## BETTIQUETTE

MANNERS IN PUBLIC

Our manners in public, like our manners in our homes, should be based on self-respect and consideration for other people.

No matter what our circumstances, whether we are rich or poor, whether we are socially high-placed or of humble station, whether we live our lives in comfort and leisure or in days of confining and difficult work, we must decide whether we will live our lives with a gracious spirit or an ungracious one.

If we are ungracious people, we jerk our lives along. There is nothing smooth or graceful about them. We are regarded with our "Please" when we ask anyone to do something for us. We hoard our "Thank you" as if it were the most difficult and costly thing in the world. We blush by people in life with never a by-your-leave. We don't stand aside for others to pass us in street cars or subways.

We don't rise to let people pass us to their seats in the theaters or movies. We grump our way along through life, perversely thinking that we gain something for ourselves if we are discourteous or ungracious or unkind to other people. The poison of such warped thinking festers inside us, and there can be no release of charm or grace or attractiveness of personality. This smug, futile way of living one's life is pathetic, often tragic in its devastating effect on our personality.

Then there is the other choice, being gracious, so easy, so kind and generous in thought, smiling instead of grumping. Making life "fair" to other people. Oiling the way of life with a pleasant and polite "Please" to anyone who serves us, whether a servant in our own home or in a public place. Quick and easy and natural with an appreciative "Thank you" to anyone who has served us in any capacity—a friend or a servant or a stranger who has been kind.

It is an interesting game to watch yourself for a week, and see how many times you can let that graciousness come out or how many times it is your inclination not to express it. "People will like you better and you will like yourself better: if you graciously say "Please" and "Thank you" and "I beg your pardon" and "How kind of you to say that" and "You were very good to do that for me" and other illuminated phrases that show that you do not live in a world bounded on all sides by yourself.

Streamline your manners—this is today's wise and practical and polite "design for living."

## ON BEING CONSPICUOUS

Not to make yourself conspicuous, not to attract unfavorable attention to yourself or others—these are the fundamental rules

## "Health Solarium" Turned-Down By Adjustment Board

MOUNTAINSIDE—Application of the Zinn Health Food Corporation of Newark for a building permit to construct a "health solarium" in Central avenue, was rejected by the Board of Adjustment Monday night in the Borough Hall.

Previously, Building Inspector Herman Honecker refused to issue such a permit, since the location does not allow a solarium according to the existing zoning ordinance.

Thus the matter was referred to the Board of Adjustment, which acted after a petition was received from 50 nearby property owners who asked that the Newark concern be denied a permit.

Any further disposition of the application rests with the Borough Council, to which group the Board of Adjustment's action will be reported.

## Student's Entry Won State Prize

MOUNTAINSIDE—The United States Treasury, in collaboration with the Columbia Scholastic Press Association, selected in March the best student-written editorials that appeared in the school newspapers of each state on the subject of the Fourth Bond Drive. The winners in New Jersey were in order: Barbara Danenhof of Mountainside, a student of Regional High School; Bernard Braverman of Garfield; Phyllis Turkowski of East Rutherford; and Barbara Rompa of Garfield. The winning editorial follows:

### REGIONAL MUST FIGHT!

By Barbara Danenhof  
With breathless anticipation of the invasion of Europe, the Fourth War Bond Loan opened in a blaze of glory. Settling as their goal \$15,000,000,000, the Treasury Department has put the American people to the task of proving they are on a 50-50 basis with their "fightin' sons."

"As never before in the War Bond Drives, this one takes place with ultimate victory in view. Snuffing out any over-confidence that might shadow victors in Italy, Russian conquests, and black-busting air-raids on Germany, we can count on a year of victory. The year of decision! As Winston Churchill has said, "is past!"

"To insure a smashing success, our troops need supplies that cost money, money that must come from our pockets directly or indirectly. A dual benefit of feeling you have a finger in the pie and a large interest reaped from War Bonds, results from the purchase of Bonds.

## ON TOWARD VICTORY!

It takes teamwork to win.  
To fight victoriously, our armies must be well fed. The more food you grow for your own use, the more farm-grown food can be sent to them.  
Home-grown food also means:  
• More freight space is made available for shipping war weapons.  
• Your family will have plenty of vitamin-rich vegetables.  
• You will save money—and be able to buy more War Bonds.  
• The exercise will be healthful and enjoyable.

It is 45 minutes from New York City on the Lackawanna R. R. with two stations at Millburn and Short Hills, and a mile away from Elizabeth, Summit and Plainfield. The Newark Valley Railroad with a freight station in the township fronts service for factories, commercial and industrial purposes. State Highways 4 and 206 are in the township. The township is a member of the 100,000 Home Owners' Loan Corporation. It has a good street, water, gas, electric and telephone service. It has excellent public and school facilities; mail carrier delivery system, excellent police and fire departments; and zoning regulations for the protection of the individual property owner. Of interest in Revolutionary history with its historical Presbyterian church, where the Rev. James Caldwell, pastor, was the first minister in the midst of the Battle of Springfield, fought on June 25, 1780. Several colonial landmarks are to be found in Springfield, one of the oldest communities in Union County.

## YOUR RED CROSS

We have just finished sending in the contents of our Disaster Closet to be shipped from Jersey City to war-stricken countries abroad. All material for these garments was donated by the government, and made up here in Springfield by volunteer workers. The work represents hours of volunteer labor, and we have listed the number of sweaters, blouses, etc. below, just to show what the people in town have accomplished:

Blouses (women's and children's)	90
Skirts	115
Rompers	15
Nightgowns	15
Woolen dresses	20
Cotton dresses	70
Bathrobes	20
Bed jackets	25
Afghan	1
Layette (complete)	50

Sweaters..... 233  
All the above will soon be over in some needy country, and we can feel that we have helped alleviate someone's suffering in a very direct way.

There was a Red Cross Home Nursing Workshop conference on Saturday, May 20, at Christ Church Parish House, Elizabeth. Mrs. Merrill Eichenstein, chairman of the Home Nursing Group, was unable to attend, and Mrs. John Berger attended in her place. Mrs. G. M. Kilcare, chairman of Home Nursing of the Elizabethtown Chapter presided. The Rev. T. Jerome Hayden opened the meeting with a prayer, which was followed by a greeting from Joseph A. Brophy, chairman of the Elizabethtown Chapter, American Red Cross. The purpose and plan of the workshop was given by Mrs.

Tieling Bayard, assistant director of Nursing Service of the North Atlantic Area. A very absorbing demonstration lesson was given by Miss Marian E. Stevens of Newark, assisted by several South Side High School girls. After the demonstration was over, questions were asked by anyone who wanted to do so. Luncheon was then served by the ladies of the Parish Guild of the Christ Church. The afternoon session was in charge of Mrs. Charlotte M. Heilman, nursing field representative of the North Atlantic Area. The questions asked in the morning were answered. After a general summing up of the day's proceedings, the session was closed by Ann P. K. Stapler, special nutrition representative of the North Atlantic Area.

Plans for the Memorial Day Parade are going ahead under the direction of Mrs. Henry C. McMullen, who has as her committee workers Mrs. John Berger, Mrs. Harry Quinzel, and Neil Jakobson. Any Red Cross worker who would be willing to march in the parade in the Red Cross unit, should get in touch with Mrs. McMullen, or Mrs. Quinzel.

### Voodoo Stalks

During my boyhood I knew one typical ante-bellum Negro, a virtuous character born 50 years ago, you might say, after his time. It was said of him that, with solemn Congo River ritual, he named one of his seldom-used packages "The World." Promptly then he had his wife sew up the empty pocket. After that, when a fellow worker asked him for a chew of tobacco he could truthfully say, "I ain't got a bit a chewin' in The World."

### EDITOR'S MAIL

#### Will Support Nominees

To the Editor of The Sun: Through your paper I take this opportunity to thank those who supported my friend, August Ulrich, in his campaign for the General Assembly. Mr. Ulrich and I assure you that we, as Republicans, will support all the party nominees without reservation; and we respectfully urge all Republicans to do likewise.

#### Air Service Needs Help

To the Editor of The Sun: This campaign is in tremendous need of civilians to work at the Newark Airport to help ship Army Air Force planes and equipment to our fighting forces overseas. Any delay in the shipping of this material may lose a battle or cost a life. There is no more important job for Americans—short of actual battle—than the job of insuring the safe and continued arrival of this vital equipment.

Here are some of the well-paying jobs available: Carpenters, clerks, clerk-typists, clerk-stenographers, clerks, trainees, truck drivers, laborers, aircraft mechanics (all types), aircraft trainees, auto mechanics, packers, newsleaguers and many others.

I am appealing to you to assist us in recruiting civilians through your medium with your strongest efforts. Any publicity you may give will be deeply appreciated.

W. E. PARTHING, Brig. General, U. S. A., Commanding, Atlantic Overseas Air Service Command, Fort Newark 5, N. J.

### RATION REMINDERS

MEATS, FATS—Red Stamps A8 through T8, good indefinitely. PROCESSED FOODS—Blue Stamps A8 through Q8, good indefinitely.

SUGAR—Sugar Stamps 30 and 31, each good for five pounds indefinitely. Sugar Stamp 40, good for five pounds of canned sugar through February, next year.

GASOLINE—A-10 coupons—good through August 8. PUEBLO OIL—Period 4 and 5 coupons, good through September 30. SHOES—Airplane Stamps 1 and 2, good indefinitely.

Plantful Foods Eggs, white potatoes, canned peas and canned green and wax beans will be in plentiful supply throughout most of the country during June, the War Food Administration reports. Other plentiful foods now include: oranges, frozen vegetables; frozen baked beans; peanut butter; citrus marmalade; raisins; dried prunes; dry-mix and dehydrated soups; flour, grits and flakes; wheat flour and bread; macaroni; spaghetti; noodles; oatmeal; and breakfast foods.

Sugar consumers may apply for their 1944 home canning allotment in two periods, the Office of Price Administration reports. In each period, users may obtain up to 10 pounds of sugar per person in addition to five pounds available with Sugar Stamp 40 in War Ration Book 4. Persons not applying in the first period but who need sugar in the second period, may obtain up to their full 20 pounds-per-person allowances if the application justifies that total.

Resumption of manufacture of civilian-type telephones to the extent of 200,000 sets per quarter has been authorized by the War Production Board. First deliveries are expected by fall. Approximately 300,000 new orders for telephones that cannot be filled because of lack of equipment are accumulating each month.

The "open kettle" method and the "oven" method of home-canning cannot be depended on to kill harmful bacteria in food, say canning specialists in the Department of Agriculture, and in addition, oven canning has caused serious accidents when jars explode. The specialists recommend that fruits, tomatoes, and pickled vegetables be precooked and packed in hot jars, with their adjusted correctly, then processed in a boiling water bath canner with sufficient water to cover the jars. Peak seasons and other non-acid vegetables should be packed in the same way, but processed in a steam pressure canner. Some of the 400,000 new steam pressure canners authorized by WPA for the canning season are now available in certain areas in the South and others should be available throughout the country before long. Many community food preservation centers provide local home canners with equipment and supervised instructions on proper canning.

Youths between the ages of 16 and 17 1/2 years may enlist, with their parents' consent, for training for service in the U. S. Merchant Marine, the War Shipping Administration announces. Thirteen weeks of training is required for service in the deck and engine departments and six weeks for service as messmen and utility men in the stewards' department. Volunteers will be assigned to merchant vessels within a few weeks after completion of training.

Foot-wear salesmen the paid salesmen slipper prices for what used to be called cheap shoes. Even this dealer did not get rich on the transaction either.

Choking competition does not help Mr. and Mrs. Consumer. Truly Effie's prices have not advanced—neither are her competitors' prices any higher, but the cost of living climbs anyway. Price Administrator Bowles has called quality deterioration a national scandal, and I believe he's something there—but there are indications that the fault is with OPA regulations which we are glad to believe OPA is taking steps to correct.

PHOEBE SNOW—1944

Folks, here's a word from Phoebe Snow

"Let's make this drive the final blow—  
To put the Axis in its grave  
And let the flag of Freedom wave!  
To speed us onward to that goal,  
Let's all work now with heart and soul,  
We'll move the war clouds, day and night  
Along the Road of Anthracite!"

\*Joseph F. Millane, Lackawanna Engineer for 24 years.

**"THE SKIPPER"**  
KNOWN TO RAILROADMEN AS "THE HORGER"

THIS "bridge" is the swaying cab of a Lackawanna locomotive.

There's no gold braid on his sleeve. No medals on his chest. But his eyes have that squint men get, whose job it is to stare for hours into darkness, rain and rushing wind.

Entrusted to his care are thousands of tons of precious war-laden cargo. Enough to fill an ocean-going freighter!

And though no submarines lurk in wait for him, and no convoy accompanies him, hundreds of men and women of the Lackawanna—trackwalkers, switchmen, dispatchers, signalmen—are ever on the alert to see that he pulls into "port" on schedule.

The men of the Lackawanna—the "Skippers"—and their crews—are the first vital link between equally vital and fighting lines.

Today these men, and the trains they run, are being called upon to perform minor miracles. And as Invasion Day grows closer, their job grows ever tougher.

Today and tonight, in the roundhouses, the shops and along the route of the Lackawanna, grim, determined men and women are fighting the battle of transportation... quietly and unsmiling.

We salute them with great admiration.

He is a graduate of Lowry Field, Denver, Colo., mechanics school and Las Vegas, Nev., gunnery school.

Corporal Freeman Huntington, U. S. Army, has been promoted recently to sergeant and has been transferred from Italy to Corsica. His brother, Sergeant Lewis Huntington, U. S. ## Little Call For Old Millinery

The Rummage Shop Committee, 268 Morris avenue, has decided it can no longer accept old hats to be sold on a refund basis, unless the hats to be sold for a refund are "new." There is very little call for used hats. The same applies to old shoes. "We regret to state that we cannot dispose of old shoes that need repair," said Mrs. Roland Nye. "In order to pass on shoes in the Rummage Shop they must be almost new."

The committee also wishes to remind persons with old fur coats and fur pieces to bring them in as soon as possible. Furs and fur pieces are used in making warm garments for the men in the service. As the committee is anxious to make a shipment of furs within the next week, persons are asked to get their donations in promptly.

## USO Camp Show Report Given

Entertainment for the men of our armed forces in combat zones overseas is now provided by 433 professional performers in 94 units of USO-Camp Shows, a participating service of the National War Fund, it was announced today by Colonel Franklin D'Olier, president of the National War Fund, New Jersey Division.

Since USO-Camp Shows started to provide an entertainment antidote for operational fatigue of our battle-weary fighting forces, 1200 stars of stage, screen and radio have been sent overseas, Colonel D'Olier stated, and in the domestic

area Camp shows have given 40,000 performances before audiences estimated at 30,000,000.

In the domestic area at present, USO-Camp Shows have 367 entertainers on the Victory Circuit, 300 on the Blue Circuit and 38 entertainers in four units on the new Purple Heart Circuit, said Colonel D'Olier.

The Victory Circuit presents full-size musicals, dramas and concerts at 640 Army posts and Naval stations in the United States having theatres large enough to accommodate them; the Blue Circuit offers smaller companies at 1164 Army and Navy installations with limited theatre facilities, and sometimes none at all where performances are given from trucks or make-shift stages, while the Purple Heart Circuit provides special entertainment in wards and auditoriums, of all general and convalescent hospitals in the United States, Colonel D'Olier explained. Part of the funds collected by

the National War Fund last fall were allocated to help support USO-Camp Shows, said Colonel D'Olier.
