## Total of \$935 Collected Here in Polio Drive

Postmaster Heinz, local chairman in the drive for funds for the National Foundation for Infantile Paralysis reports, that as of Wednesday noon 868 individual contributions were made and reported by 64 of the workers who solicited funds. The amount thus far collected amounts to \$935, which includes gifts made by various organizations. Approximately 25 more workers are to report and it is believed the amount will reach well over \$1,000.

This is by far the largest amount ever collected in the local drive which heretofore has been largely done through coin boxes. In deciding to make a house-to-house canvass the results obtained are more nearly like what residents of Springfield will do when properly approached. Since 50 per cent of all monies collected remain in Union County for use in emergencies that may arise, the drive is somewhat of a local nature rather than national.

## Offices Closed Due to Holiday

## Armed Forces

Editor's Note—When your service man or service woman has been home on furlough, even if he is not a graduate or transferred, why not mail it to the SUN or show it to the office. Many of those in the service, miles away from home, like to read of the whereabouts of their friends, former schoolmates and relatives. We will be pleased to accept a photo of your service man, if we do not already have one in uniform. If we do, we'll be pleased to feature the picture with a news item at your request.

Mrs. Samuel DeFino of 14 Fleming avenue received word this week from her husband, Private DeFino, U. S. Army, of his arrival in France. Mrs. DeFino resides at the above address with the couple's son, Ralph.

Sergeant Audrey A. Young, W.A.C. daughter of Mr. and Mrs. William Young of Clinton avenue, writes: "Thanks so much for being our 'wartime correspondent' on the home front." In a letter received this week: Sgt. Young's letter reads: "The SUN has followed me around from Georgia to Colorado and back East again to Washington. It looks as though I'll be here (Fort Meyer, Va.) to stay now, but I certainly do appreciate the fact that where I went, it went, and also wish to thank the people that made this possible."

"When you're away from home, no matter how near or how far (right now that's pretty close), you don't keep up with what's going on in town unless you've got a good informant like the SUN. With this weekly information, you just know everything's going to be pretty much the same when you get back. If your friends have married, left town, joined the service, been transferred, etc., it's really grand to know about it as it happens and not have to adjust yourself to all the changes in a bunch. If new buildings are erected or old ones torn down, we hear about it and know what to expect of the landscape when we come back. The SUN sort of makes it possible to live two lives, one that is Uncle Sam's designation and one back in Springfield, New Jersey.

Perhaps you would be interested to know that I have just been promoted from Technician Fifth Grade (Corporal) to Technician Fourth Grade (Sergeant). Thanks so much for being our 'wartime correspondent' on the home front."

## Paper Drive Was Successful, Scrap Taken Next Day

The scrap drive for paper, tin cans and rags on Sunday was successful, with fourteen and a half tons of paper collected, but through a misunderstanding, tin cans, rags and iron were left uncollected until the next day.

Members of the Legion and Salvage Committee got a crew together after 3 o'clock on Monday and picked up as much as they could before dark.

Apologies are offered to those who by reasons of safety took in their tin cans had other scrap, so that it would not fall into the hands of the garbage man, on Tuesday. Thus they saved a lot of tin material and much hard work in processing of cans.

The next collection will be made on March 4, at which time it is hoped that all difficulties will have been ironed out.

Otto Heinz, chairman of the Salvage committee, and Richard Horner, in charge of the American Legion Scrap committee, joined in expressing appreciation for the fine effort made by the citizens of Springfield to go all out in the scrap collections.

Y., refused to continue the trip because of the bus operator's alleged reckless driving. The post questioned why the gas was granted in view of the present shortage and ban on travel to conventions.

**An Important POLICY**

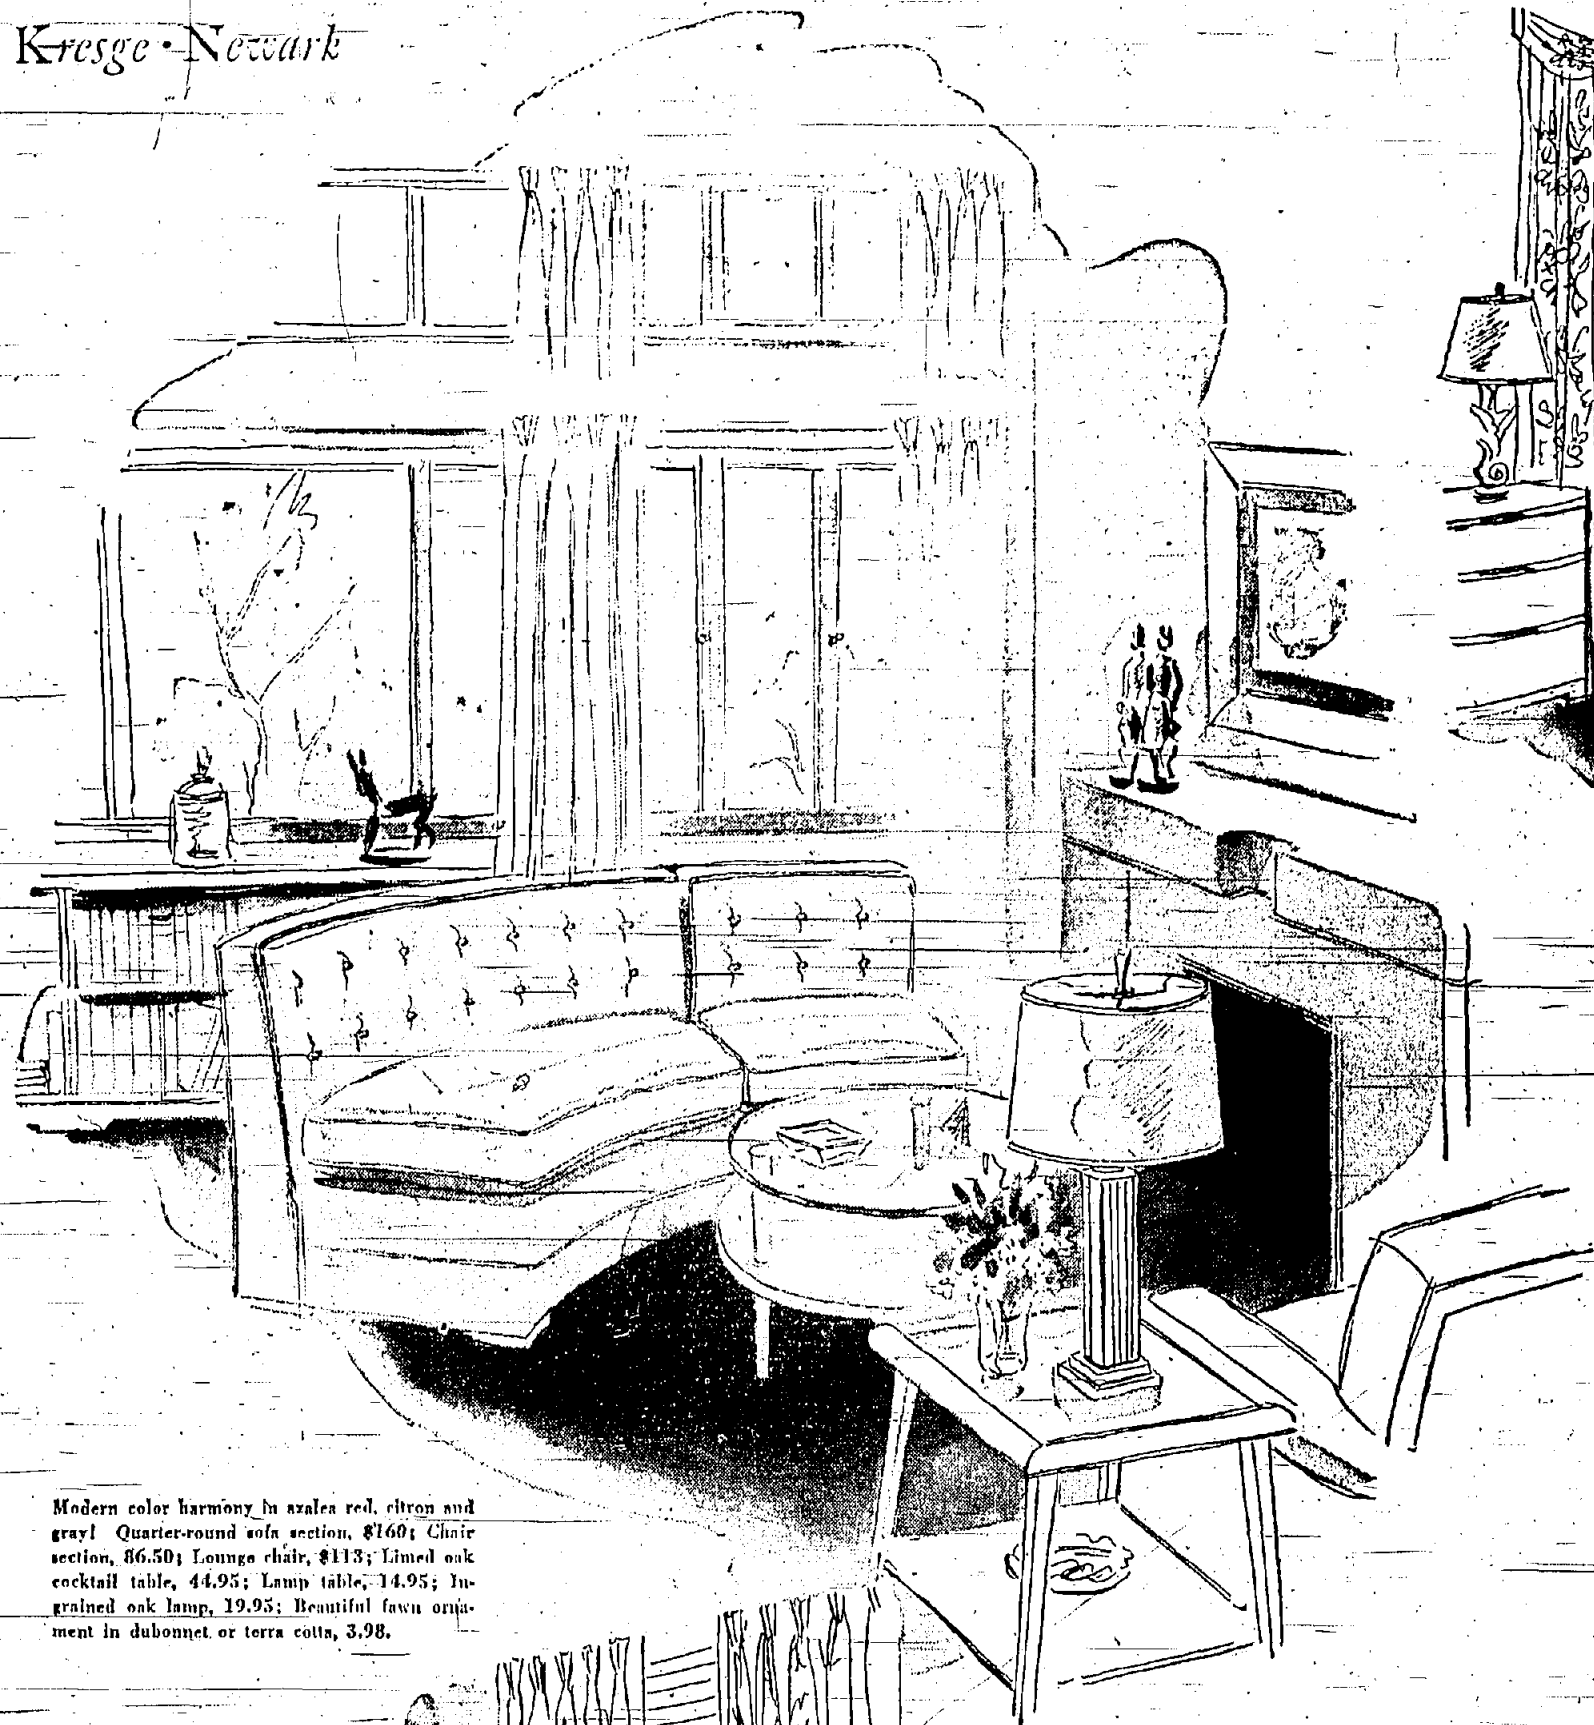

It is Fisher policy to select the best products of America's better furniture makers. It is further an essential part of that same policy that those pieces of furniture be chosen with an eye to smartness, style and a quality of construction. They will withstand the test of time. Finally, before any chair, any sofa or table is delivered to the purchaser's home it is carefully checked for flaws and imperfections. This insistence upon "buyer satisfaction" has helped build one of New Jersey's finest furniture stores. (Another good reason are the low prices made possible by Fisher's on the highway location.)

## War Prisoners Aid

The lights go down in the crowded theatre hut, until a single luminous pointer-drills the darkness. Banked dimly around it, washed with an unearthly gray, show the tense faces of the men. There is a tentative clicking, then a steady whirl—and you are looking into the demurely dangerous eyes of Claudette Colbert, beloved of the Marines. American movies have reached the prison camps!

Perhaps no recent event has been more stimulating to the morale of our boys behind barbed wire. Here is instant, glorious release from the dreary world of drab and crowded huts and muddy compounds. For a little while, these can be forgotten. Life, love, laughter and adventure, awaiting on the Silver Screen, are reborn in the hearts of the beholders! For many months now, American 16 mm. films have been reaching the camps in Germany where American prisoners are held. They contain the best known players and cover most of the popular subjects, excluding only war and politics. They are a gift from the generous U. S. movie industry. The films are shipped and distributed, and the projectors supplied, by the New York and Geneva offices of War Prisoners Aid of the Y. M. C. A., a participating service of the National War Fund.

EDITOR: This issue of the SAIPAN POST DISPATCH has been prepared for you by the communications section of the 2nd Marine Division. It contains an interesting and informative history of the island of Saipan. The island is dotted with thousands of miles of telephone lines and cables. The island is a busy place. In the transition from an island of dead standards of military activity, the communications miracle is being brought to life. The island is a busy place. ## The Communications Needed on Saipan

— are typical of the vast amounts our Armed Forces are using all over the world.

To meet such needs, Western Electric, manufacturer for the Bell Telephone System, is producing in a single year nearly twenty-four times its entire output for World War I. And it must keep on at much the same pace until the defeat of both Germany and Japan have become history.

After victory, a similar job is required to meet all civilian needs for telephone service. The plans are made, the engineering is done, for a job that will take many months of skillful work by many thousands of people.

Those who have service, and those who are waiting for it, can rest assured that the work will be done with the same speed and effort being devoted to the war job—in telephone factories, in research laboratories, and in the telephone organization at home.

### Cranford Takes Second Victory Over Regional

Cranford High took the measure of Regional's wrestlers on their own big court Friday night, 42-35, for the second time this year. The first Cranford victory was by a larger margin.

Regional actually had a 17-16 edge at the half, although Cranford took a 19-15 lead at the end of the opening quarter. The Bulldogs rallied to tie the score at 15-15 just before the half whistle. Dick Palmer sank a foul soon after, which gave the locals the lead for the only time of the game.

The third quarter score, in which Cranford scored 15 points to the locals' ten, was also reflected in the final period when the winners increased their lead. Duffield, high scoring Cranford forward, dropped in 10 field goals and three free throws for a total of 23 points. Bill Detrick was Regional's high scorer with 13 points.

**THE ENERGY TWINS**

Macaroni and spaghetti are rich in the elements that build sturdy bodies and alert minds. The high proportion of carbohydrates together with protein makes body energy foods. When combined with vegetables, cheese, meat or fish, macaroni and spaghetti make ideally balanced meals. Their mild, appetizing quality makes them a perfect "base" for many desirable dishes.

**Macaroni With Vegetables**  
1/2 cup macaroni, 1/2 cup snap peas, 1/2 cup butter, 1/2 cup milk, 1/2 cup pimiento, 1/2 cup cheese, 1/2 cup onion, 1/2 cup carrot, 1/2 cup celery, 1/2 cup mushroom, 1/2 cup tomato, 1/2 cup green peas, 1/2 teaspoon salt.

**Spaghetti Croquettes**  
7 to 8 oz. spaghetti, 1 cup milk, 1 cup macaroni, 3 tbsp. butter, 1 egg, 1 cup pimiento, 3 tbsp. flour, 1 cup salt.

**Spaghetti Casserole**  
Cook spaghetti until tender; drain and chill. Make cream sauce of flour, butter, milk; cook thoroughly. Add spaghetti, tuna fish, pimiento cut fine, and salt; chill again. Shape into croquettes, roll in egg beaten with 2 tbsp. milk, dip in crumbs, beaten with 2 tbsp. milk, dip in crumbs, fry in deep hot fat. Serves four.

## Transportation Situation

**A Word to All Users of Public Service Street Cars and Buses**

The COMBINATION of record breaking traffic, wartime shortages of men and materials, severe cold and heavy snow has made operation of street cars and buses much more difficult than in the usual winter weather.

Snow piled at the curb has reduced street space by one half in many places so that the running time on many lines has been doubled. Icy ruts are tearing at springs, chassis and engines—crippling buses and seriously slowing service.

With the manpower shortage added to these difficulties, you can well understand why service in many cases seems so slow and uncomfortable.

We bring these facts to your attention with a sincere word of thanks for the good spirit in which you have taken the shortcomings of our service. We know it is no fun to wait on a cold corner for a bus and to be late for work or dinner. Yet we have had fewer complaints than in years when there was no war emergency and weather conditions were less severe.

For this understanding, the men who operate our buses are sincerely grateful. Every one of them is working overtime and it is going to take our very best efforts to keep all buses rolling through this winter.

Our transit system is the life blood of New Jersey's war industries. Three quarters of a million war workers depend upon us for their transportation.

We are fully aware of and sincerely regret the inconveniences you are enduring. We pledge our best efforts to overcome the current difficulties just as rapidly as conditions will permit.

Again we say "thanks for your patience!"

(M. R. BOYLAN)  
Vice President in Charge of Operation

Plan Campaign To Put Over New State School Aid

Senator Herbert J. Pascoe announced today that a public hearing is planned soon for his legislation embodying the "Princeton plan" of State aid for school districts, which would increase by \$524,343 Union County's allocation from the State each year.

Municipal governments of Elizabethtown, Westfield and other communities already are a remedy for inequalities of the old system of State school financing.

Opportunity For Civilians To Aid War Effort

Mrs. Edna G. Maylander of the U. S. Civil Service Commission and Mrs. Kathryn Molton of the U. S. Army Recruiting Office are located at Newark Post Office, Window 1, to obtain critically needed workers for Washington, D. C.

The Army Service Forces are seeking men and women to fill vital jobs at its headquarters in Washington, D. C.—typists, stenographers and clerks are urgently needed in the job of transporting our fighting men to the battle fronts of the world and keeping them supplied. It is an opportunity for civilians to aid the nation's war effort.

Applicants for these positions must be at least 17½ years of age and must meet Civil Service requirements. Only those men and women not using their highest skill, full time in an essential industry are eligible.

Transportation to Washington, is furnished at government expense, where the new employee is met at Union Station by an Army Service Forces counselor, and taken by car so they may select living quarters, which are assured to each employee.

Jobs include receiving, routing and classifying correspondence, maintaining files, keeping records, compiling reports, talking dictation, typing letters, interviewing callers, or making appointments. Pre-assignment training is available at full pay to employee, when refresher courses will increase efficiency of new employees, special courses of instruction are given on government time.

Cost of living in the nation's Capital for ASP civilian employees is probably better than in most wartime cities. Meals may be obtained at cost—meals included by the War Department buildings—three substantial and tasty meals a day cost only a total of \$1.10.

Funds are available so that loans may be granted in the event of an emergency. Medical services such as "first-aid" consultations and X-rays are provided to each employee; competent, trustworthy doctors are recommended. If further treatment is needed, each employee is entitled to 15 days sick leave and 26 days annual leave per year, cumulative in both cases.

It is an opportunity for civilians to be part of a history-making period in Washington—to see the State, War and Navy Departments during full war activities. Our manpower is doing a gallant job on the battle fields. Those in the U. S. A. can do no less than assist in sending them reinforcements and keeping them supplied.

The job of the Army Service Forces. Interested persons who cannot come to Newark for an interview may call at the United States Employment Office, Springfield, and Woodland Avenue, Summit, for further information regarding these Washington, D. C., positions.

Charles Beckman Reported "Good" The condition of Charles Beckman of 99 Battle Hill Avenue has been reported as "good" at Overlook Hospital, Summit. Mr. Beckman received an ankle injury last week, when he slipped on the pavement at Battle Hill and Morris Avenues. He is employed as a butcher in the Acme Food Market, Morris Avenue.

Editor's Mail Appeal For Birds

To the Editor of the SUN: Without question, birds are your friends and neighbors here in Union County, and the fact that they are starving is called to your attention by the Bird Club of Westfield. Winter bird feeding never gets the support it deserves, considering the dividends it pays.

If you have a winter bird feeding station, don't stop or discontinue it now. When the weather is at its worst, birds especially need water, two or three times a day, to say the least. A little sand or grit to them, is their teeth, especially now when the ground is not only covered with snow, but lies under a sheet of ice.

Those that have not migrated South, are actually starving not only for something to eat, but for drink. Your help will be repaid by these benefactors of nature, a thousand fold. Even bread or table crumbs would do, and help; cereal, a doughnut hung on a string or any eatable table scraps. Peas, lentils, gravies, leftover, not to mention peanuts, raisins, poultry feed, sunflower, pumpkin and other kinds of seeds, pieces of apple, banana, fruit, etc. Suet or peanut butter rubbed over the rough bark of a tree, but above all, do not discontinue now, or forget the water.

### New Store Has Famous Brands

Unanimous approval seems to be the reaction evidenced by shoppers who visited the Marx store which opened last week in Millburn at the corner of Millburn avenue and Lackawanna plaza. Although the store had been operating for a number of years at another location in Millburn under the same ownership, the size, decorating and merchandise displayed in the new shop were so far in advance of most similar stores in this neighborhood that visitors were rather stunned as they entered.

The proprietor, Samuel B. Marx, explained that he had decided to designate the store as the "Store of Famous Brands" because of the emphasis he has placed on securing nationally-known merchandise. He features such famous brands as Kay, Dunhill, Queen Mako, McKelrick, and Henry Rosenfeld in the dress department. In other departments such famous names as Van Rantle, Legant, Mary Barron, Fowens, Flexco, Carter, Camp, Phoenix and many others appear. In the men's department, well-known names are Arrow, Superba, Carter, Reiz, Westminster, etc.

Mr. Marx, realizing that his new store was near the Millburn Lackawanna station, and on bus route 70, and feeling that many women would like to use the store as a place to meet their friends, has anticipated their wants by installing several comfortable chairs in a lounge at the front of the store.

Mrs. Amann and the state officers spoke, followed by gifts presented to them by the Council and the members. The gifts were presented by Mrs. Dorothy Woolverton and her committee.

Piano selections were given by Mrs. Florence Merck of the Union

Forever Council No. 122. Refreshments were served and the tables were decorated with water lilies.

PHOEBE SNOW—1934

"It's been a job," says Phoebe Snow, "to always keep cars fit to go where war demands we haul the freight. We won't relax while soldiers wait. With constant work and vigilance, we'll back our fighters—sure advance—help speed the victory now in sight—along the Road of Anthracite!"

PHOEBE SNOW—1944

### The car that never grew old

BACK IN 1925, this Lackawanna freight car first rolled along the Route of Phoebe Snow.

She's been a long way since then... seen more of America than most of us ever will... carried on her scarred floors untold thousands of tons of freight.

First, the products of peace—now the industrial outpourings of war—her cargos have followed the fortunes of a nation.

And it's been a hard life, too. Her walls have been gashed and stained. Sleet and sun have faded and peeled the paint from her sides. A thousand different switch engines have jolted and jarrred her. Yet, like a champion, she's still in there taking it... still doing a magnificent 24-hour-a-day wartime job!

No, she's never grown old—because we wouldn't let her!

At Lackawanna repair shops, there are hundreds of men whose job it is to keep cars like this one sound and strong—always in perfect running order! Constant inspection, constant work, never-ceasing vigilance that keeps minor repairs from becoming major ones—these are the things that have enabled this sturdy old-timer to maintain her efficiency!

The history of this Lackawanna freight car is the history of many cars carrying America's wartime cargos. Her story explains, in part, the vital role in wartime transportation played by the Lackawanna Railroad. Still fighting the battle of "enough, soon enough"—still carrying on till Victory's won—she's never grown old, because we wouldn't let her!
