

MEN IN SERVICE

Private Fred Thompson, home on a ten-day furlough from Camp Carson, Col. and Private Philip Thompson, home on a five-day furlough from Bradley Field, Conn., are visiting their wives and parents, Police Sergeant and Mrs. William Thompson, Sr. of 295 Morris avenue.

Private Elmer Class Craig Nitolo was home over the week-end from Camp Mackall, Hoffman, N. C. This was the first time Private Nitolo has been home since entering the service in March. He is the son of Mr. and Mrs. George Nitolo of 22 Brook street.

Corporal Wilbur McClement of 8 Mountain avenue, has recently been transferred from New York City to Fort Screven, Georgia, Corp. McClement, resided with his wife at the above address before entering the service.

Private Jack Schoch, son of Mr. and Mrs. Herbert Schoch of 22 Marlon avenue, has been transferred from Fort Dix to Fort Knox, Kentucky. Private Schoch had been stationed at Fort Knox for nine weeks, since entering the service.

Technical Sergeant Arthur Swanson is home from Fort Sill, Okla. for a few days visiting his wife, the former Ruth Briggs and his parents, Mr. and Mrs. John Swanson of 148 Morris avenue. The Swansons have two other sons in the service, Lieutenant Edward, stationed overseas and Robert, with the Army Air Corps, stationed at Miami Beach, Fla. Their son-in-law, Horl Freiday of Summit, recently entered the Navy as a Lieutenant, Junior grade.

Corporal Arthur Bjorstad, son of Mr. and Mrs. Arthur Bjorstad of 9 Rose avenue has recently been promoted to the rank of Sergeant. Sgt. Bjorstad is stationed in Africa. He is the first of Miss Virginia Wilson, daughter of Mr. and Mrs. John Wilson of 343 Mountain avenue.

We received the following letter this week from Private Owen Morrison, son of Mr. and Mrs. Leroy Morrison of 13 Henshaw avenue: "Excuse me for not writing sooner, but you don't get much time while in basic training. At this time I wish to express my thanks to the staff for sending me the SUN. Every week I look forward for the SUN, as it brings the happenings of Springfield closer to me. So please keep it coming.

"My basic training is nearly over. I just finished clerk school and I am learning clerical work, the Army way. For two weeks I will work in Center Headquarters on the O. C. S. board clerical work. I expect to get "T" Corporal or "T" Sergeant stripes when I get to my line outfit.

"This Army life isn't bad at all. I believe this is the best camp around. I have a very easy compared to other outfits.

"Once again I wish to express my thanks for sending the SUN to me. Morrison is at Fort Bragg, N. C."

John C. Anderson, son of Mr. and Mrs. A. B. Anderson of 36 Maple

Eyesore House In Morris Avenue To Be Levelled Soon

The Township Committee took steps Wednesday night to raze the old Trotter house at Morris and Washington avenues, which has been a source of nuisance to residents, both from its appearance and unsanitary condition.

Having acquired title to the property, the committee is advertising for offers from second hand lumber dealers or wreckers to tear down the building and foundation and fill the cellar excavation to the ground level. Offers will be accepted at the July 14 meeting.

The board voted to send a congratulatory message to Mr. and Mrs. David S. Jenkins of 34 Keeler street upon their 50th wedding anniversary which they observed Tuesday. Mr. Jenkins is a former chairman of the Township Committee, retiring in 1930 after twelve years of service.

A sample copy of an ordinance regulating cats, adopted by a Camden County municipality, was received from the New Jersey League of Municipalities, which had been asked to furnish any legislation. Last week Postmaster Heinz complained to the Governing Body over the roaming at large of cats, who were destroying bird life and who, he maintained, should be licensed.

Counsel Charles W. Weeks had been asked to study the possibility of a local ordinance for that purpose, but reporters noted at Wednesday's meeting that the New Jersey League papers were returned to the file of the clerk, and indications pointed that no action would be forthcoming at this time.

An offer was received from Felix Zieler to purchase township-owned land on the north side of Hillside avenue, between South Springfield and Mountain avenues, for \$1,500. The tract, with 300 feet fronting on Hillside avenue, comprises about 3 1/2 acres. Public attention was set for the July 14 meeting.

Committee member Phillips, street lighting chairman, reported progress on the part of Jersey Central Power and Light Company, to install shades on township street light bulbs, conforming to dim-out regulations. The company has been waiting for the arrival of the shades, Phillips pointed out, which should be done in the near future.

THE PLANNING BOARD IDEA

Creation of a Planning Board to promote post-war growth of Springfield, at the suggestion of Committeeman Charles Phillips, is a project which deserves careful consideration. We've been fortunate in having had several substantial real estate developments in recent years which converted large tracts of land into well laid out streets and homes of an appearance in keeping within the tradition of our historical township.

Whether future developments will be as articulately designed should depend, not entirely upon the taste of a real estate promoter, but an overall body which can take into consideration problems that arise as Springfield grows.

Such orderly planning will produce the effect of cultivating the beauty of the community. The spacious grounds of the Regional High School and its surrounding Park Commission property, for example, offers a striking example of the importance of protecting its appearance, by regulating what type of residential development in that vicinity would be in keeping with the area in question.

Elimination of dead-end streets, connecting separate real estate tracts which were never intended by their developers to be linked together with the same arteries, is but another problem which a Planning Board could solve.

In the years gone by, legal stumbling blocks interfered with enforcement of Planning Board policies, but the higher courts have steadily been rendering decisions which tend to stabilize their regulations.

For some time the SUN has been seeking another plank in its platform of "What the SUN Advocates." This one smacks of the stuff we sorely need: Thus, item No. 5 originates from the recommendation of Committeeman Phillips.

FUN FOR ALL AT CELEBRATION

Last year's Fourth of July all-day celebration set a pattern which the general committee for this year's affair intends to follow. There will be games for young and old at the Park grounds adjacent to Regional High School, softball contest, refreshments, picnic supper, band concert and conclude with a block dance in Flermer avenue.

Staying at home over the Fourth won't be so bad this year, with a program planned during the afternoon and evening. If plans materialize, even horse and buggy transportation will be handy for the elderly folks, who find the walk to the Park too strenuous.

There will naturally be expenses and again all of the township homes will be canvassed to support the affair with contributions. When the solicitor calls, give your donation with the thought in mind that the 1943 municipal party is for one and all.

SAVING WASTED FOOT STEPS

How many steps would your postman save, if summer mail boxes are placed, not inside of porch screens, but in such a manner as to enable the carrier to drop the mail into the box, without opening a door, walking up steps and then retracing his steps? One of our readers became impressed one day as he watched a heavily-burdened mailman on a rainy day carrying an umbrella to protect his letters from becoming wet.

The carrier closed the umbrella, opened the latch and deposited his deliveries and opening the umbrella, continued to the next house and repeated the performance all over again.

Most of us don't appreciate the thousands-of unnecessary steps the mailman is forced to undergo.

Now, we haven't heard any bees from the Post Office. The daily load is becoming increasingly heavy, with added service men's mail, shortages of manpower and the like. But no one in the mail carrier division is complaining.

The householder who can reset the mail box outside of the porch and still protect its contents from the weather, will help the mailmen, believe us.

What To Write To Servicemen

The Office of War Information offers these pointers for homefolks writing to soldiers, sailors, and marines—based on suggestions gathered in a survey among service members at home. They are in cooperation with the Special Service Division of the Army Service Forces:

- 1. How the family is doing—everything possible to help in the war.
2. How anxious the family is for the boy's return.
3. How well and busy the family is. Give details.
4. How the family is getting along financially.
5. What's doing in the community—news about girls (single) he knows, doings of friends, who's marrying whom, exploits of the home team and other sports events, social doings, effects of the war on the home town. Remind a little about past events and please the boy would to visit. Enclose clippings from the home-town paper.
DON'T TELL HIM:
1. Your troubles. He has troubles of his own.
2. Your complaints. He can't do anything about them.
3. About things you are deprived of. He can't supply them.
4. Doleful predictions about the future. He's fighting for that future—now.
5. Unnecessary details about financial troubles. If there are things he should know about family finances, and he is in a position to do something about the situation, tell him. But don't string it out.

MARKED 50TH WEDDING ANNIVERSARY

Former Mayor and Mrs. David S. Jenkins of 34 Keeler street, who celebrated their 50th wedding anniversary on Tuesday.

Amidst several hundred congratulatory messages, numerous friends visited former Mayor and Mrs. David S. Jenkins of 34 Keeler street Tuesday upon the occasion of their 50th wedding anniversary.

Most of their married life has been spent in Springfield, Mrs. Jenkins having been born here 73 years ago and her husband, who is 74 years old, came here as a young man and has remained most of that time, except for a brief interval.

They were married June 15, 1893 in the residence of Mrs. Jenkins' parents, Mr. and Mrs. John Shively of Morris avenue, which in recent years had been known as the "Hemlocks" several hundred yards west of Short Hills avenue. It was razed several years ago.

The ceremony was performed by the Rev. Mr. Knox, pastor of the Methodist Church, with which church the couple have been associated.

Mr. Jenkins, a native of Marlborough, came to Springfield when he was 18 years old and entered the employ of the late Lewis Terry, who conducted a grocery and general dry goods store on Morris avenue, on the site of what is now the Castorville Building. After 10 years with Mr. Terry, Mr. Jenkins worked with a chemical works firm off the present Ballouway street and after a stay with that firm, he opened a grocery store in the Flermer Building, Morris avenue, which is now known as the Quilz Building.

Ebert B. Johnson Is Named President Of First National Bank

The Board of Directors of the First National Bank of Springfield this week announced the selection of Ebert B. Johnson to fill the vacancy in the Board and Presidency of the bank occasioned through the death of Gabriel Larsen.

Mr. Johnson resides at 299 Short Hills avenue. He has been a resident of Springfield since 1922. For several years Mr. Johnson has been chairman of the Finance Committee and first vice-president of Union Council of Boy Scouts of America. He is in addition a director of the Battle Hill Building and Loan Association.

Mr. Johnson is affiliated with the Williamsport Sun, New York City, Importers and manufacturers of mahogany and other hardwoods, with whom he has held the position of traffic manager since 1930.

Six Students Selected On State School Chorus

Six pupils from Regional High School have successfully passed entrance requirements for the 1943 New Jersey All State High School Chorus. The students, all from town, are David McCarthy, tenor; Lawrence Heller, soprano; Phyllis Dunsell, alto; Virginia Kroelching, soprano; Jane Alexander, soprano, and Grace Shulzvarian, soprano.

SUN SPOTS

WE'VE BEEN TIPPED OFF. The American Legion Post is working on a suitable memorial to our township service men and women of a permanent nature, which when it's actually disclosed, will be a fine tribute and beneficial to most of the community.

WIKEN COMMITTEEMAN PHILLIPS, in citing the need of a Planning Board, criticized the poor planning of a gas station at the corner of Main street and Morris avenue, directly opposite the historic Presbyterian Church, the other Township Committee members were quiet. They expressed the same board which had not opposed it, when it was effected a few years back.

July 4 Committee To Follow Pattern Of 1942 Exercises

Springfield's Independence Day celebration, which will be observed on Monday, July 5, will follow closely the pattern of the event last year, with a flag raising ceremony by the American Legion, athletic events for young and old, picnic supper, band concert and block dance on Flermer avenue.

A preliminary meeting to arrange the affair was held Tuesday night in the Legion Hall, called by Ralph Tiley, Defense Council chairman. Roy Waldeck was named general chairman and the following committee chairmen were named:

Finance, Nicholas C. Schmitt; block dance, Benjamin Newsinger; concert, Mr. Waldeck; ball game, John Decker; picnic and refreshments, Mrs. Donald Wolf, Mrs. William Cosgrove and Mrs. James M. Duguid; athletic events, James Redington; Roy Scouts, Roy Gohl and Leonard Howarth; Girl Scouts, Mrs. Cosgrove; baby parade, Miss Jean DeGross; and members of the Girl Reserves; properties, the Fire Department; publicity, Milton Kosch.

Invitations had been extended to all organizations to attend and the following were represented: Fire Department, Police Department, Colfax Civic Association, Boy and Girl Scouts, American Legion, Lions Club, Parent-Teacher Association, Girl Reserves, Defense Council.

Additional committee members will be named next week. In the meantime, Chairman Schmidt of the finance committee will soon have solicitors approach all residents, to contribute donations toward expenses to be incurred. It was estimated that about \$250 would be needed to pay for all costs of the event.

The general committee will meet Monday night at 8 in the Legion Hall, and any groups not represented last week are invited.

Board Plans Talks On Mischief; War Insurance Renewed

A series of talks by Fred J. Hodgson, supervising principal of Springfield schools, will be given in an effort to curb a "general trend to mischief"—the part of juveniles, members of "gangs of our best families." The talks will start immediately, and continue until the end of the school year. They will stress behavior and obedience to parents.

This was decided Tuesday night at a meeting of the Board of Education, when John H. Gunn, a member of the board, spoke of complaints about children running over Victory Gardens and committing willful property damage. At the board meeting last month, members decided to close the school grounds after school hours to prevent damage from vandals.

In connection with the discussion, Mr. Hodgson praised the work of the Lions Club in encouraging and sponsoring Boy Scout activities.

The board cancelled the contract of Mrs. Virginia M. Dillon, teacher of mathematics at the James Caldwell School, charging that she had violated some of the provisions of the agreement. Miss Dillon had been appointed a domestic science teacher at \$1,500 per annum. The resignation of Miss May Hunt was accepted.

A special committee to investigate continued operation of the lunch room in the Raymond Chisholm School was appointed.

A five to three vote was cast in favor of renewing the war damage insurance on the schools for another year. Bunnell Bros. won the insurance contract, with a premium of \$273.15 on an estimated value of \$25,500. Building Chairman Francis Henry Nalpe and John Gunn favored dropping the insurance because of the "remote" possibility of damage by bombing.

The majority decided however, that the danger this year is greater than it was before by virtue of the "Nazi desperation."

A. B. Anderson was re-appointed district clerk at \$1,300 a year, plus a bonus of 5 per cent. Also re-appointed were: Dr. Henry P. Densinger, medical inspector, \$750 per year; Dr. Henry H. Densinger, school dentist, \$750 per year; and Charles H. Huff, custodian of school money, \$200 per year.

Henry C. McMillan was appointed chairman of a committee to find out if it would be obtainable next winter if the coal supplies gave out. Advertising for bids for binoculars for the stoker in Raymond Chisholm School was authorized by the board. Because they were forced to close the school last winter when oil was unobtainable the board in April voted to install a coal-burning stoker.

Temperance Union Marks Seventeenth Anniversary

The 17th anniversary of the organization of the Springfield Women's Christian Temperance Union will be observed at a meeting Tuesday afternoon at 2:30 in the home of Mrs. Raymond Alley of Seven Bridge road.

Local officers are emphasizing remarks of Representative Ross of Kansas, discussing the bill, who said: "In the city of Washington, D. C. if you want to buy meat for your family, loaf, or fruit or even shoes, you can only buy the amount the government says you may have, but you can purchase just as much liquor as you want and at the luncheon you may have only one drink of beer or one shot of button. Yet you can order as many highballs or cocktails as you can hold."

The Nurse At Home

Editors' Note: This is the fifth in a series of ten articles on Home Nursing prepared by the Public Information Service.

No rules can be made that will absolutely prevent the spread of disease from one person to another in the home.

Wash your hands with soap and water after touching the patient or any article used by him before you touch anybody or anything outside the sickroom.

Wash a large, covered kettle of soapy water set just outside the room, into which scraped dishes may be put and then boiled before washing.

Put soiled linen into soapy water immediately after its removal, boil for 15 minutes before laundering it.

Assemble all articles needed in giving care to the patient; heretofore you go into the room, so as to avoid unnecessary running in and out.

Remember, too, to count your baby lucky that his government and food specialists have provided for his future so wisely and so well.

### YOUR RED CROSS

Leave it to the Canton Corps. This time they're providing cold, refreshing drinks at the surgical dressings workroom, at a nominal cost to the workers.

A few weeks ago on a very hot afternoon, some of the "old faithfuls" at the workroom, remarked that if they could make some "iced tea," they could make some "iced tea," to help everyone try, along about 3 o'clock, when production begins to lag a bit. Well, the suggestion was passed along with the above result. Those girls in the bright blue uniforms are certainly picking up their volunteer hours.

Several weeks ago, mention was

made of Mrs. Anna Lohmer's trip to San Antonio, Texas, to see her son, who is in service, and her visits to the Red Cross Chapter Headquarters there. She's back home again, and has brought back a gadget or gadget to simplify the folding of surgical dressings. This gadget was invented by a San Antonio man and is patented, but he has offered it to the Red Cross everywhere to use as it will.

Mrs. Lewis Macartney, chairman of surgical dressings, is working on plans to provide a supply of these gadgets for this Chapter's workers, and as a result, production of dressings is expected to increase in the future.

### FROM GARDEN TO SHELF Canning Cherries

By MARY W. ARMSTRONG County Home Demonstration Agent

Beating the robins to ripening cherries is an annual battle on the home front. But those women who resort to picking their cherries when they are slightly under-ripe in order to outwit the robins will find that more sugar is required to sweeten the fruit satisfactorily.

Beating the robins to ripening cherries is an annual battle on the home front. But those women who resort to picking their cherries when they are slightly under-ripe in order to outwit the robins will find that more sugar is required to sweeten the fruit satisfactorily.

Most of the cherries are prepared similarly for canning and freezing. Most 24-ounce cans of berries and cherries will fill from 12 to 18 quart jars. The fruits should be evenly ripened and still firm. Handle the berries carefully so that they will not become mashed. Wash fruits which show signs of dust and spray materials, but do not allow them to soak in water.

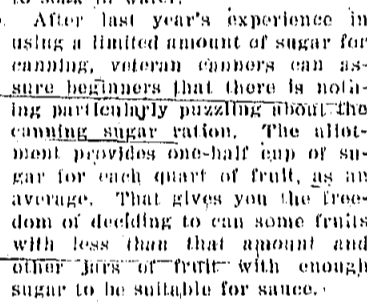

After last year's experience in using a limited amount of sugar for canning, veteran canners can assure beginners that there is nothing particularly puzzling about the canning sugar ration. The allotment provides one-half cup of sugar for each quart of fruit, as an average. That gives you the freedom of deciding to can some fruits with less than that amount and other jars of fruit with enough sugar to be suitable for sauce.

One way of canning berries with very little sugar is to do them in fruit juice made from the imperfect berries. Although it is possible to omit sugar entirely in this method, the fruit will have better flavor and color if as little as one-fourth cup of sugar is used in each quart. Fruit canned with this juice can be either hot-packed or cold-packed.

A syrup made up partly of honey or of corn syrup will also make your sugar allowance go farther.

Sugar may be combined directly with the fruit. As the cherries are washed and pitted, mix one-half cup of sugar with each quart of fruit. The sugar helps to draw the juices from the fruit so that it can be heated in this juice. Treat the fruit slowly to boiling and then fill sterilized jars to the top. Remove bubbles in the jar with a knife inserted along the side of the jar. Seal according to manufacturer's directions. Process the jars in a hot water bath for five minutes.

In the alternate hot-pack method the pitted cherries or the berries are pre-cooked in a thin syrup made up of five cups of water and two cups of sugar, or in the extracted fruit-juice-for-five minutes. Fill the jars within half an inch of the top. Remove the bubbles and then

### WELLS' PREFERENCE PLAN

If you are in the position of thousands of people who at this time have no use for their cars but will urgently need one after the war—this plan is in your advantage.

1. Sell us your car. We pay the highest price. Cash or certified check.  
 2. We place your name on our preferred list for a new car or late model car.

This preferred listing will in no way obligate you to buy but we honestly believe that when the after-the-war period is here you will thank your stars you have some place to shop where preferential consideration will mean something.

WASHINGTON is rumor heaven, listening post for world low-down. Between censorship, off the record interviews, gossip, inference and deduction, the smart Washington newsman knows more than he is told—or can tell! Every Friday afternoon, the veterans who serve the World-Telegram in the Capitol get together, pool their look-and-listen notes, calculate what's cookin', and compile their findings in a special column headed "Heard In Washington" . . . which appears every Saturday in the World-Telegram.

"Heard In Washington" has been hitting bulls' eyes with a consistency that would do credit to a superior type of swami—see the box score adjoining! . . . But "Heard In Washington" is worth more than it's good guesses, potent prophecies, sagacious asides—because it indicates the kind of men we have in Washington.

WASHINGTON today affects your home, your job, your pocketbook, your future, your children—and everything going on in Washington is important to somebody and to you! For the finest, fastest, accurate and authoritative Capital and world news, brass tacks without bologna, facts without filler . . . written for readers who catch on quick and savvy . . . read the World-Telegram every day as well as Saturday. ## Stock Up for Next Winter

THERE ARE enormous demands on the nation's food supply. Food is needed for our army, for our allies, and for the hungry people in conquered countries. Home gardeners have met these demands with an enthusiastic and practical response. Now, the yields from their gardens will be canned and stored. A well stocked pantry shelf is not only a wise provision, it is patriotism.

Ask for a copy of our booklet on canning. With it to guide you, and your gas range to work with, you will find canning an easy and an interesting way of doing war work on the home front.

### TOWN and FARM WARTIME

Effective June 21, meat prices at retail will be lowered from 3 to 7 cents a pound by order of the OPA. New prices for cured and processed pork will go into effect on July 5. Reductions in prices are another on a long list of war-time measures designed to help the home front. As in the case of the lowering of meat prices, the lowering of other prices will not directly affect the farm producer. Subsidies, which began June 7, will be paid to anyone who slaughters 1,000 pounds of meat or more per month.

American soldiers in Iceland are not getting nearly as much mail from home, said Captain (Charles) Peter E. Cullon, who recently returned to the U. S. after two years of duty with Icelandic garrisons. "In spite of the fact that the Army delivers the mail with promptness and regularity to every Army post in Iceland, folks at home are not taking full advantage of this service," Captain Cullon said.

Retail price ceilings on new ice boxes have been established by OPA by models and states. Present prices will be lowered in many cases. Three sets of retail ceilings have been provided: (1) Sales by ice companies and their stores; (2) Sales by mail order sales—\$18.95 to \$59.95; (3) All other sales at retail—\$20.75 to \$88.75.

Coffee drinkers who order their blends by mail may now "pay" for the purchase by enclosing detached ration stamps with the order rather than the entire ration book. OPA has announced. Formerly, consumers were required to forward their war ration book to the retailer or wholesaler for removal of stamps.

The inspection for commercial motor vehicles may be done every 5,000 miles or every six months, whichever occurs first, OPA has announced. Previously, commercial vehicles had to have their inspections every 5,000 miles or every 90 days, whichever occurred first.

Farmers needing farm implement or front wheel tractor tires will be permitted to purchase suitable substitutes when they are unable to find a dealer with tires designed expressly for their purpose, the OPA has announced. Dealers may also sell passenger car owners tires and tubes of a slightly different size than is called for by the rationing certificate.

Manufacture of many civilian leather products, which was prohibited after June 1, can be continued through 1943 out of manufacturers' inventories, under a recent WPA amendment. Among products affected are dress gloves and mittens, brief cases, new neckties, radio cases, pocketknives, handbags, cigar and cigarette cases, tobacco pouches, watch straps and dog furnishings.

A new "T" gasoline coupon, which replaces the present "T" coupon, will become valid for use on July 1. The old type of "T" coupon will be invalid on and after July 1, except in the northeastern shortage area where it will be used through July 25. OPA expects the change in design to help take up "slack" mileage and remove potential sources of black market gasoline.

Maximum mileage of "B" gasoline ration books has been reduced to 200 miles per month in the Northeast-shortage area—and no additional mileage will be allowed under any circumstances unless the applicant is in a preferred occupation, for example, a doctor, ambulance driver, firefighter, or policeman.

Most Report Foreign Holdings  
Every American citizen who had an interest in any property in a foreign country on May 31, 1943, must file a special report on form TFR 500, obtainable at Federal Reserve banks. Citizens in enemy-occupied countries, or in foreign service with the armed forces, or whose property in foreign countries is worth less than \$10,000 are not required to make this report. The information so obtained will be of great importance in the formulation of post-war financial policies involving this country and foreign nations. The report applies both to tangible and intangible property.

### Prompt Return Asked By Fuel Oil Panel

The fuel oil panel of the Summit War Price and Rationing Board, 311 Springfield Avenue, has completed making out application forms for fuel oil for the 1943-1944 heating season for all residential purposes except commercial users. Applicants will answer two questions. Any applications not returned before July 1 will be held up until September before the rationing stamps are issued.

The applications are to be returned to the board by mail, then processed, and the coupons issued and mailed to ration holders. Once an applicant fills out a form, he has nothing to do but wait until the ration coupons are received. Oil coupons are to be given out so that users may fill storage tanks beginning July 1.

See has considered the matter and heaves that it is for the best interest of the Township that the repair work referred to in the Engineer's report should be done under contract with the County of Union.

NOW THEREFORE, BE IT ORDAINED by the Township of Springfield in the County of Union:

SECTION 1: That the Township enter into a contract with the County of Union, the form of which is annexed hereto and made a part hereof and hereby adopted and approved, for the surface treatment of the roads therein named at the total cost of One Thousand (\$1,000.00) Dollars, which is hereby appropriated to meet the cost thereof, said work to be done in accordance with the specifications furnished by the Township Engineer and under his supervision.

SECTION 2: The Township Treasurer is hereby authorized and directed to set aside the said sum of One Thousand (\$1,000.00) Dollars from the County account in the annual budget ordinance for roads, and the said fund is to be used exclusively for the purpose of paying the cost of the work authorized hereunder and in the manner provided in said contract.

SECTION 3: Upon the final passage of this ordinance the proper officers of the Township are hereby authorized to execute and deliver the said contract on behalf of the Township.

SECTION 4: This ordinance shall take effect immediately upon final publication in accordance with law.

I, Robert D. Treat, do hereby certify that the foregoing Ordinance was introduced for first reading at a regular meeting of the Township Committee of the Township of Springfield in the County of Union and State of New Jersey, held on Wednesday evening, June 9, 1943, and that the said Ordinance shall be submitted for consideration at the next regular meeting of the said Township Committee to be held on Wednesday evening, June 23, 1943, at 8 P. Victim Of Fire Succumbs To Burns; Friend Held By Police

A fire and explosion in his house at Bookman, N. Y., resulted in death for Arthur B. Horton, 42, of 315 Millburn Avenue, Millburn, who succumbed to burns at Overlook Hospital at 4:30 p. m. yesterday. John Cahott, owner of the Echo Lodge in Mountainside, is being held at the Union County Jail in Elizabeth as a material witness. The story of the fire was obtained from Cahott by Detective Nicholas Grasso and Lt. Newton Palmer of the Summit police force. Police were called to Overlook hospital at 5 o'clock Wednesday morning when Horton, suffering from severe burns that covered his entire body, crawled into the hospital. His condition was so serious that it was 7 a. m. before he could tell who he was or what had happened to him. Upon questioning, he stated that he had been in a Newark tavern where he was assaulted and robbed and that he remembered nothing from that time until he was pushed out of the car several blocks from the hospital. He made his way to the hospital, he said, by crawling on his hands and knees.

Detective Grasso, noticing several flaws in his story, questioned him on his movements earlier in the day and found that he had spent some time with the tavern keeper, Lt. Palmer went immediately to Mountainside where a car, smelling of gasoline and containing shreds of clothing, later proven to be Horton's, was found in the yard at Echo Lodge. Cahott was brought to Summit where he was questioned by detectives of Union County and the towns involved. It was Grasso who obtained the story from him.

Cahott told of the two men traveling by car to Bookman, N. Y., where Horton owned a two-room bungalow. They arrived at 12:55 a. m. and Cahott stated that he remained in the car while Horton entered the bungalow. After several minutes Cahott heard a violent explosion and saw Horton alight and running from the doorway. He rolled the burning man in the grass to extinguish the flames and then drove back to Summit because of Horton's insistence that he be taken to Overlook Hospital.

Upon their arrival in Summit, stated Cahott, Horton insisted upon being left at the door of the hospital, saying that he did not wish to involve his friend in the affair. Cahott left him at the door of the clinic. Found in the car in Mountainside was a fire insurance policy which led police to suspect a crime in action. The policy, for \$3,000 on the two-room bungalow, was taken out April first of this year.

From the beginning, physicians held little hope for the recovery of Horton, whose burns left him almost unrecognizable. His wife is at Overlook, having been taken there last week to undergo an operation. Horton leaves two sons and a daughter. One of the sons is serving in the United States Army. Cahott was at one time employed by John L. DeLoe, Summit Packard dealer, whose showrooms are located in Franklin place.

The investigation was led by Chief of County Detectives Roy A. Martin, and involved detectives from Millburn, Mountainside, Bookman and Newark, as well as Grasso, Palmer and Identification Officer Frank Van Tronk of the Summit force.

Thanks For Patronage

To the Editor of the SUN: The Consumer Information Center committee wishes to thank the many people who have already contributed used articles to be sold at the "Center." Many fine things have been received, and the little shop is off to a good start. In several cases where refunds were requested the garments have been sold, and the refunds made to the owners. We are happy to serve anyone who wishes to dispose of a used article. The only requirements are that the articles to be sold must be clean and in good, useable condition. We will not accept anything that is of no further use to anyone, or that is not clean.

MRS. ROLAND W. NYE, Chairman, Consumer Interest Committee.
