OFFICIAL NEWSPAPER

SPRINGFIELD, N. J., THURSDAY, JULY 5, 1951

TOWNSHIP OF SPRINGFIELD

10c A COPY, \$3.50 BY THE YEAR

LISTEN

FRIENDS!!

Last week we cited the need for "another" fire station in the south neighborhood in view of the vast development of that area and the indications that Route 29 soon will be jam packed with industries... although the fellows in the fire department agree wholeheartedly that better coverage in that area is sorely needed, they object strenuously to the erroneous impression given by the article that a second fire headquarters is in the making... Springfield, they claim, doesn't even have a fire headquarters at present and what they are after is one centralized location for the department... at the moment, according to the spokesmen, fire trucks are "garaged" in the town hall, which is not fire headquarters in the true sense of the word, nor was it ever meant to be... you figure it out!

The Independence Day celebration committee, headed by Joseph Focht, is deserving of everyone's praise for the manner in which it arranged Springfield's July 4 celebration... we happen to know that until the very last moment fellows like Tim Sheehan and Focht worked like-beavers on donations to insure success of the affair... The Chamber of Commerce, made up of businessmen, professional men and industries, came through with a banner donation of \$50 to help swing the pendulum.

Pennington of the chamber's name brings to mind that plans are underway to get the organization's second annual business directory to the printers by August 1... although two and three bills have hit the mills, many of last year's members have failed to remit their renewal dues... the directory, which will contain the names of all paid up members under their respective classifications, will go to every family in town... and there will be hundreds of new apartment dwellers alone!

Talk in neighboring Union of a highway paralleling Morris avenue to relieve traffic congestion in both communities is old stuff as far as Springfield is concerned... this township's Municipal Traffic Committee... intend to recommend along with several others many months ago in a voluminous report to the local governing body following conscientious work and study... the only difference however, is the speed with which action is taken... in Union the Township Committee last week endorsed the proposal as submitted by Engineer Henry Kroh Jr.,... in Springfield although the report of the traffic committee was turned in a long time ago, it will probably be forever and a day before action is taken!

Members of the Springfield Women's Club are proud to present their annual... it seems there are excellent slated soon for permanent appointment of postmaster and official Civil Service Commission notification of some with request to spread the word was sent to the local ladies... we know of an other organization to receive a state department request... just as an added note we repeat again that George Turk, the ardent, Democratic, now holds the temporary postmaster appointment and most likely will get the permanent job.

Health authorities this week called upon residents to aid in the campaign to reduce disease and destroy rats by placing their garbage in metal containers and keeping the lids on... many complaints have been received from residents in several sections who claimed their neighbors failed to cover their containers properly causing odors and rats... officials suggested that garbage cans be sprayed with a disinfectant after being emptied.

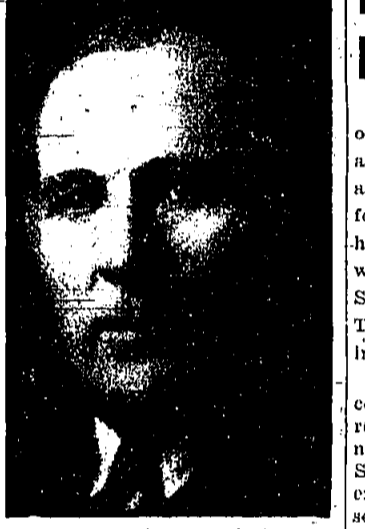

Town Plans Battle Over Rate Increase

Water Co. Seeks Big Raise In New Application

Township officials have launched an all-out battle to fight the move of the Commonwealth Water Company in filing an application with the Public Utilities Commission for a 35 per cent increase in its water rates effective July 20. Virtually every home owner in Springfield would be affected.

Mayor Robert W. Marshall has told the governing board that the town among utilities has been to seek constantly increasing rates. He (Continued on Page 2)

Arthur Marshall To Be Sanitarian

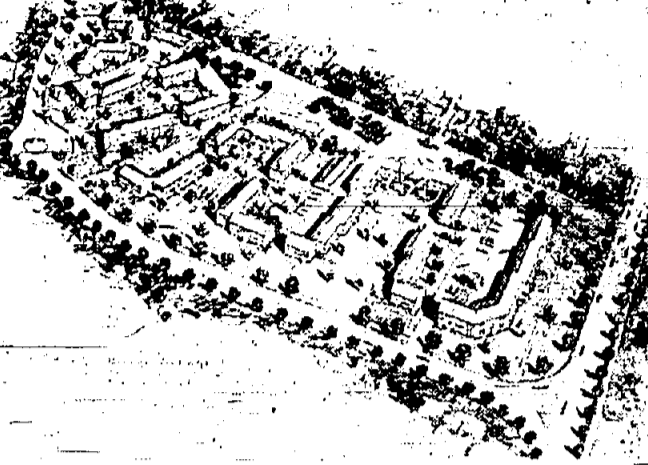

Township Plumbing Inspector Arthur L. Marshall is scheduled for appointment as municipal sanitarian at the July meeting of the Board of Health, it was learned today.

It is understood that Dr. Henry P. Dengler has recommended the appointment of Marshall for the post. Township Clerk Robert D. Treat has held the position for a number of years.

Marshall, who has been township plumbing inspector for more than two decades, has a sanitarian's license. The appointment will undoubtedly be unanimous. Marshall personally is popular with all members of the Board of Health as well as with township officials. He is the father of Mayor Robert W. Marshall.

Belief has been expressed that the plumbing inspector will retain the remainder of the year. Observers point out that the salary attached to the post is needed to make the position of township clerk attractive. In addition to being township clerk Treat held the posts of sanitation secretary to the Board of Health and sanitarian.

Town's Deluxe Apartment

For residents of Springfield, who've been wondering about those deep excavations along Short Hills avenue next to the Millburn border—here's the answer. This is the architects' forecast by McMurray and Chirgotis, of Union, of the forthcoming Short Hills Village, a \$2,250,000 luxury garden apartment to be spread over the 9-acre tract. Franklin Mortgage & Title Insurance Co., Newark, is handling the one-package financing. The apartments are to contain 110 suites in 11 two-story buildings, will range from 3-room units to duplexes of 6 rooms and 2 1/2 baths, and will rent over a range expected to run from \$105 to \$240 a month. Floor area will average larger than in many new developments houses. Nicholas Angleton is owner and builder.

Regional Seeking Hearing On Plans

Officials of the Regional Board of Education this month will seek a hearing before State educational authorities for approval of plans for the \$1,266,000 addition to the high school, it was revealed this week by Commissioner Richard Southgate, of New Providence Township, chairman of the building and grounds committee.

State authority is needed to exceed the Regional district's borrowing capacity by \$250,000 to finance the project, assuming the State approves the project. The expansion program will be presented to the six supporting municipalities in the fall as a referendum.

Preliminary plans, prepared by Fred A. Elsasner, board architect, provide for an addition to the rear of the building. Negotiations are still continuing with residents of Clinton avenue, who own property abutting the school's rear boundary. There have been indications that some of the residents do not look with favor on the board's plans.

Herbert A. Kuvlin, local attorney, has been representing the board in negotiation. An original appraisal of \$3 per running foot was listed at the start of the proceedings.

Currently the expansion plan classrooms and special purpose rooms. A second gymnasium as well as expansion of the cafeteria kitchen and additional administrative and storage space rooms will be provided.

30 Days In Jail Moted As Penalty

John Wheeler, 23 years old, of 48 South Orange avenue, Newark, was sentenced to thirty days in the county jail by Magistrate Henry C. McMullen in a recent session of Municipal Court. Wheeler pleaded guilty to charges of driving while on the revoked list and for driving a car with defective brakes.

He was fined \$250 on the first charge and \$25 on the second. He was given the jail sentence when he was unable to pay the fines.

Police said Wheeler was on parole from State prison. He was apprehended on Route 29 by Motor Vehicle Inspector J. E. Gavenda. It was reported that the car he had been driving was reported stolen in Elizabethtown. Detainers were filed with the prosecutor charging theft of a car and violation of parole.

Hold Services For Former Resident

Funeral services for Mrs. Harold B. MacGregor, who died recently at her home, Delaware Township, Milford, Pa., after a lingering illness, were held Saturday. A high mass of requiem was held at St. Patrick's Church, Milford. Interment was in Mt. Carmel Cemetery.

Mrs. MacGregor was the former Miss Ethel Marie Snider. Born in Kentucky, she was brought here when a child and attended local schools. She lived here for two decades. Prior to her marriage she was a telephone operator for the New Jersey Bell Telephone Company.

Surviving are her husband; a daughter, Frances Anna; two sons, Harold J. and Edward J. MacGregor; two brothers, Edward Snider, of this municipality and William Snider of New Providence; a sister, Mrs. John Gorman of Woburn, Mass.; and her mother, Mrs. Anna M. Snider of Springfield.

Mrs. MacGregor lived at 41 Profit avenue when she resided in Springfield.

33 Soldiers Died Daily In Korean Conflict But 99 Were Killed Here Each Day By Auto

An average of 33 American soldiers were killed daily in Korea during the first year of the war, while at home automobile deaths averaged 99 a day, a comparative study of war and traffic fatalities made by the Association of Casualty and Surety Companies disclosed this week.

Close to 12,000 combat deaths have occurred among United States forces in Korea since hostilities started on June 25, 1950, according to Defense Department reports. On the eve of the war's first anniversary the Association's accident prevention department estimated that the nation's traffic death during the same 12-month period totals about 26,050, three times the U. S. death toll in Korea.

"Traffic deaths currently are seven times heavier than U. S. war fatalities, however, with the estimated June average of 93 lives lost daily on highways almost equalling the low weekly average of 95 soldiers killed in action in Korea as the war entered its 13th month.

Of the nation's war deaths in all of the nation's wars, including the first year of the Korean conflict, have reached a total of 698,000 in 176 years and two months since the Battle of Lexington on April 19, 1775, the study shows. In the first U. S. automobile death occurred at the turn of the century, nearly 690,000 men, women and

Fireworks Display Set For Tonight

Intermittent rains throughout the afternoon and evening forced postponement of Springfield's display of fireworks and block dance which was slated to have capped yesterday's annual Independence Day celebration. Weather permitting, the pyrotechnics and the dance will take place at 9 o'clock tonight (Thursday) at the Regional High School grounds. Winners of various contests, including photographs of baby parade winners, will appear in next week's issue of The Springfield Sun.

Township Sailor Back From Korea

SAN DIEGO, Calif.—Ralph E. Walker, draftsman second class, USN, son of Mrs. Edna Walker, 42 Meekes St., Springfield, N. J., arrived back in the United States last week aboard the amphibious command ship USS Mount McKinley after combat duty in Korea waters.

His ship served as flagship for all the major amphibious operations of the Korean conflict. Her first Korean duty was at the landing at Pohangdong in July, 1950. She participated in the amphibious assault landing at Inchon in September and the landing at Wonsan in October. In December she rushed to Hungnam for the historic redeployment of troops from that beleaguered port to new combat areas.

During her Korean service, the Mount McKinley was flagship for Vice Admiral I. N. Kiland, USN, commander of the Pacific Fleet Amphibious Force; Rear Admiral J. H. Doyle, USN, commander of Amphibious Group One; and Rear Admiral L. A. Thackrey, USN, commander of Amphibious Group Three. General Douglas MacArthur, Supreme Commander of the United Nations Forces, made the ship his headquarters during the assault phase of the operation at Inchon.

Hold Two Youths On Larceny Counts

Two Summit youths are awaiting Grand Jury action today after being released on bail by Acting Magistrate Howard Caseman on charges of breaking entry and larceny. The complainants were Chief of Police William J. Thompson and Patrolman Vincent Pinawa who did considerable detailed investigation work.

The youths are David Simonds, 19 years old, of 5 Broad street, and Charles C. Blach, 19, of Division avenue, both of Summit. Chief Thompson said both have confessed to twice breaking into Marmon's "Plover" Store and entering the Huffman and Boyle furniture store.

The couple were arrested on warrants by Summit police and turned over to the Springfield department for questioning. The chief said both youths admitted talking \$242 from the flower shop on June 6 and 15. They took nothing from the furniture store which the chief said they broke into on June 27.

Bail for Simonds, whom the chief described as a parolee, was set at \$100. That for Blach was fixed at \$250.

Local Man's Text Book Is Published

"The Young Scientist" a general science text book for the Junior High School, by Maitland P. Simmons of 166 Short Hills avenue, science instructor at Irvington High School, was published recently by Exposition Press, Inc., New York.

Illustrators for the book were Mrs. Jenn Burd Pound, daughter of Mr. and Mrs. Frank R. Bird of 49 Sailer street, and Russell Post of 115 Sailer street, Art instructor in the Springfield elementary schools.

Leo R. Yothers, past president of the New Jersey Science Teachers' Association, and head of the science department of the Rahway public schools, has stated: "This well-illustrated book will add zest to both the teaching and learning of general science. While the content is in line with valid and accepted scientific concepts, the approach to problem solving is not traditional. The only action is placed upon the student—just where it should be."

"The Young Scientist" has also received acclaim in the New York Times and in the press of Providence, R. I.

Simmons is a graduate of the University of Rhode Island and received his master's degree from State Teachers' College, Montclair. He is an active member of the New Jersey Science Teachers' Association, a 32nd degree Mason, a life member of the Shrine, and Sigma Alpha Epsilon, national fraternity.

Simmons has been a regular contributor to such professional magazines as School Science and Mathematics, School Activities, Journal of Educational Research, New Jersey Educational Review and Science Education.

Hold Services For Former Resident

Funeral services for Mrs. Harold B. MacGregor, who died recently at her home, Delaware Township, Milford, Pa., after a lingering illness, were held Saturday. A high mass of requiem was held at St. Patrick's Church, Milford. Interment was in Mt. Carmel Cemetery.

Mrs. MacGregor was the former Miss Ethel Marie Snider. Born in Kentucky, she was brought here when a child and attended local schools. She lived here for two decades. Prior to her marriage she was a telephone operator for the New Jersey Bell Telephone Company.

Surviving are her husband; a daughter, Frances Anna; two sons, Harold J. and Edward J. MacGregor; two brothers, Edward Snider, of this municipality and William Snider of New Providence; a sister, Mrs. John Gorman of Woburn, Mass.; and her mother, Mrs. Anna M. Snider of Springfield.

Mrs. MacGregor lived at 41 Profit avenue when she resided in Springfield.

Wide-Open Battle Seen For Post of Town Clerk As Handville Refuses Bid

To Hike Insurance For Regional High

Fire insurance on the Regional High School building has been increased 25 per cent by the Board of Education. By unanimous vote the board at a recent meeting decided to raise the figure from \$800,000 to \$1,000,000. The new figure will be effective July 15. The action was taken on recommendation of Fred A. Elsasner, board supervisor.

Supervising Principal Warren W. Hulsey reported that the present meeting date of the board is in conflict with the sessions of the Parent-Teacher Association. He urged that the board consider a change of its meeting date, pointing out that the association has been meeting on the fourth Thursday for the past four years. The association meets four times a year.

Hulsey said he would like to attend both meetings. The commissioners, promised to consider a change. The board previously met on the second Thursday.

The supervising principal reported that Miss Dorothy Webber, a teacher in the commercial department has resigned to accept a teaching position in Aruba, Netherlands West Indies. As her replacement the board engaged William O. Losey, of Dover, at \$2,850 a year. He currently has been teaching at Camden Regional High School.

Repair of the school steps and of the power mower were authorized. Controls will be installed on the boilers if funds are sufficient. John Cummings, recently named agriculture teacher, was named to replace Edward Zuckerman on July 1 as trainer for the veterans' training program. Bertam J. Bertolony, of Garwood, board president, presided.

County Committees Face Labor Day Deadline Choice

The knock-down, drag-out battle for the coveted post of township clerk was back where it was when Robert D. Treat resigned last month following the announcement today by Finance Commissioner Frederick A. Handville that he was not interested in the job. Prior to this surprising development it had been a foregone conclusion that Handville would be the choice of the Republican County Committee and that he would be an easy victor in November in this heavily Republican community.

As a result there now is no outstanding Republican candidate. There appeared to be a possibility that the Democratic nominee, if he is prominent, as are such persons as Harry Monroe and former Township Committeeman Francis J. Koone, might win election in November.

However, the Republican County Committee after offering the post to Handville, is not likely to let the \$4,500-plus job go to the Democrats. It is understood that Charles Beardsley, former G.O.P. chairman, has been suggested for the office. There is no certainty that he is interested in the post, however.

The designation of Beardsley for the office probably would tend to cement relations within the party. It has been pointed out. Beardsley supported the Benninger faction which was responsible for the defeat of Preholder Lee S. Rigby in the party primary. Some of the other members of the county committee supported the freholder.

However, both parties must select their candidate by Labor Day so the G.O.P. finds it necessary to make a decision during the summer. Either Monroe or Keane is expected to be the party nominee. Timothy J. Sheehan has also been mentioned prominently for the post.

Handville in rejecting the invitation to be a candidate revealed that it would take a \$10,000 job to induce him to give up his present post... He operates a pet shop in Westfield. He expressed belief that there is considerable detail in the job and for that reason, plus the small amount of remuneration, he is not interested. He said he has suggested several possible nominees to the county committee.

Reports that former Chief of Police M. Chase Rynow would be a nominee for the post have been discounted. It was learned that in the event Rynow were elected and accepted the post he would have to give up his pension as a retired policeman.

Mrs. Carolyn Harmon is scheduled to be appointed acting clerk effective July 15 when Treat's resignation becomes effective. It has been reported that she is not interested in being a candidate for the post. She has "civil service status as the clerk's assistant.

WON'T BE CLERK

Names Assistant For A. B. Anderson

Mrs. Audrey Ruban has been named assistant to District Clerk A. B. Anderson by the Board of Education. The appointment was made at a recent meeting of the board with Mrs. Ruban's salary being set at \$2,700. Anderson was reappointed at \$2,000 a year. Originally a \$500 increase had been slated for Anderson by recommendation of the finance committee.

It was indicated that Anderson had not requested a salary increase. It was pointed out that his duties would be less with the appointment of Mrs. Ruban. Prior to her appointment she had assisted Anderson with school administration duties on a part time basis.

A contract was signed with the First Presbyterian Church for a one-year renewal for use of the Sunday School room for the kindergarten classes. Doubt was expressed that the facilities can be engaged again in the event the new school building is not ready for occupancy in September, 1952.

William Wagner, who has been head janitor, was designated as superintendent of building and grounds. He will receive \$4,000 a year. The salaries of John Hoagland, James Reddington and Olaf Lindquist were set at \$3,450, \$3,400 and \$4,500 respectively.

John J. Mullen, of Milltown, was engaged as a physical education instructor at \$3,400. Leslie P. O'Brien, of Summit, was hired as a grade teacher. She will receive \$5,100.

The contract for painting of the schools was awarded to Charles Quinzel at his bid of \$2,863. A contract for laying asphalt tile in Chisholm School cafeteria was awarded the Floor Shop of Elizabethtown at \$420.

WEST POINT BAND TO PLAY AT LYONS

The United States Military Academy Band and Field Music Detachment, under the leadership of Captain Francis E. Rest, will play a concert for hospitalized veterans at the Veterans Administration Hospital in Lyons on Saturday afternoon.

A group of 70 members of this nationally famous musical organization will make the trip from West Point to play for an anticipated crowd of better than 1,200 patients. This special concert at the hospital is one of the few non-military appearances that the Academy Band makes during the year.

GE Sets Ground Breaking For New Plant On August 1

Ground breaking for the big plant of the Precision Laboratories, Inc., of the General Electric Company is scheduled to take place approximately August 1 on the two-acre site on Route 29 near the Union line.

Cost of the building together with equipment has been reported at nearly \$1,000,000. William G. Bradley, company treasurer, said that the ceremonies attendant on the start of construction await only the approval of certain government allotments.

The 20,000-square foot manufacturing building to be built on a two-acre site, will be one of the largest industries in the township. The company is located in Irvington. It is a manufacturing unit of the General Electric Company's Components Division with headquarters at Electronics Park, Syracuse, N. Y.

The new Precision plant will more than double the size of our Irvington operation, and will help us to meet the increased demand for parts needed for electronic tubes used in civilian and military applications," Hulsey said. "It also will improve further the working conditions of our employees who will be transferred from Irvington when the new plant is completed."

SPRINGFIELD GIRL ATTENDS TOROSE

Miss Catherine Torose of 14 Clinton avenue, was Springfield's delegate to the Citizenship Institute for Girls which was held last week at New Jersey College for Women, New Brunswick. The Institute is sponsored by the New Jersey State Federation of Women's Clubs.

The daily program of varied activities will conclude each day at 4:30 p.m. Any boys in the community 8-13 years of age are invited to register for the club program which will conclude August 30th. Further information and registration forms can be had by personal contact at the Lincoln "Y" office, 393 Broad Street, Summit.

Summit Y Program Is In Full Swing

Registrations are now being received for the "WeekKidds" Summer Fun Club for boys 8-13 years of age, sponsored by the Lincoln Young Men's Christian Association, a real-leather agency, and a member agency of the Summit United Campaign.

"WeekKidds" Fun Club is a summer program similar to the Day Camp program now being conducted by many agencies throughout the country. It was announced by Robert Mack, the "Y" General Secretary, that there would be no fees for the club, except those for special tour trips to nearby places, events and lunch.

The club will start functioning Monday, July 9th at 8:30 a.m. with a morning assembly program of devotions, group singing and a story hour.

Other activities to be engaged are: swimming, arts and crafts, educational trips, overnight hikes, novelty games, movies, park days, athletics, picnics and boat trips under the supervision of qualified group leaders.

The daily program of varied activities will conclude each day at 4:30 p.m. Any boys in the community 8-13 years of age are invited to register for the club program which will conclude August 30th. Further information and registration forms can be had by personal contact at the Lincoln "Y" office, 393 Broad Street, Summit.

The Golden Text is from John: "The hour cometh, and now is, when the true worshippers shall worship the Father in spirit and in truth." (4:23).

Correlative passages from the Christian Science textbook, "Science and Health with Key to the Scriptures," by Mary Baker Eddy, Discoverer and Founder of Christian Science, include—this one: "Prayer means that we desire to walk and will walk in the light so far as we receive it, even though with bleeding footsteps, and that waiting patiently on the Lord, we will leave our real desires to be rewarded by Him." (10:1-4).

Rust and incorrect lubrication are two main enemies of household equipment. Unless your equipment is provided with lifetime lubrication at the factory, lubricate it periodically according to manufacturer's directions. To protect it against dampness, coat metal surfaces with a rust-proof oil or grease.

FAIR REACHING FLEET: Six new one-ton trucks have been added to Jersey Central Power & Light Company's fleet of 350 vehicles that travel approximately four million miles a year maintaining service in a 2,000 square mile area served. (Above): These trucks, operating on a 16 hour schedule, feature special bodies for electric service work by day and ladders that provide a platform working height of 29 feet for street light maintenance at night. These trucks are located at Morristown, Summit, Lakewood, New Egypt, Point Pleasant and Allentown.

Know Your Government By N. J. Taxpayers Association

It's the Taxpayer Who Pays. It seems that "Rich Uncle" has been able to afford all those generous gifts only because he has been using your money to pay for them. The ordinary tax-payer is the man we represent and there's no question but what he is taking a beating what with this trend to higher rates, Mayor Marshall asserted. "We are paid to represent him and we intend to do so. We will have our attorney present at the hearing and we will contest the application, point for point and item for item. This matter of increases which the taxpayer must pay out of his pocket has gone too far and must be stopped."

Town Plans (Continued from page 1)

pointed out that the company, which serves 36,000 customers in Union, Morris and Essex Counties, was granted an increase of 20 per cent May 1, 1948. Handville yesterday expressed agreement with chief executive's stand. He pointed out that the last increase resulted in an additional \$253,871 annually.

The company has cited increased prices of materials and operating costs in seeking the higher rate. Additional annual revenue to the company resulting from the rate would amount to \$570,000, it was said. All municipalities have been notified of the action.

In addition to serving Springfield the water company also supplies New Providence, Millburn, Chatham, Summit, Irvington, West Orange and Passaic Township. Sections of Union and Hillsdale also are involved. Tuesday night the Union Township Committee voted to oppose the application.

The company has cited increased prices of materials and operating costs in seeking the higher rate. Additional annual revenue to the company resulting from the rate would amount to \$570,000, it was said. All municipalities have been notified of the action.

Looking Into Yesteryear From Files OF THE SUN

TEN YEARS AGO. About 250 persons attended dedication ceremonies of the American Legion Building, Mayor Wilbur M. Schlander, in presenting the deed to Henry G. McMullen, chairman of the building committee, complimented the members of Continental Post for their initiative in erecting the structure. On behalf of the Lions Club, William J. Behl, president, formally presented the colors and flagpole to the Legion.

Panel Discussion Set At Watchung

A panel discussion on the "Ecology of the Watchung Reservation" will be the topic for the special Sunday program at the Watchung Reservation on July 8, at 2 p. m. The Union County Park Commission announced today.

Dr. Murray F. Buell, Associate Professor of Botany, Rutgers University, will serve as moderator. The panel members who will present various points of view and answer questions are: Dr. John A. Small, Associate Professor of Botany, New Jersey College for Women; Dr. Marion Johnson, Professor of Botany, Rutgers University; Elmore F. Pursh, chairman of the Watchung Reservation; and W. R. Tracy, Jarvis E. Badgley, Mrs. Mildred Rullison, and F. S. Mathewson, all of the Union County Park Commission.

Opportunity will be offered for comments and discussion by the audience. The public is invited.

Household articles made of plastic require very little care. Wash with soap and water and rinse quickly with hot water. Scouring powder or steel wool should not be used on plastic household articles, since this harsh treatment may tend to scratch the surface.

To prevent surface scratches on furniture, wash dust or polishing cloths after each use.

PEOPLE WE KNOW

By KITTY OEHLER
Phone Millburn 6-1276

Mrs. Gail Kathryn Sylvester, daughter of Mr. and Mrs. Frederick Sylvester of 225 Balmoral avenue, was hostess at a party last Friday in honor of her 11th birthday. Cake and ice cream were served at her home, and then the children made a trip to Olympic Park.

Greatly included Mary Jo Chapin, Dale Deuser, Carol Conroy, Betty and Peggy Focht, Patty Haggerty and Goll's sister Cheri of town and Carol and Joyce Creasey of Penpack. Also attending were Mrs. Steven Creasey, Mrs. C. B. Nevins of Brooklyn and Mrs. Tom Limnos of New York City.

A daughter, Susan Elizabeth, was born June 21 at Overlook Hospital, Summit, to Mr. and Mrs.

Alfred Stadler of 42 Tooker avenue. Mrs. Stadler is the former June D. Daly of Plainfield.

J. Edward Hoagland and family of Indianapolis, Ind., are visiting at the home of his parents, Mr. and Mrs. John T. Hoagland of 151 Tooker avenue.

Rosalind Schriever, daughter of Mr. and Mrs. Arthur W. Schriever of 89 Melsel avenue, celebrated her 4th birthday Saturday with a party in her home. Refreshments consisted of a large cake which Rosalind cut, ice cream and a cup cake with a candle for each child. Each child made a wish and blew out his or her candle. Those present were: Rosalind's sisters, Daryle, Linda, Hodapp, Paula and John Bodner; Elaine

and Joan Betz, Susan Kortez, Karen Wolf, Meredith Hamilton, Michael Phillips, Peter Greene and Robert Hoffman. Also attending were Mrs. Gerald Bodner, Mrs. Clifford Betz, Mrs. Julius Kerzer and Mrs. Arthur Hoffman.

Miss Sandra Tatisko, daughter of Mr. and Mrs. Michael Tatisko of 36 Lyons place, is visiting Mr. and Mrs. David Babolack of Hazelton, Pa.

Sandra Penard, daughter of Mr. and Mrs. W. W. Penard of 29 Lyons place and James Leonard, daughter of Mr. and Mrs. Frank Leonard of 689 Morris avenue, left last Thursday for Camp Lou Henry Hoover, Girl Scout Camp at Bear Mountain, N. Y., where they will spend two weeks.

Mr. and Mrs. George J. Keller, Jr. of 85 Melsel avenue, have announced the birth of twins, Robert John and Bernadette, June 23 at Orange Memorial Hospital. Mrs. Keller is the former Lillian Lynch of Jersey City. They have two other children, George J. 3rd, 8, and Betty, 4.

Mr. and Mrs. Frederick Sylvester and daughters, Gail and Sheri, of 225 Balmoral avenue, drove to Westbrook, Conn., last Friday. Gail and Sheri stayed in Westbrook where they will spend part of the summer. Mr. and Mrs. Sylvester drove on to Vermont where they spent the week-end.

Mrs. Victor Brecht and children, Michael and Linda, of 43 Lyons place, are at Normandy Beach for the summer.

Mr. and Mrs. Leroy Emmel and son, Ricky, of 15 Dayton court, are spending two weeks at Bayhead.

Playground Activities

JAMES CALDWELL, PLAYGROUND

Angela Chiearavalle School is out and free time brought many children but looking for recreation. Registration for the first day was more than eighty and since then it has reached one hundred and thirty.

Children participated in active sports such as hand ball, tether ball and volleyball. The arts and crafts program which is conducted on Monday and Wednesday afternoons is well under way. Laddys were started by John and

Janine Metz, Vicky Ench, Gary Brande, Annabel Hartman and Barbara Reddington. Given Grant is hard at work on a plastic bracelet while Susan Odoman has completed a loach for her cat. Many other children are working on pet holders. Patty Carley and Joan Steels are already completed colorful pet holders to take home to their mothers.

The regular Friday afternoon contests will begin tomorrow at 2:30 with a pet show. Children with any kind of pet are urged to enter and mothers are asked to come to act as judges. Ribbons will be awarded to prize pets and the owners will receive points toward the playground medal.

RAYMOND CHISHOLM PLAYGROUND Mary Beth McEuros

The many new residents in our area have contributed to the record enrollment in playground activities. Our enrollment has already reached ninety-nine with many more children expected throughout the week. Among our very new members are: Barry Patterson, Stephen Atkin, Larry Atkin, Jeff Norris, Marie and Donald Inamonte, Susan Rivkind, Melinda and John Bradley, Gene Boehm, Doris Kuenzel, Patty Andrews.

Games of the week included: Foul-Shooting, Stick Ball, Spud, Dodge Ball and Tag. Among the indoor games were: Checkers, Dominoes, Kings, Old Maid, Animal Rummy and various other card games. Many of the children did clay modeling and crayon work. Walter O'Neil has impressed many of us with his marvelous clay work.

On Monday and Wednesday afternoons we have Arts and Crafts. Beaded rings have been completed by Pat Carvey, Sue Klash, Melinda Bradley, Richard Battelle, Dick Niedermaier, John Bradley, Patty Mathews and Carol Cantelano. Pot holders were made by Jeff Norris, Ray Lewandowski, Albert Kuenzel, Lorrie Roettger and Susan Kisch.

On Friday afternoon at 2:30, we will have our first show this year - a Pet Show. We hope to have a few of our local mothers as judges. Badges will be awarded to the winners.

IRWIN AVENUE PLAYGROUND Dorothy Schroeder

The Irwin Avenue Playground opened on Monday, June 25. To date more than forty children have been registered.

The children have been having checker and coloring contests. They have also created many things in the new sandbox.

They have played such games as Old Maid, Animal Rummy and Checkers. They have also had fun using the swings and seesaws.

There was a contest in the sandbox. The people who took part were: David Allardyce, Leonard Schaffenger, Chip Skousen, Bruce and Robert Osmilski, Paul Meade, Richard Panecni, Ned Davenport, John Kitch, First, second, and third prizes were won by Chip Skousen, John Kitch and Bruce Osmilski, respectively.

We are planning a Pot Show to take place tomorrow, Friday. The children are working on posters for this show.

Painting is a quick, easy, top-of-stove way to cook vegetables and to preserve food values. Cook and serve the vegetable in its own juices with just enough fat to season.

Roessle-Henry Nuptials Held

The marriage of Miss Beverly Louise Henry, daughter of Mr. and Mrs. Chester L. Henry of 160 Willow avenue, Garwood, and Frederick A. Roessle, son of Mr. and Mrs. Adolf Roessle, of 20 Cross street, Kenilworth, took place Saturday in St. Paul's Evangelical and Reformed Church, Garwood. The Rev. Walter C. Pugh, pastor, officiated. A reception followed at the Suburban Hotel, Summit.

The bride, who was given in marriage by her father, was attended by Mrs. William Aulisio of Orange, as matron of honor. Bridesmaids were the Misses Hope Wolfkamp of Red Bank, Carolyn Ward of Dover, Louise Roessle of North Bergen, cousin of the bridegroom, and Thelma Oldford of Garwood. Miss Barbara Kambelitz of Union was junior bridesmaid, and Janet Cull of Garwood, cousin of the bride, flower girl.

Rudolph Roessle was best man for his brother whose ushers were Howard Henry of Garwood, brother of the bride, and G. Bruce Richardson of Easton, Pa.

The bride's satin and nylon net gown was designed with illusion neckline, cap sleeves, full skirt and long train. Her flowered crown was attached to a finger-tip veil and she carried a bouquet of lilacs, of the valley, white roses and stephanotis.

Following a wedding trip to New England, the couple will reside at the Cross street address.

Both Mr. and Mrs. Roessle are graduates of Regional High School. The bride is a graduate of Trenton State Teachers' College, where she was president of the Nu Delta Chi sorority. She plans to teach in the Cranford public schools in September.

The bridegroom is a graduate of Stevens Institute of Technology. He is a member of the Chi Phi and Tau Beta Pi fraternities. A veteran of World War II, Mr. Roessle is employed by the Singer Manufacturing Company, Elizabeth.

Edmund Ficke, Jr. To Take Bride

Mr. and Mrs. John A. Specht of 135 East Emerson avenue, Rahway, have announced the engagement of their daughter, Mary, to Pvt. Edmund Ficke, Jr., son of Mr. and Mrs. Edmund Ficke of 4 Coldevin road, Clark Township.

Miss Specht is a graduate of St. Peter's High School, New Brunswick, and the Franklin Beauty School, Elizabeth. She is employed by Frederic Heilbrassers, Rahway. Private Ficke is a graduate of Regional High School. He is now stationed at Camp Edwards, Mass. Before entering the Armed Forces he was employed as a television technician by the Dependable Tire Company, Rahway.

- John O'Cono
- Betty Jane Gurski
- Ida Margaret Howarth
- 8-Mrs. William H. Reagle
- Louise Lowrey
- George Morton
- Norman Muller
- Mrs. Char. A. Schaffernoth, Sr.
- Fred Allen
- Timothy Stewart
- 9-George N. Reed
- James Metz
- Mrs. Clifford Betz
- Charlotte Anna Kopp
- Mrs. Mary M. Betz
- Richard Dawkins
- 10-Julia Weple
- Martin Leogar
- Michael O'Cono
- Peter Green
- Mrs. Paul Jones
- Mrs. Henry P. Koes
- Edith L. Schramm

Becomes Fiancee Of J. C. Miller

Miss Angela Madorma's engagement to Pvt. James C. Miller, son of Mr. and Mrs. Edward Miller of 17 Coldevin road, Clark Township, has been announced by her parents, Mr. and Mrs. Peter Madorma of 653 Fourth avenue, Elizabeth.

The bride-elect is a graduate of Bathin High School and is employed as a secretary at Elizabeth General Hospital. Private Miller is a graduate of Regional High School and now is stationed at Camp Edwards. Before entering service he was employed as a mechanic by the Union County Park Commission.

Carlyse Hermann Becomes Engaged

Announcement has been made of the engagement of Miss Carlyse C. Hermann, daughter of Mr. and Mrs. Frank Hermann of 12 Coldevin road, Clark Township, to Anthony T. Granulovich, son of Mr. and Mrs. Anthony Granulovich of 32 James avenue, Clark Township.

A graduate of Regional High School, the prospective bride is employed by the Aluminum Company of America, Garwood. Mr. Granulovich also was graduated from Regional High School and is engaged in construction work in Cranford.

33 Soldiers

(Continued from page 1)
rates are not reduced, the study indicated.

"GI-X" might be killed on or about Armistice Day, November 11, dead, if Korean fighting continues with U. S. combat deaths running at the recent low rate of approximately 100 a week, according to the study. On the other hand, should these fatalities return to earlier high rates near 300 a week, the new unknown soldier symbolizing the first million lives lost in America's war might die as early as mid-August.

American battle casualties in Korea during the war's first year totaled about 76,000 including 12,000 killed in action, nearly 12,000 missing, and close to 50,000 wounded, according to Defense Department reports. Non-battle casualties, which included frostbite victims and sick and injured soldiers in Japan as well as Korea, 85 per cent of whom were returned to duty, totaled nearly 73,000 in 11 months.

The aggregate of U.S. battle and non-battle casualties in 12 months is approximately 150,000, but the non-battle category included "minor ailments," General L. Lawton Collins, Army Chief of Staff, told the Senate Committee a month ago when these casualties were reported for the first time.

Since the war started nearly 1,300,000 men, women and children have been killed or injured on the home front by automobiles. Mr. Harvey estimated. The total of traffic-injured, nearly 1,262,000 is more than 25 times the number of U.S. soldiers wounded in Korea and nine times greater than all American battle and non-battle casualties, with deaths excluded, in the same period.

Since 1900, he added, automobiles have injured more than 30,500,000 motorists and pedestrians. The combined total of 31,450,000 killed and injured in traffic since the advent of the automobile exceeds the entire pre-Civil War U.S. population of 31,443,881 in 1860 by nearly 40,000, Mr. Harvey pointed out.

A 25 per cent reduction in the nation's traffic casualties from the 35,000 killed in 1950, as estimated by the National Safety Council, would save about 8,775 lives in a single year, Mr. Harvey declared. Similar reductions in injuries and traffic accidents would mean 300,000 fewer persons would be hurt and several million accidents would be prevented in the same 12-month period.

GIRL SCOUT Corner
By M. E. PENARD

Day Camp, sponsored by the Springfield Girl Scout Council, will be held the weeks of July 9 and 16, from 9 a.m. to 3 p.m., in back of Regional High School. Mrs. William Dunn is camp director. Mrs. Felix Cyr and Mrs. C. Edward Francis were in charge of registration.

Mothers who would like to help the Girl Scouts by giving some

time to the Day Camp should call Mrs. Dunn at C-3610. A list of the girls attending this camp and news of their activities will appear in next week's issue of the Sun.

PRAY FOR PEACE

Nocturnal adoration of the Blessed Sacrament will be held Friday evening at St. Elizabeth's Hospital, Elizabeth. Services will begin at 8 p.m. with a holy hour conducted by the Rev. Thomas J. Gilhooly, dean of men at Seton Hall University. Hourly devotions will continue until 6 a.m. with mass at midnight. Sponsoring groups for July include the Maternity Guild and Ladies Auxiliary of the Hospital. The intention for this month is world peace.

They LIKE What They See in the FUTURE!
Just married. Of course they're happy. Most newly-weds are. What's more to the point, they're going to STAY HAPPY!
They know an important secret that's as simple as this: Lasting happiness doesn't "just happen." It must be PLANNED for, WORKED for... TOGETHER.
And so... this couple has a PLAN FOR HAPPINESS. Keystone of their plan is a SAVINGS ACCOUNT plus a definite system for making it grow every pay-day. Since "money in the bank" usually makes the difference between having things and "doing without," this couple is headed in the right direction... towards happiness that will grow greater with the years. No wonder the future looks so good to them!

Rising Education Costs Mean Higher Local Taxes Or Increased State Aid

NEWARK—The rising costs of education will soon force New Jersey citizens to choose between greater State Aid or increased local taxes, the N. J. Citizens Tax Study Foundation said today in issuing a survey of State Aid to education for the past five years. Foundation President Ralph R. Lounsbury said that the report was an attempt to "shed some light on the subject of State Aid to education and to explain to the interested citizen how much money his school district has actually been receiving from the State since 1947."

Lounsbury said that the financial problem of education in New Jersey was growing acute under the pressure of rising prices, increased school population, and higher wages. "It is evident," he said, "that additional money will be needed to provide adequate education for our children. This survey is an attempt to outline the facts so that people may be able to make an intelligent decision as to whether these increasing costs will be paid by higher local taxes or more State Aid, which, in turn, will require new or revised taxes."

Pointing out that the whole idea of State Aid to education on a broad scale is relatively new in New Jersey, dating back only to 1947, Lounsbury said that the Foundation hopes to focus public attention on the issues by a series of factual studies. He stressed that the Foundation, as a non-partisan, educational group, would not sponsor any specific proposals for tax reform.

The present program of State Aid, the Foundation president said, "was planned to equalize educational opportunities, to furnish a basic program of public education in every school district, and to provide some relief for local taxpayers. The sharp increase in school attendance and school costs have made it necessary to review the program."

In the study, the Tax Study Foundation showed that the total cost of public education in New Jersey had increased from \$129,714,442 in 1947 to an estimated \$172,660,000 in 1951. During the same period, State Aid to education remained virtually the same, about \$25,000,000 a year. Over the five years, state contributions to the Teachers' Pension Fund in-

3 Homers Feature Town Loop Game

By DONALD ROSSELET
Strauss Auto Stores went on a home run hitting spree this week and won two games to boost its lead to one full game. Round-trippers by Joe Leone and Wayne Tomenson gave Strauss a 4-1 triumph over the Springfield Sheet Metal and a four-bagger by Charley Schaffernoth highlighted a 9-6 win over the cellar-dwelling Braves. The PBA dropped a 6-5 game to the Indians to round out the schedule.

The Sheet Metal club drew first blood in the Strauss-Sheet Metal battle, but after a first inning score couldn't dent the plate. Dom Cusarnovia stopped the losers' cold, allowing only two scratch safeties. Strauss went scoreless for three innings, but collected single lullies in the fourth and fifth and a ducce in the final frame.

Washington avenue field was the scene of the PBA-Indians fray and the "redman" emerged the victor by a 6-5 count.

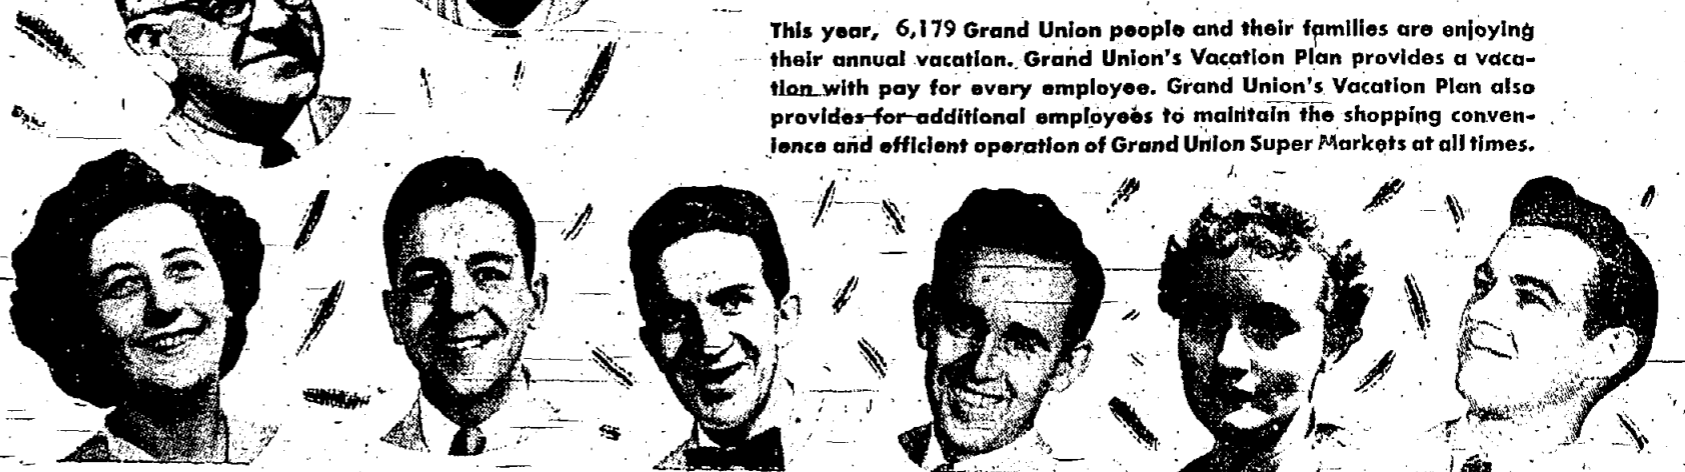

Outfit 10 to seven, but making these safeties count, the Strauss Store combine tripped the Braves, 9-6 last Thursday at the Metel avenue diamond. The clubs fought to a 5-6 standstill for six rounds, but Strauss scored thrice in the seventh to get up the decision. Charley Schaffernoth's homer was followed by a long drive to left by Dom Cusarnovia. The ball caromed off left fielder Lou Nussbaum's glove and the Strauss hurler circled the bases.

A re-vitalized Regional Shoppe team faces Strauss Stores in a first place contest tomorrow (Friday) evening at the Metel field. The Shoppers won the last meeting. When Herb Penneyer, Bill Detrick, and Charley Calderero joined Bill Kooz, Chet Scarles, Carl Post, and company, the Shoppe team began to roll and it rules a favorite in the Strauss game. The Regional Shoppe definitely is the team to beat for the league crown.

Municipal League Standings

Team	W	L	Pct.
Strauss Auto Stores	5	1	.833
Regional Shoppe	4	2	.714
Springfield Sheet Metal	3	3	.500
PBA	3	3	.500
Indians	2	4	.333
Braves	1	5	.167

TAKE NOTICE That the Annual Meeting of the Shareholders of Springfield Savings and Loan Association will be held on Monday, July 9, 1951, between the hours of 7:30 and 9 o'clock P. M. (Daylight Saving Time) at 277 Morris Avenue, Springfield, New Jersey, for the purpose of electing Directors and for the transaction of such other business as may properly come before the meeting.

Dated June 23, 1951.
EDWARD A. CONLEY, Secretary.
Fees \$2.50.

You're Cooking with GAS in Many Ways

When you cook, you cook with GAS, if you are one of the 27,000,000 women who praise its use. What you are probably not aware of, however, is that GAS has made a distinct contribution to your ease of cooking even before you begin your meal. The handsome cooking vessels you use — the utensils with which you prepare the meals — the dishes on which you serve the food — the equipment in the kitchen — even the linoleum on the floor — may have been made right in our own state and in their manufacture GAS has played an important part.

Wherever delicate heat control is essential, you will find GAS is the fuel used. Its flexibility is one reason why GAS is so popular for cooking.
