LISTEN

FRIENDS!!

These dog days have Springfield's businessmen, and for that matter, the merchants of most other surrounding communities so far down in the dumps that only the most optimistic believe there exists the slightest chance for recovery... there wasn't an afternoon this week you couldn't have taken a machine gun and sprayed its shells the full length of the Morris avenue business section and not hit a living soul... the same situation seemed to exist in Union, Millburn, Summit and even Springfield avenue, Newark... so all you miserable fellows have lots of company... one local merchant, as a damaged discount, put a "lock on his door" Tuesday noon and announced he was going swimming... there appears to be at least one exception to the rule here in town... Charlie Remlinger's new Fleming avenue Dairy Queen has been going great guns day and night.

Down in Roselle the cops have been granted permission to wear summer sport shirts... in Union plans are underway to provide traffic officers with umbrellas like they do in Summit to gain some relief from the terrific rays of the sun... in Jersey City motorcycle cops will be permitted to carry canteens of ice water and to refill them as often as necessary with ice WATER... here in Springfield, with the heat just as bad as elsewhere, we know of no plans to make the policeman's life easier... come on, let's come forth with a couple of ideas.

Anne Sylvester, whose success in the real estate field resulted in several other local women (and men) trying and flopping, for the most part, in the same business, knocked off a couple of hum-dinger sales last week, one of them a very famous Short Hills showplace.

By actual count we observed nine Springfield residents at Tuesday night's New York-Cleveland game at Yankee Stadium... this town is said to be full of red-hot Yankee fans, anyhow.

There's a new building on Fleming avenue that may become old before it is put to use... construction started more than a year ago and workmen are still on the job.

Here are a few more tips about the dangers of swimming which we neglected to mention recently: Don't dive off a dock into water that isn't there, or into water whose depth you do not know, unless you are a professional swimmer.

Don't go swimming alone at night.

Don't attempt long swimming unless accompanied by a boat and someone trained in lifesaving.

Don't engage in any heavy swimming for at least two hours after eating.

Don't indulge in horseplay in deep water. You may create such panic in a poor swimmer as results in tragedy.

Don't swim beyond your depth in very cold water or when you are narrowly fatigued.

Don't swim with your muscles alone... use your head, also.

Young Adults Elect Officers

Martin Levy of 10 Sherwood road was elected president of the fourth meeting of the Springfield Young Adults, Tuesday evening at his home. Other officers named were Jay Bloom of 76 Kew drive, vice-president; Miss Dorothy Beckman of 99 Battle Hill avenue, secretary, and George Underwood of 12 Edgewood avenue, treasurer. Committee chairman selected were: Bert Jones, Jr., social chairman; Robert Brandner, external relations chairman, and Miss Doris Rothermel and Miss Fern Bayley, membership co-chairmen. The group will hold its first annual affair, an outing to Forest Lodge, Sunday. The next business meeting will be held at the home of Bert Jones, 53 Warner avenue, Tuesday at 8 p.m. Meetings are open to the public.

Township Swelters As Terrific Heat Wave Blankets Entire East

Many Seek Relief At Shore Points; No Relief Seen

Township residents today were seeking relief from a stretch of four consecutive days on which the mercury soared to record heights, hovering well beyond the 90-degree mark on thermometers here.

Springfield, like the rest of Union County, virtually wilted under the intense heat. Hundreds of residents sought refuge from sultry bedrooms by sleeping on porches or on make-shift beds in their yards. Many stayed awake into the early hours of the morning, being unable to sleep.

Electric fans were at a premium with persons who had them, keeping them on throughout the night. Those establishments which are air conditioned were heavily patronized.

With the temperature threatening to reach the 100-degree mark and with the four-day period believed to have set a new record here for consecutive days of high temperatures, confectionery store proprietors did a handoff business in ice cream, sodas and soft drinks.

Roadside stands with ice cream, milk shakes and other soft drinks were experiencing days of record sales as their establishments were swamped with customers. Kiddies made raids on stores selling pop-sicles.

Although there is no swimming pool here children dressed in their bathing suits and persuaded their parents to turn hose and shower units on them. Many of them paddled about in big plastic wading ponds.

Older children took buses, cars or hitchhiked to the Union County Park Commission swimming pools at Linden and Rahway or made their way to private pools at Olympic Park and other amusement parks.

There was a general exodus for shore points. Families which were not already spending time at lake or ocean resorts jumped in their cars and took off for Raritan Bay and Atlantic coast spots along the Jersey shore. Many of them delayed until early hours before returning.

Police didn't report any cases of heat prostration. However officials of the Board of Health warned all persons to be careful of overwork in the face of the extreme heat and urged that no one exposed himself to the hot rays of the sun for too long a period. Workmen who were assigned to outside jobs were warned to be careful lest they succumb to the intense heat.

All told it was a hectic period. And the end may not be in sight. The weather man warned as The SUN went to press.

Mayor Now Has Official Title

Henceforth it is Mayor Robert W. Marshall. For several years the chairman of the township committee has been called "Mayor" by most of the newspapers. However, the title was strictly honorary since the official designation was "chairman." The governing board just week, acting under a new statute, adopted a resolution giving him the official title of Mayor. The bill which permits the action was sponsored by Assemblyman Benjamen of Monmouth and was signed last month by Governor Driscoll. So now it's His Honor.

They Gave Ike a Boost

Mrs. Amy Bandomer and Mrs. Georgia McMullen, wife of Magistrate Henry C. McMullen, who rooted for Ike last week at the G. O. P. National convention. Mrs. Bandomer cast a vote for the new presidential candidate.

Police Officials Praise Parsell's Capture of Trio

Police department officials today are paying tribute to Radio-Patrolman George Parsell for his capture of three youths who had stolen a State-owned car Thursday. The arrest was made in Mountain avenue, near the Regional High School, after a radio alarm for the trio had been sent out by Mountside police.

The Springfield patrolman, who was cruising in a radio car when the alarm came through, saw the sedan a few minutes later. He gave chase and forced the car to the side-of-the-road.

Police said the juveniles were being transported to a Newark court in connection with destruction of a garage wall at Highfield's experimental correctional institution in Hopewell.

The trio was charged with forcing Joseph Lyons, director of the school, from the car in Route 29, Mountside. He was not harmed and immediately reported theft of the car to police.

He said one of the youths pulled out the ignition key while the car was in motion and ordered him out. They told him "they meant business," he said.

The trio was turned over to Mountside police. They were charged with theft of a car.

Air Spotters Needed For Civil Defense

Wanted: Civilian volunteers to serve part time as sky watchers.

Aircraft-spotting, an around-the-clock service started last Monday, is to protect YOU.

At the present time, less than half the number required are actually on duty.

Men and women with good eyesight and good hearing are eligible, and a volunteer will be asked to serve only two hours weekly.

The urgent call for civilian volunteers was issued from the Defense Department, Air Force, Air Defense Command, Civil Defense, and President Truman—"to help prevent the war zone of us wants to happen!"

To volunteer, contact your nearest police precinct or Civil Defense recruiting station. Or telephone Millburn 6-0060 for information.

Auto Rams Tree, Driver Injured

Martin C. Heisele, 22 years old, of 227 Summit road, Mountside, suffered face lacerations at 2:45 A. M. yesterday when a car he was driving failed to negotiate a turn in South Springfield and Hillside avenues, and crashed into a tree.

Police said the 1952 model club coupe was completely demolished. Mr. Heisele, lone occupant of the car, was thrown clear of the wreckage and was found lying in the street several feet from the car.

He was taken to Overlook Hospital, Summit, in the First Aid Squad ambulance. His condition was described as "fair."

In charge at the scene were Patrolmen George Parsell, Edward Kuslikie and Robert Taaffe. Two wreckers were required to remove the wreckage.

GOP Women Help Ike At Chicago

Mrs. Bandomer Casts Vote for Military Hero

Mrs. Amy Bandomer and Mrs. Georgia McMullen, wife of Magistrate Henry C. McMullen, have returned from the Republican National Convention in Chicago where Mrs. Bandomer, voting as an alternate for one of the New Jersey delegates, cast a vote for General Eisenhower on the first ballot.

Mrs. Bandomer was given the opportunity to cast her vote during the rush of various states to get on the Eisenhower band wagon after Minnesota had switched its remaining nineteen votes to the general to give him the nomination on the first ballot. New Jersey originally had cast five of its thirty-eight votes for Senator Robert A. Taft. However, when Eisenhower captured the nomination, the five Taft delegates withdrew and permitted their alternates, who were Eisenhower adherents, to cast their votes for the general.

During their stay in Chicago Mrs. Bandomer and Mrs. McMullen attended numerous receptions. They were dinner guests of Governor and Mrs. Alfred E. Driscoll at the Blaisdell Hotel.

On Sunday the high point of the day was the Eisenhower Rally at the Palmer House, where both local women were introduced by Senator Henry Cabot Lodge to General Eisenhower and his wife.

On Monday morning a caucus meeting was held with Governor Driscoll who was chairman of the New Jersey delegation. A similar session followed each morning.

Mrs. Bandomer reported she was impressed by the fairness of the credentials committee in the fight to seat the disputed delegates. She predicted the spirit of the convention with its fair play attitude will continue to characterize the party's activity and will result, she believes, in victory next November.

Both women returned home, fired but happy and feeling that the Republican party had been rejuvenated by the choice of its candidates combining integrity, zeal and youth.

Chubb & Son Insure New Super Liner For \$30 Million

The Superliner United States, which has broken the eastward and westward crossing of the North Atlantic, churned up waves that reached all the way to Summit figuratively speaking.

The first lady of the seas is insured by Chubb & Son, insurance underwriters located at River road and the Turnpike. A Chubb & Son spokesman said yesterday that the company has insured a larger amount of coverage on this ship than the company has ever written on another ship in the world.

Total insurance on the 63,000-ton queen exceeds more than \$30,000,000, the greatest amount ever insured on any ship.

The United States which carried the mythical blue ribbon to America for the first time in 49 years, tied up at New York, Monday afternoon breaking the 14-year-old westward record of the British liner Queen Mary by nine hours and 36 minutes. The United States on her maiden voyage earlier this month, beat the Mary's eastward record by 10 hours.

The Chubb official explained that of the \$30,000,000, more than \$13,000,000 was placed on the American marine insurance market, the balance being placed in foreign insurance markets. Prior to arranging this insurance, he said, \$7,600,000 had been the top limit placed on a single ship in the American market.

Town Savings Unit Selects Thomas

Assemblyman G. Clifford Thomas has been re-elected president of the Springfield Savings and Loan Association. The organization has authorized a 2 1/2 per cent annual dividend.

Other officers re-elected were: Vice-president, Joseph W. Grimmer; treasurer, Thomas W. Lyons; assistant treasurer, William McCarthy; secretary, Edward A. Conroy; assistant secretary, Arthur R. Schramm, and attorney, Louis Messing, Jr.

The directors are Ernest L. Schneider, Joseph Pinkava, Thomas W. Lyons and Schramm.

Springfield Flyer Makes World's 1st Helicopter Flight Over Atlantic

Engaged in New Air Venture

Captain Vincent H. McGovern, left, son of Mrs. Celia McGovern of 21 Edgewood avenue, who currently is making the first trans-Atlantic helicopter flight, is decorated by Col. Richard T. Kight, commander of the Air Rescue Service. He received the Distinguished Flying Cross for outstanding accomplishments in Korea.

Beardsley Acclaims Ike As New GOP Standard Bearer

The sensational victory of General Dwight D. Eisenhower in winning the Republican presidential nomination on the first ballot has been hailed by Charles F. Beardsley, Republican county chairman, as an indication of the party's determination to end the long series of defeats it has suffered during the past twenty years in national elections.

The Springfield resident, who recently was named top man in the county G.O.P. organization, asserted that the fight for party control between Eisenhower and the forces supporting Senator Robert A. Taft had hoisted the party's chances for a victory in November.

He pointed out that the spirited campaign indicates there is considerable life in the Republican party. He said if the spirit is transferred to the campaign against the Democratic candidate, the party is bound to profit.

The party chairman had little comment about the choice of Senator Richard M. Nixon, of California, as Eisenhower's running mate. "I don't know much about him," he said, "but from what I saw of him on television it appears he will be a good candidate for the vice-presidential post."

The Springfield man was enthusiastic about the selection of Eisenhower as the party standard bearer. He pointed out that he has been an Eisenhower adherent since last fall. He said he had assisted in campaign rallies in behalf of the general both here and in New York.

Party leaders are expected to launch the county campaign later in the summer.

Resident Receives Marine Promotion

LOUIS H. PETZINGER
Marine Private First Class
Louis H. Petzinger, son of Mr. and Mrs. Conrad A. Petzinger, Sr., 339 Mountain ave., Springfield, N. J. was promoted to his present rank when he was graduated from "Boot Camp" at this East Coast Marine Corps Recruit Depot.

During the past eight weeks of intensive training and as a result of the field experience and classroom lectures, the new Marine has become well versed in such military subjects as precision drill, first aid, hygiene and field tactics.

He enhanced his recruit training by winning the marksmanship medal on the rifle range when he fired a score of 209 out of possible 250 during his weapons training.

In addition to firing the famed Garand rifle for qualification, he fired other infantry weapons such as the .45 calibre pistol carbine, and Browning Automatic Rifle. He also witnessed a demonstration firing of the machine gun, mortar and flame thrower.

Before entering the Marine, he was employed as a letter carrier by George M. Turk, Postmaster. He attended Jonathan Dayton Regional High from which he was graduated.

Capt. McGovern Makes Bid for New Record

A Springfield man is among a quartet of flyers making an historic trip across the Atlantic in a helicopter. If successful the trip will be the first of its type in the history of world aviation.

The pilot is Capt. Vincent H. McGovern, 29 years old, son of Mrs. Celia McGovern of 21 Edgewood avenue. He left Tuesday together with three other pilots, from Westover Air Force Base in two large helicopters. The objective of the trip was to determine feasibility of flying the machines across the seas instead of sending them by ship.

The first leg of the flight was to Presque Isle, Me. The trip has been scheduled to end in Welsbach, Germany.

The helicopters are capable of carrying eight persons. They are Sikorsky H-19's. Two air force planes, one of them a rescue craft, are accompanying the helicopters on the trip.

In addition to Presque Isle, stops were scheduled for Goose Bay, Labrador; Norarsank, Greenland; Keflavik, Iceland; Prestwick, Scotland, and Manston, England.

Captain McGovern currently is living in Silver Springs, Md., with his wife, Mrs. Jane McGovern and two children.

He was graduated from Irvington High School. He lived in several New Jersey communities before enlisting in the Air Force in 1940. A veteran of the recent war, he flew 96 helicopter missions in Korea for the Air-Force Rescue Squadron. He now is stationed at Rescue Squadron headquarters, Washington.

The Springfield pilot has two brothers, Gerald and Rodney and a sister, Miss Shirley McGovern, all of 21 Edgewood avenue.

Word was received yesterday from Presque Isle that the historic flight was delayed by adverse weather conditions. It was reported by the project officer for the flight of the two "flying windmills" that the second leg of the trip might not get under way until today because of strong headwinds, low-hanging clouds and two low pressure systems on the route to Goose Bay, Labrador.

Authorize Lights For Town Streets

Installation of several new street lights in Kipling and Hillside avenues and Anne place has been authorized by the Township Committee. The work will be done by the Jersey Central Power and Light Co.

The governing board also is studying bids from four Ford agencies for purchase of two 1952 model radio patrol cars for the police department.

In adopting a resolution naming Chairman Robert W. Marshall as Mayor it was pointed out that the salary still remains \$800 a year. A hearing on an ordinance bringing the zoning ordinance up to date is scheduled for July 23.

Otto Heinz's Son Given Korea Post

Mej. Emerson C. Heinz, son of former Postmaster Otto F. Heinz, of 228 Short Hills avenue, has been assigned to the civil assistance section of the Seventh Infantry Division, in Korea, the Army reported today.

Major Heinz is assistant chief of a section, which takes care of the economic affairs of the division and its relations with civilians.

The major, whose wife, Mildred, lives in Oakland, Cal., enlisted in the Army in February, 1942. He served in China and India during World War II. He completed several courses at Fort Benning, Ga., and a course in military government at Camp Gordon, Ga. Before his present assignment in Korea, he was with the Seventh Armored Division, Camp Roberts, Cal.

Down South

Let's think a moment about prosperity of which we can be quite sure—we all want it! And we should remember, especially during this election year, that no political party has any monopoly on the desire for prosperity and that any claims to the contrary are false on the face of them.

What we need to do most of all right now is to look under the surface of present conditions and determine what it is we now have.

We all know this—there is prosperity, and then, again, there is prosperity!

In other words, one might rob a bank and, if he were not caught, show every sign of prosperity as a

result thereof. One might mortgage his property for all it is worth and, to those who are not familiar with this fact, put on quite a show of prosperity with the proceeds.

On the other hand, one might work hard, save his money, use good judgment in his investments, and prosper greatly therefrom—while at the same time giving full value received for the prosperity thus acquired.

As we think on these things from the national viewpoint, we can only reach the conclusion now held by many people that the so-called prosperity we presently have is a false prosperity. Many facts indicate it.

We know we have the most overpowering debt of any nation in history and that it is again on the increase.

We know that for eighteen of the last twenty-one years our fed-

eral government has lived beyond its income.

We know that the attempt of our government to spend its way out of the depression during the '30s never did succeed and that it only gave an appearance of succeeding through the advent of the Second World War.

We know that our prosperity, so-called, since the end of that war has largely been based on additional smaller scale war and preparation for larger scale war.

We know that we now have an inflated dollar, worth only about half the dollar of fifteen years ago.

We know that high taxes are destroying much of the initiative and incentive of the people to work and invest and produce.

In view of these facts, the only conclusion we can reach is that we no more have prosperity now than the man who robs the bank or the man who borrows all he can on his property.

These are serious thoughts, but, sad to relate, they have not been taken seriously by our leadership in recent years.

This leadership has taken the attitude that simply by telling the people they are prosperous will make them believe they are prosperous. It has taken the position that because we have obtained many economic benefits during the past twenty years, we have prospered during those years. It has disregarded the source of those benefits.

Our leadership has failed to point out the fact that never before in our history, as during the past twenty years, has our prosperity been based almost entirely on spending the accumulations of our forefathers and on mortgaging the future of our children—in other words, that it has been bought with borrowed money. It has ignored all these years the fundamental principles of economic well-being. It has operated under the philosophy: "Tax—spend—look prosperous—give no thought for the morrow."

That is not the American Way; that is not the Christian way; that is not the way that made this nation great. The sooner we realize the futility of such prosperity, the better it will be for all of us; then we can get back on the right track and make sure our prosperity is sound again.

Let's remember that for the marvelous standard of living we have attained in this country, we should thank God and the American Way of Life—not any politician or any political party!

GOOD HEALTH

1. ARE PEOPLE SPENDING LESS TIME IN HOSPITALS?

2. MUST OLD PEOPLE BE TIRED?

3. IS ALCOHOLISM CURABLE?

Answer to Question No. 1: The average length of stay in general hospitals in the United States today is about 20 to 25 per cent less than it was in 1940. This improvement is largely the result of medical advances, early ambulation after surgery and childbirth, and the use of blood transfusions.

Answer to Question No. 2: Healthy old people are not necessarily tired. Much of the weariness is due to improper diet. An increase of proteins and lessening of starch, sugar and fats will often relieve the feeling of exhaustion. Elderly persons' diets, under the direction of the family doctor, will include plenty of meat, fowl and green vegetables, with less bread, butter, sweets and the like.

Answer to Question No. 3: Yes, in many cases. If the alcoholic has the will to be cured, his doctor can, with the aid of new drugs and psychiatric procedures, help him to give up drinking. To be certain of continued cure, the patient must always abstain from drinking alcoholic beverages. (Copyright 1952 by Health Information Foundation)

difficult to locate on a full width shelf. If you like everything behind closed doors, buy the metal cabinet designed to fit on the inside of cabinet doors.

For the cabinet itself, you can buy extra metal shelves. These come in various shapes and sizes—some go in a corner, others fasten to the back of the wall, and many others just sit on the cabinet shelf. For higher shelves, you may want a vertical file. Built of plywood, it lines up cases, plates, cake pans, etc., so they can be taken out with the finger tips. The partitions in the commercial model can be shifted to suit the size of the pan. You can even find a flour bin which can be installed in some types of cupboards.

For the kitchen drawers, there are slotted containers of wood to keep knives from hitting together. Partitions of wood, metal or plastic change a kitchen drawer from a jumble to an orderly storage space.

These items are only a few that you will find at a modern hardware store or department store, says the New Jersey State University specialist. If you haven't seen a display of these useful gadgets, you'll want to buy many items when you do. Even one or two inexpensive ones will make your work space much more convenient.

Whitredge Road Woman Files Assault Charge

Ralph Trego, 48, of 36 Whitredge road, was released in \$3,000 bail yesterday by Magistrate Albert H. Bierman to await Grand Jury action on charges of atrocious assault and assault with intent to kill. The plaintiff is Trego's wife, Dorothy H. P. Trego, Trego by Jules E. Tepper of Newark, a New York executive.

According to police, Mrs. Trego made a complaint against her husband Monday declaring to police that he had hit her over the head with a revolver while they were in the Whitredge road residence Sunday. Police said Mrs. Trego had several stitches taken in her head. In court Trego was represented by A. D. Levenson, Union City attorney, and Mrs. Trego by Jules E. Tepper of Newark. Police quoted Trego as saying that the couple had "a slight disagreement."

How to Freeze Asparagus

It's time to freeze asparagus and rhubarb. Both have superior flavor and texture early in the season. And Mrs. Margaret C. Shepard, Essex County home agent, points out that by freezing a few boxes of asparagus or rhubarb from your home garden or a near-by farm each day or every other day, it won't take long to build up a nice supply.

In selecting stalks of asparagus for freezing, choose only freshly picked, tender ones free from woodiness and with good green color. Fresh, asparagus green three-fourths of its length is ideal. Crooked stalks may be cut in inch pieces before freezing. Wash asparagus well, remove the scales, wash again and cut in lengths to fit the container.

As for processing, Miss Marie Doermann, extension nutrition specialist at Rutgers University, offers these directions:

Have a large kettle of rapidly boiling water ready. Place not more than two pounds asparagus in a wire basket or cheese cloth bag and plunge into the boiling water. Cover kettle tightly and blanch for three minutes, then remove kettle and plunge into a large kettle of ice water until thoroughly chilled to the center of the stalk.

Blanching stops the action of enzymes which in plant tissues, kills bacteria, yeast and molds and sets the color. Blanching by steam is preferred by many for asparagus. Stalks that require three minutes in boiling water require four minutes in steam. A salt brine made of 1 teaspoon of bag salt to 1 pint of cold water, poured over the asparagus after it is in the container helps to prevent the "grass" from becoming tough after several months of storage.

Pack the asparagus in cardboard containers lined with moisture-vapor-resistant cellophane paper or bags, or freeze in other types of containers and follow directions for filling and sealing. Label carefully. Freeze immediately in home freezer or store in the refrigerator until ready to take packages to the freezer locker. If you use a freezer locker, try to deliver your asparagus there within two or three hours after processing.

"Rhubarb may be frozen in several ways, but always choose fresh, tender stalks of good color," the New Jersey State Specialist advises. "Wash thoroughly, cut in inch pieces or in lengths to fit the container. Pack in containers with or without a sugar syrup. If a syrup is desired, use 3 cups sugar to 1 quart of water, bring to a boil and cool before using. Package, seal and label. Rhubarb may be blanched in boiling water for 1 1/2 minutes. If desired, then cool, and packaged."

Storage Aids For Kitchens

Have you stopped to look at all the kitchen space savers there are in hardware stores and housewares departments lately? These ingenious racks and shelves for plates and cups, pot and pan holders, pull-out towel units and 114 files can give many a kitchen three or four times the storage space it has without adding a single cabinet.

"A custom-made place for everything can save a great deal of stacking, searching, reaching and stooping," Mrs. Margaret C. Shepard, Essex County home agent, says, "and these commercial space savers provide them."

"Mrs. Doris Anderson, our extension home management specialist at Rutgers University, has made detailed studies of ways to save work in the kitchen," Mrs. Shepard reports. "And she gives us an example of how some of these commercial space savers can increase the efficiency of just one work area—the cupboard at the counter where you do your mixing and baking."

"She says you might place an open shelf under the overhead cabinet for small canisters, spices, measuring cups and other items

Mr. and Mrs. Joseph L. Focht and children, Peggy Sue, Larry and Peggy Ann, of 225 Ballouard avenue, have returned home after spending a week at Camp The Sea.

Miss Doris Rosset, daughter of Mr. and Mrs. William Rosset, of 18 Henshaw avenue, and Peter Wronsky, son of Mr. and Mrs. Edward Z. Wronsky of 29 Great place, left Monday to attend the Junior Intermediate Fellowship Conference at Blair Academy, Blairstown, as representatives of the Springfield Methodist Church.

Carol Friedlander (Mrs. Frank E.) Winter, of 415 Morris avenue, attended a luncheon meeting of the Berkeley School Alumnae Association of East Orange, which was held recently at the Hotel Sabarban, East Orange. The purpose of the meeting was to form an alumnae organization which would receive the full endorsement of the members of the Board of Directors of Berkeley School. The association will plan social gatherings and provide scholarships for qualified and needy students.

Becomes Fiancee Of D. E. Simms

Miss Muriel J. Schadt's engagement to Donald E. Simms, son of Mr. and Mrs. Adam P. Simms of 25 South Twenty-third street, Kenilworth, has been announced by her parents, Patrolman and Mrs. Edward Schadt of 328 Krigan boulevard, Newark.

The bride-elect is a graduate of Our Lady of the Valley High School, Orange. She is employed by the Prudential Life Insurance Company, Newark.

An alumnus of Regional High School, Mr. Simms attended Rutgers University, New Brunswick, and currently is attending Union Junior College, Cranford, majoring in mechanical engineering. He served two years in the army and is employed as a draftsman by the Arey Machine Company, Hillside.

The wedding is planned for early September.

Fischer-Malozzi Troth Made Known

Announcement has been made by Mr. and Mrs. Anthony Malozzi, of 819 Center street, Garwood, of the engagement of their daughter, Joan, to George W. Fischer, son of Mr. and Mrs. George Fischer of 232 Canfield drive, Kenilworth. Both are graduates from the Berkeley School of Secretarial Training, East Orange. She is employed as a secretary by Merck and Company, Inc., Rahway.

Mr. Fischer is attending evening school at Thomas A. Edison Vocational and Technical High School, Elizabeth. He is employed by the Adam Stamping Company, Union, and is a member of the New Jersey National Guard.

 - Rinchee Howard
 - Mrs. Bruce Sinclair
 - Richard O'Neill
 - Jack Hobson
 - Mrs. Walter Albrecht
 - Dorothy Scriba.

Carletta Titley Becomes Engaged

Miss Carletta R. Titley

The engagement of Miss Carletta Ruth Titley, daughter of Mr. and Mrs. Ralph H. Titley of 21 Bryant avenue, to Sgt. Edwin Robert Repsher of Maple Shade, was announced at a family dinner.

Miss Titley is a graduate of Regional High School and Trenton State Teachers College. She is a member of the faculty of Morris-town High School.

Sgt. Repsher is a veteran of the Korean War where he was attached to the First Cavalry Division. He is now stationed at Camp Drum, N.Y.

Overlook-Rutgers Nursing School Begins Classes

Miss Lois Kennedy of 25 Maple street, is one of six members of the first class of the State University's experimental two-year nursing program now being conducted in part at Overlook Hospital.

Traditionally, nurses attend three-year hospital schools where they are trained as apprentices. This new two-year course is designed to alleviate the current nursing shortage by providing trained nurses after only 22 months of study.

Miss Kennedy, who is the daughter of Mr. and Mrs. Rudolph Kennedy, was graduated in June from Summit High School. Five other Union County residents complete the class. They are Mrs. Kathryn W. Couch of Stanhope; Miss Lois Anderson of Cranford; Mrs. Catherine Behrens of Westfield; Miss Dana Page of Union; and Miss Clare Weber of Elizabeth.

Students enrolled in the Rutgers plan devote two days each week to clinical practice in the Hospital with the remainder of the time given to professional theory and academic study at the college in Newark. Nurse students will be required to take half of the required credits in college level academic subject matter.

The two-fold purpose of this innovation in nurse training is to demonstrate that skilled hospital nurses can be prepared in a shorter period than three years. Graduates will be required to serve an eight-month internship which will enable the State University to evaluate the new program.

Through remuneration in recognition of service given by the student during her training and internship, Overlook Hospital will defray much of the costs of the individual's education.

Your Library

The historical novel is still the first choice of the general public for the so-called light reading. The author who spends months and even years in research, so that his facts are authentic and his characters true to form, brings a share of history to those impatient readers who feel that history books belong only in the schoolroom.

The blending of real and imaginary figures, if skillfully done, makes it hardly possible to distinguish between the two. If the reader's interest is sufficiently aroused, the clever weaving of fact and fancy will send him back to the text-books for verification. Kenneth Roberts, Hervey Allen, Van Wyck Mason, John Jennings, Nell Swanson and Bruce Lancaster are a few of the established authors in this field whose popularity never wanes. New names are continually being added to the list for the subject is as limitless as the universe.

Any mention of American history, fact or fiction, should include the Chronicles of America. This series was planned to appeal to the general reader and such titles as "The Dutch and English on the Hudson," "The Elizabethan Sea-Dogs," "The Old Northwest," "Pioneers of the Old South" and "Colonial-Followways" are as intriguing as they sound. There are 36 volumes in all, covering every phase of our history up to "The New Deal in World Affairs."

Geologists looking for oil sometimes set off a small explosion on or just under the surface of the earth. The waves rebound back from deep inside the ground sometimes tell them whether rock formations below are likely to contain oil.

Audrey May Now Mrs. Joseph Fuhs

Miss Audrey Janet May, daughter of Mrs. William Faucher of 46 Finner street and George May of Berkeley Heights, became the bride Saturday of Joseph Gerard Fuhs, son of Mr. and Mrs. Paul J. Fuhs of Pelicun Island, Seaside Heights, at St. Teresa's Church, Summit. The Rev. John A. Kelly performed the ceremony. A reception was held at Orchard Inn.

The bride was given in nylon tulle and lace. Her silk illusion veil was gathered to a matching lace headpiece and she carried carnations and orchids.

Mrs. Gene Bataille was matron of honor. Mrs. Harold Turley and the Misses Marie Reed and Patricia Caswell were bridesmaids. Mr. Turley was best man and ushers included Robert F. Fuhs and Paul Fuhs, Jr., brothers of the bridegroom, and Joseph Davis.

Mrs. Fuhs was graduated from Regional High School and her husband from Summit High School. The couple will reside in Elizabeth when they return from Daytona Beach, Fla.

Average incubation period for rabies is from 21 to 40 days after exposure.

Conservatism!

It might be called another name for "caution." An elephant is conservative when he carefully tests a bridge, before crossing it, to make sure it will bear his weight.

Similarly, a conservative bank is careful about the financial bridges it crosses. Their strength and soundness are carefully tested before proceeding.

This type of conservatism is necessary if the bank is to merit your confidence as a sound and dependable financial institution.

Here's A Refreshing Summer Snack

When the temperature climbs, the desire for cool snacks and desserts is apt to reach its peak. Here's one snack that adds up to a refreshing combination of foods and gives you a nutritious bargain, too.

The cookies on the tray are Favorite Macarons, made thrifty and crunchy with rolled oats. On the snack plates are Lace Cookies, made with corn flakes. Both are kept crisp by storing them uncovered.

Favorite Macarons
1 egg, beaten
1/2 cup sugar
2 teaspoons melted butter
1 cup rolled oats, uncooked
1/4 teaspoon salt
1/2 teaspoon vanilla
1/2 cup coconut or chopped walnuts

Looking Into Yesteryear From Files OF THE SUN

Ten Years Ago
Township Committeemen Fred A. Brown and Greg L. Frost were endorsed as candidates for reelection at a meeting of members of the Springfield Republican County Committee and representatives of the Springfield Republican Club.

Jack Towers, son of Mr. and Mrs. John Towers of 18 Center street, enlisted in the U. S. Army and was assigned to the enlisted reserves. He was in his junior year at Michigan Tech and was a Cadet Sergeant in the R.O.T.C.

The marriage of Miss Doris Malinwaring, daughter of John Wesley Malinwaring of Brooklyn and niece of Mr. and Mrs. Charles Phillips of 82 Battle Hill avenue, to James Momborg, son of Mr. and Mrs. S. J. Momborg of Roselle Park, was performed in St. Stephen's Church, Millburn.

Mr. and Mrs. Daniel Ruggiero of 102 Main street announced the engagement of their daughter, Clara Ann to Nicholas A. Di Nunzio, son of Mr. and Mrs. Ralph Di Nunzio of New Providence.

11 Bid To Build Ramps At Junction of Route 29 And Garden State Pkwy.

Bids of eleven firms were received by State Highway Commissioner Ransford J. Abbott for ramp construction at the junction of the Garden State Parkway and Route 29 in Union Township. The interchange will link Route 29 relocated eastbound lanes with Morris avenue to eliminate left turns across moving lines of vehicles.

One ramp will allow vehicles on Route 29 to turn right onto Morris and another will permit southbound traffic on Morris to travel to Route 29 eastbound lanes. The low figure was by J. F. Chapman & Sons, Hillside, at \$289,088.

To complete the program for opening the Garden State Parkway at Route 29 by the end of this year Governor Driscoll and

LEGAL ADVERTISEMENTS

AN ORDINANCE TO AMEND AN ORDINANCE ENTITLED "AN ORDINANCE LIMITING AND RESTRICTING TO SPECIFIED DISTRICTS AND REGULATING THE CONSTRUCTION AND STRUCTURES ACCORDING TO THEIR USE AND THE NATURE AND EXTENT OF THE USE OF LANDS IN THE TOWNSHIP OF SPRINGFIELD, IN THE COUNTY OF UNION, IN THE STATE OF NEW JERSEY, AND PROVIDING FOR THE ADMINISTRATION AND ENFORCEMENT OF THE PROVISIONS THEREIN CONTAINED, AND FIXING PENALTIES FOR THE VIOLATION THEREOF." ADOPTED APRIL 13, 1938, AS AMENDED: BE IT ORDAINED BY THE Township Committee of the Township of Springfield, in the County of Union and State of New Jersey, as follows: 1. The last sentence of SECTION 4-B of the foregoing Ordinance is amended to read as follows: SECTION 4-B: A non-conforming use, if discontinued six months or longer or if changed to a conforming use, shall never again be continued or changed back to a non-conforming use. 2. SECTION 4-C of the foregoing Ordinance is amended to read as follows: SECTION 4-C: Any such non-

LEGAL ADVERTISEMENTS

conforming use may be hereafter extended throughout any part of the building or structure which was lawfully established and continued at the time of the enactment of this Ordinance, provided, however, that an application be first obtained from the Board of Adjustment. SECTION 4-D of the foregoing Ordinance is repealed and replaced by the enactment of the following in lieu thereof: SECTION 4-D: Any building or structure existing at the time of the enactment of this Ordinance, which has been 50% or more destroyed, cannot be rebuilt. The quantity of destruction shall be determined by the Building Inspector as approved by the Township Committee. SECTION 4-F of the foregoing Ordinance is amended to read as follows: SECTION 4-F: Hereafter no lot shall contain any building used for residential purposes unless such lot conforms to the provisions herein set forth which were set off or established as lots previous to the following dates: Residence 60' 100' Zone May 24, 1945; Residence 75' 100' Zone May 2, 1950. Lots to be recognized as officially set-off or established as lots shall conform to one of the following requirements: (1) Either set-off or established by recorded deed, or (2) Set off or established by a filed map, or (3) Set off or established on Tax Maps. No lot shall have more than one family in Residence A Zone, or two families in Residence B Zone. 5. SECTION 4-L of the foregoing Ordinance is amended to read as follows: SECTION 4-L: No solid fences

LEGAL ADVERTISEMENTS

shall be permitted in Residence Zones. The front fence shall not be over 4 feet high to the rear line of the house and not over 6 feet high in the rear of the house. Necessary retaining walls will be permitted. No hedge, fence, bush or any obstruction to view may be over two feet high in street corner area of a lot or the adjacent area between the street line or property line and the curb line in the triangle as described in next sentence. A triangle measured 25 feet each way from the intersection of the street line or property line, with the base of the triangle connecting the ends of the 25 foot lines. This base shall be produced straight each way to its intersection with the curb line and this entire area between this base line and its extension, shall be kept free of obstructions over two feet high. SECTION 4-M of the foregoing Ordinance is repealed. SECTION 4-P of the foregoing Ordinance shall be amended to read as follows: SECTION 4-P: (1) The front of a corner lot shall be narrow end and the side, not less than 25 feet in width, shall be the front entrance of the building on the lot. Any accessory building on a corner lot shall be on the side street, except that where a lot is less than 50 feet in width, one foot may be deducted from the above required setback for each foot the lot is less than 50 feet wide, and then the rear of any corner lot abutting any lot facing the side street with reference to the side street, any accessory building on the corner lot shall not be built nearer the rear line of the corner lot and in no case shall this distance be less than 10 feet, but not necessarily more than 25 feet. For 60 to 75 foot front lots or larger, the accessory building on the side street must be set back at least 30 feet. (2) Corner lot restrictions (All Residence Zones): (a) Lots 50 feet in width and under shall set back 25 feet on the front and the side of the lot. The setback shall be measured from the intersection of the street or property lines at the corner lot abutting 25 feet back from the street line on the side street and in the center of the butt lot, (the butt lot is the lot in the rear of the corner lot). (b) Lots 50 to 59 feet in width: Front set back to be 25 feet; Side street set back to be 18 feet. (c) Lots 60 to 74.99 feet wide: Front set back to be 30 feet; Side street set back to be 25 feet. (d) Lots 75 feet and over in width: Front set back to be 30 feet; Side street set back to be 30 feet. 3. SECTION 5 of the foregoing Ordinance is amended to read as follows: SECTION 5: Within any "Residence A" District, no building shall be used in whole or in part for any purpose that is a detached building used as a residence by not more than one family. SECTION 6 of the foregoing Ordinance is amended to read as follows: SECTION 6: Within any "Residence B" District, no building shall be used in whole or in part for any other than as specified in Section 5 or for a detached or semi-detached house used as a residence by not more than two families. SECTION 8 (1) of the foregoing Ordinance is amended to read as follows: SECTION 8 (1): Manufacturing, processing, producing or fabricating operations which do not produce injurious or offensive noise, fumes, smoke, odor or vibration; provided that in any establishment so regulated only electric motive power aggregating not over 10-horse power to be used and not over 19 workers employed. SECTION 8 (2) of the foregoing Ordinance is amended to read as follows: SECTION 8 (2): Within any "Residence B" District on any lot having an area of less than 1 acre, private garage space may be provided for not more than 3 motor vehicles, and one additional motor vehicle may be accommodated for each one-fifth acre that the area of the lot exceeds one acre. SECTION 10-B (3) of the foregoing Ordinance is amended to read as follows: SECTION 10-B (3): Within any "Residence B" District, not more than one-half of the garage space provided on any lot shall be used for housing of commercial vehicles; nor shall more than one commercial motor vehicle be housed on any lot having an area of less than 6,000 square feet; nor shall any private garage be used for the housing of more than one commercial motor vehicle as an accessory to a main building on the lot; nor shall any commercial vehicle be permitted to be garaged on a residence lot under the provisions of this Ordinance or any amendment thereof. SECTION 10-B (4) of the foregoing Ordinance is amended to read as follows: SECTION 10-B (4): Within any "Residence B" District, an attached garage attached in any way to house or built into house or cellar shall not project into front, side or rear yards, required under this Ordinance or any amendment thereof. SECTION 10-D (2) of the foregoing Ordinance is amended to read as follows: SECTION 10-D (2): No part of any entrance to or exit from any public garage accommodating more than five motor vehicles or any filling station shall be connected with a public street or highway within a radius of 200 feet of any building located on either side of the same street and within the same block upon which said public garage or filling station is located and used as a theatre, auditorium or other place of public assembly having a seating capacity of over 100 persons, or used as a church, hospital, col-

LEGAL ADVERTISEMENTS

lege school or institution for deaf-mutes or blind, or for any other purpose. SECTION 11-A of the foregoing Ordinance is amended to read as follows: SECTION 11-A: Except as specified in this Section, no building shall be erected in excess of the following heights: Within "Residence A" Districts - 35 feet; Within "Residence B" Districts - 35 feet; Within "Residence C" Districts - 30 feet. SECTION 11-B of the foregoing Ordinance is repealed. SECTION 12-A (1) of the foregoing Ordinance is amended to read as follows: SECTION 12-A (1): Within any "Residence" District a front yard is required on every lot which, except as specified in this section, shall be of a mean depth not less than the following: In "Residence A" Districts - 30 feet; In "Residence B" Districts - 25 feet; In "Residence C" Districts - 20 feet. Exceeding that any "Residence" District on any lot having at the time of the enactment of this Ordinance a mean depth of less than 100 feet, 5 feet may be deducted. SECTION 12-B (2) of the foregoing Ordinance is amended to read as follows: SECTION 12-B (2): If on one side of a street the depth of front yards is pronounced uniformly of alignment the fronts of existing buildings and the depth of front yards greater than the depth herein specified, a front yard shall not be required in connection with any new building which shall conform heretofore as practicable, and provided that no such building shall exceed a height of 35 feet, except that no such building shall exceed a height of 40 feet, if the Ordinance shall be amended in its caption, to omit the word "Interpretation" so as to read in its caption as follows: SECTION 16 16. SECTION 17-B of the foregoing Ordinance is amended to read as follows: SECTION 17-B: It shall be unlawful to use or permit the use of any buildings or premises or part thereof for any purpose other than converted, altered or enlarged, wholly or in part, or to use any building or premises existing at the time of the enactment of this Ordinance, for any other than the purpose for which they were given use, until a Certificate of Occupancy shall have been applied for and issued by the Building Inspector. Such application shall be made in duplicate on forms provided by the Inspector and accompanied by such drawings, including a location survey, prepared by Licensed Surveyor, and such other pertinent information respecting the premises and the proposed use as may be required by the Inspector in determining the propriety of the issuance of a Certificate of Occupancy, in conformity with this Ordinance. In case the Inspector declines to issue his Certificate of Occupancy for so doing shall be forwarded on one copy of the application, if, however, said application, and an inspection thereof, evidences full compliance with the provisions of this Ordinance, the Building Inspector shall immediately upon adoption and publication, as provided by law. E. Leonore H. Worthington, do hereby certify that the foregoing Ordinance was introduced for first reading at a regular meeting of the Township Committee of the Township of Springfield in the County of Union and State of New Jersey, held on Wednesday evening, July 9, 1952, and that the said Ordinance shall be submitted at a further meeting of said Township Committee to be held on Wednesday, July 23, 1952, in the Springfield Municipal Building at 8 P. M. at which time and place any person or persons interested therein, will be given an opportunity to be heard concerning this Ordinance. E. LEONORE H. WORTHINGTON, Township Clerk. July 10, 1952

LEGAL ADVERTISEMENTS

Public Auction In accordance with Title 49-60-026, Subdivision C of the Revised Statutes of New Jersey, 1937, and amendments thereto and supplements thereto, notice is hereby given that the Township Committee of the Township of Springfield, in the County of Union, has approved, subject to final approval at a further meeting of said Township Committee to be held on Wednesday, July 23, 1952, at 8 P. M., daylight saving time, at the Municipal Building, an offer made by William Ford to purchase property hereinafter described and subject to the conditions hereinafter stated for the sum of \$650.00 to be paid ten percent (10%) in cash on approval of the offer, and balance in cash on closing of title. At said meeting, the Township Committee may reject or accept the said offer, provided no higher price or

better terms shall then be bid for said property by any other person. The property is described as Block 71, Lots 146 and 147, indicated on the Tax Atlas of the Township of Springfield, and is known as 56 Liven Street. The terms and conditions of said sale are as follows: It is understood that the Township of Springfield obtained title to said premises by tax or municipal lien foreclosure, or by deed executed and delivered to it in lieu of said proceedings. The said property is to be conveyed subject to valid restrictions and easements of record, if any, and such facts as an accurate survey of the property will disclose, and expressly subject to the following covenants which shall run with the land: 1. No house shall be erected on any lot having a frontage of less than seventy-five feet. 2. No house erected on any lot herein conveyed shall have a living space as shown by the ground floor plans of less than 225 square feet, in the case of a two-story house, and in the case of single story or bungalow type house, said living space shall be less than 725 square feet. The conveyance to be made hereunder shall be subject to taxes to be assessed by the Township of Springfield, from and after the date of the deed, which shall be payable on the usual installment dates. The conveyance shall be subject to zoning ordinances, Planning Board regulations, and all other lawful applicable ordinances and regulations of the Township of Springfield. The purchaser shall sign a contract for the purchase of said lands, which shall provide for closing of title within sixty (60) days from the date of sale, and shall, at the same time, make a down payment of not less than ten percent (10%) of the purchase price, which shall be retained as liquidated damages by the Township of Springfield in the event that the purchaser fails to perform the terms of said contract. E. LEONORE H. WORTHINGTON, Township Clerk. July 10, 1952 If a television picture tube is broken, the vacuum inside the tube may cause glass to fly and injure anyone who happens to be nearby.
