### FRIENDS!!

Where are you going to be July 5? At home? At work? On vacation?

Are you real sure? What makes you so certain you may not be one of the hundreds of people who will start out on a Fourth of July holiday trip — and won't come back?

Not a pleasant thought, is it? You may even be a little provoked that we've brought it up.

Well, that's all right with us. For the more provoked you get, the more you may think about this Fourth of July traffic toll that annually makes a mockery out of a holiday that ought to be for pleasure and patriotism, not for tragedy.

You think it couldn't be you?

That's what the 360 people thought who were killed over the Memorial Day holiday just a month ago. That's what the 8,936 people thought who have died in holiday traffic in the last six years.

Yes, that's right — 8,936 people killed in holiday traffic in the last six years! Almost three times as many as were killed at Pearl Harbor. Half as many as have died for America on the battlefields of Korea.

How many of these 8,936 people thought when they started out during the holiday that they would never come back? Not one!

This one was just driving around the block to get a morning paper. This one was taking his family to visit friends in Peoria. This one was merely crossing the street. Not one of them was purposely going out to get killed — NOT ONE!

So, you see, it could be you.

But here's the bright spot in the picture: it doesn't have to be you.

The National Safety Council, which has the grim responsibility for estimating these holiday tolls in advance, says you can make its estimates look silly by merely using a little extra caution, common sense and courtesy to offset the extra holiday traffic hazards. The Council says the toll could be cut in half, or even by two thirds, if you and I would make up our minds that, by golly, we aren't going to be one of those holiday traffic statistics.

It's just that simple. Instead of saying, "It couldn't be me," just say, "It won't be me!" Then act accordingly.

That's all there is to it. Happy Fourth of July! See you on the Fifth!

## Chief Thompson Makes Plea for Dynamite Return

### Official Warns Finders to Call Police Dept.

With Fourth of July only a day away, police are making frenzied efforts to recover 130 sticks of dynamite, representing more than two thirds of the 207 sticks which were stolen last week from an isolated cache of the North Jersey Quarry Company, near the Balfour Golf Club. Chief of Police William J. Thompson through the Springfield Sun today made a personal appeal for its return.

In a dramatic follow-up to the theft of two lots of the explosive, police recovered sixty-eight sticks in one of the original cases Friday afternoon. Patrolman Del Tompkins received an anonymous telephone call at 3 P.M. He was told the dynamite could be picked up on a dirt lane off Route 29 in Mountaineer near the Scotch Plains line.

The Mountaineer police were alerted and searched the designated spot and soon found the dynamite. It was turned over to Detective Vincent Pukava of the local force. However, no one was found near the scene, it was said.

Police still are not certain that the dynamite was not stolen as a prank by boys who broke four padlocks. However, they pointed out that it could be dangerous and urged it be returned.

Chief Thompson today in a statement issued to the editor of the Springfield Sun said: "The recent publicity given the theft of several cases of dynamite aided us greatly in recovering about one third of the stolen material in a line off Route 29 on the Mountaineer-Scotch Plains line. This was the result of an anonymous telephone call to police headquarters. We are making every effort to locate every stick of the stolen dynamite as it is extremely dangerous to any person who may come in contact with it whether it is lying about the woods or has been thrown into water, as our anonymous caller has indicated.

"Dynamite in its finished state is a highly explosive compound of nitro-glycerine mixed with sawdust and other explosive material and is a menace to every person. I request that in event of the discovery of any sticks of this explosive in woods, fields or water that the finder not touch it but call police headquarters immediately. It is our intention to recover every stick of the stolen dynamite and return it to its former isolated location.

"And to the person or persons who made it possible to recover some of the stolen dynamite: you can render a great service by telling us where it was found."

## Speeding Costs Hillsider \$18

Charles D. Riekerhauser of 1318 Hawatha avenue, Hillside, was fined \$18 on a speeding charge Monday night in Municipal Court by Magistrate Henry C. McMullen. Police said he had been traveling 80 miles an hour in a 25-mile zone.

Other fines included Charles R. Decker Jr., 1200 South Long avenue, Hillside, speeding, \$13; George Laskay, 241 Paltoite avenue, Kenilworth, no driver's license, \$5; Raymond M. Niesbelski, 18 Elm street, Summit, no driver's license, \$5; and Roland Lasser, 1 Lake avenue, Rahway, speeding, \$7.

Also Norman Kershaw Jr., 139 Hunt avenue, Van Nuys, passing a school bus, \$13; Richard P. Duckman, 610 Belvedere avenue, Plainfield, speeding, \$10; George F. Wilhelm Jr., 1473 Burnett avenue, Union, stop street violation, \$5; Frank Dorlanza, 18 Irving place, Summit, speeding, \$18; and Barry J. Matthews, 916 West Eighth street, Plainfield, speeding, \$7.

The magistrate heard a total of 23 cases. Fines totaling \$190 were imposed.

## Principal Tells Reasons for Bus Slash

### Mrs. Sandmeier Claims Only 24 Rate Service

Fewer than twenty-four of the 241 students transported to Springfield schools during the past year actually were "legal" riders, Mrs. Thelma L. Sandmeier, principal of the Raymond Chisholm School, pointed out today in outlining various phases of the action taken recently by the Board of Education in reducing bus transportation.

The principal explained that these were students who live outside the one and a half mile limit established by State educational authorities for kindergarten students and the two miles for elementary school pupils. All the others actually lived within that distance and the township school board was under no obligation to furnish transportation, it was said.

It also was pointed out by Mrs. Sandmeier that three fourths of the cost of school transportation is paid by the state. She said the county superintendent, who represents the state in Union County school affairs, could withhold state funds from the school board for transporting pupils who are not legally entitled to ride. This would place the entire cost of transportation on the school board and ultimately Springfield taxpayers, it was said.

The statement also cited the fact that sidewalks are available to school students except in South Springfield to Route 29 area and Hillside avenue to Route 29 along sections of Mountain avenue. Laying of sidewalks in these areas has been recommended.

Mrs. Sandmeier said that purchase of a bus has been considered since three fourths of the cost up to \$4,500 and its maintenance and upkeep would be paid by the state.

The principal also pointed out that location of the Gaudinier School in the geographic center of the township was to result in cancellation of all bus transportation except for those living outside the limits cited. The arrangement was published at the time of the school referendum.

The Somerset Bus Company will sell school bus tickets so that the cost will be only five cents a round trip. Its schedules conform with the opening and closing time for the Chisholm School.

This would include a 7:45 a.m. bus for pupils who start at 8 a.m.; the 8:15 bus for those who attend kindergarten and the 12:30 bus for the afternoon kindergarten group. Buses from the school include the 11:30 for the kindergarten students returning home; the 12:30 bus for morning students returning home; the 2:30 bus for the afternoon kindergarten class; the 3 o'clock bus for full day students and the 4 o'clock bus for afternoon sessions students.

### Aerial Bombs to Start Day—Free Rides Planned for Kids As Committee Details Plans

An outstanding program of activities and entertainment climaxed by a display of fireworks has been arranged for tomorrow (Fourth of July) it was revealed today by the program committee. The agenda includes the annual baby parade, an afternoon of contests and several special baby events.

The holiday program will be launched at 8 a.m. with aerial salutes. Conventional aerial bombs will be used. Two hours later the traditional baby parade will be held on the shaded area of the Regional High School campus. Mrs. Amy Bandomer, committee chairman, has announced entrants will receive their numbers immediately before the event starts. There will be three divisions; infants up to 2 years old; children from two to five and floats.

A parade will be seen at 11 a.m. There will be a commemorative service with Mayor Robert W. Marshall as the principal speaker.

The afternoon program will start at 1 p.m.; at the Melrose Avenue Athletic field. There will be free rides for children on a merry-go-round and on a fire engine. There will be a full program of athletic events for grammar school children beyond the fourth grade. Thomas Doherty will be in charge. There will be 40 and 60 yard dashes, relay races, broad jump and watermelon-eating contests for both boys and girls.

Other events include the high jump, hole in one, horseshoes competition, sack race and egg carrying competition. Youngsters will engage their parents in a father and Mrs. Daisy Johnson.

The evening program is slated to start at 7:30 o'clock on the meadowy fagged lawn on Regional High School. Music will be played by Don Gibson's Orchestra. There will be dancing in a cleared area following the fireworks display. Steve Schmidt, chairman of the entertainment committee, has announced special arrangements have been made for children.

Theodore Schuss, committee treasurer, has expressed appreciation for all contributions. Persons who have helped in the various districts include: First, A. B. Anderson, Charles Heard, Jr., Mrs. Burt Jones, Mrs. Agnes Ronkowitz, Thelma Martin, Mrs. Edith Baron, Mrs. E. T. Bauer, John Zalbeski, Mrs. Frank Hoffman and Mrs. Daisy Johnson.

## Dairy Queen Store Opening Slated

Springfield's new Dairy Queen store, at the corner of Homer and Trivett avenues, is having its grand opening this week-end in time for the July Fourth holiday. Store hours will be from 12 a.m. to 12 p.m.

In 1941, there only three Dairy Queen stores. Today proprietor Charles A. Remlinger's store is one of more than 1,400 that are members of the Dairy Queen National Trade Association, Inc. According to Kirk A. Journe, association executive secretary, stores are located throughout the United States, Hawaii and Cuba.

Dairy Queen is a wholesome, freshly frozen dairy food, pasteurized and homogenized. Since milk is its principal ingredient, Dairy Queen is helping to create a valuable new market for dairy farmers.

Dairy Queen's unique method of manufacture and distribution utilizes a special patented machine which freezes and dispenses in one operation, while holding the temperature constant. This process preserves the nutritional value, including proteins, lactose, minerals and riboflavin found in fresh, fluid milk.

Nationally advertised Dairy Queen is enjoyed in sundaes, malts and shakes, quarts and pints and "the come with the curl on top."

## Regional Graduate Killed in Action

Air Force Capt. Ronald R. Cree, a graduate of the Regional High School and a native of Garwood, has been officially listed as killed in action, the Defense Department has announced. Captain Cree was 28 years old when he was reported missing in Korea June 11, 1951. His plane was hit by flak and crashed behind the enemy lines, it was reported.

The captain graduated from Regional in 1941. He enlisted in the Air Force shortly after graduation and was discharged in 1945 as a sergeant and again attained a captain's rank. Captain Cree was sent to Japan early in his second period of service and at the time he was reported missing had flown nearly 100 missions in the Korean area.

Surviving are his wife, Mrs. Alma Svoboda Cree, of Rahway; his mother, Mrs. Ethel Cree Branch, of Garwood; and four brothers, Edward and Frederick, of Cranford; Joseph of Chatham and Frank of Kenilworth.

## Seek Removal of Flood Conditions

More flood complaints flowed into Town Hall at the semi-monthly meeting of the Township Committee last Wednesday night as members perished freely in the 100-degree temperature of the meeting room. Following closely complaints made during the session of June 11 were additional protests from residents who urged the governing board to take action to prevent the menace of future floods.

One group asked that the section about Ashwood avenue be protected. Another made a plan for protection in the Henshaw avenue area which has been a focal point for recent floods. Another delegation urged that provision be made to keep high waters away from the Hillside area.

Complaints centered on flooded streets, overflowing brooks and an open ditch.

Mayor Robert W. Marshall reported that progress is being made toward selection of a consulting engineer to assist Township Engineer Arthur Lenox in alleviation of floods here. He told the groups action is scheduled shortly.

## Joseph Heimbuch Graduated From Marine Academy

Joseph W. Heimbuch

Cadet-Midshipman Joseph W. Heimbuch Jr., son of Mr. and Mrs. Heimbuch of 26 Maple avenue, was graduated this week from the United States Merchant Marine Academy at Kings Point, Long Island, N. Y. The United States Merchant Marine Academy is the youngest of the four Federal Academies. Kings Point is to the west of Annapolis and to the west of the United States Army and Navy.

While attending the United States Merchant Marine Academy, the Cadet-Midshipman completed a four year college course covering academic and professional subjects directly related to the marine field. His class will be the fifth to graduate since the official recognition of accreditation by the Middle States Association of Colleges and Secondary Schools.

Cadet-Midshipman Heimbuch was appointed to the United States Merchant Marine Cadet Corps in September 1948 and after completing his Fourth Class (freshman) year, he spent his second year studying and receiving practical experience aboard ships of our American Merchant Marine while these ships were actively engaged in foreign trade along the sea lanes of the world. During this year at sea he visited Germany, France, Spain, Italy, Israel, Nova Scotia, Cuba, and Mexico.

After returning to the Academy following his sea duty, the Cadet-Midshipman spent his Second (Junior) and First Class (senior) years taking advanced courses.

No Vacation From Accidents

With the approach of the summer vacation period, parents would do well to ponder some very significant facts supplied by the New Jersey Safety Council.

Dr. George M. Wheatley, Chairman of the Accident Prevention Committee of the American Academy of Pediatrics, after a study of reports on injuries and deaths supplied by the three thousand specialists in children's diseases who make up the membership of the Academy, makes the following observations:

"Accidents cause more deaths to children than the next seven leading causes, which include pneumonia, cancer, leukemia, tuberculosis, heart and kidney diseases, and contagious diseases such as poliomyelitis. Accidents also cause untold suffering through disfigurement and mutilation. About fifty per cent of the cases reported were due to poisoning. Burns were the next important cause, representing thirty per cent of the cases. Flammable clothing was the contributory factor in half of these burn cases. Strangulation or suffocation involving harnesses or sleeping garments ranked high on the list. There were injuries and deaths due to falls from top-heavy and badly balanced highchairs, to pointed uprights on children's furniture, to lollypops with wooden sticks, to car doors that opened suddenly, to plastic toys that broke easily and presented ragged edges, to lead poisoning from paint, to insecticide poisoning, and to the bars of a child's playpen which caught and held a baby's head.

Manufacturers are generally very eager to cooperate with safety agencies in eliminating from their products any features that involve a hazard to the health and welfare of children. Much progress is being accomplished in consequence of this cooperation. However, to the individual parent belongs the responsibility for the exercise of the enlightened and vigilant care which may be the means of saving his child from serious injury or death.

Good Ol' Summertime!

With July's sun tuning up for the on-coming dog days, all of us hark back to the carefree days when summer meant a long vacation.

The average man who is tied to a desk in the hot city, in retrospect feels once more the stimulating shock of a dive into the old swimmin' hole where deep springs chilled the brook. The farmer mopping his brow as he pitches new-mown hay, thrills to the tug of a long-broken fish-line. And Mother, cooking dinner for her menfolk, hears again the roar of surf as she remembers that summer she met Daddy at the beach.

The thrilling sun revives our dreams as it ripens fruit and grain and bakes the aches out of our bodies. And if it gets too hot, we can always recall those "snows of yesteryear" which will be back again next year.

Looking Into Yesteryear

From Files OF THE SUN

Ten Years Ago
An audience of more than 300 defense and Red Cross workers filled the auditorium of James Caldwell school to hear a talk by Dr. Watson B. Morris, chairman of the medical division of Springfield's Defense Council.

Miss Evelyn Egan, daughter of Mr. and Mrs. John E. Egan of Union, was married to Corporal Robert W. Marshall, son of Mr. and Mrs. Arthur Marshall of 71 Washington avenue.

Sergeant Daniel Russillo, son of Mr. and Mrs. Thomas Russillo of 52 Main street, was promoted to staff sergeant at Greiner Field, N. H.

James Beers of 70 1/2 Tooter avenue, was among the group of county residents who were inducted as new citizens or repatriated in Naturalization Court, Elizabeth, before Judge Walter L. Hatfield, III.

Miss Agnes G. Heard, daughter of Mr. and Mrs. William Nelson Heard of 102 Morris avenue, became the bride of Dr. Burton B. Knapp, son of Mrs. A. B. Knapp of Westfield.

Harry M. Stewart, son of Harry C. Stewart of 37 Walnut court, was promoted to the rank of sergeant.

Your Library

Hours Daily (Except Saturday)
10:30 a.m. to 5 p.m.
Mon. & Fri. Even. 7:30 to 9 p.m.
We are accustomed to accept with pleased assurance, books by our favorite authors; over a period of years they leave a chain of pleasant memories with the promise of more to come. Readers great with delight new titles by Pearl Buck, Mary Roberts Rinehart, Alice Tisdale Hobart, Elizabeth Selbert, C. S. Forester and Irving Stone, all authors of current best-sellers. Of course, non-fiction writers have a loyal following too. Books by Leland Stowe, Marion Crawford, James Thurber, John Gunther and the Gibberns are always in demand as well as many, many more according to the preferences and inclinations of the reader.

Children have their favorite authors too and now that the first sense of release and freedom from the confines of the schoolroom is past, they are turning to the wonderland of books. They have an intense curiosity about the lives of famous people as their choice of biographies proves. Their love of animals is also manifest as is their constant need to absorb knowledge in whatever manner it is offered. Therefore good books are imperative. Your Library offers suitable reading for all age groups and a quiet place in which to choose.

Game Farms Have Good Year

New Jersey State Game Farms are well on their way to a banner year, the Division of Fish and Game, Department of Conservation and Economic Development, reported today.

The Division declared this banner year has been accomplished without increased facilities or personnel. At the present time the Rockport State Game Farm under the direction of Superintendent Robert Buntain has performed very efficiently in producing 15,000 day-old pheasants which were distributed to members of Four-H Clubs, Future Farmers of America, Boy Scouts and junior sportsmen's organizations.

In addition to this production the Rockport State Game Farm has on hand in its brooders and pens 13,358 young pheasants that are well on their way to maturity.

Similarly the Forked River State Game Farm which has shown a fine increase in production under the supervision of Phillip T. Grant has this year reached a peak in its long history of operation. From this farm 20,283 day-old pheasant chicks have been distributed to the several youth groups which are participating in the day-old pheasant chick program.

In addition the Forked River State Game Farm has on hand in its brooders and pens approximately 16,500 pheasants. They are not far from maturity.

The combined production of the farms this year has been 35,340 day-old pheasant chicks which have been distributed and the combined farms have on hand 32,948 young pheasants.

The incubators of the two farms also contain a sufficient number of eggs to contribute an additional 10,000 to the birds listed above. The State Fish and Game Division also announced it is important to note that the open pens that are

Ninety Million (Wow) of Us Will Be Riding Tomorrow

CHICAGO—Ninety million Americans will go forth on the Fourth for a holiday or a holiday day.

The National Safety Council estimates that there will be 40,000,000 passenger vehicles on U. S. streets and highways during the three-day weekend and that they will travel 5,000,000,000 miles—enough to circle the world 200,000 times!

The figures only emphasize the tremendous amount of travel to be expected during the holiday, the Council said. It emphasized that more cars on the road traveling more miles will inevitably mean more accidents — unless there is more caution than usual on the part of the motoring public.

An ominous note already has been sounded this year with the traffic death toll for Memorial Day setting a new record of 360 lives lost in traffic alone.

In an attempt to prevent a holiday of tragedy for hundreds of persons, the Council is conducting again this year a nationwide campaign for a safe Independence Day celebration.

Many national organizations, government officials, police departments and local safety councils are cooperating in the effort. Ned H. Dearborn, president of the Council, appealed to every citizen to do his part in preventing traffic tragedy over the Fourth.

"You as an individual can do something about it," he said, "because these tragedies result from things we can control—haste, selfishness, thoughtlessness, the desire to show off. Take it easy on the Fourth—be alive on the Fifth."

Make your holiday drive a safety drive, Mr. Dearborn urged, by obeying the following rules: 1. Make sure your car is in safe mechanical condition. 2. Start your trip in plenty of time, so you won't have to hurry. 3. Keep your speed down. Slow up here and show up there.

Now used to grow pheasants to simulate the wild are proving their worth through producing a bird of high quality.

- 4. Pass other cars only if there is plenty of room.
5. Stay far enough behind other cars so that you can stop in an emergency.
6. Keep your temper, and be courteous and patient in heavy traffic.
7. Don't drive after drinking—even a little.
8. Stop and rest whenever overtired or sleepy.

While most people assume that the sparrow is our most abundant bird, actually the robin holds that distinction.

We're in Tune with Teenagers
WE KNOW their fads and their fancies and we cater to them. We know how they like to eat (and so they should). We know, too, (better than some other people) that they like to cook. Our classes for junior chefs are popular with both boys and girls. Many a teenager has surprised and delighted his family with his cooking prowess gleaned in these classes.
We have compiled a cook book for this age group. The recipes are excellent and are not complicated. This book is used in our teenage classes. If you would like to have a copy, write to room 8311, 80 Park Place, Newark, N. J.

The thieves broke into the cache Tuesday morning and took fifteen sticks. After new locks had been placed on it, they returned the following day and, after breaking the locks, took two cases containing 100 sticks.

Police have warned the thieves that any attempt to use it as part of a holiday celebration tomorrow could bring about injury and possible death.

Town Soldier in Landing Exercise

Ralph E. Walker, draftsman, first class, USN, son of Mr. and Mrs. Ralph F. Walker of 42 Meeker Springfield, N. J., serving aboard with the amphibious force flagship USS Mount McKinley, recently participated in a joint Army-Navy amphibious landing exercise off the coast of Okinawa.

The operation was part of the training program for units of the Far East command. It started with shore based training under the direction of the Marine Troop Training Team and was climaxed with an actual landing on the beaches of Okinawa.

The purpose of the landing exercise was to familiarize Army personnel with the techniques of amphibious warfare and afford training for Naval units in planning and conducting an amphibious operation.

Lutherans Slate Summer Services

The Springfield Lutheran Church will continue its Sunday School throughout the summer at the Raymond Chisholm School. It will be held at 10 o'clock starting on Sunday, July 6. The worship service will be held at the same time during the summer.

The children will sit in church during the first part of the service. They will then retire to a classroom for their lessons and return for the end of the service.

The topic for the summer lessons will be the Old Testament stories starting with the creation of the earth. Flannelgraph materials will be used for the beginner and primary groups. All children, whether or not they are members of the Sunday School, may attend these classes.

Miss Joan Hillier Becomes Engaged

Mr. and Mrs. Russell Hillier of 22 Park lane, have announced the engagement of their daughter, Joan M., to Max C. Kennison of Hammond, Ind.

Miss Hillier is a graduate of Regional High School. She is in her sophomore year at Bucknell University, Lewisburg, Pa., where she is majoring in Biology. Mr. Kennison is also attending Bucknell University where he is majoring in Physics. He served with the Navy during World War II and with the Marines in Korea.

'Show Boat' Opens Mon. at Playhouse

The biggest midsummer production ever offered at the Paper Mill Playhouse in Millburn is Frank Carrington's goal with his new edition of Jerome Kern's 'Show Boat' which will open Monday, July 7.

Gail Manners, Wilton Gray and Clarence Nordstrom will be starred in the production with a top notch cast of supporting artists to play and sing the story which is the work of Oscar Hammerstein 2d, author of 'South Pacific,' 'Oklahoma,' 'Carousel' and 'The King and I.' The book is based upon Edna Ferber's greatest novel.

William C. Smith will make his initial appearance at the Paper Mill in the role of Joe, a part which he has played more often than any other performer, including the recent Broadway revival. With him will be Eulabel Riley as Queenie, Sue High, who scored a hit in the recent production of 'Kiss Me, Kate' will play Julie, the singer with the tragic background, while Olive Reeves-Smith will once again be Capt. Andy's spouse, Parthy-Ann Hawkes.

Among the featured players will be Charles Julian repeating the role of Frank which he has done at opera theatres throughout the country with Mavis Milns as Ellie for her Paper Mill debut. Hal McMurrin will once again play Pete, Edgar Kent will be Vallon, the sheriff, and Steven Thomas will play Steve, the leading man of the river boat's stock company. Eight-year-old Karin Walz of Montclair will play Kim as a child.

The settings of the Mississippi levees at Natchez, of the Cotton Blossom Show Boat and of Chicago's World Fair and Trocadero Night Club have been reproduced faithfully by Herman Rosse, scenic designer. John Charles Sacco is again at the baton while Peter Birch, the star of 'Where's Charley?' is doing the choreography. Agnes Morgan is working with Mr. Carrington on the overall direction.

### Playground Activities

**HENSHAW AVENUE**  
Dorothy Apper  
The Henshaw Avenue playground opened on Monday, June 23. To date, ninety children have been registered. Several contests have been started such as checkers, dominoes, pick-up sticks, and Old Maid.

The sandbox is used a great deal by the younger set. The swings also have been popular.

Our regular weekly shows were started last Friday. The first show was a Wheelie on Parade event, consisting of beautifully decorated bicycles, wagons, doll carriages, and baby-walkers. There were twelve contestants in this show, including Marilyn and Ann Louise Triello; Elaine Sharon, and Deborah Hinton; Barbara and Richard Blake; Ann, Jim, and Tom Conlon; Marilyn Calavan; and Jeanette and Allison Kuba.

First prize went to the Hinton sisters. Second prize was awarded to the Triello sisters, for identical decorated bikes. The two girls also wore identical dresses of white tulle and satin, trimmed with fuchsia sashes.

Our weekly, Friday afternoon programs continue on July 11 at 2:30 o'clock, with a display of

Our thanks to the mothers, who judged the initial show. All children are eligible who are registered at the Henshaw Avenue playground.

**RIVERSIDE**  
Mike Mascaro  
Riverside opened last week with registration reaching thirty. This playground is devoted mostly to baseball, with a team now being organized. The Riverside Cats are issuing challenges to teams from other playgrounds.

Captain Tom Doherty has his first team, Anita, plus Richard Donart, Dan Lacy, Richard Bell, and Vince Martin on the team.

The first game will be played with the Riverside Indians on Monday, July 7. All our games will be played at Riverside.

**JAMES CALDWELL**  
Ann Chiaravalle  
The first week at the play field was a busy and warm one, with a registration of well over one hundred completed. Checkers, dominoes, and pick-up sticks are among the favorite games. For the younger children, a yarn ball has brought hours of fun.

Plans have been made to start a program of arts and crafts. The usual handbags, headbands, and hat holders will be available, plus new projects.

Each Friday afternoon, there will be a special show for all interested children. Last week, a Wheelie on Parade event was held. The bicycle class was won by Laura Mertz and Marly Menkin. Helen Mittnacht and Judy Thompson won the wagon division.

Our next show will be July 11, a pet program.

**IRWIN AVENUE**  
The Irwin Avenue playground opened last week with a surprisingly large enrollment of seventy-six children, ranging in age from five to fifteen.

The children made use of many new facilities, such as the tennis and basketball courts, swings, and the new saw. Checkers, dominoes, Old Maid, pick-up sticks, kings, horse shoes, tether-ball, and sand-box games.

A point system to decide a winner of the Rotary Club's medal, which will be awarded to a child in each play area for active participation in our games and contests. Points will be awarded to winners of contests and games. Ned Davenport's 200 total is

**VETERANS QUERIES**

Q—Does the new insurance for veterans who served since Korea pay dividends?  
A—No; it earns no dividends. But its premiums are lower than other forms of Government life insurance which do pay dividends.

Q—A lot of household debts have piled up on me in recent months. Included are large doctor bills, grocery bills and furniture bills. May I get a GI loan to pay all these bills?  
A—No. GI loans may not be obtained for the purpose of paying household expenses.

Q—I've been training under Public Law 16. Recently my service-connected disability was re-rated downward to zero percent, which means I'm no longer receiving compensation checks. May I continue with my Public Law 16 training even though my disability is now noncompensable?  
A—Yes. You will be permitted to go ahead with your training under Public Law 16 until you attain your training objective.

Q—I'm a retired officer who has been service in both World Wars. I recently elected to receive disability compensation for my service-connected disability, instead of retirement pay. Does that make me eligible for VA's outpatient treatment?  
A—Yes. You may be eligible for outpatient treatment—including drugs, prosthetic appliances and other necessary supplies—for your service-connected disability.

Q—At the present time, I am serving in the Navy, and I am covered by the free \$10,000 indemnity. Who gets the money in case I die while in service?  
A—If no beneficiary was named, the money will be paid in the following order: to surviving spouse, child or children, parent or parents, or brothers or sisters. Any beneficiary in these categories may be named, and if such a designation is made, the order may vary.

Q—I wear an orthopedic brace on my right leg because of wounds I received during World War II. Can I get emergency repairs to my brace without prior approval from VA?  
A—You can get emergency repairs to your brace up to \$15 from any commercial brace or

**Severe Leaf Scorch Can Cripple Tree**

If some Japanese maples, dogwoods, sugar maples and some other trees on your property seem to have a leaf disease, inspect leaves closely. Your trees may have leaf scorch.

Leaf scorch is a drying out of certain irregular areas on the foliage of many plants. The trees mentioned are the first to suffer from such climatical disorders.

The condition is caused by neither insect nor disease. It is a result of lush growth during the usually wet spring season followed by dry, hot, sunny days. It is assumed that with an ample supply of moisture in the ground, root systems of many trees are able to make quick development of foliage possible.

When the moisture supply is decreased due to the stopping of the spring rains, the weather usually is warm. This sets up a condition where more moisture is transpired through the foliage than is possible to be taken in through the root system. The individual cells in the affected area, therefore, are "deflated" to the point where they dry out.

If enough of these cells in any one area are affected the resulting crisp areas are noticeable on the foliage of your plants. Severe conditions can completely cripple an entire tree.

If it happens early in the season new foliage still can come on and make the plant look fairly decent for the rest of the season. However, many times it comes late in the spring and early summer and the dried out condition exists for the remainder of the year.

There isn't much that can be done. Artificial watering at first signs of scorch may slow down the process and be of some help. Thinning out tops of trees during the fall and winter is the best thing you can do to help the condition in future years.

A proper fertilizing program would also induce a larger root system which in turn would improve the condition.

Trees that are not well established in their new homes are the first to suffer and these can be helped materially if a large mulch area is applied immediately after transplanting operations. This mulch should be kept there for at least three or four years. The mulch shades the soil and cuts down evaporation of ground waters.

The blood of some animals is blue.

**Change in Title For School Head**

Under provisions of Assembly Bill 300, recently signed by Governor Driscoll, Supervising Principal B. F. Newschwanger became Superintendent of Schools B. F. Newschwanger, as of July 1.

The status of administrative heads of school districts has been made more uniform and specific. All school superintendents now have the right, with the Board of Education approval, to hire assistant superintendents, to suspend teachers, principals and assistant superintendents, to have seats on the Board of Education, and to speak on all educational matters.

Tenure protection, as it has applied to school superintendents for several years, is now enjoyed by the administrative head of each school system in New Jersey.

# Sheet Metal Triumphs; PBA Defeats Whitey's

## SSM Downs Marcel's, 15-8

## Sports In The Sun

By DONALD ROSSELET

### The Softball Race

The PBA's decisive 4 to 4 shut-out victory last Thursday evening put the Police crew head and shoulders over the rest of the league. The PBA now looms as an overwhelming choice to make a runaway of the Springfield Softball League title chase. To date, the PBA is two and one-half games in front of its closest pursuer, Springfield Sheet Metal, which turned back Marcel's last night to keep pace with the leaders.

With the second round already a week old, the PBA has experienced only limited trouble and the outlook is extremely bright for few teams look strong enough to do much damage. Conceding the Police team will lose a few scattered contests during the season, and the law averages say it should, it is doubtful if more than one team will be able to rise to the occasion. Certainly, if the PBA is not exposed to a long loss streak, it is in a position to win.

### Track Scoring Totals

Herb Helmbuch, who has covered track and wrestling for this newspaper, recently compiled 1952 Regional High-track figures. His calculations gave top honors to Judd Herman, who beat out Ronnie Hartshorn and Chet Boyce, the early leaders, with a late season rush. The top single-meet output by a Bulldog was 13, attained twice by Herman and Hartshorn. The final totals: Judd Herman 76, Chet Boyce 74, Ronnie Hartshorn 73 5/8, Art Curtiss 46, Ron Cooper 23, Vin Altieri 19, Jim Lambert 18 1/3, Doug Bird 18, Bud Mesker 18, George Schwarz 18, Harris Rawicz 14, Emil Fritz 13, Tom Frolich 10, Harold Grapethin 9, Ron Jones 9, Bob Tuzik 9, Manfred Dudlek 4, Whitney Coleman 3, Roger Smith 2, Pete Wilkowsky 2, Richie Betz 1, Bob Coles 1, John LaMotta 1, Norm Soucek 1, Jack Wycokoff 1, Bob Shaw 1/2, and Al McElroy 1/3.

### THE SOFTBALL SCHEDULE

The PBA goes for victory number seven, and is favored to take the win, over Chrysler-Plymouth Thursday evening. Chrysler is in fifth place.

Whitey's ill try to gain some lost prestige, and ground, as it faces last-place Bond Electronics this evening (Wednesday). Whitey's cannot gain ground this week, but a loss would temporarily put it out of contention.

Next week, Sheet Metal and PBA play Tuesday in a game that easily could see the Police also suffer its first setback. An inspired SSM team, spearheaded by the strong right arm of Bert Jones, is capable of an upset. On Wednesday, it is Whitey's versus Marcel's.

All-in-all, the coming week promises to be a big one in local softball circles!

Scott Donington twirled his third straight shut-out and the PBA won its seventh consecutive Springfield Softball League game last Thursday, moving the Police team far ahead of the rest of the field as Whitey's fell to the unheated loop-leaders, 4-0, at the Meissel avenue field. The defeat knocked Whitey's to third place, behind Springfield Sheet Metal, which blasted Marcel's 15-8.

The PBA-Whitey's battle was a lop-sided affair throughout. Whitey's never had more than one runner on in a single inning as the lanky PBA moundman received excellent (and errorless) support from his teammates. Donington permitted George Graziano a safety in the first inning and Richie Schwerdt got a single in the third inning. Neither advanced. Graziano's second single plus a stolen base in the fourth frame was the best effort by the losers.

On the other side, however, started out fast. Vin Altieri singled to start the fast of the first, but was forced at second for the second out of the inning. In the second, Guy Selander walked with two down and stole second. Matthew Pope then singled sharply to left, but Selander was cut down at the plate.

The PBA broke the tie in the third inning. Altieri, who made two hit singles, hit safely to begin the round. Al Richardson pushed Altieri to third with a single and the latter scored as the hit got away from Joe Leone.

Donington's single in the fifth with one out opened the doors for an insurance run. Marty Martin's error on Altieri's hit moved Donington to third. There, he tallied easily on Dick Bodnarik's fly out.

In the sixth, the Police nine opened up against Ed Parsa, who previously had escaped from big holes. Joe Pepe walked to start the uprising and stole second. After an outfield out, Dave Monroe tripled down the left field line to hit in the PBA's third run. Les Law's error allowed Monroe to count. Matthew Pope then singled to left, as did Altieri. Selander, who got off through Law's miscue, again was out at home.

Springfield Sheet Metal's victory last night was more decisive than the score would indicate. The Metalloids held a commanding huge going to the seventh, but a six-run rally by Marcel's cut a large chunk out of the margin.

The eventful seventh saw Marcel's make its runs on only two hits.

Bob Hickson walked to start things going. Bob Andrews then booted out an infield single and Dave Compton walked. Bill Compton was hit by pitcher Les Law, relieving Bert Jones who fanned six. Bob Ellis then forced Andrews at the plate. Felix LaFond erred for three more runs and Al Zimmer hit safely for another. Milan Havala then walked and stole second, going to third on Bob Keller's error. That sent Zimmer home.

The game was played under protest from the fourth inning on, Marcel's claiming that SSM used illegal players.

### TERMITES

are flying again. Watch for "Flying Ants" which come with Spring, shed their wings, then disappear. These wood destroying insects cause much damage to property. Buildings not protected during construction usually require it later.

### We Specialize Exclusively in protection of property against TERMITES and other Wood Destroying Insects,

using dependable engineering methods. We are not simple exterminators. Every job is supervised by an experienced, technically trained, licensed engineer.

We are a New-Jersey organization, employing New Jersey residents, and we have served New Jersey property owners successfully since 1935. Our reputation in this field is unsurpassed.

Thousands of references are available in New Jersey—not in some distant state. Our work is GUARANTEED FOR 5 YEARS without additional charge—a one-year guarantee is worthless.
