Firemen Respond To Barn Fire and Blaze in Tavern

The Fire Department was called out five times this week to fight fires, two of which would have been of a more serious nature had not the department responded promptly and efficiently. A large barn and most of the several bales of hay it contained were saved by the fire department at 4 P. M. on Friday at the Moshel Dairy on Shampfle road after a blaze started in the hay. The old wooden barn, one of several on the former Sweeney property, adjoined the main barn which contained about 150 cows, and was filled with approximately two carloads of hay and feed. The prompt action of the fire department in using two hose lines saved the barn and cattle. Fire at 5:20 A. M. on Monday damaged the bar room of the Farmers' Hotel on Morris avenue and Morris turnpike. When discovered the hotel was filled with smoke, and firemen had to use gas masks to fight the fire. Peter Pelos proprietor, who lives upstairs sent in the alarm. Fire Chief Plathava estimated the damages to be about \$500 and believed it might have started from a discarded cigarette or short circuit. During the week the fire department was called out for three brush fires.

Mistrial in Suit Of Caddy Against Golf Club Member

A mistrial was declared Tuesday in a Supreme Court suit before Judge Frank L. Cleary at the Courthouse, Elizabeth, in which Ambrose Kehoe of Springfield, 40-year-old caddy at Baltusrol Golf Club, brought suit against Walter Hine of Old Short Hills road, Short Hills, club member. Delay in obtaining a witness for the plaintiff caused the court action. Jacob Mantel of Summit, counsel for Kehoe, told the court after the noon recess that one of his principal witnesses was not available. Mark Townsend, opposing counsel, agreed to a non suit. Kehoe set forth a complaint, seeking \$10,000 damages, that he had been struck in the groin by a golf ball driven by Hine on September 9, 1941. He charged that "Hine did drive said golf ball in the opposite direction from which he was facing" and that none of the "customary warnings" of the game were called out. An all-male jury was called at the instance of the plaintiff's attorney, who asserted that the nature of the injuries would be better understood by men. All this effort, however, which required most of the morning, was frustrated by circumstances calling for a mistrial.

Endorsing Candidates Is Approved By G.O.P. Club

The Springfield Republican Club Monday night adopted a revised constitution and by-laws in a session held in the Board of Education Hall by a majority vote over protests of a provision allowing endorsement of primary election candidates. A committee, headed by Edmund S. McLean and including Gregg Frost and Harry G. Burt, presented the revised constitution and by-laws which was ratified intact. Committeeman Arnold Wright termed the endorsement phase as "dynamic" a sentiment echoed by Mayor Wilbur M. Selander, Freeholder Lee S. Rigby and several others. The constitution provides that the club "use its influence and organization to secure the nomination and election of those Republican candidates who have demonstrated they possess the best qualifications, an record." In its by-laws, it further states "The club may give its endorsement to a candidate seeking election for nomination or election to office at the last regular meeting preceding the election by at least 30 days, or by special meeting called by the President upon authority of the Board of Directors, and that notices be sent to all members in good standing." It invites candidates to address the club at the scheduled endorsement meeting, voting by secret ballot with endorsement of 75 per cent of the members present deciding the issue. Frost, who read the constitution and by-laws section by section to the membership, said the committee spent more time on the en-

Paper Drive Is On For Sunday

Paper will be picked up on Sunday afternoon between the hours of 2 P. M. and 6 P. M. by volunteers assisting with the Scrap Drive. It was announced by Salvage Chairman, Otto F. Heinz today. "There is still an urgent need for all kinds of paper," said Chairman Heinz. "Bottle caps, cigarette papers and scraps of all kinds can be saved and bundled with the paper or packed tightly in small cartons so that they will not scatter on the streets when thrown on the trucks." Newspaper and cardboard bundles should weigh 25 pounds or less and be securely tied to insure easy handling. Housewives can assist the war effort by seeing that the paper is properly bundled and tied before being placed on the curb.

Lt. Edward Phillips Given "Air Medal" For Achievements

Mrs. Edward E. Phillips has just received word from Brigadier General E. R. Quesada, Headquarters 9th Fighter Command, that her husband, Lt. Phillips was presented with the "Air Medal" for meritorious achievement while participating in missions over enemy territory. Lt. Phillips is the son of Mr. and Mrs. Charles Phillips of 82 Battle Hill avenue. In a letter received by Mrs. Phillips, Brigadier General Quesada said, "In all those missions, 'Ed' displayed courage and skill which reflected high credit upon himself and the armed forces of his country. I take a great deal of pleasure in notifying you personally of his success and to congratulate you, his wife, upon having such a fine husband, who is doing so much for his country. Ed is a fine boy—hope you are as proud as we are." Lt. Phillips, a pilot on a Mustang plane, was reported in an Associated Press dispatch as having participated in a U. S. Air Force raid March 8 over Berlin. He was said to have been in a large force which flew to the Continent from a fighter base in England, where he has been stationed.

TODAY MARKS 150TH ANNIVERSARY OF SPRINGFIELD'S GOVERNMENT

Today, April 14, 1944 marks the 150th anniversary of the incorporation of the Township of Springfield and coming as it does in the midst of America's greatest war effort, it would be in order to recognize the date since the community is unable to celebrate appropriately the inception of its government, organized only seven years after our Nation's Constitution was adopted. The New Jersey Legislature enacted in 1793 that municipal

Final Red Cross Figures \$3,078

MOUNTAINSIDE—C. Belvidere Murphy, chairman of the Red Cross drive, reports a total of \$3,078.44 collected in the Borough. Mr. Murphy states that this is an exceptionally fine collection, and wishes to express his deepest appreciation for the work done by the "sectional workers" and their helpers. These sentiments are echoed by the Red Cross Chapter of Westfield.

Thank You Sign Unique On Indicator

Something new in the form of a "Thank You" to Springfield's residents for their support in the 1944 Red Cross Campaign was created and added to the indicator steps this week at the Pierson corner. The soldier boy with arms outstretched and the victory sign with the exploding fire cracker, was originated by Roy Waldick, chairman of the campaign, in order that residents might know that Springfield not only collected more than its quota but was the 11th in the State to go over the top. Mrs. Herbert Day painted the soldier and the victory sign and the fire cracker was painted by Albert Meyer, sign writer at Hershey's Economy Company, who during the entire campaign gave endless hours of his time to the Red Cross, including the scaling rib signs, and the large canvases sign over headquarters.

How Proceedings Are Prepared In Today's Modern Writing

For the convenience of our readers who may not have recognized the style of early American penmanship of the 18th century, the SUN presents the first Town meeting minutes in Springfield's history, from the copy above, into today's modern form of reading. It follows: At a Town meeting held at the house of Mr. Abraham Woolley, Townskeeper in Springfield the 15th day of April in the year of our Lord 1794, Pursuant to an Act of the Legislature of New Jersey passed at Trenton the 27th of May, 1793. Assessors, Matthias Meeker, Collector, Abraham Woolley. Surveyors of the highway, William Steele and Matthias Denman. Overseers of the Poor, Ezra Baldwin, Samuel Potter and Joseph Pierson. Pound keeper, John Woodruff. Constables, Nathaniel Bude, Stephen Morehouse and Isaac Sampson. Overseers of the highway, Amos Potter, David Pierson, Joseph Doty, Caleb Potter, Obadiah Wade, Benjamin Pettit, Ephraim Little, John Willcocks, Stephen Denman, Jacob Brookfield, Uriah Smith, Simeon Squire, Enos Baldwin, Aaron Carter, Stephen Lyon, Walter Smith, Obias Durand, Watts Reeve, John Smith, John Squire, Jonathan Meeker, Isaac Hatfield, Philip Denman, Isaac Sayre, Jr., Cornelius Williams and Samuel Tyler.

On motion, it was agreed, that Joseph Hatfield, Samuel Potter and David Little, should be appointed a committee to examine the conduct and accounts of the Collector and Overseers of the poor of this Township, and make a report thereof to the next annual Town Meeting. And also that the Overseers of the poor before mentioned, should be empowered to take all necessary steps to effect a settlement with the overseers of the poor in the other Townships, and make a report thereof to the next annual Town Meeting. SUN Spots

TWO COUNTY CANDIDATES at the primary dropped in to speak at the Springfield Republican Club meeting Monday night. They picked one of the normal meetings in years to attend and with tongue in cheek, both echoed it "wasn't the place for a candidate," although they admitted it was good for the party to show "such interest." PVT. CHARLES HONECKER of Mountainside, who is with the Paratroopers in England, had been writing to his family he never ran into any boys back home. On a recent seven-day leave to Glasgow, Scotland, he met up with Billy McGeehan of Springfield gunner's mate, U. S. N., and the boys held a gala reunion.

Robert B. Ferguson Passes at 80, Was Long Active Here

ROBERT B. FERGUSON

Funeral services for Robert B. Ferguson, 80 years old, were held Tuesday afternoon from Young's Funeral Home, 149 Main street, Millburn. Rev. Charles F. Peterson, pastor of the Methodist Church, officiated. The body was cremated. Masonic services were held Monday night at the funeral home by Continental Lodge No. 100, F. and A. M. of Millburn. Christian Science services were conducted Tuesday morning by Mrs. Clara C. Miller of Orange. Mr. Ferguson, who resided at 271 Short Hills avenue, died Friday at Overlook Hospital after a short illness. He was with the Lackawanna Railroad Company for 38 years, having spent most of his business career with railroads. He rose from accountant and auditor to comptroller of the Lackawanna, holding this post from 1930 until he retired in 1938. Associated with railroads since 1894 when he first joined the Chicago, Milwaukee and St. Paul R. R., he joined the Lackawanna R. R. in 1909. Mr. Ferguson was born in a farming community 10 miles from London, Ontario, on March 7, 1864. He attended grade schools and worked on the farm until he was 21 years old. After a three month's course in Chatham, Ontario, Business College, he began his business experiences as a bookkeeper and shortly after accepted a position with a lumber firm in Honolulu, Hawaii, when that country was still an independent sovereignty. He made the acquaintance of the reigning Queen Liliuokalani and was honored with appointment to the Royal Guard in her palace. He came to the United States in 1894 when he and Mrs. Ferguson were married. They lived in Minneapolis and came East to take up residence in East Orange, moving to Springfield in 1906. Mr. Ferguson was vice-president of the First National Bank of Springfield and was a director since its organization in 1926. He helped organize the Board of Fire Commissioners in 1908 and served as its secretary during the entire existence of that body which governed affairs of the Fire Department until it was turned over to the Township Committee several years ago. He was a member of Continental Lodge, F. and A. M. of Millburn; former trustee of the Methodist Church and was first president of the Springfield Parent-Teachers Association during the 1920's which later disbanded, and was a forerunner of the present P.T.A. group, which was organized in 1938. Mr. Ferguson, despite his advanced years, took an active interest in the affairs of the local Bank and attended directors' meetings regularly. He showed much interest in vegetable gardening, intending to continue this hobby this Spring. Besides his wife, Mrs. Esther Ferguson, he leaves a daughter, Mrs. A. J. Pastore of Webster Grove, Mo.; two sons, Alexander E. of Springfield and Robert A. of Irvington, and four grandchildren.

Petitions Filed By 3 Candidates For Town Board

Petitions for Township Committee at the Republican primary May 16 were filed last Thursday night with Township Clerk Robert D. Trent by Mayor Wilbur M. Selander, Wilbert W. Lyne and Harold G. Neeninger, three candidates for two positions. Selander seeks his fifth term on the board, and Lyne and Neeninger have indicated they are aspirants for the vacancy caused by decision of Committeeman Arnold Wright, incumbent, not to seek reelection. In filing his petition, Selander named as his committee on vacancies, Arnold Wright, Tax Assessor Frank E. Meisel and Collector Charles H. Huff. In his designation to support on the voting machine, Selander named as chairman of present Township Committee.

Lyne filed with the designation, "Republican." For a Better Springfield" and on his committee of vacancies were the following: James Price, Carl Z. Alexander and Harry G. Burt. Neeninger chose for his voting machine label, "For Sound Business Judgment." His committee on vacancies includes James M. Duguid, William Gramp and Edward M. Cook. Last week's issue of the SUN presented a slate of contests for Republican County Committee, but going to press before the deadline, did not include any candidates in the fourth district. In this district, Charles J. Wernli of 21 Severna avenue and William E. Held of 45 Severna avenue, present Committeemen, filed Thursday night. Held is a supporter of the Neeninger faction and Wernli is a Lyne supporter.

Three of the four districts will thus have contests for Republican County Committee. In the first district, Arthur L. Marshall and Mrs. Edith Handman, incumbents of long years' service are unopposed. The other districts are lined up with slates for both Neeninger and Lyne factions. Allied with the Neeninger campaign are: Second district, Charles F. Boardley and Mrs. Luella Keppel; third, Allyn G. Boardley and Mrs. Albert Applby, and fourth, Rold and Mrs. Eleonore H. Worthington.

The Lyne slates follows: Second district, Charles J. Frey and Mrs. Mildred C. Kees; third, Lawrence V. Munch and Mrs. Margaret M. Merkel, and fourth, Wernli and Miss Thomas Sargent. Emanuel O. Holm, 10th Avenue filed for Democratic County Committee in the third district, the only Democrat to file for any local office. Drawing of candidates for places on the voting machine was held last night at the office of Township Clerk Trent, which will be announced in next week's SUN. Final day of registration for the primary will be Tuesday night, Anyone 21 years of age on or before the date of the general election November 7, who has resided in the State for at least a year and in Union County five months before the general election is eligible to vote in the primary by registering any time during the day at the clerk's office, in the Town Hall today, Monday or Tuesday and on Monday or Tuesday night between 8 and 11. Naturalized citizens must produce naturalization papers at the time they register. Any resident who has not voted at a general election during four successive years must also register.

Car, Truck Crash Injures Youths

Two youths suffered mild injuries Sunday noon at the intersection of Meisel and Milltown roads, scene of many accidents, when a sedan in which they were riding, crashed into a heavy milk truck. The boys, Robert Louis West, 17, of 85 Sheridan street, Irvington, driver, and Elmer Fuller, 17, of 14 Naden avenue, also of Irvington, were taken to Overlook Hospital by Patrolman Pinawa, the former treated for right cheek and hand lacerations and the passenger for forehead injuries and bruising of the nose and fingers. They were released soon after. The truck, operated by Chester H. King, 30, of 664 Huntlyrd street, Newark, was traveling north in Meisel avenue on a wet pavement with the sedan approaching westerly in Milltown toward Meisel avenue. Considerable damage was done to the front of the truck which came to a stop in Meisel avenue about 150 feet from the corner, against a tree on the side of the road with both front wheels crumpled. The passenger car was towed away. No complaints were entered.

YOUR VICTORY GARDEN

By FRED D. OSMAN
Union County Agricultural Agent

About as soon as the soil can be worked, it is possible to set out vegetable plants of the hardier species, provided the danger of severe freezing is past. Vegetables that may be so treated are cabbage, broccoli, kale, Swiss chard, lettuce, radish and onion.

Do not set out plants of New Zealand spinach, tomato, pepper or eggplant until the weather becomes much warmer as these plants cannot stand much cold. They should be planted from three to five weeks after setting out cabbage.

The average gardener will probably secure better results with purchased plants. While some experienced gardeners may start their plants in the house, they know how to time them. If the seedlings are started too early, they may become stunted and will not be in good condition to plant. Or they may become stunted and consequently stunted.

Most homes do not have enough space to provide proper growing conditions for transplanted seedlings. Then, too, the seedlings must be hardened off or accustomed to cooler temperatures than prevail in the household, before they can be set outdoors.

Transplanting Seedlings Before trying to move the plants from the flat where they have been growing, it is wise to water the soil two or three hours in advance so that time will allow excess moisture to drain away but sufficient moisture is present to adhere to the roots and

themselves quickly and start growing at once.

If you do not use either water or the starter solution, after placing the plant and drawing in the first lot of soil, press the soil from the side towards the roots and at the same time downward a little. Downward motion is dangerous. Then fill the hole with loose soil.

The danger in planting when the soil is too wet is that in compressing the soil about the roots it may form a lump and dry out so that moisture cannot enter and the roots cannot get through.

Protecting Roots From Insects
Cabbage root maggot may attack cabbage and related plants. The simplest way to control this is to keep the soil about the plants stirred to a depth of one inch. The eggs are laid about the time sour cherries are in bloom.

For cutworms, place a collar of heavy paper about each plant. These collars should extend two or three inches about the ground. For a large planting, use ground bran bait.

The Weather—Believe It or Not!

To the weather-wise the circus clouds of Tuesday spelled rain. About 3 o'clock in the afternoon the rain started with such heavy drops that it seemed to be hail. During the night an intermittent drizzle fell, continuing through yesterday. While the temperature was not low, a decidedly chill feeling was in the air, making it hard to believe that it was never below 40 degrees. The high per cent. of humidity was the cause of it.

Junior Red Cross in Gift of Easter Eggs

A total of 225 children emerging from the Raymond Catholic school last Thursday noon for the Easter holiday recess each held a colored Easter egg in their hand, a gift of the Junior Red Cross. The eggs, furnished by the luncheon room and boiled by Mrs. Clarence Seider, in charge, were colored by the Junior Red Cross under the direction of their leader, Mrs. Neil Jakobsen.

YOUR RED CROSS

The Blood Bank is about as interesting an activity to watch as anything there is. It is all done with such pleasant efficiency. People come in, jolt a little with the doctor, deliver themselves of their precious blood, eat some of the delicious lunch prepared by the Canteen, and go about their business. The New York Mobile Unit says that it loves to come to Springfield to work, because the people are so nice, and they have such a nice place to work in. They also say that they wish they could come out here twice a week—that they would rather come here than any other place they have to go.

A sincere compliment, and one that will inspire us to keep them thinking that way.

The Canteen, Mrs. Alfred Richards, chairman, served lunch to the Unit personnel, and sandwiches, coffee, and tea were available to the donors all afternoon. Canteen Aides, represented by Junior Red Cross girls, helped with this too. The table, respondent with spring flowers donated by Mr. Weber, contributed to the pleasant atmosphere of the day. Mrs. Rodney Smith had charge of the graduate nurses. Mrs. Stephan Terrel, chairman of staff assistants, had her girls working diligently taking down data necessary to be a donor. The Motor Corps was busy taking people home when requested. Junior Red Cross boys were flying around in messengers. The cooperation of all the workers made the afternoon one of smooth efficiency. In charge of the whole proceeding was Mrs. Charles Phillips, Sr., who deserves a lot of credit and a rousing cheer, for this was the largest amount of blood Springfield has yet given.

The Rummage Shop on Morris avenue has given \$100 to our Red Cross Drive, and Mrs. Bert Jones, who is in charge of the Essex House Bowling Alley, has presented \$25 with \$25. Our total now is over \$10,000!

Here are excerpts from two letters which we have been permitted to print in part. They should prove very interesting and gratifying to all who are interested in the Red

Residents Asked To Help Reduce Calls For Fires

MOUNTAINSIDE — Fire Chief Herman E. Honckefer requests the cooperation of borough residents to help minimize the number of fires. Chief Honckefer states, "We are now entering the season where we have a great many brush fires, most of which can be laid directly to the fact that people in cleaning up their property, usually clean up by burning the waste material and dried grass, which only too often gets out of control; or, they carelessly pile rubbish in already full incinerators."

Chief Honckefer also says that, "In recent days we have had two very bad brush fires which endangered considerable property. Both were on windy days and could have been prevented by a little forethought. Permits are required for all outdoor fires other than those which are confined to fireplaces or other containers."

"Our fire department has also been hit by the manpower shortage and we do not have the help necessary to combat too many blazes at one time, especially those caused by carelessness. If residents will exercise extreme caution they will not only be helping the fire department, but also protect themselves."

Ensign Goodall Escapes Injury

MOUNTAINSIDE — Mr. and Mrs. Thomas Goodall of Sherwood parkway, parents of Ensign Arthur Goodall, recently received a letter from their son, regarding some dummy torpedoes which had been sent to him on his fifth run, his Navy plane engine "cooked" out and it was necessary to make a pancake landing.

Fortunately Ensign Goodall and his radio man were not injured and were able to walk to the nearest farmhouse which was seven miles away. The farmer took them to the nearest phone which was 10 miles away. Here they phoned their base, and they sent out towing equipment and trucks. It required a couple of days' work to get the plane out and on a road wide enough to wheel it back to the base. This was Ensign Goodall's last mishap, and he now feels he has been "initiated."

Illegal to Use Old License Tag

Inquiries from many police departments prompted Motor Vehicle Commissioner Arthur W. Magee today to advise motorists that the display of any expired automobile identification mark after March 31, 1944, constitutes a violation of the law and subjects the owner and driver to prosecution.

The law provides only for the display of the single-registration mark designed for 1944 identification to be attached on the rear of the vehicle and prohibits the display of a fictitious number or a number other than that designated for the motor vehicle in its registration certificate.

Delay On Tokens Is Explained By Scouts

The leaders of the Girl Scouts ask all those who have not yet received their tokens in return for the fats they have given to the Fat Drive, to be patient as they will receive these tokens in the near future. Due to the shortage of tokens, there has been a delay in their distribution.

Troop 1 of the Girl Scouts meets every Tuesday afternoon in the Methodist Church under the leadership of Mrs. Edward Pearson of 248 Short Hills avenue. Every other week, one of the Troop's five patrols cook their supper in the Scout cooking room at the Church. Leaders of the patrols are Audrey Tuttle, Marilyn Binder, Mary Ann Bulmer, Joan Horner and Lorraine Hoehn.

THREE FREEDOMS

You can relax after assuring yourself—
Freedom from want of running water.
Freedom from delay in having burst pipes repaired due to scarcity of plumbers and material.
Freedom from costly repair bills.
During these bitterly cold nights, to prevent your water pipes from freezing and bursting—
ALLOW A SMALL TRICKLE OF WATER ABOUT A QUART A MINUTE TO RUN ALL NIGHT FROM A FAUCET LOCATED HIGHEST IN YOUR HOUSE.

Be sure to tell members of your household why the water is left running and warn them not to turn it off.
If you haven't already done so—

- Wrap exposed water pipes with old newspapers, rags or burlap.
- Make your basement air tight. Repair broken window panes. Stuff cracks in walls, around windows and around doors which admit cold air.

on wartime procedure for one to three weeks.
Maritime Commission Reports
Maritime Commission ships delivered 410 tons of 4,115,561 tonnage during the first quarter of 1944. The commission announced. Liberty ships continued to dominate production but there was a growing tonnage of military and other fast type vessels, including the new Victory ship. In March, 152 merchant ships were built.

Round-up
The War Food Administration says: "The public should consume more eggs, at least through mid-May, to take care of an anticipated record production amounting to at least 350 eggs for each civilian during 1944." About 70 per cent of the 1944-45 supply of dehydrated vegetables will be allocated to U. S. war uses, 23 per cent to Great Britain and Russia, 5 per cent to U. S. civilians, 1 per cent to liberated areas and 1 per cent for other exports.

WFB says that a "farm" is a property used primarily for the raising of crops, livestock, dairy products, poultry, etc. for market, and on such property \$1,000 or less may be spent for construction, including the farm house, without approval.

In view of the continued critical shortage of pulpwood for paper and paperboard, farmers, as well as every other three woodworker, should continue to cut as much pulpwood as possible.

A cut of 10 per cent in civilian leather for shoe repairs and 13 per cent for new shoes has been made for 1944.

The over-all 1944 retail prices of early coupons will be somewhat above those of 1943, but below the current "going" prices.

The retail collar price for book matches with non-commercial designs on the cover is 14 cents per box of 50 books at independent stores, and 13 cents, or 2 boxes for 25 cents, at chain stores and super markets.

Retail prices of fresh dressed halibut were recently reduced for consumers in eastern States, and for the first time, in almost a year, adequate supplies of this fish will be available for consumers living west of the Rocky mountains.

Prior to used automotive parts usable without rebuilding must not exceed 75 per cent of list price for the parts when new, and for parts which must be rebuilt before being usable, must not exceed 30 per cent of the original list price.

The War Shipping Administration says: Arrangements are being made to enable American's 125,000 merchant seamen to vote in wartime elections.

Manufacturers have been granted licenses to produce authorized service flags and lapel buttons which soon will be on sale to accredited families of American Merchant Marine officers and men.

Endorsing Candidates Is Approved By G.O.P. Club

(Continued from page 1)
ing been chairman ten years, on the Defense Council, Planning Board and local representative to the Railway Valley Joint Meeting. He pointed out that Springfield had a Mayor's Committee for defense before the State Defense Council act was established.

"In the post-war period, my experience in business and township affairs will make me valuable to 'again serve,'" he concluded.

Laying promised a campaign free of bitter personalities. He said, "My campaign will be clean, clear from innuendoes and I will support the winning candidate, if I am not successful."

He noted that he felt he could do something for the township.

Nemninger said, "I have demonstrated my qualifications in action." He referred to the statements of his candidacy already expressed and closed by stating, "I can assure you that there also shall be no dirt, no personalities and no innuendoes."

EDITOR'S MAIL

Corrects Impression
To the Editor of the SUN:
May I, through the courtesy of your columns, bring the following message to the voters of Springfield:

When I announced my candidacy for a member of the Township Committee, in the Republican Primary of May 16, I thought I made it quite clear that I was a candidate for the position to be vacated by Committeeman Arnold Wright.

I am, therefore, surprised to learn that some people have gathered the impression that I was running in opposition to Mayor Wilbur Selander. This is not the case.

In my opinion, Mayor Selander's record of a faithful, intelligent service has justly earned for him the vote of every citizen of Springfield and he should be returned to his office. I assure you he will receive my vote.

HELP WANTED

It's hard to be two places at once, doing your quota of volunteer service, and managing at home as well. These days what every woman needs, of course, is a good helper at home, an industrious houseworker, someone who is always there to help with the washing and ironing, the preparation of meals, the care of the kids, tending the furnace and, above all, at moderate cost. But wait a minute, you say—try and get 'em! This is asking too much! But is it? Doesn't your utility service answer a lot of these problems, giving you a chance to get out and do what you are doing to help Uncle Sam? And cheap? Utility rates have been going down while other costs have gone up—Yes, this type of domestic help is still in the bargain basement while other prices have hit the ceiling!

Thunder over the Poconos

It's the THUNDER of the coming storm... **Unusual! Tonight, in the quiet of the rolling Poconos, you can clearly hear the sounds that herald that invasion—the thunder of four mighty locomotives as they haul a mile-long freight along the glistening rails.**

Back of those powerful engines—beneath that waxy-like plume of steam—there rolls the stiff, beach-heads are won with.

Tanks from Newark, Pa., G. I. shoes from Binghamton, N. Y., meat from Chicago. And big guns from Buffalo. All of these, and thousands of tons of other things our fighting men live by and kill with—are rolling over the Lackawanna to the waiting pierheads.

As the day of invasion grows closer, the job of the railroads gets tougher. America's fighting men will be called on to make the supreme effort then. The railroads are making the supreme effort now!

And to you, we make this pledge: that despite the shortage of manpower and the unprecedented loads the railroads are being called upon to haul—America's fighting men... America's fighting tools... will get through!

We received a change of address on Seaman Second Class Herbert P. Spitzer this week from the Naval Armory, Chicago, Ill., to the Naval Training School at Stillwater, Okla. Seaman Spitzer, formerly of Salter street, is studying to be a radio technician.

Second Lieutenant Jack W. Collins, son of Mr. and Mrs. Joan B. Collins of 28 Moller avenue, is undergoing Flying Fortress pilot training at the Training Command School, Hendricks Field, Sebring, Fla. He expects to complete the course this month.

Lt. Collins won his wings and commission last month at Freeman Field, Ind. He was employed by Prudential Insurance Co. of Newark before entering the service in October, 1942. He was graduated from Regional High in 1938.

MOUNTAIN SIDE—A V-mail letter came to us this week from Sergeant Robert W. Brokaw, son of Mr. and Mrs. Charles Brokaw of 970 Mountain avenue. The letter, with a change of address, reads as follows: "Your fine paper arrived today and my tanks ran for it. As you can see, I've once again phoned my address—gets monotonous after a bit, but we can really do very little about it. So keep them coming and I'll keep enjoying them." Sgt. Brokaw is stationed overseas.

Seaman First Class Edward A. Cardinal, formerly of Milltown road, tells of Honolulu in a V-mail letter, which reads: "Enjoying the tropical climate of this famous island. Honolulu isn't the best place in the world to spend our spare time, but Waikiki has a nice beach—and recreation center for servicemen.

"Believe me, this place is well heated and Tojo and his boys are due for a lot of trouble before long. The folks at home can rest assured that there is no sleeping going on here now and we are far better prepared than I ever dreamed.

"The mail service is excellent and I have received several airmail letters in four days, from the East coast. That is almost as good as local service. Note my change of address, as I do not want to miss the SUN."

Mr. and Mrs. Adolph E. Hoch of 36 South Maple avenue have received word from their daughter, Private Kathryn A. Hoch, WAC, that she has arrived in England.

Pvt. Hoch is a stenographer with the Supreme Headquarters Command.

Seaman Second Class William Wiederstein, son of Mr. and Mrs. William Wiederstein of Hillside avenue left on Wednesday morning for Bainbridge, Md., after a nine-day leave. Seaman Wiederstein graduated from Regional High in June of '43 and was employed by Duggott and Pfeil Co. before entering the service. He received his boot training at Bainbridge and has been in the Navy for the past five months.

Mrs. Thomas Krahenbuhl of 151 Linden avenue has received word of the safe arrival of her husband, Private Thomas Krahenbuhl, in North Africa.

Private James L. Anthony arrived home on Sunday from Camp Swift, Texas. Pvt. Anthony, son of Mr. and Mrs. Charles Anthony of 623 Morris avenue, is home on a nine-day furlough. He received his basic training at Camp Maxey, Texas, and is now in the Infantry. Pvt. Anthony has been in the Armed Forces for the past 17 months.

Corporal Jack Stewart is home this week on furlough from Detroit, Mich., visiting his mother, Mrs. Louis Schweitzer of 188 Milltown road. Corp. Stewart recently received his diploma in an engineering course in Detroit. He will return to duty next week to Seliano, Kansas.

Staff Sergeant Edward A. Allen, waist gunner on an Eighth AAF Flying Fortress, has been awarded an Oak Leaf Cluster to the Air Medal. The decoration was conferred for "Exceptionally Meritorious Achievement, while participating in five separate combat missions over enemy occupied continental Europe." Staff Sergeant Allen's wife, Mrs. Mary J. Allen, and daughter reside at 28 Warner avenue.

Editor's Note:—When your service unit or service woman has been home, you should have been notified, graduated or transferred, why not mail it to the SUN or phone the office. Many of those in the service, miles away from home, like to read of the whereabouts of their friends, former schoolmates and relatives. We will be pleased to accept a photo of your service man, if we do not already have one in uniform. If we do, we'll be pleased to return the picture with a new one at your request.

since student days and was at one time Commissioner of Yunnan Province. He is a Doctor of Philosophy, having degrees from the University of Illinois and the University of Wisconsin. He is now executive secretary of the American Board for Medical Aid to China, and has contributed the articles on China to the Britannica Book of the year. He will speak on the problems confronting China after the war.

Great Britain will be represented on May 1 and 8. A panel discussion of local people will try to analyze the place of the United States in the postwar world led by an outstanding American to be announced later.

Tickets for the series will be on sale at the door. Student tickets are being sold at the high school at half price. Tickets may be bought in Springfield from Mrs. William Broadhead, 88 Clinton avenue; Mrs. J. M. Symington, Short Hills avenue and at Michael Dandrea's, 23 Mountain avenue.

If it happened in town, read it in the SUN.

GRAFFED STOCK

Pride of race is something America has never developed to a high degree because it is peopled with so many different races. Just the same, Americans have every right to pride in fine heritage.

Some people have come to the United States who did us no good. Mr. Lincoln does not dispute that. He makes it plain, however, that all of America's early settlers and most of the immigrants who came later, so different outwardly, were a lot alike inside: in important ways. They were brave, honest, hard-working, God-fearing folk.

All they lacked was to get used to one another, and that has largely been done. They look at results.

Producers of hard work and honesty, so valuable to individuals, give strength to nations accordingly. Half the people in America own the homes in which they live. That's national stability. More than one person out of five in this country has a savings account in the bank. "One American in 14 owns shares in some corporation, and 68 million (more than half of us) have insurance. None of these things could be said truthfully of any other country on earth.

And how do we get around? Our entire 135-million population could have sat down at once quite comfortably on the upholstered seats of nearly 20 million passenger automobiles that were licensed in the United States in 1944. Where everybody who works can make progress; where those who are really capable can achieve wealth and influence; pride in doing things is gradually developing a tradition that makes all Americans feel the fusion of an American race.

Our Own Standards
In America we are short on heredity but we are long on habits. Free to live our lives in any honorable manner, and quick to learn from each other, the families of America are growing more alike in habits and in aims. Meanwhile living standards rise and American culture advances far beyond that of other races. They are cramped by meaningless restraints and crippled by unprofitable disputes about matters that seem quite obscure anywhere else.

"For several specific reasons," Mr. Lincoln says, "it does not seem probable that the United States will finally succumb to outside influences which have been exerting themselves from abroad." Soaring religious liberty, economic rights and political freedom, the pioneers of America fled Europe because even there they could see, at least dimly, calamities that later came upon it. They quit all European classes and became individuals.

Keep Our Culture
Having spent eleven years in other lands, I am glad I am an American and I could never advocate ignoring the rest of the world. But no isolationist could be farther than I from transplanting foreign problems in America. As we are situated now, we can assist people everywhere and it is our duty. But the surest way to make America useless at home and abroad is to pollute our free air with philosophies that the founders of this free country so specifically excluded.

Nothing could be more deadly to the American way of life, no plague more completely blighting to democracy as we understand it in the United States than a dominantly strong centralized government. It is completely foreign to American ideas. Permitting to run its course unrestrained it will choke out our freedom, our prosperity, and finally our ambition.

The Truth in Time

One of the most difficult tasks of doctors is discovering tuberculosis in time. Often the disease is far advanced when symptoms appear. Tuberculosis associations campaign each April to arouse the public to the importance of early diagnosis through chest X-rays.

Donors Total 171, Set Record for Blood Bank

The Legion Hall was the scene of much activity on Saturday when the Red Cross Mobile Unit spent the day collecting blood from 171 persons, the largest number of donors Springfield has ever had. There were only three rejections.

Dr. Henry P. Duggler, chairman of doctors and his assistants Dr. Edward Feleppa, of Summit; and Dr. Gabriel Lill of Springfield were in charge of the clinic. Nelson, chairman of the Junior Red Cross, supplied Junior boys for messengers, and the newly trained Canteen Aides served tomato juice to the people before they went to their respective cots. The Motor Corps, headed by Mrs. Harry Spencer, chairman, was on duty with the station wagon to take persons home if necessary.
