### FRIENDS!!

We often refer to the headlines being made by Springfield because of the unusual happenings taking place here. Let's take the case of Police Commissioner Al Binder who probably has gained the distinction of being the most "publicized" official in town because he, too, becomes involved in the unusual. Remember a couple of years ago when Binder raised the roof over purchase of a new ambulance only to return from work one day soon afterward to discover that his daughter was the first person to be transported by the ambulance for an emergency operation at Overlook Hospital. It was just a couple of weeks ago when a few men at work were overheard to remark that, although there appeared to be many house robberies taking place in Springfield had not had any. Then came last week and a thief smashed their way into a fine residence in Colonial Gardens at 37 Tower drive. They escaped with \$195 in cash and considerable jewelry. Police are searching for clues and Binder is waiting for his insurance adjuster. For it was the police commissioner's house which was robbed!

From all indications it will only be a matter of a short time before Springfield no longer will be "an oasis for jangled nerves." The new industrial zone along Route 39 is beginning to pop. One and perhaps two nationally known firms already have selected the area for their new locations. . . . Wall Baldwin, who is handling many of the details in behalf of the Township, will send complete information as soon as construction arrangements are completed. . . . on behalf of hundreds of beleaguered Springfield taxpayers and the Chamber of Commerce we express heartfelt appreciation for a step in the right direction, one which should have been taken many years ago!

Enjoyed a most unusual case the other day with Deputy Sergeant Robert F. Carey, U.S. Air Force, in charge of recruiting in the local area. Carey states today's army is as different from that of the last war as night is from day. . . . no longer is an enlisted man required to salute an officer off post and when a first sergeant talks to a private he says "please" with a smile. . . . Carey spent an hour in this office and talked army from start to finish. . . . we know many higher grade officers back in World War II who couldn't begin to compare with the master sergeant from the standpoint of culture, ability to carry on a conversation and military appearance. . . . Carey is representative of today's army—than all of us have every reason to be proud.

Ushing was one good at Springfield Lake-Waltoning-Kawaration. Sunday so Joseph Kopfer, 63 years old, of Elizabeth, paid a \$25 fine in municipal police court Monday night. . . . Kopfer admitted to he was fishing without a license as charged by Game Warden Andrew Straw. . . . he said he was in a boat with two friends who possessed licenses. . . . Cullen bass and sunfish were hitting good and he just could not resist getting in on the fun, Kopfer said.

Years ago when fireworks were the rage and every kid and his father in town bombarded the evening sky with rockets, torpedoes and five inches Independence Day rarely went by without hundreds of casualties and many deaths. . . . that, foolishness ended in the early thirties and today safe and sane celebrations of July 4 take place. . . . here in Springfield the all-day event is outstanding and is capped with an official fireworks display at dusk. . . . soon there will be a house to house canvass to raise sufficient funds for the local shindig. . . . The July 4th Committee works diligently all year "round" to make the occasion a huge success but your cooperation is a must. . . . During the initial spell of real hot weather, the first case of (Continued on Page 2)

## Township's Newest Fire Truck

Springfield's first additional fire truck in 24 years presents a shiny appearance in front of fire headquarters this week following its delivery. Fully equipped, the vehicle cost taxpayers approximately \$18,000. It is a Mack-International three-way pumper with a 250-gallon booster tank capable of operating at 550 pounds of pressure. The new truck will be housed at headquarters with plans being made for the building of

a shelter addition at the town garage in Center street for the hook and ladder. Sitting at the wheel in the above photo is Fireman-Ormond Mesker as Fireman Robert Day leans against the fender. Others in the picture, left to right, are M. W. Gundberg, delivery engineer and inspector for Mack International; Fire Chief Charles A. Pinkava and Fire Commissioner Walter W. Baldwin. ## Local Playgrounds To Open June 25

Summer playground activities will start Monday, June 25. This program is conducted every year by the Springfield Recreation Committee and is carried on for an eight week period. This summer, the playgrounds at James Caldwell and Raymond Chisholm schools will be under supervision from 10 a.m. to 12 noon and from 1 to 5 p.m., Monday through Friday. A new tract of land, adjacent to the Wentz playground has been decided for recreational purposes and has been partially cleared. Both tracts will be known as the Lewis playground. Another new playground opens this year on a piece of land on Henshaw avenue, which also has been decided to the town for recreation. Both playgrounds will be supervised.

Complete details of all activities will be sent to each parent next week through the schools.

## Richard Bunnell Will Be Honored

## Valfrid E. Palmer Is Aboard Carrier

Richard T. Bunnell, of 204 Morris avenue, will be one of thirty-eight members of the Motor Vehicle Department who will be honored by the Motor Vehicle Testimonial dinner-dance to be held this evening at the Stacy Trent Hotel, Trenton. The affair will mark the completion of twenty years of service by Bunnell and other guests as motor vehicle agents.

Bunnell has been a resident of Union County all his life. He graduated from Union High School, attended Lafayette College for a year and later attended Cornell University. He served in the Army during World War I. He is married and has a son, John, who is a graduate of Regional High School and will graduate from Princeton University next week.

The motor vehicle agent is a member and past commander of Continental Post, American Legion; Continental Lodge, F. and A. M.; past president of the Springfield Lions Club, a member of the Springfield Republican Club and secretary of the Springfield Police and Firemen's Pension Fund.

## Baby Parade Will Feature Township's July 4th Event

That the younger generation is the pride of Springfield has been proved by the popularity of the annual Independence Day baby parade. Arrangements are being completed under the direction of William Jensen, chairman of the committee for the Springfield 4th of July Committee.

The baby parade this year will be held on the shady grounds of Regional High School at 10 a.m. on July 4th. Divisions announced are similar to those prevailing last year. These are: No. 1—Infancy to two years, No. 2—Two years to five years, No. 3—Flops for children from infancy to five years of age.

Prizes will be presented for 1st and 2nd places in each group, and certificates will be presented to all entrants for participating, the committee explains. First prize winners will also be photographed.

All registrations are to be made on the grounds at 9 a.m. prior to the parade. Jensen and the committee will have tables set up to take care of the details.

## Nab Town Driver On Tippy Charge

T. Robert Patterson, 40 years old, of Showwood road, will appear before Magistrate Henry C. McMullen Monday night in Municipal Court on a charge of drunken driving. The township resident was arrested early Tuesday morning at 29th Springfield avenue and Route 29 by Motor Vehicle Inspector Joshua Jameson. He said Patterson had been operating his car in an erratic manner. Patterson was examined by Dr. Henry P. Dangler. He was pronounced under the influence of intoxicants and not in a condition to operate a car. Patterson was released in the custody of his attorney, Harry M. Goldberg, of Newark, for appearance in court Monday.

## Regional Graduates Face Good Prospects For Jobs

Students of the Regional High School who are scheduled to graduate in two weeks will not find the employment situation nearly as complicated as did their predecessors of the post-war years. All sources have been in agreement that employment opportunities are plentiful for those in quest of a full-time job. Industrial concerns are seeking factory employees and numerous firms are willing to take on graduates of commercial and other high school courses in starting positions as file clerks and in other capacities. There is only one catch as far as the male graduates are concerned. And that is the catch which may be made by Uncle Sam. There's a strong possibility that many of the graduates may be serving in the armed forces before another June rolls around. But if the graduate faces no immediate prospect of serving in the Army and does not plan to enlist he probably faces the best job opportunities which have awaited graduating seniors since 1945.

## RHS Class of '46 To Hold Reunion

Members of the committee are: May Stauss and Barbara Schaefer of Garwood, Charles Rodgers of Mountaintop, Elmore Mayhew of Clark Township, Nancy DalDega of Berkeley Heights, Ruth and Kay Tiley of Springfield, and Miss Shalleross of Kenilworth.

### Kessler Auxiliary Event Attracts 400

More than 400 women, many from Springfield, attended a dessert bridge, first affair of the Auxiliary of the Kessler Institute for Rehabilitation on Monday at the Orange Woman's Club, 369 Park avenue, Orange.

Speakers included the famous Dr. Henry H. Kessler, head of the West Orange Institute, and Edward Ho-Tung of China. Dr. Kessler, who reviewed the work of the institute, lauded formation of the new auxiliary and predicted it would be of tremendous assistance, financially and otherwise to the rehabilitation center.

Mr. Ho-Tung, relating many of his personal experiences, told how he had lost a leg during a bombing while on civilian defense duty and then, because of improper care, lost his other leg as a result of a gangrene infection. Thomas D. W. O'Riordan, publicist director, stressed the need for additional facilities at the institute and solicited the aid of the new auxiliary in making this possible. William Page, institute administrator, spoke briefly about the color film which was shown for the first time at the dessert bridge. It traced the rehabilitation of a young patient, victim of paralysis, showed her progress through medical care, physical rehabilitation, walking training, vocational training and ultimate employment.

The new auxiliary, now showing remarkable progress insofar as growth and interest are concerned, at present is conducting its initial membership drive which not only takes in most of North Jersey but also parts of New York. Persons interested in joining the group may obtain information by addressing: The Auxiliary, in care of The Institute, Mrs. Maelyn Baker was chairman of the committee in charge of the dessert bridge.

Access was gained by cutting a screen and forcing a side window. The window latch was broken. Chief Thompson pointed out that the thieves apparently had the house well casing. The Binder family was absent from the home only forty-five minutes that evening. During that period the house was entered, thoroughly searched and the cash and jewelry removed, the chief said.

Employees of the flower shop, which is operated by Louis J. and Edwin A. Marmon, found the shop entered when they arrived there yesterday morning. Entrance had been gained by forcing a window and cutting a screen. The thieves forced open the cash register and broke open a metal box near the register. Cash totaling \$242 was taken from both. Several flower containers also were missing.

A number of department members headed by Chief Thompson and Lt. Albert A. Sorge investigated. According to the chief there were no fingerprints. At the Binder residence the ransacking was so thorough in such a short period of time that it appeared to be the work of professionals, the chief said. The rapidity with which it was completed indicated a two-man job, he added.

Chief Thompson said residents can cooperate with the department by notifying headquarters of any suspicious characters in their neighborhood, particularly in the vicinity of homes from which residents are absent. He predicted that both robberies will be solved.

### Summit Man Pays \$100 Penalty Here

Harry Elmstrom, 24 years old, of 80 Elm street, Summit, was fined \$100 and assessed \$8 costs by Magistrate Henry C. McMullen in Municipal Court Monday night after he pleaded guilty to taking a car without the owner's permission.

JIM: "See what a good job I've done, Jean. I've cleaned the rugs and now I'll turn my attention to the chairs. Oh, what a help am I!" JEAN: "What a help electrically is, you brag! I couldn't keep house without it, what with the children-to-look after; and you at work all day and going to school nights." JIM: "Electricity is a wonder worker all right. It's cheap, too. I figure that all the work I've done today cost us only a few pennies. Everything else goes up but not electricity." REDDY: "There's clear thinking youth for you. She knows the long hours I work as her electric servant, and he knows the low cost of my service. Prices on other items soar, but my charges are low and have been so over a long period of years."

**TURNPIKE MODEL**—A new sixteen-foot model of New Jersey's 118-mile Turnpike has been placed on display in the rotunda of the State Capitol. Built to a scale of 1.3 inches to the mile the model shows the route of this privately-financed-super highway, its 17 traffic interchanges and their connections to leading east-west public highways. Connections to the metropolitan New York City and Philadelphia areas, in detail, also are depicted. In addition to the model, the New Jersey Turnpike Authority's exhibit at the State Capitol comprises scale models of a typical toll plaza and restaurant, together with architects' renderings in full colors of the Turnpike's

traffic interchange at the Black Horse Pike leading to Atlantic City and other shore resorts, its Raritan River bridge, the Authority's central maintenance shop in Hightstown and the service area in Woodbridge (service stations, restaurants and parking facilities). Scheduled for opening to traffic late this year, New Jersey's new Turnpike will proceed diagonally across the state from a point near the George Washington Bridge, in Bergen County, to Deepwater, in Salem County, where it will connect directly with the new Delaware Memorial Bridge to be opened to traffic this summer.

### LETTERS from Our Readers

#### HENSHAW BARRICADE

Editor, Sun:  
Please refer to the item "Barricade Plan Called Illegal" appearing in The Springfield Sun on May 21, 1951.

This item states that some Springfield residents have "demanded" barricades on Henshaw Ave. Such is not the case—barricades were not "demanded" in the petition submitted by the Henshaw Avenue residents.

For your information, a copy of the petition is submitted herewith. Your attention is particularly invited to that part which reads as follows:

"... we offer what we consider a constructive suggestion to reduce the speed of vehicular traffic without hindering free passage of the suggested barricades. It was the opinion of the petitioners, that in addition to requesting action a suggested solution should be offered. At no time was it considered to be the only solution, but it was hoped that the suggestion would stimulate further ideas, from which some good solution would be obtained. Now it would appear that our suggestion has been taken as a challenge and thereby the object is lost entirely. We know of no other suggestion being made so far. It might also be mentioned that the petitioners were not concerned only with the safety of the Henshaw Avenue children, but all the children in Springfield, for excessive speed is common to all our residential streets. This in no way reflects on the Police Dept., which is doing a mighty fine job under difficult circumstances.

As for the matter of children playing in the street. As far as

Henshaw Avenue is concerned there is admittedly some playing in the street, but not to the extent implied in the item. This most certainly can be corrected by the parents, but what about the toddler 2, 3 or 4 year old who in all innocence wanders down his driveway and into the street?

The best supervision in the world will not eliminate such occurrences, and what driver, operating at excess speed can predict when and where it will happen?

Our object in petitioning was to secure a greater measure of safety for our children, and for the children of Springfield. We "demanded" nothing and we will appreciate your recognizing the erroneous impression created by this item.

Sincerely yours,  
WILLARD Q. TIMPSON  
77 Henshaw Avenue.

#### BULLETIN

Editor, Sun:  
A bulletin has just been received from the New Jersey Department of Education Committee for Civil Defense. As a measure of civil defense they recommend "that the underclothing of children be marked either with name tapes or with indelible ink."

This is especially employed for the underclothing of young children. The bulletin says further "it would be desirable to include more information in this marking than is customary when children go, for instance, to camp; that is, the address might well be part of the marking."

School Nurse  
B. F. NEWSWANGER,

Editor, Sun:  
I have been following the action of the petition rendered the Township Committee by residents of Henshaw Avenue and yours under "Listen Friends."

### Know Your Government By N. J. Taxpayers Association

#### That's Gold in Them' Thar Tax Cuts

Many New Jersey municipalities are beginning to realize the possibilities of Lutz-like benefits in a 1948 law which reduces the costs of collecting their "bad debts."

The bad accounts in this case involve properties on which back taxes are due. Municipalities always have had the right to sell such properties to prevent overdue taxes. Prior to 1948, however, the procedure in New Jersey was involved and expensive. Unless the property was of considerable value, municipal officials were inclined to forget it. This many vacant lots and low-valued real properties became municipal liabilities instead of tax producing assets.

In 1948 the Legislature adopted a simplified plan for tax foreclosures long advocated by municipal and civic groups, including the New Jersey Taxpayers Association.

This was the "in rem tax foreclosure act." Long involved legal proceedings were re-routed and speed law enforcement and started a fund now. The police department will have it easier in the future as they will be preventing the possibility of a delinquency problem.

Yours truly,  
HENRY BOUCHARD

shortened. Much of the legal red tape and entanglements involved when a municipality attempted to collect its claim on a tax delinquent property were eliminated. Costs of an average foreclosure were reduced from an average \$250 each to an estimated \$25.

The new procedure has been tested in the courts of the State and found valid.

With approximately \$33,000,000 in tax title liens outstanding as of January 1, and with a new, inexpensive procedure available to collect it, many municipalities are in a position to realize much overdue revenue.

SCHOOL NEWS

James Caldwell

Grade 1 Miss Anderson As a part of our daily work we enjoy writing and illustrating riddles. The riddles are taken from stories we've read. We are very careful to draw neat pictures and do our best writing. We like to hang our riddles on our bulletin board.

Grade 1 Mrs. Snider

Our First Grade has finished "Our New Friends." Now we are reading the "Elson-Gray Primer" and the "Elson-Gray Book One." These books have the same words as "Fun With Dick and Jane" and "Our New Friends." The words are used in new stories. We like the new stories very much. We are learning to read with good expression just like we talk.

Grade 1 Mrs. Corby

Lee Boerries and Michael Bryant brought puppets to school. Lee's puppet is a Jerry McHenry Doll. Michael's is a Howdy-Doody Doll. Lee had his puppet entertain the class. He made it sing a song. He made it talk to the children. Cynthia took a turn. She made

us laugh because Cynthia's voice was like a puppet's voice.

Grade 2 Miss Smith

On the day before Decoration Day our teacher read us a nice story about how some children observed Decoration Day. It read as if they were observing the day. On Decoration Day some of us marched in the parade. We remembered all those fine soldiers who have given their lives so that we may enjoy the freedom of our fine country.

Grade 2 Mrs. Hill

During the week we have discussed our plans for the summer vacation. We have drawn many pictures to illustrate our plans. We have these pictures on one of our bulletin boards.

We have written stories about ourselves and many of us have illustrated our stories. We are finishing one spelling book and will be working on another.

Grade 2 Mrs. Setevage

### Regional Subdues Union As County Loop Play Ends

By DONALD ROSSETT  
Regional basketball team closed out its 1951 Union County Conference schedule with a 3-1 success today at the local arena.

Bob Thwaites and Bill Peterson teamed up to hold Union to one hit but as usual, the Bulls dug deep and played with control. Together, they handled out nine passes and Thwaites, who took the victory was knocked out of the box although he pitched four innings of hitless ball.

Thwaites worked three to load the bases with one gone in the fourth, but weathered the storm by getting the next two Palmer hitters.

Charlie Van Buskirk, Union's shortstop, walked to open the fifth. Peterson replaced Thwaites and promptly walked Bob Everts and Art Heggen to fill the bases. Van Buskirk was out trying to steal home and Al Williamson fanned. Art Himpel blooped the ball over first base for Union's only hit, and Barga scored. Himpel was hung up off first and Heggen was tossed out at home as he tried to beat the run-down play.

Regional scored in the third frame on two singles and a walk, grabbed together in the fourth on an error and Al Zimmerman's double, and picked up its final run on a pair of singles combined with two passes in the sixth.

Regional won its fourth in the County League winning four of seven contests.
