## LISTEN

## FRIENDS!!

The only people who can be on the winning side in a political election and still lose are newspaper people. . . . The fellow who wins always believes he would have won without the newspaper's support and the one who loses blames the newspaper for his defeat. . . . in Springfield this is particularly true.

If a newspaper takes no stand at all, everybody snickers at the trifling little fence straddler. . . . If it does take a stand, it is trying to dictate public affairs. . . . If it closes its news columns to the candidates, it is stifling freedom of the press. . . . If it throws them open, it is a heel for limiting the space they can use.

If a newspaperman fails to attend all political rallies he has a closed mind. . . . If he attends the rallies he is a spy. . . . If he says hello to one candidate on the street, he is showing favoritism. . . . If he doesn't say hello, he is biased.

If he supports five Republicans and four Democrats, he is a reactionary. . . . If he supports five Democrats and four Republicans, he is a radical. . . . If the candidate he supports is victorious, he just climbed on the bandwagon. . . . If the candidate loses, he is out of tune with the people.

Let one candidate buy an advertisement lambasting another and the other immediately demands free space in the news columns to answer. . . . Let the editor refuse and the candidate immediately buys time on the radio to lambast the editor. . . . There are many candidates in the average primary election. . . . They are all considerate of the newspaperman. . . . They know he is busy at the office so they wait to telephone him until he gets home.

The average newspaperman's record of telephone calls at home during a political election is five during a bath, eight during dinner, three during his favorite television program, three while mowing the lawn, one while brushing his teeth, 11 after going to bed and four while shaving in the morning. . . . He misses two that come in after he leaves for the office. . . .

Before a political campaign is over, the folks in the newspaper office are ready for pistols at dawn. . . . The one thing that keeps them from shooting one another's blood is that they cannot find seconds for the duel. . . . This is because one passes candidates on to the other.

When election night comes, the newspaperman sneaks around from district to district, gathering "returns." . . . everybody, as each district returns in, has the vote in going to the other districts, but they are "too busy" to help the newspaperman get the result at their end of the evening. . . .

Newspapermen in Russia must have a happy existence. . . . just one set of candidates, and, if they oppose the candidate, they get shot. . . . shooting saves them a lot of misery.

## DRIVER IN HOSPITAL AFTER LOCAL CRASH

Frank Herman, 31 years old, of Kline boulevard, New Providence Township, is in Overlook Hospital today with injuries suffered when the car which he was driving was in collision with a truck loaded with cement blocks at Malaga avenue and Milltown road yesterday.

Police said Herman suffered possible fractures of the ribs and a scalp laceration. He was taken to the hospital in the First Aid Squad Ambulance. The truck driver was listed as James M. Smith, 34, of 117 Myrtle avenue, Westfield.

## FIRST BIRTHDAY

Mr. and Mrs. Edward Smith of 35 Profit avenue, celebrated the first birthday of their son, Ronald Edward, at a dinner party in Moeckelwood on Sunday. Mrs. Hazel Smith, Ronald's paternal grandmother accompanied them.

# Election District Battle To Be Carried Into Court By Roused Town Officials

## Another State Of Confusion For Springfield

Whether Springfield voters will cast their ballots in four voting places or six and whether they will fill twelve or eight-county committee seats will be thrown into the lap tomorrow (Friday) of Superior Court Judge Frank L. Cleary.

Following a spirited two-hour session before the Union County Board of Elections at the Court-house yesterday the situation still found the township contending that it had six election districts and the Board of Elections maintaining there were only four.

Originally the township had submitted a plan for six districts to the board and it apparently had been approved. However, former Township Committeeman George M. Turk, who had protested the change before the governing board, without avail, took his complaint before the county board. James J. Davis and Maurice McBride, the Democratic members of the election board, immediately upheld Turk's contention, and voted to reject the new setup which was devised primarily by Township Clerk Robert D. Treat.

The Township Committee of the Township of Springfield has received your letter of March 17 advising of action taken at a meeting of your Board March 15, allegedly rejecting the resolutions of the Township Committee changing election district lines.

The Township Committee is unable to find any justification of any statutory authority for the County Board's action. The applicable statutes, R.S. 19-4-6 and 7, place the power to revise or adjust the election districts in the hands of the governing body of the municipality in cases of conflict other than the first class. There is no veto power vested in the County Board.

As a matter of courtesy, and not because the Township Committee feels that any justification of its action is necessary, we would like to present a short explanation and history of this proceeding.

The matter of convenience of the voters at the polls was discussed by the Township Committee following the last general election, and the Township Clerk was instructed to study the matter of redistricting and to report the Clerk did, and after the expenditure of much time and giving the matter careful consideration, he presented his recommendation on redistricting, which was approved by the Township Committee by resolution dated January 10th. All matters pertinent to the change were considered by him, including the anticipated growth in population by reason of

## District Turmoil Blamed On Turk

Police Commissioner Albert J. Binder has this to say about Springfield's election district difficulties last night:

"Agan Mr. G. Turk has scored a great moral victory, but the victory is solely his personally. By his actions in protesting the redistricting of the Town of Springfield he has knowingly caused hardship and inconvenience to every citizen in Springfield.

"The phenomenal increase in population in Springfield in the past few years has created a delay for its citizens in exercising their right to vote. On election days, particularly General Election in November, there is invariably a long line of voters, at certain hours, awaiting their turn to register and vote. The Township Committee had this in mind when it applied for two additional voting districts which would eliminate this hardship to its electorate. There was nothing partisan or political in our minds, in fact, by no stretch of the imagination could there be a gain politically or otherwise to anyone other than improved service for the voters, whether they be Republicans, Democrats, or Independents. Mr. Turk, however, protesting this application as an individual and not representing anyone other than himself (the records in the County Election Board substantiate this) has 'hung his hat' on a trivial technicality and pressured a partisan election board to reject his application. His temporary gain is your loss.

"Your Township Board will not take this usurping of our home rule prerogative, without availing ourselves of every recourse through the courts of law. It is too bad, however, that such resulting confusion, expense, and inconvenience to our citizens can be brought about through an individual whose action does not take into consideration the welfare of his fellow citizens."

## LEADS BATTLE

ROBERT DARBY

## Township's Stand On County Action

Following is Township Attorney Robert E. Darby's letter to the Union County Board of Elections with regard to its action in rejecting increasing of Springfield's voting districts from four to six:

"The Township Committee of the Township of Springfield has received your letter of March 17 advising of action taken at a meeting of your Board March 15, allegedly rejecting the resolutions of the Township Committee changing election district lines.

The Township Committee is unable to find any justification of any statutory authority for the County Board's action. The applicable statutes, R.S. 19-4-6 and 7, place the power to revise or adjust the election districts in the hands of the governing body of the municipality in cases of conflict other than the first class. There is no veto power vested in the County Board.

As a matter of courtesy, and not because the Township Committee feels that any justification of its action is necessary, we would like to present a short explanation and history of this proceeding.

The matter of convenience of the voters at the polls was discussed by the Township Committee following the last general election, and the Township Clerk was instructed to study the matter of redistricting and to report the Clerk did, and after the expenditure of much time and giving the matter careful consideration, he presented his recommendation on redistricting, which was approved by the Township Committee by resolution dated January 10th. All matters pertinent to the change were considered by him, including the anticipated growth in population by reason of

## Police Head Cites Renewed Need for Cautious Driving

"This is the season of the year when motorists hope for the best and fear the worst, as far as weather conditions are concerned. A spell of mild weather often tempts drivers to think that it is not necessary to use the same care needed during the more severe winter months," said Police Chief Thompson this week.

"The observing driver knows that even when ice and snow melt on certain parts of the road, it may not melt in shaded areas. He also knows that although there may be a daytime thaw, there can be another freeze-up at night. This can mean disaster for the careless motorist who says goodbye too soon to winter driving precautions."

"In March of 1950 there were 144 accidents and three fatalities in New Jersey when it was snowing and 1,448 accidents and seven fatalities when it was raining. Last April—when the calendar said spring but weather conditions said otherwise—there were 180 accidents in the State during snow and 1,440 accidents and also seven fatalities during that month, when it was raining. It is obvious that

## Board Authorizes Salary Increases

Salary increases of \$200 for teachers and administrative employees were authorized Tuesday night by the Board of Education. They will be payable July 1. The money has been appropriated in the new budget hence is not available until that date, it was said.

Part-time clerks, teachers on absence leaves and teachers and employees hired after January 1 were granted increases of \$100. A boost of \$50 was approved for the school psychologist.

The board, on recommendation of Wilbur S. Eno, chairman of the school government committee, voted to increase pay for substitute teachers from \$8 and \$10 a day to \$12. This will be effective April 2. Tutoring charge was increased from \$2 to \$3 an hour.

Eno urged hiring of more experienced teachers to attain a higher caliber of instruction and "adequately cope with overcrowded classroom conditions." The board endorsed the report.

Herbert O. Bailey, building and grounds chairman, recommended pay increases for janitors. Action was deferred pending a committee decision on how high the raises should be.

Howard Smith, board president, made the following appointments of committee chairmen: school government—Eino; finance—Robert Smith; building and grounds, Bailey; supplies, Mrs. Janet Champlin; lunch room, Mrs. Champlin; printing and law, Robert Smith; publicity, Thomas F. Doherty, Mrs. Margaret Pitzinger was named representative to the State Federation of School Board and to the Union County School Board Association. Doherty was named representative to the Recreation Commission.

## Dr. Frank H. Lewis Is PTA Speaker

Dr. Frank H. Lewis, executive associate of testing and guidance at New Jersey College of Engineering, spoke on "Guidance and What It Means to Your Child" at a meeting last week of the Regional High School PTA.

Dr. Lewis explained that "Character must be taught, not taught." Guidance must be practiced first in the home. He predicted that within ten years each county would have a guidance clinic to help people of all ages.

The Ensemble directed by Mildred A. Mikleff, sang a few selections. Mrs. Edward J. Rhoads, membership chairman, reported an increase of 212 members over last year.

The hospitality committee served refreshments in the cafeteria following the meeting. Hostesses were: Mrs. Louis Adams, Mountaineer; Mrs. J. Francis Kenworthy, and Mrs. Francis Stedman, Mountaineer.

## Rigby Target As Carr Hits Lobby Setup

## Local Candidate Lashed In Talk Before GOP

"Freeholder Lee S. Rigby, using the people's tax money, lobbied in the State Capital to have appointive power of the Union County park commissioners transferred from the courts to the freeholders, former Elizabeth City Councilman Nelson L. Carr, candidate for the Republican nomination for freeholder told members of the Summit Young Republicans at the Beechwood Hotel last night.

The candidate said the attitude of the majority freeholders toward the park commission "is amply demonstrated by their latest foray to capture control of the commission for their own, narrow political purposes." He charged that Rigby's expenses as a lobbyist were made out of county funds. Carr said the legislature rejected "this odious ripper legislation."

The speaker said the incumbents have become a political entity unto themselves and have virtually taken themselves out of the Republican party.

He added: "If we Republicans have any (Continued on page 6)

## Baseball Clinic Set for Saturday

Two films, "Double Play Twine" and "The Making of a Yankee," will be shown at the baseball clinic of the Springfield Recreation Commission at the James Caldwell School Saturday afternoon. The clinic is being arranged by Edward Ruby, municipal recreation director.

Irv "Rabbit" Jacobsen, scout of the Detroit Tigers will talk on pitching and also give some pointers on what a scout looks for when he surveys candidates for the major league teams.

Yew Cassell, who scouts for the New York Yankees, also will discuss the fundamentals of the game. He will give a short talk on the world champions.

Others scheduled to speak are Coach Bill Brown of Regional High School who will talk on infield play. Eddie Majeski, former catcher for the New York Giants, Philadelphia Athletics and Chicago White Sox, who will talk on catchers. Bill Hoodzow, New Jersey State Central Board official, will discuss umpiring.

The clinic is open to the public. Parents and others have been invited. Players have been asked to bring their gloves.

Parents and others have been invited. Players have been asked to bring their gloves.

Dr. Eugene G. Wilkins

# One School Now, Another By 1954, Recommended By Board's Advisory Group

## Residents Protest Joint Graduation

If joint graduation exercises for the James Caldwell and Raymond Chisholm elementary schools are held, it will be contrary to the desires of fifty-seven Springfield residents.

A petition signed by the group was presented to the Board of Education at its monthly meeting Tuesday night. Harold E. Blush, one of the signers, made the presentation. The board will consider it.

Plans have been made to hold the combined graduation on June 15 at the Regional High School. The petition urged that the procedure of previous years, when separate graduations were held, be followed. The claim was made that separate ceremonies will "preserve a naturally developed school pride." The group claimed that students of both schools have less in common than if a junior high school setup existed.

Howard Smith, board president, quoted the report of Supervising Principal Benjamin Newsanger which stated that a joint graduation would help adjust the graduates to a high school atmosphere, would involve less planning, save time and would unify the elementary schools on a social basis.

## Defense Groups In Joint Session

Joint meeting of the Operating and Supply Divisions, Springfield Civilian Defense Council, with representatives of the Police and Fire Departments and the First Aid Squad was held this week at the Springfield Public Library.

George Harrison, Operating Head, and Timothy J. Sheehan explained the manner in which the two departments operated together in case of emergency. Methods of coordinating the three service departments were discussed. Problems likely to arise in any disaster were proposed for better illustration of the several spheres of action.

Available heavy road and construction machinery was assigned to duty under circumstances likely to arise. Donald Flower will be responsible for operations in the absence of Harrison and John Flood in the absence of Sheehan.

Among those attending the conference were Chief Charles Pinkey, Leslie Allen, William Watkins, John Wilson, Russell Stewart, George Lancaster, Clifford Zimmer, William Melick, Herbert O. Bailey, William Trivett, Daniel Wendland and A. B. Anderson.

## Anti-Rigby Ticket Captures Top Spot on Primary Ballot

Freeholder Lee S. Rigby and his running mates, making a last ditch fight to be reappointed, received another blow last week when Nelson L. Carr, of Elizabeth, and Mrs. Elsie Scheidegger, of Roselle, the ticket bracketed against the incumbents, drew last place on the election ballot. Rigby and Charles L. Bauer, Jr., Elizabeth, and R. Story Rowland, Plainfield, the trio seeking reappointment, drew the second place. The trio also is bracketed.

Failure to draw the No. 1 position could be a deciding factor.

## Regional Students Hear Assemblyman

The role of the lobbyist was defended recently by Assemblyman G. Clifford Thomas, of Elizabeth, in the third of a series of forums held by the History class of the Jonathan Dayton Regional High School.

"The lobbyist is much more of a help to the legislator than he is a hindrance," the law maker told the students. He made the comment during the question and answer period. He said many lobbyists can give legislators valuable information on subjects which will come before the legislature for a vote.

Assemblyman Thomas told of the history of New Jersey from the early settlers to the present. He cited development of the State as a manufacturing center. He outlined plans for the New Jersey Turnpike and predicted it would play an important part in the future growth of the State.

The class was addressed today by State Senator Kenneth C. Harter, of Elizabeth. The series was arranged by John Brown, history class instructor.

## RHS CLASS OF '44 PLANS REUNION

Plans for the second class reunion of the Regional High School 1944 graduating class, to be held at the Hitchin' Post Inn, Route 26, on Friday, May 25, were discussed at a meeting at the home of Fred Kocasse, class president, last week.

Members of the class of 1944 will be contacted by their town representatives. The Springfield representatives are Margaret Sippell and Vi Egler. Those interested in assisting the committee may call Millburn 6-0112-J.

(Continued on page 6)

## Estimate Cost Of Program at About \$900,000

In a special report submitted to the Board of Education by the Citizens' Committee for the Schools last night immediate construction of a new school at the approximate cost of \$850,000 is recommended. The new building would be built on the Flermer site. The group also urged that a smaller school for the lower grades be built on the South property for about \$250,000.

The report states that the committee agreed unanimously that an upper grade school for the sixth, seventh and eighth grades be constructed on the Flermer tract ready for use in September 1952. The second school, for the kindergarten up to the fifth grade, built on the South property, should be ready for use in September 1954, the report states.

Pointing out that this will give Springfield a well-rounded education program, the report stated that it is considered best to have the children in the upper grades together. The upper grade school would consist of fourteen home rooms and the lower grade school would have seven class rooms, a utility room and offices.

The Citizens Committee for the Schools, after careful consideration of the present school situation and analysis of future needs, has come to a unanimous agreement on a plan which it believes will best meet the educational requirements of the town of Springfield.

The Citizens Committee was formed in October, 1950, after the defeat of the second school referendum. Organizational work has been carried out through the town representatives. The aim of the committee was to study the problem and try to arrive at a plan of school expansion which would provide good education for the children and which would be acceptable to the people of Springfield.

Mr. Leonard Best was selected as Chairman. Mr. Alvin Dammig as Vice-Chairman, and the members were immediately divided into four sub-committees to investigate and report on various phases of the problem.

1. Unmet Needs — to consider the number of classrooms needed and additional facilities, as gym, shop, home economics, etc.; John A. Kelly, Colonial Gardens Imp. Assn.; Mrs. Frank Jacobsen, Women's Club; Mrs. Karl Roettger, P.T.A.; Chisholm; Kenneth Bandemer, Chamber of Commerce; H. B. Day, American Legion; F. G. Merz, Boy Scouts; Mrs. Frank John, Girl Scouts; Mrs. L. J. Farwell, Teachers Assn.; Chisholm.

2. Site — to investigate desirable location or locations for school, and ascertain fair price; Harry H. Spencer, Planning Board; W. J. Melick, Colfax Civic Assn.; Max Sherman; Sherwood Homes; Gerald Brown, Woodcrest Civic Assn.; Frederick Getzau, Bryant Park Assn.; Wm. Kowalski, Veterans of Foreign Wars.

3. Construction — to look into various types of construction and ascertain those best suited to our needs; present plans and comparative cost; Harry E. Monroe, Citizens League; Mrs. John Johnson, S. Springfield Com. Club; Mrs. John Haselmann, P.T.A.; Caldwell; Mrs. P. J. Snider, Teachers Assn.; Caldwell; John Keith, Recreation Com.; John P. Fisher, Volunteer Fireman; A. Parcani, Jr., B'nai B'rith Civic Assn.; Thos. A. Argyris, Fieldstone Civic Assn.; Rudolph Schroeder, Spring Garden Civic Assn.

4. Finance — to determine ability of town to pay and means of financing; Chas. Kemlinger, Rotary Club; Frank Kerr, Lions Club; Stanley Jacobson, Morris Onks Assn.; Kenneth Conroy, Shumpike Civic Assn.

An Urgent Problem

# Springfield Merchants Open Friday Evenings 'til 9

# Welcome to the **EASTER SERVICES** of Your Church

## CHURCH SERVICES

Springfield Presbyterian Church  
Morris Avenue at Main Street  
Bruce W. Evans, Minister  
Easter Sunday  
5:30 a.m. The Christian Endeavor will attend the Sunrise Service at Warinanco Park in Elizabeth. Breakfast will be served following the service at the home of Mrs. R. T. Bunnell, 294 Morris Avenue. 9:15 and 11 a.m. Identical Church Worship Services in observance of this holy day. The Sacrament of Baptism will be administered at the first service while the sermon topic will be "As It Began to Dawn." Special music has been prepared for both services under the direction of Charles Sills, choir master, which will include "The Promise Which Was Made" by Barstow and "The Lord, He Is Risen" by Williams.

All are welcome at the Church Services.  
9:30 and 11 a.m. Church School Classes. Classes for Juniors and Seniors meet at the early hour while classes for Beginners and Primary Students (ages 3-8) meet at the later hour. Parents may attend church services while children are in the Church School. There will be no evening meeting of the Christian Endeavor. The Men's Club of the church will meet on Thursday night and have as their special guests the Scouts of Troop 70, which is sponsored by the church. Dinner will be served at 6:30 p.m. after which there will be a program of entertainment for the boys. A business meeting of the club will also be held. A warm welcome awaits all those who worship in this historic church. Representing over two hundred years of faith and service in the community it cordially invites you to unite with those who work and worship in its fellowship.

Springfield Methodist Church  
Rev. Clifford Howitt  
Good Friday  
In observance of Good Friday, the congregations of the Methodist and Presbyterian Churches will unite for a service at 8 p.m. The service will be held in the Methodist Church. The speaker for the occasion will be Dr. Everett Hallock, Superintendent of the Newark District of the Methodist Church. The public is cordially invited to attend.  
Easter Sunday  
Church School  
9:30 a.m.  
Classes for all ages from nursery through senior high school. Departments meet separately under capable supervision and with qualified teachers. A warm welcome awaits you.  
Early Service of Worship  
9:30 a.m.  
Conducted concurrently with the Church School session. Parents may attend this service while the children are in their classes. Please note the change in the hour for this service.  
Late Service of Worship  
11 a.m.  
Services are identical. Solos and

anthems will be rendered. Both choirs will sing at each service.  
Sermon topic for the day: "Getting Acquainted with Eternal Life."  
Next Week  
Monday—The Althea Bible Class meets weekly in the church at 8 o'clock.  
Thursday—Junior choir rehearsal, 6:30 p.m.; senior choir rehearsal, 7:30 p.m.; Troop 66, Boy Scouts of America, meets in the Raymond Chalmers School at 7:30 p.m.  
Friday—Men's Club Bowling League, 6:30 and 9 p.m.

Mountainside Union Chapel  
Highway 29, Mountaintop  
Rev. M. P. Achey, Pastor  
Friday, March 23—2:30 p.m. Good Friday Meditation.  
8 p.m.—Good Friday Service. Communion will be served at this service.  
Sunday, March 25—8 a.m. Sunrise Service in the Chapel.  
9:45 a.m. Bible School for Beginners to Juniors.  
9:45 a.m. Duplicate Easter Service in the main auditorium.  
11 a.m. Regular Easter Morning Service.  
Sermon topic: "LASTING EFFECTS OF CHRIST RESURRECTION" (both services).  
New Members will be received into the church at the 11 service, 7:45 p.m. Evangelist Donald Coords, president of the Plainfield Branch of "Youth for Christ" will bring the evening message. His wife Mrs. Barbara Coords will be guest soloist and male quartet will sing.

**GIRL SCOUT CORNER**  
By M. E. PENARD  
Grandmother's Album—presented by all the Girl Scout Troops, played to a jammed auditorium last Friday night. The troops outdid each other in costuming, songs and dances. Brownie Troop 10 received the most applause for their skit entitled "Sweet Adeline." Five small Brownies were in this presentation and to them and their leader-trainer, the utmost commendation was extended. All leaders and scouts wish to thank Herbert Kern, the pianist, who helped the girls with the presentation. Through the kindness of P. J. Gallagher of the

Coca Cola Bottling Company, each scout was given a bottle of coke after the show. \$75.50 was collected for the Juliette-Low Fund.  
Brownie and Intermediate Scout training program began Tuesday evening in the Methodist Church Hall. Mrs. Anna Lippincott of Westfield conducted the program. Those present were: Mrs. Thomas C. Burns, Mrs. Van Lambert, Mrs. Joseph Petrocy, Mrs. Henry Bouchard, Mrs. Max Kuehn, Mrs. Donald Sobin, Mrs. Ward Humphrey, Mrs. Alfred Zurovski, Mrs. Clarence Wyckoff, Mrs. Richard Allen, Miss Adeline Gieh, and council members Miss Margaret Paulson and Mrs. Frank Leonard. The next meeting will be held Tuesday, March 27, at 7:30 p.m. in the Methodist Church Hall.  
Board meetings will be held on

the second—Thursday—of the month.  
Troop 116—Brownies. The girls established their own library. Books, bookcases and paint were contributed by them.  
Troop 10—Brownies. A surprise Easter party was held for the troop, in honor of their outstanding performance Friday night at the home of their leader, Mrs. Harold O'Neal. Margie Franklin will celebrate her birthday on Saturday.  
Camp Committee meeting was held at the home of Mrs. C. Edward Francis last Thursday evening. Plans for the new Day Camp were discussed. Mothers who can assist in running the camp are urged to contact Mrs. Margaret Dunn at the school or Mrs. George Harrison, Millburn 6-1852.

### SCHOOL NEWS

#### Raymond Chisholm

**Grades 1**  
Mrs. May Busch  
Mrs. Mildred Thurber  
The children in Mrs. Busch's room have been re-grouped. The first group is very large. We are starting our last reading book called "Our New Friends." The stories are long and the words are difficult. We will have a new vocabulary test after each section. We are glad to have Eddythe Montanari back with us.

In Mrs. Thurber's class Richard Ostrom, Nancy Worthmann, Barbara Smith, Patty Andrews, Lester Wood, and Larry Schrupp have received perfect scores in the vocabulary test of "Fun With Dick and Jane."

**Grades 2**  
Mrs. Anne Waters  
Miss Alice Rieg  
In Mrs. Waters' Second Grade we have just completed a mural showing the scenes and characters from their reading unit. The

following people worked on it: Dominic Lopez, Emma Weis, Eric DeWitt, Sandra Smith, Ronald Carney, Penne Smith, Elise Lindauer, John Marins, Dobby Brick, Ellen Fox, Victor Tuma, Maureen Neal, Arlen Strover, Barbara Hou, Carol Humphrey and Sherry Dykic.  
Miss Rieg's class had some review tests on the spelling words they have had the last eleven weeks. On the first test the following had 100 per cent: Billy Berner, Karen Buckley, Helen Buzack, Arlene DiSpirito, Dick Johnson, Judy Marshall, Bernice Mason, Wade Maxwell, Diane Reichle, Alice Reiss, John Rux, Karen Street, Jim Walker and Barry Zeller. Bob Yeager, Michael Pettinichio, and Jim Powell only missed one word.

The classes are making Easter baskets which we hope the Easter bunny will fill.

**Grades 3**  
Mrs. John (For Mrs. Arty)  
Miss Clara Hoopmann  
Miss Marietta Parkhurst

In a recent Arithmetic test in subtraction with borrowing the following pupils of Miss Parkhurst's class had "A": Patty Boynton, Rita Holmberg, Billy Franklin, Dorothy Fuhrer, Barbara Neigel, and Peter Miller.

Miss Hoopmann's class has been working very hard on phonics and has been doing quite a bit of this work at the board, so we may see our mistakes right away. Those who did well on the last few tests were: Patty Ball, Charlotte Bodner, Caryl Cantelmo, Edward Car-

dinal Donald Dziubaty, Maria Inamorato, Phyllis Kaplan, Teddy Kurlin, Edward Kisch, Louis Roettger, Barry Smith, Richard Spiekler and Bobby Siles.  
Last Thursday in Mrs. John's class we had a very nice time at our Assembly program. We especially like the films which showed the penguin sliding down the banister and the lion who was trained to fight his master.

One of our reading groups has finished part one of "Tall Tales" and enjoyed it very much. Another group has almost completed "Streets and Roads."

In art class we made Easter baskets which were very pretty.

**Grade 4**  
Mrs. Lucy Forsyth

Three people from our class received their Don-o-Plomas this week for having their teeth fixed. These people were Ted Ganska, John Heltlinger, and Richard Sutphen.

We have a chart on which we check the birds as they return. The date when the bird was first seen is given, then the name of the bird, then a large space for us to initial when we see the bird. Richard Pancaani has brought in a bird book. David Allardycus has brought in a bird book, too. Mrs. Forsyth has brought in two books on birds published by the National Geographic Society.

**Grade 4**  
Mrs. Florence Kouwenhoven  
Barbara Aman, Carole Becker, Judy Belshart, Charlene Collins, Emily Kent, Susan Kisch, Barbara Mierisch, Virginia Rudy, Ruth Ann Tomney, Karen Rogers, Archie Argyle, Robert Clifford, Norman Miller, Michael Persico, Charles Rothbard, Stephen Weis, and Edward Prichard were happy when Mrs. Sandmeyer returned their weekly Spelling, Writing and English-test papers signed by her. There was a little note attached to each paper reading, "Nice work."

Edward Prichard and Don Bookner showed us foreign coins from Australia and Mexico. Karen Rogers told us about the "International Flower Show" that she saw in New York. She used a booklet to show us some of the pretty gardens which were on display.

**Grade 5**  
Mrs. Margaret McGurrah  
Mrs. Priscilla Butler

The pupils of our Fifth Grade section are having a series of Spelling matches to show the use of the phonics they have been studying. Those who have shown good improvement in Spelling are: Warren Watkins, Chester Albinowski, Audrey Pfeiffer, Alfred Parkor, Dorrone Lynn, and Adelbert Kuenzel.

**Grades 6, 7 and 8**  
Mrs. Isabel Nelson  
Miss Patricia Guerin  
Miss Helene Kosloski  
Mrs. T. L. Sandmeyer

The Seventh and Eighth Grade Literature classes are making illustrated book reports. Roger

Smith, George Campbell, Agatha Madure, and Sylvia Feldman had very attractive ones. Virginia Gregory and Elizabeth Huber illustrated a poem.  
The Sixth Grade made some very clever pen and ink cartoon sketches as well as the large chalk ones. Anne Worthmann, Doris Helmstetter, Douglas Bell and George Haupt drew outstanding caricatures.

The Hobby Club is making plans for its annual "Show." John Bahntamp, Sylvia Feldman, and John Moscaritolo are in charge with all members assisting.

Thais McAlesce from Haledon and Gail Nordell from Belleville have joined our Sixth Grade.

The Boys' Gym classes are practicing tumbling and high jumping. Ronnie Potzinger, Bill Charles and Richard Bataille are very good.

The girls have been invited to a Play Day by the Sixth Grade. James Caldwell girls. The boys have been invited for refreshments and dancing.

#### James Caldwell

Kindergarten  
James Caldwell and Raymond Chisholm  
Mrs. Chandler  
Mrs. Townner  
Mrs. Wronsky

The Kindergarten eyed Easter eggs. We colored some eggs for the people who were out sick. They are in a basket in the refrigerator to keep until our party.

We have been watching for signs of spring. Al Stender saw some robins and Mide Wasing found crocuses.

Patty Cawley had a birthday party on Monday. She has a new brother at home.

**Grade 1**  
Miss Anderson

We were very happy to be invited by Miss Smith's second grade to see their St. Patrick's Day program at the school. It was very exciting to be there and we enjoyed it very much. Thank you for inviting us.

We have painted Easter bunnies for our bulletin boards. They are very colorfully done. They make our room look bright and gay.

**Grade 1**  
Mrs. Snider

Our First Grade children have learned three Easter songs. Our favorite song is the Easter Parade. It had the most votes when we counted them. Alan Wycokoff brought his record of Peter Cottontail to school. We liked it very much.

We read about Sally painting eggs. It was a funny story. She painted the eggs in the hen house. We have had fun this week painting, too. We painted Easter pictures.

**Grade 2**  
Miss Hill

This week we have been learning a new spring song and two poems of Robert Louis Stevenson. We are preparing for an assembly program today.

We have new charts, pictures, books and games about birds. We are studying bird calls.  
We have enjoyed the Paul Bunyan records which one of our friends loaned to us. We are learning a song about him from the records.

We must finish our daily work in order to check ourselves off on our "We Finish Our Work Chart." We have other charts in our room which show our progress in arithmetic and spelling.

We have started a Book Report Chart on which we may give a star rating of the books we read in our library.

**Grade 2**  
Mrs. Selcavage

The children were very busy this week with a variety of activities. First they learned an Easter poem for the Assembly Program this Friday. Next they made a Easter mural and some very nice Easter baskets.

We are all looking forward to a nice Easter vacation and wish everyone a very Happy Holiday.

**Grade 3**  
Miss Smith

Linda Schirhofer had the mis-

fortune to break her arm while roller skating last Saturday.  
Mrs. Hildebrand and Richard Naumann have been ill all week. We have missed them.  
Mr. Post helped us to draw pretty Easter pictures. It was fun.  
Mrs. Osborne helped the girls with a dance to give in the assembly program.

We have 25 in our class. Twenty-three were present for the weekly spelling test. Twenty-two had A in the test. We think that is a very good record.

**Grade 3**  
Mrs. Cross

Monday Mrs. Cross came to our room. He brought a tape recording machine. One reading group read stories in parts from their reading books. We had the other group come up and talk to Mrs. Cross. It was a lot of fun to hear our own voices—it will help us to improve our reading.

We have learned the four times table this week. We are practicing our subtraction with borrowing and learning how to check our answers.

**Grade 3**  
Mrs. Dunn

Since the 3-D class are studying about Animals of Africa, Marilyn Danks and Patricia Jordan went to the Library and got some very nice colorful books. Janet Leire brought in her View Master with Animal slides. Janice Pearson brought in some pictures of wild animals. Joyce Harrison made a report on Lions. The 3-D class had a spelling Bee. Peter Black was the winner.

**Grades 3 and 4**  
Miss Van Arsdale

Our class members who did not have the opportunity to go to the Indian Museum in New York City last winter when the electricity was off during the hurricane, will be going during Easter vacation with their teacher and another parent. We have completed our imaginary trip to Alaska and hope to enjoy building a miniature jungle out of different seeds and plants while we study the life in tropical countries, making miniature scenes of Egypt, Africa and South America.

**Grade 4**  
Miss Derivaux

Birthday greetings from our class to Joyce Field, John Niess, Roy Abram, Margaret Mojik.  
We finished making the egg-hood favors for the Veterans of Lyons Hospital. Every one of them was decorated differently and we used all colors of crepe paper with touches of gold and silver paper.

The people who received stars for perfect spelling sentences this week were: Judy Crowley, Sandra Penard, Joyce Field and Norman Argast.

**Grade 4**  
Mrs. Ryder

We have invited Miss Van Arsdale's class to see our African exhibit. Our program shall include a showing of the film strip "Aimed—A Boy of the Desert"; African music and a display of animal and plant life. Reports will be given by many of us.

We're particularly pleased with Gary Southward's role of jungle animals. A pet on the back also to Bob Pinkava, Lorelee Smith and Elaine Kern for what they have accomplished.

**Grade 5**  
Miss Farnel  
Miss Wahl

Amelia Fornell, Bobby Keith and Eric Darlymple selected twenty additional books from the Public Library for our reading shelf. We have seventy-five books to choose for reading in our leisure time. We pocket each book and keep a record of all readers so that the Library may know how many readers to add to their circulation.

Some of our favorite reading is the various biographies of famous people. Pecca Bill, Mr. Fopper's Pinguin, Mary Poppins, One God Wolf, California Gold Rush, The First Transcontinental Railroad.

Our Library-Reading gives us

a taste of good reading. We thank the Library for their cooperation.

**Grades 6**  
Mrs. Dinapugno  
Mr. Navarro

Many of us have expressed the desire to visit various places in our country. Sam Wronsky made a travel poster of a farm scene in New Hampshire. Carl Lorenz's poster shows the Washington Monument reflected in the pool at Washington, D. C. Jean McMurray showed a boat scene along the St. Lawrence River in Canada. Thomas Doherty's scene of Southern California shows sailing on the Pacific Ocean.

We are also working with paper-mache. We are just beginning to get "the feel" of the material. The classes are also experimenting with other materials of this nature such as sawdust and sand mixtures. We had a lot of fun planning what we would make. This was done in little "buzz" groups.

Gail Hansen, Diane Kerr, and Carol Loneycraft have already incorporated a paper-mache aid as part of their Science and Geography project.

**Grades 7 and 8**  
Mr. Schneider  
Mr. Winberry  
Mrs. Jakobsen  
Mrs. Shunder

A-J presented a most successful play in Assembly called "Where Is That Report Card?" Members of the cast were John Baler, Barbara Roe, Gracelyn Telfer, Patty Allen and Artie Wendland. Richard Fornell was the announcer. Our upper floor bulletin board

is the center of continued attraction. Geography projects of the seventh graders are the highlights this week.

**Special Class**  
Mrs. Lushbar  
Thomas Hills went to the High School play on Wednesday and enjoyed it very much. Many sixth, seventh, and eighth graders went, too.

#### Red Cross Attains 95% of Its Quota

The 1951 Red Cross Fund campaign has attained 95 per cent of its quota, it was revealed by John F. Dalton. He pointed out that 25 per cent of the quota had been collected from local businessmen. Among those listed who aided in the drive were Milton Bijlet, Warren P. Partelow, William Kowalski, Russell Cehramm and Kenneth Morris. He paid tribute to the group and expressed the gratitude of Springfield Chapter for the aid.

Gail Hansen, Diane Kerr, and Carol Loneycraft have already incorporated a paper-mache aid as part of their Science and Geography project.

### Township's Stand

(Continued from page 1)

buildings currently under construction, and for which building permits had been issued. The project of redistricting will be practical and effective for years to come, an allowance has been made for increase in the number of registered voters in each of the districts. The resolution was submitted to your Board and the Clerk was advised that it was satisfactory except for a minor point which respect to clarification of the wording of the resolution, of which we were advised by your letter of February 21st. On February 28th, the resolution of January 10th, 1951 was clarified, in accordance with your request, and the matter was presented to you within the statutory time.

A protest was thereafter filed with you, which was obviously inspired by political considerations. The protest was improper, had no weight and it was not within the jurisdiction of the County Board of Elections to consider it, much less to attempt to take the action which you state you did at your meeting of March 18th.

The reasons given in your letter are invalid. You refer to your letter of February 21st, and your "requirement of certainty." We submit that the resolution as amended is not uncertain. Proof of this is apparent in the fact that your clerical staff has prepared cards for the registered voters in accordance with the redistricting resolution, some of which cards have actually been mailed, and the remainder of which we are advised are ready for mailing. If further proof were needed, it is apparent, in that the authors of

the protest prepared a map on which the election districts were laid out in color, which certainly could not have been done had there been any uncertainty about the district lines. You further state as a reason for your attempted action, that "the Board could see no advantage to the voters at this time." We submit that under the provisions of the statute, above referred to, it is not within the province of the Union County Board of Elections to decide the advantage to the voters, but that that decision is within the exclusive jurisdiction of the governing body.

There is no justification for the protest on even the narrowest view of political party advantage or disadvantage. Every elective office in the Township of Springfield, except County Committee members, is voted for on a Township-wide basis. The Township Committee is elected from the Township at large. Election of County Committee members of the respective political parties is by districts, but this is a political party election and not the election of the electorate as a whole. There has been no attempt, nor is there any reason or occasion for gerrymandering.

We repeat that the foregoing is offered as a matter of courtesy to the County Board of Elections and not because justification is required. The action of the governing body was considered and deliberate, and beyond the power of the Union County Board of Elections to accept, reject or veto. The Township Committee does not propose to surrender its statutory jurisdiction to the County Board. The responsibility for any confusion which results from the Coun-

ty Board's action is and will be yours.

The Township Committee of the Township of Springfield respectfully suggests that, in order to clarify the situation and eliminate the confusion, the Board rescind its resolution, which is a nullity, and, although such action will not have any legal weight give its formal approval to the redistricting, which is an accomplished fact by reason of the Township Committee's action as aforesaid, and instruct its clerical staff to mail out proper notices to the voters of Springfield Township.

In the absence of such action, the Township Committee may find it necessary to present this matter to an appropriate tribunal for injunctive relief. The Township Committee feels that in such event, it will be put to an unjustified financial burden as the result of this unwarranted and illegal action of the County Board of Elections.

It is the considered and honest judgment of the Township Committee that the County Board of Elections has unjustifiably sought to invade the powers of home rule vested in the Township Committee, and that no statutory authority or precedent exists for such action.

#### VISIT LOCAL FLORIST

Members of the Garden Department of the Springfield Women's Club toured the Weber's Crystal Stream Florist greenhouses on Monday night. Wilfred Weber demonstrated the technique of corsage making. He made a corsage of carnations, two of sweet peas and one of roses, which were presented to four of the women present.

### PEOPLE WE KNOW

By ANNE SYLVESTER  
Phone Millburn 6-0086

Mrs. Raymond Forbes of 169 South Springfield avenue, was hostess at luncheon at her home on Wednesday, in honor of Mrs. Charles Bourisley and Mrs. Robert Morgan of town, and Mrs. Otto Beretz of Holland who were celebrating their birthdays. Other guests were: Mrs. Charles Runcio, Mrs. Margaret Gartland and Mrs. Jack Weinselmer, of town, Mrs. William Anthony of Millburn, Mrs. Hayward Mann of Fair Haven and Mrs. Walter Basch of Rumson. After luncheon, cards were played.

Mr. and Mrs. Howard Smith of 161 Meisel avenue, were godparents at the christening of Wendy Elizabeth Zolto, daughter of Mr. and Mrs. Stanley Zolto of New Brunswick, formerly of town, held at the Methodist Church on Palm Sunday. A dinner was given at the Smith home. Mrs. Stanley Zolto, Russell Post of Salter street was

given a surprise birthday party last Thursday evening by his art students. After the usual painting lesson, the group enjoyed cake and coffee and presented Post with a birthday gift. The group includes: Gertrude Sala, Mrs. John Dege, Mrs. David Cavanaugh, Mrs. Paul Wels, Mrs. Harry Speicher, Mrs. Frederick Sylvester, and Mrs. Michael Tatusko.

Mr. and Mrs. Ricky Knapp

have moved into their new home on Kew drive. They are formerly of Irvington.

The Spunkie Association held a supper dance party at the Flagship. About 20 couples attended and a good time was had by all. Mrs. Bruce Logan of 212 South Springfield avenue, is confined to her home due to illness.

The Freeholder Question Again

An illuminating sidelight on the current primary struggle for the three freeholder posts is revealed in an editorial which appeared in the Saturday issue of the Elizabeth Daily Journal. Situated not far from the courthouse and with a bureau of reporters who scan all daily courthouse activities the Journal is in an excellent position to know what it is talking, or writing, about.

The editorial indicates belief that the day of the secret caucus should be approaching an end. It apparently believes that the answer is in replacing some familiar faces in the freeholders' bailiwick. April 17 may indicate considerable support of its stand and local freeholder incumbent Lee-S. Rigby may be one of the victims. Following is the editorial:

Once more the makeup of the Board of Chosen Freeholders becomes a problem for the Republican voters of Union County. That is not misstatement, because, lacking a vitalized county organization the Democratic party may be conceded no more than the out-cast of outside chances in the November elections.

The makeup of the Freeholder Board in the immediate future then, should be decided in the April primaries. That is a responsibility the Republicans must shoulder. It is, moreover, a responsibility that cannot be discharged by electing any five candidates. Mere Republican control after the first Tuesday after the first Monday in November isn't enough. What kind of control? That's the problem to be tackled now.

Most surely it isn't a problem to be solved by resort to personalities. Admittedly there is bound to be public reaction when a Freeholder Board seems to be reaching for undue control over such a cherished public possession as the Union County Parks. That is natural reaction aimed at a party within a party that isn't necessarily Republican.

For years the Board of Freeholders have been the topic of many a spirited conversation over many a kitchen table—but always with doors hotted and shades drawn. Thor on his mountain couldn't have been more detached from the common people, nor could his "magic hammer" been more subject to command.

Nobody has charged the Freeholders with corruption. Paradoxically, where the Freeholders are vulnerable is in the thoroughness of their insulation—in the aloofness that makes their business none of your business. The "mother knows best" attitude is all wrong. It isn't just enough to serve up their decision in package form, all pasted up with scotch tape and sealing wax. It isn't just enough for the Freeholders to give us surface economy, it is our right to get a close-up at the economy at an open-meeting not shrouded in caucuses. How is the economy attained? Strange as it may seem to the Freeholders there may be within the confines of Union County just one taxpayer who could even give them a worthwhile suggestion if afforded the opportunity.

That isn't the way it is supposed to be. The political sensation of the local new year was sprung when Albert Benninger disagreed with the Freeholder budget. Imagine that, even a Freeholder daring to dissent with the findings that the Freeholders had reached—in secret, of course! It's the sort of thing a fellow once said was an "unheard of thing."

These are points which will be turning over in the minds of many Republican voters as primary date approaches. Is the Freeholder set-up an autocracy? Is it Republican, or a third party? Is it a public or a private concern? Is there room for greater economy? They are fair questions. The primaries should not be a protest meeting. Rather this should be a period of probing into what is best for the county which, of course, means the people of the county and their rights to be considered partners in their own business.

GILLIS ELECTED TO PHI BETA KAPPA

Richard E. Gillis of 115 Pooker avenue, has been elected to membership in Phi Beta Kappa, national honorary scholastic society, at Rutgers University, New Brunswick, N. J., which is being maintained today by Dr. Herbert W. Gillis, Jr., secretary of the Rutgers chapter. New members of the society are elected by a ten-man membership committee after careful examination of the student's records. The committee makes its choice on the basis of academic standing, general character of courses pursued, general scholarly attitude, and length of time spent at the university.

Rigby Is Target

(Continued from page 1)

hope of doing the job that must be done in 1952 and thereafter, we can hardly take the chance of plunging in these most important county offices men who are so self-centered that we cannot even depend upon them to beseech themselves to help you and me elect a Republican president next year.

"We can no longer afford the luxury of having people setting themselves up as leaders of our party when their self-divorcement from the party has contributed to a marked decline in the party's popularity with the voter. I need only to exhibit to you the election returns in 1950 in which the Republican freeholder candidates ran almost 10,000 votes behind the leader of the ticket. That condition cannot be permitted to go uncorrected.

"We have to do some serious thinking and some serious investigation of these office-holders who again come to you for your support—as they do every Election Day. I do not say that we have to launch a junior grade Kefauver investigation but we most certainly have to make sure that those who seek your support deserve it, first by being Republicans who will work with and for the party or organization and not a sacrosanct clique, responsible only unto themselves.

"I do not mean to condemn all of the actions of the majority of the incumbent freeholders but I do say that we, as Republicans and citizens, have every right to inspect the record on which they seek re-election and to evaluate that record for what it is worth.

"Let us take the record of the Freeholders in their recent relationship with the Union County Park Commission. It is hardly necessary for me to tell you of the outstanding record of the members of the Union County Park Commission. There is less need for me to tell you that Union County's park system is considered a model not only in New Jersey but throughout the country.

"I am not heaping unearned praise upon the Park Commissioners when I tell you that the system which they have developed has won the commendation of delegations from foreign countries which have taken care of their home countries many of the innovations that have been developed by Union County's Park Commissioners.

"The Park Commission has been working for years to develop the Elizabeth River Parkway, which would have a beneficial effect on practically all of the cities and towns which border on the river. Realization of that program would have, among other things, provided flood control for those towns as well as eliminating what has become an unsightly drainage ditch for the greater part of its length. In the City of Elizabeth it would have done much to rehabilitate a section of the city which is little more than a Civil War junk heap, scarred with the unsightly remnants of old industrial buildings along the watercourse.

"Out of nothing more than the pique that has developed in the small minds of small men, the commission has been refused adequate monies needed to carry its plan into execution. As the result of this niggardly delay, the taxpayers of Union County will pay thousands of dollars more for this necessary improvement than would have been the case if the freeholders had the real interests of the public at heart.

"The freeholders have refused the park commission adequate sums in recent years for the maintenance of our park system. This, despite the fact that they were aware that the commission faces increased expenses just as every one else does in this inflationary period. They know that the Park Commission has had to compete with the higher wages being paid by the county's industries and other business enterprises. The park commission has been hard-pressed to keep intact its own staff of men which it has trained over the years.

RECEIVES HONOR AT BUCKNELL U.

Miss Barbara Lynn Roemer, Bucknell University sophomore, has been initiated as a member of Pi Delta Epsilon, national journalism honorary fraternity. A daughter of Mr. and Mrs. Lester H. Roemer, 7 Park Lane, Miss Roemer is enrolled in the commerce and finance course at Bucknell. She was one of twenty-one members who received their fraternity keys at a recent dinner meeting.

to point out how many years several members of the board who died recently had served prior to their death. With the exception of himself, William McMane, Bauer and John H. M. Dudley, the freeholders are relative newcomers to the board.

Rigby constantly has been on the defensive with Carr and Mrs. Scheideler asserting that the incumbents are seeking self-perpetuation. Rigby has not been in a good position to defend against the charge since he is completing his fourth three-year term. Observers point out that this is nearly half of a generation. McMane, Bauer and Dudley all have served longer on the board, partially bearing out the contention of Mrs. Scheideler and Carr.

The latter also addressed the club as did Bauer and Rowland. Other speakers included Arthur E. Lloyd Jr., of Union, Fred E. Shepard, Mrs. Lorence P. Dwyer and Mrs. Irene Griffin, candidates for the Assembly nominations—and County Clerk Henry G. Nulton.

Rigby also has been subjected to an attack by Freeholder Butler, who has charged he is "an enemy of the veteran." The Mount-ain-side freeholder claims that Rigby constantly opposed legislation which would aid veterans. Rigby contends he has "favored more legislation than I have opposed."

Student Guidance

(Continued from page 1)

the best and to have the home and school working together as a team to obtain the desired results—a well balanced youngster, physically well, mentally alert and emotionally stable—Dr. Wilkins emphasized certain steps to follow. He said every child is different and it is up to the parent to know what kind of youngster each one is. Then help him to develop his strong points so as to give him status and help him feel secure in other people's estimation.

"Never," said Dr. Wilkins, "pick on his faults." Secondly, parents and schools should help the child to learn to live with others—helping him to take care of himself and teaching him how to accept defeat in some of his everyday problems. "But this must be through guidance and supervision" Dr. Wilkins spoke of the adult who is unsuccessful in his job not because he lacks ability to do the job, but because he has never learned to live with others. In his adult job, he cannot get along with his boss, or he may be those under him or his colleagues. Dr. Wilkins stressed that "this learning to live with other people" is, in his mind, of greatest importance in the child's education.

"While the best hours of the day are spent at school, the time spent as a family unit must give the child a feeling of real security. Dr. Wilkins urged parents to help the children with their homework—not doing it for them, but providing them with adequate sources of information to supplement their

LETTERS

from Our Readers

From the Red Cross Editor:

At this stage of the Red Cross 1951 fund campaign, when over 95 per cent of our quota has been reached, it is time to look back and thank those who prepared the way for our collectors by bringing the Red Cross story to the people of Springfield before the campaign began. This has been my first business contact with your paper and it was a pleasure to find such willingness on your part, to assist the American Red Cross in a measure far beyond that expected from the average newspaper.

Your articles during the campaign also served to make the public conscious of the Red Cross drive which is still being carried on by the Springfield Chapter. The list of residential district chairmen which you published was a help in encouraging these volunteer workers and in providing a reference for the individual solicitors.

I would like to point out also that about 25 per cent of our quota was collected from local businessmen by five men who gave liberally of their own time. These men are: Milton Billel, Milton's Liquor Store, Warren P. Partelow, Baker & McMahon, Realtors; Russell Schramm, First National Bank; William Kowalski, Equitable Life Insurance Co., and Kenneth Norris, New York Telephone Co.

It has been a pleasure to have had your assistance in this campaign and would like to take this opportunity to express the sentiments of the Springfield Chapter, American Red Cross to you and your staff with the hope that we will be working together for many years to come.

Sincerely, John H. Dineen, chairman, American Red Cross, 1951 fund

textbooks. Parents will find, too, that children who are employed on tasks within their level of ability and interest will not be discipline problems. The growing child reflects so much of the home atmosphere and carries these influences into adult life that parents must rise to this challenge and make every effort to help the child become that well adjusted individual.

The combined school choir gave an interesting performance when it sang several numbers as part of the musical program at this meeting. Forty-four students of the 7th and 8th grades, trained by Mrs. Osborne, the elementary music supervisor, delighted the parents with their ability to harmonize.

The attendance banners were won by Mrs. Stauder's 8th grade in James' Catholic and Miss Guerrier's 8th grade in the Raymond Chisholm School.

The second grade mothers were hostesses with Mrs. George Rau, and class mothers Mrs. Henry Fox, Mrs. Wm. Berner, Mrs. Wilbur Eng, Mrs. Carl Nollberg and Mrs. G. C. Braun serving.

Looking Into Yesteryear

From Files OF THE SUN

Ten Years Ago

Catholics of Springfield mourned the death of the Rev. Thomas B. Larkin—first permanent pastor of St. James' Church, who was fatally stricken with a heart attack while watching a basketball game between Seton Hall College, his alma mater, and Rhode Island State at Madison Square Garden, New York City.

Mr. and Mrs. James Ferrara of 347 Morris avenue, announced the engagement of their daughter, Miss Ernestine Ferrara, to Joseph De Filippis, son of Mr. and Mrs. Emilio De Filippis of Newark.

Two Springfield men were ordered to report for military training by the Springfield-Union Selective Service Board. They were: George Robert Condes of 38 Morris avenue, and Charles Henry Cooke of Milltown road.

Supervising Principal Fred J. Hodgson escaped serious injuries when his car was involved in an accident with a machine of J. Harbert avenue, Short Hills. The local school head's vehicle completely turned over on its side and ended in an upright position. Hodgson was uninjured.

Miss Barbara Louise French, daughter of Mr. and Mrs. George W. French of 121 West Passaic avenue, Bloomfield, became the bride of Allen William Zohn, son of Mrs. Carolyn Zohn of Tompkins lane, in the Westminster Presbyterian Church, Bloomfield.

DAR CONFERENCE

The fifty-ninth State Conference of the DAR was held at the State House in Trenton on March 15 and 16. Governor Driscoll was the principal speaker on Thursday when several future members of the prospective Springfield Chapter attended. Other speakers were State and Chapter officers of the DAR from New Jersey and Pennsylvania.

### School Report

(Continued from page 1)

tion was also given to the probable increase in school population due to the construction of new apartment units and single houses.

This study revealed that to take care of the present enrollment of 980; it is necessary to install the Sunday School rooms of the Presbyterian and Methodist Churches; for the kindergarten and two of the first grades, and to have six sections on double session at Raymond Chisholm School. Next year, on the basis of the figures of November, 1950, there will be 1,042 children, and about 25 sections on double session in both schools. There are 17 class rooms in the James Caldwell School and 10 in the Raymond Chisholm, a total of 27 rooms. By 1952, the estimated enrollment of 1128 will require 45 home rooms on the basis of an average of 25 per class; in 1953, 47 rooms will be needed.

These figures show only the children at present living in town — there will be an appreciable increase as a result of the present extensive building program. The survey figures were further analyzed to show the number of children in each part of the town, in order to determine where school

facilities should be located to best serve the community.

**Several Plans Considered**

A number of plans were proposed, and all received consideration. One suggestion was that a 11 room wing be added to the Raymond Chisholm to add an upper grade school to its present facilities. This is to be followed later by a K-5 school on the South property. Another plan was to add about 8 rooms, plus shop and home economics, to the Raymond Chisholm School, and construct a complete K-8 school on the South property. A third proposal was to make Raymond Chisholm a school for 7th and 8th grades, with James Caldwell to be a K-8 and with a large K-6 school to be constructed on the South property. Still another suggestion was to make no changes in James Caldwell or Raymond Chisholm, and build a K-8 on the South property.

All of these building plans indicated about the same number of class rooms required. The question, therefore, was not one of how many rooms were needed — the problem was to determine where these rooms should be constructed to give the children of Springfield the best education possible.

**The Citizens Committee Recommendation**

After carefully weighing the advantages and disadvantages of all these proposals, the Committee came to unanimous agreement on the following plan:

Upper grade school for 6th, 7th and 8th grades to be constructed on the Fiemer tract, ready for use in September, 1952.

K-5 school to be constructed on the South property, ready for use in September, 1954.

An Adequate Plan

The upper grade school would consist of 14 home rooms, includ-

ing science, art, library, combination lunch and music room, and home-making rooms. There would also be a gym-auditorium, manual training room, health room, teachers' room, office for principal and clerk, storage, boiler room.

A school of this size is the minimum needed to take care of the children in the upper grades, but with careful planning it will be adequate. There will be no unnecessary rooms of any kind, but such a school would provide the means of giving the children the kind of education they should have. This does not mean there will be additions to the curriculum — it simply means that there will be better facilities for teaching the subjects now being offered to these grades.

The K-5 school on the South property would probably be about 7 class rooms and a utility room, with offices, etc.

This plan would give Springfield a well-rounded educational program. From the standpoint of good education, it is considered best to have the children in the upper grades together. While no regular junior-high school system is possible under the Regional set-up, bringing the 6th, 7th and 8th grades together in one school would provide most of the advantages of such a school.

The Fiemer property is approximately the geographical center of town. This would make it the logical location for a school that serves children from the entire town. It would be a reasonable distance from all sections of Springfield, and this would relieve the bus situation.

The size of the property is 9-1/3 acres. The land is reasonably priced and in good condition, requiring a minimum of grading and filling. It would be possible to build a modern one-story building on this land. This might be more economical because fireproof construction would not be necessary.

If an addition should be made to the present Raymond Chisholm School it would be impossible to build anything but a two-story fireproof building, a more expensive type of construction. The law does not permit the construction of a non-fireproof building within 100 ft. of another building. In adding to an existing building, there would be considerable expense for demolition and alteration, and the resulting building would lack architectural beauty and unity, and would be poorly integrated from a teaching standpoint.

The Fiemer tract would give room for future expansion if it should be necessary, and provide an adequate play area. The property adjoins the Union County Park grounds, which would be available for additional recreational activities.

**Value of the Fiemer Tract**

The Board of Education, at the request of the Committee, authorized a disinterested appraisal of the land known as the Fiemer tract, in order that the Committee might have definite information as to its value. The appraisal, made by the Board of Realtors of the Orange and Maplewood, indicated the land itself, without any consideration of the worth of present plantings or its value for specialized use, is valued at \$25,500. Mr. Albert Fiemer has stated there are approximately 30,000 flowering shrubs growing on the site. It would cost at least \$3,000 to remove them. About 1/3 of the shrubs are now marketable; the other 2/3, due to being transplanted, will require a year longer to mature, and this would represent a loss of \$10,000 in a normal operating program. This might vary slightly, but a loss of at least \$8,000 could be expected.

This would make the actual value of the land from \$38,500 to \$38,500 — the price at which it has been offered to the Board of Education is \$30,000.

**Advantages of an Upper Grade School**

An upper grade school would be economical from an operating standpoint. One manual training room and one home-making room

would be sufficient for all the children getting such instruction. Since no traveling between schools would be required, the teaching personnel would be kept at a minimum. Because only one room of each type would be necessary, it would be possible to have better equipment than if duplicate shops had to be furnished.

**Shop and home-making rooms** are not suitable for teaching other subjects, and rooms of this type which are used only a part of the time represent waste space for the unused period. But in an upper grade school they would be in use practically every period, and this would mean that the space would be fully utilized. Also the fact that the shop and home-making rooms would be in nearly constant use would mean that more efficient use could be made of the regular class rooms.

The science, art and library rooms would be used as home rooms, the lunch room would be used as a music room and home room.

**A Balanced K-5 Plan for All Springfield**

An integral part of this plan is the construction of a K-5 school on the South property. This will round out the program, making a well-planned system of three neighborhood schools with a central upper grade school. The kindergarten to 5th grade schools should be neighborhood schools so that the smaller children will not be required to go a long distance, and will be able to go home for lunch.

The construction of an upper grade school would make the shop and home economics rooms at James Caldwell available for regular class rooms, and this would mean that James Caldwell would be large enough for a K-5 school in its vicinity. Raymond Chisholm, with only 10 rooms, would not have sufficient space to provide for the children from the rest of the town, but for the years 1952 and 1953 it could be taken care of fairly well by transferring some children to completely utilize the space at James Caldwell. However, by 1954 there would be a definite need for a school on the South property.

There is ample room at this location to allow for the construction of a one-story building which could easily be added to if the development of the neighborhood makes it necessary to expand.

When three neighborhood schools are in operation, the necessity for bus transportation will be a minimum. Having the smaller children separate from the older ones will mean greater safety for them in the play areas, and make possible better planning of the school program.

Inasmuch as the Committee has found there is a wide divergence of opinion between various architects as to the most desirable approach to this type of problem, the Committee feels it would be wise for the Board of Education to conclude its contract with Mr. Blaesser, so that there may be complete freedom to consult other architects and develop a plan which would be most suitable.

**Springfield Can Finance This Program**

The estimated cost of this plan would be in the neighborhood of \$50,000 (a \$85,000 for the upper grade school, and \$250,000 to \$250,000 for the K-5 school. To finance this will require the approval of the Township Committee and their consent to use some of the municipal borrowing capacity.

According to the latest official estimate, at the end of 1951 there will be available a combined township and school board borrowing capacity of approximately \$750,000. At the end of 1952 the figure will be \$936,000, and at the end of 1953, \$1,105,000.

Unofficial discussion at the state level gives reason to believe there would be no problem in getting permission to float a bond issue of \$500,000 to \$550,000 during 1951, so that construction could be started in the early Fall, with the idea of placing the building in

### Dorothy Behnert Church Bride

At a double wedding ceremony Saturday in the Garwood Presbyterian Church, Miss Dorothy Behnert, daughter of Mr. and Mrs. Ernest A. Behnert of 405 Locust avenue, Garwood, became the bride of John D. Aurnhammer, son of Mr. and Mrs. John L. Aurnhammer of 17 Taylor street, Millburn. The Rev. Eric S. Touger, pastor, performed the ceremony. A reception followed at Le Pree's Pine Room, Roselle Park.

Given in marriage by her father, the bride was attired in a gown of French alencon lace over satin with mandarin neckline, fitted bodice, long sleeves and bouffant skirt. Her illusion finger-tip veil fell from a bouquet of tulle and lace. The bridal bouquet was of white carnations with hyacinth streamers.

The bride was attended by Miss Joan Weir as maid of honor. The bridesmaids were Anne Aurnhammer and Audrey Crump. The bridesmaids were Stoven Douglas, Jr., served as best man, while ushers were Alfred Ellis and Joseph Budis.

An alumna of Regional High School and Berkeley Secretarial School, East Orange, Mrs. Aurnhammer is employed as a secretary at Centric Clutch Company, Cranford. Mr. Aurnhammer is a graduate of Millburn High School and is employed by the Union County Bulk Company, Elizabeth.

### Shunpike Holds Supper Dance

The Shunpike Association entertained its members Saturday evening at a Supper Dance at the Flagship Union. Members who attended were: Mr. and Mrs. Hendrick Moon, Mr. and Mrs. Carl Rottger, Mr. and Mrs. LeRoy DeRosset, Mr. and Mrs. George Walton, Mr. and Mrs. Robert Andrew, Mr. and Mrs. George Glimshaw and Mr. and Mrs. Larry Roland.

Also Mr. and Mrs. J. Herbert Peterson, Mr. and Mrs. John M. Bodner, Mr. and Mrs. George Smith, Mr. and Mrs. John Schroder, Mr. and Mrs. Everett Speer, Mr. and Mrs. William Devone, Mr. and Mrs. Frank Wehrle, Mr. and Mrs. Thomas Peracio, Mr. and Mrs. Alchelle and Miss Cornelia Filsinger.

### Troth Announced At Family Party

The engagement of Miss Gertrude H. Oesterle to J. Leonard Mayer, son of Mr. and Mrs. John L. Mayer of 63 Morris avenue, was announced by the bride-elect's parents, Mr. and Mrs. Walter W. Oesterle of 977 Stuyvesant avenue, Irvington. The announcement was made at a family dinner in their home.

Both are employed by the Prudential Insurance Co., Newark. Miss Oesterle is a graduate of Irvington High School. Her fiancé was graduated from Westfield High School.

**TO ENTERTAIN**

Miss F. H. Hickey of Ridgewood terrace, Chatham, will be hostess at a luncheon followed by bridge. Assisting hostesses will be Mrs. F. J. Kitchpatrick of Westfield, Mrs. C. C. Price of Short Hills and Mrs. William Collins and Mrs. John Starr of Cranford.

**"Fr. Dix Calling" ... 1,000 Times an Hour!**

Since 1941, Mrs. Eleanor Barber has been a telephone operator in her home town of Mt. Holly, N. J., one of your 22,000 telephone service centers and neighbors who copiously strive to make your New Jersey telephone better and better.

• G. I.'s at Fort Dix make as many as 5,500 Long Distance calls an evening. To put such calls through quickly and efficiently is the job of Mrs. Eleanor Barber ... and 150 other Mt. Holly operators.

• These calls are only a small fraction of the total added telephone load in the State. To take care of this load, New Jersey Bell's vast construction program ... \$241,000,000 since 1945 ... is being pushed as rapidly as essential scarce materials permit. Today, even with increased calling, 9 out of 10 Long Distance calls are put through while you hold the line.

**NEW JERSEY BELL TELEPHONE COMPANY**

service in September, 1952, as suggested in the plan.

There would also be a cushion of available borrowing capacity to take care of the K-5 school on the South tract as well as some necessary town projects by the Fall of 1953.

In recommending this plan for the consideration of the Board of Education, the Citizens Committee desires to stress the fact that its primary interest is to provide a good educational program. We believe this plan will meet this requirement. Having a central upper grade school and three neighborhood K-5 schools will provide the type of education the people of Springfield have a right to expect for their children.

At the same time we believe this plan would be the most economical to build and to maintain. Construction of modern type buildings planned for future expansion will eliminate the necessity for costly alterations should such expansion become necessary. The concentration of special facilities for the upper grades in one building would mean a lower initial cost, lower maintenance because better equipment could be provided, and a minimum requirement of teaching personnel. Having three K-5 neighborhood schools would mean additional safety and convenience for the smaller children and would eliminate the necessity for lunch rooms in these schools.

And finally, the construction of two good, modern school buildings would be a definite improvement in the appearance of the town, and would give Springfield a school system of which it could be proud.

Local Residents To Join Parade Scores of parishioners of St. James Church here are expected to participate in the annual St. Patrick's Day parade in Newark, Sunday afternoon.

According to St. Rev. William Burke, pastor of St. James, no plans have been made by church organizations to march under their own banners. Father Burke said, however, that many local men and women would be marching with such organizations as the Ancient Order of Hibernians.

### St. Stephen's Church To Note 100th Anniversary on April 1

The One Hundredth Anniversary of the founding of St. Stephen's Episcopal Church, Millburn, will be celebrated at a special service of thanksgiving, on Sunday, April first at 11 o'clock. Governor Alfred E. Driscoll will be the honor guest and principal speaker.

The church building on Main street stands as an historic landmark, almost unchanged after a hundred years of great changes in the Township. The Millburn of a century ago was not even an independent town, but merely a part of the neighboring and older town of Springfield, which was an important center even in pre-revolutionary days and had shortly before lost a hotly-contested election to be made the county seat instead of Newark. Millburn's very name—Millville—was different in the 1850's, and the village of 600 people, mainly farmers and owners and employees of the local paper mills and hat factories, had little contact with the cities of Newark and New York which seem so near today.

To Millville in the fall of 1851 came a young man, a missionary sent out from Grace Church, Elizabethport, who was to hold the first Protestant Episcopal service in the town, which marks the beginning of St. Stephen's Church. At that time there was no church between the Methodist Church in Springfield and the Baptist Church in Northfield, and no Episcopal Church between St. Mark's, Orange, and St. Peter's, Morristown. Rev. Eugene Augustus Hoffman, the missionary, found a congregation of 60 people awaiting him in an upper room over a store in Millville center. Only a few of the people had ever used the Prayer Book, but all joined heartily in this first service, which was held on October 17, 1851.

The congregation increased rapidly during 1852 and soon outgrew the small room where the first service was held. That summer, Israel Dadd Condit, one of the front figures in the early life of the parish, maintained a regular weekly service in Mr. Hoffman's absence, and threw his house open to visiting clergy. On January 17, 1853, a meeting was held at Mr. Condit's home to elect the first vestry, and Mr. Condit and Mr. Hoffman were appointed to select a corporate name for the congregation. The first officers were two wardens—Mr. Condit and George W. Campbell, and seven vestrymen—Isaac M. Hand, Hugh Allcock, Isaac Martin, Amos Condit, William Marshall, Thomas C. Broadway and Edward Clayton. Two days later, at a service where Bishop Doane and seven other clergymen were present, the group

was incorporated as the "Rector, wardens, and vestry of St. Stephen's Church, Millville." Cornerstone 1853

At the first vestry meeting, held the following week, a building committee was appointed to collect funds for a permanent place of worship. Mr. Condit presented the church with a piece of property 150 x 200 on Main street, and building was laid on August 29, 1853. The building was completed in less than three years and was consecrated by the Right Rev. George W. Doane, Bishop of the Diocese of New Jersey, on July 24, 1856. Offerings taken on the day of consecration were used to purchase the stone baptismal font which was installed shortly afterward and has remained in continuous use.

St. Stephen's was built sturdily. Many of the large beams of oak, hand-hewn from trees which grew on the property, have remained intact since they were first erected, and the rugged slate roof has endured for almost eighty years with only occasional minor repairs. Very little metal was used in the building, most of the beams being joined by hand-carved wooden pegs. The few hand-made nails which were used were made at the forge of Samuel Bailey, one of the early communicants, who helped build St. Stephen's, and whose daughter, Miss Sarah Bailey, became its first historian. It is indeed fortunate that the architect followed the simple and dignified American Gothic style, which was a development of the early New England church architecture, and avoided the over-ornate gingerbread type of decoration which distinguishes many churches of the 1850's. Undoubtedly, he was influenced by the taste of St. Stephen's first parishioners, many of whom were descendants of New England pioneers. The entire cost of church, organ, and bell work was about \$8,000, the greatest part of which was contributed by the generous Mr. Condit.

For two years, St. Stephen's had no regular rector, and services were conducted by Rev. J. D. Berry of Orange, but in January of 1856 Rev. Horace Hall Reid accepted the rectorship with an annual salary of \$800. Mr. Reid proved to be a gifted educational leader. It was during his term of office that the first mention of St. Stephen's School appears in the annals of the church—This school, which was the first private school in Millburn, was established in Hobart Hall, a small building at the corner of Hobart avenue and Old Short Hills road.

ST. STEPHEN'S EPISCOPAL CHURCH of Millburn, which will celebrate its 100th anniversary with a special service of thanksgiving on Sunday, April 1.

### Colfax Resident Monoxide Victim

Funeral services for William Brenner, 69 years old, of 43 Colfax road, were held Tuesday night at the Smith and Smith Funeral Home, 415 Morris Avenue. Rev. Bruce W. Evans, pastor of the Springfield Presbyterian Church, officiated. Masonic services followed, interment yesterday was in Rosedale Cemetery, Orange.

Brenner was found dead of carbon monoxide poisoning Sunday morning in the garage of a neighbor. Discovery of the body ended a twelve-hour search by police made after Edward Murdoch, of the Colfax road address, a son-in-law, had reported Brenner missing at midnight Saturday. A note was found, police said, which indicated Brenner had been depressed since the death of his wife, Mrs. Mary K. Brenner, four months ago.

Brenner was pronounced dead by Dr. N. F. Vogel, a native of Orange, Brenner had lived in West Orange for many years. He came to Springfield four years ago. He was a member of Corinthian Lodge 57, F. and A.M. of Orange.

Surviving are his daughter, Mrs. Murdoch; four sisters, Mrs. Charles Boyd and Mrs. Frank Gray, of

### DISTRICT BATTLE

(Continued from page 1)

immediately stymieing the move voted against the measure.

Mayor Marshall and Darby immediately announced that the township will apply to Superior Court Judge Cleary for a writ of mandamus. The Township Committee has authorized Darby to seek the writ in the higher court. The application will be filed tomorrow, it was said.

Darby told the elections board the township could find no justification for the action of the elections board. He said the statutes indicate there is no veto power over the township's action held by the elections board. Observing that there has been no similar case in Union County the township attorney said the redistricting was practical and effective. It constituted a convenience to the voters and provided proper voting facilities for an expanding population, he said.

The protest registered by Turk was based purely on political considerations. Darby told the elections board. He said the action had all the elements of certainty with the cards for the voters being prepared by the elections board and prepared for mailing. The jurisdiction definitely rests with the governing board, he said.

Darby said the township will not surrender its statutory jurisdiction to the county board. He suggested the action of the elections board be rescinded although it isn't necessary. A request for a summary judgment will be asked in Superior Court, he said.

### Candidate Attacks Special Privileges

Citing a similar attempt in Springfield which failed several years ago, Health Commissioner Arthur E. Lloyd, Jr., of Union, candidate for the Republican nomination for Assembly, today criticized introduction of what he called "special privilege legislation." He pointed out that three bills now before the State legislature would in varying degrees permit appointment of over age policemen and allow them to qualify for the pension fund. One of these, he said, was introduced by a Union County legislator.

Lloyd said that "passage of a measure of this type can cause immeasurable damage to the pension funds of police, firemen and teachers." He pointed out that the present restriction in the instance of policemen, requiring that they be under 30 is based on actuarial figures.

"I have been in the insurance business for many years," he said, "and am fully cognizant of the danger to pension funds in letting down the bars. If a precedent is established there is little doubt there would be a flood of over age appointees, especially in view of the current manpower shortage and with indications that it will become increasingly drastic. In the event of a recession and possibly hundreds of older persons, are admitted to the pension fund in the next five years, the retirement setup faces near chaos."

The Assembly candidate said this type of legislation should be exposed and fought as soon as it is introduced. "Actually it constitutes low-making for the few at the expense of the many," he charged. "There is nothing democratic about it and although the persons who introduce it may be doing so as a personal favor to someone, it is obviously unfair to policemen, firemen and others who have to look to their pensions to support them after retirement."

Commissioner Lloyd pointed out that similar attempts of this type have occurred not only in Springfield but in Ridgedale Park. Both were beaten in the courts, he said. "The Supreme Court has upheld the age restrictions in a test case," he asserted. "The legislature should not be misled by what is claimed to be a municipality merely petitioning for permission to govern its internal affairs. It's a disguise for an attempt to weaken police and other pension funds and should be labeled as such."

A few of the reasons for the steady rise in our circulation:

Among the new books are: "Fortune" by Frank Slaughter; "The Proper Gods" by Virginia Murray to Otterley; by Humphrey-Parkington—"Reno Crescent" by Zola Ross—"The Parson" by Alice Ross Colver—"One of the Few" by David Demarest and Science and Common Sense" by James B. Conant.

Adverse criticism of the municipal offered the public through the move, the title and television, is growing so much stronger since the latter has brought its graphic qualities before the whole family who, willy nilly, act as judge and jury.

Of course children are affected to a greater degree than adults, but when we stop to think of the endless possibilities these media have for good by bringing fascinating realism and color to the classroom, it is hard to understand why our entire educational system has not been revolutionized.

However it would seem that the human mind might be like the Chinese nation—able to absorb any new development, and then carry on as before. For a few days or weeks a new television set can upset the family schedule and then it is slowly but surely relegated to its proper place and the old established routine is resumed. The pessimists were sure that reading would become a forgotten pleasure but this has proven anything but true, as our records prove. It is always possible to have a book at hand, reading does not annoy family or neighbors and nothing takes the place of the quiet relaxation that a book affords; these are

**THREE GRAND MEALS EVERYDAY**  
BY GRAND UNION HOME-MAKERS SERVICE.  
STYLE LEADER FOR EASTER EATING  
Traditional style leader for "Easter Eating" is Baked Smoked Ham. This year our Easter Menu has been prepared for you by a notable television star, Karen Sage, featuring Rosy Glazed Ham, Mashed Sweet Potatoes, Braised Italian Squash, Head Lettuce Salad, Vegetable French Dressing, Hot Rolls, Easter Cake, Coffee.

**Rosy Glazed Ham**  
Have a Grand Union Backed-By-Bond tendered ham at room temperature. Wash with damp cloth. Cut off rind and leave long thin points radiating from shape of ham. From tips of these points cut through the fat in straight lines to either end of ham. As ham bakes these lines will make an attractive ridged effect. Place fat side of ham up in shallow baking pan. Allow 30-35 minutes per pound of ham. Bake in slow oven 300°. Meanwhile, open a can of Ocean Spray whole berry cranberry sauce. Melt 2 1/2 cups liquid from same into a bowl. Save the whole berries. Add 1/2 cup each water and vinegar. Add 1/2 cup sugar to cranberry liquid; also add 1 teaspoon prepared mustard and 1/2 teaspoon ground cloves. Bake ham with this substitute 2 or 3 times. Remove from oven about 30 minutes before serving. Arrange and attach whole cranberries with toothpicks to top of ridges. Return to oven and baste with remaining juice.

Happy Easter Eating to All!  
Nancy Lynn
