Spirited Bidding At Public Auction Of Town Owned Lot

Spirited bidding between two interested parties resulted in a public auction at a sale of a township-owned lot before the Township Committee Wednesday night.

A request from Herbert R. Day of Continental Post, American Legion, that the committee contribute toward expenses of not more than \$90 to the annual Memorial Day observance was approved.

Government Expert To Speak At Final Forum Discussion

Dr. Vernon Nash, expert on government and human relationships, will lead the panel discussion on "The United States and the Post-war World," arranged by the Citizens Victory Committee of Millburn.

Dr. Nash is executive director of the National Peace Conference. He has lived on four continents, he was sent to England as a Rhodes student in 1916 and joined the British Army, serving in Africa and India in World War I.

Citizens will take part in the panel discussion with Dr. Nash and try to find an international policy for the United States which would express the opinion of the majority.

Members of the panel and Dr. Nash will be guests of Mrs. Danforth Geer, Jr., at dinner at the Chautauque before the meeting.

Final Statements From Candidates

The three candidates for two places on the Republican Township Committee slate, Wilbur M. Selander, Wilbert W. Layng and Harold G. Nenninger, issued final statements yesterday on the eve of Tuesday's primary election as follows:

Wilbert W. Layng: "I pledge to the people of Springfield that, if nominated and elected to the Township Committee, I will use every means within my power to: 1. As speedily as possible reduce our township's bonded indebtedness. 2. Liquidate, as soon as possible, township-owned properties. 3. Promote comprehensive planning for better residential developments and to encourage establishment of desirable industrial properties. 4. Afford the best civic facilities at the lowest possible cost. 5. Protect the interests of our men and women in the Armed Forces now and during the post-war period."

Wilbur M. Selander: "It has come to my attention during the present campaign that suggestions have been made to refinance the outstanding obligations of the township and criticism has been leveled at the members of the Township Committee in office at the time of contracting of most of those obligations. 'I was not a member of the Township Committee at the time the sanitary sewer was contracted for, becoming a member a few years later. Hence my observations on that subject are not defense measures of any action of mine, but are given that the converse side of the picture may be seen. The sewer construction has been a campaign issue of sorts many times, and in my opinion, the mistakes made 15 years ago by another group of committeemen is not constructive. 'Creating that some mistakes were made and it is easy to find mistakes in retrospect, the committee of that time rendered the Township a distinct service in the sewer installation. Caspools within the Township were overflowing and the effluent was running down the gutters; residents were harried in their efforts to solve the caspools problem; bad odors were common and the general condition was unsanitary. The condition in the warm weather was especially bad—if windows were opened. 'In addition to the above conditions, the State Board of Health had instructed all the municipalities in the Rahway Valley to stop the pollution of the Rahway River. This was very urgent because the City of Rahway used the river for drinking water supply. 'The Township Committee was compelled to install a sewer. 'It has been the experience of most towns that the first venture in a sewer system is a financial headache. 'One candidate in a press release, referred to the bonded indebtedness of the township and part of the article reads as follows: 'I am stressing this bonded indebtedness and its cost to us for the simple reason we have so little to show for it. Take a look around the township and see what we are getting for this yearly payment. 'I have taken a look and offer the following conclusions for your consideration. I do not see the drainage from the caspools in the gutters; nor do I see my neighbor digging one caspools after another in a vain attempt to solve his problem. I can open my windows in the warm weather to the fresh, cool, sweet air. I see manhole covers in the roadway to indicate that the Township owns a system of sewerage laterals. I know that Springfield has a 9 per cent interest in the Rahway Valley Trunk Sewer and disposal plant, total value of same over \$3,000,000. 'Look around and see the two grade schools with their up-to-date equipment; the high school of which the Township owns a part; the Town Hall with municipal offices and housing Police and Fire headquarters with the finest of fire-fighting equipment. These are all the things that are being paid for, when you retire bonds and pay interest. They bulk large when given proper perspective; they are the things that have made Springfield attractive to the fine class of people living here. 'In closing, may I say that Springfield has much to be proud of. Some mistakes were made but the improvements made in past years. The committee over a period of years, have consistently (Continued on Page 6)

Harold G. Nenninger: "We may not all appreciate the period and the place in which we live. We have the opportunity of living in one of the most inspiring and stimulating periods of history. The decision of this war may well prove to be the most important event of the Christian Era, for this world conflict may determine whether the forces of darkness or the forces of light will plot the forward curve of civilization. 'Political procedure, its objectives, its ethics, and its ideals, are matters of slow growth through the process of trial and error. Periods of folly and loss finally yield to periods of wisdom and profit. The current trend in so far as democratic principles are concerned seems very favorable indeed. Great political changes can take place in an atmosphere of despair and discouragement wherein the people will accept most any change, or can take place in an atmosphere of soft living, where the citizens become indifferent to change. Any political change in the National State or Local government usually starts slowly and indirectly and in its initial stages it will face in all directions with beckoning promises to all who are discontented with established authority. 'We have heard much, during this primary campaign, of corrections and additions in and for our township official family. In the last analysis, you, the voter will determine on May 16, who shall be your representative on our governing body. Therefore may I set out once again how and for what I stand. 'I have repeatedly stated that I have no promises to make, I have not prepared a long list of what is wrong with our township government and how I would correct it, if elected. 'One of the candidates has been trying to make a serious issue out of the Township's bonded indebtedness and Township planning. In my opinion, neither of these points are an issue at all. In the first case the indebtedness is being paid off in a sound way according to the terms of the bonds—only a part of your current tax bill is being used for the payment of debt service, principal and interest. School indebtedness is included in the school taxes. All present bonded indebtedness will be fully paid off by the end of 1955, within the next 11 years. 'No change can be made in our bonded indebtedness repayment plan without extending the ultimate maturity date from 1955 and ten years minimum or to 1965. Any refinancing plan that may be subsequently suggested must receive the approval of the State Commissioner of Local Government before it can be undertaken. 'As to planning, on September 8, 1943 the Township Committee passed an ordinance creating a Planning Board. The seven members of this Board have been meeting at least twice a month since October 1943, when the chairman of the Township Committee appointed them. In December 1943 the Board submitted their final regulations together with an official map to the Township Committee for their approval. 'This planning Board is well organized, is working in complete co-operation with the Township Committee, Board of Education, Zoning Board of Adjustment and other civic organizations. This board, most certainly is insurance against ill-advised spending of Public funds. 'The Township Board serves on the Planning Board without other members. He is a qualified compensation of any kind as do all members. If the services of any (Continued on Page 6)

New Mark Exceeding The Previous Figure Of 1,051 Anticipated On Tuesday

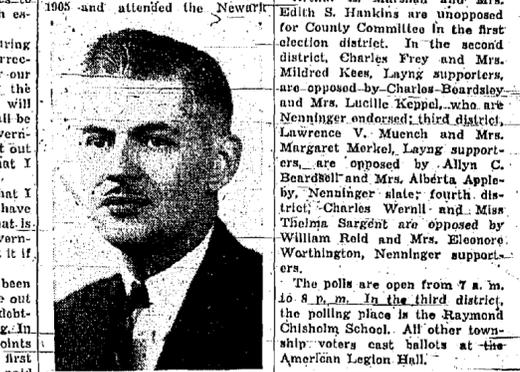

The Republican primary Tuesday will undoubtedly see a new mark established in the number of voters coming to the polls, according to a survey the Sun made among local Republicans this week. All of the candidates for the two Township Committee positions, Wilbur M. Selander, incumbent, Wilbert W. Layng and Harold G. Nenninger, expect to see the 1943 high mark of 1,051 voters last surpassed in the coming election.

## BETTIQUETTE SAYS

### YOUR NAME

"A woman does not drop her husband's name at his death. While her husband is living, a woman's name is Mrs. John Smith. After her husband's death, her name is exactly the same: Mrs. John Smith.

By this name she should be listed in the city directory and in the telephone book. With this name her visiting cards should be engraved. By this name all letters to her, social and business, should be addressed.

And a widow signs her letters, business letters as well as social letters, exactly the same as she did when her husband was living.

### NAMES ON THE TELEPHONE

"How we say 'Hello' in answering the telephone... indicates personality. It may be the brisk efficiency of a telephone operator on the busiest of switchboards, but even she, if she is well-trained, does not permit it to become brusque or ungracious. And surely 'the-voice-with-the-smile' when we answer the telephone in our own homes.

When you call on the telephone, state your name at once. The game of 'Guess who this is' is silly and unmanly. Equally inconsiderate it is to begin a long conversation without asking the person you are calling if it is convenient for her or him to talk with you at that time.

When you announce yourself on the telephone adapt the form of the name you use to the circumstance.

### HUSBANDS AND WIVES

When a woman speaks of her husband to a friend, she speaks of him as "John." To an acquaintance she says "my husband." In the same way, a man speaks of his wife as "Mary" to her friends and as "my wife" to an acquaintance. To servants or any other employees, and to tradespeople, a wife speaks of her husband as "Mr. Clark" and the husband speaks of his wife as "Mrs. Clark."

First, there are first names. How perplexing it often is to

### WHAT EVERY TEACHER KNOWS

When a child enters a school room, the teacher knows, inevitably, what that child's home training has been. To the well-bred and well trained child it will be as natural as breathing for him to say, "good-morning, Miss Marsh," and "please, Miss Marsh," and "thank you, Miss Marsh."

"There is more force in names than most men dream of." The way in which some people use names, their own names and other people's names, has a very special charm. And not only do they say the name charmingly, but they use it correctly on all occasions. Always they seem to be aware of the personal quality that should be given to so personal a possession as a name.

Have you, for instance, found very attractive the engaging way some people use your name quite often during a conversation with you? Or the distinct way they pronounce your name in an introduction? Or the subtle compliment they give you when on appropriate occasions, they pronounce your full name in an introduction... "this is Miss Gloria Fuller." Or the way they add your name to the "How do you do?" when they reply to an introduction? This is all in the art of gracious living.

## SHE HAS THE VOICE WITH A SMILE, TOO

Sometimes, because of the war, she cannot give you the exact type of equipment or service you want—or just when you want it. But you can be sure of this: She will do her very best at all times and do it promptly, efficiently and courteously.

## STATISTICS OF SPRINGFIELD

Population—12,111. 5,000 associated. Valuation—1944, \$6,477,250; tax rate—\$111.527. (Previous—\$22.21 schools, \$187.31 state and county, \$399.34.)  
Springfield was settled in the early 1700's. Its township form of government was established April 11, 1794, and was incorporated in 1852.  
Springfield is essentially a community of homes, with little industry except for farming, nurseries, and condensed manufacturing. For these 30 minutes from New York City on the Lackawanna R. R. with two stations at Millburn and Short Hills, less than a mile away, 7 miles to Elizabeth and miles to Newark, connects us to Newark, Elizabeth, Summit and Plainfield.  
The Lackawanna Railroad with a freight station in the township affords service for business, commercial and industrial purposes. State Highway 29 makes New York City convenient by auto in 30 minutes. Sixty of the 50,000 Union County Regional High Schools serving Springfield, Mountainside and four other county municipalities.  
It has good water, gas, electricity and modern sanitary sewer system. Excellent "home" facilities: mail carrier, delivery system, and zoning regulations for the protection of the individual property owner.  
Of interest to Revolutionary War veterans with its historic Presbyterian Church, where the Rev. James Caldwell called "Gloria in excelsis, deo" in the midst of the Battle of Springfield, fought on June 23, 1780. Several colonial landmarks are to be found in Springfield, one of the oldest communities in Union County.

## WHAT THE SUN ADVOCATES

1. Sidewalks wherever needed.
2. 5c bus fare to Union Center.
3. Extended local telephone scope to Newark and Elizabeth.
4. Federal Post Office building.
5. An active Board of Trade to stimulate "Try Springfield First" in purchasing.
6. Full-time position for the Township Clerk's office.
7. Encouraging clean industry, to increase tax ratables.
8. Extension of mail delivery by local R. F. D. routes, to all portions of the township.

## THESE ARE OUR JEWELS!

The approach of the war's third Mother's Day brings back to us a legend we first read in a dog-eared history book during our schooldays. Intervening years have somewhat dimmed its details for us, but not its meaning.

Many centuries ago, when the citizens of Rome were called upon to lend their wealth and precious gems to the support of their warring government, the mother of the Gracchus family—a family that was to become great in Roman history—called her strapping sons to her side and gave them into the service of their country with the words, "These are my jewels!"

It is a coincidence of war and history that American boys are fighting now in the same land where the mother of the Gracchi spoke for all mothers of soldiers. For the mothers of America have also given their "jewels," stalwart young fighting men, gems with the strength of granite.

But what about Mother herself? Does she not have her own gemlike qualities? Is she not, to every mother's son of us, as constant as diamonds, as matchless as perfect pearls? For many years, from her sons and daughters, she has been receiving Mother's Day cards that praise her enduring virtues, but certainly this year such sentiments speak of love grown even deeper through another year of war, and thus another year of separation from her own. We think of the millions of American Mothers who go determinedly about their self-assigned job of making happy homes, and pretending that Johnny's room and Mary's room are not empty for the duration. It seems to us that every delicate flowered Mother's Day greeting card, with its tribute to Mother's steadfast love, says in effect, what all of us believe—that Mother is also a jewel, set in a 22-karat heart.

## 4-H Clubs Add 2,000 Members

Two thousand boys and girls have been added to New Jersey's 4-H Club membership roster as a result of a state-wide mobilization program concluded here last month. Mildred E. Murphy, associate state leader of 4-H work, has announced. There are now 15,000 New Jersey young people enrolled in 4-H projects in agriculture and homemaking.

The Springfield Good Gracchus celebrated mobilization month with a special assembly at the Raymond Chatham School, and posters about 4-H work and goals were set up in different stores. During the winter the Good Gracchus had a scrap drive and collected about

2,000 pounds of paper. These boys and girls have already begun working on their garden and poultry projects for the summer.

The Mountainside 4-H Junior Garden Club is also making plans for a busy summer with Victory Gardens and camping. This club recently enrolled a number of new members.

With 177 clubs and 90 adult volunteers giving their services as leaders, New Jersey's 1944 4-H program is focusing its efforts on food production and conservation. Miss Murphy said. There will be an estimated 9,000 4-H Victory Gardens in the state this year, and a goal of 10,000 4-H canners has been set.

If it happened in town, read it in the SUN.

## Rutgers Group Endorses Bills

The Lackawanna Rutgers Club, at a meeting Tuesday night in the Field House, Memorial Field, Summit, endorsed the three-measures effecting the reorganization of the state's educational system introduced in the Legislature on April 12. Alumni from Springfield, Summit, Millburn, Madison, Chatham, Florham Park and Morristown attended the affair which was in

charge of Edwin F. Tiley '29, president of the club.

Prof. Albert E. Medef, Jr., secretary of Rutgers University, explained the contents of the bills which call for the creation of a State Department of Education with a board consisting of 12 members, the establishment of a division of the State Library and Museum within the department, and the designation of Rutgers University in its entirety as the State University of New Jersey.

The plan, Professor Medef said, had the endorsement of the State Board of Education, the Board of Regents, the Commissioner of Education and the president and trustees of Rutgers University, returning to the report of the Eckman Commission on State Administrative Reorganization, by quoted the commissioner's statement that "the adoption of the proposed plan will give New Jersey an educational framework at the state level which will equal those of the very few states now recognized as having the best educational systems of the country."

John P. Kirkwood, alumni secretary, and Stanley R. March, former alumni secretary, were also present from the University.

One hundred pounds of newspapers will make 200 containers for blood plasma.

## Financial Picture Reported As Good At Mountainside

MOUNTAINSIDE—The borough's financial position continues to improve. Mayor John Moxon told members of the Borough Council Tuesday night upon receipt of the 1943 audit from Samuel Freedman, municipal auditor. The operating surplus for 1943 was \$16,116, or \$827 higher than the previous year and \$1,602 more than in 1941. Tax title liens, representing delinquent properties, showed a downward trend, totaling \$23,000 at the end of 1941 as compared to \$3,522 at the close of 1943.

Upon Moxon's recommendation, the Council approved selling \$20,000 in U. S. certificates of indebtedness and with an additional \$10,000 from inactive accounts, buy a total of \$30,000 of new short-term certificates bearing interest of 1/2 per cent. in the coming Fifth War Loan drive.

Councilman Augustus Dreier was authorized to proceed with foreclosure of two tax title liens, one of which is the former Randolph Estate in Central Avenue.

Borough tavern and liquor stock licenses whose terms expire June 30 will be advised to submit applications for renewal for consideration by June 8, caucus session preceding the Council's June 13 meeting.

Fire Chief Herman Honecker informally discussed purchase of a site for the fire house and the Council proposed an effort to be made for either acquiring the property or renting it for a two-year lease.

Councilman Joseph A. C. Komich was named chairman of a street lighting committee and added to the finance, administrative and executive, assessment and collection of taxes, insurance and employee benefits, water and Borough Hall maintenance committees. Councilman Theodore V. Muddy was named to the license committee and Council representative to the Board of Education and Mountainside Library Association.

## New Books Are Not About War

MOUNTAINSIDE—Many people feel there are too many war books right now. But with the war predominant in most of our minds, it is only logical that it should appear in the current books. Our saving grace is the great American sense of humor, apparent in many of these books, for instance "Four Girls in a Jeep" by Carol Landis, and "Love at First Flight" by Charles Spaulding, which may be found at the Mountainside Library.

One of the recent acquisitions which is refreshingly "non-war" is "Home Sweet Home" by Craig Rice, a mystery story in which the three lively children of a detective-story author solve the mystery.

## Round Up Has 15 Attending

MOUNTAINSIDE—Mrs. Loren Sevebeck, chairman of Summer Round-up reports that 17 pupils to be entered in the kindergarten next fall, 15 were present at the Summer Round-up meeting on Tuesday morning at the school. The children were given a physical examination by Dr. Hanson of Gatwood, with Mrs. Vincent Samuelson, school nurse, assisting. Mrs. Sevebeck was assisted in her work by Mrs. Louis A. Jennings and Mrs. H. John Kazmar.

## Held Second Meeting

MOUNTAINSIDE—The second meeting of the remodeling class will be conducted today in the home economics room of the school by Miss Ernestine Viny, assistant home demonstration agent of the County Extension Service. The meeting will be from 10 A. M. to 3 P. M.

## Gas Station Broken Into

MOUNTAINSIDE—Ira C. Huff, owner of the Somerset Service Station, Route 29 at the Somerset Bus garage, reported to police that the station was broken into Monday night and a large quantity of loose gasoline ration stamps were stolen.

Entrance was made through a broken window in the rear and Huff said he saw papers and books strewn on the floor, having been taken from a filing cabinet. A small amount of petty cash was also taken. Officer Christian Fritz investigated. Huff told police he did not usually keep ration stamps on the premises overnight but he was intending to paste them onto regulation large sheets before the break occurred.

## Board of Health Again Turns Down Diner Application

MOUNTAINSIDE—In the absence of Ernest Johnson, president of the Board of Health, Vice-president Charles Wadas presided at the meeting last week at the Borough Hall.

An application was received for the Southern Kitchon Diner on Route 29 and after some discussion the application was rejected, and the president authorized to write a letter stating the reasons for the rejection.

Several complaints about sewerage problems were received and a complaint pertaining to the opening of a health resort was referred to Health Officer William Wilsey for investigation. Mr. Wilsey is to get in touch with Mr. Otis, engineer of the Newstone Corporation to study the Birch Hill situation and also to attend the next meeting of the Board of Health to discuss the present sewerage ordinance. Those present were: Richard Keller, Henry Jelffer, Mrs. George Foroo, Mr. Wilsey and Mr. Wadas.

Members in Experiment

MOUNTAINSIDE—The Junior Garden Club met at the school on Monday afternoon. The business meeting and minutes were dispensed with, to have time to try an experiment with crop-clay pottery. Objects such as door stops, flower pots and bud vases were made by the children to be presented to their mothers on Mother's Day.

## Blankets Given To Children's Home By Kiwanis Club

MOUNTAINSIDE—Twenty blankets were presented to the Polo Ward of the Children's Country Home last Thursday by the Kiwanis Club of Plainfield. The presentation was made by Homer Wiedner, president of the club, and Maj. Howard Fritz, chairman of the Kiwanis Club Committee for Under Privileged Children.

Mrs. Harry Kniffin, president of the Board of Managers of the Children's Home, accepted the blankets in behalf of the home. The presentation was made in the Polo Ward. The seven youngsters who were installed recently as Cub scouts were present.

Before the presentation Mr. Wiedner and Major Fritz were taken on a tour of inspection of the home. Mrs. Kniffin explained the children are supervised every minute of the day. As soon as they are of school age a teacher provided by the Board of Education of Mountainside gives the children instruction up to high school grades.

There is a special reason, she pointed out, for the type of games and play in which each child is allowed to participate. The children who play ball need that exercise for paralyzed arms. A physiotherapist visits the children once a week and there is a graduate nurse and an assistant nurse in attendance. The greater portion of the day is devoted to the Kenny pack treatments, which were first started by August 1942 in the Home, and which have enabled many of the polo patients to go back to their homes as normal children.

Mrs. Kniffin also pointed out that the Home now has 35 cerebral palsy patients, who are under the direction of Dr. Winthrop M. Phelps of Baltimore, who also is connected with the Johns-Hopkins Hospital. Dr. Phelps visits the home once a month. One patient, a little girl now two years old, has been in the home since she was eight months old.

# DON'T FOSTER IT HERE

Springfield, in its 150 years under a township form of government, has experienced little of unsavory politics. We are all thankful and proud of that. But now . . . has the spirit changed? Do we detect a certain something within our Township Committee that definitely could not be called wholesome? If so, then we cannot be thankful and proud of that. And . . . WE SHOULD DO SOMETHING ABOUT IT.

Many prominent citizens and political leaders in and out of Washington have made the bald accusation that we have actual, unadulterated dictatorship in our Federal Government. If so, we have allowed it to creep in. Has it come swagging into our own Springfield Government as well? If so . . . WE SHOULD DO SOMETHING ABOUT IT.

Good Government begins at home. We can never hope to see a healthy national picture politically if our country is spotted with local "little dictatorships." That sort of thing is a disease . . . it spreads and spreads. HAS A CERTAIN GROUP IN THE TOWNSHIP COMMITTEE CONTRACTED THAT DISEASE? Our job . . . our duty for the sake of our own local well-being . . . is to arrest its progress at the earliest possible moment. That moment is on next Tuesday, May 16th . . . at the Republican Primaries. THEN WE CAN AND WILL DO SOMETHING ABOUT IT.

Boiling this campaign down to its essence, we have these facts: Wilbur M. Selander is seeking re-election to the Township Committee on which he has served well for the past 12 years, 10 of them as Chairman, or Mayor. Harold G. Nenninger endorses his re-election most sincerely. We have a vacancy resulting from the decision of Arnold Wright to retire from

the Committee because of the press of personal business affairs. Mr. Nenninger seeks to serve in that vacancy.

The triumvirate in our Township Committee, however, is fighting for the nomination of still another candidate . . . whose election would give them control of not a mere three to two, but FOUR TO ONE. There would be no harm in that situation if we could be sure the four would not act as a UNIT . . . and not lose all semblance of individual thought and action. The mere fact that, IN THIS CAMPAIGN ITSELF, three members of the Township Committee are acting as a UNIT in sponsoring a certain candidate is sufficient warning of danger.

Springfield should not want men in its Governing Body who talk of saving money on one hand . . . and on the other seek to create new jobs that will cost more money. Springfield should not want men who seem to disregard the soundness of a financial plan that is paying off its debt at a healthy rate . . . and substitute an extended debt that will cost us, our children and our returning servicemen more in the long run. Springfield certainly doesn't want mock Township Committee meetings where every morsel of legislation has been precooked in the kitchen of "that little dictator."

NO! — Springfield desires that its Township Government be truly representative — THAT every member shall do his own thinking — THAT he will disagree with his colleagues at times and expect them to disagree with him — THAT all public matters should be examined by the committee as a whole IN PUBLIC, or in conference of the FULL body where necessary — THAT membership on the committee be considered AN OPPORTUNITY FOR PUBLIC SERVICE.

On May 16th . . . score your votes for

## Linden Team Has Edge Over Track Squad, 63 to 54

Linden defeated Regional in a hard-fought track meet last Thursday at Linden, 63-54, winning all but both hurdles on the cinders while the locals showed superiority in the field events.

Johnny Romanoski, scoring Linden ace, engaged in a speedy duel with Harry Nussbaum of Regional, capturing 10 points to 17 for the all-around Regional star.

The Linden boy took the three dashes, a second place win in javelin and a third in broad jump. Nussbaum topped the javelin, broad jump and had seconds-high high jump and shot-put, placing third in pole vault.

Regional's only elder winners, Conley and Bruce Davis, took the high and low hurdles, respectively. It was the Bulldogs' second defeat in as many starts.

**100-yard dash**—Won by Romanoski, Linden; second Davis, Regional; third, J. Lee, Linden. Time 1:4 seconds.

**220-yard dash**—Won by Romanoski, Linden; second, Nierenkerken, Regional; third, McDonald, Regional. Time—2:6 seconds.

**440-yard run**—Won by Romanoski, Linden; second, Nierenkerken, Regional; third, Mitchell, Regional. Time—5:4 seconds.

**Half-mile run**—Won by Reap, Linden; second, Nierenkerken, Regional; third, Marr, Linden. Time—2:12.

**100-yard high hurdles**—Won by Conley, Regional; second, Simms, Regional; third, Claudill, Linden. Time—1:9 seconds.

**220-yard low hurdles**—Won by Davis, Regional; second, Claudill, Linden; third, Conley, Regional. Time—2:2 seconds.

**Broad jump**—Won by Nussbaum, Regional; second, Roseman, Linden; third, Romanoski, Linden. Distance—18 feet, 8 inches.

**High jump**—Won by Claudill, Linden; second, Nussbaum, Regional; third, Davis, Regional. Height—5 feet, 9 inches.

**Javelin throw**—Won by Nussbaum, Regional; second, Romanoski, Linden; third, Lamont, Linden. Distance—164 feet.

**Pole vault**—Won by Davis, Regional; second, Harasty, Linden; third, Nussbaum, Regional. Height—10 feet 8 inches.

**Discus throw**—Won by Roseman, Linden; second, Thorpe, Regional; third, Lockwood, Linden. Distance—88 feet, 2 inches.

**Shot put**—Won by Roseman, Linden; second, Nussbaum, Regional; third, M. Adler, Linden. Distance—39 feet, 11 inches.

## Davis, Nussbaum Placed in Meet

Representatives of Regional High track squad took two second places in the 13th annual Newark Board of Education Invitational meet Saturday afternoon, in which the crews of the top among State Group 4 and Group 3 athletes participated.

Bruce Davis, who finished third in the 1943 pole vault, tied for second in this event with Smith of Meluchen, finishing behind Plainfield's crack entry, Keating, who broke the record with a vault of 31 feet 8 inches.

Harry Nussbaum, Regional's primary in field events, who has been a ray of hope this season for the Bulldogs, threw the javelin 163 feet and 3/4 inches for second place. Davis and Nussbaum's points enabled Regional to share seventh place in team standing with Clifford-Scott of East Orange, among 18 schools which placed in Group 3 competition.

**Discus throw**—Won by Blauvelt, Cranford; second, Annes, Cranford; third, Thorpe, Regional. Distance—106 feet, 3 inches.

**Pole vault**—Won by Davis, Regional; second, Staples, Cranford; tie for third between Donnan, Regional and Paul, Cranford. Height—10 feet, 3 inches.

**Broad jump**—Won by Nussbaum, Regional; second, Davis, Regional; tie for third between Dickert and Moorhead, Cranford. Distance—18 feet, 11 inches.

## Wittreich in Senator Race

Andrew O. Wittreich of Tenafly, with a slogan of "Republican—against executive dictatorship" is seeking the post of United States Senator, now held by appointment by Senator Arthur Walsh, Democrat.

His opponent in the primary is H. Alexander Smith of Princeton.

Mr. Wittreich is a co-leader of the "Draft Dewey" ticket. In one of his campaign speeches he says: "I am opposed to increasing the present payments for social security and demand that the billions collected be used for nothing else but the purpose for which the money is intended."

## Typists, Clerks Greatly Needed In Washington

The need for stenographers, typists and clerks in the War offices in Washington, D. C., is urgent, and this is especially true of the Veterans' administration, according to Mrs. Marie Blythe, who is recruiting representative, U. S. Civil Service Commission, who will be in Summit next week.

Mrs. Blythe will be in the office of the United States Employment Service, Strand Building, 457 Springfield avenue, Summit, between the hours of 8:30 A. M. and 5:15 P. M., where applicants, both male and female, may have an interview. Should any meet the requirements of Civil Service, they will be given immediate and direct appointment to Washington.

The entrance compensation is \$1,752 to \$1,971 a year for a 48-hour week. In addition, first-class fare will be paid to the National Capital.

In case there are any who are unable to reach the Strand Theater office during the day, they can arrange for a night appointment during any evening after 8:30 from Monday to Friday night, at the Hotel Beechwood, Room 319. The employment office phone is Summit 6-2600.

## Defense Board Met Last Week

MOUNTAINSIDE — Present at the Defense Council meeting last Wednesday night at the Borough Hall were Melvil Hoy, Chairman, Edward Monerth, Harry Parsons, Richard Keller, Herman Honacker, Police Chief Charles Honacker, Mayor John Moxon, Charles Wadas, Mrs. Harry Parsons and Mrs. Joseph Hershey.

Mr. Monerth reported on the cards received for voting privileges for people in the armed forces. He is to send a letter of thanks to all the men who assisted in the canvassing.

Mr. Honacker stated that the auxiliary truck for the Fire Department has been completed and will be tested in the near future.

Mr. Wadas reported that he would bring several sound-motion pictures to the next meeting and at the close of the meeting showed colored slides that had been taken last summer of the Junior Gardeners in their Victory Gardens.

Mr. Wadas also reported that plans were being organized for a soft ball league for men, playing one night a week, and a report on the progress will be made at the next meeting.

## Tinsley Hamler Will Probated

MOUNTAINSIDE — Tinsley Hamler, widower, who died February 20, left his home, furnishings and an acre of property in Springfield road, to his daughter, Mrs. E. Garner who lives there, and his granddaughter, Ethelne Garner, will share and share alike by his will which was admitted to probate last week by Surrogate Charles A. Otto, Jr.

Sums of \$100 each are provided for a daughter, Mrs. E. Jones of East Orange, and a son, Theodius Hamler of Newark. No provision is made for another son, Charles H. Hamler, because, the will so states, he is not in need of any part of the estate. The daughter of Mrs. Garner and a third son, William Hamler of Union, divide the residue estate. The will was made June 8, 1933.

## Alex Campbell Is Candidate

Alexander Campbell, present under-sheriff, is seeking the nomination for the sheriff's position. Mr. Campbell has been sheriff of the county before.

He is a resident of Scotch Plains.

He has no opposition on the Republican ticket.

## Seeks Freeholdership

Seeking nomination for a seat on the Board of Freeholders is William J. Seeland, former commissioner of registration. His entrance in the contest gives the voters four candidates from which to choose three. He served in France with the 309th machine gun battalion in World War I.

Mr. Seeland is a charter member of the Edward Clark Club, Inc.; Tyrion Lodge, F. & A. M.; St. John's Commandery, K. T.; Salaam Temple, A. A. O. N. M. S.; Elizabeth Council, Jr. O. U. A. M., and the Third Presbyterian Church in Elizabethtown. He also is a charter member and former commander of Bayway Post, American Legion.

With Mrs. Seeland and their two sons he lives at 1050 East Jersey street, Elizabethtown.

## Asks Assembly Post

MARY S. REISS  
First vice-chairman of the Union County Republican Committee, Mrs. Reiss is one of the two women asking support from the party for a seat in the Assembly. She says 16 years of work for the party should qualify her for such recognition. Mrs. Reiss is a resident of Elizabethtown.

# A WILDER WILDCAT

## TURNED LOOSE BY GENERAL MOTORS!

Remember the thrilling exploits of the first Wildcats in the battle skies of the Pacific... how they helped stop the Japs cold at Midway and Coral Sea?

Remember, too, how these speedy, scrappy watchdogs of our Atlantic convoys, built by Grumman and Eastern Aircraft, helped clear the sea lanes of wolf packs... escorting Avenger torpedo bombers on missions and strafing the subs to death?

Well, the gloomy shadow they cast over Axis ambitions has now grown more intense, more terrifying. For there's a new Wildcat on the loose, the FM2 recently unleashed by General Motors' Eastern Aircraft Division, with longer fangs and stronger claws... a foxier, tougher, wilder Wildcat!

Screaming down out of the clouds on its Axis prey, this new fighting fury already has given our enemies a new conception of America's aerial striking might.

More agile than its predecessor, the improved Wildcat takes off in considerably less distance... climbs faster... prowls much farther... has greater endurance... and, with some new tricks of its own, has become one of the world's deadliest carrier-based fighters!

Proud are the men and women of Eastern Aircraft who have been working with the Navy... for America... pouring their skills and sweat into this job of building wilder Wildcats!

With no opposition in sight, there isn't any doubt but that Mr. Bland will be continued in office. There is only one way that opposition can be created—a written vote.

## Seeks McLean's Post

**CLIFFORD P. CASE**

Present Assemblyman, is seeking the nomination to succeed Donald R. McLean, present Prose-

## Asking Renomination

**ROLAND P. BEATTIE**

Now representing the Second Ward, Mr. Beattie is seeking a re-nomination. He has no opposition; therefore nomination is about equivalent to election. Mr. Beattie lives at 120 Mountain Avenue.

## Assembly Candidate

**G. CLIFFORD THOMAS**

Mr. Thomas' ballot slogan is "Regular Republican—World War Veteran." He says the revised Constitution should be adopted by the voters at the November election; that it will insure a modern, economical and stream-lined State Government.

## Out For Assembly

**AUGUST C. ULLRICH**

One of the fourteen Republicans seeking nomination for the Assembly, Mr. Ullrich lives in Hillside and was former police judge there. He is a lawyer, a graduate of N. J. Law School, is counsel for the Board of Education; is active in Masonic circles and was one of the organizers of the Elks Club in Hillside. He is also in business with the S. & H. Bearing and Mfg. Co., Cranford.

## For Assembly Post

**JOSEPH H. PORTER**

A new man seeking to represent Union County in the Assembly is Joseph A. Porter of Elizabeth. He has considerable backing throughout the county, including Assemblyman Case, Representative McLean and Judge Waldman. Mr. Porter has served as a member of his committee on vacancies, Vernon D. Price of 28 Shingles Avenue, Six Pine in vice-president of the Union County Fruit Company and a former chairman of Summit.

## For Renomination

**HERBERT J. PASCOE**

Completing his first term, Mr. Pascoe is asking to be renominated for the Senatorial post. He has been active in getting revision legislation before the electorate. Previous to becoming Senator, he served in the Assembly since 1921, and was speaker of that body for more times than another in the history of the State.

## Seeks U. S. Senate Post

**H. ALEXANDER SMITH**

Asks nomination looking toward occupying the post made vacant by the death of United States Senator W. Warren Barbour.

During World War I Mr. Smith was associated with the United States Food Administration in Washington under former President Herbert Hoover. He worked with Mr. Hoover in post-war relief, particularly in Belgium, Yugoslavia and Finland. Has served as treasurer of the New Jersey Republican State Committee; in 1941 was elected chairman of the New Jersey State Republican Committee, and in 1942 was elected from this State as a member of the Republican National Committee.

**Do You Know That—** Benjamin Franklin, printer, was an inventor, with the lightning rod, bifocal glasses, the Franklin stove, and many other gadgets to his credit?

## Freeholder Candidates

**JAMES O. BROKAW**

Has been on the Board of Freeholders since the small board was organized in 1932. Seeking re-nomination for the fifth time.

**ALFRED C. BROOKS**

Seeking renomination to the board for the fifth time. First elected in 1932. One of the triplets who have worked together, four terms.

**CHARLES E. SMITH**

Following the lead of his two colleagues, Mr. Smith is asking for a renomination. He has been on the board for the same length of time.

## Assembly Candidate

**JOHN M. MACKENZIE**

A candidate for the nomination for one of the posts in the Assembly, John M. Mackenzie of Westfield announces: "The first pledge on which I seek office is that I shall apply consistently the spirit of the new Constitution in all legislation that may come before me."

Mr. Mackenzie has named as one of his committee on vacancies, Raymond T. Parrott of 30 Ox Bow Lane, this city.

## Seeks Congress Seat

**ALBERT H. KAUFMAN**

of Cranford is seeking the nomination for Representative. Left open by the appointment to be made of Congressman Donald H. McLean, as prosecutor of Union County.

A graduate of Hoboken High School, he studied for a year at Stevens Institute, attended New Jersey Law School, graduating in 1928 with an LL.B. degree. He was admitted as an attorney in 1929, counselor-at-law in 1936, and appointed a Special Master in Chancery by Chancellor Luther A. Campbell in 1941.

Mr. Kaufman is married and has two children. He is engaged in the general practice of law in Roselle. He is a Mason and is a past regent of the Royal Arcanum, and has been active in county Republican politics.

## Recognizes Gov. Edge

**JOSEPH S. LINDABURY**

A candidate for the nomination for the Assembly, Mr. Lindabury is a resident of Linden, where he has a law office. He is a veteran of World War I, is married and has two daughters.

Dominant points in his platform are: "Welfare of the war veteran now and in the difficult post-war period, adoption of the revised Constitution, and recognition of the party leadership of Governor Walter E. Edge, a veteran."

## Asks Return to Assembly

Charles R. Geddes, a former Republican Assemblyman from Union County, is this year asking the electorate to renominate him for the office. Mr. Geddes is a resident of Union.

Three points in his platform read: "The protection of business and industry and the ultimate creation of employment; jobs—not relief for our returning boys when victory is attained; we were not responsible for their going, but we are responsible for what they come home to."

**CARL VELBINGER**

Asks that he be nominated for one of the posts in the Assembly. He states that he is fully aware of the responsibilities and duties of a member of the Assembly and desires to do the most good for the citizens of Union County.

**ARTHUR J. SCHOLZ**

Representative Elmer H. Wene of the Second Congressional District has named Mr. Scholz as his campaign manager for the primary election. He lives in Vineland and is a former newspaper man.

## County Rule—Seeland Knows It

We may have the best county government in New Jersey, but we could do with a little pepping up... new life in the Board of Chosen Freeholders.

County government is a complex business... requires a lot of "know how". The Republicans can nominate for freeholder next Tuesday a man with vision... experience... progressive ideas — William J. Seeland.

Seeland introduced voting machines... extension of permanent registration... simplification of the whole election system.

Let's put him on the freeholder ticket.

## Pledged to Serve All

Each assemblyman owes an equal duty to every citizen of his county, without thought of group or section. All the people should be represented.

John M. Mackenzie of Westfield, candidate for the Republican nomination for member of Assembly, is "pledged to serve all."

Ability, training, experience, integrity—all reflected in his career—make possible fulfillment of that promise:

Training in government and law at Rutgers and Columbia; secretary-treasurer of the Crystal Oil Company, Elizabeth and Union; 15 years a trial lawyer; president of the Union County Alumni Association; active in the Union County Bar Association and Elizabeth Kiwanis Club and in charity appeals; head of a family of four, and life long resident of Union County.

## A Sane Approach—

There are fourteen candidates from whom Union County Republicans must choose next Tuesday their Assembly nominees. Few know personally all fourteen. What better test than the recommendations of trustworthy citizens who know the candidates?

You may be unaware that JOSEPH A. PORTER is one of the county's most successful lawyers and business executives, that he is a proven, lifelong Republican, graduate of two colleges and a family man active in many civic and fraternal organizations.

Consider then the recommendation of those who know his demonstrated ability.

**Some of the sponsors of JOSEPH A. PORTER:**

DONALD H. McLEAN, Hillside, Congressman: "I am glad to endorse the candidacy of Joseph A. Porter for member of the General Assembly. He came into my office as a law student upon graduation from the University of West Virginia and he made rapid progress toward his admission to the bar as an attorney and counselor. He is energetic, industrious and possesses those characteristics which will make him an excellent representative of Union County in the Legislature."

MARION FRED B. SHEPARD, Elizabeth, ex-Assemblyman: "Mr. Porter and I were associated for four years in the same office. He will make a splendid legislator."

ANTON C. SWENSON, New Providence Township committeeman: "I admire Mr. Porter's personal integrity. I feel he will be a worthy successor in the Assembly to the many fine representatives who have preceded him."

Others who signed Mr. Porter's nominating petitions or have given him written recommendations include: Vernon D. Price, former Summit committeeman; Mrs. G. Harriman Woodruff, Mrs. Marjorie Garrigay, Capt. John Keane, Henry Krohn, Jr., Judge Henry W. Cloninger, Purdy Post, Captain, Judge Henry S. Waldman, Judge Clark McK. Whittemore, Nathan J. Leavitt, Roy E. Carey, Murray D. Welch, R. Rogers Underwood, Robert S. Shively, R. Allen, Durbin and hundreds more whose chief interest is good government.

Private Michel O'Conor, son of Mr. and Mrs. Michael O'Conor of 20 Millburn avenue sends us the following letter from somewhere on the West Coast: "Received your issue of the SUN dated March 31 and was sure glad to receive it. There was nothing more thrilling than the paper from home."

"Again I want to inform you that my address has changed and I wish you would send the SUN to my new address. Again as I bring this letter to a close, I want to thank you and the folks back home for the wonderful job you're doing for us soldiers. So, I close now and thank you again."

Staff Sergeant Louis T. Ebbson, formerly of 152 Mountain avenue and brother of Mrs. Leslie Allen of Rose avenue, has been promoted to technical sergeant by headquarters at Grenier Field, Manchester, N. H. Grenier Field is a unit of the North Atlantic Wing, Air Transport Command. T/Sgt. Ebbson is a graduate of Roselle Park High School.

An important unit of the Army Air Forces—the Air Transport Command's mission—is the air transport of material, personnel and mail, and the ferrying of aircraft, to all theatres of war. It operates on regular schedules over routes encircling the globe and extending 110,000 miles, a development achieved since the summer of 1941, making it ten times larger than all previous military and civilian airways. The North Atlantic Wing is one of the most active air routes in the world.

Stationed at St. Augustine, Fla., Coast Guardsman Don Pierson, B.M.2/c, sends us the following letter: "I would like to express my thanks to you for so graciously sending your paper to me. I assure you I am very much interested in the activities of Springfield and Springfielders. Through your paper I am able to keep track of many of my friends who are scattered throughout the world in the Armed Forces of our country. It also lets me know what is going on in town. I feel more at home in Springfield than my own town and so am vitally interested in the things taking place in and around Springfield. Thanking you once again for your kindness and thoughtfulness."

Private First Class M. P. Lattala, son of Mr. and Mrs. P. Lattala of 50 Center street has won the right to wear "wings and boots" of the United States Army Paratroopers at Fort Benning, Ga. He has completed four weeks of jump training during which he made five jumps from a plane in flight, the last a tactical jump at night involving a combat problem on landing. Pfc. Lattala graduated from Regional High, class of '41.

Lieut. James G. Thomas has completed seven days' leave visiting his parents, Mr. and Mrs. J. Grant Thomas of 83 Severna avenue. He left for Camp Forrest, Tenn., where he has been assigned to the 48th Light Signal Construction Battalion. Mrs. Thomas and son, Jimmy, will remain here a few weeks before joining Lt. Thomas.

Robert W. Ruban, son of Mrs. Henry F. Ruban of South Springfield avenue has been promoted from Corporal to Staff Sergeant Technician third grade at Fitzsimons General Hospital, Denver, Colo. Sgt. Ruban is with the Armored Medical Division and has been in the service for three years. At the present time, he is taking specialized training courses.

Second Lt. William D. Sullivan, of 42 Spring Brook road has arrived at the AAF Overseas Replacement Depot at Greensboro, N. C. where he has been assigned as a plans and training officer. Lt. Sullivan was associated with the Home Office, Prudential Insurance Co. in Newark, as office methods and systems analyst before entering the Army in December, 1942. He is a graduate of Columbia University.

His parents, Mr. and Mrs. Daniel F. Sullivan, reside at 14 Columbia avenue, Newark. His brother, Captain Daniel F. Sullivan, is stationed at Selman Field, Monroe, La.

Private First Class Herbert K. Etzold of 466 Mountain avenue is now on duty as a machine operator and tool room keeper in an engineer heavy shop company at an island base with the South Pacific General Depot. This depot, with many million cubic feet of storage space in hundreds of warehouses, plus millions more under tarpaulins scattered over a hundred square miles, was established a few months ago by four officers and a small group of enlisted men. Today, with more than a thousand officers and men it is a source of supply for everything from necessities to field guns for forces fighting in the South Pacific. Colonel Joseph H. Burghelm, a regular army officer appointed from Illinois, is Depot Commander. Pfc. Etzold entered the Army in March, 1943, and has been overseas since August, 1943. His wife, Margaret C. Etzold and son, Herbert J., are residing in town. Pfc. Etzold was formerly a boiler maker for the Babcock and Wilcox Company.

Private Richard Ganska, son of Mr. and Mrs. Martin Ganska of Mountain avenue, entered the U. S. Army on February 17 and is now stationed at Camp Roberts, Calif. Pvt. Ganska is a graduate of the James Caldwell School and Regional High School, class of '42. Prior to entering the service, he was employed by the U. S. Hammered Piston Ring Co. in Stirling, in the receiving department. His brother, Norbert M. Ganska, is a lieutenant in the Army Air Corps, stationed at Salina, Kansas.

(Editor's Note.—When your service man or woman has been home on furlough, be sure you send him or her a copy of the SUN or phone the office. Many of those who are in the office, miles away from home, like to read of the whereabouts of their friends, other schoolmates and relatives. We will be pleased to accept a photo of you or your service man if we do not already have one in uniform. If we do, we'll be pleased to return the picture with a note from your request.)

"I believe that a township Government should be truly representative.

"I believe that a township Committeeman represents every part of the town, every district.

"I believe that every man has the right to elect himself as a candidate, without asking the approval of any individual or group.

"I believe that the citizens have the right to expect that every member shall do his own thinking, that he will disagree with his colleagues at times and expect them to disagree with him.

"I believe that all public matters should be examined by the committee as a whole, in public or in conference of the full body where necessary.

"I believe that membership on the Township Committee is an opportunity for public service, not a means of forging and perpetuating individual or group power.

"I most sincerely endorse the re-election of Mayor Wilbur M. Selander who in my opinion has in his 12 years on the Township Committee, rendered the type of public service which should earn for him the vote of every citizen of Springfield—the type of public service to which I aspire.

"In conclusion you have heard or read the comments of all the candidates, it only remains for you to vote on Tuesday, May 16, 7 A. M. to 3 P. M. and thereby render your decision.

## HOW ABOUT ASPARAGUS? By MARGARET ARMSTRONG County Home Demonstration Agent

Asparagus, bought in the can, is on the luxury list. The price is always higher than it is for the more common vegetables, and more ration points, too, are required. New Jersey homemakers live in a State famed for its asparagus, and many home gardeners have their own asparagus beds. So why not plan on a few lapses into luxury next winter by canning or freezing some asparagus this season?

Asparagus is slightly temperamental. It demands careful treatment, or it refuses to "keep". But if you follow the rules explicitly, you'll have delicious asparagus next winter, with no tax on your ration points, either.

First of all, asparagus for canning or freezing must be tender and fresh. If you grow your own, allow no more than four hours to elapse between picking and canning. If you buy the necessary supply, insist that the grower sell you only the freshest and most tender stalks. Then, can it, or freeze it quickly.

A thorough cleaning is very important. Impure cleaning often leads to spoiling. Dirt tends to cling under the scales and around the heads of the stalks. Remove the scales, cut off all the woody portions, and wash the stalks thoroughly in several baths of cold water. Be sure the stalks are clean!

Pre-cooking is necessary before canning or freezing asparagus. For the pressure cooker method, tie the clean stalks together in bundles and stand them upright in a wire basket. Lower them into a large kettle of boiling water. The water should cover the lower half of the stalks almost to the heads. Boil the stalks in the water for from four to five minutes. Then remove them, pack in sterilized jars, and add one level teaspoon of cooking salt to each quart. Fill the jars, to within one-half inch of the top, with the water in which the stalks were cooked. Consult directions given in a previous article in this series for instructions on sealing the specific type of jar you are using. Place the jars in your pressure cooker and follow the canning time chart for

## Paper Mill Will Reopen With "Red Mill" Monday Night

If stars shine all the brighter when the moon is waning, then the last quarter of Luna should be a propitious time for the reopening of the Paper Mill Playhouse of Millburn which on Monday will present Victor Herbert's "The Red Mill" with a whole galaxy of former stars and quite a few new ones.

Clarence Nordstrom will appear as the lively and resourceful Con, who with his partner Kid, played by Jay Velle, prowls about Holland in the happy pre-war days, saves the Burgomaster's daughter from an unhappy marriage, impersonates Sherlock Holmes and finally wins the innkeeper's charming Tina, played by Billie Worth who should be well remembered in the role of "Dolly" in last season's production of "Rio Rita." Nils Landin will play "Derek," the young captain beloved of Gretchen, Paul Reed will play the elderly but pleasure-loving Governor and Yolanda Lupachini the latter's spinster sister.

Vella Cary will be the Burgomaster and Myron Sands the Innkeeper. Gretchen will be sung by Mildred Ellor who has frequently appeared at the Playhouse and who during the last year has been on tour as the leading feminine role in Shubert's production of "Bliss in Time."

"The Red Mill" has always been one of Herbert's most popular operettas owing both to the rollicking humor of the libretto which gives ample opportunity for both acrobatics and love making and to the excellent quality of the score which includes such gay lyrics as "Whistle It!" "Because You're

You," "Good Bye, Jon," "The Isle of Our Dreams," and "Go While the Goin' Is Good." Al Evans will again wield the conductor's baton and the dancing of which there will be plenty will be directed by Arthur Mahoney.

# YOUR VICTORY GARDEN

TRAINING PLANTS  
By Fred D. Osman,  
County Agricultural Agent

Do you want to get the most vegetables of highest quality from your garden? Then you must give attention to all the details of good garden culture, among which is thinning the plants to their proper distance at the proper time.

Last year, many first season gardeners, when they pulled out their carrots, found three or four coming out at the same time, all twisted together so that when separated they looked like cork-screws. Or the beets, instead of being almost globular in shape were flattened. Not only did these vegetables have odd forms, but the roots were also small.

There is an old saying that the successful farmer is one who can make two blades of grass grow where one grew before. There is much truth in this statement; but there are limits to the amount of soil which a given piece of soil will bear and if try to get more, there is a reduction in size and frequently in quantity.

**Thinning Suggestions**  
If you will consult the planting table in your New Jersey Victory Garden Manual, you will see one column headed "Distance between rows." These planting distances

should be followed generally, although crops like carrots, beets, and onions, might be planted as close as 18 inches. Another column is headed "Distance between plants in the row" and the recommended distances should be followed. These suggestions are based on years of experience in commercial culture and in garden practice and are the distances that will give maximum yields of first class produce. Any more plants in a row will be weeds, for they will rob the soil of moisture and plant food materials that should be used for the production of quality vegetables.

The time to thin, of course, is as soon as the plants are large enough to handle and a stand is assured. This will be as soon as the seedlings have one or two pairs of true leaves. The first leaves that appear are the cotyledons, sometimes called "seed leaves," which do not look like typical leaves of the plant. After these come the true leaves. The longer the excess plants are allowed to remain, the more harm will be done.

There are various ways of doing the thinning. With plants like carrots, which should stand two to three inches apart, or beets which should stand three inches apart, the thinning should be done with the fingers, and many persons get down on their knees and straddle the row when they thin the plants. Have the soil loose so the fingers can be pushed a little way in just below the surface to

get a good grip on the little seedlings. Then pull out as many plants as are necessary to leave the proper distance. Most of those plants should be thrown away, but beets, onions and turnips can be transplanted, either to fill vacant spaces in the row where the seeds failed to germinate or to another row.

While it is not the best practice, some gardeners do only partial thinning. For example, those who like beet greens may make two thinnings, one to about an inch if the plants are that close and use the thinnings as greens. The next and final thinning to three inches is done as soon as the plants appear to crowd. These thinnings, on which tiny beets have formed, are eaten.

Many gardeners also make two thinnings of their carrots. First they thin to an inch apart. Then they wait until the excess plants have little carrots a half-inch or so in diameter, and these can be eaten. This practice should be followed only if water is available, as the excess plants might dry out the soil.

The thinning of beans and corn can often be done with a hoe, because the thing need to stand at greater distance, snap beans about three inches apart, and corn about 12 to 15 inches apart, depending upon the variety. It is well to go easy at first, until you become expert in chopping out the plants you want to remove.

After the plants have been thinned, it is much easier to keep the weeds down, because the spaces between the plants can be hoed. Thin promptly and have better crops.

Brock Pemberton has signed Edith-Jellows to play the title role in "Janie," which opens at the Mosque Theater, Newark, Monday, May 15. Matinees Wednesday and Saturday.

## YOUR RED CROSS

Since reading about all the floods and torpedoes that have struck the southern and mid-western states in the past weeks, it is interesting to know what is being done by the Red Cross to help. In the first place they have made preliminary allotments of \$30,000 to provide emergency care for families left homeless. Local chapters, aided by Disaster Relief representatives from Red Cross area offices in Atlanta, Ga.; St. Louis, Mo.; and Alexandria, Va., and from National Headquarters in Washington, are providing the victims with temporary shelter, food, clothing, and medical assistance. More than 1,700 families were affected. Incomplete reports indicate that at least 50 persons have been killed and about 400 injured. National Red Cross Disaster Service in Washington has obtained necessary priorities from the War Production Board, so that rehabilitation can be started immediately. Priorities were for lumber, hardware, electrical supplies, and plumbing. The Red Cross, both the cost of rebuilding in cases in which families are unable to finance it themselves. Floods and tornadoes will continue to be predominant during next month. With the exception of flash floods, there is usually sufficient advance warning in disasters by floods, thereby permitting evacuation of persons from the flood areas. But tornadoes give no advance warning, and cause much property damage, injury, and loss of life. The paths of tornadoes are unpredictable, ranging from a few feet to several hundred yards in width.

- RECOMMENDATIONS**
- That the acquisition of property through foreclosure or by deed, be continued.
  - That renewed efforts be made to sell the property now owned by the Township.
  - That remedial action be taken to enforce the terms of mortgages now in default.
  - That the balance in the retained percentage and W.P.A. project accounts, be transferred to capital surplus.

"OUR AGENT REPORTS THAT MANY AMERICANS BUY BLACK MARKET GASOLINE. OTHERS ARE MAKING A FORTUNE FROM COUNTERFEITING COUPONS. HEIL HITLER!"

## PLAN NOW

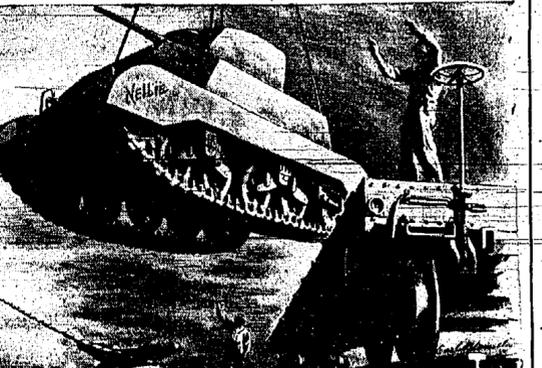

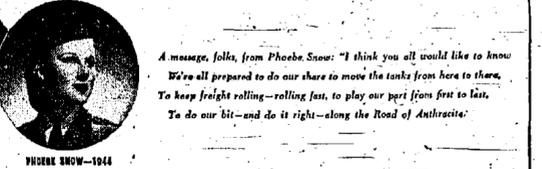

The greatly increased need for food this year calls for an all-out Victory garden effort on the home front. More home-grown food means that there will be more fresh farm-grown food for our fighting men and our allies. Start thinking now about:

- Selecting a sunny site with good soil.
- What you are going to plant and how much.
- Preparing the soil.

Water still sells at low, prowar prices.  
Don't waste it because it is cheap.

## Story of a Tank named Nellie

The tank was born at Berwick, Pa. The boys in the plant there nicknamed it "Nellie." Fresh off the assembly line, she was loaded on a Lackawanna flat car. Destination—a port of embarkation. And...Berlin!

Half way to its destination, Nellie's flat car was set out of the train. A broken train line...Quickly the car was shunted to a special wartime repair shop. Tired men worked feverishly to correct the trouble. Back went the flat car, and Nellie, into another train. A few hours later they rolled into the yards. Nellie was transferred from flat car to lighter—part of one of the largest railroad marine fleets in America. Yes, Nellie made the ship!

### RATION REMINDERS

**MEATS, FATS**—Red stamps A8 through T8, good indefinitely.

**PROCESSED FOODS**—Blue stamps A8 through Q8, good indefinitely.

**SUGAR**—Sugar Stamps 30 and 31, each good for five pounds indefinitely. Sugar stamp 40, good for five pounds of cane sugar through February, next year.

**GASOLINE**—A-10 coupon good through August 31.

**FUEL OIL**—Florida 4 and 5 coupons good through August 31.

**SHOES**—Airplane stamps 1 and 2, good indefinitely.

The only items for which ration points will be needed are beef steaks (except flank steaks), roasts, butter, margarine, cheese, cheese products and evaporated milk, the Office of Price Administration announced. Three red stamps (30 points) will become valid every four weeks instead of every two weeks because of wide selection of meats available without points. At present, red stamps A8 through T8 are good, but no more stamps will become valid until June 3.

Use of facial tissues by War plants for cleaning precision metal parts and polishing lenses and increased use in hospitals are cutting into civilian supplies to some extent, the War Production Board says, but, with responsible conservation, supplies in general should meet all essential demands. Production of facial tissues has been maintained at the 1942 rate for the last two years.

American service men overseas may again order Christmas gifts this year for their friends and relatives in the United States, the Office of War Information reports. The men make their selections from catalogues at Army exchanges or Navy ship services and list them on order blanks. The orders are then sent to the United States to be filled and mailed in time for Christmas. WPB recently announced that it will approve manufacturers' requests that are certified by the Army Exchange Service or Navy Ship Service Bureau for additional allocations of material or containers necessary for these orders.

More than 1,000 hospitals in the United States have been selected to serve as depot hospitals for the limited civilian distribution of penicillin, the WPB announced. The hospitals should have received their first shipments on May 10.

Steps are being taken to assure an orderly transport of poultry and poultry products from production points to market this year, the Office of Defense Transportation reports. Information obtained from all concerned producers to processors will determine whether the production and marketing of these products in their respective districts is of sufficient volume to warrant the establishment of a committee to work with ODT in a nation-wide industry transportation program. The program provides for the conservation and full use of commercial motor vehicles used for transporting these products.

Authorizations to produce a total of 193,625 electric flat irons in 1944 have been granted two manufacturers in Mansfield, Ohio and one manufacturer in New York City, WPB said. The total authorized production is now about 395,000 irons.

"This is invasion year," the director of ODT said, and the transportation system must be free to respond to any demands that the occasion may make upon it. The unessential traveler will have only himself to blame if he is indefinitely stranded, or finds his Pullman reservations summarily canceled, or finds passenger schedules temporarily disrupted and intercity buses completely swamped, the director said.

Keeping the weeds down is the most important part of cultivation, say garden specialists of the U. S. Department of Agriculture. To get weeds out of rows of seedling plants it may be necessary to do some weeding with the fingers instead of with a rake or hoe. Killing the weeds when they are small makes the job easier and gives the plants a better chance from the start.

**ROUND-UP**  
War Food Administration says: Manufacturers of ice cream are permitted to make more and richer ice cream during May and June in anticipation of a heavier-than-usual production of milk during that period. For our armed forces, 25 to 35 million pounds of pork and 40 per cent. of the major cuts of beef are currently being set aside, each week. Spinach, beets, carrots, eggs and white potatoes head the list of plentiful foods over most of the country this week, followed by canned peas, string beans and tomatoes, oranges, peanut butter and citrus marmalade. "Favorable" features in-favorable who grew or are growing spinach under contract with certified growers; support prices have been designated for spinach for canning. The price of hemp seed produced in 1944 will be supported at \$7 per bushel for cleaned seed. Through the use of refrigeration, it is now pos-

sible to send 450,000 tomato plants from Georgia to Eastern and Middlewestern growers, with minimum loss in shipment even during hot spells. Of the 12,000 to 13,000 farm workers expected from Jamaica to work in this country, 804 have arrived for employment on farms in the Hartford, Conn., area.

Rags, like waste paper, should be turned in to salvage centers for use in the manufacture of asphalt roofing, blueprint paper, and other essential purposes—WPB says. All drivers using their cars for occupational driving ("B" and "C" drivers) and all small delivery trucks are now eligible for new passenger tires, says OPA.

### Named to Second Term

THOMAS ROY JONES

president of the American Type Foundry, Inc., of Elizabeth, has been re-elected president of the New Jersey Chamber of Commerce, it was announced last week by the chamber's board of directors. Named to his second term as president, Mr. Jones has been a leader in National business associations and New Jersey civic activities for many years. He is state chairman of the committee for economic development, National postwar planning group.

Mr. Jones lives at 130 Hobart avenue, Summit.

### The Weather—Believe It or Not!

May 4 and 5 broke all records for heat on those dates. The thermometer registered 92 and 90 respectively.

Colridge said, "Spring comes slowly up this way," but it came so slowly this year that summer arrived first, and the trees burst into full leaf almost overnight. The Weather Man said poetically, "We popped into summer."

Precipitation has been .16 inch since April 27 when it really rained. Since May 4 and 5 the weather has seemed cool but only because of the contrast with those two hot days. It has actually been about normal. Through May 8 the aggregate temperature has been about 40 degrees above normal. May 7, 8, and 9, of 1943 showed abnormal highs of 69, 67, and 67. The same dates this year showed 51, 52, and 53.

### New Development

Herman Feder, president of the American Low-Cost Homes, Inc., recently developer of "Birchwood" in East Paterson a development that has built and sold 429 homes within the past two years, for a total of over \$2,000,000, has been selected by a liquidating Building and Loan Association, by order of the State of New Jersey, Department of Banking and Insurance, to develop a section on the Shrewsbury River they have obtained at a sacrifice. The property, three miles from either Red Bank or Long Branch, will be known as The Shrewsbury River Estates, an all-year home development. All improvements on the property have been installed and paid for. Mr. Feder says this is an opportunity for the white collar man who has a limited budget, and who would like to give his family the pleasures they have heretofore been unable to afford... a real summer vacation, yet have an ideal winter home, and pay for it out of income. The property has a private bathing beach, a private fishing and crabbing pier, and many other summer and winter recreational activities. It is in a section that is surrounded by fine homes, near schools, churches, shopping districts and has excellent transportation facilities. Shrewsbury River Estates is on the outskirts of Red Bank, and is one of the garden spots along the South branch of the Shrewsbury River. It features the ideal combination of shore and country living. The immediate surroundings present a picture of secluded countryside, and yet only five miles away, the billows of the Atlantic break on the Long Branch shore. The territory chosen for the Shrewsbury River Estates has been cited by various Departments of Health, as the healthiest section of the metropolitan area. The city office of the Shrewsbury River Estates is located at 17 Academy street, Newark.
