OFFICIAL NEWSPAPER
TOWNSHIP OF SPRINGFIELD

SPRINGFIELD, N. J., FRIDAY, AUGUST 7, 1942

SUBSCRIPTION PRICE
TWO DOLLARS BY THE YEAR

Price Five Cents

WE HOPE YOU LIKE IT

A modern, progressive newspaper must constantly add features, make changes here and there, in an attempt to improve its all-around usefulness to its readers and the SUN is no exception. We are proud of the fact that our circulation reflects this trend, over 150 subscribers having been added in the past four months.

Another new feature will be included with our next issue, in which a column will be written expressly by invited readers to air their views and ideas on anything. This does not confine the topic to Springfield alone or the immediate vicinity but to, and we repeat, anything which would interest the average reader.

Our first guest columnist will be Postmaster Otto F. Heinz. Since the editorial staff is unable to decide on an appropriate title, we earnestly ask your indulgence until next week. Meanwhile, suggestions from our readers will be most welcome.

A LETTER TO "MOM"

From "Tin Hats," August issue, publication of the local American Legion Post, distributed this week, was reproduced the following letter which we publish herewith:

"WITH THE COLORS"

Dear Mom:

"Today I didn't have much to do and I was just sort of sitting down thinking of you and the folks. I could picture in my mind how you were washing dishes and doing the mending as you always did. I could see the different people I knew in Springfield and felt for a little while as though I was back home. I've traveled a lot in the last year but some how Springfield seems to me about the finest little town on earth. Quiet, trees, green grass and peace. I used to knock the little burg but no more. Maybe you don't miss the water till the well runs dry. You know, Mom, there's no substitute for just plain folks with no airs or nothing. I guess maybe that's what we are fighting for just so plain folks will be safe. Just so your mothers will have peace, just so all Springfields will continue to exist. I'll be back Mom, a little older but much wiser. We will do our job this time, for you and Dad and Sis. It's great to be an American.

"YOUR GROWN UP BOY."

Happy Birthday!

Whether your birthday falls next week, or next month, why not have it listed here by calling "The SUN," 100 North 10th, or let it be a postal! Our files will carry over the date from year to year, so that it needn't be forgotten.

"Happy Birthday" greetings are extended this week by the SUN to the following residents of Springfield:

Teachers Convention Changed Due To War

The Executive Committee of the New Jersey Education Association decided this week to curtail the usual four-day Annual Convention originally scheduled for Atlantic City, in favor of a shorter meeting that will take place in Trenton on November 6 and 7. Special features that would tax the transportation system of the state-wide high school orchestra and chorus, an outstanding feature of Sunday afternoon programs of the past, will be cancelled. No school time will be used and the teachers will forego the two days permitted by State law for attendance at the Annual Convention.

According to present plans, the modified convention will open for registration and voting on Friday, November 6, at 4 o'clock, and will continue with business and a general program on Saturday, and a brief meeting on Sunday. This will meet the requirement of the present Constitution.

It is expected that this curtailed meeting will serve the essential business of the Association and that the general program on Saturday will contribute to the better understanding of teachers as to how the schools may best serve the national war effort.

Defense Council To Discuss Changes On New Control Center

Arrangements to convert the quarters of Recorder Everett T. Spinning on the second floor of the Town Hall for the proposed control center of the Springfield Defense Council will be discussed by the group Thursday night.

The recent incident tests revealed the need for better quarters for the "heart" of the local defense, set up and not until various plans in different local buildings were thoroughly exhausted did the suggestion come through to use Spinning's private office, which is to the right of the Township Committee meeting platform.

Several conferences have been held between Defense Council members and the governing body to agree upon a suitable place. As a result, it has been tentatively arranged to bring it to the attention of the Council next week.

After the control center has been selected, additional telephone service will also be provided for. Upon completion of both details, a demonstration incident test will be held in the near future to be inspected, during its operation, by representatives of the State Defense Council.

USO Drive Total Goes Over The Top To \$1,868

Well over the top is the collection in Springfield for the USO campaign, with report yesterday from Treasurer Charles H. Huff that \$1,868.54 was turned in to date and several additional contributions are expected to be received soon. The goal was \$1,800.

T. C. Davidson, chairman, announced that the general committee and workers will remain intact, and be available on special duty if USO services are needed.

Named Alternate For Colorado Scholarship

SHERMAN L. WILLIAMS, Sherman Lou Williams, son of Mr. and Mrs. Virgil Williams of Short Hills avenue, has been named alternate for a scholarship to the Colorado School of Mines, Golden, Ohio.

Dr. Charles Effert, State Commissioner of Education, announced Williams' choice Tuesday as alternate to Robert Francis Griffith of Nutley High School. Every year the Colorado School of Mines awards a scholarship to the New Jersey high school graduate recommended by the State Commissioner of Education.

Williams, a graduate of the class of 1942 at Regional High School, was an outstanding student, frequently being on the honor roll.

He graduated in the college preparatory curriculum, and was a member of the Regional School Band. He graduated from the James Caldwell elementary school.

Attack Is Fatal To Man, 60, At Picnic

MOUNTAIN SIDE — Joseph S. Ferguson, 60, of Philadelphia, visiting for the week-end with relatives in Maplewood, died unexpectedly Saturday at Surprise Lake, where the family had gathered for a picnic supper.

Dr. L. J. Anson of Garwood, together with members of the Mountain Side Rescue Squad, worked unsuccessfully to revive the man and the Cranford physician pronounced him dead.

Celebrating the visit of the older Ferguson, whom they had not seen in a number of years, the family of Thomas Ferguson, a nephew of the deceased, planned the outing in an effort to escape Saturday's heat. The party had spent a pleasant afternoon and when the time for their departure arrived, the picnicers gathered together their equipment and started up the long steps that ascend from the lake to the roadway where a picnic is provided for parked automobiles.

Near the top of the steep steps, Ferguson collapsed. Permission to move the body was given by County Physician George Brokaw.

Millburn Man Held On Fraud Charge At Boro

MOUNTAIN SIDE — Ansel W. Poppe, whose address is said to be 35 Hawley place, Millburn, was arraigned before Recorder Charles A. Dunne in Police Court Monday and held for action of the October Grand Jury on a charge of fraud.

Police reported that Poppe passed a worthless check amounting to \$20, to Daniel Nardella, service station operator, in Mountain avenue on July 10. After the check was returned by the bank on which it had been drawn, Nardella complained and police issued a warrant for the arrest of the Millburn man. The latter straggled Saturday at local headquarters.

Slight Increase Shown In July Sale of Bonds

There was a considerable increase in War Bonds sold at the Springfield postoffice during July, Postmaster Heinz announced this week. A total of \$5,868.75 in bonds sold during the month reflected a rise of \$2,150 over June, which was one of the quietest records in months. In the absence of figures on the sale of bonds at the First National Bank of Springfield, it is believed they are about equal to the postoffice totals, representing an approximate total of all local July War Bond sales to about \$11,500.

"Gainful Occupation" Needed For Bicycles

Numerous requests and applications for bicycles have been made to the Springfield Traction Board, which calls attention to the following governmental ruling that "unless engaged in a gainful occupation or in work which is considered of the public to the following welfare" one is ineligible to obtain a bicycle at this time.

Extra sugar rationing for canning purposes has been extended to 151 applicants in the township, including this week's, and in all, 3,767 pounds of sugar has been allocated for canning requirements.

About 1,400 applications were handled for supplemental gas rations. The board calls the attention of the public to the following new hours: Monday, Wednesday and Friday, 9 a. m. to 1 p. m. and 2 p. m. to 5 p. m. On Tuesdays and Thursday, when the evening hours are from 8 to 8:30 p. m., the office opens at 10 a. m. on hour later than on other days.

Councilmen Cramer, Hoy File Petitions

MOUNTAIN SIDE — Councilmen Lester A. Cramer and Marie Hoy, incumbents, filed petitions last night with Borough Clerk Laing for renomination at the Republican primary September 15. They are expected to have no opposition.

Mrs. Mildred Murphy, Republican county committeewoman, filed her petition and Ralph A. Dietz of Summit road, filed for county committeeman. W. R. Winckler, present committeeman, is not seeking reelection.

Legion Post Collected 1,000 Old Records Here

Over 1,000 old phonograph records have been collected in the drive sponsored by Continental Post, American Legion, as part of a nationwide campaign to save old discs and send new ones to men in the Armed services throughout the world.

Although the deadline has been reached, Commander Charles A. Zoeller, in charge of the campaign, announced that records left next week at Doyle's Service Station, Morris avenue and Center street, or at the trehouse, will be included in the completed shipment which must be forwarded not later than August 15 to Camden, where the RCA facilities will convert the old records.

Annual Picnic Tomorrow Of Chapel Sunday School

MOUNTAIN SIDE — The annual picnic of the Sunday School of Union Chapel will be held tomorrow afternoon at 2:30 in Echo Lake Park, featuring picnic supper at 5 P. M. in which members, parents and friends are urged to bring basket lunch, followed by a soft ball game between the married and single men at 6 o'clock.

The Sunday School will furnish ice cream at the supper. Distribution of awards for various events held in the afternoon for scholars of all ages, will take place after the supper.

Thanks From USO Head

To the Editor of the SUN:—
May I use the columns of the SUN to publicly thank all who contributed so generously of their time and effort to put the USO Fund over the top. Springfield can well be proud of the spirit displayed throughout this campaign and with the knowledge that the money contributed will go to make our boys' spare time more enjoyable and home like, we all can feel that truly our contribution to the USO will help somebody we know.

T. C. DAVIDSON,
Chairman, USO Committee,

Ten Passengers On Burning Bus Saved

Ten passengers escaped serious injury Tuesday morning at 9 when a Public Service Elizabeth No. 8 bus burst into flames in Morris avenue, near South Maple avenue.

Edward C. Erickson of 45A Kent place boulevard, Summit, bus driver, averted injuries for his fellow riders when he threw open the emergency door and the passengers alighted safely to the street. A broken gas line caused the front portion of the bus to ignite. Firemen extinguished the blaze before it seriously damaged the body of the bus.

Board Held Hearing On Southern Kitchen

MOUNTAIN SIDE — The Board of Health Tuesday night received decision on its charges of unsanitary conditions at The Southern Kitchen, Route 29, and held over its judgment on whether a restaurant license now in force, would be continued. Charles Wadus, president, presided.

Counsel appeared for the defendant and Borough Attorney Alan Thompson appeared for the health board. The Board of Health will meet Tuesday of next week at the home of a member to consider its final action.

It was reported by Mrs. George Force, registrar, that there have been no contagious diseases among borough residents for the past four months. There were three deaths during July-1942 and three patients in the Children's Country Home reported to have had contagious diseases.

County Organization Formed to Aid Wilson

Mayor P. Edward Bortuempfel, of Union, vice-chairman of the Union County Republican Committee, announced the formation this week of a county-wide organization to support Gill Robb Wilson, director of the New Jersey War Relocation Authority, in his U. S. Senatorial campaign.

Commissioner William Runyon of the Elizabeth Board of Public Works was designated as county chairman. A campaign headquarters will be set up to undertake an aggressive drive to carry Union County for the candidate.

Directing women's activities will be Mrs. Edith S. Hankins of Springfield, Mrs. Mildred Murphy of Mountain Side, Mrs. Josephine L. Lovergood of Union and Mrs. Maria Thompson of Hillside.

Garwood Driver Fined \$50 In Police Court

For permitting an unlicensed driver to operate his car, William Brown, of 401 North avenue, Garwood, was penalized \$50 and \$2 costs by Recorder Everett T. Spinning in Police Court Monday night. The unlicensed driver, John Guerrero, of 75 Fifth avenue, was fined \$7 for failing to possess a license. Both complaints were made by Patrolman Charles Schaffernoth.

Other cases heard Monday night included: Troy R. Baxter, Sr. of Lawrenceville, \$7 for speeding, and Thomas W. Fleming of 457 Springfield avenue, Summit, \$3 for improper parking.

Joseph Swiney, 21, of 100 Morris avenue, Newark, was fined \$10 and \$2 costs Sunday afternoon, for driving without a license. He was apprehended by Patrolman Vincent Phikava Sunday morning at 3 o'clock.

PLAYGROUND ACTIVITIES

Richard Schroeder, son of Mr. and Mrs. Edolph Schroeder of Linden avenue, has been awarded a medal for being the first boy in Union County playgrounds to qualify for such, by accurately naming ten different species of leaves and from naming seeds and seedlings from various types of trees.

This nature scrapbook was also considered good, from the standpoint of his wide variety of species of plants.

LIEUT. FREDERICK J. BETZ

Second Lieutenant Frederick J. Betz, son of Mr. and Mrs. Frederick V. Betz of Route 28, who was recently named assistant to the Assistant Chief of Staff, G-3, of the Southeastern Air Force Training Center with headquarters at Maxwell Field, Ala.

Betz, who was commissioned on May 12, attended Officers' Training School at Miami, Fla.

YOUR RED CROSS

Red Cross work on the home front has many a thrill. We do know that Mrs. Lewis P. Macartney had a thrilling experience last Sunday at the meeting of the Official Board of the Springfield Methodist Church. As chairman of the newly formed surgical dressing committee, she has watched the calendar inexorably bringing nearer a "dead line" when our chapter's quota of dressings and bandages would be demanded. All the anxiety and concern which not only Mrs. Macartney but every home member has felt because no proper room seemed to be available in the township has been eased. To meet the strict specifications laid down for the place in which Red Cross bandages and surgical dressings may be rolled and folded, the room must be light, airy, spotless; walls or floors may not be old or discolored; the room may not be used for any other purpose; it should not be used as a passageway for persons moving from one room to another.

Thus, when the Methodist Official Board unanimously voted to offer to Springfield Chapter, through Mrs. Macartney, the use of the Richard Trivett room in the church annex, for the making of surgical dressings, one of the most difficult problems with which the chapter has ever been faced, has been solved. The Richard Trivett room is beautifully proportioned; it has many windows to the north and west, through which the sunlight streams. Giving up the use of this room means a real sacrifice to the workers in the church, and especially to the Ladies Aid Society, whose meetings have been held in the room since the annex was completed. It has handsome furnishings, which will be removed and carefully stored. A further word of praise must be given for the fine spirit in which the offer was made. The consensus of opinion seemed to be that patriotism was involved, and that no better use could be made of the room than to use it as a place in which articles are to be made that are vitally necessary to the welfare of the men who are defending their country, its people and its freedoms, religious and otherwise. Among those who rose to speak in favor of the offer, and to pay tribute to the Red Cross, were Eagle H. Hershey, Mayor Wilbur Selander, A. Lennox Crane and Walter White.

Announcement will be made later of the opening of the room for service. Materials for the bandages and dressings are expected to arrive any day. A surgical dressing institute which will be conducted under the auspices of Newark Chapter for the two days of August 12 and 13, between the hours of 9 a. m. and 12 noon.

Drunk Driving Penalty Against Union Motorist

Charged with drunken driving, Alfred Betz, 43, of 234 Globe avenue, Union, was fined \$200 and his license revoked for two years Sunday by Recorder Everett T. Spinning. He pleaded guilty to the charge.

Betz, arrested Saturday night by Patrolman Charles Schaffernoth after his car jumped a safety ledge in South Springfield avenue at Route 29, was declared unfit to drive by Dr. Harry Kleinberger of Millburn.

SUN SPOTS

LANDLORDS INCONVENIENTLY were forced to register their properties this week, only a few at either Summit or Union High Schools, whichever caused less gasoline to be consumed. The idea of traveling away from Springfield, we reckon, would have been equally popular for gas rationing, extra sugar allotments and many similar more to come.

BASEBALL AMONG THE YOUNGER

not this week at the rapidly-forming municipal parking lot on Plover avenue and Center street, indicates its acceptance before the material learns to soon enjoy its benefits.

BETTIQUETTE SAYS

Every woman who cooks as much as a fried egg has a part in winning the war. In every teaspoon of fat or grease she saves is glycerine, and in glycerine is ammunition for war.

Waste fat saving is the answer busy housewives have been seeking since the outbreak of the war. They have been asking "How can I, who can't leave my home and babies, help win the war?" By carefully saving every spoonful of fat or grease drippings from their skillets and roasting pans, and taking this grease to their meat dealer, they are helping make ammunition for the firing line. There is a job only women can do.

This kitchen has become the biggest home front of the war. The United States have a deficit of glycerine. The war has cut off supplies of vegetable oils from the Dutch East Indies and the Philippines. Housewives from their kitchens can make up this deficit. Production experts have estimated a tablespoon of fat or grease saved daily by every housewife in America would supply the need.

Saving waste kitchen fats is not a temporary program. This is a war job for housewives, a job which will last as long as the war lasts. Women are asked to make the saving of fats a habit, a part of the daily routine.

Directions for saving of fats, as issued by the Conservation Division of the War Production Board, are as follows: Save all fats after the cooking

and has been obtained from them. This includes bacon grease, drippings from steak or roast, and vegetable "try" fats. Strain into a clean wide-mouthed tin or medium can, and keep in a cool dark place, so that they cannot become rancid. Take the fats to your meat man. He will pay for them and later take them on their way to the munitions factory.

Glycerine comprises one-tenth of the substance of fat. Two pounds of waste kitchen fats will free five anti-tank shells. The waste kitchen fats saved by 100,000 families will supply 200,000 anti-aircraft shells a month. If every woman in America saved as little as four ounces of kitchen fat a week, it would make two and a half million pounds.

Please Avoid Unnecessary Calls to Washington

WITH the war effort of 28 United Nations centered upon it, Washington is probably the busiest city in the world. It is fast outgrowing its physical limits—and its telephone facilities.

Long distance calls in and out of the capital city have doubled within a year and are still increasing as the war effort moves toward its peak.

Materials for further telephone expansion now go for weapons of war.

To help meet this situation, we ask you to avoid unnecessary calls to Washington. If you must call, please be brief and call when the lines are less busy: before 10 A. M.; 12 to 2 P. M.; 5 to 7 P. M. and after 9 P. M.

Your cooperation will do much to help relieve the congestion on telephone lines and speed the drive for Victory.

BUY UNITED STATES WAR BONDS AND STAMPS

YOU CAN BUY BONDS AT YOUR JERSEY CENTRAL OFFICE

For years we have tried to build up one of the best sales organizations going, in order to bring people the advantages of "Better Living" through modern gas and electric appliances. While we still have enthusiasm and belief in appliances which we are now serving, and in the future will serve, to make living easier and more convenient, we know with deep conviction that today there is only one thing which will insure our way of life, and that is winning this war. So we would like to join our efforts with others in doing one of the most important selling jobs in the world today,—selling BONDS FOR VICTORY. We are glad to announce that you can now buy BONDS at any of our offices through the saleslady on the show room floor. We urge you to buy War Bonds today, and plan for that completely modern, up-to-the-minute home when the war is over.

Your Garden This Week

BY FRED D. OSMIN
County Farming Agent

Now is a good time to do your fall sowing of early spring blooming perennials and biennials. Get the seeds ready and plant the seeds now so that you will get plants that build up size and strength enough to produce good blooms next year. Although it is a little late for the sowing of English Daisies, Pansies and forget-me-nots, they will still make fine plants next season if started immediately. Canterbury bells and Iceland poppies should also be planted at once, and Hollyhock, Gaillardia and Delphinium will give good bloom next spring. If you get fresh seed and get it in the ground right away. Prepare a seed bed that you can shade until the seed has germinated, for the most important factor, other than fresh seeds, in this late sowing is to keep the surface of the soil moist until the seedlings have broken ground. By that time the roots are deep enough so that the surface of the soil can dry off somewhat and still grow good plants. But during the time the seeds are germinating, be sure that the surface is never dried off, even for an hour, or you may ruin the whole stand.

so that they can make top growth which is necessary for best flowering next year. This also applies to the rare Lilium festucoides and L. chalcidatum. If you want to try them, there are high in price, difficult to obtain and unless you are a real enthusiast they are too expensive and uncertain for the amateur gardener. L. festucoides is a cross between L. chalcidatum and L. candidum and brings the apricot color into this class of lilies. You should have pinched-back your chrysanthemums before this, although if done at once, it will not seriously damage late blooming kinds. Dahlias can be given a final pinching back anytime before the middle of August so as to get a lot of strong buds for September bloom when dahlias really produce their best flowers. Those produced in August are apt to be soft and are not likely to develop so satisfactorily as the late blooming ones. This is the real secret of having good dahlias. Keep them pinched back until August when the young shoots grow. Remember it takes about three weeks for the shoots to develop from buds from the starting point and another three weeks from the time the bud is formed until the flower develops. So time your flowers accordingly by your disbudding and pinching.

APPEAL PROCEDURE

for the guidance of persons whose reasons applications receive adverse decisions from War Price and Rationing Boards was outlined this week by OPA headquarters. Such adverse decisions, OPA advised, may be appealed to the State Director of the Office of Price Administration within thirty days. The appeal in writing setting forth the applicant's objections to the decision and the grounds for the appeal must be sent directly to the State Director. It was emphasized that the appeal must be filed with the War Price and Rationing Board which is then required to transmit the appeal together with all its records on the case to the State Director within ten days of receipt. A State OPA unit instructing local boards in correct procedure, outlines the appeal process as follows: "The State Director may request the applicant to appear before him or to furnish such additional information as he may deem pertinent. The State Director shall render his decision on the appeal within five days after receipt of the statement and record, and in cases of apparent emergency, within twenty-four hours, if possible. He shall promptly notify the applicant and the Board in writing of his decision. In the event that a decision of a board is reversed or modified by the State Director, the record shall be returned to the Board for action consistent with his decision."

School Board Will Take Painting Bids

MOUNTAINSIDE — The Board of Education will meet in a special session Monday night to receive bids for painting the local grammar school before Fall opening. At its regular scheduled meeting August 20, the board will act upon several vacancies in the system, due to the retirement of three teachers.

Several weeks ago, Otto Decker, annual training instructor, resigned to assume a new post in the Kearny High School industrial arts system.

Miss Blance Deichert, school nurse, who recently resigned, will be replaced by Miss Ruth Peterson, Miss Peterson, who was approved by the Board of Health this week, will devote two days weekly to Mountainside, one of which will be for school hygiene and the other for

pre-school work. The other days will be spent in similar work in Garwood.

Miss Ruth Bicker, fourth grade teacher, is expected to resign this month, causing the third change in the system. She will be married in the Fall. When the local school opens next month, the cooking unit of the home economics department will be added. Last year sewing was inactivated for the first time.

LOOKING BACKWARD

Ten Years Ago

AUGUST 7, 1932 Although the SUN hinted that salary tables would be discussed at a special meeting of the Town Committee, the Board of Education and the Board of Fire Commissioners, it was finally decided that policemen, firemen and school employees would not undergo any salary reductions for the year. Announcement was made that the Somerset Bus Co. of Irvington had closed a deal with Tinsley Hunter of Mountainside for a parcel of land to be used to house the garage and offices of the company. Mrs. Thomas Carlinoff of 19 Center street, left on the S. S. Calcutta of the General Line for a three-month visit in Scotland. She expected to visit in Paisley. George Bechtel of Black's line auto-repairs on both hands when a car he was repairing burst into flames. A leak in the gasoline valve was reported as being responsible. Governor Hoffman expressed expectations that the automobile industry for August would show a decline. August used to be the worst month for automobile deaths.

In a suit docketed in Common Pleas Court, Howard Smalley, suing through his parents, Howard and Margaret Smalley, sought \$28,000 damages from Lester H. Schimp of Springfield, and Frank and Joseph Kasperow of Scotch Plains. Smalley was injured in an accident when the car in which he was a passenger, driven by Schimp, collided with a car driven by Frank Kasperow. The Marx Brothers in 'A Day at the Races' was coming to the Millburn.

AUGUST 7, 1937 The Regional Board of Education, awaiting the opening of the school year, was held in Mountaintop when petitions were filed with Borough Clerk Loring by Recorder Albert J. Benninger and former Councilman John Maxon. Springfield was full of fish stories as a result of the successful fishing trip sponsored by the Springfield Lions Club. Forty-one members and guests attended the one-day outing at Porked River. The 7 P. M. to 7 A. M. curfew for service stations on the sale of gasoline, as ordered by the State Defense Council to aid in the defense program and prevent a shortage of fuel in the East, was working out with little displeasure in Springfield. In a season of light opera, the Paper Mill Playhouse was featuring a series of Gilbert and Sullivan. On the program were 'The Mikado,' 'Trial by Jury' and 'H. M. S. Pinafore'. A recruiting officer of the U. S. Army was assigned a weekly visit to Springfield. His headquarters was the post office.

Tells Of Compact To Help Fisheries

George C. Warren, Jr. of Summit, president of the New Jersey Fish and Game Commission, today called attention to the newly organized Atlantic States Marine Fisheries Commission, of which he is a member, and pointed out that the organization plans build up present fishery resources for the benefit of the sportsmen, commercial fishermen and the remaining public. With the consent of Congress, the States of Maine, New Hampshire, Massachusetts, Rhode Island, New York, New Jersey, Delaware, Maryland and Virginia have joined in a compact to conserve and build up the fisheries, both commercial and sport, that lie within the territorial waters of these states. As an outgrowth of the compact, the Atlantic States Marine Fisheries Commission is concerned also with the fisheries that lie in the waters of the remaining Atlantic Coastal states, and hopes that these states will soon join in the common effort to increase the abundance of the fisheries along the whole Atlantic coast, President Warren said. To secure proper representation, the commission will shortly establish an advisory committee that will provide equal representation for sport fishermen and general commercial fishermen, as well as special interests such as lobstermen, shell fishermen, etc. The Commission will have the technical advice of the U. S. Fish and Wildlife Service and of the conservation and fish and game departments of the signatory states, which are closely in touch with the needs of the sportsmen and the public generally.

DEATHS

James Rodgers

Funeral services were held Wednesday at 2 P. M. for James Rodgers of 73 Tucker avenue from V. Reck's Funeral Home, 60 Pulaski street, Newark. The body was cremated at Rose Hill Crematory, Linden. Mr. Rodgers, who was 62 years old, died at home Sunday. He was a native of Newark and resided in Springfield five years. He was a diamond setter by trade, being employed for many years with the Stein Alf Co., Jewelers, of 407 Mulberry street, Newark. He suffered a stroke two and a half years ago, and had been ill since. Besides his wife, he leaves two sons, James, of Livingston, John, of town; and two daughters, Jean, of New York City, and Rose, who lives at home. There are also two brothers, Sam, of Spotswood; Edward, of Pompton Plains, and two sisters, Mrs. Carrie Ballver, of Iselin and Mrs. Grace Oliver of Newark.

Isidore A Roth

Services for Isidore A. Roth of Morristown, retired theater chain operator, were held Tuesday at M. A. Doyle Funeral Home in his home city. Burial was in Beth Israel Memorial Cemetery, Cedar Knolls. Mr. Roth, who died suddenly Saturday at the wheel of his car in Speedwell avenue, Morris Plains, retired about five years ago as president of the American Enterprises, Inc., which formerly ran moving picture theaters in Morristown, Madison, Summit (Roth-Strand) and Maplewood. He was 62 years old.

READING & WRITING

BY Edwin Seaver AND Robin McKown

WE READ a lot about the Russian army and its leaders these days. But what about the Russian people themselves? How are they like Americans and how are they different? "Shooting the Russian War," by Margaret Bourke-White, talks about people and not about politics. Miss Bourke-White and her husband, Erskine Caldwell, went to Moscow in the spring of 1941 and stayed until the Russians had begun their great counter-offensive. Mr. Caldwell gave his account of their experiences in his book, "All Out on the Road to Smolensk," published several months ago. Now we have the story from a woman's viewpoint in his wife's book.

Margaret Bourke-White is one of our ace photographers, and "Shooting the Russian War," in addition to its entertaining text, contains some of the best photographs that have come out of this war—air raids, front line villages recaptured by the Red Army, workers, farmers and soldiers on duty, and even churches and the people who worship there.

Miss Bourke-White is justly proud of her Stalin photographs, since it is very difficult for an American to get an audience with the Soviet leader. She says that Stalin looked very stern—as though his face was carved out of granite—until she started crawling around on the floor so she could get her camera at the proper angle. This struck him as funny and he burst out laughing.

The week before the Nazi invasion, the Caldwell's were visiting in Georgia, in the South of Russia. The Georgians were delighted to learn that Erskine also had come from Georgia—the United States variety.

Their excursion was conducted by the leading poets of Georgia. "Both Georgias grew cotton. Both were famous for corn and oranges. Both had golden sunshine. Both produced beautiful women. But, best of all, both Georgias were noted as the birchlands of the greatest writers in the land," they said. At this point Miss Bourke-White whispered to her husband that her play "Tobacco Road" had never seen anything like this. He whispered back that they were just a lot of Georgia crackers here, same as back home.

The Nazis try to minimize the German losses, but they can't fool all their people all the time. Harry Flannery, who was successor to William Shirer as a CBS broadcaster from Berlin, and whose book, "Assignment to Berlin," is an excellent sequel to Shirer's book of the Month Club selection, "Berlin Diary," tells this story which he heard from the Germans themselves. It seems that four German aviators came before St. Peter and asked to be admitted through the pearly gates.

"And who are you?" asked Peter. "We are four German aviators who were shot down over the Channel today."

"Four?" Peter looked at his list. "Sorry," he said, "three of you will have to go below. The communique says that only one was shot down today."

Our Library

Use Your Library

Public library patronage is growing probably because of War restrictions which have many to forego trips and other out of town excursions, as well as the increase of the population of Springfield.

The circulation for the month of July was 2,012 books. There were 1,447 adult books and 565 juvenile books, thereby topping the corresponding figure of last July by 622 books.

The latest history published by the Princeton Press has been purchased for the New Jersey Historical Department of the Library. It is called "EDUCATION IN NEW JERSEY FROM 1600 to 1871 and was written by Nelson Burgess. He has given the book this clever and interesting dedication: "To the men and women of New Jersey who through the dark ways carried the light of belief in Education as the hope of democracy."

Other histories on New Jersey from this press are COCKPIT OF THE REVOLUTION written by Leonard Lundin, FROM INDIAN TRAIL TO IRON PATH by Wharton J. Lane, HOME TO FREEDOM by Donald Kemmere.

All of these books are available to the public and may be borrowed. The reader will find them most interesting and instructive.

Lesson-Sermon For Christian Science

"Spirit" is the Lesson-Sermon subject for Sunday, August 9, in all Christian Science Churches and Societies throughout the world.

The Golden Text is: "Where the Spirit of the Lord is, there is liberty." (II Cor. 3:17).

Among the Lesson-Sermon citations is the following from the Bible: "Except the Lord keep the city, the watchman waketh but in vain." (Psalms 127:1).

The Lesson Sermon also includes the following passage from the Christian Science textbook, "Science and Health with Key to the Scriptures" by Mary Baker Eddy: "The creations of mortal mind are material. Immortal spiritual man alone represents the truth of creation." (p. 263).

JUNK

needed for War

"What's it good for?" "Guns, tanks, and maybe part of a plane"

In the attics and cellars of homes, in garages, tool sheds, and on farms, is a lot of Junk which is doing no good where it is, but which is needed at once to help smash the Japs and Nazis.

Scrap iron and steel, for example. Old radiators, lengths of pipe, refrigerators, garbage pails, broken garden tools...

It may be rusty, old "scrap" to you, but it is actually refined steel, with most impurities removed—and can be quickly melted with new metal in the form of pig iron to produce highest quality steel for our war machines.

Even in peacetime our Nation relied on scrap to provide about 50% of the raw material for steel. Now production of steel has gone up, UP, UP, until today America is turning out as much steel as all the rest of the world combined.

But unless at least 6,000,000 additional tons of scrap steel is uncovered promptly, the full rate of production cannot be attained or increased; the necessary tanks, guns, and ships cannot be produced.

The rubber situation is also critical. In spite of the recent rubber drive, there is a continuing need for large quantities of scrap rubber. Also for other waste materials and metals like brass, copper, zinc, lead, and tin.

America needs your active assistance in rounding up these materials. The Junk which you collect is bought by industry from scrap dealers at established, government-controlled prices.

Will you help? First—collect all your waste material and pile it up. Then—sell it to a Junk dealer, give it to a charity, take it yourself to the nearest collection point, or get in touch with your Local Salvage Committee. If you live on a farm, consult your County War Board or your farm implement dealer. Throw YOUR scrap into the fight!
