FRIENDS!!

You'd never know it, but come Tuesday we're going to have another election in town. It's a mighty important election, too, and our suggestion is to get out your family and your friends and vote with all this logic talk about competency, some folks seem to be worried over the possibility of a Turk victory. . . . as far as Glenn, Turk's running mate, is concerned, he doesn't stand a ghost of a chance.

The fact that Turk and Glenn are running under the Democratic banner for Township Committee just happens to be one of these things. . . . whether or not they have been endorsed by the Democratic Club is a moot question. . . . We do know several outstanding local members of the party who are thoroughly disgusted with the way the whole show has taken shape. . . . even now, before election, there is considerable reason to believe we're going to have a complete Democratic slushup with splendid fellows like Harry Monroe and Tim Sheehan attempting to straighten matters.

This newspaper stands vigorously opposed to Turk, not because he's a Democrat, but because of his consistent "protectionist" complex. . . . his inherent faculty of failing to trust anyone, and his characteristic "fence straddling" tactics. On the other hand, we made up our minds about Glenn a long time ago and his actions last Wednesday night before the Township Committee put the clincher to our opinions. . . . then again, he'll not be elected anyway, so why waste the space.

We could go on for a long time about Turk and what he hasn't done for Springfield, but as indicated before, space is valuable. . . . the only reason the ex-official stands any sort of a chance Tuesday is because lots of people, particularly in his own Republican party, may be sore at Al Binder, candidate for re-election. . . . the only gripe with Al is said to be the way he lets our esteemed police chief tell him how to run the police department, especially when it comes to the Morris avenue traffic problem. . . . otherwise, we consider him a good official with the courage of his convictions. . . . it is true that he spouts off too often, thereby antagonizing some people and losing votes, but all in all Binder has done a pretty fair job and deserves return to office.

Mayor Robert Marshall, running with Binder for re-election, should be top man on the ticket. . . . Bob was green when he was handed a tremendous job of running what appeared to be a uninvolved show three years ago. . . . he, too, has worked hard these past 30 months but his mistakes have been few and his accomplishments many. . . . Mayor Marshall is a credit to Springfield.

It is our opinion that Tuesday's vote will be one of the lightest in local General Election history. . . . Marshall definitely will garner most votes with Binder occupying second position, with 50 or 75 votes separating the pair. . . . they will come Turk and last and least we'll see H. Stanley Glenn.

In concluding this column the writer wants it clearly understood that he agrees as all-Republican Township Committee, such as we have now, doesn't coincide with the principles of democracy. . . . but until such time as we get a couple of minority party candidates who stand up well against the opposition, then we will continue to favor a stand-pat attitude.

Just in case you're interested in quickly results on Tuesday's election, The Sun will have four phones open in its offices at 226 Morris avenue immediately after the polls close. . . . we'll give you the information as fast as we get it. . . . the numbers are Millburn 6-1276, Millburn 6-4450, Millburn 6-4451, and Unionville 2-2009.

School Group Starts Work On Research

4-Point Program On New School Being Launched

Concrete recommendations on a new elementary school setup are expected to be received Monday evening, November 20, when the newly formed School Advisory Committee meets at the James Caldwell school to discuss reports of its special groups.

At a recent meeting four committees were named to study the school expansion problem. One of these headed by John A. Kelly, of the Colonial Garden Association, will investigate "immediate needs." The group will study the need for school facilities and utilize a survey to be made by the Parent-Teacher Association on future enrollment trends. The committee will consider the number of classrooms needed to house children and the need of such additional facilities as gymnasium, shop, home economics and special facilities.

Another committee will investigate a site for the new school. It also will ascertain what would be a fair price. Planning Commissioner Harry H. Spencer heads the committee.

The third committee will investigate phases involving construction of a new school building. The members will look into various types of construction and ascertain what is best suited to Springfield's needs, contemporary plans and comparative costs. Harry E. Monroe, of the Citizens' League, is the chairman.

The other committee is the finance group which will determine ability of the township to pay and the means of financing. Charles Remington, of the Rotary Club, heads this committee.

An announcement has been made that sub-committee chairmen will welcome any constructive suggestions on their particular projects.

Lions Hear Talk On Road Damage

The immediate need for revising present highway user tax methods was stressed last week by Fred D. Steljes, vice-president of the New Jersey Automobile Owners, Inc., in an address before the Springfield Lions Club in the Orchard Inn.

He said the financial burden on property owners today has resulted in an unfair hardship and proposed that the trucking industry assume a larger share of road costs. In what he termed the "unfairness of current New Jersey highway taxes," Steljes told assembled Lions that passenger car owners pay too much and big trucks underpay their proper share of road costs by as much as \$400 a year.

Applying that sum to even a portion of the state's thousands of trucks and to the many thousands of out-of-state trucks, and you get some inkling of New Jersey's missing highway revenue. "New Jersey, the most truck-travelled state in the nation, has the most to gain from the ton-mile tax and the most to lose if our highway finances remain in their present jumbled condition," Steljes said.

Steljes said that the people scored a victory in the recent legislation to limit truck axle loads and to protect New Jersey highways and bridges. "Now," he concluded, "we must take steps to place the costs of our highways on a fair basis by levying taxes according to highway use."

Louis Zencz, program chairman of the club, led a question-and-answer period after the speaker concluded. Discussion centered on Assembly Bill 13, passed in the special session of the legislature late this spring, as well as on the effect this proposal tax measure would give to property owners in this state.

Music Dept. Meeting
The music department of the Springfield Women's Club will meet this evening (Thursday) at the home of Mrs. Watts D. Chapin, 213 Ballantyne avenue. The group is working on Christmas music at present, and any club members interested in participating, have been invited to attend.

Halloween Contest Prizes Awarded

Winners of the annual Halloween window painting contest were announced yesterday by Adam La Sota, chairman of the arrangements committee. First prize goes to Doris Williams, John Witkowski and Walter Zawacki were awarded second prize and Christina Stepe and Carol Mente, third prize.

Ruth Pines and Joan Preston won first place for the most artistic painting. John Wesner won second prize and Fred Zanger and Gail Runyon were awarded third prize. Honorable mention goes to Pauline Kubovitz.

Judges were Richard Benkert and Mrs. Raymond Forbes. The contest was sponsored by the Springfield Rotary Club. The late Mrs. Nina Warner and Russell Post supervised the painting.

Pupils Face Loss of Plays, PTA Head Tells Her Group

Failure of Springfield parents to recognize the value of good theater for their children may result in the cancellation of two of the three plays scheduled for presentation here this season by the Salome Gaynor Theatre for Children, Mrs. Thomas Doherty, local PTA president, told members at their regular monthly meeting Monday night in Raymond Chisholm School. "To date, approximately 500 tickets have been sold," she stated. "Unless an additional 400 are sold by presentation of the first play, 'Phoebus,' on Saturday, the succeeding performances of 'Tom Sawyer' and 'Hans Brinker' will have to be cancelled."

Mrs. Doherty itemized the expenses incurred in the production and presentation of the three plays, stating that it was not the intention of the PTA to realize any profit on this project. The proceeds from the sale of 900 tickets will only cover the actual expenses. She explained that tickets had at first been pushed for school children only, but urged that parents now purchase tickets for their smaller children and themselves in order to push forward this new venture for Springfield.

Much discussion followed Mrs. Doherty's announcement. In spite of numerous announcements by the local press, school authorities, and "word of mouth," several members of the group.

Three Springfield Police Officers Honored for Service to Community

Three members of the police department were honored by the Township Committee last week for the off-duty work they do in connection with the municipal rifle and gun range. They are Lieutenant William Thompson and Sergeant Albert A. Sarge.

Gifts were presented Lieut. Thompson by Patrolman Vincent Pinkava, in behalf of the Patrolman's Benevolent Association, to Sgt. Searles by Frank Perrilli, in behalf of the Springfield Revolution Club, and to Sgt. Sarge by Russell Anderson, in behalf of the Teen Age Rifle Club.

In calling the three policemen to the platform, Binder stated, "All too often a segment of the public at large thinks of a municipal employee as one whose job is rather limited in responsibilities and whose work is confined to a fixed regulation hour of duty. They are not aware that many of these employees are hard working individuals who often give of their time and efforts far beyond their call of duty, and, for the benefit of you and me and the community at large, three examples of such employees are the men who stand before me tonight."

Binder had this to say about the three honored police officers: **LIEUT. WILLIAM J. THOMPSON** Lieut. Thompson has had supervision of the regular officers and special officers at the pistol range for the past ten years. He has instructed all newly appointed officers and new special officers in the

Town Committee Seats At Stake As Voters Go To Polls Tuesday

Herb Kuvin Backs GOP Candidates

Herbert A. Kuvin, local attorney and candidate for Township Committee on the Independent ticket last year, today urged the re-election of the two Republican candidates, Robert W. Marshall and Albert G. Binder.

Kuvin stated he has known both candidates for a number of years and has had many conferences with them on municipal matters. He finds them well qualified to handle township affairs and, also very conscientious and sincere in their efforts to make sure that Springfield and the residents have the best obtainable for the least amount of tax dollars.

"Kuvin further declared he is asking all those persons who worked and voted for him in the last election to exert every effort to have the election of Marshall and Binder made a certainty. 'It will be for the best interests of all of us,' he said.

The attorney called attention to the fact that this is a general election. The entire machine is open. A voter does not have to declare his party affiliation at this time and can vote for the two candidates even if the voter is not a Republican. Regardless of your State and National politics, Springfield needs Marshall and Binder—continue them in office," he concluded.

Police Make Fast Capture Of Service Station Bandit

Fast work by Sgt. Wilbur Sclander and Patrolman George Parsell, resulted in the arrest early Monday morning of Charles I. Rendale, 31 years old, of 15 Lehigh avenue, Princeton. Police said the Princeton man was robbing the Becker Gas Station, Route 29 and Dunder road. Rendale was arraigned Tuesday before Magistrate Henry C. McMullen in Municipal Court on

a charge of breaking and entering and larceny. He was ordered held without bail for Grand Jury action.

Police reported that the radio patrolman and his superior officer had noticed a car parked some distance from the gas station. Investigating they found a rear window broken and the front door unlocked.

One entered the front and the other the rear. The couple then cornered Rendale in the boiler room, police said. They reported finding \$39.75 in his jacket. This allegedly was identified later by Paul Becker, of 76 Naden avenue, Irvington, as the day's receipts.

Chief of Police M. Chase Runyon said Rendale had patronized the station earlier in the day and apparently had observed where the money was placed.

Members of the faculty and the student body of the Jonathan Dayton Regional High School today are mourning the death of Mrs. Nina Wood Warner, a member of the faculty. Mrs. Warner, 51 years old, of 320 Walnut street, Roselle Park, died Sunday in Elizabeth General Hospital after an illness of two days. She was stricken Friday night while attending the high school senior play. Mrs. Warner taught art at the high school.

A native of Syracuse, N. Y., Mrs. Warner came to this area 15 years ago from Bergenfield. She taught oil paintings and other art and had been a substitute teacher in the public schools of Roselle Park. She also instructed private classes. Three years ago she joined the faculty of Regional High School. She was a past president of the Central P.T.A. of Roselle Park.

Mrs. Warner was a member of the Community Methodist Church of Roselle Park. She was first president of its Woman's Society of Christian Service. She also was secretary of its Married Couples Club and formerly was a superintendent and teacher in its church school.

Mrs. Warner is survived by her husband, Laurence M. Warner; a son, Richard; a daughter, Nadine; her father, Clarence A. Wood, of Brooktondale, N. Y., and three sisters, Mrs. John Russell, Brooktondale; Mrs. Sidney Weston, Cambridge, Mass., and Mrs. George A. Raab, Rockville Center, L. I.

Attention Also Centers On Huff's Tenure Bid

Hundreds of Springfield voters will go to the polls Tuesday to elect two members of the Township Committee, decide whether Tax Collector Charles Huff shall have tenure in his post and will record their choices for the district's representative in Congress as well as for sheriff and three members of the Board of Chosen Freeholders.

Of primary interest here is the township committee contest which finds two incumbents, Mayor Robert W. Marshall and Police Commissioner Albert G. Binder, Republicans, opposed by former Township Committee member George M. Turk and H. Stanley Glenn, Democrats.

In campaign statements issued today to the Sun, Mayor Marshall and Binder declared they were assisted to campaign on their records and would present them to the electorate for its approval. The Mayor has been a member of the governing board three years and has served as chief executive since 1949. Binder is completing his second year of an unexpired two-year term. Both men said they had attempted to apply strict business principles to the administration of

township business and had conscientiously voted on all items. The Democrats failed to issue a pre-election statement to this paper. Generally speaking it is expected that both Republicans will be re-elected. The township is heavily partisan and a Democrat can be elected to office only with G. O. P. votes. It has happened before but generally there has been a split in the Republican ranks. Although all party leaders are not hot advocates of the incumbents, there was no primary contest and it's not logical to assume, observers claim, that a large number of Republicans will vote for Turk and his running mate.

There have been reports in recent weeks that all is not well in the Democratic ranks. Turk and Glenn have conducted what virtually amounts to an undercover campaign, making few party appearances. But such party status as Tax Assessor Frank Cardinal, former Township Committee member Francis J. Kenna, Timothy J. Sheehan and Eugene Becker, who once was the party's campaign manager, have not been active in the candidates' behalf.

On the other hand, former Township Attorney Herbert A. Kuvin, who was an unsuccessful independent nominee for the governing board last year, endorsed both Marshall and Binder this week. However, persons who make a habit of analyzing the chances of candidates in local elections, point out that, although indications point to a Republican victory, there still is a possibility that Turk may garner more votes than Binder—who they concede is more vulnerable than Marshall because of his inclination to be outspoken. Turk has been conducting a vigorous door-to-door campaign which possibly could have better results than anticipated, they say.

It also is generally believed that Huff will be accorded tenure. He has pointed out that the tenure affects only him and that any successor cannot be given tenure until he has served ten consecutive years. He has pointed out that even with tenure, he still can be removed for wrong-doing or for inefficiency in office. Huff's popularity has been such that he has been reelected a number of times and the only opposition to date has been of a partisan nature.

In the balloting for the Congressional post and the three freeholders' seats and the shrewdly it's a foregone conclusion that the G. O. P. candidates will receive heavy majorities.

For years, Lieut. Thompson has directed every Sunday morning to the training of members of the department in target practice and in a constant inspiration toward better marksmanship. This has all been done on his own time.
During the recent war, Lieut. Thompson devoted many hours to the training and instruction of forty reserve police officers ap-

pointed to the Local Civilian Defense organization.
Thompson has also saved the township hundreds of dollars by reloading most ammunition for use of members of the department, without charge, and on his own time.
The lieutenant is an expert on firearms and his knowledge has been of invaluable aid to the department, in our excellent marksmanship, and patient instruction, has inspired younger members of

SGT. HAROLD D. SEAGLES
Sergeant Seagle has had supervision of these adults in the township revolver range. He has been in weekly attendance and devoted many hours of his own time in registering and supervising the range, when in use by adults, for the protection of individuals as well as the township's responsibilities.
The sergeant is a member of the Springfield Revolver Club. This was established and organized by local residents who were using the municipal range under his direction. Some of these men never previously discharged a revolver. The members of the Club now have an expert revolver team that has successfully engaged in matches with other teams throughout the state and have won many trophies.
In recent months, Sergeant Seagle, with the help of volunteers and the employees of the Road Department, and much borrowed and donated materials, has changed and rebuilt the facilities at the Municipal Range into a modern installation equal to that of any surrounding community.
This sergeant's time and efforts in making the facilities of the municipal range available to local adults has prevented the dangerous and promiscuous discharge of firearms in the mountain area, which heretofore plagued the department with complaints and resulted in many injuries to innocent persons.

Club Women See Glass Blowing

A demonstration of glass blowing will be given by Grace Howell of West Orange, at the meeting of the art department of the Springfield Women's Club on Monday evening, November 6, at 8:30 at the home of Mrs. Kenneth Bandomer, Evergreen avenue. Miss Howell, who is a former resident of Springfield, is one of a few persons in the country who practice this delicate art. Many people may remember seeing the exhibit which she and her family had at the World's Fair. She now is the proprietor of a small shop in West Orange where she does this work.
This group also met last week at the home of the art chairman, Mrs. Henry Vance, 37 Evergreen avenue. Under Mrs. Vance's supervision, the members made ringerose costume jewelry.
Miss Gertrude Sale of 468 Morris avenue has been named co-chairman of the department.

Health Services At Regional High

During his high-school career at Regional each student has a minimum of two comprehensive health examinations, one during the ninth year, the other during the twelfth year. A minimum of twelve minutes is devoted to each student when he is examined by Dr. Irwin Kimeche, school physician.
Through the medium of the social studies classes students will participate in activities appropriate to American Education Week. On classroom bulletin boards materials will be displayed emphasizing the special topics of "What is the American Way of Life," "What is Education for the American Way" and Education for Civic Responsibility."
JURY DUTY
Instructions to report for duty on petit juries in Union County courts for the period beginning Monday, November 6, and ending Saturday, November 18, have been sent to 100 county residents. The names were drawn by Sheriff Charles E. Ayers and Jury Commissioner William A. Bourdon before County Judge Walter L. Heffield. Benjamin Korb, clerk, was a witness. NURSERY SCHOOL OPENS IN TOWN

A state approved Nursery School for children 3 and 4 years old recently opened in town. The playroom at 110 Lyon place was formerly a Child Care Center but was certified last Thursday as a Nursery School after a thorough investigation by the Assistant in Early Childhood Education of the State Department of Education.

The school offers a various and balanced program including experiences in constructive play such as painting, woodworking and block building, songs and rhythm, discussions and stories and outdoor play. Through supervised and organized contact with other children his own age the child learns to adapt himself emotionally and socially. Director is Mrs. Joseph Kenny, a former kindergarten teacher who holds her Master's degree in Child Psychology.

Rummage Sale

Ex-Regional Star In Grid Classic
Raymond Voltera of Springfield will have the honor of performing in the historic Hall of Fame football game on Saturday, November 4, when Rutgers University meets Brown.
Voltera, a graduate of Regional High School, is a junior member of the Scarlet eleven which faced the Brown in the first intercollegiate football game for the benefit of the National Football Shrine and Hall of Fame.
The Rutgers-Brown contest will provide a substantial contribution in this first step in a national building fund campaign for the national Shrine on the Rutgers campus. The site was selected more than a year ago with the endorsement of thousands of football writers, coaches, fans, players and athletic directors from all over the nation. America's first intercollegiate football game was played at Rutgers between the Scarlet and Princeton on November 6, 1869.
A national finance committee has estimated the building cost of the Shrine and Hall of Fame between three and five million dollars. The finished project will rank among the outstanding memorials in the world and certainly the greatest ever conceived to honor a sport and its participants, football-games. Memberships also

Rau Five Bowlers In First Place

Rau Five bowlers took two games from American Legion Monday night, and now hold a one-game lead. Seven Bridge Tavern, Bunnell Bros. and the Senators are in a three-way tie for second position. Seven Bridge won two games from Russell's Men's Shop, the Senators lost two to Geljack's Jewelry Shop—Bunnell Bros. won all three from Springfield Market. Keller's Five took two from Hershey Ice Cream and Battle Hill won the odd game from Nelson's Tavern.
Eddie Parsell of Geljack's had high score with games of 185, 206 and 207, for a 598 series. Highest single game was Walter Keller's 226. Tony Graziano had 211, Bill Senko, 208 and Rocky Graziano, 206.

Bulldogs Triumph as Six Regionalites Score in TD Parade Over Union Farmers

By DONALD ROSSETT
Scoring enough points to win in the initial minutes of play, Regional High School's football machine Saturday remained the only unbeaten combine in Union County by soundly trouncing a weak Union eleven 48-12. The contest was marred by several penalties for roughness against each side.
Tex Crabtree kicked off for Union and Frank Vicendese almost won all the way, finally being dropped on about the Union thirty-five. Dick Sherry ground out 24 yards on three tries. Vicendese then went over from the seven. Dick Scheffler booted the extra point. Union couldn't get anywhere in its four downs.
Regional took over on its 24. Vicendese went off tackle, broke into the open, and raced 78 yards to a score. Scheffler missed the extra point. Union again was held after receiving Vicendese's kickoff. Sherry gained a first down and 13 yards—followed before the quarter ended. The score: Regional 13, Union 0.

The teams traded possession of the pigskin near midfield. Union drove the Bulldogs back and with 25 yards to go on fourth down Regional kicked. Vicendese went to the Union 10 where the Farmers regained the ball. The Maroon and White lost 9 yards and they kicked. From the one, Vicendese passed to Sandy Gonzalez for a 20-yard gain. Scheffler converted before the half ended. Regional led at intermission 20-0.
Vicendese made a first down to open the second half. A penalty advanced the ball 15 yards. Two more penalties cut off another touchdown drive. Union took over and Regional was penalized 18 yards for clipping. Ken Chavious moved the ball nine yards before Gonzalez intercepted a pass and brought it to his 31. A 15-yard penalty and a pass, Vicendese to Zeakel, brought the ball to the Union eight. Sherry took it over for the fourth yard stripe. Scheffler scored the extra point. Two 15-yard penalties made it first and 40 for Union when Ernie Ern hit Olander Curry with a pass and the latter took it on his 40 and went all the way for Union's first score. The play covered eight-two yards and the conversion attempt failed. The next Orange and Blue TD came after a Sherry first down and a 15 yard penalty. Sherry lost yards before Bob Coles passed to Haskell for the tally. Scheffler scored from placement. The quarter

ended seconds later with Regional ahead 31-6.
When Regional again took the ball Dick Palmquist went over from the forty. Scheffler again made his kick good. Union's offense failed again and the Bulldogs took over on their opponents' 25. McCusker went around end for twelve yards and a first down. McCusker then scored another end sweep. A pass, Scheffler to Grapenthin, was good for the extra point. Regional helped a Union scoring drive with two five-yard penalties for delaying the game and a unnecessary roughness infraction cost them an additional 15 yards.
With less than a minute remaining, Ern flipped a pass to Ed Sadowski in the end zone for the Farmer's last score. The extra point boot failed. On the play a Regional reserve, John Fontenelli, was injured, the Bulldog coaches and team doctor worked for five minutes on Fontenelli and finally helped him off the field. At first, the injury was believed serious and he was taken to Overlook Hospital. He was later released.
—John
Spirits were high before the game and it was no wonder that so many roughness infractions were picked out by the officials. At press time, the condition of Johnny Fontenelli was described as good by Regional officials. One of the best plays all year witnessed by this writer was executed in the third quarter by Union. The play, a pass from Ern to Ryan, covered a total distance of 82 yards.

Operations Preparedness
THERE'S A LOT MORE to electric service than having capacity to supply present day needs. We must be ready for tomorrow, too. It takes a long time to make and set up the giant equipment and distribution facilities that supply electricity. The population is growing rapidly... the threat of war, and the extra demand that would bring, is ever present.
That's why JCP&L plans constantly for the future. As part of our \$25,000,000 community growth program we have spent in the last year alone over a million dollars in new lines and sub-stations to insure more dependable distribution of electricity. With new installations being put into the system in the near future we will have almost doubled our capacity to serve since V-J day.
This expansion has but one purpose—to provide you with the best possible service at the lowest possible cost.

SCHOOL NEWS

Raymond Chisholm

Kindergarten Mrs. Dorothy Chandler Mrs. Janet Wronsky Mrs. Florence Towner

The Kindergarten took a walk to buy a pumpkin. We saw the big boys and girls painting Halloween pictures on the store windows. We bought two pumpkins at George Zeoli's father's store. He gave us each an apple to eat on the way back to school. It was a lot of fun.

John Reuterstein had a birthday party in school. Her class enjoyed it very much.

Grades 1 Mrs. Mildred Thurber Mrs. May Busch

We have many interesting objects on our Indian display table. We have decorated our music instrument, art and language in the work of our Indian project.

We celebrated the sixth birthday of Donald Wolf and Richard Ostrom last week with ice cream. Richard Weston, in Mrs. Busch's class, celebrated his seventh birthday last week.

Our classes are reading the second primer "We Work and Play." The stories are very funny. We like to read about Baby Sully. Every day we learn new words.

Grades 2 Mrs. Helen Hegy Mrs. Alice Rieg

Mrs. Hegy's class has been discussing the signs of autumn and found out many things they never knew before. Before the birds go south they prepare for the trip by eating and eating all kinds of seed and food. They do not do as much singing as they do in the Spring. They are too busy eating and growing new feathers. Then they leave in flocks for the South. We also learned about cocoons and about the habits of the moth. Of course we all know about the leaves changing color—they are so pretty this time of the year. We have been making them on our Autumn Tree so we can enjoy them indoors as well as out of doors.

Miss Rieg's Second Grade started subtraction this past week. They can subtract up through 4. They feel quite smart about it.

Grades 3 Mrs. Ruth B. Aray Mrs. Marie Hoopmann Mrs. Marietta Parkhurst

The Third Grade classes started their library work last week. There was much to do to prepare for the opening of the library. Many books had to be mended, some needed new cards, and many needed pockets made for the cards. Then each class elected a librarian and assistant librarian. This was done by secret ballot and clerks were appointed to count them. John Keller and Barbara Bass did this in Mrs. Aray's room. The class elected Carolyn Kordajski as librarian and Ellen Pennington as assistant librarian. In Miss Parkhurst's room Barbara Nelson is the librarian and Elaine Marie Giannattasio is assistant librarian. In Miss Hoopmann's room Lorie Roetzger is the librarian and Edw. Cardinal is assistant librarian. The children have full charge of the library and keep track of the circulation of books. In the "news" periods they tell the class a little of the books they have just read.

Mrs. Aray's Third Grade star spellers for the week were Mary Ann Pettinello, Adeline Kopp, Barbara Savage, Barbara Bayala, Gail Leding, Barbara Bass, Alice Huber, Jimmy Ruban, David Ponnert, John Keller, Carolyn Kordajski, and Sally Jo Querques.

In Miss Parkhurst's room the following had perfect spelling papers for the week: Mary Lou Biles, Rita Blomberg, Patty Boyton, Betty Jane Christmas, Marie Coltrough, Corinne Davis, William Franklin, Dorothy Bahner, Elaine Marie Giannattasio, Marie Griffiths, Richard Haupt, Arlene Malcher, Peter Miller, Mary Lee Moran, Barbara Nelson, and Haroldene Schwartz.

The star spellers in Miss Hoopmann's class (these having 25 words correct) for the week were: Caryl Cantelmo, Edward Cardinal, Maria Inamarrato, Teidy Karlin, Marilyn Miller, Lorie Roetzger, Barry Smith, Richard Spickler, and Judy Wendland.

Grades 4 Mrs. Lucy Forebyll

In Science we have been talking of the parts of the Earth. There are three parts to our Earth, the land, the water, and the air. When we were talking about the solid part, or the land, we saw a picture of men working in a mine below the surface. We saw the veins of ore. We talked of how gold was mined. Charles Stevens brought in some gold leaf for us to see. He told us how it was used. Bob Zeoli brought in a belt his Uncle had made for him. Pieces of metal were set in the belt. The belt came from Texas. Joan Doering has been absent. Diana Roetzger brought in a very nice gold watch. Each member of our class signed the gift. We mailed it to Joan.

Miss Sheila Garfinkle

This past week we had a lot of interesting articles brought into our class in connection with things we are studying. Don Booker brought in a miniature microscope for us to see. We learned that germs cannot be seen by the naked eye and a microscope must be used. We know that a specimen is put on the slide, the lens

Lunch Room Menu

The menu next week at Raymond Chisholm lunchroom will be:

Monday Orange juice, spaghetti with meat sauce, peanut butter and jelly sandwich and milk.

Wednesday Orange juice, chow mein, Chinese noodles, rice, bread, butter and milk.

Thursday Meat pattie, mashed potatoes, gravy, buttered corn, bread, butter and milk.

It was adjusted and then the bacteria can be seen.

We have had some plastic covered wagons and carts brought in so we can picture how people traveled between 1790 and 1820. We have also had a powder-horn brought in by Karen Rogers.

Grade 5 Mrs. Margaret McFarrah

Last Friday the Fifth Grade elected two representatives to the Student Council. The pupils nominated candidates by secret ballot. Carol Fox, Albert Cantelmo, and Roger Smith were chosen on the basis of good citizenship, dependability, and ability to think through a problem. The voting was very close.

In order to assure greater accuracy in arithmetic, we have been working on the basic facts in addition, subtraction, multiplication, and division. The pupils who have passed accuracy tests follow: Ciska DeFreuting, Sue-Kenne, Beverly Marchell, Albert Cantelmo, Carl Haushold, Adelbert Kuzelno, Joe Montanari, and Roger Smith.

Grades 6, 7 and 8 Mrs. Isabel Nelson

Miss Helene Kostolki Miss Patricia Guerri

Exploration with its tales of bold, courageous sailors is a unit completed by the Seventh Grade. It gives a fine touch to a glorified and highly interesting period of history. Projects were done. The class was free to choose work appealing to them, whether it be reference work from books or artistic work. Originally is one characteristic we're looking for in all completed projects. The results of these (originally, amount of reference, and organization) will report to you in our next social studies account.

Our school government, the Student Council, has the following officers: President, Dustin Foster; Vice-President, John Rahen-

kamp; Secretary, Pat Molar; Treasurer, Sue Charles. Our congratulations to the newly elected officers. Representatives for Student Council were also elected from each class. In the Eighth Grade they are Kathy Rogers and Mary Richlen. In the Seventh Grade they are Kurt Rohlfing and Dorothy Augenstein, and in the Sixth Grade—Pat Prince and Charles Ferruggia. The first Council meeting to discuss their program for the year was held last Friday. Plans regarding the date for each Council meeting and organization of a court were partly formed.

The Chisholm Playhouse (our dramatic group) started rehearsal this week for their production of "Who's Afraid," a comedy. The cast was chosen during the last two dramatic club meetings. Opening day for the play will be some time in December.

A costume "Halloween Dance" was held for the upper grades last Tuesday. Chairman of the dance, Juanita Bullock, was appointed by the Student Council. Refreshments of cider and doughnuts were served. Betty Couch planned the refreshments. Prizes were awarded to the girl with prettiest costume, the boy with the funniest, and for the most original costumes. Pat Molar and her coordinating committee made the gymnasium look very "Halloweenish."

James Caldwell

Grade 1 Miss L. Anderson

Each week we read MY WEEKLY READER. Each week as we read it we find more and more that we can read by ourselves. We have learned many things by reading MY WEEKLY READER. We have learned how seeds travel and how we can work for safety. Halloween will be here very soon. We enjoy singing about

other afternoon we brought in some leaves and did splinter paints; they turned out very well. We are also studying about wheat and oats. Some children brought in flour and we examined it. Then we decided to use it with other ingredients and make some-thing. We made ginger bread men. The boys and girls took turns stirring and everyone made his own man. Jamie Peterson and Buddy Allston brought in reports on Molasses.

Grade 4 Miss R. Derivaux

Last week the two fourth grades joined together for an hour of square dancing. The fourth graders from Miss Van Arsdale's class gave us a special group of the dance themselves. In all, we are grateful for Bob Duster's reports which are excellent.

Our class celebrated the United Nations fifth birthday with a program of slides. These slides are sponsored by the United Nations just for the Elementary School. Afterwards we talked about what the United Nations Assembly does. We are glad that the world has the United Nations Assembly where each country's representative can meet with the other representatives regularly. We think it is the only way to settle differences in the world without fighting.

We are all praying for world peace and some of the boys are especially interested in the U.N. They feel that some day they may be called on to represent America. That's why we are trying so hard to make our minds learn as much as possible so that we will be ready to be leaders.

Grade 2 Mrs. F. Tomasko

This week we have been learning about messages and ways of sending messages. We cut out lost and found articles from newspapers and saw how people send messages of lost and found things. We learned of many other ways of sending messages too.

We also made nice witch pictures with Mr. Post. We had fun making them and like to see them hanging up in our room.

Grade 3 Mrs. Cross

In our language lesson we are learning to write letters. We wrote a letter to an aunt or an uncle thanking them for a "make believe gift." Almost everyone had a good letter that was put on the bulletin board.

We are learning to use the dictionary. It will help us when we want to know a meaning of a word.

Mrs. Dunn's class and our class are practicing two "Harvest Songs" for our next assembly program.

Grade 3 Mrs. M. Dunn

In Science the third grade is still talking about the leaves coloring and the seed carriers. The

The recent street exhibit of teenage art, although of rather ghastly cast (because of some whimsical influence no doubt) nevertheless shows definite talent in many cases; talent that may well reap rewards in later years.

The person, young or old, who can wield a clever brush or pencil can be sure of many pleasant hours which may easily be turned into profitable ones.

Among the new books just received are: "The Saint" by Fritz von Dürck, "Tudor Underground" by Denis Meadows, "This Land I Hold" by Virginia Myers, "Be My Love" by Harriet Hinsdale, "Brave Company" by Guthrie Wilson, "The Stevensons, Louis and Fanny" by Laura L. Hinkley, "Abby Aldrich Rockefeller" by Mary Ellen Chase and "His Majesty O'Keefe" by Lawrence Klinehamer and Gerald Green.

AN ORDINANCE CREATING A BOARD OF ASSESSMENTS IN THE TOWNSHIP OF SPRINGFIELD, COUNTY OF UNION, NEW JERSEY.
