ALL FOR ONE, ONE FOR ALL

The strength of men united in a common cause, freely and without compulsion of totalitarian dictation, is being impressively demonstrated during this war. Within the armed forces Americans of all creeds, races, national origins and political beliefs are working and fighting together for victory.

We must match this devotion and this teamwork on the home front. No sacrifice is too great, no discipline too severe, for us at home if we do our part to win the war.

Some day our sons and daughters, who are bearing the brunt of the war will be at home again. They, above all, are proving that the barriers which often hold us apart can and must be transcended in times of emergency. They are learning that the good of one is the good of all and that every danger is a common danger. Yet they are maintaining their religious convictions, their group prides and loyalties; they are achieving unity without the imposition of uniformity.

When these brave men and women return to assume again civilian tasks and duties, it is the responsibility of those of us at home to see that the nation to which they return has maintained the same spirit of cooperation and mutual respect, of concern for the common good; which they have so gloriously exhibited. Any display of intolerance and group hatred will be a reproach to their sacrifice and patriotism.

It is essential that we realize that the building of a just and lasting peace also constitutes an emergency, as truly as did those days when war first engulfed us. Let us, then, Protestant, Catholic and Jew, devote ourselves without reservation to civic teamwork, without compromise of faith or conviction for the common cause of securing world order and liberty and justice for all men everywhere.

This is the message of Brotherhood Week, February 18-25, 1945, under the auspices of the National Conference of Christians and Jews. It is an occasion to express and strengthen as citizens our determination to pursue these high ends. Its slogan—"In peace as in war—teamwork!"

WHAT THE SUN ADVOCATES

1. Sidewalks wherever needed.
2. 5c bus fare to Union Center.
3. Extended local telephone scope to Newark and Elizabeth.
4. Federal Post Office building.
5. An active Board of Trade to stimulate "Try Springfield First" in purchasing.
6. Full-time position for the Township Clerk's office.
7. Encouraging clean industry, to increase tax ratables.
8. Extension of mail delivery by local R. F. D. routes, to all portions of the township.

Pfc. W. Dopierala, Regional Graduate, Reported Killed

Mr. and Mrs. Alexander Dopierala of 299 Third avenue, Garwood, has been notified by the War Department that their only son, Private First Class Waldemar Dopierala, was killed in action in France on December 16. His parents had been previously notified that their son was missing. His last letter was written the day he was reported killed. The 20-year-old soldier is a 1942 graduate of Regional High School.

Entering the service on May 4, 1943, Pfc. Dopierala went overseas in October of last year. He received his basic training at Camp Shelby, Miss., and spent five months at Clemson College, S. C., where he was assigned to the Army Specialized Training Program. When that program was discontinued he returned to active duty at Fort Jackson, S. C., where he was awarded the Good Conduct Medal. Prior to entering the Armed Forces he attended the University of Michigan.

TIN HATS

With this issue of the SUN, the American Legion brings to all men and women in the Armed Forces, a column which will be for them, their families and their dependents. It is the hope of us here at home that this service will fill a much needed link between the "Old Home Town" and the foxholes all over the World. It is hoped that we of 1945 may be able to give to you of 1941 some idea of what is going on here at home so that you may more easily pick up where you left off.

"Tin Hats" has been the official bulletin of Continental Post No. 228 for the past 12 years and as such has given its members news, comments and information. This column marks the extension of this policy to all of our 675 young men and women who are now serving in all parts of the Globe. We are sure it will be read, and in many cases kept for further reference. We hope that the 400 who now receive the SUN will soon be increased to cover all. To this end the Legion will intensify its campaign to secure new names to add to the Legion's program of free papers for all.

The American Legion, founded in 1919 at Paris, is a national organization of a million and a quarter men and women who served during the period of April 6, 1917 and November 11, 1918 or from December 5, 1941 to the time of discharge in the present war. The American Legion has over 12,000 local posts scattered in every city, town and hamlet in the United States and foreign countries. It is the ONLY national organization which permits ALL veterans to become members. It is the ONLY national organization whose work is dedicated to ALL veterans and ALL dependents.

Our local post was founded on October 15, 1932, with a membership of 17. Since that time it has grown and now has a membership of 89, five of whom are veterans of World War II. During the life of the Post, more and more activities have been engaged in until it is now a contributing force in all affairs of a civic nature. In 1940 we laid the foundation of the American Legion Building and with volunteer labor completed it in the Spring of 1941. Since its formal dedication in June of that year, it has become the center of all community activity, and now this building awaits the return of the veterans as their headquarters.

Upon the declaration of War,

the American Legion started its program to insure that the errors and pitfalls confronting the soldier on the return from World War I would be eliminated in the return of our new soldiers. Legislation was set in motion to provide ways and means whereby discharged service men and women would be accorded benefits which would take them out from "behind the 8 ball." This program was long and hard, the opposition was great but in June of 1944, the President signed the "G. I. Bill of Rights" and our efforts were completed. To carry out the administration of these benefits was a task which is still not complete but which will soon be a smooth rolling machine with quick action. Subsequent articles will deal with all phases.

We want every "G. I." to feel that this is a personal column and to "tell us off" when it is felt that improvement is needed. If there are any personal questions, we will answer them. If we can help you here at home just let us know and we will do it. Just drop a line to "Tin Hats" in care of the Springfield SUN.

Breeze Corporation, Inc. Declares 40 Cent Dividend
Directors of Breeze Corporation, Inc., today voted a dividend of 40 cents a share on the common capital stock payable March 10 to holders of record March 1. In 1944 the company paid total dividends of \$1.00 per share.

Voted Membership in Mosquito Association
Richard P. Sherry of 277 Morris avenue was recently voted an active member in the American Mosquito Control Association, at a meeting of the Associated Executives in Trenton. Mr. Sherry is chief inspector of the Union County Mosquito Extermination Commission.

Tennenbaum Left Estate of \$16,699
Jack Tennenbaum of 39 Brook street, who died December 16, left an estate of \$16,699.58, according to an inventory filed last week with Surrogate Charles A. Otto, Jr., at the Courthouse, Elizabeth. Walter Totty, also of town, left a personal estate of \$12,677.55. Trade at home first.
