# Springfield Merchants Open Friday Evenings 'til 9

### Debate Event Held At Regional

Roberta Sarge, daughter of Police Lieutenant and Mrs. Albert A. Sarge of Springfield, a Regional High School sophomore, was the guest in charge of the Debate Tournament conducted at the school last Saturday. In addition to two Regional teams—Ester Currie of Clark and Nancy Wildmer of Springfield, and Richard Jennings of Mountainside and Kenneth Lightship of Clark—high schools represented in the debates were Hillsdale, Hasbrouck Helzlsouer, Morrisstown, Passaic, Rutherford and St. Benedict of Newark. Each affirmative and negative team debated three rounds. The proposition was: "Resolved: That the American people should reject the Welfare State." Rules of the National Forensic League were followed as part of the preparation for the State Forensic League finals which will be held March 10. Each team attending provided judges. Those from Regional—High were Mrs. Claire Mason and Miss

Ann Roman of the social studies department. Debating, which was started as a school project in December, has rapidly become one of Regional's most popular activities. Teams have participated in the University of Pennsylvania Debate Clinic and debates at Irvington, Morris-town and Hillsdale high schools. Their next competition will be in a tournament at Passaic High School.

### CARPENTER INJURED IN FALL FROM ROOF

James MacGeorge, 35 years old, of 345 West Market street, Newark, was reported in fair condition at Overlook Hospital, Summit, today as a result of injuries suffered in Friday morning when he fell from a roof at General Greene Village. MacGeorge, a carpenter, is reported to have lost his balance and plunged 35 feet to the ground. He glanced off a scaffold attached to the building. Taken to the hospital by the First Aid Squad, he suffered back injuries, fractured right arm and several facial lacerations.

### 150 Attend GOP

(Continued from Page 1) Ask would have been last." County Register Herbert J. Poyne acted as master-of-ceremonies. The welcoming address was by Mayor Robert W. Marshall who said, "It is our duty to pass on to our children the wonderful heritage left to us by such men as Washington and Lincoln." Others at the speakers' table included Wilbert W. Loring, Charles Beardsley, and Mrs. Amy Bandoner, all Republican leaders in Springfield.

Among others introduced were: Township Committeemen Fred Brown, Arthur Hendricks, Walter W. Baldwin, and Albert Blinder; Deputy County Clerk Roy Kitchell, of Union; Frosholders Charles Bauer and Lee S. Rigby; Assemblywoman Florence Dwyer, Assemblymen Clifford Thomas and Fred Sheppard; Deputy Register Patrick Murphy; Mrs. Helen Glasgow, State Committeewoman; Township Clerk Robert Treat; and Magistrate Henry C. McMullen. The dinner was arranged by a committee headed by Max Sherman, president of the sponsoring club.

### Lunchroom 'Cops' Win Private Cake

In September eight boys in the eighth grade at Raymond Chisholm School volunteered to serve as Junior Police in the lunchroom where the younger pupils eat. Since then they have faithfully tended the needs of the little ones. Surprisingly enough the small fry liked the arrangement and a genial atmosphere has prevailed. Mrs. Evelyn Couch, manager of the lunchroom, so appreciated their efforts that she baked a cake for the Junior Police recently. The boys then presented Mrs. Couch with a scroll, on which was inscribed the following message: "On the behalf of Raymond Chisholm School Junior Police Force, 'Lunch Room Brigade,' may I thank you with all the sincerity possible for the delicious cake you so thoughtfully baked for us last Friday.

"It is indeed difficult to find words enough to express our sincere gratitude and humble thanks for your wonderful kindness and understanding that you seem to possess so abundantly. "If, in the future there is any way in which we may repay you, do not fail to notify us. "Thank you again, very much. "Yours very sincerely, Kenny Rogers, (Capt. of Jr. Police) "Richard Blahof, Frederick H. Mills, Roger Smith, John E. Rankin, Robert W. Shaw, Jack Rawlino and Arthur DeBlasi."

### Sharp Increase Shown in Use of YMCA Facilities

A sharp increase in the number of Summit YMCA groups organized during 1950 was revealed this week by Allan R. Devenney, general secretary of the "Y". The statistical story was outlined at the regular monthly meeting of the board of directors this week. There were 141 regularly scheduled groups "with definite enrollment" compared to 126 groups in 1949, and 102 for the preceding year. Notable growth in the boys' work of the "Y" partly accounted for this, along with new activities such as a men's volleyball league, co-ed badminton groups, and additional swimming classes for girls. Attendance was recorded for these organized groups at 24,157, with 3,016 sessions tabulated. The total was boosted by the addition of special events which were estimated at 1,896 attendance, for 22 sessions. An average of 600 persons met weekly in group programs.

The figures audited annually for the National Council of the YMCA reflect the interest of the whole town," Devenney said, as he referred to the use of facilities by community organizations not operated by the "Y". Sixty three different community groups held 484 meetings with an attendance of 16,967 persons. Most of these organizations were invited to make special contributions to help the Association's budget. "It was emphasized that every organization with a worthy purpose for the benefit of the town is assisted if accommodations can be arranged. Dormitory occupancy was near capacity during the year, the report shows, with 109 different men, registered for residence, for an aggregate of 8,508 times the men "hit the sack."

Recalling that in the early days of the 65-year-old YMCA, the Saturday night bath was a coveted program offering, the Secretary noted that the use of the "Y" on an individual basis recorded a total of 19,380 usages. Since many of these times were for "showers only," Devenney feels that times haven't greatly altered, and the principle of "cleanliness is next to Godliness" is still a valid objective. The gym, pool, game rooms and television room were also patronized heavily by individual members to make the "Y" lobby one of the heaviest traffic intersections in town.

The statistics also showed that 51 different leaders put in 8,398 recorded hours during the year; that 1,087 individual interviews were held; that six bowling leagues rolled five nights weekly; that a summer day-camp enrolled 128 different boys; that 190 swimming and water-safety tests were passed.

On the financial side, the General Secretary reported that the YMCA had expenses of \$64,933.62, and ended the year with an operating surplus of \$121.63.

Commenting on the report James B. Burke, president of the YMCA, said, "The statistics confirm our observation that our YMCA is one of the biggest and most constructive in the country. The report does not show the man-hours of energy required to maintain and operate the comprehensive physical and club features involved; to promote and activate the programs for 2,203 different members enrolled in a year; to provide round-the-clock seven-day-a-week service. "It is all possible," he said, "because the traditional outlook of the Association, frequently undermined and under pressure, still thinks it's fun to 'give service with a smile.'"

**FOUNDERS' DAY LUNCHEON**  
Springfield P.T.A. representatives at the Founders' Day Luncheon, sponsored by the Union County Council of Parents and Teachers, held at the Hotel Carteret, Elizabeth, were: Benjamin Newawanger, Mrs. Thelma Sandmeyer, Mrs. Karl Flanter, Edward Wronsky and Mrs. Thomas Doherty.

**SECRETARIAL POSITION**  
Mrs. Barbara Uhlbrich of 226 Short Hills avenue, has been placed with the Remington Rand Company, Newark. Mrs. Uhlbrich received her secretarial training at the Berkeley School of Secretarial Training, East Orange.

### Looking Into Yesteryear

**Ten Years Ago**  
As a result of the request of the Grand Jury in Elizabeth that all "professional gambling" in the county be curbed, Police Chief M. C. Runyon declared that "bingo" in Springfield would be prohibited. In his statement, Runyon pointed out that this rule would apply to all organizations, whether or not the proceeds were to be used for charitable purposes. The 1941 budget was passed without protest by the Township Committee. The tax rate of \$4.95 represented a drop of 11 points.

John Mulholla, of New Providence, was re-elected president of the Regional Board of Education at the organizational meeting. John Potts of Springfield was retained as vice-president. Both were elected unanimously. Harry C. Stewart, Jr., and James Junecheon were admitted into membership by the Springfield Volunteer Fire Department.

Charles Phillips, Sr. was elected president at the Springfield Board of Education meeting at the James Caldwell School. He was elevated from the vice-president post. August H. Schmidt was elected to the vice-presidency. Harry B. Nulph and C. Stewart Knowlton took their places on the board. They succeeded James M. Duguid, president, and Edward M. Cook, who retired.

Two Springfield men, Clifford Charles Holzhauser of Route 29, and Norbert Martin Gansica of Mountain avenue, were inducted into the Army in answer to the fifth call by the Springfield-Union Selective Service Board.

### JOSEPH SHEPHERD HONORED BY BANK

Joseph C. Shepherd of 132 South Maple avenue, became a member of the Quarter Century Club of the Fidelity Union Trust Company upon his completion of 25 years of service. Shepherd, who is employed at the Irvington office of the company, was a guest at a banquet Tuesday evening at the Robert Treat Hotel, Newark.

Shepherd is a graduate of Coleman College and The American Institute of Banking. He is president of the Citizens League of Springfield, which he helped organize. He is also active in various charity drives, having worked for the Red Cross, Cancer and March of Dimes campaigns.

### Rotarians Hear Dianetics Talk

James Elliott, national administrator for the Hubbard Dianetic Research Foundation, Tuesday spoke in defense of dianetics in an address before members of the Springfield Rotary Club at their luncheon meeting at Baltusrol Golf Club.

The speaker said that because dianetics is a new mental health science, it has stirred controversy. He declared that it is the aim of the foundation to aid, not hinder, the work of psychiatrists. The foremost purpose of dianetics researchers is to expand its field to patients in mental institutions, prisoners with mental illness and persons in diagnostic institutions, the speaker declared. Elliott's appearance was arranged for by Milton Keshen. Following the talk there was a question and answer period on the subject for several minutes.

### P.T.A. CARD PARTY SET FOR APRIL 9

The Springfield P. T. A.'s annual card party will be held Monday, April 9, at 8:15 p.m. at the Baltusrol Golf Club. The Executive Board is in charge of arrangements. The affair is the association's fund raising project. Tickets will go on sale next week and may be obtained through class mothers. Mrs. Ralph Lindeman and Mrs. Alfred Bowman are co-chairmen of the ticket committee. There are more than 8,000,000 trucks in the United States.

### BOARD ANNOUNCES COUNTY RATE DROP

A tentative Union County tax rate of 78.4 per \$100 valuation was announced this week by F. Edward Bierbaum, president of the County Board of Taxation. This figure represents a drop of six-tenths of a cent from last year's 79-cent rate.

The rate is figured on the basis of the 1951 county budget of \$8,214,427 adopted by the Board of Freeholders, recently. The exact rate will not be announced until approval of the county equalization table after March 10. Although the county budget increased more than \$100,000 over last year, increased ratables offset this rise and made possible the drop in the rate, it was said.

### Highway Safety

By Martin J. Ferber, Director  
N. J. Division of Motor Vehicles

For years safety authorities have hammered on the theme: "Accidents don't happen; they're caused." And because they are caused, it's within the power of motorists to anticipate misfortunes on the highway and thus prevent accidents. The basis of traffic safety is to anticipate trouble. Motorists should realize that violating the traffic regulations by careless or reckless driving is going to lead to a mishap sooner or later. The pedestrians who violate the rules created for their own protection are likewise headed for trouble.

The dictionary defines the word accident as "an event that takes place without one's foresight or expectation." How can a driver fall to expect disaster in taking reckless chances or driving carelessly?

There is a tendency among drivers involved in mishaps to blame everything—but themselves—for their troubles. Frequent ex-

cuses are the weather, the condition of the roadway, the "other fellow," etc., etc.

Bad weather can make driving difficult but it is the cause of only a portion of the accident toll. Most fatalities in New Jersey—and this is true for the entire country—occur in clear weather and on dry roads. People do get killed and injured in bad weather and on slippery roads but the toll would be a great deal higher if motorists did not expect trouble. Fortunately, most drivers make allowances for bad weather.

My point is this: Accidents can be prevented if motorists and pedestrians would be on their guard and anticipate trouble. When the weather is bad and the roads are slippery, drive with care. But when the weather is clear and the roads are dry, don't let your guard down. That's the time to expect trouble.

Whether the weather is fair or foul, drive carefully and observe the traffic regulations. As far as accidents are concerned, expect the unexpected.

- Normally, Telephone Engineers like Walter Trout spend their time planning improvements in telephone service for you to enjoy in the future. But today it's different! Today their first concern is to provide the great amount of telephone service required by the Armed Forces and defense plants—and provide it immediately.
- That's no small job. The plans this telephone team are working on are for a defense plant requiring, as many telephones as would be needed for a town of 2,000 people. And in spite of these immediate emergency needs—they're also looking out for you, so you'll continue to enjoy fast, efficient service.

**Your Library**

Library Hours: Daily 10:30 a.m. to 6 p.m. Mon. & Fri. Even. 7:30 to 9 p.m. This week, designated as Brotherhood Week, should have more meaning than ever before. If ever the world needed brotherhood in every sense of the word, it is today. Books that will help toward this end are listed in your library; look for them, read as many as you can and see where our weakness lies. Since the world is made up of individuals, it naturally follows that it is the individual that must make whatever change is necessary. Never feel that your personal bit is not felt and needed, whether it is your voiced opinion, your vote or your actions. There is also a shelf of books with spiritual helps that answer many needs today and make suitable reading for the Lenten season. Other new books include—"The Whole Armor" by Faith Baldwin, "Around the Bend" by Nevil Shute, "Cry Above the Wicks" by J. B. Bartlett, "Jackson Malaffey" by Fred Ross, "The Riddle of Max Arthur" by John Gunther, "Linden Road" by Miriam Bruce and "St. Lincoln's Army" by Bruce Catton.

Troop 6—Brownies. At our last meeting we celebrated Ann Hamilton's birthday. We had refreshments and played games. Prizes were won by Janet D'Andrea, pretty girl, "sit-ups." It was Norma Mademont and Mary Ann the first sewing "set-ups." It was ever done. We sang "Happy Birthday" to our leader, Mrs. Ward Humphrey.

Grandmother's Album, a program of old fashioned dances, songs and poetry, in which the troops will participate, will be the fund raising project for the Juliet Lodge Fund this year. It will be presented March 16 at 8 p.m. at the Raymond Chisholm School.

**CHURCH SERVICES**

Springfield Presbyterian Church  
Morris Avenue at Main Street  
Bruce W. Evans, Minister

A warm welcome awaits all those who worship in this historic church. Representing over two hundred years of faith and service in the community, it cordially invites you to unite with those who work and worship in its fellowship.

9:30 and 11 a.m. Church School Hours. Classes for Juniors and Seniors meet at the early hour, while classes for Beginners and Primary Students (ages 3-8) meet at the later hour, thus enabling parents of such children to attend the Church Services. Classes are available for all ages under experienced leadership.

11 a.m. Church Worship Service: Layman's Sunday with the guest speaker being Philip B. Morgan of New York City. Morgan is a native of Wales and has spent most of his life in this country in the Midwest. He served for twenty years with the YMCA in Kansas City, Missouri, prior to assuming his present position with the National YMCA as Advisor to the Student Program. He also served as Secretary of the YMCA at the University of Illinois.

7 p.m. Christian Endeavor meeting.  
Friday 3:30-4:30 Communicants' Class under the direction of the Pastor. 8 p.m. Choral Rehearsal.

Springfield Methodist Church  
Rev. Clifford Hewitt

9:30 a.m. Church School  
Classes for all ages from nursery through senior high school. Departments meet separately under capable supervision and with qualified teachers. A warm welcome awaits you.  
9:45 a.m. Early Service of Worship Conducted concurrently with the Church School session. Parents may attend this service while the children are in their classes. Social music by the junior choir. 11 a.m. Late Service of Worship Solo and special music by the senior choir. Services are identical except for the special music.  
This Sunday will be observed as Laymen's Sunday. A number of the laymen will participate in the services. The theme of Stewardship has been selected for three brief addresses, each by a different layman.  
8 p.m. Union Community Lenten Service

The service this week will be held in the Presbyterian Church. For details, see the separate notice appearing elsewhere in this paper.

**Clarifies Orders On College Draft**

Clarifying recent orders which directed that the statutory induction postponement of mid term college and university graduates be continued for an additional 30 days after graduation, Colonel E. N. Bloomer, New Jersey Director of Selective Service, emphasized today that there will be no "wholesale deferment" of these mid term graduates.  
"Considerable misunderstanding seems to have arisen," Colonel Bloomer said, "since the postponement announcement from the National Director was received, and the idea is abroad in some quarters that the bulk of these mid term graduates—or at least very large number—would automatically receive deferments merely on the basis of their degree, or at least because they had a job, almost any kind of a job."  
Colonel Bloomer explained that "expanding defense program vitally needs a relatively few of these graduates—men who can qualify to hold highly technical positions," but he stressed that relatively few would qualify.  
Procedure was outlined as follows:  
If the graduate obtains employment in a defense industry activity "essential to the national health, safety or interest" within the 30 day period after mid term graduation he submits the evidence to his local board, which will, if it considers the evidence warrants, reopen his classification to determine whether he meets the criteria for occupational deferment established in the Selective Service Regulations.  
To qualify for occupational deferment under Selective Service Regulations, a registrant must meet all these conditions:  
1. The registrant is engaged in an activity essential to the national health, safety or interest;  
2. The registrant is, but for seasonal or temporary interruptions; engaged full time in such activity;  
3. The registrant cannot be replaced because of a shortage of persons with his qualifications or skill in such activity; and  
4. The removal of the registrant would cause a material loss of effectiveness in such activity.  
The Selective Service Act of 1948 provides that "any person who, while satisfactorily pursuing a full-time course of instruction at a college, university, or similar institution of learning is ordered to report for induction... shall, upon the facts being presented to the local board, have his induction... postponed (A) until the end of such academic year or (B) until he ceases satisfactorily to pursue such course of instruction, whichever is the earlier."  
When a student ordered to report for induction graduates and leaves school the statutory reason for continuation of the postponement ceases to exist, Colonel Bloomer explained. "The 30-day postponement order simply continues that postponement another 30 days."

**LET'S FINISH THE JOB**

Highly important is the Nation's war preparedness program is completion of the re-organizing job that has been started on the machinery of Federal Government. Not only are the blueprints ready; the job is half finished.  
Supporters of the Hoover Commission Report on Reorganization of the Executive Branch of the Federal Government say that about 50 per cent of the recommendations now have been approved legislatively. They have been translated into 20 public laws and 26 reorganization plans. In the 18 major areas of government covered by the recommendations submitted to Congress in early 1949, progress to date varies from 20 to 95 per cent. The individual ratings follow:  
Office of General Services, 95 per cent completed; national security organization, 95 per cent; budgeting and accounting system, 85 per cent; general management, Executive Branch, 80 per cent; foreign affairs, 80 per cent; Labor, 80 per cent; Commerce, 70 per cent; regulatory agencies, 60 per cent; overseas administration, federal-state relations and federal research, 50 per cent; personnel management, 35 per cent; Post Office, 30 per cent; federal business enterprises, 25 per cent; Treasury, 20 per cent; Interior, 20 per cent; medical activities, 10 per cent; veterans' affairs, 5 per cent; social security, education and Indian affairs, 5 per cent; Agriculture, 0 per cent.

Possible savings thus far are estimated at two billion dollars. The prospects that lie in completion of the re-organizing parts of the program are tremendous.

**State Police Exam Set For March 3d**

TRENTON—A written competitive examination for approximately 30 vacancies in the Division of State Police will be held March 3, Superintendent Charles H. Schofield announced yesterday. The test, open to all young men between the ages of 22 and 35, will be held at the National Guard Armory, Perth Amboy, and the Field Artillery Armory, Eggers Crossing, Lawrenceville, commencing at 10 a.m. Veterans of World War II will receive preference.

Twenty-five important issues will be covered in legislation help introduced at the current session of Congress. Proposed improvements include: modernized civil service procedure for an "all-military" mobilization program; better use of hospital facilities and medical manpower; improved Post Office organizational structure, simplified administration and greater efficiency in veterans administration; elimination of duplication in natural resources projects; streamlined agricultural activities.

In the face of current Congressional reports of overhauling of governmental agencies and possibilities for sizable economies in the proposed new Federal Government budget for a new war purpose, the New Jersey Taxpayers Association is urging citizens to intensify more than ever their demands for full accomplishment of recommendations of the Hoover Report.

"The savings in manpower and tax dollars cannot be ignored," the Association said, "if our Nation is to be fully prepared in its defense of the American way of life."

**DRIVERS PAY HEAVY POLICE COURT FINES**

Magistrate Henry C. McMullen heard a total of eighteen motor vehicle cases in Municipal Court Monday night and levied fines totaling \$120.  
Among those assessed were: Agnes Austin, of 107 Crescent avenue, Plainfield, non-registered vehicle, \$5; Russell W. Carpenter, of 225 Symnet avenue, Plainfield, failing to keep right, \$8; John G. Dickerson, of 4-A Parkway Village, Cranford, unlicensed driver, \$5 and non-registered vehicle, \$5; George Gregar, of 528 Forest avenue, Westfield, speeding, \$7, and Charles Vincent, Jr., of 14 Warwick circle, this township, non-registered vehicle, \$8.

**Lauds Red Cross**  
Editor, Sun:  
I wish to extend my sincere thanks and appreciation to the Springfield Chapter of the American Red Cross and to Mrs. C. P. Beardsley, head of the Red Cross Motor Corps, and her aides, who took me to and from Presbyterian Hospital in Newark every day for three weeks, to thank them.

I also wish to thank the Voluntary Nurses, who gave me treatments at home for five weeks. No matter how bad the weather was, they were on the job.

The people of Springfield should know what fine work these organizations are doing. I really was in need of their help.

I thought there would be a lot of red tape to go through, but all I did was call Mr. Huff at Town Hall and he took care of the rest. Finer service or treatment I could not get! Keep up the good work! The people of this town need you!

Thanks again,

### Rigby

(Continued from Page 1)

The senator wanted an all-inclusive G.O.P. ticket this year. Hand himself is a candidate for reelection. He is reported to have backed the four Assembly incumbents for reelection.

The insurgent group is reported to feel that Senator Hand owes it a commitment in view of its action in supporting Horace Baker, of Westfield, the senator's choice for county G.O.P. chairman. The senator to date has been non-committal on the situation.

Several problems, however, will confront the Benninger faction. If it decides to put a ticket in the field for an all-out election the cost of a campaign will amount to thousands of dollars. It is believed considerable support may be received from women of the party who were snubbed when the frecholders named W. Seaward Lyon of South Plainfield to the honor. Lyon was defeated by Benninger later. Since that time the latter has had few differences with the honor until the buying on the budget took place recently.

Rigby and Rowland are considered by political observers to be vulnerable. Doubt has been expressed that any combination could defeat Frechholder Bauer who is rated one of the best vote-getters in the county. However, if two of the Benninger ticket are victorious in the primary it will be a distinct triumph for the insurgent movement and a serious setback to the frecholders. Conceivably the hold of the majority faction could be broken the following year with another revolt.

Rigby and his running mates are following the situation with keen interest. In event of a contest there is little doubt that the veterans' issue will be the No. 1 topic.

Acorns long were used in England as a valuable food for fattening hogs.

Any of the evergreens listed on your calendar to move should be transplanted this month. Such evergreens as taxus, rhododendron, arbor-vitae, junipers, etc. ought to be planted between now and the first of October in order to insure success. If the professional nurseryman is to do the work, his time for doing the job is not limited for he accepts the responsibility and uses balled and burlapped specimens.

Early planting of evergreens is necessary so that some root growth will develop before freezing weather. The need for the plant to become established and form some new roots is necessary to avert winter damage. Since evergreens retain their leaves over winter, the roots have to furnish moisture to the tops which lose water through evaporation.

All evergreens transplanted this fall should be mulched well the first winter as a measure of protection from deep freezing of the soil. Tall growing specimens ought to be supported and staked to prevent being swayed by the wind. Continued disturbance or rocking by the wind, keeps the

roots from becoming established in the soil.

September is the ideal month for planting or moving plants. Old clumps which have been booked for division can be lifted at this time and broken up into reasonable sized clumps before replanting. At least three to five eyes should be allowed to remain on each division if one expects bloom from the plants next year. Depth of planting plays a major part in the time of bloom after division. The eyes of the clumps should not be planted any deeper than two inches below the soil surface.

If any part of the root system appears unhealthy or discolored it's well to discard the clump and replace it with new healthy stock. Old pieces of root stock without any new fibrous root growth may live for years, but will never produce satisfactory

growth and bloom. Examine the roots of the peony plants you buy for the presence of any disease trouble as sound roots are more important than the tops. Peonies are susceptible to nematodes, fusarium and lemnoles diseases and if so affected the plant will probably grow but will not bloom.

NEW YORKER 4-DOOR SEDAN

"Is it too late, Doctor?"

Fortunately, it's not too late for more and more Americans who are going to their doctors in time... At the first sign of any one of the seven danger signals which may mean cancer: (1) any sore that does not heal (2) a lump or thickening in the breast or elsewhere (3) unusual bleeding or discharge (4) any change in a wart or mole (5) persistent indigestion or difficulty in swallowing (6) persistent hoarseness or cough (7) any change in normal bowel habits.

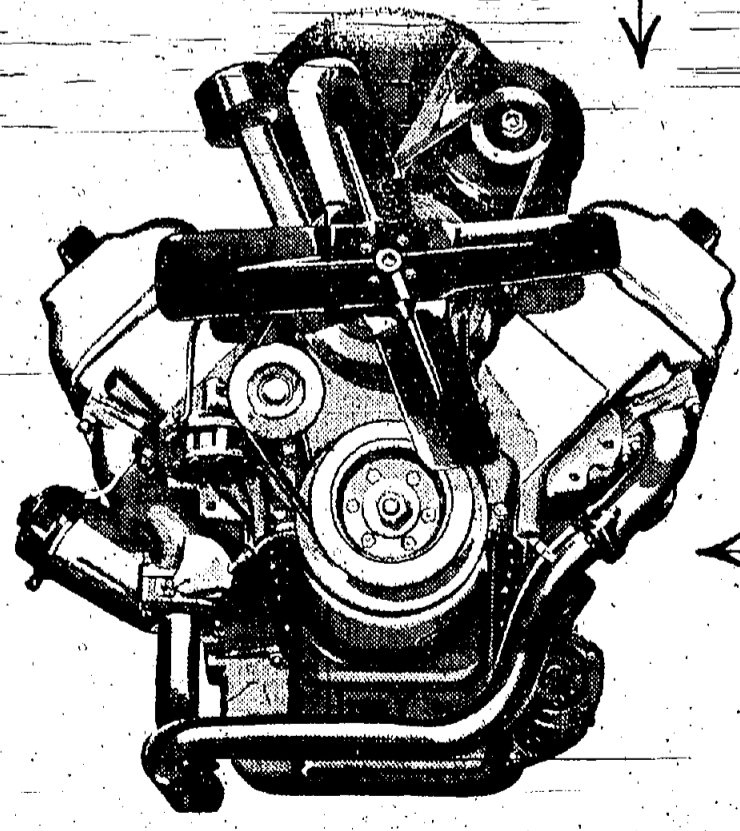

To learn how to guard yourself and your family against cancer, call the nearest office of the American Cancer Society or write to "Cancer" in care of your local Post Office.

### 180 HORSEPOWER

Here you see the central secret of FirePower's unmatched ability... the new Chrysler Hemispherical Combustion Chamber, heart of the finest motor car engine built today. In this domed, clean-walled area, you see the only ideal combustion chamber in a motor car engine today... the only way to develop full combustion, full compression, full work and value from every drop of fuel!

FirePower specifications: 180 hp at 4000 rpm; Bore and Stroke, 3-13/16 x 3-5/8; Flywheel Displacement, 231.1 cu. in.; Compression Ratio, 7.5 to 1.

WHETHER you can own one this year or not... you owe yourself a turn at the wheel of a new Chrysler for 1951. Here is basic progress so deep and so great you will feel its impact for years to come.

Here is FirePower... Chrysler's revolutionary new powerplant which at one and the same time gives you 180 horsepower... and the most efficient use of gasoline ever developed in a motor car. With FirePower, you can outperform any car on the road. Yet with FirePower you will have less carbon deposit, longer engine life, less need for care and attention, than with any engine you ever owned. Here, on all new Chryslers, is the comfort marvel of Oriflow, an exclusive new shock absorber with over twice the shock-absorbing power of any other car's. Here, optional at extra cost, is the amazing new steering ease of Hydraguide power steering, the new Chrysler "first" that removes four-fifths of the human effort from steering. Here, with over 70 various changes this year—and with deep-down Chrysler goodness clear through—is the most basically new car you ever drove! For the thrill of a lifetime... come drive a Chrysler!

### Rau Five Keeps League Top Shop

The Rau Five team had a slender first place lead after Monday night's bowling session. The Senators won two out of three games from Keller's Five and hold second place with the Springfield Market team, which took three from Battle-Hill. Nelson's Texas won two games from Bunnell Bros. and Gejack's Jewelry Shop took two from Hershey's. Ice Cream and Russell's Men's Shop blanked the American Legion. The Rau Five and 7 Bridge Tavern match was postponed because of illness in the Rau family.

An Draehler of the American Legion team had games of 184, 210 and 223 for a 617 series. The highest game of the night was Matt Dandrea's 257. Bobby Battelle had a 223, Dick Bunnell 214 and Charlie Walker 210.

### Linden Ousts Regional From County Tournament

#### Play With 49-37 Upset

By DONALD ROSSELET  
Linden High took revenge in a big way on Regional in the first round of the tournament, posing a 49-37 win last Saturday night at the Elizabeth Armory. Regional, one of the four seeded clubs and the only to fall in first round battles, won both of the regular season games with A) Jackson's Tigers. Cliff Smith's rebounding and Jack Murray's sets led to a 12-11 regional advantage at the end of the first canto. Good outside shooting boosted Linden to a 26-21 halftime lead.

In the third period, Linden broke the contest wide open with six baskets in six minutes with Regional scoring only five markers. The bulk of this with 1:30 remaining in the period, Linden held a 41-25 edge entering the final period.

An 11 point last period spurt was not nearly enough to catch

the high flying Tigers. The Bulldogs pulled to within 10 points of their conquerors, but Rosie and Dutchy Givens kept Linden ahead with deadly sets from behind the keyhole.

In other first round action, St. Mary's came from behind to beat Westfield 69-44. Cranford eliminated Pingry with a 48-40 victory, and Union edged Roselle Park 45-42. Jefferson entered the second round beating St. Patrick's 47-26. Rahway toppled Plainfield 53-46 and Roselle bested Edison 50-33.

The box score:

### Study Group Will Hear Speaker

Parents of pre-school children will find the next meeting of the Study Group of particular interest. The subject will be Talking Is a Social Thing, and will deal not only with the development of good vocabulary and speech habits, but with the problems of pre-school children in general.

Mrs. N. H. McGiffin, of the Ellwood Play School of Summit, will be the speaker. Mrs. McGiffin is well known in this community, and her wide experience in dealing with small children should be very helpful in answering the questions of puzzled parents.

The meeting will be held on Thursday, March 1, at 8 o'clock at the James Caldwell School. All parents of small children have been invited to attend and join in the discussion. Refreshments will be served.

### RECEIVES PATENT

A United States patent has been granted John P. McDermott for a method for preparing a compound which will inhibit the oxidation of lubricating oils. McDermott is a member of the staff of the Research Division of the Standard Oil Development Company and lives at 171 Pitt road, Springfield.

### MOVE TO NEW HOME

Mr. and Mrs. Fred Mendze and son, Raymond, formerly of 76 Washington avenue, have moved into their new home at 171-Henshaw avenue.
