SPRINGFIELD, N. J., THURSDAY, JULY 24, 1952

OFFICIAL NEWSPAPER TOWNSHIP OF SPRINGFIELD

10c A COPY, \$3.50 BY THE YEAR

LISTEN

FRIENDS!!

The heat wave, which the weatherman predicted would vanish sometime today or this evening, has virtually emptied this community... more than 400 copies of this newspaper are now being mailed to shore, mountain and lake resorts to vacationing Springfielders... those of you who decided to take July vacations this year can figure yourselves extremely fortunate... according to statistics, the current heat spell has been the most prolonged and one of the most intense in weather bureau history... soft drink establishments and gin mills have been doing a land office business, but for those in other lines of selling the going—has been very tough.

Due to open in the next few weeks will be Springfield's first super food market... located on Morris Turnpike, near the Summit-Millburn line, the store is expected to attract thousands of transient shoppers as well as housewives from this community and neighboring towns... official opening ceremonies with Mayor Marshall and other municipal authorities participating will be announced shortly... Safeway says its new local store will be one of the finest on the eastern seaboard.

With just a couple of exceptions, members of the Springfield Police Department are getting quite a reputation for themselves insofar as courteous treatment is concerned... A N-Y female driver (very elderly) took time out to stop at the Sun office Monday to tell "what a grand officer" answered all her questions so politely at the bank corner... Patrolman George Parsell is another cop who has chalked up an outstanding reputation for himself... his latest exploit was the capture of three youths who had stolen a state-owned automobile last week... when the time comes for promotions we know Parsell will be among the first to be considered.

There's a new rumor making the Springfield rounds these days... a new national guard armory may soon locate here... several possible sites are said to be under scrutiny by Army authorities... in the same vein, Springfield has definitely seen the last of the Allstate Insurance Company... the company has already located elsewhere... the Rosson Lighter concern, whose present plant is situated in Newark, was considering a Springfield highway location for a while... but that possibility, too, is gone the firm has found another location.

Milt Keshen, former publisher of the Springfield Sun, entertained members of the Rotary Club at its noon luncheon meeting Tuesday by telling of some of his experiences with this newspaper in its early days... the paper was just off the press at one time when an accident, which resulted in the loss of four lives, occurred on Mountain avenue... Keshen told how he rounded up every possible typist in town and pinned originals and carbon copies of the terrific newsbreak to page 1 of the paper.

Top Mark Scored By Tim Sheehan For Postmaster

Appointment May Hinge On Word From Ed Whelan

Timothy J. Sheehan, Democratic and out standing civic leader, today was notified that he had finished first in the competitive examination in the position of Springfield Postmaster. The job currently is held by George M. Turk in an acting capacity. Sheehan's finish in the No. 1 spot means that he surpassed Turk, Stanley Glenn, and Benjamin Denman, a member of the Post office staff, all of whom sought the post. Actually no examination is taken but the candidates' backgrounds are examined and their all-around experience is made the basis of evaluation. Whether or not Sheehan's first place finish will assure him of appointment is a question. Indications are that it will still hinge on recommendation of Democratic County Chairman Edward A. Whelan of Elizabeth. The Sun was unable to contact him today at the Democratic National convention in Chicago.

Turk originally was recommended by Whelan because he was endorsed by the Democratic Municipal Committee at that time. Whether the present Municipal Committee would endorse him is not known. Sheehan today expressed belief he would be the choice of the committee especially in view of his first place rating. The acting postmaster also was not available for comment. Ralph Swanson, in charge of Civil Service appointments for the Post Office, said today he had not yet received notification of the ratings. Sheehan said he would accept the post if he is appointed.

A similar situation occurred in neighboring Union Township several years ago. At that time Assistant Postmaster Norman Schmitt finished first nearly twenty-five points ahead of the acting postmaster, Mrs. Jule Douglas who was third. Veterans groups and others endorsed Schmitt but after many months the permanent appointment went to Mrs. Douglas who had been a Democratic worker and was the choice of the Democratic county chairman.

Bill Brown At Maine U.

ORONO, Me., July 24—William F. Brown, athletic director at Regional High School, Springfield, is attending the Summer Session at the University of Maine which will extend through August 15. Dean Mark R. Shibles, head of the university's School of Education, is the director of the Summer Session. The first Summer Session at Maine was held in 1902. Forty-seven visiting faculty members, 80 resident members, and seven affiliated members are teaching during the six-week session. Courses range all the way from agricultural engineering to zoology. Several special conferences, workshops, and three-week courses are also scheduled.

LOCAL MAN FINED \$150 IN SUMMIT

Donald Combs, of 701 Tooter avenue, was fined \$150 and assessed \$3 costs recently by Magistrate Albert H. Bierman in Municipal Court, Summit, on a charge of operating a car after his license had been revoked. He was apprehended by Patrolman David Senor on July 6. The fine is mandatory.

Residents Appalled, Beaten By Record Heat Wave Here

Thousands of township residents, appalled, beaten and disgruntled with fourteen consecutive days of heat today eagerly awaited consummation of the Weather Bureau's prediction that relief from the record-breaking scourge was at hand.

"It's gotta come sometime," was the philosophical outlook of one old timer who sat at a soda fountain with a fan in one hand and an ice cream soda in the other. But most of the township's rank and file were not disposed to take it that lightly.

Indications were that there has been a run on plastic wading pools, electric fans and hose sprinklers during the hot spell. Residents turned to every facility in an effort to seek relief from the boiling weather. But whether they went to nearby swimming pools, traveled to the shore, or just sat in the bathtub filled with cold water there still was one fact they couldn't escape—it was too damned hot. What added to the discomfort of everyone was the continued humidity. Heavy showers drove the temperature down temporarily Monday night but the humidity continued and within a relatively short period the mercury again

NEXT POSTMASTER?

Timothy J. Sheehan

High School Grad Promoted By Army

Second Lieutenant Theodore A. Sadowski, of 231 Willow Avenue, Garwood, a graduate of the Regional High School, has been promoted to first lieutenant in the Forty-second Field Artillery Battalion, U. S. Army, it was announced recently by the Army. He is stationed near Frankfurt, Germany. The lieutenant is a son of Mrs. Anna Sadowski and the late Joseph Sadowski. He is a graduate of Bowling Green State University, Bowling Green, Ohio, as well as of Regional. He majored in business administration. A veteran of the recent war, Lieutenant Sadowski was recalled to active service in February, 1951. He now is assistant executive officer of a firing battery. Prior to his return to military duty he was an assistant service manager at Koons Brothers, Railway.

Joan Hillier On Dean's List

LEWISBURG, Pa., July 16—Miss Joan M. Hillier of Springfield, New Jersey, has been cited on the dean's honors list for scholastic achievement during the second semester of the past academic year at Bucknell University. Daughter of Mr. and Mrs. Arthur R. Hillier, 22 Park Lane, Miss Hillier has completed her freshman year at Bucknell where she is studying for the degree of bachelor of science in biology. Only those students who achieve a high average in their studies are named on the honors list. A total of 289 men and women were cited on the current list.

Local Woman Dies After Auto Crash

Mrs. Louise Sachs Sala of 468 Morris avenue, widow of Maximilian Sala, died Sunday at Englewood Hospital, Englewood. Mrs. Sala, who was 75 years old, was injured last Thursday in an auto accident at Port Lee.

A native of Plattsville, N. Y., Mrs. Sala lived in Newark before moving here twenty-five years ago. She was a member of the Benevolent Society of the First Presbyterian Church. Surviving are two daughters, Mrs. J. Pierson Vreeland, of West Caldwell, and Mrs. Gertrude A. Sala, of this township, and three grandchildren.

Funeral services were held Monday at the Young Funeral Home, 145-149 Main street, Millburn. Rev. Bruce W. Evans officiated.

Baldwin Status Big Question In Fall Battle

Remlinger and Handville Have Election Edge

Despite the excitement created by two National political conventions, which of course occur only quadrennially, local residents are not forgetting that township politics two months from now will be as boiling hot as the temperature of the past two weeks.

The focal question now in the forefront of the local political situation is whether Fire Commissioner Walter W. Baldwin, stormy petrel of township politics for the past eighteen months, will be a candidate for reelection.

Nominally he is part of the Independent ticket together with former Township Committeeman Francis J. Keane. Both men filed their candidacies with County Clerk Henry G. Nulton prior to primary election.

However, Baldwin recently requested, and was given, a three months leave from the Township Committee. He said his physician had recommended a rest. Whether or not he will feel he can afford to campaign in the fall is a question. Those who claim to be in the political know here seem to think he will bow out.

Should he decide not to participate in the campaign there have been reports his place will be taken by former Mayor Wilbur M. Selander, who was an independent candidate for township clerk in last year's November election. Belief was expressed that if this development took place it would be necessary for the ex-Mayor to run on a sticker campaign and secure his votes in this manner.

Actually most observers concede that at this stage of developments indications are that Finance Commissioner Frederick A. Handville and his GOP running mate, Charles Remlinger, will be likely winners. They point out that this is a Republican municipality and that the pair is running under the GOP label and with the endorsement of the Springfield Republican organization.

These same observers are inclined to discount the bid of Keane and Baldwin, assuming the latter does not withdraw. They point out that a few years ago former Township Attorney Herbert A. Kivin and Timothy J. Sheehan ran as independents but were unsuccessful. They also cite former Mayor Selander's unsuccessful attempt to buck the organization when he sought the township clerk's post.

As far as the Democratic candidates, Mrs. Ann Turk, wife of Acting Postmaster George M. Turk, and her running mate, J. Leo Moran, are concerned, there are few persons who give them any real chance of winning, even if the Republican votes are split. They point out that Keane is likely to

Town Woman to Face Tippy Count

A local woman is scheduled to be arraigned in Municipal Court Monday, August 4, to face trial on a charge of drunken driving. She is Mrs. Lucille Marie Breese, 36 years old of 445 Morris avenue.

Mrs. Breese was apprehended Friday by Patrolman Edward Kasilko and Robert Taaffe, who said she was driving along Morris avenue on the left side of the highway. They said she narrowly missed striking the patrol car and then swung in Mountain avenue on the wrong side of the street. Mrs. Breese was examined by Dr. Henry P. Dangler who pronounced her under the influence of intoxicants.

Watching Horse Show Scheduled

The annual Watching Troops Summer Horse Show for beginners and advanced members of the Troops will get under way at the Watching Stables, Glendale Avenue, Summit, on Friday, July 25 starting at 9:30 a. m. The Union County Park Commission has announced.

The horse show is open to the public and has proved very popular with spectators in past years. Events will include: Horsemanship for "A," "B," "C," and "D"; Troopers, Horsemanship over low jumps, Brillo path hacks, Troopers, jumpers, and Trooper hunter hurdles. Six ribbons will be awarded in all horsemanship classes.

Plan For Flood Relief Proposed by Town Board

School-Church Project Nears Completion

Rapid progress is being made by construction engineers in charge of building the St. James School-Church project. The new building, which is located adjacent to the new Florence M. Gaudineer School, will provide worship facilities to replace the inadequate present St. James Church on Morris avenue and will help to alleviate the current school housing shortage with the new school.

Park Commission Exhibits Big Boa Constrictor

A live young Boa Constrictor is now on exhibit at Trallice Museum in the Watching Reservation. It was announced by the Director, Dr. Harold N. Moldenke. The "snake" was presented to the museum by Mr. Robert Hall of Plainfield and came originally from Central America. It is of a type known as the Emperor Boa. Dr. Moldenke states that this type of snake often attains a length of twelve feet, sometimes more, when full grown. The specimen at Trallice is only 14 inches long, but it is hoped to be able to keep him until he attains full growth. His food is chiefly mice, rats and other rodents, so it is again requested that readers of this paper bring live rodents to the museum so that they may be bred to furnish the needed food supply.

The Emperor Boa is closely related to the South American Boa, which attains the length of 15 to 27 feet, and to the Water Boa or Anaconda which goes to be 30 feet long and may weigh 250 pounds. These snakes are all related to the Old World Pythons which can swallow sheep, goats, pigs, and deer whole. All of these snakes kill their prey by wrapping themselves

Regional Board Has Bus Problem

Faced with the prospect of no bus service for Kenilworth student drivers, the Regional Board of Recreation has scheduled a special meeting Tuesday night to tackle the problem. The crisis was created recently by the decision of Charles Schallerer, who held the Kenilworth transportation contract, not to renew it.

He recently told board members that he planned to enter the express business with his brother. He used four buses for the Kenilworth run last year. Meeting Tuesday night board members were advised by District Clerk Helen Smith that no bids had been submitted for the bus service. Bus operators, queried on the matter, pointed out they face problems securing drivers on a part-time basis to operate their buses. Approximately 170 Kenilworth children are transported to school each day.

The board also will discuss turning about of buses on school property. When the new 21-room addition is constructed it will cut off the school driveway which provided a "U" turn exit. Several residents of Clinton avenue, whose rear yards adjoin school property, asked the board Tuesday night not to use their street as an entrance or exit for buses.

It was announced a date for formal ground-breaking for the addition will be announced shortly. The board hired two new teachers, Miss Margaret Overton will teach sewing and home management at \$2,850. Bertram J. Bertolomy, of Garwood, board president, presided.

Summit Man Pays \$200 Tippy Fine

Norbert Gelson, 45 years old, of 34 Locust drive, Summit, was fined \$200, assessed \$23 costs and his license was revoked for two years by Magistrate Henry C. McMullen in Municipal Court Monday night on a charge of drunken driving.

Gelson pleaded not guilty when the trial opened ten days ago but on reporting changed his plea to guilty. He was apprehended June 15 in Morris avenue on complaint of C. J. Smith Jr., a Summit police officer who said he followed Gelson when he saw he was operating his car in an erratic manner.

William Crosby, of Fairburn, was fined \$200 on a charge of operating an overloaded truck. He was arrested July 7 in Route 20 by State Trooper Bauer. Other traffic fines totaling \$524 were imposed. Fined \$5 each for spilling dirt from trucks on roadways were James W. Noland, 1160 St. George avenue, Linden, and Edward Zimmerman, 50 Smith street, Union.

Edward Du Lay, 28, of 176 South street, New Providence, was fined \$8 on a disorderly charge. The complainant was Terence Dempsey, proprietor of Terry's Bar and Grill, Morris avenue and Morris Turnpike. He said Du Lay became abusive Saturday night.

Two New Police Cars Purchased

Two police patrol cars recently were purchased by the Township Committee at a special session. Low bidders won the awards in each instance as the governing board moved to replace present vehicles.

One contract was awarded to Dillon Motors Inc. of Summit which will provide the township with a new car for \$784.82 in exchange for a 1951 police car. The other went to Wyman Motors Inc., of Millburn for \$792.32, with a turn-in. Both new cars will be Fords.

This Week It's Democrats Who Are Glued To TV Sets

Township Republicans who either kept their eyes glued to television screens or their ears firmly affixed to radios two weeks ago this week were replaced by the 700-odd Springfield Democrats who watched an exciting National political convention of their party which either today or tomorrow is scheduled to nominate an opponent for Gen. Dwight W. Eisenhower.

Most of the dyed-in-the-wool Democrats here claimed that any candidate would defeat Eisenhower but this generally appeared to be "tongue-in-cheek" type of talk. The few who would actually comment on convention activities conceded that the hope of the party rested in selection of one of two candidates, Gov. Adlai Stevenson of Illinois or Sen. Estes Kefauver of Tennessee.

Several party leaders here admitted they were worried about the Southern situation. "This talk that the Democrats can win without the South is a lot of baloney,"

Program Set To Widen Big Ditch

A comprehensive program for flood control in the Henshaw avenue and Hawthorne avenue areas where scores of residents have demanded remedial action was presented last night by the Township Committee at its semi-monthly session in Town Hall.

The measures, outlined by Mayor Robert W. Marshall include widening and deepening of a ditch which runs along the rear of homes on the south side of Henshaw avenue. Mayor Marshall said the governing board, following consultations with Township Engineer Arthur Lennox and other engineers, decided on the project as the "first leg on a long range program."

The chief executive reported work on the ditch is considered the initial step necessary for alleviation of recurring floods. The conclusion was reached by Lennox, he said, and consulting engineers are in agreement.

The Mayor cited the need for an elaborate drainage system but said despite the fact that this probably is the best solution, it undoubtedly would be a costly proposition. However, in event the project fails to produce the desired results, the larger program will be considered, the chief executive indicated.

Also under consideration, Mayor Marshall revealed, is construction of smaller ditches to carry water from the Hawthorne avenue area to the main stream. Several property owners have created retaining walls to keep water off their land, it was pointed out. A preliminary check by the municipality showed the walls are built on land owned by the township.

Township officials criticized the walls, claiming they slow the flow of water from the Hawthorne area. They said they will continue a study of the drainage situation and if a final examination indicates they are on township land legal steps will be taken to have them removed.

The Mayor said officials believe the source of water creating flood condition is in the hill area near the Baltusor Golf Club. The township is continuing its survey, it was said, and the findings may result in more action by the municipalities to provide better drainage facilities.

Two Injured Here In Car Collision

A 38-year-old Summit woman and her 3-year-old daughter today are recovering from injuries suffered Saturday night when the car in which they were riding was in collision with another vehicle at Mountain avenue and Shunpike road.

They are Mrs. Rose Mazza, of 15 Chapel street, and her daughter, Elizabeth. Mrs. Mazza suffered a sprained back and possible internal injuries, police said. The child sustained a possible fracture of the right leg. They were taken to Overlook Hospital, Summit, for treatment.

Both were riding in a car operated by Dominick Mazza of the Summit address. His vehicle was in collision with a car operated by Larry Nelson, 27, of 183 Barkley street, Newark.

William I. McManc Former Freeholder, Dies in His Sleep

William I. McManc of 1 Magnolia place, Summit's representative on the Union County Board of Freeholders for over 28 years, until his resignation in October of last year, died in his sleep Thursday morning (July 17) following a heart attack on the Tuesday previous. Before that Mr. McManc had been ill for some time but had apparently recovered. He was 78. Mr. McManc was vice-president and director of the Commonwealth Water Co.

Born in Summit Mr. McManc was born in Summit and had lived here all his life. He attended Summit public schools and Coleman's Business College, Newark, and was an engineer by profession. At 15 years of age, Mr. McManc started work with the Mountain Water Co. which supplied water for the city, and which later became the Commonwealth Water Co.

His career with the water company included work with the construction gangs, promotion to gang foreman, then to superintendent and finally to general manager in 1922, which post he retained until his retirement from active management in 1943.

Republican in Politics
-In politics Mr. McManc was a staunch Republican throughout 53 years of his political and business life and in 1912 became Summit's representative on the Union County Board of Freeholders, then consisting of a member from each of the 26 municipalities in the county. He continued on this board until 1933 when the Small Board act (members elected at large) went into effect and he was defeated for re-election. This was his only defeat for the next year he was elected and continued on the board until his resignation in October last year for reasons of health. He served 18 years of his

You'll find Exterminators Clock Repairs and any other service you need.
NEW JERSEY BELL TELEPHONE COMPANY

membership on the board as its director. He had also served on every one of the committees of the board.

Mr. McManc was one of the key members of the "old guard" faction on the board of freeholders. Several of whose members had been defeated in the Republican primaries, for renomination by a faction led by Freeholder Benninger of Mountalnside. The "old guard" faction appointed Mrs. Helen Glaeser to succeed Mr. McManc on the board, which caused a fresh dispute between the two factions, as Mr. Benninger had supported Mrs. Elsie Scheldler of Roselle in the 1951 elections as the first woman to be elected to the board.

Active in Local Affairs
Mr. McManc was active in local associations for many years—social, civic, welfare, veterans and business, including trustee of Overlook hospital; director of the Summit Building and Loan Association; a president of the Summit Athletic Association; Summit Post-138, American Legion; Union County Trout Protective Association;

Summit Exempt Firemen; honorary member of the PBA, Summit; Union County Republican Veterans; Neil McLeod Association; trustee Summit Republican Club.

Mr. McManc was a 32d Degree Mason, member of Overlook Lodge No. 163, F & AM; also a chapter member of Summit Lodge No. 1246, BPOE.

Mr. McManc leaves his wife, Mrs. Sara Fleming McManc, two brothers—Frank L. McManc, 159 Passaic avenue, and Frederick McManc, New Providence; a sister, Mrs. Elsie Compton, East Orange, and a daughter, Mrs. Gertrude Reihman of 13 Irving place.

Private funeral services were held at the home on Saturday at 2:30 p.m., conducted by Union County Board of Freeholders Director, Col. John H. M. Dudley, retired Congregational minister. Burial was private.

The flag at the Union County Court House is being flown at half mast for 30 days, upon orders of the Freeholders director.

Folk Music-Tops In "Show Boat"

A distinct contribution to the folk music of America was made by Newark's Jerome Kern when he composed the score of his musical masterpiece, "Show Boat," the current production of which begins its final two weeks at the Paper Mill Playhouse Monday July 28th.

"Old Man River" is probably the most memorable of the many great numbers in "Show Boat," but in the present edition it receives an outstanding vocal rendition by William C. Smith who has played the part of "Joe" more than any other singer in the quarter-century since the operetta had its original engagement. He stops the show nightly repeating the role which he portrayed in the recent two year Broadway and national run.

The longing songs of Julie, as given voice by Sue Hight, retain the nostalgic charm which was imparted to them by the unforgettable Helen Morgan in the original production. Miss Hight sits on a

piano to sing "Bill" with its lyrics by P. G. Wodehouse. All other lyrics including her "Can't Help Lovin' Dat Man" are the work of Oscar Hammerstein 2d of present-day Rodgers and Hammerstein fame.

Romantic music, too, has its great moments in "Show Boat" with the three great duets "Make Believe," "Why Do I Love You?" and "You Are Love" as sung by Gail Manners and Wilton Clay time and again throughout the score. From the comedy side, Mavis Mims contributes the singing and dancing number, "Life Upon the Wicked Stage."

Nostalgic memories of the various periods of the plot are offered by the inclusion numbers include "Washington Post March," "Good-bye, My Lady Love," "After the Ball" and "Hot Time in the Old Town Tonight."

During The Polio Season

Though these are the days during which the fear of polio lies like a pall upon both parents and children, happily so far there is every indication that in New Jersey this year the incidence of this dread disease will be light.

Authorities offer the following recommendations to parents for the care of their children during this season:

Let children play with their customary companions, for they have already been exposed to whatever polio virus will be in that group; and may have developed immunity against it.

Teach children to scrub their hands before eating—and not to use towels, washcloths, drinking glasses, dishes, and tableware that have been used by other people.

Follow your doctor's advice about nose and throat operations, inoculations, or teeth extractions during this season.

Be alert for signs of polio—headaches, fever, sore throat, upset stomach, tenderness and stiffness of neck and back—and call the doctor for every suspect case, isolating the patient from all other members of the family.

Do not permit children to mingle in crowds or mix with strangers.

Make it a point to avoid unnecessary travel or change of locale.

Never let children become fatigued or chilled.

It is comforting to realize that even in times of epidemic relatively few are stricken, and that of those affected, approximately seventy-five to eighty-five per cent make good recovery.

Looking Into Yesteryear

From Files OF THE SUN

Ten Years Ago
 So overwhelming was Springfield's response to donate blood for the Red Cross Donor service that the mobile unit, scheduled to make a one day visit here, would not be able to accommodate all who registered. It was announced by Mrs. Charles Phillips, Sr. chairman of the local committee for arrangements.

Staff Sergeant Edward W. Swanson was promoted to the rank of Technical Sergeant. He was stationed with the Signal Corps in Hawaii.

Mr. and Mrs. Myles H. Akerley of Green Village, announced the engagement of their daughter, Eleanor, to William A. Campbell, Jr., son of Mr. and Mrs. William A. Campbell of 9 Tooker avenue.

Pvt Herbert C. Schoch, son of Mr. and Mrs. Herbert C. Schoch of 52 Marlon avenue and Pvt. Andrew W. Johnson, son of George W. Jackson of 17 Bryant avenue, were stationed at Camp Gruber, Okla.

Miss Mary Galvin, daughter of Mr. and Mrs. Edward J. Galvin of 98 Tooker avenue, was elected to membership in Kappa Delta Pi, National Honor Society in Education at Montclair State Teachers College.

HEAT WAVE

(Continued from Page 1)
 was hovering in the nineties. Proprietors of air conditioned eating establishments in the area reported an influx of guests. Apparently many people reasoned that it was too hot at home and decided they would eat in a comfortable atmosphere. Proprietors of food stores reported there were more sales of soda, grape juice and similar items than of food staples. Needless to say soft drink establishments and service stations where automatic drinking vending machines were located did a sell-out business.

Sleeping provided a big problem for many. Those who had screened-in sleeping porches utilized them. Others hung hammocks between trees or placed their beds outside, braving the mosquitoes. "Anything is preferable to the heat of indoors," one resident observed. However, the heat had performed one meritorious service it appeared. The Union County Mosquito Commission said the long hot dry spell had given it the opportunity to spray the customary haunts of the nefarious insects and as a result the ranks of the pests were considerably diminished. Apparently even the unmitigated hot spell had its merits.

Doctors here pointed out that the continuing high temperatures was extremely hard on elderly persons, especially those with heart conditions. They urged even younger persons to take it easy and not to attempt to continue their activities under a hot sun as they would in normal times. One physician quoted the old Klippel axiom that "only fools and Englishmen go out in the sun without hats." He said there could be a modern application and it wouldn't include Englishmen.

Physicians warned that in addition to foregoing strenuous exercise or duties which required considerable physical effort persons should wear light, loose clothing. They said that was the best method of combating the heat.

Persons who spent days, or evenings, at the shore reported little relief except when they were in the water. It seemed to make no difference whether it was Swinburn or the Atlantic coast—the still was plenty hot. And no one did anything about it, Magic Twain could have remarked.

BALDWIN STATUS
 (Continued from Page 1)
 win as many Democratic votes, as he will Republican ballots and elude the failure of the Democrats to capture a contest here in recent years. The general impression is that seasons of the township committee will be less vitriolic in event of the victory of Handville and

1952 POLIO PRECAUTIONS

RECOMMENDED BY THE NATIONAL FOUNDATION FOR INFANTILE PARALYSIS
 Seven-year-old Karen Blecha enacts 1952 polio precautions recommended by the National Foundation for Infantile Paralysis. When polio is around, the National Foundation cautions parents to watch for these signs: headache, fever, sore throat, upset stomach, tenderness and stiffness of neck and back. A person showing such symptoms should be put to bed at once, away from others. Then, call your doctor and follow his advice. If polio is diagnosed, call your local chapter of the March of Dimes for advice and assistance, including needed financial help.

Your Library

In busy days like these it is only a matter of common sense to find the easiest and most efficient way to accomplish your work rather than use the expensive trial and error method. Whether it is work inside or outside the house or a business or psychological problem, some expert in that particular field has found the right way to handle it and you would be wise to take advantage of his knowledge and experience. Each year many books are published which offer proof that new and better ways are being found to simplify modern living. Since they cover such a wide range of subjects they may contain just the information you can use to advantage. For your convenience, your library offers many of these books—why not ask for the one you need?

A few titles that cover various activities include—"The American Fisherman's Guide"—"Successful Drawing"—"New Ways to Better Meetings"—"Migrations of Birds"—"You Train Your Dog"—"Better Homes and Gardens Handyman's Book"—"The Joy of Flower Arranging"—"How to Build Walls, Walks and Patio Floors"—"Diabetic Menus, Menus and Recipes"—"Guide to Musical Enjoyment"—"All About Parties"—"New Ways of Discipline"—"How to Write for Pleasure and Profit" and "The Standard Postage Stamp Catalogue."

Remember, however, that was what was said when Baldwin and Handville were elected three years ago. And look at what happened!

Democratic leaders here said they had been contacted by delegates before they left for the convention to get a sample of party opinion on candidates and on the platform. They said they had urged conciliatory tactics, pointing out that a united party probably could win in the face of an unhealed Eisenhower-Taft rift but that a Southern rebellion probably would mean the end of twenty years of Democratic National control.

Interest here was understandable despite the fact that the Democrats in Springfield are in the minority. The only federal plum, the postmastership, currently is in the hands of a Democrat, former Township Committeeman George M. Turk on an acting basis. Presumably the permanent appointment may be held up with an election approaching although with a Democratic president and a Senate controlled by the same party, this would not appear likely. Reports are to the effect that several Republicans are seeking the post and are pulling all strings available to have the permanent appointment delayed. They anticipate an Eisenhower victory in which event the permanent postmaster might be a Republican. However, most observers anticipate either the appointment of Turk or another Democrat before the end of the year.

Olympic Pk. Baby Parade, August 23

Olympic Park's annual baby parade, New Jersey's oldest and the largest since Asbury Park abandoned its former feature, is scheduled for August 23, the Irvington-Maplewood park's management announced today. Prizes will be in five categories—prettiest brunets and redheads, best floats and decorated carriages.

Meanwhile a new show is due Monday for 4 and 9:30 P. M. presentation throughout the week. The Hollywood Sky Rockets, a trio operating on swaying poles 115 feet high, have top billing. Other free acts are Kirk's Doggie Revue, eighteen trained dogs; The Banfields, jugglers recently featured on television, and The Dubans, acrobats.

Once again New Jersey wins the right to be known as the Garden State. Fruit and vegetable crops of all kinds promise to be abundant.
W. T. Allen
 Willard H. Allen
 Secretary of Agriculture of New Jersey
Thank You
Secretary Allen
 OUR THANKS to Mr. Allen and to all the members of his department for the fine work they are doing to improve the quality and increase the quantity of foods grown in New Jersey.
 Since this promises to be a year of bumper crops, we are urging people to can food for future use. The more you stock your shelves, the more you will save in time and work and money. Your menus will have more variety. You can enjoy succulent New Jersey vegetables and luscious New Jersey fruits all year long.
 If you have any questions on canning, just call the Home Economics adviser in your local Public Service office.

Playground Activities

IRWIN AVENUE
Barbara Wood

Despite the unusually hot weather, activities in our playground continue at a fast pace.

Many mothers were thrilled to receive a potholder, bracelet or ring made by their children during our arts and crafts periods.

This week a softball team was organized. Those on the team are: Robert Skum, Bary Shapiro, Robert Osmulski, David Allardice, Tony Johnson, Paul and Bryan Meade, Ned Davenport, Chip Skonson, Jay Gladstone, Herb Etzuld, Charles Stehena, Richards Puncall, John Kisch, Tommy Georgehan and Leonard Schaffterberger. Games with the teams from other playgrounds will be scheduled.

On Friday afternoon we held several events including athletic football. These contests included: foot shooting, base running, and broad jumping. Herb Etzuld and Ned Davenport tied for first place and second prize went to David Allardice. Many thanks to Miss Anne Marie Wood for helping judge the contests.

A checker tournament and a horseshoe tournament will be held next week. Any child may enter these tournaments by signing his name on a paper which is posted in the playground. There will be prizes for the winners.

HENSHAW AVENUE
Dorothy Apgar

The fourth week at Henshaw Avenue Playground was a week full of activities. The following children won contests: Arlene Kauter and Wade Maxwell, Pick-Up Sticks; Arlene Kauter, Old Maid; and Norman Muller, Checkers.

The swings and sandbox are in use constantly.

Arts and Crafts projects are still a popular activity on Monday and Wednesday afternoons. Displays were made by: Bill Goodman, Raymond Sentez, Arlene Kauter, Marilyn Muller, Tom Minetti, Norman Muller, Edward Koenig, and Tom Conlon. Edward Koenig, Michael Pisano, Madeline Calavas, Carolyn Mikhonand-Nicholas Calavas made rings and Edward Pritchard and Dick Muller made pot holders.

Last Friday a Doll Show was held at the playground. Arlene Kauter, Karen Kauter, Sue Keane, Marilyn Muller, Madeline Calavas, Linda Labrie, Marie Mathebeck, Kathy Loh, Allison Kalem, Notty Kalem, Toby Kaplan, Phyllis Kaplan, Stephen Parsell, Allyn Artoli, Nancy Schwartz and Barbara Blake entered dolls in the show.

Prizes for this show were awarded for four separate categories: most original, biggest, largest and nicest collection, and prettiest.

Karen and Arlene Kauter took the prize for the most original idea. They put a thin layer of sand in their carriage, and then put a boy and girl doll on the sand under a beach umbrella. They placed blue cardboard on the other end of the carriage to represent water.

The prize for the biggest doll was awarded to Sue Keane. The winner for the largest and nicest collection of dolls was Linda Labrie. Linda's six dolls were placed on a blond wood tray which was decorated with pink ribbons. Three of her dolls were dolls of the month, November, December and January.

Nancy Schwartz was awarded a prize for the prettiest doll. Her doll was dressed in a pink organically formal with black polka dots. It wore a matching stole, pearl earrings and pearl choker.

Tomorrow, Friday, this show which is open to all children registered at this playground, will begin at 2:30 p. m.

We would like to express our thanks to Mrs. Edward Koenig, Mrs. Michael Pisano and Mrs. Richard Minette for the cool drinks they are giving on these hot days.

RAYMOND CUSHLOW
Mary Beth McEnroe

Due to the intense heat last week, most games were played indoors. Pick-Up Sticks and Checkers were in constant use.

Most of our younger people have been working with crayons this week. Our baseball team has been organized and a practice game was played against James Caldwell Playground at the Athletic Field. The players were: Richard Battelle, Carl Haubold, Dick Anderson, Dennis McDonough, Tommy Battelle and Douglas Bell.

Our annual Doll Show, held last Friday afternoon, was a great success. The spectators had as much fun as the children who entered the show. Winners included: Arlene Straver, Diane Yeager, Ruth Valois, Nancy West, and Ruth Grossweische. Prizes were awarded to the winners. Those who entered the show were given lolly pops.

Many, many thanks to our very willing and cooperative judge: Mrs. V. P. Rondeau, Mrs. W. R. Yeager and Mrs. I. L. Straver.

Tomorrow, Friday, we will hold our Hobby Show. Children who have collections of any type are invited to enter.

JAMES CALDWELL
Anne Chiaravalle

The Doll Show was the big event last week. It was held in the school gym at 2:30 Friday afternoon. The judges had difficulty choosing winners from the large group of lovely dolls.

The winners were: Chrissy Jo Landrigan, first place; Shirley Temple, second place; and Helen Mittnacht, third place. Honorable mention prizes went to Joyce Fredericks, Joyce Kramer and Judy Crowley.

During the rest of the week the hot weather made quiet games most popular. Pick-Up Sticks is still a favorite as is Parchesi.

On Monday and Wednesday a large crowd turned out for the Arts and Crafts program. Displays were completed by Jean Conney, Carol Conney, Mary Lee Skidley, Cynthia Brande, Nancy Oakman, Tim Stewart, Shiron Lopez, Nancy Oulman, Julia Ann Sorez, Zynski and Katherine Slipsa.

Joyce Crutner and Mickey Hazlett, made Bracelets and Norman Argast, Jimmy Crowley, Ken Dresher, Susan Oakman, Judy Crowley and Eugene Schramm made rings.

The show this Friday will be a Hobby Show. All children are urged to bring hobbies. Any mothers who are interested are invited to attend and help judge the event. The show will begin at 2:30 p. m. in the school gym.

UNION COUNTY PLAYGROUND

The playground went into full swing the week of July 14. The first tournament held was in tennis. Dick Cagliano was the winner with Bob Burt and Bob Reeve coming in a close second and third. Five points are awarded to anyone competing in the contests while twenty-five points goes to first place, twenty to second, and fifteen to third. At the end of the season anyone with 200 or more points will be awarded a certificate.

The next contest was one in chinning. There were two groups in this: the seniors and juniors. Bob Burt, Ruth Rawlings, and Bob Reeve finished first, second and third in the senior division. In the junior division Don Mc Fall was on top with his sister, Judy Mc Fall, and Chuck Morrison tied for second and George Zeoli in third.

Foot shooting drew many contestants and the competition was keen. Fred Benhoff managed to come out on top with Bob Reeve and Doug Renigar following in that order.

The nail driving contest proved to be a huge success as many would-be carpenters came out to test their skill. This tournament was also divided into a senior and junior group. The senior group contest ended with a three-way tie for first place as Ken Schroeder, John Decker, and Paul McClechy all proved they had earlier experience with the hammer. In the junior group Ronnie Distant finished far in front of the rest of the competition.

The Union County Championships are coming up in the beginning of August, and Springfield must send a representative of each sport listed to the playoffs. Although a few children have already been decided upon, the week of July 21 will be devoted almost entirely to these playoffs. Representing Springfield in checkers will be John Decker. In horse-rides it will be Ken Schroeder and Seth Brown, and the jacks will be handled by Ruth Pringle. Quoits, paddle tennis, ring tennis, pen-kick, marbles, and hopscotch have to be decided this week.

During the week of July 25, the annual Union County A. A. U. playground tournaments are scheduled to take place.

Summit Man Schedules Sunday Lecture on Moths

Mr. Fred T. Naumann of Summit will give a lecture on moths and butterflies at the Trailside Museum, Watchung Reservation, at 3 p. m. on Sunday. The speaker has been pursuing the study of insects since his boyhood days and has specialized in the study of, collecting, and raising of moths and butterflies. He is president of the Brooklyn Entomological Society, an organization known internationally because of its scientific publications. He is also vice-president of the Summit Nature Club, The Union County-Park Commission announced.

The study of insects is an avocation with Mr. Naumann. For nearly 30 years he has been a representative of the Seivill Manufacturing Company, oldest brass manufacturing company in America, and in connection with this work has had occasion to travel extensively in the southern part of our land. This travel has enabled him to add considerable specimens to his collection. Mr. Naumann plans to avoid scientific terms for the benefit of laymen since the purpose of his talk is to arouse a greater interest in this much neglected and fascinating study and hobby on the part of the public.

It is pointed out by Dr. Harold N. Moldenke, Supervisor of Nature Activities for the Union County Park Commission that butterflies and moths form a vital service to man by assisting in the pollination of the blossoms of fruit trees and many kinds of plants. They are also objects of beauty which have been a source of inspiration to the artistic side of man since the beginning of time. Insects—both in their adult and young stages are necessary as food for game birds and certain song birds, as for instance, the wren, whose food consists entirely of insects.

Mr. Naumann will devote most of his talk to local species and will exhibit a number of large boxes of mounted specimens from his extensive collection. He will also exhibit living moths and caterpillars and demonstrate his method of raising them. There are about 75,000 species of moths and butterflies in the world, of which a large number occur in New Jersey. About a year ago a species of butterfly hitherto unknown to

Sheet Metal Subdues Whitey's; PBA Nine Bombarbs Bond, 20-1

SSM Edges Bond, 4-2

Springfield Sheet Metal clipped one-half a game from the Springfield Softball League pace-setting PBA nine's edge last night with a 3-1 triumph over Whitey's. The PBA, meanwhile, moved to within one game of clinching a tie for the championship by swamping Bond Electronics, 20-1. Thus Bond absorbed its second straight set back, having lost to Sheet Metal last Thursday by a 4 to 2 tally.

The twenty runs compiled by the Police nine against hapless Bond was high for the season. Aiding the establishment of the new record total were seventeen PBA hits and Bond's four errors. Bond's double defeats snapped its three-game winning skin. They also eliminated Bond from the pennant picture, a thought which probably seems out of place, particularly in view of the unblemished standard currently being carried by the PBA.

Only Marcel's and Sheet Metal remain in contention for the title, the other three entries already known.

Joe Pepe rapped a home run to lead Sheet Metal to the victory over Bond.

Needing only one win to clinch a deadlock for the championship, the PBA figures to gain that success against Whitey's in next week's feature on Thursday evening. Tonight, Chrysler-Plymouth and Marcel's wind up the second round of the schedule.

Beginning the third and final round next Tuesday will be a contest pitting Bond against the current holder of third place, Marcel's, whose sole hope is a tie for the pennant. Chrysler plays Sheet Metal next Wednesday evenings.

Sports In The Sun

Varied Thoughts

In the midst of this convention befuddlement, which currently is all around us, sports news out of this township is at a premium. That Springfield is definitely a Republican town is a widely-known fact, but let it also be known that there are those who agree with HST and company. The rest of the staff of the SUN is strictly GOP (one's even going to write in for Sen. Bob Taft), and with that situation standing, we become the target of many cracks. Yes, we are in complete agreement with the Democratic party. What this has to do with sports (that generally is the subject of this column) is beyond us, but we thought we might mention it as a passing thought.

Baseball Thoughts

We are still in the dark concerning ex-Regional catcher, Charlie Schaffernoth and his anticipated career in organized baseball. Charlie, who was the spirit of the Bulldog club during the season just completed, was expected to sign several weeks ago, but as yet this writer has not had any definite or official information concerning the same.

Home Ownership Guide Available

Prospective home owners should plan their budgets so that they will be prepared for additional expenses beyond the initial cost of their homes, as such additional expenses may develop through need or broadened desires. With this sound advice, the Howard Savings Institution of Newark, New Jersey's largest savings bank, introduces a compact booklet "Guide to Home Ownership," which is free for the asking.

"Don't forget the smaller things" is the sage admonishment in the brochure, in which is provided a detailed check list of items the intending home buyer should consider about the property in which he may be interested. Neighborhood characteristics, availability of transportation, schools, shopping centers and churches, are pointed to by Howard as of prime importance in the selection of a home. The prospective buyer also is advised to check local zoning regulations, taxes and utility rates, as well as municipal services such as police and fire protection.

Commonwealth Water Co. Office Manager Dies

Henry J. Voegtlin of 175 Ashland road died Saturday at his home following a heart attack. He was 66.

Born in Summit, Mr. Voegtlin had lived here all his life. He had been associated with the Commonwealth Water Co. for 40 years, and was its office manager at the time of his death.

Mr. Voegtlin was a veteran of World War I. He joined Battery C, New Jersey Artillery, which trained at Sea Girt and then went to Anniston, Ala., and became part of the 29th Division which went overseas returning to the United States in August, 1919.

Mr. Voegtlin is survived by his wife, Mrs. Helen M. Voegtlin; a son, Russell B. Voegtlin of New Providence; a daughter, Mrs. Barbara Elmer of Akron, O.; a brother, John G. Voegtlin of 6 Primrose place; five sisters, Mrs. George Rau of Newark, and Mrs. Marie Freeland of Primrose place, Mrs. William D. Newton, Jr., 19 Linden place, and Miss Amella V. Voegtlin and two grandchildren.

Funeral services were held in the E. P. Burroughs & Son Funeral Home, 309 Springfield avenue, on Monday, July 21, 1952, at 10:30 A. M., conducted by Rev. Harold F. Mantz, assistant minister of the Central Presbyterian Church. Burial was in the Presbyterian Cemetery, Springfield.

LEGAL NOTICE AN ORDINANCE TO AMEND AN ORDINANCE ENTITLED "AN ORDINANCE LIMITING AND RESTRICTING TO SPECIFIED DISTRICTS AND REGULATING THE BUILDINGS AND STRUCTURES ACCORDING TO THEIR CONSTRUCTION AND THE NATURE AND EXTENT OF THE USE OF LANDS IN THE TOWNSHIP OF SPRINGFIELD, IN THE COUNTY OF UNION, IN THE STATE OF NEW JERSEY, AND PROVIDING FOR THE ADMINISTRATION AND ENFORCEMENT OF THE PROVISIONS THEREIN CONTAINED, AND FIXING PENALTIES FOR THE VIOLATION THEREOF," ADOPTED APRIL 1, 1936, AS AMENDED:

TAKE NOTICE that an ordinance entitled as above was regularly passed and approved as a regular meeting of the Board of Freeholders of the Township of Springfield in the County of Union and State of New Jersey held on the 23rd day of July, 1952, in the Springfield Municipal Building, in said Township at 8 P. M.

BY DIRECTOR H. WORTHINGTON, Township Clerk.

NOTICE OF BIDS Sealed proposals will be received at the Town Hall on Aug. 13, 1952, at 8:30 P. M., and they will be publicly opened and read at 10:00 A. M.

704 ft. 8 1/2 inch sewer 5 manholes

outfall channel in manholes 4 tons 2 1/2 inch sub-base

Specifications may be examined at office of E. P. Burroughs, 178 Morris Ave., Springfield, N. J.

The contract will be awarded to the lowest responsible bidder, the right being reserved to reject any or all bids or to waive informalities therein.

By direction of the Township Committee.

MRS. E. WORTHINGTON, Clerk.
