Principal Stresses Need for Caution

Supervising Principal Benjamin F. Newslinger today urged parents to instruct school children to cross streets and highways at crossings which are protected by police.

The school head pointed out that the volume of traffic is constantly increasing in Springfield. He said school authorities have a sense of responsibility for the safety of children walking to and from school.

Newslinger asserted that when a route to and from school does not provide police protection at a particular crossing, the next choice should be to use an intersection where there is a traffic light.

He said unprotected crossings should be used only when no protected crossing is available.

Adjustment Board Rejects New Garden Apt. Request

The Board of Adjustment has rejected a request for a zoning variation which would permit construction of a \$400,000 16-family garden apartment in Morris avenue between Baltusrol way and Baltusrol road.

The application was made by Baltusrol Gardens, Inc., a firm headed by Charles R. Wolf of Millburn and William G. Chirgots of Springfield.

Action was taken by the zoning board at a recent meeting following objections registered by a group of residents. Their contention was that the township already has enough apartment units.

The board also turned down an application of Francis E. Putz for a variation permitting him to sell his two-family house with the understanding that it could continue to be operated as such following the sale.

In June the board recommended to the Township Committee that Putz's original variance request be granted, but the governing board rejected it.

Multi-Million Dollar Hi-way Development Is Forecast

A hearing is scheduled on Wednesday night for an ordinance to rezone a tract of sixty-three acres on the south side of Route 29 for development into an industrial park for a multi-million dollar electronics industry.

The ordinance, if adopted, will rezone the area for industrial purposes. It includes land now split in Residential A and business zones.

A second ordinance also scheduled for a hearing Wednesday night provides an appropriation of \$40,000 for development of a paper street off Route 29 and for construction of sewer facilities.

Provision is made to pave the street, Brown avenue, through an industrial park on the north side of Route 29 to its intersection with Nicholas avenue, another paper street. A 1,820-foot sanitary sewer section would be laid from the trunk line in the county park area through the paved part of Brown avenue.

Members of the governing board said a firm which manufactures electronics equipment is negotiating through a Newark realtor to purchase the property from the owners. Since negotiations are pending, details cannot be published, it was said.

The drive is only \$10,000 short of the originally announced quota of \$125,000. Although the campaign's end was scheduled for November 18 it has been decided to extend it until the end of the year.

The pledges may be paid over a two-year period. The church and school building has been given a site and a mortgage will be held by the diocese. The school will absorb students from Springfield public schools and probably from Maplewood, Millburn and Union parochial schools.

It is hoped the combination church-school building which will be built on South Springfield avenue near Mountain avenue will be available for use early in 1953.

Three ordinances introduced at a recent session of the Township Committee are scheduled for hearings Wednesday night. One of them bans parking in Morris avenue opposite the garage at 311 Morris avenue where the Fire Department houses its trucks.

Another ordinance provides for a variation permitting him to sell his two-family house with the understanding that it could continue to be operated as such following the sale.

The third measure requires construction of garage facilities for houses accommodating three or more families. A garage would be provided for each family, under the ordinance.

Private Heins was 23 years old. He was killed in action in Korea on April 27. He was inducted in the Army in November 1950 and was sent overseas in February.

A fire on Sunday damaged the home of Dr. Wason B. Morris and tied up traffic for nearly an hour. Persons attempting to attend church services at the First Presbyterian Church and masses at St. James R. C. Church found themselves in a traffic jam.

Two Concerts Next Wednesday Open Area Xmas Music Season

Noted Cornetist Featured With Summit Symphony

Clarence Andrews, director of music in Plainfield schools, will be the featured cornetist with the Summit Symphony Orchestra when its traditional Christmas Concert will be presented Wednesday evening, December 12 at 8:15 p.m. at the High School Auditorium.

Mr. Andrews, a graduate of the University of Iowa and the Ithaca Band School has appeared as soloist with Conway and Karl King Bands. He directed the Mason City Iowa Municipal Band two seasons and serves similarly with the Union County Band and Orchestra Schools. At present, Mr. Andrews also directs the Eastern Conservatory School of Music and the Plainfield Federation Bands.

As his solo Wednesday evening, Mr. Andrews will play "Anthem" from "Stabat Mater" by Rossini, accompanied by the orchestra.

Harry S. Hinnman will conduct the 60-piece orchestra which includes musicians not only from Summit, but also from neighboring communities.

Several Favorites Included The "Rosenmunde Overture" by Schubert will open the program. Franz Peter Schubert was the greatest composer of the early nineteenth century and music to Rosenmunde was first performed December 20, 1823. Of his many symphonies, the best were not performed during the composer's lifetime.

As the additional feature of the evening, the orchestra will present the Fourth Movement—Allegro from Beethoven's "Symphony No. 9, in C Minor." Beethoven made the piano and symphony orchestra more expressive than ever before. When rules interfered with free and beautiful sound, he change the rules. A revolutionist, who created faster than he destroyed, he is the touchstone by which others are evaluated.

For a contemporary mood, the orchestra will play "Scherzo" by LeRoy Anderson. Mr. Anderson, a graduate of the music department of Harvard University, has become noted for his ability to single out certain selections of the concert orchestra and highlight their contribution to the music by skillful idiomatic writing.

Four Soloists To Assist Chorus In 'Theresa Mass'

Four outstanding North Jersey singers have been engaged as soloists for the presentation of Haydn's "St. Theresa Mass" which will be the feature work of the Summit Community Chorus, annual-Christmas concert. The traditional festival of song will be given at Wednesday-Epiphany-Church on Wednesday, December 12, at 8:15 p.m.

Miss Alice Wieland, graduate student at Westminster Choir College will be the soprano. Miss Wieland has been a featured soloist with the touring Westminster-Choir and teaches the Columbus Boy Choir in Princeton. Miss Marjorie Dunlap, also a student and a member of the Westminster choir, will be the contralto.

The tenor will be Robert D. Simpson, graduate student who has been a featured soloist with the Jersey City Symphony as well as the Westminster Choir. William G. Moore, bass, is a student of the same college and has sung with the American Male Chorus, a touring concert group.

Elza Cook of Westminster College, who is a student of the world-renowned organist, Dr. Alexander McChurdy, will play the organ accompaniment. Mr. Cook made several tours of the country with the Westminster Choir both as singer and accompanist.

Director Ralph Burrier states that, to his knowledge, the "St. Theresa Mass" has been presented only once in this county, at Tansgloewood in the Berkshire about two years ago. It is also to be presented this year by the Pittsburgh Symphony and Chorus.

Among the Summit Chorus, repertoire which includes such major works as Bach's St. Matthew's Passion, The Messiah, The Mozart Masses in C, and F Major, the Brahms and Verdi Requiem the Haydn work will be noted for its vivacity, animation, and lyric melody which reflect 18th Century Romanticism. Haydn makes many composers wrote his music for actual use as part of the Roman Catholic service and correlated his music with the expressions of the ritual. He also replaced solo arias with a solo quartet, and his accompaniment not only reinforced the voices, but carries a melodic line of its own.

RHS to Consider Kenilworth Bid

KENILWORTH—The Board of Education here is expected to consider a suggestion by Mayor-elect William Lester that the recent council offer to the Regional Board of Education of a future school site be placed on the ballot at the February school election.

The offer was made during the recent Regional board campaign which ultimately resulted in defeat of one of the proposals which had provided for acquisition of a forty-acre school site in Mountainside for \$25,000.

Later still placing of the offer on the ballot is a matter for school officials to decide. He pointed out that clearing up the matter will result in speedier consideration by the Regional board.

HOW Water Works

WHAT CAUSES HURRICANES?

HURRICANES ARE CAUSED BY HOT AIR, OVERLOADED WITH MOISTURE, RISING IN COLUMNS. WHEN THE MOISTURE CONDENSES, IT FORMS THOUSANDS OF TONS OF WATER, GIVING OFF HUGE AMOUNTS OF HEAT. THIS HEAT DRAWS UP MORE AIR AND WATER VAPOR; THE MOTION OF THE EARTH CAUSES THIS TREMENDOUS FORCE TO SPIN—A HURRICANE IS BORN!

DO YOU KNOW—???
Why water is sometimes milky in appearance? This is due to the sudden temperature change when cool water from the outside supply is drawn into the warmer household piping. By allowing the water to stand for a few moments, the air bubbles will disappear.

Regional vs. Westfield Friday

Bulldogs Face Blue Devil Cagers in Opener; DeRosa In Debut as Head Coach

By DONALD ROSSELET

Its supply of experienced basketball players practically exhausted, Regional High's cage squad faces Westfield in the curtain-raiser for the 1951-52 hoop campaign tomorrow (Friday) evening in the Bulldog gym. A Jay-Vee fray will precede the varsity contest, the show starting at 7 p.m.

This will be a peculiar year for many reasons. For one, Walt Hohn won't be at the helm for the initial time since 1944. Secondly, Regional doesn't have a Bellevue (Don, Roy, Ken, take your choice), a Jack Murray, a John Bunnell, a Frank Morill, a Cliff Smith, or a Jim Sevebeck in its ranks. All are basketball immortals in Regional's "Hall of Fame." A third reason for the new season's peculiarity is that the Bulldogs are not rated highly in pre-season tablings as has been the case over the course of the past few years.

But, despite these almost insurmountable odds, newly appointed head coach Lou DeRosa, making his debut in the Friday night encounter, is expecting a fair season from his six-town corps. The squad will be built around the half year of varsity experience of vet. Judd Herman, who will operate from the pivot. Hornman, one of last year's top scorers, is the tallest man on the squad, standing 6'3. Flanking him at the forward posts will likely be Dick Schaeffer, JV center, and DeRosa during the latter part of last season; Bob Thwaites, the baseball hurler; Scott Donnington, and John Kraus.

Although the Bulldog mentor has not made known his starting lineup, mainly because he isn't sure of it himself, the rest of the team fills out with Joe Cannonio, Bob Coles, George MacKenzie, Guy Selander, John Keith, and Jim Gwathney. He did say, however, that "all the boys will play different positions."

"We have an inexperienced club, but are progressing well," DeRosa said this week. He cannot say whether the year will be good or not, but is hoping for the best. He did add that it would be quite a "while" before he could determine the true caliber of the club. Practice sessions thus far have brought out two points. They are:

- (1) The team has plenty of spirit.
- (2) The team is gradually learning to function together as a unit.

The schedule starting times in parentheses:

December 7—Westfield, home (7:00); 11—Plainfield, home (3:15); 14—Millville, away (7:00); 19—Rahway, home (3:15); 21—Linden, away (7:15); 27—January 4—Alhambra, home (7:00); 5—Westfield, away (7:15); 8—Union, home (7:00).

Sports In The Sun

By DONALD ROSSELET

The Big Five Conference
The Big Five Conference, a basketball loop comprised of a quintet of Union County high schools, will begin its fourteenth consecutive season this year. Union, a brand new addition, is the pre-season favorite. The Farmers replaced Cranford which withdrew from competition to join the newly organized Four-County Conference.

The BFC will have two new coaches this year, Lou DeRosa at Regional and George St. Andressy at Linden. The conference also has Plainfield and Rahway in its fold.

Regional and Rahway have been the powers since the loop was organized in 1938. Regional has won or shared the title six times in the last eight campaigns.

In the last two years, the championship had to be settled in the last game for each of the teams. Regional trounced Rahway, 60-39 in the 1949-50 season, but the Scarlet turned the tables last season, winning a 66-65 thriller. The seven year score was the largest scored against Regional in the high years.

As we see it, the final BFC standings should read something like this: Union—Plainfield—Linden—Regional—Rahway.

John Mercer, an Englishman, discovered in 1844 a method of strengthening cotton by 20 per cent and giving it a silk-like sheen, a process still called mercerization.

New Jersey is Foremost in Transportation

New Jersey's most adequate transportation facilities enable manufacturers to reach rich markets in the shortest time and at the lowest cost.

Here are more miles of railroad tracks per square mile than in any other state in the country. Fourteen railroads and the tracks of eight trunkline roads crisscross the State.

A fine network of more than 1,700 miles of paved State highways and 6,000 miles of county roads spreads over the State.

America's largest seaport facilities are wrapped around New Jersey. Through the Port of New York flows nearly half of the export and import trade of the United States. This great port, plus Port Newark, Port of Philadelphia, Port of Camden and the Port of Trenton, serve our State.

The principal cargo and passenger air lines connect this area with every major city of the world. The Port of New York Authority, a non-profit agency of the States of New Jersey and New York, operates Newark, Teterboro, Linden and LUGardies.

Public Service is proud to serve New Jersey with dependable gas and electricity and to aid in the continuing development of the State.
