

Summit's Fifth Annual

VALUE ROUND-UP

SUMMIT DAYS

TO BE HELD

August 16, 17, 18

*Summit Merchants Again Invite You
To Their Annual Shopping Event*

The Merchants displaying the **SUMMIT DAYS** insignia will have many items on sale below the ceiling prices set by our government.

We assure you that we will do our level best under these war-time conditions to make your shopping on **SUMMIT DAYS** worthwhile.

Certain lines of merchandise may not be available in all sizes, colors, styles or quantity. So please bear with us in our sincere effort to be of service to you.

FARE REFUND

ROUND TRIP BUS OR RAILROAD fare will be refunded to out-of-town shoppers (within a radius of 25 miles) who attend **SUMMIT DAYS**. Your sales slips from any of the stores listed below, dated Aug. 16, 17 or 18 is all you need. Bring them to **THE SUMMIT HERALD OFFICE, 22 BANK ST.**, and get your refund.

PARK FREE

You Can Drive to Shop, You Know!
WHILE SHOPPING you may park your car free and for as long as you wish in either of Summit's **TWO MUNICIPAL PARKING LOTS**, one located at the rear of **37 MAPLE STREET** and the other between the **LIBRARY** and **Y. M. C. A.**, also on **MAPLE STREET**.

TOWN and FARM in WARTIME

Prepared by OFFICE OF WAR INFORMATION

CIVILIANS AT WAR

The Government needs and asks its citizens in this 1945 week of the war against Japan to:

1. Use only as much gasoline as you absolutely need. More gas is required for the stepped-up Pacific war alone than was used when we were fighting on two fronts.
2. Can your surplus vegetables while they are plentiful. Recent rain-damage to crops makes home-canned supplies even more necessary to supplement commercial output.
3. Fill one of the remaining openings for Cadet Nurses in September classes. If you are a high school graduate, you may be eligible for valuable professional education free in a school of your own choice plus maintenance and a personal allowance. Write to U. S. Public Health Service, Box 88, New York 8, N. Y.

REMEMBERS

Last date for use—Meats, fats: Red stamps Q2 through U2 August 31; V2 through Z2 September 30; A1 through E1 October 31; F1 through K1 November 30.

Processed foods—Blue stamps Y2, Z2, A1, B1, C1 August 31; D1 through H1 September 30; J1 through L1 October 31; P1 through T1 November 30.

Sugar stamps: 36 August 31. Next stamp becomes valid September 1.

Fuel-oil—Period 1, 2, 3, 4, and 5 coupons, good for ten gallons per unit; continue valid throughout the country for the rest of the heating year. New Period 1 coupon in the 1945-46 ration may be used anytime after June 1.

Shoes—Airplane stamps Nos. 1, 2, 3, 4, in Book Three continue valid indefinitely.

SUGAR DISTRIBUTION WILL BE IMPROVED

Secretary of Agriculture Clinton P. Anderson says that civilian distribution of sugar, particularly in

Eastern areas where shortages are most acute, should be improved through a redistribution of 40,000 tons obtained through a reduction in military procurement. The action does not increase the total amount of sugar allocated for civilian uses, but is designed to assure more even distribution of available supplies.

SCHOOL LUNCH PROGRAM TO CONTINUE IN 1946

School lunch programs throughout the nation will continue to receive Government assistance during the 1945-46 fiscal year. Schools which participated in the program during the 1944-45 fiscal year are being reinstated upon request under a simplified agreement. Schools wishing to participate in the program for the first time may apply to the Department of Agriculture, Washington 25, D. C.

The school lunch program is designed to operate under local sponsorship of school boards and other school organizations, parent-teacher groups, civic groups and other non-profit organizations. A group desiring to sponsor a lunch program and needing financial assistance to operate one adequately, may apply to the USDA for aid. If the application is approved, the USDA and the sponsoring group enter into an agreement setting forth the responsibilities of each.

GASOLINE RATIONS

Special gasoline rations will be provided for service men discharged from the armed forces for use in attending to personal affairs and making adjustments to civilian life, Chester Bowles, Administrator of OPA says. The special ration, which local War Price and Rationing Boards may begin issuing August 3, 1945, is limited in each case to the needs of the veteran and may not exceed 50 gallons of gasoline. It is restricted to veterans who have been separated from active service within the preceding

30 days or to officers on terminal leave preceding their separation from the service.

"When applying to their local boards for this ration, both officers and enlisted men discharged from the Army must present their copy of War Department Form 100 together with application form OPA-552 and the mileage rationing record. Enlisted men discharged from the Navy, Marine Corps or Coast Guard must present Navy Form-553, Marine Corps Form 78PD or Coast Guard Form 553. Officers discharged from the Navy, Marine Corps or Coast Guard present a copy of the orders releasing them from active duty."

VETERANS PLACED IN 88,495 JOBS

Local offices of the U. S. Employment Service placed 88,495 war veterans in jobs during June, an increase of 2,870 over the May total of 85,625, according to the War Manpower Commission. Placement of veterans of the present war increased 4,493 in June to a total of 74,993 over the May total of 69,800.

Professional and managerial positions accounted for 1,765 of the June placements; clerical and sales work, 5,782; service trades, 7,610; skilled jobs, 13,682; semi-skilled jobs, 18,032; and unskilled, 44,723. An increase is noted in each classification. Total placement of handicapped veterans declined in June to 11,185 from the May total of 12,331.

COMING EVENTS

- Aug. 13 (Mon.)—Baltusrol Building and Loan Association, meeting, 277 Morris avenue, 8 P. M.
- Aug. 15 (Wed.)—Fire Department, monthly meeting, firehouse, 8 P. M.
- Aug. 15 (Wed.)—Board of Health, meeting, Town Hall, 8 P. M.
- Aug. 16 (Thurs.)—Story Hour, Springfield Library, 1:30 P. M.
- Aug. 16 (Thurs.)—American Legion, meeting, Legion Hall, 8 P. M.
- Aug. 18 (Sat.)—Dahlia Society, meeting, Regional High, 3 P. M.

- Sept. 10 (Mon.)—Reopening of James Caldwell and Raymond Chisholm Schools.
- Sept. 12 (Wed.)—Township Committee, meeting, Town Hall 8 P. M.
- Sept. 15 and 16 (Sat. and Sun.)—
- Tax ratables in New Jersey have shown slight increases in recent years, but have dropped over an 11-year period, reports the New Jersey Taxpayers Association. Ratables in 1935 were \$5,841,062.846 and in 1945 \$5,439,770,529.

YOUR VICTORY GARDEN

FINAL SOWINGS

By FRED D. OSMAN
Union County Agricultural Agent

This is the last call for sowing the final crops in northern New Jersey. Up to about August 15 will be safe in the central part of the state and to August 20 or 25 in the southern section except in such spots where early autumn frosts occur. This planting date will allow sufficient time for growth to edible size of looseleaf and head lettuce, curly and broad-leaved endive, spinach, kale and radishes, both regular and winter varieties.

Prepare Soil Well

Most of the sowing will be made in parts of the garden where other crops have been grown. Since this is usually a difficult period for seed germination, it is advisable to prepare the soil as well as possible. The soil should be dug to loosen it up. If you have some well-rotted stable manure or compost,

dig this in. Break the soil up and rake it to create a fine seedbed.

Methods of Seed Sowing

The best way to sow the seeds is to water them in. Make the furrow at the appropriate depth for the kind of seed, and sow the seeds thin. Then pour water over the seeds, or preferably, use a starter solution. This is prepared by placing two teaspoonfuls of 5-10-5 fertilizer in 12 quarts of water. It is a good plan to get this ready the night before. After the seeds have been placed, pour the seeds at the rate of one teaspoonful to one foot of row. Four gently so that the seeds will not be picked up and floated into bunches. After this moisture has seeped into the ground, draw in loose soil to fill the furrow. Do not tamp it. It is good insurance also to spread dried grass clippings or some other light mulching over the furrow to hold moisture.

The old method is done without the use of water or a solution. Make the furrows, just a little deeper than in spring sowing, and place the seeds. Then draw in soil to about half fill the furrow. Tamp this down. Next draw in loose soil to fill the furrow. Mulching the rows is good practice.

If a mulch is used, watch for germination, and as soon as the seedlings appear, pull the mulch to the sides of the row.

Spotting

If you have not tried spotting

this is a good time. It is especially useful for plants that must stand some distance apart, but can even be used for lettuce. Kale, for instance, should stand 16 inches apart. Take two or three seeds between the thumb and forefinger and place them at the proper depth by thrusting the thumb and finger into the soil and releasing the seeds. Gently press the soil over them. As soon as the seeds germinate, thin out the seedlings leaving one at each place. This is easy and conserves seed.

Watering the Garden

Clean culture or a mulch will do much to conserve moisture. The time may come when additional watering may be necessary. If it should, do the job thoroughly, wetting the soil to a depth of six to eight inches. Sprinkling may do more harm than good.

"I WOULD BE TRUE"

—HOWARD ARNOLD WALTER—

I would be true, for there are those who trust me:
I would be pure, for there are those who care:
I would be strong, for there is much to suffer:
I would be brave, for there is much to dare.

Little Stories
GREAT HYMNS

This youthful message was not written to be a hymn, but a creed, poem, sent straight from the heart of a young man to his mother. It is the philosophy of a courageous son who glories in daring, not for himself alone, but for those who are weak and suffering. It is a personal challenge to youth everywhere.

NEWARK HAHNE & CO. MONTCLAIR

this fall... coats are belted and beautiful

WITH FURS FASHIONED TO EXPRESS INDIVIDUALITY

These luxuriously furred coats represent the new season's trend, which focuses attention on the sharply drawn silhouette. Each coat is very different in style and treatment, but all have two things in common: they're belted and beautiful. Even the Tuxedo model has a belt, which is definitely news.

A—An important short coat in black with lustrous Persian lamb front. Unusual belt studded with bright nailheads. 195.00 plus 20% Fed. tax

B—Belted tuxedo with new, deep armhole, lavishly furred with sheared beaver. In white wine. 240.00 plus 20% Fed. tax

C—Collarless belted coat in a heavenly shade of aqua,uffed generously with glinting silver muskrat. 98.00 no tax
