

## Vigil Ends Here For Lost Child, Found Drowned In River

### Officers Elected In Cub Scouting, Plans Perfected

Election of officers took place at the third and final meeting of the parents and friends interested in local Cub Scouts held recently. Charles E. Howard was elected president; M. Herbert Higgins, secretary, and George W. Jackson, treasurer.

"Don Dads" were named as follows: William Cashlin, 60 Marion avenue; Donald Richardson, 72 Linden avenue; Fritz Metz, Sutter street; Alfred Wendlandt, 94 Henshaw avenue; H. P. Denks, Prospect place, and Frank Beis, Park lane. Boy Scouts will be assigned to each Den as a Don Chief.

The "Don Mothers" are Mrs. Dorothy Gashlin, 60 Marion avenue; Mrs. Margaret Richardson of Linden avenue; Mrs. Elsie Metz, 72 Linden avenue; Mrs. L. C. Andrews of Meisel avenue; Mrs. Margaret Pfisterer of Severna avenue. They have yet to name another Den Mother. Benjamin Zeoli of South Maple was named Cub Master.

Registrations are continuing to come in from boys between the ages of 9 and 12 who are anxious to join the Cub Scouts. These boys will be divided into eight dens headed by the aforementioned den mothers and fathers. Installation ceremony has been scheduled for May 3 at the James Caldwell School.

Registrations are still open and boys wishing to join may contact the den mothers and fathers or the committee.

### BODY RECOVERED

DEBORAH HUNDLEY

The body of three-year-old Deborah Hundley was discovered at the Union-Springfield boundary line at 2:35 Wednesday afternoon, ending a frantic twenty-six-hour search by hundreds of residents of Millburn and neighboring communities. Deborah was the daughter of Mr. and Mrs. Charles H. Hundley, of 8 Rahway road, Millburn.

The child's body was discovered by Union County Park Police in the Rahway River opposite South Maple avenue on Riverside drive. The body was removed to Brewster's Morgue in Summit, where the girl's father identified the clothing as belonging to his daughter.

An autopsy was performed by Dr. Harre, deputy county physician of Union County. The autopsy showed that death was due to drowning, obviating the possibility of foul play.

When police received word from the child's mother at home, Tuesday that she could not be found in the neighborhood. Sergeant Daniel Tighe organized searching parties along the Rahway River bank which skirts the back of the Hundley property. A toy wheelbarrow and pocketbook belonging to Deborah were found in the river, but no further trace of the child.

During the afternoon the search was expanded under the direction of Police Commissioner J. Herbert Woolley, and Police Chief C. Norbert Wade. Springfield police and firemen joined in the search. Air raid wardens, auxiliary and regular police and firemen, boy scouts, neighbors, taxi drivers and truckers lent their services and equipment for the search. Deborah's father joined the hunt, aided by twenty fellow-workers from the Federal Shipyard in Kearny, where he is employed as a production engineer.

By midnight there were nearly three hundred searches and on-lookers in the vicinity, and no further clue discovered. Millburn police then requested the aid of bloodhounds from the Hawthorne barracks of the New York State Police. The hounds arrived about midnight.

At the request of Chief Wade the searchers disbanded about 1 a. m. in order to give the dogs a chance to work on the scent without being confused by crowds. The hounds, taking the scent from bedclothes and shoes of the missing Deborah, were set to work under the direction of Corporal W. W. Horton and Edward Neumann of the New York State Police.

They worked through the night until 5:30 Wednesday morning. They were taken out again later in the morning and worked until noon. At that time they had turned up no definite clue as to where the child had disappeared. According to Chief Wade, one trail led over a foot bridge to the property of the Pandango Mill. Other trails wound around her home and those of neighbors.

Both the Taylor Park lake and the Pandango Mill pond had been drained, and the river had been dragged all the way to the Springfield line. At noon Wednesday afternoon an all-night search for the child's body was conducted. The child's body was not in the river within the Township border.

The child was first missed by her mother shortly before noon on Tuesday and when she failed to find her in the immediate neighborhood, she sought the aid of Millburn police. James Richards, a mail carrier, reported he had seen a child answering Deborah's description at the corner of Underhill road and Greenwood drive at 11:30 in the morning ten minutes after her mother had last seen her.

Three Millburn Road Department workers, under Superintendent Curran, entered the joint trunk sewer in South Mountain Estates and explored as far as they could, but without result.

During the all-night search, the Millburn-Short Hills Red Cross Chapter set up a canteen at the scene and served coffee and sandwiches to the searchers. This was later removed to the police station.

### Sgt. Ed. Tormey Not Lost, As Was Reported At First

After being reported missing when the bomber on which he served as waist gunner was forced down in Corsica, Staff Sergeant Edward J. Tormey, 20, of 96 Morrison road, was found ten days after the plane crash landed there. He called his mother, Mrs. James Tormey, last week to say he was "all right." He was uninjured and is back on duty.

Sergeant Tormey is a graduate of Union High School and prior to entering the service, was employed as a freightman for the Pennsylvania Railroad. He entered the Armed Forces in January, 1943 and went overseas in December. Sgt. Tormey's father is serving with the Navy as a water tender, first class, on a destroyer.

### Mike Loh Back On Combat Duty

Mr. and Mrs. George Loh of Willow avenue, Garwood, have been notified by the War Department that their son, Private Michael Loh, an artilleryman, who had been reported missing in action on February 21, has been found and is again on combat duty.

Pvt. Loh is twenty years old and has been in the Army since November, 1942. He has been overseas 14 months and was in the North African and Sicilian campaigns before being sent to Italy.

On April 18 Mr. and Mrs. Loh received a letter from Michael, dated April 4. He wrote that he was "all right" and was serving in a mountain district. He made no mention of having been separated from his unit and reported missing.

Before his enlistment, Pvt. Loh was employed by the Pyro-Plastic Company of Westfield. "Mike" graduated from Regional High in 1942, where he was a member of the basketball team.

### Poster Contest On Poppy Sales

Continental Post 228, American Legion, is holding plans for a poster contest among local high school students in conjunction with Poppy Day later in May. Cash prizes will be awarded for the three best entries. Wilbert W. Layng, post service officer, is in charge of arrangements.

## Citizens Would Buy Land Wanted By School Board

An offer to buy township-owned land in Riverside drive between South Maple and Battle Hill avenues, heretofore requested by school authorities as a future school site, was presented by a group of ten property owners to the Township Committee Wednesday night.

In a letter, Arthur F. Staehle of South Maple avenue, wrote that "on behalf of ten individuals including myself, I submit an offer of \$600, all cash." He added that a deposit accompanied the offer, with the understanding that the deal be subject to a deed restriction against erecting any buildings on the land.

"This will serve as a safeguard," he went on, "and keep the water condition in this section from getting worse and affecting the surrounding properties to any greater degree." An increased offer of \$700 was stipulated if additional ground is included in the proposition.

Last year the Springfield Board of Education asked the Township Committee to earmark the tract as a future school site, along with two other properties, and not expose the three tracts to sale for private purposes. No action was taken, although committee members agreed to consider the request fully.

At the school board meeting last week, Staehle and others asked the school officials to drop their request, since the adjoining property owners claimed they were opposed to the land use for school purposes because of poor drainage conditions. They also protested, last week and on another previous occasion, against a school in their vicinity.

The school board explained they did not own the land in question and that the final decision rested with the Township Committee.

At the suggestion of Mayor Wilbur M. Selander, the committee voted to seek an opinion from the Board of Education on its viewpoint in the transaction, due to the offer submitted by Staehle and his neighbors. The offer was referred to the real estate committee.

The board approved sale of a 40-foot township-owned lot in Romeo avenue to Raes J. Powell for \$400. No other bids were received at a public auction.

A motion by Committeeman Frost, petitioning the Union County Park Commission to have the baseball diamond on the playground off Meisel avenue, put into shape earlier than the summer, was adopted. Frost explained a young man's softball league sought to play there during May.

## New Schedule Will Affect Bus Fares On Somerset Line

Springfield and Mountainide passengers traveling one way to Newark stand to gain by the new schedule filed by the Somerset Bus Company and to be heard soon before the Public Utilities Commission. Springfield passengers beyond the Rahway Valley Railroad coming to Newark pay 20 cents one way and 30 cents round trip. Under the new schedule the fare would be 15 cents one way and 20 cents round trip. Mountainide riders to Newark pay 30 cents one way and 40 cents round trip. The new fare would be 20 cents for one way and 40 cents a round trip. One way fare would be cut in half.

The application filed by James F. X. O'Brien, for a new schedule of fares between Newark and Somerset, Plainfield and Westfield covers 23 buses, operating on three lines, 13 of which are municipal contracts and 10 on temporary permits for transportation of war workers.

Increased fares for the bulk of round trip passengers are proposed under the new tariffs. Other round trip riders would travel for less than they pay now. Passengers traveling one way on the lines would benefit most by the proposed changes.

The present round trip fare system would be abolished. The new round trip fares would be double the one-way fares proposed. The petition states the company is operating under a schedule of fares and tariffs on file which it desires to change so as "to effect a saving to the traveling public."

It also asks the "existing fares are 'unworkable' and 'discriminatory' to the traveling public in respect to fare zones and charges and from the standpoint of transportation tax charged. The company alleges the present fare system results in slower operations.

Taxes on the proposed fares, the petition states, will be limited to cents on trips to Newark from Dunellen and Piscataway Township, 7 cents from Bridgewater and 8 cents from Somersetville.

Buses now carry 1,365 daily round-trip riders and 3,243 one-way riders on the three services, the petition adds. Of the round-trip riders, 878 will pay an increase of from 5 to 7 cents. About 279 round-trip passengers will pay from 3 to 11 cents less than now. It is said, and the remaining 208 round-trip riders will have no change.

Of the 3,243 one-way riders, the petition says, 2,098 will not have cheaper fares, but the other 244 will ride for less in amounts ranging from 5 to 40 cents.

Other changes sought are: Passengers between Somerset and Newark pay 85 cents a one-way trip and 95 cents a round trip. The proposed schedule would be 50 cents one-way and \$1 round-trip.

Westfield riders pay 35 cents one-way trip and 45 cents round-trip. The new fare would be 25 cents one-way and 50 cents round-trip.

The fare from Bound Brook to Newark is 70 cents one-way and 80 cents round-trip. It would be 40 cents one-way and 80 cents round-trip under the new schedule.

Riders from Dunellen pay 65 cents one-way to Newark and 75 cents round-trip. The new fare would be 40 cents one-way and 80 cents round-trip.

From Plainfield to Newark the fare is 50 cents one-way and 60 cents round-trip. The new fare would be 30 cents one-way and 60 cents round-trip.

People in Union now pay 15 cents one-way to Newark and 25 cents round-trip. The one-way fare would remain the same but the round-trip would be 30 cents.

## Attorney Analyzes Bus Fare Breakdown

Township Attorney Herbert A. Kavin submitted a report on the proposed Somerset Bus fare changes to the Township Committee Monday night, in which he outlined that from Springfield's viewpoint, fares on the daily round trips of the various routes here would be up about 6 cents, with the single trip rates constant. The matter was referred to the utilities committee, headed by Committeeman Frost, for report on what action, if any, will be taken by the Governing Body.

At the suggestion of Mayor Wilbur M. Selander, the committee voted to seek an opinion from the Board of Education on its viewpoint in the transaction, due to the offer submitted by Staehle and his neighbors. The offer was referred to the real estate committee.

## Board Promotes Carl Alexander

Carl Z. Alexander, Springfield representative to Summit War Erics and Rating Board No. 9, was elected chairman of the Mileage Panel at a recent board meeting.

Mr. Alexander served first on the first Rating Board when it was an independent body before district offices were established. He assumed his duties during a reorganization, in which Howell G. Lord became chairman, upon the death of the late Oliver E. Merrill, chairman, and accepts responsibility for direction of the several activities of the OPA that are under control of the Mileage Panel.

## Second Sister Signs in Wacs

Miss Audrey Jean Young, daughter of Mr. and Mrs. William H. Young of 47 Clinton avenue, was sworn into the Women's Army Corps on Saturday. Miss Young had been assigned to the Army Air Forces and left on Wednesday for Fort Oglethorpe, Georgia, where she will receive her basic training.

Miss Young is a graduate of Regional High, class of '40 and Summit Secretarial School. She was formerly employed as secretary at the Essex Wire Corporation, Newark.

Her sister, Private First Class Lillian H. Young, left for training in the WAC a year ago and is now stationed at Chanute Field, Ill.

## Mayor Selander In Bitter Attack Upon "Machine Politics"

Mayor Wilbur M. Selander took the political spotlight this week in the torrid three-cornered race for two Township Committee places at the Republican primary when he charged that Springfield voters are faced with the decision of supporting "machine politics" or "free independent" government on the other hand. Without mentioning names, he claimed a majority bloc on the Township Committee has selected a candidate and are endeavoring to pass that candidate on to the board. He was referring to the candidacy of Wilbert W. Layng, who has the backing of Committeemen Fred A. Brown, Gregg Frost and Richard C. Horner, board members.

Selander spoke Monday night at headquarters of Harold G. Neeninger, third candidate in the field, in which he claimed the qualities of candidates are not the main issues at stake in the primary election, but the machine politics question.

## Creating New Jobs But Of His Charges

Selander, in a statement, criticized the Township Committee for "Creation of new and unnecessary jobs." His remarks follow:

"In having my name placed before the voters of Springfield in the primary election, it is with the hope that the taxpayers and voters of the community will endorse my past actions on the committee by returning me to service thereon. During my years in office on the Township Committee, it has been my sincere and earnest desire to help conduct township business on a high plane of service and economy with equity to all in the community.

"My conception of the Township form of government has been for all members of the committee to take an active part with equal responsibility. No member should dominate the meeting and all should express their honest convictions and act accordingly. During my years of service I have been neither a dictator or yes-man. My loyalty to township matters was not divided in favor of any special group, but was to the community as a whole.

"Over a period of years, the personnel of the committee was men of independent thought and action. Township problems were freely discussed at the Town Hall and such discussion brought out the various points in favor of and against the objections to the solution of the problem. Usually this method enabled the entire membership of the committee to find common ground that could be supported and be satisfactory to the people of the township. Recent events have disturbed me with the thought that a change in this procedure has taken place. May I cite the following incident:

"At the Township Committee meeting of April 19, Committeeman Arnold Wright was unavoidably absent. The chairman of the Road Committee (Fred Brown) introduced a resolution changing the status of the existing road foreman to road superintendent. I objected to the change and was told that the man might leave if the change in designation was not made. My reply was that I did not believe the committee should be sand-bagged into creating a new position. The resolution was passed with myself being recorded as opposed.

"My criticism is not directed against the employe of the township. His work has been satisfactory and his record for getting out at any time of the night when required, speaks for itself. My objection to the change in title is voiced because of the various implications in that change. Will the superintendent be willing to do the manual labor he did as foreman? Is he likely to investigate to find the salaries and become dissatisfied? Is the place of road foreman now open for a new man?"

"The State maintains the State highways, the county road government takes care of the county roads in Springfield and through an arrangement with the county road department, the major portion of our streets are kept in repair. The county has a very

## Pre-Pearl Harbor Fathers Called For Examination

The first pre-Pearl Harbor fathers to be sent for physical examination by Springfield-Union Selective Service Board 2 went to Newark yesterday for pre-induction tests, it was announced yesterday. A total of 31 such fathers comprised the group, all of them under 26 years of age.

Vincent dePaul Slavin, board chairman, indicated in accordance with his board's policy, local draft authorities do not intend to place the men in 1-A even if they pass the tests. Being under 26 years of age, a 2-A or 2-B classification would not prevent induction even in the face of war-essential work, but the Board chairman claims a classification of 3-D, or "hardship cases" would be applied.

Two small groups of inductees entered the services this week from this district. Those for Navy duty left yesterday and the others depart tomorrow to Fort Dix from Springfield the following men were listed this week:

Navy  
Raymond H. Jenkinson,  
24 Short Hills avenue.

Army  
William C. Elchhorn,  
31 Severna avenue.

## Purple Heart Given to Late John McGeehan

The Purple Heart Medal has been awarded posthumously to Seaman, second class, John McGeehan, son of Mr. and Mrs. Harry J. McGeehan of 304 Tooker avenue, who was killed in action when the U. S. S. Cyphers was sunk by enemy action at the Atlantic Ocean on May 2, 1942.

McGeehan, who was 22 years old at the time of his death, was reported missing on June 4, 1942. Notice of his death was issued from the War Department one year later.

Seaman McGeehan spent most of his life in town and was graduated from Regional High in 1939. He has a brother, William, in the Navy.

## Edward Conley Sales Listed

Edward A. Conley, local real estate broker at 277 Morris avenue, reports the following transactions closed recently through his office:

Bungalow, 41 Washington avenue, from Mr. and Mrs. George A. Gutting of Sampson, New York, to Mr. and Mrs. Ferdieck Nessman of Springfield.

One-family dwelling, 84 Henshaw avenue, from Mr. and Mrs. Leah Chisholm to Mr. and Mrs. Stanley H. Gordon.

One-family dwelling, 54 Henshaw avenue, formerly owned by Mr. and Mrs. T. C. Davidson, Jr., now living in California, to Mr. and Mrs. Ormond Mesker. Mr. Mesker is employed as a driver by the local Fire Department.

Store building, 513-517 Morris avenue, formerly owned by Able Old Hickory Building and Loan Association, to Mr. and Mrs. Joseph Bertram of Millburn.

## Breakdown of Local Tax Rate As Listed On Bills

The complete breakdown of Springfield's new 1944 tax of \$8.07 was announced this week by Collector Charles H. Huff, which will appear on new tax bills to be sent out by June 1.

Six contributing taxes make up the complete rate for 1944, which is two points below that of last year.

The 1944 rates, comprising Springfield's township tax rate, compared with the 1943 rates, the increases and decreases, expressed in dollars per \$100 valuation follow:

## Opposes Plan Of Colleagues In Layng Race

At the Monday night meeting in Neeninger's headquarters, Selander said:

"Before this organization was started, I was requested to bracket with one of the candidates who is running in the primaries. I reported I did not care to bracket and did not intend to. My being here tonight is no violation of my word. It would probably be so construed by those in the opposite camp. I am not bracketing now.

"While I have a high regard for Mr. Neeninger and considered him long for him personally, I do not believe the qualities of candidates are the real issue in this primary election. There is something far beyond and above qualities of candidates. The issue in this primary election is: Does Springfield want machine government or does it want free independent government?"

"We realize that we are living in a machine age and that machines have in a large measure, contributed to the progress of this country. However, machine politics has never been to the people's interest and in many cases has led to disaster and decided things for him personally. I do not believe the qualities of candidates are the real issue in this primary election. There is something far beyond and above qualities of candidates. The issue in this primary election is: Does Springfield want machine government or does it want free independent government?"

## Women's Guild to Hold Silver Tea May 4 at Church

Plans have been made by the Women's Guild of St. Stephen's Church of Millburn, to hold a silver tea on Thursday afternoon, May 4, at 2 o'clock in the parish house. Miss Jessie Pratt will be in charge of the affair. Mrs. Marian Heathorn Myer of Brooklyn, a former member of St. Stephen's Church and Guild, will attend the tea and speak about patch quilts, their history and how they are made. There will be a display of various types of patch quilts. Mrs. Myer is well known in this field and an interesting time is expected. Anyone interested in the making and history of patch work is cordially invited to attend.

In the past the regular monthly meetings of the Women's Guild have been held in the afternoon, but since so many of the members are now engaged in war work during the day, it has been decided to hold some of the meetings at night. The next regular meeting will be held on Tuesday evening, May 9, at 8 o'clock in the parish house.

At the last meeting a nominating committee was appointed to nominate candidates for president, vice-president, secretary, and treasurer. The members of the nominating committee are Mrs. Henry Kessler, chairman; Mrs. J. L. Guider, Mrs. C. Griffith, Miss J. C. Pratt, and Miss E. Wright. This committee will make its report at the May meeting. This being the annual meeting, all other committees will also give their reports. At that time, members of the Guild will vote on several changes in the constitution. It is hoped that all members of the Women's Guild will be present at the May meeting.

Plans are under consideration for a lawn festival to be held some time during the month of June. A committee will be appointed to complete the plans and further notice about the festival will be given in the near future.

## Rita E. Wernli Guest of Honor

Miss Rita E. Wernli, daughter of Mr. and Mrs. Charles J. Wernli of 21 Sovereign avenue, was guest of honor on Friday evening at a surprise graduation party. Miss Wernli graduated Friday evening with the 1944 class in the School of Nursing, Overlook Hospital, Summit. Decorations were in red and white.

Guests at the party were Mrs. and Mrs. Frederick B. Wernli and children, the Misses Theresa and Florence and Frederick, Jr.; Mr. and Mrs. Norman Kupferle and daughters, Beatrice and Helen and Mrs. Emma Wernli of all of Faywood Park, Paterson; Mrs. Edith Solosio and daughter, Davis of Brooklyn; Miss Ruth Macko of Somerville, Miss Anita Trickett of Clark Township, Mrs. Edward Cardinal and Mrs. Sigmund of Irvington; and Mrs. John Peister of Jersey City. Those attending from town were the Misses Dolores Phillips, Mary McDonough, Edna Cardinal and Edna Wernli, Mr. and Mrs. Frank Cardinal, Mrs. C. West, Mrs. Edward Cardinal and John Cardinal.

## Planning Attack Decried As "Bunk" By Nenninger

Addressing a group of citizens at his headquarters on Morris avenue Monday night, Harold G. Nenninger, Republican candidate for Township Committee, said:

"I would like to refer to my remarks that I made a week ago tonight, here at headquarters.

"I said, I do not wish to give the impression that I know all about the operation of our town government and could immediately bring about changes that would overcome all present and future ills. I have not prepared a long list of what is wrong with our government or how I will correct it, if elected.

"In every campaign we usually find such methods. It is usual for a politician to make an issue if he cannot find one, knowing that it is pure bunk, but nevertheless provides necessary publicity—and if he can keep it going, he may be elected before the public wakes up.

"I had no idea when I made the foregoing remarks that my opponent would be so quick to prove my point for me and that the issue once again at least in part is to be township planning.

"In discussing the township's bonded indebtedness, my opponent says:

"We should all be thoroughly informed so that we may profit by past mistakes in civic planning and operation to the end that these costly and burdensome excesses are not repeated in the future. In my opinion, this situation exists because of incorrect planning. This condition did not result from incorrect planning but rather from the absence of planning. We did not have a Planning Board back in those days.

"I met my opponent again. He said:

"I firmly believe that a well-organized Planning Board, working in complete co-operation with the Township Committee, Board

of Education, Zoning Commission and other civic organizations in open and frank discussion, would be insurance against ill-advised spending of public moneys.

"On September 8, 1943, the Township Committee passed an ordinance creating a 7-man Planning Board, conforming with State Law 40:55, the Municipal Planning Enabling Act. Subsequent to this, the Mayor appointed the members to this board as provided in the State Law. This Planning Board has been meeting regularly, at least twice a month, since that date and, in December, 1943, submitted a set of rules and regulations together with an official map for their approval, but to date no final action has been taken by the Township Committee. In my opinion, this Planning Board is well organized, is working in complete co-operation with the Township Committee, Board of Education, Zoning Board of Adjustment and other civic organizations and most certainly is insurance against ill-advised spending of public moneys.

"My opponent further states: "To bring about this desirable co-operation, there must be one capable person whose duties it shall be to co-ordinate these agencies in planning a better Springfield. My suggestion is that the Township Committee employ a full-time qualified engineer, competent to foresee the future needs of this community in a realistic manner, so that he, together with other agencies named above, will provide for a comprehensive solution of our community's expansion problem. Let us examine the actual facts.

"I—Our Township Engineer is at present a member of the Planning Board and serves without compensation of any kind, as do all the other members. He is a capable person as are the other members of the board. And he is

a qualified engineer. 2nd—The State of New Jersey has had practical experience in planning for years and has employed the best experts available on this subject. If they had thought that such a setup, as has been suggested, was necessary to the success of Municipal planning they would most certainly would have so provided in the Municipal Planning Enabling Act.

"It is difficult to understand how, in the same statement, my opponent first speaks of the tax rate as being the highest in Union County and then winds up with the suggestion that the Township Committee employ a full-time engineer. I doubt if they could obtain the services of a capable, experienced, qualified engineer at less than \$5,000 a year, which would be a further increase of from 7 to 9 points in the already excessive tax rate.

"Further, the Law provides in paragraph 40:55-4:

"The planning board shall elect a chairman from the members of class IV and create and fill such other offices as it may determine. It may employ experts and a staff, and pay for their services and such other expenses as may be necessary, and proper, not exceeding in all, exclusive of gifts, the amount appropriated by the governing body for its use.

"The governing body of any municipality creating a planning board shall appropriate in the same manner as other appropriations are made, such money as in its discretion is necessary for the work of the planning board for the year in which the appropriation is made. The amount so appropriated shall be assessed, levied and collected in the same manner as moneys appropriated for other current expenses in the municipality.

"Thus, if the Planning Board feels it is in need of the services of another engineer, or any other specialized services, they will, in the regular course of their responsibility, make such a request of the Township Committee, which

body, if they approve, will be required by law to appropriate the necessary money in the budget. And since the budget is required to be read at public hearing, we the people have an opportunity to voice our disapproval of the appropriation if it is considered out of line.

"Paragraph 10 of the Enabling Act, sets out the 'Purpose of Municipal Planning'—and I would like you to hear what the responsibility of our Planning Board is as provided in the law: 40:55-10 Purpose of Municipal Planning:

"In the preparation of the plan and map the planning board shall cause to be made careful and comprehensive surveys and studies of present conditions and future growth of the municipality; due regard being taken to its relation to neighboring territory. The plan and map shall be made with the general purpose of guiding and

accomplishing a co-ordinated, adjusted and harmonious development of the municipality and its environs which will in accordance with present and future needs, best promote health, safety, morals, order, convenience, prosperity and general welfare, as well as efficiency and economy in the process of development; including, among other things, adequate provision for traffic and recreation, the promotion of safety from fire and other dangers, adequate provision for light and air, the promotion of the healthful and convenient distribution of population, the promotion of good civic design and arrangement, wise and

efficient expenditure of public funds, and the adequate provision of public utilities and other public requirements.

"I have always been for planning and its counterpart—zoning. You may recall that in 1943 the then proposed planning ordinance was tabled vicious, even though the ordinance was prepared to conform with the Municipal Planning Enabling Act and an attempt was made to defeat it. Some years ago, there was a lot of work done to defeat zoning in the Township. People were worked up by being told of all the evils zoning would bring upon them and, as

## Round Table Discusses Recreation Center Need

MOUNTAINSIDE—A round table discussion on "Our Plans for Tomorrow" which stressed the need for a recreation center in the borough, was presented by Mrs. Joseph H. Hershey, Francis H. Steidman, Fire Chief Herman Honecker and Rev. S. Thomas Burns of the Civic Council, at a meeting of the Parent-Teachers' Association last Thursday night at the school. The group was introduced by Miss Frances Featherstone, president, in the absence of Mrs. Herman Gold, program chairman, who was ill.

The speakers explained the organization of the council in June, 1943, because of the growing need for a recreational spot in the borough. The goal of the council is to provide a civic center, and its membership is made up of representatives from the 12 organizations in town, with three coming from the Community Association.

The purpose of the round-table discussion was to outline the purpose of the council and get the reaction of the community's residents. Plans were discussed on how to raise enough money now to build the center, probably with local talent to keep cost down, where to build, which would be somewhere near the center of the borough, and what it should include.

A discussion period followed during which it was suggested that a separate drive be held to raise initial funds, and then combine with the Community Association for maintenance funds. It was also suggested that they might start with one unit and add on as time and money permitted.

Mrs. Edward Hansen, librarian, reported on the doll contest and announced the winners. She also stated that 60 new books had been received from the State Library Commission, to be loaned for six months. Members were invited to view the display of dolls on exhibit in the library.

Mrs. H. J. Kazmar announced that several meetings on remodeling clothes would be held by the Extension Bureau, the first to be May 6. Mrs. L. A. Jennings extended thanks to all the people who cooperated in the luncheon project, and received a rising vote of thanks from the assemblage for her efforts in the work.

## WHO'S WHO IN MOUNTAINSIDE

MRS. EDWARD F. HANSEN

MOUNTAINSIDE—Mrs. Edward F. Hansen of Evergreen court, local librarian, has been associated with the library for the past year and a half. She is the former Margaret (Peggy) Herzog of Westfield. Mrs. Hansen was born in Cincinnati, Ohio. Several years later her family moved to Westfield where she attended the public schools. She also attended the Randolph-Macon Women's College in Lynchburg, Va., and took a year's graduate work at the Emory University in Atlanta, Ga., and received an A.B. in Library Science.

Mrs. Hansen was employed by the New York Public Library for seven years prior to coming to Mountainside. She was married in 1941, and she and Mr. Hansen resided in Staten Island before coming to Mountainside almost two years ago.

For diversion Mrs. Hansen is

**MAIN STREET, NEW JERSEY**

It doesn't matter—Main Street, New Jersey or Main Street, in any other State. The boys who after work or school bought sodas or went to the movies, are all of the same make-up. Americans. And where are they now? Africa, Solomon, Iceland, Italy, England or India.

They have gone forth to protect the way they want to live—the way YOU want to live. Life without regimentation; freedom to comp and go as you please; freedom to speak your mind; freedom to worship as you desire.

Don't let these boys down! When they come home let them find that the thing they fight for is still an American ideal—Freedom.

STATISTICS OF SPRINGFIELD

Population—1941, 5,099; assessed valuation—1942, \$6,172,020; tax rate—  
1942, 52.9 (Township—42.5; schools, 11.4; state and county, 9.0).  
Springfield was settled in the early 1700's. Its township form of govern-  
ment was established April 11, 1794, and was incorporated in 1857.  
Springfield is essentially a community of homes, with little industry  
except for farming, nurseries and a few small concerns. It is 15 miles  
from New York City on the Lackawanna R. R. with two stations,  
Midland and Short Hills, less than a mile apart. It is 10 miles to Elizabeth,  
7 miles to Newark and 10 miles to Newark, Elizabeth, Summit  
and Plainfield.  
The Railway Valley Railroad with a freight station in the township  
affords service for industrial, commercial and industrial purposes. State  
Highway 29 makes New York City convenient by auto in 20 minutes. State  
of the 500,000 Union County Regional High School, serving Springfield,  
Montrossville and four other county municipalities.  
It has good streets, water, gas, electricity and modern sanitary sewer-  
age system. Excellent public and private schools, a public library, a  
system and zoning regulations for the protection of the individual property  
owner.  
Of interest in Revolutionary history with its historic Presbyterian  
Church, where the Rev. James Caldwell cried: "Give us words, boys!" in  
the midst of the Battle of Springfield, fought on June 28, 1781. The  
colonial landmarks are to be found in Springfield, one of the oldest com-  
munities in Union County.

WHAT THE SUN ADVOCATES

- 1. Sidewalks wherever needed.
- 2. A bus fare to Union Center.
- 3. Extended local telephone scope to Newark and Elizabeth.
- 4. Federal Post Office building.
- 5. An active Board of Trade to stimulate "Try-Springfield First" in purchasing.
- 6. Full-time position for the Township Clerk's office.
- 7. Encouraging clean industry, to increase tax ratables.
- 8. Extension of mail delivery by local R. F. D. routes, to all portions of the township.

YOUR RED CROSS

Since the invasion of Europe is planned, Men Field Directors will go in as the first "wave." They are assigned to all "sizable" units of American troops, have lived and worked with them for months, and so far as the Army allows, will accompany them. The second "wave" will be picked Red Cross girls, now being considered for their ruggedness and health, driving ability, skill in languages, and the type of service they have given in the British training grounds. They will staff clubmobiles, and establish "donut-doughnuts" for coffee and snacks in buildings or tents in the rear. Field directors will be able to return from the front line to pick up their own comfort supplies for the troops. When troops move on, the girls will simply pack their stuff back.

into the vehicles and roll to another unit.  
A certain number of operational groups will be maintained in the combat area, each comprising four units. Each group will have tenting facilities, folding cots, blankets, etc. to set up field clubs, and a generator-trailer sufficient to operate the doughnut machines of four clubmobiles. Each unit will have two clubmobiles; a supply van, a utility vehicle similar to a jeep, and various types of trailers. It will carry a month's supplies.  
Three girls will be assigned to each clubmobile. They will have regular male helpers and the usual good-hearted voluntary soldier-KIPs, who always appear when clubmobiles roll into camps and open for business.  
The Red Cross now has 66 clubmobiles, and each one can be quickly cleared, and used, if necessary, as an ambulance to take ten stretcher cases, or 20 ambulatory cases from the front line to the hospital.

The Motor-Corps met Wednesday night, April 19, at Captain Spencer's home. Captain Spencer announced that Mrs. Harry Quinzel and Mrs. William Reid would be housewives. Capt. Quinzel will take over when Captain Spencer is away, and Capt. Reid will have charge of the Overlook Hospital project. There will be a refresher first aid class given in the near future for the Corps. Dates will be announced later.

There will be a meeting of the Board of Directors Wednesday night in the Town Hall at eight o'clock.  
Mrs. Frank Geiger and Mrs. Ralph Tiley attended the annual meeting of the New Jersey State Organization for Public Health Nursing at the Essex House in Newark yesterday morning and afternoon.  
The new general field representative from Aera office spent Thursday in Springfield. She interviewed the Executive Board in the morning, and talked with members of the Board of Directors in the afternoon.  
Needles with large eyes, and white buttons one inch in diameter, and any other buttons which can be spared, are needed by the Sewing group. Anyone interested in donating the above may leave them at the Red Cross room in the Town Hall.  
The Camp Kilmear Council meeting will be held May 10. The Station Wagon will take our delegates down.

Debt Causes 30 Per Cent Of Tax Bill, Claims Layng

Attributing more than 30 per cent of the township tax bill to bonded indebtedness, Wilbert W. Layng, Republican candidate for Township Committee, pointed out in a statement yesterday that the debt was incurred by "improper planning of our township improvements."  
"I have previously pointed out that due to bonded indebtedness of about \$800,000, we are assessed the highest tax rate in Union County, namely \$5.07 per \$100 valuation."  
"I will now endeavor to show a home owner who pays annual taxes of \$150 on his property where his money goes:  
For expense of operating all schools, both public and high, including all salaries..... \$ 48.00  
For all other expenses of town, including police, fire, library, health, streets, etc..... 57.00  
Total..... \$105.00  
For the payments of bonds and their consequent interest (this does not include Regional High School Bonds)..... 45.00  
Total..... \$150.00  
"As you can see, this bonded indebtedness accounts for more than 30 per cent of our annual tax bill. I am stressing this bonded indebtedness and its cost to us for the simple reason we have so little to show for it."  
"Take a look around the town."

**Three Become Citizens**  
The April session of Naturalization Court concluded Tuesday with another group of new citizens being inducted. The gathering was sworn in by Judge Edward A. McGrath and later addressed by E. Urner Goodman, of Roselle, a Boy Scout executive.  
Among the group were Hugh-16a Hoppin and Midearnar Hopkin, both of 646 South Springfield avenue. On Monday, Mrs. Irene Casternova of 208 Morris avenue was admitted to citizenship.

planning. You can be assured I am committed to a drastic reduction at the earliest possible moment. Of this indebtedness which can be accomplished by a comprehensive plan for the expansion of Springfield so that the large accumulated vacant lands can be developed for both residential and desirable industrial sites.  
"This can only be accomplished by intelligent and co-operative municipal planning. Such co-operation can be achieved only by co-operation of all township agencies.  
"If I am elected, I will make use of every means at my disposal to inculcate this vital and desirable co-operation."

course at the Naval Training School, the Bronx, N. Y., and has received orders to report for further instruction at the Yeoman School, Cedar Falls, Iowa. This school is located at Iowa State Teachers' College. Sonnan de Crescenzo, daughter of Mr. and Mrs. Richard de Crescenzo of 120 Morris avenue, is a graduate of Regional High, class of '41, and attended William and Mary's College, Va., for one year. Prior to entering the service, she was employed with Hyatt Roller Bearing Co., Clark Township, as a receptionist. Sonnan de Crescenzo entered the service with a lifelong friend, Phyllis Ehlers of Elizabeth, who is also going on to further training at Cedar Falls, Iowa.

Robert K. Platt, son of Mr. and Mrs. Joseph H. Platt of 101 Honshaw avenue recently received his pilot wings and was commissioned a 2nd Lieutenant at the Army Air Forces Pilot School, Marianna Air Field, Marianna, Fla. This event marked the completion of one of the most rigorous courses of training prescribed by the Army Air Forces Training Command.

Lt. Platt entered the Army Air Forces last year as Aviation Cadet and was sent to the classification center at Nashville, Tenn. where he was chosen as potential pilot material. From there he went to the Army Air Forces Training Command Pre-Flight School where he underwent arduous toughening-up exercises and study. He received his primary and basic flying training at various training fields in the Southeast and was then sent to the Army Air Forces Advanced Flying School at Marianna, Fla. for two months intensive course in single engine flying tactics and operations.

Lt. Platt attended Bloomfield High School. Our attention has been called to a news story about a Private John Miller of Springfield, who is stationed overseas. If any readers can furnish any information about Pvt. Miller, they are requested to contact the SUN.

Aviation Cadet Robert Price was home recently on a week-end leave from Troy, N. Y., visiting his parents, Mr. and Mrs. James Price of Lyon place. Cadet Price is a graduate of Regional High, class of '41.

MOUNTAIN SIDE — Private James Hambacher, son of Mr. and Mrs. Jacob Hambacher of High Orchard, returned to Camp Livingston, La., last Thursday after being home on a seven-day furlough. It was his first leave since joining the Army six months ago.

William Henry Smith, U. S. Navy, has been adjudged worthy of a place on the Honor List in the Department of Mathematics at Brown University, Providence, R. I. There were named on the list from 667 undergraduate students. Smith, son of Arthur Smith of Milltown road, is in the Navy V-12. He graduated from Regional High School in June of 1941. He has two brothers in the Navy, George, stationed in California and Arthur, stationed in the Pacific.

Mr. Smith received a letter from Professor O. Nougbauer of Brown University, as follows: "Last semester I had your son, William, in

my calculus class, and I am pleased to tell you that he did exceptionally well. It was indeed a pleasure to have him in the class. I hope that his future career will be equally successful. "I am enclosing a copy of the Honor List of the Department of Mathematics on which the name of your son appears."

George Morton, Jr., seaman first class, attached to the Special Projects Division, Naval Research Laboratories in Washington, D. C. was at home over the week-end visiting his parents, Mr. and Mrs. George Morton of 108 Morris avenue. He had as his guest Joseph McCormick, seaman first class, of Charleston, W. Va.

Private Chester Winters, husband of Mrs. Virginia Rosnelle Winters and father of 5-year-old Pat Winters of 82 Marion avenue, has been stationed in England

CHESTER WINTERS

since September last. Pvt. Winters recently wrote home to his wife, that on his free-time, he frequently visits Mrs. Winters' aunt in Belfast, North Ireland. Pvt. Winters entered the Army, Pvt. Winters was employed by the National Baking Co. in Newark.

Lt. and Mrs. Robert Marshall and daughter, formerly of Camp

Livingston, La., were in town several days this week, visiting the former's parents, Mr. and Mrs. Arthur Marshall of 74 Washington avenue. Lieut. Marshall returned to duty on Wednesday at Camp George G. Meade, Md.

From Sergeant Daniel Mailbig Jr., formerly of South Springfield avenue, comes the following letter: "I wish to inform you at this time that I have had another change of address. The SUN is an excellent medium of learning what is going on back home, and its accessibility to those of us who are overseas is greatly appreciated."

Edward McCarthy, son of Mr. and Mrs. Edward J. McCarthy of 45 Satter street, has been promoted from Corporal to Staff Sergeant. S/Sgt. McCarthy is stationed at Camp McCoy, Wis.

(Editor's Note.—When your service man or service woman has been home on furlough, been promoted, graduated or transferred, why not mail it to the SUN or phone the office. Many of those in the service, miles away from home, like to read of the whereabouts of their friends, former schoolmates and relatives. We will be pleased to accept a photo of your service man, if we do not already have one in uniform. If we do, we'll be pleased to return the picture with a news item at your request.)

## Creating New Jobs Butt of His Charges

(Continued from page 1)

efficient road force and good equipment. This work is carried on at the direction of the Township Chairman of Roads and under the supervision of the Township Engineer. It has worked out in a satisfactory and economical manner.

"The township road force was composed of a foreman and three additional men. Their work has been patching holes in the pavements, cleaning of streets, maintaining of sewer systems and kindred duties.

"In asking your support in the primary, I express my disapproval of the creation of new unnecessary jobs or the change to full time for the engineer at this time. The time will come when it may be necessary to change several positions to full time. When this is done, the cost of operation will increase. These changes should not take place or be advocated un-

less it becomes absolutely necessary and can be carried out without an increase in the tax burden."

It's Cotton Picking Time for Juniors

And they're doing their picking in the Junior Miss Shop. It's no wonder they do, when they find cottons like the cutaway suit of old fashioned pillow-ticking, and crisp white piques bedecked with lace. There's a whole shop filled with fresh, sunny fashions, designed with junior preferences in mind. Chambray, chintz, balloon cloth, plaids and ginghams, in colors bright as the young ideas of the juniors that wear them. All in sizes 9 to 15.
