Freeholders
(Continued from page 1)
they have not earned and certainly
do not deserve." Carr said in break-
ing down the budget. "Don't neg-
lect the fact, which the freeholders
have carefully kept from you, that
in this same period total county
ratables have increased by almost
one hundred million dollars. And
that increase, from \$569,874,268 in
1946 to \$677,793,997 in 1951, came
about through no action on the
part of the freeholders but as the
result of the natural, although
accelerated growth of the various
cities and towns that make up
Union County," Carr declared.
"As a matter of fact, taking this
year's increase into consideration
and contrasting it with the free-
holders' foundationless claims of
cutting taxes, it is fair to say that
if the freeholders had actually
kept taxes down, they would not
now be spending \$8,166,014 as
against \$4,477,735 five years ago
or \$1,688,279 more.

"The increase in the county bud-
get," said Carr, "amounts to over
37 per cent. We defy the freehold-
ers to show anything remotely re-
sembling a 37 per cent increase in
the effectiveness of the seppie of
their service to the people of Union
County. We must also take into
consideration that the budget fig-
ures show that the Freeholders
anticipate in 1951 over \$476,000
more in revenue from other than
County taxes than they received in
1946. This would show that our
increase in the cost of county
Government amounts to over \$27,
000,000 in five years. The capital
indebtedness paid during 1946 was
\$833,000, and they anticipate mak-
ing payments of \$615,000 in 1951.
Therefore the payments on capital
indebtedness can not be used as
an excuse.

"If they were being honest with
the taxpayer, if they had actually
tried to keep expenses down to the
1946 level, we would not be called
upon to spend over \$6,000,000 in
the year ahead.

"As an illustration of how the
county rate has gone, consider
what the tax rate would be today
if the freeholders had not been the
fortunate beneficiaries of this tremen-
dous increase in ratables. If the
1951 rate were predicted on the
1946 ratables the tremendous in-
crease in spending would mean a
tax rate of over 93 cents per hun-
dred, a far cry from the 78 cents
which they point to with inordinate
pride and upon which they ask you
to return them to office.

"Even allowing for the increase
in costs which governmental agen-
cies have had to face, the increase
in county taxes in these five years
is nothing short of exorbitant. Sim-
ple facts prove that the incumbents'
one claim to re-election—a
reduction in the rate—is as false
as a three dollar bill. With nothing
else to offer, we feel that it is
time for the Republican Party to
designate new people to assume
this task which has not been
accomplished by those now in
office," Carr concluded.

Following Mr. Carr on the stand,
Mrs. Scheideler laid emphasis on
the \$2,000 annual increase which
the freeholders voted themselves
three years ago. "In the light of
what they consider adequate cost-
of-living increases for other county
employees, I do not think that the
present freeholders have practiced
what they preach—to others," Mrs.
Scheideler said.

"The Old Guard voted them-
selves a 50-per-cent increase, rais-
ing their own salaries from \$1,000
to \$5,000 annually. To date, this
increase has cost the county's tax-
payers approximately \$24,000. If
this is economy, then I do not
understand the meaning of the
word," the Roselle candidate said.

"I propose to spend all of my
time on the job as freeholder, if
you decide that you want me as
one of your Republican candidates.
There is a distinct need for a won-
an on this important governing
body and so much to be done that
a full day's work, every day, will
be required of me," Mrs. Scheideler
added.

Court Is Set
(Continued from page 1)
only one member, Rosell, voted to
uphold the township. Mrs. Hetzel
voted with the Democrats to re-
tain the four districts.
Following the action the town-
ship appealed the verdict and on
motion of Mrs. Hetzel at a meet-
ing of the board last week the elec-
tions board voted to rescind its
decision. The motion was lost by
a two to two vote, with the Dem-
ocratic members in opposition.
The township has contended the
elections board lacks the authority
to change the setup. Judge Cleary
will rule on that tomorrow.

Spiritual reality—the true un-
iverse of God which can be seen
through spiritual understanding—
will be elucidated in next Sun-
day's services in all Christian Sci-
ence churches. Subject of the
Lesson-Sermon is "Reality."
The Golden Text is from James:
"Every good gift and every per-
fect gift is from above, and com-
eth down from the Father of
lights, with whom is no variableness,
neither shadow of turning."
(James 1:17).

Among the Bible selections is
a passage from one of David's
psalms of praise: "O Lord, how
manifold are thy works! in wis-
dom hast thou made them all;
the earth is full of thy riches"
(Psalms 104:24).

Correlative citations from "Sci-
ence and Health with Key to the
Scriptures" by Mary Baker Eddy
include the following: "All reality
is in God and His creation, har-
monious and eternal. That which
He creates is good, and He makes
all that is made" (p. 472).

For children, reading is of prime
importance, and the wise parent
does not leave all the burden of
selection and encouragement on
the teacher and librarian, for you
can form a closer contact with
your children through the books
they love. In its attractive Chil-
dren's Department, your library
offers a wide variety of books
that is comparable to that of
many larger libraries. That the
children appreciate and take ad-
vantage of them is proven by the
fact that some 3,219 books have
been borrowed from that depart-
ment since January 2nd of this
year.

The adults also show their ap-
preciation of the books offered for
the number loaned from the adult
section for the same period of time
was 3,500, making a total of 6,719
books. Assuming that one book
was returned for each one taken
out, (which is usually the case) it
means checking 13,438 books in
that short space of time, adequate
proof, we think, that television
has not endangered the reading
habit.

New adult books include—
"Neither Five Nor Three" by
Helen Manning; "The Grotto" by
Grace Zaring Stone; "Four Ever-
glades" by Frank Slaughter;
"World So Wide" by Sinclair
Lewis; "Madame Serpent" by Jean
Plaidy; "The Maestro" by Howard
Taubman, and "The Stories of F.
Scott Fitzgerald.

Apparently the board decided there was no way of discontinuing he pointed out, Senator.

Commissioner Richard N. Southgate of New Providence Township, chairman of the special planning committee, announced that Fred A. Elzasser, of Union, board architect, will be ready shortly to report on the board's expansion project. It is understood the plan provides for an extension of the present building in preference to suggested construction of a new building in Mountaintide.

Attorney Herbert A. Kuvin was appointed to handle any legal matters the board may refer to him. Regulations for use of the school by an outside organization were adopted. The building and grounds committee was authorized to repair the folding doors of the gymnasium at an expenditure not in excess of \$400.

Supervising Principal Warren W. Halsey reported that the Middle States Evaluating Committee had evaluated the school recently. He said the chief point made was the need to build at once. Inadequate facilities were cited by the committee, he pointed out.

Troop 13—Brownies. Our regular meeting was held last Thursday. We wrapped our Easter gifts for our mothers. They were pot holders. We had an Easter party and enjoyed our cookies and ice cream. Marilyn Muller was our hostess and she donated the chocolate cookies. After singing our favorite songs we regrettably closed our meeting.

Troop 4—Brownies. We made plaques and plaques and planned our Mother's Day gift.

Troop 9—Brownies. We are making scrapbooks for the Children's Country Home in Westfield. We hope that eight of our Brownies will go to camp this year. We had Easter refreshments after the meeting.

**MOBILIZED
FOR YOUR
POWER SECURITY**

THE FUTURE plays a big part in JCP&L's present day operations. We must be sure, even in the event of widespread emergency, that your power needs are secure. For that reason, we have mobilized our entire forces in a special emergency program and have hired additional personnel to supplement this activity.

If emergency comes, these employees, trained through long experience, have the vital responsibility of maintaining your electric service. This is their biggest job.

Please don't ask them to assume other civil defense duties for which they may not be available.

Their value to the community in the case of emergency is greatest in fulfilling the tasks of their own specialized functions. You can be sure that in an emergency they will be on the job of maintaining service to you.
