Malcolm A. Baldwin, Jr., 141 South Springfield avenue.
- George Beers, 79 1/2 Tooker avenue.
- Walter C. Gagel, 78 South Maple avenue.

## HAS LONG RECORD

Stanley L. Johnson, 30 Marlton avenue, 50 Center street, 16 William Leys, 77 South Maple avenue, Clifford S. Mullah, 39 Warner avenue, George E. Parsell, 31 Maple avenue, George A. Reiss, 31 Clinton avenue, Paul E. Schmidt, Evergreen avenue, Francis J. Semon, 29 Baltusrol way, Roland A. Smith, 22 Clinton avenue, Yehie J. Sinsky, 272 Morris avenue, Ernest G. Temple, 4 Beverly road, Edward J. Torney, 56 Morrison road, Richard C. Townley, South Springfield avenue, William C. Van Riper, 230 Morris avenue, Walter J. Whonski, 651 Morris avenue, Formerly of Springfield, Edward J. McCarthy, Jr., 34 Cypress street, Maplewood.

## Selander Re-elected Committee Chairman For His Ninth Year

MAYOR WILBUR SELANDER

Mayor Wilbur M. Selander was re-elected Chairman of the Township Committee for the ninth consecutive year at the organization meeting Wednesday night. Committee Chairman Charles Phillips, former school board president, was sworn into office for a one-year term, and Fred A. Brown took his place on the board for another three-year term.

In escorting the Mayor to the rostrum, Township Clerk Robert D. Treat explained that Selander has held the post as chairman longer than any chief executive in the township's history.

Treat was named to his 17th year as clerk, and 14th year as secretary of the Board of Health.

Committee appointments: Chairman, A. B. Anderson, \$1,200; Treasurer, Charles W. Woods, \$1,200; Building Inspector, Rayburn H. Marsh; Searcher, Charles H. Huff; Engineer, Arthur H. Lennox; Board of Library Trustees, Mrs. Elsie Tittle; Local Assistance Board, Mrs. Harry Spencer and Board of Adjustment, Harold Neisinger. Recorder Everett T. Spinning was reappointed for a three-year term at an annual salary of \$900. Mayor Selander was named to the Highway Valley Joint Meeting, The First National Bank of Springfield was designated as the funds depository. Phillips was unanimously elected President of the Board of Health. Treat was named secretary and registrar of vital statistics. Dr. Henry P. Dangler was again appointed health officer. Arthur L. Jarshall was named plumbing inspector at \$200 a year. The Township Committee will meet on Wednesday, Committee Chairman Lewis Macarty was unable to be present because of a nose infection, Mayor Selander announced.

## Boy Scout Campaign Named In \$500 Drive

Roy Waldeck, chairman of the Boy Scout Central Committee which has a quota of \$600 to be raised early in February, has appointed the following committees:

Arrangements, Eagle E. Henshey, chairman, and Henry C. McMullen, secretary; Charles Huff, chairman, and Otto E. Hahn, secretary; Carl Roberts, chairman, workers, Robert Hayes, chairman, Robert Peppendek and others to be named.

In explaining the purpose of the \$500 quota, Waldeck said residents must realize that the Boy Scouts of America is an international group and that all functions and movements must receive whole-hearted cooperation from each district throughout the country. In addition, he said, it must be remembered that the 175-acre tract known as the Union Center, Boy Scouts, recreation near Marcella with beautiful swimming, boating, camping and other facilities, enjoyed by Springfield Boy Scouts, could not have been made possible without the cooperation and support of the entire National organization.

Waldeck said that today more than ever before, the Boy Scouts must be given every possible aid and encouragement by not only their parents but by every adult in the community, and expressed the hopes that Springfield would show its good faith and interest in the Scouting movement by supporting the campaign. Carl Richards, cashier of the First National Bank of Springfield, will accept pledges. Waldeck explained that it costs about \$7 yearly to maintain one Boy Scout per year.

A joint meeting of all committee chairmen, the Central Committee, workers and parents together with Scout officials, will be held Friday evening, January 21, in the James Caldwell School, when final plans for the 1942 quota will be discussed.

## Profit Revealed By School Lunch Group

A meeting of the School Lunch Committee for the Raymond Chisholm School was held Wednesday afternoon in the James Caldwell School with Mrs. Roland W. Nye, chairman, presiding.

Other members present were: Mrs. Joseph B. Worthington, Mrs. Norbert Kuffner, Mrs. Charles G. Nelson, Miss Florence Gaudinier, Mrs. Richard T. Bunnell, Miss J. Gurney Lord, Mrs. Henry C. McMullen, Benjamin P. Newschwager and Warren W. Halkey.

Mr. Newschwager, committee treasurer, reported that the income from the luncheon over the period from November 30 to December 18 was \$78.04 and expenditures of \$70.20, leaving a net balance of \$7.84.

The War Services Committee of the Defense Council, in reporting upon the probable cost of operating the luncheon, had estimated that it would be necessary to assist financially by paying \$10 each week. The Defense Council agreed to have funds for this purpose taken from salvage money and accordingly \$10 was deposited to the Luncheon Committee bank account. Since none of this has been spent the current balance in the treasury is \$7.84.

The Luncheon Committee is desirous of getting mothers to volunteer their services several days each month, to assist in serving meals to the children. To date, Mrs. Anthony E. Brannner, Mrs. Francis Dunleavy, Mrs. R. Anderson and Mrs. Kuffner have assisted.

A committee, consisting of Mrs. Kuffner and Mrs. Worthington, was appointed to secure other volunteers. Mrs. Nye also named Mrs. Bunnell, Mrs. McMullen and Miss Lord as a committee to continue to prepare the menus for this month. Mrs. Newschwager pointed out that the children are pleased with the hot lunch plan, as evidenced by their continued patronage.

## Committees Named For P.T.A. Barn, Square Dance

Committees have been named for the square and barn dance Friday evening of next week in the James Caldwell School, sponsored by the Springfield P.T.A. Mrs. Henry Keos, finance chairman, is in charge, assisted by Mrs. Frank Jakobson, orchestra and distribution of tickets; Alvin H. Dammig, tickets; Mrs. Lavin Berstler, decorations; Mrs. Elliott E. Hall, tickets; Mrs. H. G. Morrison, refreshments, and cloakroom; Mrs. John Corsanyi.

Musical will be played by Uncle Lou and his Chorus Boys. Home talent is being arranged, with professional already made for a quartet to sing, a banjo player, tap dancing and other specialties.

## Hours Curtailed On Surgical Dressings

After due consideration of a number of factors, chief of which is the necessity to conserve fuel, it has been decided by the staff of chairmen and sub-chairmen in charge of operation of the Red Cross surgical dressings workroom in the Methodist church, to limit Monday and Friday. The room will be open on Tuesdays, Wednesdays and Thursdays of each week, from ten o'clock in the morning until four in the afternoon; on Tuesday and Thursday evenings from 7 to 10 o'clock.

As this change will make a drastic curtailment of the working hours at the room, an appeal is being made for more volunteers, so that the room will be filled to capacity on the three days named, and on the two evenings. The monthly quota, now assigned in Springfield Chapter is 48,200 surgical sponges. The volunteer service report of Mrs. Lewis P. Macarty, committee chairman, for December, shows that 23,673 surgical sponges were made by 134 volunteers, in 1,706 work hours. It will be seen that the need for more workers is imperative, and also that every place in the room must be filled during the new schedule of hours if the quota of 48,200 dressings is to be approached. It has been pointed out that more than 200 women have registered for this service, and that some have failed to appear at the workroom with regularity. It should be unnecessary to repeat the urgent requirement for these surgical sponges, which are absolutely essential if our wounded service men are to get the immediate care which will save their lives on our extended battle lines around the world. The surgical dressings committee of Springfield Chapter has a job to do, and it can only be done with the whole-hearted and continuous assistance of the women of Springfield. There can be no let-up. To every woman reader of this SUN the committee says, "Think it over!"

## Capt. Stanley Richards

1st Lieut. Stanley Richards has recently been promoted to Captain. He is stationed at the Army Replacement Center, Fort Basile, Va. Captain Richards is the son of Mr. and Mrs. Alfred Richards of 19 South Maple avenue.

## Magician Entertainer Set For Lions Tonight

After a two weeks vacation during the holidays, the Springfield Lions Club will be entertained at its meeting tonight in the Half Way House by Myles C. Goldberg, who ranks probably as one of the country's youngest professional magicians.

Goldberg is 16 years old and has appeared before the public for the past 4 years, having performed at the New York World's Fair and entertained many USO groups more recently, at the Hotel Astor, New York City.

## Freeholders Limit Rescue Squad Aid

MOUNTAINSIDe—The Board of Freeholders has voted to limit its participation in financially maintaining only two rescue squads in the county for 1943, including Mountainside and Scotch Plains. Several other requests have been made, according to Freeholder Charles E. Smith of Westfield, Finance chairman, but the board intends to make no new grants for that purpose.

Under State law, counties are allowed to contribute \$300 each year to the funds of a duly-recognized rescue squad. In return, those units agree to undertake ambulance service for the county. The two, moreover, provide all the work of that type required for county use.

The law, the board has been advised, is not mandatory and consequently the contribution is made, in the opinion of the Freeholders, only if warranted through general benefit of the entire county.

## Drawn On Petit Jury

The first drawing of potential petit jurors for the January term of county court took place Monday. Those summoned include: Springfield—Dorothy Jones, 11 Park lane.

Mountainside—Edward G. Hoffmann, Oak Tree road.

If it happened in town, you'll find it in the SUN.

## Charged With Sale Of Liquor to Minor

Frank Collins of 115 Maple avenue, Morristown, was released in \$100 bond Monday night by Recorder Everett T. Spinning for Grand Jury action on a charge of selling liquor to minors. He pleaded guilty.

The offense allegedly took place on the premises of Purman's Two Bars, 597 Morris avenue, owned by Walter A. Schmidt, where Collins is employed as a waiter. According to reports, an 18-year-old ABC agent apprehended Collins Sunday morning at 2 o'clock.

Schmidt is slated to appear before the Township Committee Wednesday night to show cause why his tavern license should not be revoked or suspended.

# WILL YOU HELP?

OUR TRAINED MEN leaving to serve with the armed forces cannot be replaced! Shortages are developing in replacement parts for trucks and other equipment. Gasoline and tires must be conserved as much as possible!

Your Government is asking you to aid in freeing more of our men's time and our equipment for the vital job of keeping gas and electricity flowing to army posts and war plants.

You can help by keeping your appliances in efficient operating condition, making minor repairs yourself, replacing blown out fuses and calling for service only when absolutely necessary. This is a wartime "must." We know you will be glad to do your part.

Questions, Answers On Point Rationing By OPA Officials

The War Price and Rationing Board of this area has been asked a number of questions by citizens about the imminent point rationing. Six of the most persistent questions have been answered by the board, as follows:

1. (Q) When will the actual rationing begin?

(A) As early in February as possible.

2. (Q) Why was the program announced so far in advance?

(A) Because of the magnitude of the job to be done before rationing can begin.

3. (Q) Why is it necessary to suspend retail selling for a short period before the actual rationing goes into effect?

(A) All food stores in the country must be given an opportunity to prepare for the start of rationing.

4. (Q) How will the housewife know when point values are changed?

(A) The newspapers and radios will carry the announcements, and every food store will have an OPA poster showing the current point values of each rationed article.

5. (Q) Will the point values be the same in all stores, or will they vary between high-price and low-price stores?

(A) The point values are the same in every store in the country, regardless of the price charged.

6. (Q) How long will the first ration period last?

(A) That will depend very largely on the date when rationing begins.

7. (Q) How will the housewife know when point values are changed?

(A) The newspapers and radios will carry the announcements, and every food store will have an OPA poster showing the current point values of each rationed article.

8. (Q) How will the housewife know when point values are changed?

BETTIQUETTE

SAYS

The boys in service want candy. They've registered this interesting fact in polls that have been taken on their likes and dislikes in the matter of packages and presents.

Of course they get wonderful meals. We all know that. Meals are planned by expert dietitians who see to it that vitamins and minerals go hand-in-hand with good old "stick to your ribs" kind of food you need when you've marched and maneuvered to China and back in just about five hours.

During those five hours a fellow can get mighty hungry and he doesn't need any knowledge of nutrition to catch on to the fact that a piece or two of candy makes a lot of difference in the way he feels.

Sugar, of course, is the finest of quick energy foods and many athletes use sugar or hard candies to increase their powers of endurance during the periods of intense muscular activity.

It is fortunate that our beet sugar industry has developed to the point where we are producing a large quantity of sugar right here in the United States. We need energy giving foods in times like these and if we were still dependent on shipments of foreign grown cane sugar from the tropics we would have been in a very serious situation indeed.

But we have our beet sugar and we have the rationing system to see that we all get a fair share of available supplies so we are not so very badly off after all.

The boys do not want chocolates or soft fudge or gooey chunks of things. They want good hard candies, toffee or nut brittles that can be slipped into a convenient pocket without bulk or messiness.

These candies are easy to make if you have the urge—and the sugar! And remember that nuts, butter and dried fruits add lots of extra nourishment as well as flavor.

Wrap all candy pieces in wax paper squares before mailing.

POOD AFFINITIES

A laurel to the lady who first mint-sauced her lamb! An orchid to the gent who combined oranges with duck! A medal to the chef who married onions to liver and cranberry relish to turkey! And sundry bouquets and precious gems

to the talented though nameless gastronomes who, wad cheese to apple pie, peas to salmon, apple sauce to pork and duck. There's lip-licking sense on food affinities.

Way back in history a hardy Arab added milk to his diet of dates and came up with a nearly perfect diet. Soup and black bread is plain but pretty fair fare. Instinct rampant in colored cooks of the old South and chefs with souls of savory meat stock, has done wonders for nutrition.

"BORED WITH NUTRITION?"

Along about now, many eaters are tired of "nutrition." bored with eating carrots for night blindness, oranges for Vitamin C, meat for protein, and would like to eat these foods because they taste good. To those deplorable and bemused individuals it is suggested a deep breath, a startling odor, and a serving-up-the-vitamins-with-new-affinities and new soul-mates to make them so delicious you'd be fooled at their virtue in vitamins.

Dare to join in wedlock foods of different types? Effort—right marriages of flavors. And let these affinities from one kitchen-parson guide you on your path to better tasting vitamins.

ECONOMICAL ENERGY

Now that there is an increasing number of food scarcities, we should not overlook bread as a substitute for some of the best of all sources of energy.

A well known food authority writing on bread, said recently the American diet could safely be made up of 40 per cent bread and cereals. In addition to serving enriched bread as an accompaniment to a meal, it can be used in any number of recipes. Thus dressed up, it loses its identity and even the member of the family who ordinarily eats only a small amount of bread will enjoy it in its new guise.

One should always be careful in selecting white bread that it is enriched variety because the principal nutrients lost in refining have been put back.

In suggesting the following recipes as excellent ways to introduce more bread into the menus, we wish to point out that enriched bread is one of the best and cheap-

est sources of food energy as well as important vitamins and minerals natural to whole wheat bread.

Bread and Cheese Puff

1 1/2 slices enriched white bread

1/2 cups grated American Cheddar cheese

1/2 cup milk

1 tsp. salt

Pepper and paprika

Cut crusts from bread and fit three slices in bottom of buttered casserole. Sprinkle with half the cheese; cover with remaining bread. Beat eggs; add milk and seasonings; pour over bread and cheese mixture and cover with remaining cheese. Set casserole in pan of hot water and bake in moderate oven, 375 degrees F., for 40 minutes until custard is set and bread is puffed up. 4 servings.

Spiced Butterscotch Toast

1/2 cup butter

1/2 cup brown sugar

1 tsp. cinnamon

1/2 tsp. clove

1/2 tsp. nutmeg

4 slices toast (use enriched bread)

Melt butter and brown sugar; add spices and mix well. Spread on lightly toasted bread; cook under broiler until mixture bubbles and is lightly browned. Granulated sugar may be used, if preferred. 4 servings. (This is delicious for breakfast as a light dessert when served with a fruit drink.)

New Scaloped Tomatoes

1 slice buttered enriched bread

1 No. 2 can tomato sauce

1/2 tsp. salt

1/2 tsp. pepper

1/4 cup onion, if desired

1/2 cup bread crumbs

1/2 cup cheese

Line a 1-quart baking dish with bread, butter-side out. Mix tomato sauce with seasonings, pour into dish, top with crumbs and cheese mixed together. Bake in moderate oven, 350 degrees F., for 25 to 30 minutes. 4 or 5 servings.

Baked Fillets in Savory Stuffing

1/2 cup butter or margarine

1/2 quart soft stale bread crumbs

1/2 tsp. salt

1/2 cup poultry seasoning

1/2 cup grated onion

1/2 cup meat or fish stock

1 pound fish fillets

Melt butter, add to bread crumbs and seasonings; moisten with stock. Place layer of dressing in baking dish, cover with fish fillets and top with remaining dressing. Cover and bake in moderate oven, 325 degrees F., for 30 minutes. 4 or 5 servings.

Have you had your tires inspected? Under the new OPA mileage system throughout the United States, you must have an OPA tire inspection entry certified by January 31, 1943 or you will be inconvenienced in obtaining gasoline and tire rations.

What SUN Advocates

COMING EVENTS

It's a mere boast, but we can't pass over the opportunity to glow over the fact that if any event of importance slated to take place in Springfield isn't listed in "Coming Events," then there's something wrong. But, if we're wrong, help us with your item. There's no charge for the service and no confusion will arise with other local group activities if, as long as before the coming event actually takes place, you remember to pass the date along to the SUN, by mail or phone, Millburn 6-1256.

### STATISTICS OF SPRINGFIELD

Population—1942, 5,000; assessed valuation—1942, \$5,524,250; tax rate—1942, 3.123 (Township—\$2.11; schools, \$1.79; state and county, \$1.03). Springfield was settled in the early 1700's. Its township form of government was established April 14, 1794, and was incorporated in 1857. Springfield is essentially a community of homes, with little industry except for farming, nurseries and a small manufacturing for these. 45 minutes from New York City on the Lehigh Valley R.R. with two stations at Millburn and Short Hills. Less than a mile away—7 miles to Elizabeth—7 miles to Newark. Excellent bus connections to Newark, Elizabeth, Summit and Plainfield. The Lehigh Valley Railroad, with a freight station in the township, affords service for factories, commercial and industrial purposes. State Highway 29 makes New York convenient by auto in 30 minutes. Site of the 400,000 Union County High School, serving Springfield, Mountainside and four of the county municipalities. It has good sports, water, gas, electricity and modern sanitary sewer system, excellent police, fire and school facilities; mail carrier delivery system, and zoning regulations for the protection of the individual property owner. Of interest in Revolutionary history with its historic Presbyterian Church, where the Rev. James Caldwell, called "the one-starred man," in the midst of the Battle of Springfield, fought on June 23, 1780. Several colonial landmarks are to be found in Springfield, one of the oldest communities in Union County.

### Your Garden This Week

BY FRED D. OSMAN, County Farming Agent

Most ornamental plantings for 1943 will be more or less a maintenance of what is already established, for the production of food in Victory Gardens will leave most gardeners little time for any added care of ornamentals. It is a good idea, therefore, to keep established ornamental plantings in good condition, replacing any that are not doing well. There will not be the plant nutrient materials, the sprays, and other supplies available for ornamentals in 1943 that have been on hand in previous years. Fertilizer is scarce, particularly nitrogen. Practically all chemical nitrogen is needed for food production and may not be used on ornamental plantings about the home grounds. Organic nitrogen can be used on ornamentals, but here, too, shortages may occur. Animal sources of organic nitrogen are practically out of the picture at present, and vegetable organics are practically in the same category. Manure, decayed leaves and similar materials will have to supply what nitrogen will be available for ornamentals. Fortunate indeed is the gardener who has a compost pile, and it deserves the best care he can give it.

Compost spread around ornamentals will help maintain them in good growth. Be sure to use plenty of lime, for it will benefit almost all ornamentals except those that are ericaceous and like an acid soil. All fertilizing materials used in a good soil program become much more efficient if the soil is adequately limed. Winter is an ideal time to apply lime, for better distribution is possible and there is not so much outdoor work to be done. Gardeners who do not know the pH of their soil should have it tested and brought up to at least 6.5. This will probably mean the application of lime at the rate of 25 to 30 pounds per 1,000 square feet. I will be glad to make this test and estimate how much lime is needed. In numerous cases this usually comprises the soil treatment needed in growing fair plants. Of course, with a scarcity of fertilizer it is well to have the soil well-limed because it makes the fertilizer more efficient. Market vegetable growers have found this out, and liming is their first operation—even before a thought is given to supplying added nutrients for the crop. The same practice applies to the home garden, and to ornamentals as well as vegetables.

**Lois Gardner Engaged To Frederick Sherman Best**  
MOUNTAINSIDE—Mr. and Mrs. J. M. Gardner of Effingham place, Westfield, have announced the engagement of their daughter, Lois to Frederick Sherman Best, son of Mr. and Mrs. F. H. Best of Park slope. Both Miss Gardner and Mr. Best are graduates of Westfield High School. Miss Gardner attended Washington School for Secretaries in New York. The couple will be wed January 23.

**Reorganizing Tuesday**  
MOUNTAINSIDE—Reorganization of the Board of Health is scheduled for Tuesday evening at 8 o'clock in the Borough Hall. Mayor John Moxon has yet to appoint members to be appointed for the coming year. Charles J. Wadas is president. Did you write this week to someone in the service? News from home is always welcomed by the men in uniform.

### Library Hours Set Under New Schedule

MOUNTAINSIDE—The Board of Library Trustees, at a meeting Monday night at the home of its president, Mrs. John Moxon of New Providence road, announced that new hours at the library are as follows: Monday through Friday, 2 to 5 P. M., with plans under way to devise an evening schedule. Reports were submitted by Mrs. E. F. Hansen, librarian, and Mrs. John Pfeiffer, head of the reading and story hour group. The latter had an all-time high with an attendance of 104 children, through December. It was noted that Mrs. W. Stevenson was ably assisting as volunteer librarian. Mrs. Hansen is planning to supervise a library-instruction and story hour with individual classes of the Mountainside School, one class of this nature being held each day. Theodore V. Mundy has turned over a project for study dealing with the forthcoming Victory Book Campaign. The trustees will hold their next meeting February 1 at the home of Mrs. Henry G. Weber of Central avenue.

### Mountainside School Notes

Miss Ruth Briggs, faculty member, who has been on a holiday trip to Arkansas has been delayed on her return due to flood conditions, and was unable to attend school this week. Mrs. Seybeck is secretary temporarily in the school office while Miss Violet Von-Rostel is on leave of absence. Mrs. Elizabeth Fox will begin her courses in home economics for the 5th, 6th, 7th and 8th grades in February. Each class will meet with her for an hour weekly.

### Share The Meat Campaign Concluded During Week

MOUNTAINSIDE—A "Share The Meat" Campaign with Mrs. H. J. Kazmar as chairman, has come to a conclusion this week, as 20 volunteer workers filed reports which will be turned over next week to Mrs. Mary Armstrong, county home demonstration agent. Mrs. Kazmar is working for the February project to be known as "Nutrition Under Rationing." The motivation of this course is to teach the housewife how to serve a properly-balanced meal under existing rationing conditions. Suggested weekly menus will be offered for consideration.

### Union Chapel

Several members of the Sunday School faculty gave Christmas parties in their homes for the pupils. Hostesses included Mrs. George B. Dannonhour who entertained the High School girls; Rev. and Mrs. S. Thomas Burns, who entertained the intermediate groups, and Mrs. Dewey Knoll, for the primary grades. The latter was assisted by Mrs. Marvin Moseman and Miss Lillian Dohman. At the meeting of the Ladies' Aid Society Wednesday of last week, plans were discussed to raise funds through a patch shirt. Each member will receive the shirt and sew her contribution under a patch. Speaker of the afternoon was Mrs. Thomas Burns, wife of the pastor, who discussed "On Looking Into the New Year." Assisting hostesses were Mrs. Fred Reeder, Mrs. Robert Laing and Mrs. C. B. Murphy. Mr. Burns has selected as his Sunday morning topic, "Voluntary Nations," and in the evening the sermon will discuss "God's Long-suffering."

A subscription to the SUN will keep you informed of all local happenings, \$2 per year, or 5c at all local newsstands.

### MAYOR AND COUNCIL PRESIDENT

MAYOR JOHN MOXON COUNCILMAN L. A. CRAMER

MOUNTAINSIDE—Mayor John Moxon of the New Year's Day organization of the Borough Council, said he looked for a slight decrease in the 1943 tax rate. Lester A. Cramer, recently re-elected, was again designated as president of the Council.

### Collect Paper, Rags Here on January 17

MOUNTAINSIDE—Francis H. Stodman, chairman of the Salvage Committee, announces that the borough will be canvassed on Sunday, January 17, for the collection of paper and rags. Trucks will start out at 1 P. M. and in order to complete the pick ups before nightfall, it is urged that all bundles be tied securely and placed on the early line. In the event of inclement weather the collection will be postponed to the following Sunday, January 24. Painted barrels have been placed at several street intersections in the borough for the collection of cleaned and flattened tin cans. More barrels will be set up in the near future.

### Around the Borough

Richard Keller will resume instruction of first-aid this evening at 8 o'clock in the Borough Hall. Meetings were suspended during the holidays. Mrs. K. Bliwise of 17 Springfield road has been confined to her home early this week with the grippe. Mr. and Mrs. H. John Kazmar of New Providence road entertained a small group of friends at a New Year's Eve party. Mrs. Joseph Hershley of Oak Tree road was hostess to 35 guests at a tea Saturday afternoon. Mrs. Russell Wilcox of Evergreen court was guest of honor. She and her husband and daughter, Joan, left this week for California where they will make their home for the duration. Mrs. Matthew Walker of Parkway way is confined to her home due to ill health. Miss Lois Knoll of Parkway will be hostess this evening to the Young Ladies' Christian Society. The group sang Christmas carols on several streets within the borough on Christmas Eve. Mr. and Mrs. Richard Keller of Whipoorwill way were hosts to friends at a New Year's Eve party. Mrs. Ruth Kubach, head of the local home nursing group, announces that another meeting will be held Wednesday between 1 and 3 P. M. at the school to complete the training. Mrs. Kubach has been particularly qualified to instruct the group of 14 members, since she, herself, is a registered nurse. Mrs. George Bader of Oak Tree road was hostess Wednesday evening to friends. Among those present were Mrs. Paul Rotstock of Birch Hill road, and Mrs. Edward Hofmann and Mrs. Joseph Hershley. The Baders will entertain 20 guests at an old fashioned movie party tomorrow evening. Mr. and Mrs. John Rau of Woodland avenue announce the birth of a son, William Eugene, on December 21 at Rahway General Hospital. Mrs. Charles Blaker of Springfield road has been visiting her son-in-law and daughter, Rev. Henry C. Buege and Mrs. Buege at Amsterdam, N. Y. Mr. Buege, who graduated in June from Franklin Marshall Seminary at Lancaster, Pa., was ordained Sunday night into the ministry at the Evangelical Reformed Church, in Amsterdam. Mr. Buege's father, the Rev. Edward Lautenschlager, pastor of the church, was one of the ordainers. **Red Cross Notes** MOUNTAINSIDE—Mrs. Archibald Sawyer, sewing chairman, announces her group meets Wednesday and Thursdays from 9 A. ## Boy Scout Council Elected Officers

The Springfield-Union District of the Boy Scouts held its annual meeting Monday night in Union High School and re-elected Benjamin Romano, Union Township Commissioner, as chairman. The post of Vice-Chairman was given to C. C. Cook of 175 Short Hills Avenue, this township. The post of commissioner temporarily was left vacant and will probably be filled before the next round table session scheduled for January 25. Norman Orr, retiring commissioner, will act in an advisory capacity until that time but press of business prevents him from accepting re-election, he told the group last night. Reports of various committees for the past year showed that Troops 63 and 65 attained the membership goal set last January. The other troops fell slightly short of their marks. At the present there are nine troops and two cub

packs functioning in the district. The leadership struggle, accentuated by the manpower shortage, has prevented formation of new troops. A new phase of work being done by the scouts, it was reported, is the messenger service in the civil defense set-up. There are more than seventy scouts acting as messengers. The total of scouts and cubs in the eleven units of 325, Commissioner Orr reported.

## Plans Completed On 3 Nutrition Courses

The Consumers' Interest Committee, war services branch of the Springfield-Union Defense Council, will sponsor a short course, "Food and Nutrition," to be held in three afternoon sessions, two of which will be conducted in the Raymond Chisholm School, and the third will be held in the James Caldwell School. The lecturer will be Miss Helen Telly, home service consultant of the Public Service Electric and Gas Company. The first session, January 11 at the Raymond Chisholm School, will deal with a demonstration of food, at which time Miss Telly will be prepared to give some new ideas on food conservation and substitution. The second session, January 18, at the Raymond Chisholm School, will also be a food demonstration, the topic of which will be announced at the first session. The third session, January 25, at the James Caldwell School, will be an illustrated lecture and discussion, dealing with problems of food and nutrition. All sessions will begin promptly at 3 P. M., and provision will be made for the care of pre-school age children and children of the lower grades who may wish to remain in school while their mothers attend the nutrition programs. The afternoon sessions have been decided on as a measure to assist the schools in conserving heat and light. The Consumers' Interest Committee urges every woman to attend. Miss Telly is well-known and her program promises to be very interesting. This program will also be of assistance to the women who are in charge of disaster feeding, and a special invitation is extended to them. There will be no charge connected with this course, and no examinations. No certificates will be awarded for attendance. Anyone desiring further information on this course may phone the chairman, Mrs. Roland W. Nye, Millburn 6-1681-W.

## Eligible For Jury

Carl H. Femoner of 182 Meisel Avenue has been drawn among the eligible panel of 33 men and two women drawn Monday before Common Pleas McGrath as eligible for the January Grand Jury. Supreme Court Justice Case will select 23 of the group next Tuesday.

# A WEEK OF THE WAR

A summary of information on the important developments of the week made available by official sources through the Defense Advisory Committee of the National Editorial Association.

New Year's Day 1943 marked the first anniversary of the formation of the United Nations. In his first press conference of the new year, President Roosevelt recalled the world situation that existed one year ago when 26 nations joined together by the universal ideals of the Atlantic Charter, signed the United Nations declaration and thus created "the mightiest coalition in history." (Three other nations have since joined this coalition.)

Today the unity achieved by these 29 signatory powers is bearing rich fruit. The United Nations, said the President, are passing from the defensive to the offensive, ever conscious, however, of the supreme necessity of planning what is to come after, of carrying forward into peace the common effort which will have brought them victory in the war.

Our task on this New Year's Day is three-fold, Mr. Roosevelt said: first, to crush completely the present "bandit assault" upon civilization; second, to organize relations among nations that, forces of barbarism can never again break loose; and third, to cooperate to the end that mankind may enjoy in peace and in freedom the unprecedented blessings which Divine Providence through the progress of civilization has within our reach.

Axis economic strength and weakness was outlined in a "beginning-of-1943" balance sheet issued by Milo Perkins, Executive Director of the Board of Economic Warfare. Germany, said Mr. Perkins, has passed her production peak but is still economically formidable, and there is little likelihood of economic collapse in Germany in 1943. Japan, however, is much stronger in raw materials than she was a year ago, and except for a major weakness in shipping she is now within reach of a powerful and entrenched economic position. The ability of the Axis powers to support defensive warfare is especially marked, he said, but as both economies are strained, inflicting bombing damage on Germany and attacking Japanese shipping will have immediate effects on these countries' war production.

## Production

As for U. S. war production, Chairman Nelson said that in 1943 this country expects to produce about twice as many arms as were produced in 1942, spending better than \$50,000,000,000 for war, as compared to 1942's \$29,000,000,000. November armament production showed the greatest monthly gain since the U. S. began to return in the summer of 1940—four and one-third times more war material turned out than in the month before the Jan attack on Pearl Harbor. Mr. Nelson gave the box score of November war production (over October): airplanes, up 18 per cent; ordnance, up 13 per cent; Army and Navy vessels, up 9 per cent; merchant vessels up 26 per cent; and other munitions, up 9 per cent.

Special attention has been given to the items most needed in the type of warfare now being waged in North Africa, with outstanding gains recorded in the output of single-engine pursuit planes, medium bombers, smaller transport planes, and Navy fighters, and also in the production of the self-propelled guns used in tank warfare.

Right now the U. S. is turning out enough rifle and machine gun ammunition each month to fire 83 rounds at each individual soldier in the Axis armies. In one year of war, production of small arms ammunition has increased 550 per cent—and is still going up.

Backing up our production of finished war material is our production of metals and minerals. A year-end report from the Bureau of Mines announces that in 1942 we produced more metals and minerals than in any year of our history. The estimated value of all mineral products was \$7,525,000,000—a record figure that tops the 1941 level by 10 per cent.

## Rationing

Agriculture Secretary Wickard directed the OPA to begin rationing about 200 canned, frozen and dried vegetables and fruits as soon as machinery could be set up. U. S. civilians will eat nearly one-third less of these foods in 1943 than they have been accustomed to eating, Mr. Wickard said, but their diets can still be well-balanced and healthful. Rationing in the U. S. does not mean substandard diets.

OPA said the rationing would begin in early February, under the "point" system. Supplies of goods to be rationed will be temporarily and briefly frozen on retailers' shelves and in distributors' and processors' warehouses, and before being issued a ration book consumers will have to declare whatever canned goods they have on hand so that these goods can be deducted from their allowances. Heavy penalties will be imposed for giving false information.

Under the point system, the housewife uses her stamps when she buys rationed foods from the storekeeper, the storekeeper uses the stamps when he buys from his supplier, and the supplier, in turn, uses the stamps to buy from his canner or from another supplier. All along the line, there is complete freedom of choice. And since the point values are the same in every store throughout the nation, the retailer's business in the stamps he takes in from his customer. Thus, according to Elmer Davis, Director of the OWI, competition in the trade will be maintained, and a minimum of record keeping will be required by the storekeeper.

## Relations With North Africa

A communique from the office of Gen. Giraud, French High Commissioner, said no attempts to divide the French people in North Africa will be tolerated. The communique, explaining that steps had been taken to insure tranquility behind the fighting lines, said most persons had accepted the recent developments calmly but a small element had been trying to cause unrest. Secretary of State Hull said Gen. Giraud's leadership "will go far to assure the common victory with the restoration of French liberty everywhere."

President Roosevelt expects to confer soon with Gen. Charles De Gaulle, but has already discussed, with a mission from Gen. Giraud, the question of supplies for French troops. Elmer Davis and Milton Eisenhower of the Office of War Information told a press conference that unless substantial quantities of food and clothing arrive in North Africa before February 1, there will be serious trouble there. Much of the food earmarked for that area by Lend-Lease has arrived, but much more is needed.

## The War Front

From the beginning of the North Africa operations to December 26, 27 enemy airplanes have been destroyed. Of these, 128 were brought down by the RAF, 102 by the U. S. Army Air Forces and 16 by anti-aircraft fire. Allied losses for the same period total 114—59 from the USAAF and 55 from the RAF.

Allied air activity in North Africa has taken five main forms: short range fighters and fighter bombers (mainly provided by the RAF) do the battle area attacking; bombers (mainly by the USAAF) carry out the daylight attacks on ports, shipping, airbases and railways; RAF bombers handle the heavy night attacks, concentrating on Tunis and Bizerte; RAF reconnaissance planes protect convoys and attack U-boats; and USAAF transport planes bring men and supplies into the forward areas.

In the Southwest Pacific area in 1942, 1,285 Japanese planes were destroyed or damaged, according to an Allied Air Force announcement. This total includes 723 planes destroyed, 250 probably destroyed and 313 damaged. In comparison, the announcement said Allied plane losses in 1942 were small.

## DISHES FOR Meatless DAYS

Poultry and fish are not the only substitutes for meat. Nourishing and inexpensive meals may be made up of vegetable dishes. Here's a recipe for baked beans that will make your mouth water.

**BAKED LIMA BEANS**  
1 lb. dried lima beans  
1/2 cup molasses  
1 cup, watered (soaked)  
4 large onions  
Soak limas over night in three times as much water as you have beans. Cook until tender on top burner. Pour off water and put in shallow baking pan. Pour molasses over beans. Add molasses and salt and mustard. Put a layer of onion sliced 1/4 inch thick on next. Bake at 325 degrees for two hours. Serves twelve.

Our Home Economics Department will give you recipes and suggestions to take care of the problems meat rationing brings.

Brother... quit  
being so human!

Remember 1933—when times were tough?

Maybe you didn't have a job. Maybe you and your wife and kids didn't eat too well—dress too well—have too much fun. Maybe you swore then that if things were ever different, you'd make up for it.

Chances are, today, things *are* different. You've got a job. You're getting good money. And you'd naturally like to have a little fun with it. You'd like to buy some of the "extras" that you and your family never had during the hard times.

It's only human to feel that way. But right now—we've got to *quit* being so human!

Right now, over in England, a bunch of fellows are getting ready to tackle one of the bloodiest jobs ever given an Army. In the Pacific, another bunch is playing hide-and-seek with an enemy that thinks the right treatment for a wounded prisoner is a bayonet through the guts. Others are sweating in Africa—still others are on cold, dreary fog-bound islands near the Bering Sea.

That's their job.

But it's our job to give them the tools they need to win—by buying War Bonds!—And so far, *we aren't doing our full job!* Right now, there are still people who ought to be buying War Bonds through the Payroll Savings Plan—but aren't.

While plenty of people in the Plan are investing *more* than the 10% Uncle Sam needs, a lot are setting aside *less* than they can.

The fellows who aren't yet in the Plan—or, being in, haven't hit their 10% yet—aren't unpatriotic, or 5th Columnists, or anything like that. They're just *human*. They just haven't realized their Country's bitter, crying need—*now!* They haven't realized that Americans have been licked in battle for lack of planes, ships, tanks, and bullets—tools that the money we'd like to spend for fun has got to buy!

Uncle Sam hopes that every single one of us *will* realize it—by January 1, 1943. By that date, everybody on a payroll should be on a Payroll Savings Plan—and we'll "Top That 10% by New Year's."

So, if you aren't setting aside your 10%, go on in and tell 'em you want to raise your sights. Not to 6%, or 7% or 8%—but to at least 10%. If you can put in more than 10%—do it! If you aren't yet in on the Payroll Savings Plan—Sign up tomorrow!

#### WHAT YOU SHOULD DO:

- If you are:
1. Already investing 10% of your pay in War Bonds through the Payroll Savings Plan—boost that 10% if you can.
  2. Working in a plant where the Plan is installed, but haven't signed up yet—sign up tomorrow.
  3. Working in a plant where the Payroll Savings Plan hasn't been installed, talk to your union head, foreman, or plant manager—and see if it can't be installed right away. The local bank will be glad to help.
  4. Unable to get in on the Payroll Savings Plan for any reason, go to your local bank, or wherever Bonds are sold. They will be glad to help you start a Plan of your own.
