## LISTEN

FRIENDS!!

There are many communities in the metropolitan area about Springfield's size, but few of them come forth with the bang of news stories which emanate like clockwork from this town . . . we could mention a half-dozen Springfield yarns which hit prominent positions in the dailies during the past year, the latest being sudden resignation of Police Chief M. Chase Runyon that came like a shot in the dark at last week's session of the Township Committee . . . it virtually rocked town hall, has the police department still reeling and folks are continuing to use it as the principal topic of discussion.

Here in The Sun office the shock was as great as it was elsewhere . . . we admit we heard some reports that Chief Runyon was planning to seek retirement soon, but we scoffed at the talk . . . just another one of those small town rumors, we thought . . . and when it happened you could have howled us over . . . Chief Runyon was a fixture in the police department and without him there would be no police department or vice versa . . . life goes on and Runyon will soon be a civilian resident.

As far as the editor is concerned the event caused him considerable grief, not to mention the printers . . . Page 1 was completely made up and ready to be locked when the news broke . . . banner headlines on results of the local election were reduced to secondary position and many galleys of type were dumped into the melting pot to make room for the hot yarn . . . hadn't we been alerted to what was taking place we would have been the victims of the biggest local scoop of the year.

Writer of this column is genuinely sorry to see Chief Runyon leave . . . some of you will smile at that statement but we're sure Runyon will not . . . certainly we've had our differences . . . we still believe he was a head wrong on the Morris avenue traffic and parking situation and we'll shout that from the rooftops . . . that's where all the trouble between Chief Runyon and The Sun started, but otherwise we say without fear of contradiction that Springfield will suffer an almost irreplaceable loss when the chief leaves the end of this month.

We've had the privilege of knowing and working with Chief Runyon since our cub days on the Newark dailies back in the thirties . . . stern, strict and a stickler for honesty and faithful service was the only way to describe the chief . . . unlike most other heads of police departments he constantly avoided newspaper pictures and publicity in favor of his men . . . he was rough customer to deal with . . . trying to get him to take care of a ticket was like signing your death warrant . . . he just couldn't be reasoned.

We can recall the day when old Chief McCrell of the Newark police department accompanied a slew of his men to Springfield to question a suspect in connection with the alleged kidnaping of a Newark girl . . . to remember all the details is difficult, for the case happened way back in '33 or '34 . . . by the time Newark cops arrived Runyon had solved the case . . . McCrell leaned heavily on Chief Runyon that day and the "small town chief" in his typical fashion turned the photographers' spotlights on the big city chief and went back inside to his own desk to resume his normal duties.

There was just one incident . . . there were many similar ones . . . We know of our own knowledge that Chief Runyon is a tired man . . . he's worked hard, seven days a week, night and day with few, if any, vacations . . . his top salary of \$4,800 a year couldn't begin to compensate him for what he has done for Springfield.

At this time, on the eve of his retirement from active duty, we want to publicly wish Chief Runyon every success in anything he may undertake to do in the future.

## Highway Plan Being Studied By Officials

### Alternate Route For Morris Ave. Meeting Topic

Township officials today are studying a plan presented recently by State Highway Department officials which would offer an alternate route to Morris avenue as a connecting link to Route 4. It was pointed out that the project currently is only in the embryonic stage.

Representatives of this township, Millburn, Union, Hillsdale, Madison, Morristown, Summit and Chatham heard the state officials give their overall impressions of the traffic problem in the area. Surveys, they said, indicated that most traffic that would use the new Route 4 parway would be headed for Newark and New York.

Their consideration, they reported, is being given to a highway that will link directly with Route 25 to New York and Newark at the Elizabeth-Hillsdale boundary. Present plans provide for the widening of Morris avenue from Morristown to a point near Summit and this township.

From there a new highway would be constructed to take traffic north into Millburn and then down to Route 25. The need for an alternate route to Morris avenue has been under study by township officials and others. The suggestion of an alternate highway has been made on several occasions. The situation affects Springfield critically and the present parking ban on the north side of Morris avenue in late afternoon and on the south side during the early morning was imposed because of the traffic congestion there.

A number of traffic experts have expressed belief that Route 4 will increase the traffic problem both here and in other municipalities through which Route 24 (Morris avenue) passes. Many municipal officials have claimed that an alternate route to Morris avenue would solve Springfield's traffic problems. A few years ago Chief of Police M. Chase Runyon warned that congestion probably would increase proportionately with the rate of growth in this area.

Lawyer Spring Union Township Engineer Henry Kreh Jr., presented a plan for construction of an alternate route that would start in Summit about 1,000 feet south of the Morris-avenue and Broad-street intersection. It would run in an easterly direction parallel to the Railway Valley Railroad to a point where it connected with Route 4, and Route 20 and Morris avenue east of Union Center.

## Local Army Hero Awarded 4th Cluster at Jap Base

AT AN AIR BASE SOMEWHERE IN JAPAN—First Lt. Vincent H. McGovern, son of Mrs. Cecelia L. McGovern, 21 Edgewood avenue, Springfield, is Operations Officer for this unit of Air Rescue Service, while flying the Helicopter. Lt. McGovern and his wife, the former Miss Jane Kennedy, daughter of Colonel E. T. Kennedy, are at present living in Japan. Lt. McGovern, who has just returned from eleven missions in the Korean War Zone, has been recommended for the fourth Oak Leaf Cluster to his Air Medal.

"Give me a copier every time when there are lives to be saved. With my hydraulic hoist I can pluck a drowning GI out of a picnic barrel from 50 feet in the air," Lt. McGovern said.

Third Air Rescue Squadron has the staggering task of providing rescue coverage to all combat units flying over Korea plus the transport flights entering or leaving Japan. To date this Squadron has saved over 500 lives in the Korean War. H-5 Helicopters alone have saved 306 lives by front line evacuation of critically wounded personnel and pickups behind enemy lines of American pilots who were forced to bail out or crash land their aircraft in enemy territory. Additional lives have accounted for the other 108 lives saved by sea pickups, evacuation and interception and escorts of distressed aircraft.

By flying with the 3rd Air Rescue Squadron, Lt. McGovern has been more than fulfilling the Air Rescue Service motto, "That Others May Live."

# Police Reorganization Looms in Wake of Chief Runyon's Resignation

## No Tenure for Committee

Springfield residents last week voted so decisively there is no question as to their choice. They obviously wanted the Republican party to continue the municipal administration. On the surface it appeared a normal Republican victory.

But looking deeper into the result makes one wonder whether the election does not have more serious implications. It does not necessarily mean complete approval of everything that the present all-Republican Township Committee has done, or has not done.

The alternative was the election of George M. Turk and his running mate. Turk in the past two years has been a heckler and a politician who has battled, not for constructive government as he once did, but primarily to promote Turk.

But the present Township Committee obviously has hedged on several matters of importance. Not all of its members, it is true, have delayed consideration but some have. Members of the Township Committee should not assume this election is a mandate to continue such practices. Let's abolish the too frequent habit of appointing committees to do the work of the Township Committee. Its members are elected to face responsibility and should do so. Otherwise a revitalized Democratic party or a fusion movement may step in and offer to face these issues.

Yes, the people have spoken but they haven't given tenure to the Township Committee. Let's remember this for the next twelve months.

## Many Changes Scheduled By Troubled Town Board

Reorganization of the police department with the likelihood that a virtual chain of command will be established is expected within the next few months, it was learned this week.

A member of the Township Committee revealed yesterday that a number of important changes are scheduled as a result of approval last week of the application of Chief M. Chase Runyon for retirement. The move came as a complete surprise to members of the governing board. They attempted to have the chief delay his action but he was adamant.

Retirement of Chief Runyon naturally was followed by the resignation of Lt. William Thompson to the top post. It is understood that there was no question concerning that move. The lieutenant has stepped into the top post on occasions when the chief was out of town and when he was vacationing. Governing board members pointed out that there has been no question of his capability.

Thompson will take over December 1. However, the problem of the Township Committee is appointment of one of the four sergeants to be either deputy chief or lieutenant depending upon which designation its members want to give to the post. Any member of the department who has the rating of a first class patrolman or better is eligible for the appointment.

However, it appears likely, it was learned, that Acting Chief Thompson's principal assistant will be selected from the group of four sergeants, Harold D. Seayles, Albert A. Sorce, Wilbur Selander and Nelson Stiles. It is generally conceded that an assistant is needed, for Thompson is scheduled for retirement in a couple of years.

Although definite plans for reorganization have not been completed it has been learned there is a possibility that both a deputy chief and a lieutenant may be appointed. Reports are that Sgt. Selander may become the No. 2 man and that if the chain of command is continued, Stiles will be the second choice.

It is generally believed that Sgt. Seayles, although he is the senior sergeant in point of service, is not being considered because he will be scheduled for retirement shortly. Sergeant Sorce is next in seniority and there is said to be one faction of the township committee which would establish him in the chain of command also.

In the meantime Chief Runyon is indoctrinating his successor. Although the new chief does not have the contacts throughout the state which were Runyon's, he has thorough knowledge of Springfield and its needs. Runyon is a past president of the New Jersey Police Chiefs' Association.

However, locally, Thompson is expected to have smoother going especially with his public relations. Runyon for the past year has been at odds with newsmen which has not helped his cause. Acting Chief Thompson, on the other hand, always has been on excellent terms with reporters and editors in this area. All of them congratulated him as soon as news of his promotion was made known.

It is expected that Police Commissioner Albert G. Binder will present a series of recommendations which will be enacted either in January or next month. Indications are that Selander will be named second in command and will be named to succeed Thompson when the latter retires.

## Clothing Sale Here Saturday

The sale is being sponsored by the combined Youth Conservation and Civics departments of the Springfield Women's Club under the chairmanship of Mrs. Charles Heard and Mrs. Wilbur Eno.

Members of the committee working on this include the following: Mrs. Gilbert Mann, Mrs. William Cosgrove, Mrs. Amy Bandomer, Mrs. Henry Vance, Mrs. Charles Miller, Mrs. Arthur Lemox, Mrs. Robert Anderson, Mrs. Charles Phillips, Jr., and Mrs. Russell Post.

## Police Head Ready to Leave After 24 Years of Service

The man who at 23 years old in 1926 was the youngest chief of police in New Jersey, on December 1 will be looking for a job. That would be Chief of Police M. Chase Runyon. And the situation is not as drastic as it sounds for the odds are that a man who has been chief of police for twenty-four years, who studied at the New Jersey Law School and has had a variety of experience in all forms of police work isn't likely to have much of a problem.

The chief will be "at leisure" December 1. He says he feels pretty old to be looking for a job. Actually he is only 52 years old. He will be unloading his holster on November 30 after being in the department twenty-seven years.

Runyon's friends believe he has taken a wise step. He will receive more than \$2,400 a year retirement pay. They reason with his organizing ability he should be able to obtain a job with plant security police or other agencies.

## 'Iron Curtain' Talk Set for Men's Club

The Men's Club of the Methodist Church of Springfield will hear Professor Paul Saugpalk as speaker at their next dinner meeting on Tuesday, November 28th. The subject of the address will be "Life Behind the Iron Curtain."

Professor Saugpalk who teaches English at Upsala College, East Orange, is well qualified to present his subject. A native of Estonia, he witnessed and narrowly escaped the mass deportation of Estonians to Siberia in 1940. He was for a time held in a concentration camp in his own country, but later escaped and fled to Sweden where he took his university training. He arrived in the United States in 1946 and is now a citizen here. He has made his home in New York City.

Entertainment for the program will be provided by the "Four Old Times," a barbershop quartet. They will present their own numbers and lead in community singing. The dinner will begin at 6:30 p.m. and will be served by the ladies of the Wesleyan Service Guild. Following the program, a short business meeting will be held under the chairmanship of Harold Frutchey, who will preside in the absence of Stanley Pomfret, president. The program was arranged by Arthur Brande. Ticket distribution is in charge of William Hoehn.

## Township Hunter Loses Two Toes

John Gearl, 23 years old, of 473 Mountain avenue, who went hunting Saturday in the hope of getting a couple of rabbits ended in Overlook Hospital, Summit minus a couple of toes. He lost them as a result of a gunshot wound in his left foot. Hospital authorities today said his condition is improving.

A member of the family said Gearl was wounded accidentally in a field near Gillette. A gun carried by his hunting companion, Arthur Harrison, 22, of Irvington, went off when Harrison tripped. It was reported that the men were only a few paces apart when the accident occurred.

Pfc. Lewis Murphy

The funeral for Pfc. Lewis H. Murphy, son of Mr. and Mrs. Charles A. Murphy of 54 Main street, will be held Saturday at 9:15 a.m., from Smith and Smith Suburban Funeral Home, 415 Morris avenue on Saturday, at 9:15 a.m. A requiem mass will be offered at St. James Church at 10 a.m. Interment will be in St. Teresa's Cemetery, with military honors provided by Continental Post 228, American Legion, Post members also will conduct a ritual at the funeral home tomorrow evening.

Pfc. Murphy was killed August 13, 1945, in an airplane crash over

## Magazine Lauds Bandomer As Enterprising Farmer

Recent issue of "The Food Bag," merchandising magazine of the food industry, published in Milwaukee, Wis., and distributed nationally, paid tribute to the progressive sales and service ideas of Kenneth Bandomer's Mountain View Supply Co., Mountain avenue, Springfield.

The article, two pages in length and complete with pictures, tells how raising turkeys as a hobby has paid off for Bandomer. "This enterprising dealer," the magazine states, "has 5,000 birds-in-coops in the rear of his combined store, warehouse bins and home and makes it a practice to show visitors around the premises explaining how food he is using results in a more profitable program for them." The article continues:

"We raised selected fowl for weeks under my own test," says Bandomer, "picking out 100 birds for the experiment. As a result, I was able to determine for myself just how the feed would work out, supplementing my own observations with those supplied by the manufacturer. In that way I learned to talk to my customers in a language that they readily understood."

As a result of this applied sales procedure, Mountain View has built up its volume so that now about 80 per cent of it is poultry.

## Card Party Helps Scholarship Fund

Regional High School Parent-Teacher Association will hold its annual card party on Monday evening, November 27, at the Baltusrol Country Club. The proceeds are for the benefit of the Scholarship Fund to be awarded to a deserving student who would otherwise be unable to continue his studies beyond the high school level.

Merchants from Springfield and surrounding territory are generously contributing prizes and gifts for the affair. A very attractive and useful piece of Cambridge glassware has been chosen for the table prizes. Refreshments will be served.

The PTA has exclusive use of the club and hopes that many will turn out for an enjoyable evening.

The committee is headed by Mrs. Leah A. Jennings of Mountainside. Her assistants are: Mrs. Oliver Rosch, Clark Township; Mrs. John Mayer, Garwood; Mrs. Joseph Hildgum, Kenilworth; Mrs. Wilfred Wyman, Mountainside; Mrs. Rex R. Case, Berkeley Heights; and Mrs. Millor Seal, Springfield.

### Bulldogs Wait for Rahway After Taking 16th in Row Before Sparse Crowd 24-6

Regional clinched the seventh spot in its second straight unbeaten season by knocking off a mediocre Linden outfit Saturday. The final score was 24-6. Frank Vicendese kicked the first point in the 31 by Linden. Dick Sherry recovered a Tiger fumble on the Linden 55 but the Bulldogs could only go to the 20 where the Tigers took over. After a Linden punt, Vicendese gained a first down on the Orange and Black 40. Sherry went for a first down before Vicendese went over from the 15. Schaffer's attempted conversion was blocked by a fast charging Linden line. Linden, after the kickoff by Regional, scored 5 straight first downs before the Bulldogs took over on the Linden 11. Linden's first down streak was aided by an interference penalty. Regional drove to a 10 yard down on the 26 and Sherry added another. Vicendese went 22 yards for another first down. Sherry clinched the 81 yard drive with an off-balance punting goal for a TD. Schaffer again had his point after kick blocked. The half ended moments later with Regional ahead 12-0.

Regional let Linden's kickoff by unimpeded on its 25 and the Tigers recovered there. Vicendese intercepted a Linden pass on his 12 and went 53 yards on a spectacular, twisting run to paydirt. Schaffer went off to the left on his conversion kick. The teams traded possession of the pitkin before Linden's Lutz made a first down on his 13. Linden went to the one and Ruggiero went over on a quarterback sneak. Johnson kicked the extra points.

A Regional first down on the 47 ended the 3rd period. Regional led 18-7 at the intermission. Sherry got a good downfield block from Frank Festa which was enough to enable him to go 55 yards for a TD. For the third time Schaffer's conversion attempt was blocked. Each team was penalized

15 yards. Ruggiero flipped two passes good for first downs, one to Zykanych and the other to Hyvarnik. On the last play of the game Vicendese intercepted a pass from the arm of Ruggiero, but couldn't move with it. The game was a lot closer than anyone expected, proving that modern football is not like the game of the past. In the days of yore, one year one team would have all the good material, and only a few outfits could give them a fight. Usually a team that is good will steer clear of any real opposition. Not many teams today are of the unbeatable caliber and as a result a better brand of football is being played.

**Jets**  
The Regional Boosters Club sold "Beat Rahway" buttons at the game. Let's hope the Bulldogs do just that on Turkey Day. We've picked 3 "Stars of the Week" this time. They are Art Larson for his great line play, Judd Herman, who looks very promising on pass defense, and Dick Sherry for his usual good running game. It was announced in the Souvenir Program that Regional will play Hillside. The Bulldogs are also kicking with Clifford Scott of East Orange, which handed Rahway its only loss this season. Morristown and Westfield. . . .

Might be interesting to note that since the Regional first, fielded a football team, the Bulldogs have met such teams as Cranford, Summit, Roselle, Roselle Park, Union, Linden, Rahway, Millburn, Caldwell Somerville, Bound Brook, North Plainfield, South River, St. Mary's of Perth Amboy, Harrison, Roxbury, Rockaway, Lakewood, Highland Park, Clifford Scott of East Orange, Bloomfield Tech, Snyder of Jersey City, Cliffside Park, and Suffern in New York. . . .

Rahway should have trouble scoring against Regional on the ground, as Rockaway was the first to score against the Bulldogs on

### LETTERS from Our Readers

Editor, Sun:  
Would you please tell me why you always attack the Democratic Party? After all, there are all kinds of people. Not only the Republicans or the party elect, but the individual men. Some Democrats like a man on the other side of the fence and vote for him. There are Republicans who like a Democrat and vote for him. After all that is how our President was elected.

You, as Editor of the Sun should be neutral. Not only do the Republicans buy and read your paper, but a lot of Democrats read it too. That is why you do not have more readers. I, for one, will discontinue the paper and will get a lot of my friends to stop buying it, if you do not print neutral paper. You, and a lot of other people make their living from all classes and that is why you should be neutral.

You, yourself, always say before the election, "Let's be friends." Well, be just keep your word and don't be like Judas! I think you are intelligent enough, or you would not be able to be an editor.

So please, Mr. Editor, don't rid "Democratic Party" because, as I said before, there are all kinds of people in it. Besides, I find Mr. Turk to be a fine, just man!

MARIE J. ROKOSNY,  
27 Walker Avenue,  
Springfield, N. J.

Editor's Note: For the benefit of Mrs. Rokosny and other readers, we defy anyone to state this newspaper favors either party. The fact that we've been accused by both Democrats and Republicans, alike, of being "unfair" to their cause, proves our point. We do, however, admit and continue to reserve the right to disagree with the policies of any candidate regardless of which party he represents.

### Pedestrian Protection

Jay-walking doesn't save time. You usually get stranded in mid-street trying to buck traffic. It isn't worth the risk you run of being hit. So cross only with the green traffic light, advises the American Automobile Association. If there are pedestrian signals wait for the "Walk" signal. You get there just as fast — and more safely.

#### TEN YEARS AFO

For the third time in three years the Township Committee decided to renew their application for the construction of two bridges over the township, to the Board of Reclaimers. The proposed bridges are to extend over a branch of the highway on Profit Avenue, near Grant Avenue, and on Saller Street, near Brook Street.

Building operations for 1940, it is estimated, would be well over a \$300,000 mark for the first time in Springfield's history. Building Inspector Reuben H. Hersh told Township Committee members that permits for the month of November, at the time publication, had been issued to the amount of \$412,227, brought amount to within the half-million dollar goal.

The Springfield Recreation Committee announced that it would sponsor tap and social dancing for the Raymond Chisholm James Caldwell schools. Charles Blackman was to be municipal supervisor, and Ethel Snyder of the WPA recreation staff, acting instructor.

Congressman Albert Vreeland of New Jersey, spoke on "National Defense" at Armistice Day services before members of Continental Post, American Legion, at the Methodist Church. He emphasized that the United States was not adequately prepared for an emergency. The speaker was introduced by William White, commander of the post.

The engagement of Miss Mary Pisciotta, daughter of Mrs. Catherine Pisciotta of Maplewood, and the late Vincent Pisciotta, to Michael Palmer, son of Thomas Palmer of Millburn, and the late Mrs. Emily Palmer, was announced at a party given at the home of Miss Pisciotta.

Five members of the Student Council of Regional High School, accompanied by James W. Campbell of the faculty, attended a conference of the New Jersey Association of High Student Councils at the State Teachers College of Glassboro. They were: Mardell Mueller, Mary Wander, Florence Kline, Arthur Sachsel and Jack Schoech.

### YOUR LIBRARY

"And every year that speeds beneath the sky. Strikes from the landscape side — familiar scene."  
—George Armstrong Liggett

The above lines were written in reference to Springfield a generation or so ago, but the coming year will prove again and again how right the author was in his observation; where once stood a group of stately trees, there soon will be walls of brick and stone to cut off the view of the surrounding hills.

But that is progress—and we certainly have no quarrel with progress. It is, however, always a source of double pleasure when it can be manifest without first requiring that previously established aesthetic values be sacrificed. Which is one of the reasons for our pride in Springfield's Library. Although its exterior retains all the charm and appeal associated with the township's earliest years, the books inside compare favorably with those of any library housed in more modern architectural form.

For Children's Book Week, for instance, there is a really delightful array of new books for all the young age levels, including those by Phyllis Fenner. Miss Fenner will be the guest speaker, sponsored by the Library, at the PTA meeting on November 27th; in addition, some of her stories will be told at the Children's Story Hour on November 18th, the final day of Children's Book Week. These Story Hours are for children aged five years and older and are held in the Children's Room of the Library on the third Saturday of each month at 10:30 a.m.

### COMMUNITY SERVICE SET FOR HOLIDAY

Springfield's annual Community Thanksgiving Service will be held in the Presbyterian Church, on Wednesday at 8 p.m. The Rev. C. A. Hewitt of the Methodist Church, will be the speaker. Special music will be presented by the Presbyterian Church Choir. All members of the community have been invited to attend.

SCHOOL NEWS

JAMES CALDWELL

First Grade—Mrs. Snyder. Our first grade has been reading stories about boats. Hank von der Linden and Albert Oleknele brought in toy boats to show to us. We learned the poem, "Where Go the Boats," by Robert Louis Stevenson.

Edwin Eskrine had a birthday and planned a surprise dessert for us on Thursday afternoon. We were happy to have fourteen mothers come visit us at school this week.

Second Grade—Mrs. Tomasko. We had a very busy week. Our mothers came to see us at work. Our week was very short, too, due to our holidays on Tuesday and Friday.

We are learning how to take dictation spelling and we are doing very well.

Third Grade—Mrs. Cross. Now that we are in third grade we will learn to write. It is a lot of fun. We are taking a few of the small letters at a time. When we know those letters we will be ready for new ones.

Mrs. Dunn. We were very happy on Monday morning to see our marvelous bulbs opened. We were surprised they came out so quickly.

Third and Fourth Grade. Miss Van Arsdale. Our class had an enjoyable Halloween party at which Mrs. Monaghan, our class mother, took delightful photographs of the "apple ducking," the "potato race," and informal activities.

Sixth Grade. Mrs. Dinapugno and Mr. Navarra. The sixth grade classes enjoyed Miss Derivaux's travel talk and colored slides about her trip to Europe this past summer.

Most of us have completed our history projects on the early Egyptians and Babylonian peoples.

Mr. Post is teaching us how to make a large stand-up turkey for our Thanksgiving table.

The arithmetic classes are making a fraction scale which we will use to help us understand fractions.

Seventh and Eighth Grades. Miss Moreken and Mr. Winberry. This coming week the democratic method of selecting leaders.

LUNCHEON MENU

The menu next week at Raymond Chisholm luncheon will be:

Monday. Orange juice, chocolate rabbit on crax, buttered peas, peanut butter and jelly sandwich and milk.

Tuesday. Roast Turkey, cranberry sauce, mashed potatoes, gravy, green beans, peaches—bread, butter and milk.

Club periods will start this week. Now, as in the past, many fine activities and hobbies will be careful thought before we make a selection.

Special Class—Mrs. Lushear. We were glad to have so many mothers visit us during this last week. We invited them to visit us because it was Education Week. We showed our mothers how we work in school.

Both Kindergarten classes enjoyed their visit to the big schools last Thursday when the Presbyterian Church had their dinner. The morning Kindergarten went to the Chisholm School and the afternoon children went to the Caldwell School. We were weighed and measured in Miss Gaudineer's office. Then Dr. Balsam, the dentist, examined our teeth.

We saw some real movies in the big auditoriums. Then we played on the playground.

Grades 1. Mrs. May Buch. Mrs. Mildred Thurber. We are very happy that most of the mothers in Mrs. Buch's class came to school to see us work and play.

The first and second groups took home the second pre-primers, "We Work and Play." We are going to show our fathers how well we read.

Mrs. Thurber's class celebrated Eugene Block's sixth birthday with him. His mother sent ice cream and cake to school for us. We lighted the six candles on Eugene's cake and sang "Happy Birthday" to him.

Mrs. Thurber writes sentences on the board and we draw pictures to show we can read and comprehend what they tell us to do.

We were happy so many of our mothers could come to school to see us in classroom situations and hear us read.

Grades 2. Mrs. Helen Hegy. Miss Alice Rieg. There were seven children in Mrs. Hegy's Second Grade who had 100 per cent in their weekly spelling tests every week during the first marking period. They were: Ronnie Curney, Sande Smith, Debby Brick, Leon Hans, Ellen Fox, Arlen Straver, and Rosalie Sherman. That is something of which to be very proud. We were so glad that twenty-one of our parents were able to visit with us during Education Week.

Miss Rieg's class had sixteen mothers visit the class during Education Week. We hope more of our mothers will visit us.

We are very happy to have Karen Street in our class. She came to us from Orange.

We enjoyed the movies last week very much.

Grades 3. Miss Claire Hoopmann. Miss Marietta Parkhurst. Mrs. Ruth Aray. Last week Miss Hoopmann's class enjoyed having visitors for National Education Week. We thought it was fun—having our mothers listen to us read a new story and hope they thought we came to us from Orange.

Our mothers were the mothers of Patty Ball, Charlotte Bodner, Caryl Cantelmo, Edward Cardinal, Donald Ditzbay, Marla Inamorta, Edith Karlin, Edward Kisch, Marilyn Muller, Dick Nordfinn, Lorie Reotger, Barry Smith, Richard Spickler, Bobby Stiles, Judy Wendland and Billy Yeager.

Star spellers for the week were: Patty Ball, Charlotte Bodner, Caryl Cantelmo, Toddy Karlin,

Barbara Aman, Judy Belzart, Emily Drain, Kent Jeff Manuel, Norman Muller, Joan Porter, Edwin Priehard, Karen Rogers, Charles Rothbard, Virginia Rudy, and Stephen Wells.

Last week fifteen parents visited our class for an hour to watch us work.

Grade 5. Mrs. Margaret McGarrath. The Fifth Grade was glad to welcome the parents to see them in regular classroom work. Long division was introduced and each child had a period of practice at the board. The class then had a period of work in reading comprehension.

The parents who came were: Mrs. Theo. Olsecky, Mrs. William Buckley, Mrs. P. E. Hocking, Mrs. W. S. Gurk, Mrs. Hilda Watson, Mrs. Henry M. Leach, Mrs. Leonard DeFroy, Mrs. P. Valois, Mrs. S. Hunteon, Mrs. Albert Cantelmo, Mrs. Jack Schwartz, Mrs. C. Albinowski, Mrs. P. Smith, Mrs. W. Klunzel, Mrs. J. E. Montanari, Mrs. S. R. Pomfret, and Mrs. R. Potter.

Grades 6, 7 and 8. Mrs. Isabel Nelson. Miss Helene Kosiolst. Miss Patricia Guerin. The Amphitheater program was given by the Sixth Grade. The theme was "The Best Home for Peace is the United Nations," plus you and me." John Meseroll was the leader. Nancy DeLeonard represented the Junior Red Cross; Dick Anderson, the Scouts; Anne Worthman, Sunday Schools, and Pat Carney, our school. Joan Wagner and Barbara Kent sang the solo parts of the United Nations song. A film on Brotherhood completed the program.

Mary Richele, Doris Rowlett, Fred Miller, Pat Meslar and Richard Bishop had the best Home Reading Cards in Eighth Grade.

Prizes: Penn, Martha Kisch, Nancy Moon, Cecile Matzel, Elvora Kiclie, Virginia Gregary, and Tom Keune in Seventh Grade. All of these pupils read eight or more books this period.

The Sixth Grade pupils have started to use the school library. Bud Quinzel and Douglas Bell are librarians for the boys. Nancy DeLeonard and Mary Lou Morkel are doing the work for the girls. Anne Worthman and Audrey Franklin had birthdays this past week.

How to make good coffee...every time!

Here's an easy way to make good coffee every time—economically!

Have your coffeemaker scrupulously clean. Be sure your coffee is fresh, and the correct grind for your coffee pot. Always use freshly boiling water. Measure coffee and water carefully. The best rule is 2 level tablespoons of coffee to 3 measuring cup (or 1 ordinary cup) of water for each person.

Especially recommended for fine flavor are Eight O'Clock, Red Circle, and Bokar Coffee...brought to you exclusively by A.E. Sold in the flavor-sealed bean and "Custom Ground" to order, they're extra fresh. You'll make the best-tasting coffee ever—and save money in the bargain!

### District Problem Regional HS Topic

Ninth and tenth grade students at the Regional High School henceforth will not be able to attend the school beyond the current year in event they move from the Regional District. This regulation has been established by the Regional Board of Education in consideration of increasingly crowded conditions at the school. The decision was made by a three to two vote at the November meeting with four members absent.

The policy was approved by Board President E. Douglas Woodring of Springfield and Commissioners Victor Milkiewicz and Richard Southgate of New Providence Township. Commissioners Raymond Forbes of Springfield and Dr. Minor C. K. Jones, of Mountainside, were opposed. The board also voted to continue its policy of not accepting ninth grade pupils from outside the district. Ninth and tenth grade students after leaving the district will have to attend the high school of the municipality in which they live subsequently.

Supervising Principal Warren W. Halsey cited the crowded condition in the classrooms in recommending the move. He said the situation probably will become worse before the board can make provisions for a building addition. The school currently has six tuition students.

The board also by a three to two vote rejected a request by Adam La Sota, agriculture instructor, that the Union County Board of Agriculture be permitted to borrow one of the school's projectors each month for use in Clark Township. Woodring again cast the deciding vote.

It was announced that the board will consider the matter of increasing the tuition rate. The present figure is \$170. It has been announced that the latest per pupil cost reported was \$288 annually. The board president announced that in accord with authorization by the board he has signed an agreement with Fred A. Elsasner, Union architect, in which the latter will supply preliminary plans and cost estimates for the building program. Jones protested that the minutes of a special meeting failed to show that Elsasner will continue the work in the event decision is reached on a building addition. The minutes were ordered reviewed.
