## 1450 Boys Served At Camp Kilmer By Canteen Corps

Approximately 1,450 boys were served cakes, pie and milk at Camp Kilmer, Sunday, by the local Red Cross Canteen Corps. Two hundred and five cakes and sixty pies were used. About forty gallons of coffee, 2 gallons of cocoa, 97 quarts of milk, 20 quarts of cream and 12 1/2 gallons of ice cream were consumed by the boys. Mrs. A. H. Richards and her Corps wish to thank all who helped with the serving of the boys in the hospital at Kilmer. The Committee wishes to thank Mrs. Roland Nye and those who worked in the thrift shop for their donations; also James Funcheon of the Springfield Market. Special thanks also to the Motor Corps and to Mrs. Herbert Day for making posters and also to all those who donated the cakes and pies.

The following also donated last week: Mrs. Ganser, Mrs. Frederick Glaser, Mrs. John Kinney, Mrs. George Avey, Mrs. Charles Phillips, Mrs. John Trotz, Mrs. Frank Rube, Mrs. J. A. Donnington, Mrs. W. C. Davis, Mrs. N. Schneider, Mrs. J. Skelly, Mrs. E. Palmer and Mrs. Edward Kramer.

## Former Regional Graduates Engaged

Mr. and Mrs. John Legg, Garwood, have announced the engagement of their daughter, Lt. Catherine Legg, Army Nurse Corps, to Ensign Donald Buell, USNR, son of Mr. and Mrs. Harold S. Buell, of Diamond Hill road, New Providence, formerly of Springfield. Lieutenant Legg was graduated from Regional High School and qualified as a nurse at the Elizabeth General Hospital School of Nursing in 1942. She is now serving with a station hospital complement in England. Ensign Buell, also a graduate of Regional High, is taking specialized navy training at Kingsville, Tenn.

## BIRTHS

Mr. and Mrs. Norman Eva of Seven Bridge road, announce the birth of a daughter on Monday, May 21 at Orange Memorial Hospital. Mrs. Eva is the former Betty Shaffer. A son was born Wednesday, Decoration Day, to Dr. and Mrs. Henry Mulhauser of 47 Warner avenue, at Overlook Hospital, Summit. They have a daughter, Harriet.

## Teen Inn Elects New Officers

Glenn Phillips was elected president of Teen Inn for the coming year at the meeting of the group this week. John Bunnell was chosen vice-president; Dorothy Keith, secretary, and Bruce Saffery, treasurer.

Teen Inn, which meets each Saturday night at the Legion Hall, has planned a busy summer season, details of which will be announced later.

They will meet tomorrow night as scheduled, but the June 9 meeting has been cancelled. Members of the eighth grades in the grammar schools have been invited to attend tomorrow's meeting.

Troop 3 under the leadership of Mrs. Leo L. Andrews, visited the Police Headquarters last Thursday afternoon. The girls learned all about the protection the Police give and how this system of protection operates.

They want to thank Sgt. A. A. Sorge for answering their many questions.

Plans have been made for the entire troop to go to the Paper Mill Playhouse tomorrow, to see "Maytime."

## YOUR VICTORY GARDEN

**SOWING WARM SEASON CROPS**  
The very warm weather of late March and early April upset all garden calculations, but now it seems safe to plant the seeds of warm weather crops. There are people who have already planted seeds of snapdragons, but they were taking a chance, for cold and wet weather, which might be expected at this season of the year, would cause the seeds to lie dormant and rot. By May 1 it should be safe to sow seeds of snapbeans, sweet corn and summer squash. It is too early yet to sow lima beans.

Bush snap beans are sown in furrows 1 inch deep, with the rows about 2 1/2 feet apart. Wall grown plants will about fill up this space. Place the seeds in the furrow about 2 inches apart. If the seeds are fresh this year, old seeds should be planted about 1 inch apart. The best yield is obtained from bush beans when the plants stand 3 inches apart, so if the seeds are spaced as recommended, and every one germinates, about one-third will have to be pulled out to give a spacing of four plants to the foot. Cover the seeds with soil, about half filling the furrow, and tamp this down with the hoe or back of the rake. Then draw in loose soil to fill the furrow.

Pole beans may be more convenient to handle in some gardens and, after they start to bear, will yield all summer. It is a good idea

to make one sowing of bush beans to tide-over until the pole beans start. Use poles about 2 inches in diameter, 7 to 9 feet long and set 12 to 18 inches in the ground. Space the poles 3 feet apart each way and sow six or eight seeds around each pole, later thinning the plants to four to each pole. Sow Corn in Rows or Hills. Corn in rows is much easier to cultivate, and this is the best way to plant it if several short rows can be made at each sowing, in order to secure good pollination. The furrows should be 1 inch deep and the seeds planted 4 to 6 inches apart. When the plants are 2 or 3 inches tall, thin to stand 12 to 18 inches apart, depending upon the variety. If two or more short rows of one variety at a sowing are not possible, then use the "hill" system. This means that the seeds are planted in groups of five, to be thinned to three plants at intervals of 30 inches. However, the soil is not elevated into a little hill, but is kept flat.

Schmid will report back to work on Monday. Mr. and Mrs. Eugene Rochelle entertained over the week-end for their daughter-in-law, Mrs. Kenneth Sargent and son Jimmy; Mrs. Dorothy Henion and daughter Ginger and for Mr. and Mrs. C. Miller of Paterson. Mrs. August Nanz of 38 Clinton avenue spent Saturday afternoon at a luncheon and shower in Verona. Mr. and Mrs. Joseph Martin and family of 38 Tower drive attended a birthday celebration at a family party on Saturday evening.

## IN SPRINGFIELD

Yes, it's time the voters of Springfield took another step toward restoring their Township Committee to the status it not only should have, but **MUST** have, for good government!

On a five-man Committee such as ours, each of the five should be a forward-looking, self-thinking, responsible citizen...

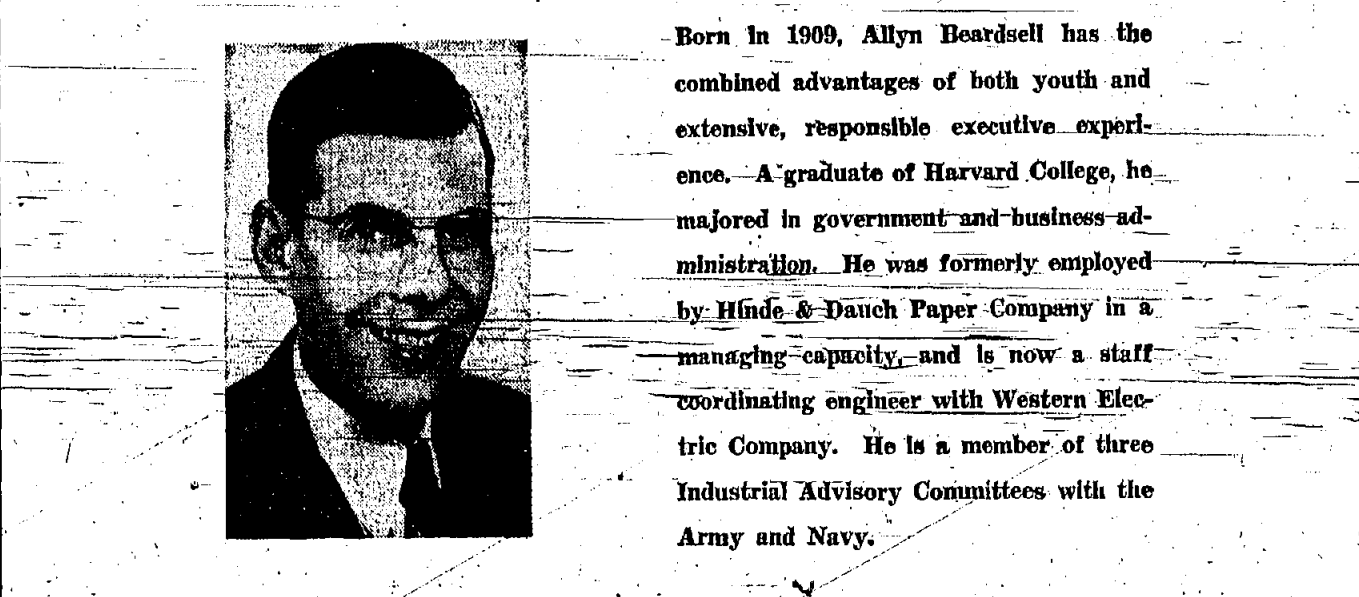

**AND THAT RESPONSIBILITY SHOULD NOT END WITH SUPERVISION OF ROADS, SEWAGE OR GARBAGE!**

In fact, it should not even begin there. The Township Committeemen do oversee certain of the town's services, such as fire, police, roads and health. Yet, unless they also have the capabilities and initiative necessary for contributing to the proper functioning of a governing body, **THEY DO NOT BELONG THERE.**

# ALLYN C. BEARDSSELL

**HAS the ability to do BOTH a supervisory and legislative job on the Township Committee.**

Born in 1909, Allyn Beardsell has the combined advantages of both youth and extensive, responsible executive experience. A graduate of Harvard College, he majored in government and business administration. He was formerly employed by Hinde & Dauch Paper Company in a managing capacity, and is now a staff coordinating engineer with Western Electric Company. He is a member of three Industrial Advisory Committees with the Army and Navy.

## TIN HATS

Issued by Continental Post No. 225, American Legion, Springfield, in the best interests of servicemen and women.

About a year and a half ago, our Legion Post decided to form an organization that would be for the exclusive use of young boys and girls of high school age. Inquiry was made at Regional High School as to whether or not the students would support such a plan. It met with instant favor and an experimental evening or two was held to see the reaction. It was a wonderful success. The Post immediately formed and incorporated "Teen Inn". Officers were elected and rules laid down for the conduct of the project. Since that time, Teen Inn has held sessions at the Legion Building nearly every Saturday night with an average attendance of about 125. The juke box is turned on at about eight o'clock and runs without rest till 11:30. So successful has this been that we are now getting inquiries from adjacent towns on how we run it, and just how others may organize under the same plan. You can rest assured that we are very happy to have our name held up for this work.

It just so happens that as we write this article we are sitting in the kitchen of the Legion building, keeping the cooler filled with "coke" and the "pretzel dish" full. "Accentuate the Positive" is being given a thorough going over and about 90 are on the dance floor all having a good time for tonight.

There is, however, a rather sad note to the affair. One night we will see some young man dancing, enjoying life and acting as all young people should do. Then his face will be missing. Inquiry will bring the reply, "Oh, he is in the Army now and is stationed at such and such a place". He has passed from an individual youth to become just another blue star in a service flag hanging in some window. What a rotten shame it is that the world has to be turned

school to study for my masters degree, but was unable because I had a family to support. Is there any way in which I can take advantage of the "G. I. Bill of Rights?"  
A.: The fact that you were over 25 when you went into service does not bar you from taking advantage of the educational provisions of the law. Men who were over 25 are entitled to at least a year of schooling. You may be entitled to an additional period, measured by your length of service, if you can show that your entry into service interrupted your education.

### REGIONAL HIGH

(Editor's Note: "Regional High" covers the happenings of interest about former pupils and what they're doing.)  
Tech. Sgt. Harry E. Richards, 24, Army Air Force, son of Mr.

and Mrs. Edward Gottlieb of Mountain Avenue, Murray Hill, has received an honorable discharge from the Army with a total of 131 points.

Entering service in August, 1942, he received his basic training at Atlantic City and attended gunnery school at Fort Myers, Fla. He went overseas in September, 1943 and was stationed in the British Isles, North Africa, and Sardinia, and was at Corsica before coming home on furlough. Holder of the Air Medal with 11 Oak Leaf Clusters Sgt. Richards had completed 62 combat missions as a tall gunner on a B-25 Marauder. He also had been awarded the Croix de Guerre with Palmes by the Order of Gen. Charles de Gaulle and a Presidential Citation which was awarded his group for the defense of the Anzio beachhead.

A graduate of Regional High, Sgt. Richards was formerly employed by the Western Electric at its Kearny plant.

### Workers, 65 and Over, Urged to Check Benefits

Leonard F. Sawvel, manager of the Social Security Board Office in Elizabeth, administering to Union and Somerset Counties, urges all men and women over 65, who might be affected by the cut-backs in ship, plane and other war work now being felt in some sections, to contact the Social Security Board whether or not they intend to retire.

If a wife of a beneficiary is over 65, she too should make application for monthly retirement benefits when her husband files. Monthly benefits are due also to any qualified children under 18, if they are dependent on their parents. To make sure a worker 65 or over gets all the retirement benefits to which he may be entitled he should get in touch with the nearest Social Security Board office. The Elizabeth office which serves

Union and Somerset Counties is located at 1143 East Jersey street in Elizabeth and for the convenience of residents in those areas, representatives of the offices are in Room 4 of the Post Office in Plainfield each Tuesday from 10:30 A. M. to 2 P. M. and in Room 3 of the Post Office in Somerville each Thursday between 10:30 A. M.

## Board of Health To Investigate "Dump Situation"

MOUNTAINSIDE — Board of Health met Tuesday evening in the borough hall, Henry Pfeiffer, president, presided.

The "dump situation" on Summit road was discussed and an investigation will be made by the health officers, Mr. Pfeiffer and Mr. Wadas. There has been several cesspool complaints which will be looked into by the health officer, Mr. Wisley.

The minutes were read and approved. Licenses for all food handlers have been checked and all completed.

The question of two more members on the Board of Health which were to be appointed by the Mayor, was brought up and several names were going to be recommended to the Mayor. The appointment of two more members will result in five members on the Board of Health.

## Pvt. Thomas Dewey Released From German War Camp

MOUNTAINSIDE — Pvt. Thomas Dewey arrived on Tuesday of last week at the home of his sister, Mrs. R. J. Royce of New Providence road, having been freed from a German prisoner of war camp, Stalag 4-F, near Hartmannsdorf.

Dewey, 21 years old, a member of a tank destroyer outfit, was taken prisoner December 17 in the Battle of the Bulge. He phoned his sister the Sunday before coming home that he had arrived in this country and was fine, though a "bit jumpy" and added that he "had been through hell."

He said he was housed with forty others in a little house outside the main camp and worked hard for the little food he was given. After air raids by the Allies he said he was sent to neighboring towns to help dig out the Germans. He said he always welcomed an opportunity to go on these "digging out" expeditions as it gave him a chance to look for extra food, when he and his companions searched the garbage cans of the Germans and picked up whatever they could get. He also said he never thought he would have to dig in a garbage can to satisfy his hunger. He lost 35 pounds during the time he was a prisoner.

## Memorial Day Program Held In School

MOUNTAINSIDE — The Misses Elizabeth Johnson and Frances Featherstone were in charge of the Memorial Day program in assembly in the school auditorium Tuesday afternoon.

The entire group sang "America" followed by "Ode to Memorial Day" by Eric Stalmeiter. Carol Heckel gave "Memorial Day 1945" after which all sang "Battle Hymn of the Republic." A reading, "Decoration Day" was given by Phillip Parkhurst. Joan Ingate recited "In Flanders Field" which was followed by "America's Answer" by Carol Worle.

All the names on the town Honor Roll were read in assembly and the Army, Marine, Air Force and Navy songs were sung in closing.

## Westfield Forfeits Game

MOUNTAINSIDE — The Westfield Cub Pack 73 who were to play the Cub Pack 70 of Mountainside, did not appear on the Robo Lake-Park field on Tuesday. The game was forfeited to Mountainside.

## Piano Recital Held in School

## Bruce Davis Breaks Pole Vault Mark in County Meet

Bruce Davis, Regional High School senior, broke the Union County interscholastic pole vault record Friday at Plainfield when he soared to 11 feet eight and one-eighth inches, and gave evidence that he expects to be in the run-

BRUCE DAVIS

ning at the State meet tomorrow in Montclair. The previous record, 11 feet six inches, has been on the books since 1938.

By placing second in the 220-yard low hurdles and third in broad jump, Davis finished as the second highest individual performer with 15 points. Plainfield's elongated Jack Moody, National interscholastic high jump champion, won his specialty event, plus the broad jump and 120-yard high hurdles, to take top scoring honors and enabled Plainfield to easily win its fourth successive team championship.

Regional's two sprinters, Steve Beemer and Charlie Maguire, finished third and fifth in the 100. Beemer, 15-year-old sophomore, was unable to take part in the 220 due to a slight injury. Conroy of Regional took a fifth place tie with Glenn Randa of Jefferson in the 120 high hurdles. Regional's Bob Williams finished fifth in the discus.

The summaries:  
Pole vault—Won by Bruce Davis, Regional (11 feet 8 1/8 in.); second, George Muehler, Jefferson (11 ft. 4 in.); third, Joseph Stedman, Plainfield (10 ft. 10 in.); fourth, the between Donald Simms, Regional, and Brian Harasty, Union (10 ft. 10 in.).

"WORK FOR THE NIGHT IS COMING"  
ANNA L. COHILL  
Work for the night is coming.  
Work through the morning hours;  
Work while the dew is sparkling;  
Work mid springing flowers;  
Work while the day grows brighter.  
Under the glowing sun,  
When man's work is done.  
Little Stories  
GREAT HYMNS  
The author of this hymn was born in Canada where summers are short and call for every bit of energy to get the crops harvested before the early frosts. The theme is taken from the words of Jesus, "The night cometh when no man can work"—a challenge to use to the utmost all the time that we have.

## STATISTICS OF SPRINGFIELD

Population—1945, 5,000; assessed valuation—1944, \$6,477,255; tax rate—  
1944, \$5.07 (Township—\$2.21; schools, \$1.87; state and county, \$0.99).  
Springfield was settled in the early 1700's. Its township form of gov-  
ernment was established April 14, 1774, and was incorporated in 1857.

Springfield is essentially a community of homes, with little industry  
except for farming, nurseries and co-ordinated manufacturing for those  
45 minutes from New York City on the Lackawanna R. R. with two stations  
at Millburn and Short Hills, less than a mile away; 7 miles to Elizabeth;  
7 miles to Newark; excellent bus connections to Newark, Elizabeth, Summit  
and Plainfield.

The Railway Valley Railroad with a freight station in the township  
affords service for factories, commercial and industrial purposes. State  
Highway 25 makes New York City convenient by auto in 30 minutes. Site  
of the 4000,000 Union County Regional High School, serving Springfield,  
Mountaintop and four other county municipalities.  
It has good streets, water, gas, electricity and modern sanitary sewer  
system, excellent police, fire and school facilities; mail carrier-delivery  
system, and zoning regulations for the protection of the individual property  
owner.

Of interest in Revolutionary history with its historic Presbyterian  
Church, where the Rev. James Caldwell cried "Give us water, boys!" in  
the midst of the Battle of Springfield, fought on June 23, 1781. Several  
colonial landmarks are to be found in Springfield, one of the oldest com-  
munities in Union County.

## WHAT THE SUN ADVOCATES

1. Sidewalks wherever needed.
2. So bus fare to Union Center.
3. Extended local telephone scope to Newark and Elizabeth.
4. Federal Post Office building.
5. An active Board of Trade to stimulate "Try Spring-  
field First" in purchasing.
6. Full-time position for the Township Clerk's office.
7. Encouraging clean industry, to increase tax rates.
8. Extension of mail delivery by local R. F. D. routes,  
to all portions of the township.

## HOME GARDENS

No housewife has to be told that food for civilians is  
getting shorter and shorter. All one has to do is look at the  
shelves in the stores, listen to the radio and read the papers.  
While our national food supply is getting low, food is  
our most important asset in winning the peace in Europe.  
According to officials, next winter will be worse in Europe  
than it was during the Nazi occupation, with less coal and  
less food available.

It is more important than ever that every person who  
has a yard, or who can use a piece of ground during the sum-  
mer, put it to the best advantage and grow as much of his  
own family's food as possible.

If you haven't had a victory garden before, you'll be  
surprised how the sight of your own vegetables growing in  
your own garden can make you forget that you wanted to go  
away for a trip this year, and you'll welcome your vacation  
so that you'll have time to work in your own garden. It's  
not too late to plant for this year, and you'll get a thrill out  
of opening your own jars of vegetables to help with next  
winter's meals.

This year, above all others, plant a garden, make it pro-  
duce, and can your surplus. Let's show the world that we are  
as united in peace or we are in war, and let our enemies know  
that we intend to win the peace this time.

Your local Victory Garden chairman will be glad to  
help you with any problems you may have, or you may write  
your County agricultural agent for information.

Gardening is fun, and will help you get in tip-top con-  
dition so that you will feel better all winter.

And you'll feel better right now to know that you are  
helping your country by deed, instead of just word.

If any of your family can spare a few hours a day, or a  
few days or weeks during the summer, register now to help  
the farmers harvest their crops. It was volunteers who made  
possible the harvesting of the crops last year, and it will be  
volunteers who will have to get them in this year.

Let's all work for peace.

## FROM GARDEN TO SHELF

BY MARY W. ARMSTRONG  
Home Demonstration Agent

To help keep the needle on your  
pressure cooker's gauge adjusted  
for accurate reading, open the pet-  
cock very slowly just before the  
needle reaches zero.  
Widespread neglect of this im-  
portant step in the canning pro-  
cedure has been brought to light  
as homemakers have had their  
pressure cooker gauges tested this  
spring. So even though you  
breathe a sigh of relief when the  
processing time is up and your  
jars of beans or beets or carrots  
are about ready to be removed  
from the cooker, don't forget to  
open the petcock—slowly—just be-

fore the needle points to zero.  
Corn syrup or honey will help  
transform a small amount of sugar  
into a generous amount of sweet-  
ening. When used for canning  
fruit, eight cups of medium syrup  
should be adequate for eight quarts  
of fruit. The following propor-  
tions are suggested when corn  
syrup is used:

- 5% cups water
- 1 cup corn syrup
- 3 1/3 cups sugar

A glossy, firm product is gen-  
erally the result when this com-  
bination of sugar and syrup is used  
for canning fruit.

"But honey is sweeter than sug-  
ar, so why use both in the same  
syrup?" you may ask. And it's a  
good question. The reason for us-  
ing sugar and honey in the same  
syrup is that honey has a charac-  
teristic flavor of its own which may  
overshadow the flavor of delicate  
fruits if honey is used as the sole  
sweetening agent. However, you  
can use a much higher ratio of  
honey to sugar than of corn syrup  
to sugar. Here's the suggested  
proportion:

- 1/2 cup sugar
- 1/2 cup honey
- 2 1/4 cups water

## Seniors Take Trip To Rye Beach

Today the Seniors from Region-  
al High will leave for a sail up to  
Rye Beach. Each Senior has been  
allotted \$4 from the class treasury  
and the 140 Seniors plan to have  
a gala time with this money. To  
add to their fun, today is 6c day  
at the Beach. They will make the  
trip down the Hudson on the  
steamer Amerianna. The class  
plans to leave Rye Beach at 5  
P. M.

Miss Betty Bldgood, Miss Mar-  
garet Smith, Joseph Battaglia and  
Stanley Werner, teachers, will ac-  
company the class.

## Retail Clothing Stock Reported At Record Low

Stocks of clothing in the hands of retail distributors throughout the country are at the lowest point in history and this situation will be further aggravated "by the necessity of having civilian goods ready for hundreds of thousands of returning veterans during the next few months," Cohen, Goldman & Co., men's clothing manufacturers, declared yesterday in a statement urging the immediate ending of the worst year "freeze" and the substantial modification of War Production Board order M-338.

The statement cited letters from retailers who declare that even now merchants are unable to outfit the returning service men because many important sizes no longer exist in their stocks.

Pointing out that in the years 1942-44 "the requirements with replacements for an Army of 12,000,000 men and 1,000,000 women were met, in addition to a large amount of civilian goods" without any restrictions by government, the statement declared that today, with the prospect of a better labor situation, not only could the military needs be met, but unrestricted production also would provide an ample supply of materials for both the home front and lend-lease needs.

In connection with lend-lease requirements, the statement urged that these should be studied carefully in view of changing conditions since the end of the

war in Europe. French, Italian and Belgian woolen mills, it is said, are in shape to start production immediately. "England controls a vast supply of foreign wools and we know that she would be willing to make it available to start production at once in these countries," the clothing firm said. Russia, too, it added, is anxious to get back into the production of fabrics and could be counted on to help.

## Useful Plants Of The Philippines At Newark Museum

On Thursday, May 31, an exhibit featuring the "Useful Plants of the Philippines" will open in the Science Department of the Newark Museum. Mounted specimens of the actual plants will be shown along with descriptive accounts of their origin, preparation and use. Articles made from these plants by the natives of the Philippines, will also be on exhibition.

Among the plants included in this exhibit are bamboo, abaca or Manila hemp, coconut, buri and other palms, tree fern, cattail and various grasses and rushes, rattan, native vines and a bast fiber known as lusuban. These comprise only a part of the wide variety of native plants and fibers of industrial use which are to be shown. Among the examples of Philippine native craft, for which these plants are used, are hats, brooms, baskets, dishes and other containers, traps and woven products. In addition to these there are examples of wood carvings and other ornamentation. A native shield is also to be shown.

This exhibit is interesting both from the standpoint of the unique raw materials shown and the ingenuity of the natives in utilizing them in crafts.

## Largest Red Cross Club In So. Pacific Theater

The largest American Red Cross club for enlisted men in the South Pacific war theater was opened late in April in the former Philippines Trust Company building in ruined Manila. The ground floor offers a roomy lounge, canteen, information desk, library and game room. Two upper floors contain a ballroom and bowling alleys.

## Women Buy Life Insurance

Women bought 17 per cent more ordinary life insurance in 1944 than in the previous year, according to an analysis of a representative cross-section of the United States life insurance business made by the Institute of Life Insurance.

That the national average cost of electricity for residences has been cut by almost 50 per cent since 1913—the average cost of fire insurance by more than 40 per cent.
