Presidential Award Given Second Time To Tormey's Unit

Staff Sergeant Edward J. Tormey, son of Mrs. Florence Tormey of 76 Morris street, nose gunner on a B-24 Liberator bomber, has been authorized to wear the Distinguished Unit Badge with one cluster as a member of a veteran group which twice has been cited by the President of the United States "for outstanding performance of duty in armed conflict with the enemy."

Commanded by Col. Robert E. L. Easton, Belleville, Ill., the group received its original gold-rimmed blue ribbon for an attack on the Prufening aircraft factory at Regensburg, Germany, on February 25. The cluster was awarded for a mission over the Ploesti, Rumania, oil refineries on April 5.

The citation for Regensburg reads: "Notified to prepare maximum aircraft, personnel worked feverishly, enthusiastically and with untiring intensity. The tremendous material damage inflicted contributed greatly to the curtailment of aircraft production by the enemy at a time of great importance."

The citation for Ploesti reads: "Under the most difficult and trying conditions on the ground and despite extremely adverse weather conditions in the air, the group successfully delivered a devastating blow to the important enemy oil installations. The grim determination and heroic courage of the combat crews, together with the professional skill and devotion to duty of the ground personnel are outstanding in the history of aerial warfare."

A graduate of Union High School, Sgt. Tormey went overseas in December and is a veteran of fifty combat missions.

Shop Early, Mail Now, Is Urged By Postmaster Walker

Public response to the Post Office Department's "Shop Now! Mail In November" campaign is good but needs to be better, according to Postmaster General Frank C. Walker.

"Extraordinary wartime conditions face us," Mr. Walker said. "Unless more people buy and mail this month the postal service cannot do its job of delivering all Christmas gifts on time."

"It is not pleasing to us to have to ask the American people to mail packages so far in advance of the delivery date. We do so only because it has to be done. The job is a tremendous one, but we are confident that it will be done because we know from experience that given sound reasons Americans cooperate magnificently."

"Unprocessed shortages of man power and transportation facilities growing out of the war compel early mailing. The Postal Service has given 50,000 experienced employees to the armed forces and 300,000 railroad workers have gone to war. Equally serious is the fact that rail and other transport facilities are taxed to the limit with the great burden of war traffic which all of us know must take precedence."

"In a great number of our 43,000 post offices the man power situation is critical. The 200,000 extra workers whom we normally recruited this year are the swollen Christmas volume of mail were able to work long hours of overtime and to do heavy work. This cannot be expected from the women and high school boys and girls to whom in large part we must look this year to meet the situation."

"The way in which everyone responded in making it possible for us to handle a volume of 70,000,000 parcels for the armed forces overseas leaves no doubt in my mind that the November Christmas mailing will be equally successful. I ask for the help of the press, radio, business advertisers, civic groups and all Americans in making it possible for the Postal Service to do its work."

"We urge everyone to buy now, mail in November and mark gifts, 'Do Not Open Until Christmas.'"

Delivery of Seals Began During Week

Letter carriers throughout Union County began this week distribution of 65,405 sets of Christmas seals which, this year, picture a modernist postman hearing the Yule tidings which spell bad news for tuberculosis.

With \$50,000 the minimum goal to carry on next year's drive against wartime spread of the dread disease, the Union County Tuberculosis League's annual seal sale begins officially next Monday, according to Arthur Lange, of Summit, again chairman for the drive. Tax collector Charles H. Huff is again Springfield's chairman, with Carlyle H. Richards as treasurer.

Seals exclusively finance the league's work. Traditionally used on correspondence and Christmas packages, the seals this year are the creation of a former New Jersey artist, Spence Wildey, once a cartoonist for Newark newspapers. He now is art director for a national magazine. Selection of a letter carrier as the picture theme for the seal was a "natural," Wildey explained, because the originator of the seals was Ethel Holboell, a postmaster in Copenhagen.

To complete this program, it is necessary that assistance from many as the demand is great. There are over 10,000 such patients in New Jersey alone.

The public is asked to join in this effort by preparing packages, neatly wrapped as gifts which will bring a slight ray of cheer Christmas morning.

Certain rules must be observed as follows: To prevent anyone from getting a package valued more than the next box, a limit of about \$2.50 has been fixed; (2) no strict diets, or cases requiring medical treatment, liquids, matches, lighters, razor blades, candy or food are taboo; packages should be carefully wrapped and donors asked to place a card inside of the box giving his name and address; packages do not have to be wrapped for mailing, nor is there any restriction as to size and weight.

The 6th War Loan Drive is on and Springfield has already started on its way toward its goal of \$125,000. The first day's sales totaled almost \$7,000, a good start.

With the lifting of the inclement weather, the house to house canvass will get into full swing and it is expected things will begin to hum.

"We are determined to reach our goal and feel sure we will, provided each of us makes every effort to buy bonds to the limit of his individual earning power and resources," said Fred Braun, chairman. "When the collector calls on you during the campaign, subscribe to the utmost of your ability."

"The people of Springfield have not shirked any of their patriotic obligations in this War, but instead have gone magnificently beyond every requirement. With such a spirit our campaign cannot fail."

The shop committee will meet to pack ten boxes which will be distributed through the American Legion.

Many articles are donated to the Rummage Shop and many articles are brought in that are sold for the owners, and on which a refund is paid to the owner when the article has been sold. Approximately one-third of the above amount has been paid in refunds. The balance is used for operating expenses such as rent of the premises and supplies necessary for the operation of the business.

The sale of used shoes and hats has been discontinued and the workers ask that people planning to give things, please take out the used shoes and hats, unless they are new and show no signs of having been worn. They also ask that articles "sent in be clean and in reasonably good condition."

Republicans In Move to Foster Harmony In Ranks

Efforts to create harmony among several factions were evidenced at a meeting of the Springfield Republican Club Monday evening of last week in the Legion Hall. Eugene W. Hutloff of Milltown road, president of the Country Oaks Association, headed a list of proposed officers submitted for the coming year. He was put up as candidate for president to succeed Carl Z. Alexander, who did not seek reelection.

The others nominated, all of whom will be voted upon at the annual meeting December 11, are: Vice-president, Cecil M. Beaudant; second vice-president, John M. Keith; recording secretary, Mrs. Henry C. McMullen; corresponding secretary, Henry F. Kees, and treasurer, Charles S. Quinzel.

Mr. Keith was chairman of the nominating committee which also included Arthur L. Marshall, Charles J. Frey, Lawrence V. Muench, Jr. and Miss Thelma Sargent.

Controversy arose over a plan to eliminate a clause in the club's constitution abolishing endorsement of candidates. After various viewpoints were presented in favor and against its continuance, a delegation headed by Russell M. J. Pitzinger introduced a resolution, according to provisions of the constitution, which will legally bring the issue to a vote at the December meeting.

The text follows: "We, the undersigned members of the Springfield Republican Club, propose the following amendment to our by-laws, that Article X in its entirety be rescinded, and further that Article 2 of the constitution be eliminated. The latter contains the endorsement clause in either primary or special elections." The matter, asking the club's action, was signed by Henry C. McMullen, Leo S. Rigby, J. E. Worthington, Russell J. Pitzinger, Alyn C. Beardsell, Lewis P. Macerlino, Frank B. Meisel, Charles Beardsley, Henry Appleby and Mr. Lindemann.

Harold Bishop of Springfield Heights asked the club to go on record favoring elimination of the terminal point of Public Service Bus No. 8 at Morris avenue and Center street, by extending the line to the Springfield-Summit boundary line to prevent traffic congestion. The club passed a motion to that effect, plus another request that the Township Committee try to have the Somerset Bus Co. extend its fare zone from the Railway Valley Railroad line in Mountain avenue to the Springfield-Mountainside boundary line.

In accepting the nomination for president, Mr. Hutloff criticized the lack of harmony within the club and stressed that a strong effort be put forth to overcome "disunity" among various groups which manifested itself prior to the primary and general elections this year.

The following were nominated for the Board of Directors: First district, Arthur L. Marshall and Mrs. Edith Hinkins; second district, Charles F. Beardsley and Carl Z. Alexander; third district, Alyn C. Beardsell and Harold E. Bishop; fourth district, William E. Reid and Russell J. Pitzinger.

BETTIQUETTE

SAYS

So many of us celebrated "Thanksgiving day" yesterday. In many of our homes, our sons were absent. And we had to keep our smile and cheery manner for those who were present. We know that is what our sons, husbands and friends would want us to do.

Many of our defense workers grumbled because they did not have their day off—War doesn't take time off either the bullets and bombs don't stop for Thanksgiving, so we cannot help but be unsympathetic at such an attitude.

Let us take stock of our many blessings. The primary one is that we live in this free and democratic country of America. Men who were anti-Roosevelt spoke their criticisms freely, but now that the election is over and he continues to be President, they accept this fact and cooperate fully with the policies he advocates. We are permitted to elect our leaders, showing displeasure in our vote, but a unity of spirit when the popular vote wins. Surely that is democracy?

Our children go to great public schools throughout the country. Whether poor or rich, every child gets an education. Whether a City or a Hoosier resident, the child gets an education—and a good one at that. Illiteracy is falling down, literacy is coming up. Surely that is democracy?

Our table was laden with food. We had full course meals beginning with entree through dessert with numerous side courses. We didn't stand in a line to get our soup—thick and full of nothing; we didn't stand in line to get our food rations checked, we didn't have to be a food commissar for our food, surely during these chaotic conditions to be able to enjoy our repast when the majority of other nations are starving, that surely is evidence of our democracy!

We could go on paragraph after paragraph enumerating items such as plentiful clothing, controlled currency prices, forced taxation rather than our present system of voluntary war bond purchases, forced defense labor rather than voluntary labor at good salaries, free enterprise at all times, free speech and press, religious freedom and all the articles of the Bill of Rights—surely "We are of the blessed of the earth" and this is democracy!

Put Car Into Shape For Winter's Driving

Winter, with its snow and ice is just around the corner, according to Motor Vehicle Commissioner Magee, who suggests that drivers have their cars checked, paying particular attention to: Brakes gripping evenly; chains ready for use; windshield wipers and defrosters working; lights

aligned and working on low beam; sufficient anti-freeze in radiator. The answer to all five items specified does not answer entirely, he says; pedestrians and children must be watched and speed must be reduced.

The Stars and Stripes hauled down on American soil and the Rising Sun run up... captured American marines made to play cooie and haul grinning Jap officers in rickshaws—the Sons of Heaven have handed us the bitterest medicine this nation ever had to swallow.

NOW—LET'S GET 'EM!
Let's pour it on them! Let's shove the men, the ships, the guns, and the planes over there

in an overwhelming, irresistible, avenging flood that will wind up this Jap business fast, once and for all!

And let's pay for that flood with the same grim engerness, the same deadly purpose that our fighting men show in battle!

The 6th War Loan Drive is on. Let's open our purses—turn out our pockets—empty the sock. Now, if never before, let's make sure that we buy at least one extra \$100 War Bond.

From the pilot over Tokyo to the last housewife on the Eastern Seaboard, let's all of us, one hundred thirty million strong, rise up and give the Sons of Heaven... hell!

And here are 6 more reasons for buying at least an extra \$100 War Bond in the 6th!

1. War Bonds are the best, the safest investment in the world.
2. War Bonds return you \$4 for every \$3 at maturity.
3. War Bonds are as convenient as cash—and increase in value to boot!
4. War Bonds mean education for your children, security for you, a nest egg to fall back on, come what may.
5. War Bonds help keep down the cost of living.
6. War Bonds will help win the Peace by increasing purchasing power after the war.

American business, if freed of excessive government control and choking taxation, can expand and make millions of jobs possible.

Let's see to it then that when the needs of war are finished, American business can return to its traditional free enterprise system. There is no other way for a peaceful, prosperous and happy America.

"Ancient and Modern Necrom-
ancy, Alms Mesmerism and Hyp-
notism, Denounced" is the Les-
sermon subject for Sunday, No-
vember 26.

Golden Text: "In the multitude
of dreams and many words there
are also divers vanities; but fear
thou God." (Eccl. 5:7)

Sermon: Passages from the King
James version of the Bible in-
clude:

"Behold, I stand at the door, and
knock; if any man hear my voice,
and open the door, I will come in
to him, and will sup with him,
and he will with me." (Rev. 3:20)

Correlative passages from "Sci-
ence and Health with Key to the
Scriptures" by Mary Baker Eddy
include:

"The limit for thinkers has come.
Truth, independent of doctrine,
and time-honored systems, knocks
at the portal of humanity. Con-
tentment with the past and the
cold conventionalities of material-
ism are crumbling away." (Prof.

War Prisoners Aid

The powerful
effect of relig-
ious faith in
centering and
strengthening
the individuality,
and thus restoring mental
and emotional balance, has long been
recognized by leaders in psychol-
ogy and psychiatry. One of the
best proving grounds for this
truth has been a camp of Ameri-
can and British fliers in Ger-
many.

The chaplain at this camp re-
cently told the visiting Y. M. C. A.
representative that "much of his
work is of a psychological nature.
Religion, he said, has been vastly
effective in restoring to health
men mentally and nervously shat-
tered by their terrible experiences
and hardships as fliers.

"Long hours of talk, thought ex-
change, psychiatric treatment, dis-
cussion of the principles of Chris-
tianity and regular attendance at
religious services, are the methods
of healing applied," he declared,
"and they are producing excellent
results."

War Prisoners Aid of the Y. M. C.
A., a participating service of the
National War Fund, provides
prisoners throughout the world
with the means of their own reli-
gion, without prejudice as to race
or creed.

Such materials are supplied
through the cooperation of their
own religious bodies or, where this
is not possible, through direct pur-
chase and gift by the Y. M. C. A.
Members of all of the world's
major, and many of its minor,
faiths are thus served.

YOUR RED CROSS

Here are some questions and
answers which may be of interest
to those people who have Prisoner
of War relatives:

Q. May I write to a prisoner of
war?
A. Yes. There is no limitation
on the number of letters which
may be sent, postage free, by
friends and relatives. The Inter-
national Red Cross Committee
suggests, however, that mail ser-
vices to American prisoners of
war could be improved if relatives
and friends would refrain from
writing too frequently and at too
great length. Compliance with this
suggestion would assist material-
ly in relieving the problem of cen-
soring prisoner of war mail both
in this country and in the enemy
country concerned. Hence all let-
ters should be brief and strictly
of a personal nature. For Japan
(and preferably for Germany) let-
ters should be typewritten or
printed in capital letters. Letters
to Japan must not exceed 24
words.

Q. Is there any proof that pris-
oners held by the Japanese in the
Far-East have received cablegrams
and letters from the U. S. A.?
A. Letters have been received
from prisoners in the Philippines
saying that they have had mail
from home; also, in a number of
instances, families have received
answers to cables they sent.

Q. Have all military pris-
oners been officially reported by
name by the Japanese? If not, do
lists continue to come? Have all
prisoners taken from Bataan and
Corregidor been reported?
A. There are many servicemen
reported missing in action in and
near the Philippines whose names
have not yet been reported as
prisoners, but lists are continuing
to come through Geneva to the
Prisoner Marshall General. This
is also true of the men taken from
Bataan and Corregidor.

Q. May I send money to my son
who has just been reported a pris-
oner of war in Germany?
A. Existing regulations do not
permit the sending of cash, money
orders, or checks to American
prisoners of war. Arrangements
have been made through the pro-
tecting power by the War Depart-
ment that, wherever possible, the
dollar power will advance small
sums of money to the prisoner of
war without the request of the
next of kin.

Q. Can we send parcels to our
civilian relatives who are living
in their homes in occupied coun-
tries?

Yes, but not in internment camps?

A. No. This would be consider-
ed dealing with the enemy. How-
ever, news of their welfare may
be had in such instances through
the Red Cross Inquiry Service.

Q. Does the American Red Cross
send any news to the prisoners?
A. Yes, the Red Cross News Let-
ter.

Q. Can photographs be sent to
prisoners of war?
A. United States censorship reg-
ulations permit photographs to be
sent in letters to prisoners of war
and civilian internees, but not in
next of kin packages. There are,
however, certain restrictions per-
taining to the sending of photo-
graphs in letters, and the follow-
ing should be carefully observed;
photographs must be unmounted;
the subject matter must be per-
sonal and with an

SEIZURE
Wars result from thirst for power. Men try to gain sway over other men. Progressively they seek to widen their dominion as strength permits. They take resources by violence so they can hold what authority they may have obtained without force. The rapid rise of Adolph and Benito from obscure political bosses to dictatorship illustrates how totalitarianism grows.

Tyrants rise to power by dominating other men. At first the process is peaceful. Always there is a preliminary period of building up influence without the use of strong-arm tactics. Those are the days when, with reasonable foresight, violence can be forestalled. World peace, when it comes, could be preserved by keeping too much power out of the hands of too few men; simple but hard to do.

We Build Wrong
Thirst for power is not confined to the eastern hemisphere; people in America have it. All of us know such men personally. The United States' tower of centralized government built in late years is following a well known but dangerous pattern. I do not charge that the structure was begun with a fixed aim to create a dictatorship but we are erecting what dictators use for climbing to absolute monarchy.

Not to care who else gets hurt, so long as "Big P" gets more and more power, is the hall-mark of the House of Tyranny. Somebody wants to boss the public schools and hatches a plan to put all teachers on one pay-roll for all or a part of their incomes, thus to grab their allegiance. It would ruin the schools. Parents would have no voice in their children's education... one-man rule.

Big Medicine Man
Somebody else covets a private domain of doctors and hospitals, and promptly paints a pretty picture of so-called socialized medicine. It would restrict the surgeon's knife to the precision of a drill-press. Picture a medical association affiliated with the international union of barbers and bartenders: daily pay-scale, 40-hour week, time-and-a-half on Sunday and Debs' birthday.

Doctors are men and those with ambition would surely quit the profession. Theorists, paper-work doctors and nurses with hooky-rooms would remain for the short hours and sure pay. The medical profession would be a joke; a grim joke. Without ambition, without zeal for service to humanity, there could be no clinics like Mayo and Johns Hopkins, of which we will need so many, and soon.

A Lethal Atmosphere
Imagine a ruptured appendix in your house with an untried surgeon deer hunting off duty until tomorrow. Imagine a union nurse walking out on a pneumonia crisis while you wait for Miss No. 72 of the graveyard shift to saunter in and take over. Think of 200,000 new doctors, likely required by the shortened hours, educated at \$1,500 a year from taxes, 300 million dollars—the first year.

Politicians maybe can console themselves that everybody has to die sooner or later anyhow. Socialized medicine, like military aggression, is a tragic quest for dominion. Only Congress has power to protect American institutions from pillage. It is my prayer that America may never panic from resentment enough to forest a Black Shirt rally or a Beer Hall putsch. Wars result from thirst for power.
