SPRINGFIELD, N. J., THURSDAY, MAY 10, 1951

TOWNSHIP OF SPRINGFIELD

FRIENDS!!

An all-important special election will take place in Springfield again on Tuesday, May 22, when voters will decide whether we shall or shall not expend \$650,000 for a new school building. . . .

As the time draws near for the school vote, and regardless of which way the result goes, we want to take this opportunity to publicly commend Leonard Best, Mrs. Russell Hillier, a host of other members of their committee, the Board of Education and a number of other workers for the time and effort all have expended in attempting to get a true picture of Springfield's deplorable school situation across to the public and at the same time work up a plan to solve the problem.

We predicted in last week's issue that traffic conditions on Morris avenue and along Plover avenue would grow worse if that possible as warmer weather approached and week-end motoring increased. . . .

There are countless youngsters, teenagers and even adults who yearn to become newspapermen and women. . . .

The horrible drownings last week-end of two Elizabeth youngsters in a water-filled ditch near their home has had its repercussions in Springfield and throughout the county. . . .

Some Republicans in town are said to have swallowed their pride during the past week by personally congratulating George A. Turk on his recent appointment as postmaster. . . .

Business in most suburban communities is reported to be at an all-time low for some reason but here in Springfield the story is even worse than that.

BOY, HIT BY CAR, IS RECOVERING

Eugene Milnach, Jr., 8 years old, son of Mr. and Mrs. Eugene Milnach, of 18 Mountain avenue, is recovering today from a fracture of the left collarbone, suffered Friday night when he was struck by a car while riding his bicycle at Morris and Mountain avenues.

Township Will Get Increase In Power

Jersey Central Makes Move To Triple Capacity

Springfield soon will have considerably more power available when the Jersey Central Power and Light Company completes its tripling of transmission capacity between the company's Whippany generating plant and its substation located on Chatham road, Summit. According to Austin Fort, northern division superintendent of the utility, the complete reconstruction of the 65,000-volt, eight-mile, steel-tower line into a 115,000-volt power turnpike will cost \$300,000. This is the largest of four major projects which will cost approximately \$550,000 in the next twenty months.

"This allows for three times the transmission capacity now leading into the greater Summit-Milburn area from the north and matches our existing line capacity southward to JCP&L's generating plants on the Ramoth River," he said. "When this project is completed our important Summit substation, which distributes electricity to Chatham, Springfield, New Providence and the upper Passaic Valley (Continued on page 4)

Sign Ordinance Action Delayed

The Township Committee last night voted to continue its public hearing on the new municipal sign ordinance until May 23 as a result of a complaint regarding certain phases of the proposed measure from John S. Foster, a Newark attorney, representing the Newark Advertising Corp.

Specifically, Foster objected to fees and other regulations and restrictions contained in the ordinance as prepared by Robert Darby, township attorney, and modeled after similar laws in other communities. Darby and Foster will confer on the subject before the final hearing.

In its present state, the ordinance stipulates that a permit must be obtained from the building inspector for the erection of any sign and that a fee shall be charged for all signs except "For Sale" and "For Rent" placards. There are certain exemptions under provisions of an amendment which includes churches.

Minimum fee for signs up to 50 square feet in area will be \$5 from \$1 to 100 square feet, 10 cents per square foot; from 101 to 150 square feet, 50 cents per square foot, and over 150 square feet, \$1 per square foot. Signs using both sides must pay fee for both sides. Violations provide for a maximum penalty of \$100 fine or 30 days in jail.

CANCER CAMPAIGN NEARS \$2,000 GOAL

Carlisle H. Richards, treasurer of Springfield's 1951 Cancer Campaign, reported yesterday that a total of \$1,614.32 had been collected thus far toward a goal of \$2,000. Edward W. Kelly, chairman of the township's drive, last week extended the deadline until May 15. This week's direct contributors included Herbert A. Krivin, Liberty Construction Company, Inc., and the Springfield Lions Club.

Local Police Head Warns Of Youthful Bicyclists

The cooperation of motorists and parents of youthful bicycle riders was urged today by Police Chief Thompson, as a means to prevent accidents.

"A bicycle rider should be regarded as a danger signal to a motorist, especially if the rider is a child," said the Chief. "Now that warm weather is here there are increasing numbers of bicycle riders on the roads, creating another traffic hazard. If history repeats, this summer will see many unnecessary accidents involving loss of life and injuries to bicycle riders. It's up to the man or woman behind the wheel of a car to exercise vigilance and not rely on youngsters to remember safety rules."

PROMOTED

Robert M. Reid, who enlisted in the Navy last July and has completed eight months of overseas duty in the Pacific, was recently promoted to Airman First Class. He returned to California last Thursday after spending a 15 day leave with his mother, Mrs. Howard S. Smith, of 454 Meisel avenue. Reid is a graduate of Regional High School.

Two More Groups Boost School Plan

The avalanche of sentiment in favor of the proposed construction of a \$650,000 school on the Plover site gathered momentum this week with endorsements by the Citizens' League and by the Colfax Civic Association.

The board of directors of the Citizens' League met Tuesday in school hall. They endorsed the school expansion plan of the Citizens' Advisory Committee for the Schools as amended April 10. The directors pointed out that the amendment provides for "sixteen class rooms, including special purpose rooms such as science, art, library, combination lunch and music room, plus gym and auditorium, manual training, storage, boiler room, fully equipped, provided a building of this size can be built for the sum of \$650,000 including cost of land and architect's fees."

The Colfax group adopted the following resolution at its meeting at the Chateau-Baltusrol Thursday night: "Whereas, we, the members of the Colfax Civic Association do realize the urgent and immediate need for additional school facilities in the township of Springfield, we do hereby resolve: 1. To endorse the school expansion plan as presented March 19, 1951, and amended April 5, 1951, by the Citizens' Advisory Committee, and approved by the Board of Education and the Township Committee. 2. To do everything possible as a group and individually to encourage the voters of Springfield to support the school program when it is brought to referendum."

Youth, Car Victim, Taken To Hospital

John Anderson—8 years old, son of Mr. and Mrs. Robert Anderson of Baltusrol road, is in Overlook Hospital, Summit, today with a possible skull fracture, suffered when he was struck, police said, by a vehicle in front of the Methodist Church, Main street, Saturday afternoon.

The boy was taken to the hospital in the township ambulance. Hospital authorities today said his condition is improved.

Police said the driver of the car was Sgt. Clarence Mills, 22 of Myersville. A member of the Air Force, he is home on leave, they said. The car is owned by Mrs. Dorothy Cunn of South Orange.

INSTALLATION DINNER

William Gillis of 113 Toolek road, will be inducted as treasurer of the Rutgers Commuters Club.

Short-Changing Springfield Children AN EDITORIAL

This year six classes in the Springfield elementary schools were on double session. Next year there will be 18 classes on double session provided the rooms in the churches are still available to the Board of Education—more if they are not. Double sessions make a difference to your child. They will make a difference to you.

Suppose you have three children enrolled in the schools. A kindergarten attends morning session until February, and afternoon session through June; a second grade pupil attends the afternoon session from 12 to 4 o'clock, and an eighth grade pupil attends all day. You may find that you are never quite free; that the children come and go at all hours; that meals are irregular, planning difficult. A child attending the afternoon session must be carefully supervised during the morning so that he will not be tired out by the time he gets to school. If you live in bus territory, the problem becomes more acute.

Double sessions make a difference to your child. He may appear to adjust readily, but he soon realizes he must forego many activities, all recesses, take work home which he cannot finish in school, eat at odd hours, and sacrifice other activities and contacts on the playground. A general restlessness may overtake him from time to time, induced by a straight four hour session of concentrated work on the routine subjects. This is a sign of fatigue, since time will not allow for lighter activities.

What does double session mean to the school personnel and program? It means longer hours and tighter schedules. It means that individual and group capacities cannot be given the recognition they deserve. It means the existing flexible program, including the creative activities of music, dramatics, art, library, assemblies, field trips and projects, must be shortened, condensed, and limited almost entirely to basic work.

And what is the result in a child's educational progress? The teaching staff does its best to keep the children up to their grade level. But studies of double sessions show that there may be an average loss of as much as two months' progress in a school year. In other words, the children are short-changed by double sessions—handicapped in competition with children who have full-time education.

We owe it to the children of Springfield to see that they have a chance to get a really good education. We have put it off long enough—now let's put it over. How are you going to vote on May 22?

Winners Spent Most But He Paid Off

Nelson L. Carr, of Elizabeth, and Mrs. Ellice L. Scheideler, of Roselle, spent the most money of any of the candidates seeking nomination in the recent primary, final expense statements filed with County Clerk Henry G. Nulton reveal. The election law requires that each candidate file his expenses twice, once before the election and once twenty days after the voting.

In the cases of Carr and Mrs. Scheideler it proved to be a good investment. Each won the Republican freeholder nomination, which is tantamount to victory in Union County, a G.O.P. stronghold. As a result the nomination is worth \$18,000 since the post pays \$6,000 a year and the term is three years.

Carr spent \$1,738.48. Mrs. Scheideler's expenses totaled \$1,538.49. Freeholder—Lee S. Rigby, who failed in his bid for reelection, spent \$1,087.97. Freeholder R. Story Rowland, of Plainfield, another unsuccessful incumbent, spent the same amount. Freeholder Charles L. Bauer, Jr., of Elizabeth, only freeholder to be re-nominated, spent seven cents more than his less fortunate running mates.

Listings for the Assembly candidates were Assemblyman G. Clifford Thomas, \$100; Assemblyman Fred E. Shepard, \$145; Assemblyman Donald D. Muckey, \$100 and Assemblyman Florence P. Dwyer, \$201; Mrs. Irene T. Griffin, \$96; County Clerk Henry G. Nulton, \$125.75, and Stanley R. Sredzinski, his opponent, \$7.50.

None of the Democrats reported any expenditures.

Warning Signs Sought By Group

The Township Committee last night referred to the road department a request from the Colonial Gardens Association for erection of signs in that section to eliminate "careless and thoughtless" driving.

Resignation of Edward Kiech from the Recreation Committee was accepted with regret. A letter of commendation for services performed was ordered directed to Kiech. Similar letter will be sent to Albert Flemer for services rendered as president of the Planning Board.

Building Inspector R. H. Marsh reported that operations to date thus far this year total \$1,076,065. Girl Scouts and Adult Leaders were granted use of the town green to annual strawberry festival on Saturday, June 16.

School Referendum Set By Board of Education For Building Project

ENLISTS IN ARMY

William J. Foley, son of Mr. and Mrs. Wilfred Foley of 18 Oakland avenue, enlisted in the Army recently and is stationed at Fort Dix. Following basic training he will go to Officer's Training School at Fort-Sill, Oklahoma. Foley, a graduate of Irvington High School, attended Columbia University.

List May 22 As Date For Public Question

Township voters will go to the polls Tuesday, May 22, to decide whether Springfield will have new school facilities or whether it will continue to struggle along with double sessions in two schools which obviously are inadequate to house the municipality's school population.

School Teachers To Get Raises

The Board of Education at a special meeting Tuesday night awarded an average of \$235 in base pay, increases to teachers effective next September.

Individual raises range from \$100 to \$400. They will be made on recommendations of the board's school government committee and Supervising Principal Benjamin Newswanger.

The board awarded teaching contracts to Miss Virginia Reynolds of Livingston, at \$3,400 a year and Joseph Halady of Kenilworth at \$2,900.

New Highway Is Needed Chief Thompson Claims

"Only an alternate highway can provide a permanent remedy to Springfield's traffic ills," Chief of Police William Thompson said yesterday in commenting on the volume of vehicular traffic which pours through the center of the township on weekends and evenings.

Mayor Robert W. Marshall, apprised of the chief's reaction, expressed agreement. "Chief Thompson certainly is on the right track," the mayor asserted. The chief pointed out that Springfield for years has been a bottleneck for traffic on Route 24, which is Morris avenue. On weekends the traffic southbound from the shore and north-bound for the lake area passes along Morris avenue into Springfield's business section, the chief said.

One of the measures which the department has taken is to ban parking along the street on Sunday afternoons. This has been of considerable assistance, the chief pointed out.

"My feeling is there are some tieups that can be eliminated only when an officer assigned to traffic gets out in the street and unties them," said the chief. "This is the type of instructions our men have been given."

Chief Thompson said that he believes on some occasions Main street traffic is almost as heavy as that on Morris avenue. There also is heavy traffic on Plover avenue but that moves more rapidly, he said.

The chief's force was depleted this week when Patrolman Louis Quinton was ordered to Muhlenberg Hospital, transferred by his physician, for an appendectomy. He will be off duty several weeks, it was said.

Traffic experts have agreed with the chief's diagnosis of the traffic problem and Union Township solicitor Henry Kreh, Jr., has suggested construction of an alternate highway to bypass the business areas of Springfield and Union.

General Greene Ap'tments Plan Occupancy By June 1

General Greene Village, Springfield's new \$2,000,000 garden apartment project will be ready for first occupants June 1 at present rate of construction, according to Frank G. Pullis, Jr., president of Franklin Mortgage & Title Insurance Co., of Newark.

All 181 apartments are rented in advance, Pullis added, by families attracted by the apartment designs, open layout of buildings among lawn and playground areas, and strategic location for commuting to New York, Newark and other employment centers.

The apartments will cover a variety of sizes from 3-room efficiency suites to 5 1/2-room layouts with all the space of a modern house. Rents are expected to range from approximately \$65 to \$100 a month. In addition the plans provide 45 garage spaces and on-site parking for another 137 cars. At average rate of car

Frederick W. Best Dies In E. O. At 85

Frederick W. Best, 85 years old, father of Leonard E. Best, chairman of the Citizens' Advisory Committee on Schools in Springfield, died yesterday morning at his home at 75 Prospect street, East Orange, after a long illness.

Mr. Best, who together with a brother, founded the Richard Best Penell Company, Mountain avenue, Springfield, was born in Germany and came to this country in 1860. The penell company first started in New York State, was later moved to Irvington and in 1945 came to Springfield as one of this community's leading industrial establishments.

Survivors include his widow, another son, Alfred H. Best; six grandchildren and three great-grandchildren. Funeral services will take place Saturday at 11 a.m. at the Colonial Home For Services, Harrison Street, East Orange. The Rev. Elmer Francis, pastor of Calvary Episcopal Church, Summit, will officiate. Burial will be in Restland Memorial Park, Haverover.

SUFFERS HEART ATTACK

Robert Hayes, 43, of Short Hills avenue, active in local civilian defense work, suffered a heart attack last week in his office in New York. He was taken to St. Clare Hospital, N. Y., and was removed to his home in Springfield afterward by the township First Aid Squad. Mrs. Hayes is the new president of the Springfield Woman's Club.

Troop 4—Brownies—We made plans for our Fly Up. We also finished our Scout Handwork Booth at the Strawberry Festival. Judy Vance and Kathleen Clark are planning to go to Camp Lenape on August 13.

Troop 13—Brownies. We held our first outdoor meeting. We planned games and learned about the Pine Oak. We have finished our Mother's Day gift.

Troop 17—Brownies. We took turns working indoors on our Strawberry Festival project. We also played games outdoors. Reo-Shell-Sherman was our hostess.

NOTES FOR LEADERS

The final training program meeting was held Tuesday evening. Miss Adeline Gledy, Mrs. Alfred Zurovski and Mrs. Donald Sobin were "pinned." This enables these women, who have completed the course of instruction, to take over the leadership of a Brownie troop. Others present were: Mrs. Max Kuehn, Mrs. Jane Vance, Mrs. Henry Bouchard and Margie, Mrs. Charles Roth, Mrs. Ward Humphrey, Mrs. Henry Mrs. Frank Leonard.

We should like to know the names of the girls from each troop who plan to attend camp this summer. As soon as the folders are returned we will publish the names of the girls who intend to go to our first Day Camp here in town.

Jerome Kern and Oscar Hammerstein 2nd, two of the great names in the development of the American operetta production, found one of their greatest collaborations in "Music In The Air," the current production at the Pa-

per Mill Playhouse in Millburn which begins its second week Monday, May 14th. Brenda Lewis is starred in the principal role of the operetta with the principal supporting parts in the capable hands of Clarence Nordstrom, Ferdnand Hill, David Atkinson and Lucy Hillery.

Looking Into Yesteryear

FROM THE SUN

Ten Years Ago
The Township Committee authorized the purchase of a new fire engine. The truck, a Mack 750-gallon—pumper with booster and hose, was to replace the Mack chemical hose truck which was acquired in 1925.

John William Lane of 193 Morris avenue, was ordered to report for military training at the headquarters of Springfield-Union Selective Service Board, Union.

The local chapter of the Springfield Red Cross elected four delegates to represent them at the National convention at Washington, D. C. Mrs. Leslie Joyner and Mrs. Herman Morrison were elected to represent the senior group and Henry Pfeiffer and Walderman Deplero, the junior group.

Miss Margery Ralston Phillips, daughter of Mr. and Mrs. A. Nesbitt Phillips of Morristown, became the bride of John Leonard Mayer, Jr., son of Mr. and Mrs. John L. Mayer of 63 Morris avenue, in the First Presbyterian Church of Morristown.

Principal Warren W. Halsey of Regional High School was a member of the evaluating committee which was to make a survey of the Columbia High School, East Orange.

Overlook Will Hold Open House This Saturday

An opportunity to go "behind the scenes" at Overlook Hospital will be given to Springfield residents this Saturday when the hospital will hold its annual open house as part of the nationwide celebration of Hospital Day.

Specially conducted tours of the hospital will be conducted between the hours of 11 a.m. and 3 p.m. by members of the staff. Tea will be served at the nurses' residence from 2 to 3 p.m. The tours of the plant will be detailed ones designed to show visitors the entire operation of a modern hospital from admission to discharge. The workings of the various departments and duties of volunteers will be explained.

Hospital Day originated in 1921 and is noted each year by hospitals throughout the country. This year the nationwide event will be held Saturday, May 12, in all hospitals. The hospital was recently notified by the State Department of Institutions and Agencies that it has again been granted a full license by the Hospital Licensing Board.

In a letter sent by Sanford Bates, commissioner, it is stated that the hospital is operating in accordance with the minimum standards and regulations of the state authorities.

Commissioner Bates added that "we are happy to hear of the progress you are making in the replacement of the outmoded portion of your building."

Picnics Popular At Olympic Park

Olympic Park will be open again this weekend for another preview preparatory to the start of the daily season May 18. One of the most striking changes in the Irvington-Maplewood park, visitors will find in a more varied, brighter color scheme.

Olympic Park patrons for a generation have become accustomed to a green and white decor which, for 1951, is retained only in the picnic groves.

Free concerts by Joseph Bastille's band, with Bubbles Ricardo as soloist, again are on tap for Saturday and Sunday. Olympic Park's free, four-act shows, however, will not be offered until the regular season starts.

Plainfield Hands Local Nine 2nd Loss; Regional Runnerup In County Loop

By DONALD ROSSELET
Bill Peterson pitched five frames of perfect baseball against Plainfield Tuesday at the Queen City field, but came out on the short end of a 3-1 count all because of one bad inning.

The loss snapped a four-game Bulldog win streak and it was the loss for Peterson who has won four for Bill Brown's club. With the exception of the third round, Plainfield failed to get a runner on first base.

Regional moved into second place in the UCC with a 5-3 triumph over Linden at the Tiger diamond last Friday.

When you think you have seen everything that is attractive and clever in the way of children's books, the publishers release a new assortment that seems to surpass every one printed before.

The Children's Spring Book Festival has rolled around again and the books your library has selected to celebrate it proves that the artists and authors have been outdoing themselves in every conceivable way.

These new books are to instruct as well as to please. There are too many to describe in detail but there are sure to be some to satisfy each age group and personal preference.

The monthly Story Hour for children of five years and older will also be on Saturday, May 19th, at 10:30 a.m.

New adult books include—"A King's Story" by The Duke of Windsor—"Salad Days" by Bellamy Partridge—"The Monarch of the Glen" by Compton Mackenzie—"The Man on the Couch" by James D. Proctor—"Bears in the Cavalry" by Charles W. Thayer—"God So Loved the World" by Elizabeth Goudge and "Candian Bay" by Ruth Moore.

SCHOOL NEWS

James Caldwell

Grade 1—Miss Anderson
Cynthia Pungam brought Jack-in-the-bush to school. It was a small plant at first, but now it has grown very tall. We have watched it every day. We were careful to water it. Very soon the leaves will unfold and we will see the flower.
We have learned a song about Cynthia's flower. It is called "The Flower".
Cynthia's flower is a very pretty flower. It has many petals and a very pretty color. It is a very beautiful flower.
Grade 1—Mrs. Sneider
Friday was Gail Lyon's birthday. She planned a surprise for all of the children in our class. Every child had a very nice party. We had a very good time. We sang to Gail and she sang to us. We had a very good time. We had a very good time.

Lunch Room Menu

The menu next week at Raymond Chisholm lunchroom will be:
MONDAY
Tomato juice, chow mein, rice, Chinese noodles, peanut butter sandwich and milk.
TUESDAY
Orange juice, spaghetti with meat sauce, carrot sticks, peanut butter and jelly sandwich and milk.
WEDNESDAY
Hamburgers, cranberry sauce, buttered green beans, candied sweet potatoes, bread, butter and milk.
THURSDAY
Baked beans with bacon strips, cold slaw, cherries, bread, butter and milk.
FRIDAY
Cream of tomato soup, tuna fish sandwich, pickle, cake and milk.

Grade 5

Miss Wahl — Miss Pursell
We have been studying how we can be safe in the home at school and on the streets. We know that accidents spoil the fun and make trouble for others. It is stupid to take chances. We have drawn pictures to show what we should or should not do to be safe. The people after seeing our pictures will think twice before they act unwisely. We hope we can lessen accidents in Springfield.
Grade 6
Mrs. Dimpingo — Mr. Navarro.
The sixth grade have completed some interesting experiments. They have used chickens in feeding experiments.
Sum Wronsky, Alfred Bowman and Ralph Melick have compared the growth rates of the chickens used by means of graphs.
Diane Kerr, Gail Hanson, Carol Leavort, Doris Vanden and Rosemary Bednarik are in the midst of some interesting plant experiments.
We are expecting great results from our paper sculpture.

Grade 7 & 8

Mrs. Jacholson — Mrs. Schaefer
Mr. Barnholm has organized two handball teams composed of seventh and eighth grade boys. The eighth grade team played their first game Tuesday afternoon at Washington field after school. The game was preceded by batting practice. The battery (pitcher and catcher) for James Caldwell was Fritz Puntigam and Dan Wendland. The final score was 11-3 with the game going to the eighth grade at Raymond Chisholm. More games are scheduled for the future and the team is looking forward to them eagerly.
Special Class — Mrs. Lushner
We had our class pictures taken on Thursday. Some of us were our "Sunday clothes." Thomas Killo, Ralph Vogt, Marianne Betz, and Tony Colatruccio looked especially nice. We all tried to look pleasant and have a nice smile for the picture man.

"Small Top" circus is ready to perform. We have made clown hats for everyone to wear. Our circus posters are finished, too. Each day we practice another act. We have clowns, acrobats, animals and tight rope walkers. We like our clown act best because it is the funniest.

Grade 1

Mrs. Mildred Thurber
The first grade pupils have been introduced to new science books, "Look and Learn," and "How Do We Know." They have many beautiful bird and flower pictures in them. We have learned to identify five to ten different birds from the colored plates. Richard Muller brought in an orchid's nest for our display board. Now we are going to draw and learn the names of some of our garden flowers.
Patty Andrews of Kew Drive will be home from the hospital on Friday. We miss her very much and most of us have sent her a "get-well" card to tell her so.
Mrs. Busch's class welcomed a new girl. Her name is Carol Jen-

Grade 2

Mrs. Anne Waters
Happy birthday to Henrietta DeFreytag and Ronald Carney who celebrated their birthdays on Friday, May 4.
The Second Grade sent their bird tree to the Art Exhibit at the P.T.A. meeting. Ronald Carney was a participant in the exhibit.
The following pupils have had perfect spelling scores for the month of April: Sande Smith, Debby Brix and Rosalie Sherman. Miss Rieg was sick for a few days and Mrs. Mackie was our teacher.

Grade 3

Mrs. Ruth Arey
Mrs. Claire Hoopmann
Miss Marietta Parkhurst
Miss Hoopmann's class was happy to welcome another new member, Arlene Kauer, to their group. Arlene was formerly of New York and she now lives on Hawthorne avenue.
The boys and girls who had the best record this past week in our arithmetic drill were: Larry Atkin, Edward Cardinal, Phyllis Kaplan, Todd Karlin, Arlene Kauer, Marilyn Muller, Dick Niedermeyer, Lorie Roetig, George Selzer, Richard Spiegler and Billy Yeater.
Miss Parkhurst's class enjoyed the movies given for the afternoon classes on last Wednesday in the gymnasium. They learned many things about Norway, a country they will study.
The afternoon sessions also enjoyed the play "Who's Afraid?" given by the Dramatic Club on May 4, especially for the afternoon pupils.
Mrs. Arey's class was happy to receive the Attendance Banner for the month of April. Their percentage of attendance was 98.11.

Grade 4

Mrs. Lucy Forsyth
Each week we have been taking three extra words in spelling. On a review test of extra words for April, these people had "A" papers: Jim Applegate, John Hettlinger, Richard Sutphen, Judy Vance, David Eger, David Allardice, Bob Zeoli, Alfred Peinhardt, Paul Meade, Bob Sissum and Charles Johnson.
These people had an "A" on last week's arithmetic test: David Allardice, Diana Bouchard, David Eger, John Hettlinger, Chip Stoussen and Charles Stevens.
Grade 5
Mrs. Florence Kuntzenhoven
We had music with Mrs. Osborne last Tuesday. Do you know the song that tells about the hole in the bottom of the sea, the rock, the frog, the wart, the hare, the flea, and the spot? The other new song was "The Turkey in the Straw." We enjoy our music.
We are studying about China and Shanghai, Don Booter brought in two Chinese dolls. They were hand made and were very pretty. He also showed us some stamps and coins from the same country. By Stephen Weis, Ruth Ann Toomey, Barbara Miesch and Virginia Rudy.
Grade 6
Mrs. Margaret McGrath
Mrs. Priscilla Butler

We are learning that all sentences begin with a capital letter, that telling sentences end with a period and that asking sentences end with a question mark. We have been composing original sentences using words from our spelling-books.

Grade 2—Mrs. Setevange
In Science, the second grade are performing some interesting experiments by the use of plants. Howard Selander, who was in Florida general works shop, brought back a plant from Florida that lives only on air. This was of special interest to the children as most of the plants with which they are experimenting need both air and water in order to grow.

Grade 3—Mrs. Cross
We have finished our plans for the trip to the zoo. All of us are looking forward to the trip next Wednesday.

We have learned our division and multiplication facts up to the tens. Now we are working to know them quickly.

Everyone agreed the "Magic Man" assembly was one of the best we have had.

Grade 3—Mrs. Dunn
Mrs. Dunn's class has been catching a praying mantis on the bushes along the fence.

We are glad to have Robert Naumann back; he had his tonsils out.

Grade 3 & 4—Miss Van Arsdale
We enjoyed the praying mantis babies that hatched on the window sill garden. They flew out of the window as soon as the sun got them a bit.

Grade 4—Mrs. Ryder
Mrs. Ryder's class had their share in the art show at the P.T.A. meeting. We made many pictures on the hall bulletin board.

Last Thursday we had a class picture taken.

Thursday and Friday we had a substitute and we are getting along very well.

We have been studying about English Explorers. We have learned about John Cabot and Sir Francis Drake. We found Jamestown, Virginia was the first English Colony.

The first white child that was born in America was Virginia Dare. But the colony could not be taught.

New Jersey Town Selected for First Coast-to-Coast Customer Dialing

LATE THIS YEAR, ENGLEWOOD CUSTOMERS TO DIAL LONG DISTANCE CALLS DIRECT TO 11 MILLION TELEPHONES

Efforts to make your telephone more valuable never cease... since the first call was made 75 years ago, our constant effort has been to make service ever faster, more efficient and more economical.

The first Long Distance calls to the West Coast—just 36 years ago—took 23 minutes to put through. During the Englewood trial, customers will dial San Francisco direct in a matter of seconds... Voices will be just as "clear" as phoning next door! Cost: 1915, \$20.70; 1951, \$2.50.

This new service will be available to Englewood 3, Englewood 4 and Tenneck 7 one-party and two-party line customers. They will be able to dial straight through to more than 11 million telephones in 13 metropolitan centers as far apart as Boston and San Francisco.

When other cities will be able to dial Long Distance calls directly no one can tell. But that will come, just as surely as such developments through the years have given you better telephone service, more telephone value. Meantime, telephone people, money and materials are hard at work to meet the demand for additional telephones and to serve the needs of the nation's defense.

HOW Water Works

COMMONWEALTH WATER CO.

DURING WORLD WAR II, THE REPEATED BOMBING OF LONDON, ENGLAND, CREATED THE ALMOST IMPOSSIBLE TASK OF DELIVERING 900 MILLION GALLONS OF WATER DAILY TO THE WORLD'S LARGEST CITY. THE PROBLEM WAS SOLVED BY USING TANK WAGONS, STAND PIPES & DISPENSARIES IN ADDITION TO THE SERVICE OF THE UNHARMED PART OF THE WATER SYSTEM. AS AN ADDED PRECAUTION, BOMBPROOF SHELTERS WERE BUILT OVER THE MANY SMALL RESERVOIRS!

Did you know? WHILE AN EMPTY GALLON PAUL CAN HOLD ONE GALLON OF AMMONIAC, THE ABSORPTION QUALITIES OF WATER IS SO GREAT THAT A ONE GALLON PAUL FILLED WITH WATER, CAN HOLD 600 GALLONS OF AMMONIAC GAS!
