LISTEN

Springfield this week lost one of its biggest boosters and public protectors when Fire Chief Charles Pinkava died of a heart attack a few minutes after he was stricken at fire headquarters . . . his last words to firemen as they were carrying him into the ambulance were "forget about me, will you, and get back there into headquarters and watch the phones" . . . a few minutes later Chief Pinkava was declared dead on arrival at Overlook Hospital, Summit . . . directors of Smith and Smith Suburban, where funeral services were conducted Tuesday night and yesterday, are to be commended for the clock-like precision with which arrangements were carried out . . . Chief Pinkava's funeral was the largest in Springfield's history and testified to the esteem in which he was held by his fellow townsmen, by all his firemen and by firemen and fire chiefs of many other municipalities.

No amount of money could buy better or faster service, more individual or competent care than is freely given by volunteers of your Springfield First Aid Squad . . . this very minute, and every minute of the 24 hours each day of the year, the squad stands by to come to your assistance . . . its telephone is manned every second by the Police Department, the ambulance is ready to roll, its trained personnel on its toes . . . once a year the squad, supported purely by donations, will ask for your help and that time is now . . . the campaign is said to be lagging . . . **GIVE NOW!!**

The township's Morris avenue traffic ban, still with us in miserable style, will come in for further discussion and new ideas next Monday noon when members of the Board of Directors of the Chamber of Commerce conduct their first fall meeting . . . another item slated for discussion is the duping some of our newer home owners are receiving from out-of-state nursery concerns . . . there appears to be enough evidence of crooked dealings to warrant prosecution.

Need for a traffic signal light at Short Hills avenue and Morris avenue was emphasized in several calls to the editor this week . . . one irate resident of the former street said she waited "fully seven minutes the other day" before she was able to drive her car safely onto Morris avenue . . . we agree that it is a pretty bad intersection and suggest that municipal authorities take up the cry with state officials at once.

Saw Fire Commissioner Walter W. Baldwin for the first time in months at yesterday's funeral for Fire Chief Pinkava . . . it was Baldwin's first public appearance around town in a long time and already has stirred the old question of whether or not he will run again for public office . . . those who say "no" now express the belief that ex-Township Treasurer Floyd Merlette may take Baldwin's place in the race instead of ex-Mayor Wilbur W. Selander.

Andrew Wilson, 68, Dies After Illness

Andrew Wilson, 68, nationally prominent local horticulturist and owner of Andrew Wilson, Inc., which manufactures insecticides, died yesterday at his home at Bryant and Tooker avenues following a long illness.

Mr. Wilson, whose home has been a Springfield showplace for years, is the originator of the slogan, "Why Buga Leave Home." His insecticides, used primarily by agriculturists and horticulturists, are known and sold throughout the world. Mr. Wilson, who leaves no immediate relatives, lived at his home with Carlton "Babe" Morrison and Mrs. Morrison for years. Morrison has been president and general manager of the local Andrew Wilson plant, Springfield's oldest existing industry, for some time.

Services will be held Saturday at the home at 2 p.m. with the Rev. Bruce W. Evans, pastor of First Presbyterian Church, Springfield, officiating. Burial will be in the family plot in Presbyterian Cemetery. Mr. Wilson was a member of scores of organizations, including Continental Chapter F. & A. M. of Millburn, Elks Club of Elizabeth, and Shriner's of Newark.

Real Diamonds To Be Given Away!

We never thought we'd see the day that diamonds would be given away in Springfield, but here it is. Mayor Robert W. Marshall is shown pouring the real stones into the selection jar at Rappaport Spring Drug, 273 Morris avenue. Looking on are John Scarpone, registered pharmacist; Charles Moore, who will do the appraising, and Irving Zausner, store manager. (Photo by Swan)

Rappaport Giving Away Diamonds

You'll have the opportunity to test your skill at picking a genuine diamond from glass cut stones at Rappaport Spring Drug, 273 Morris avenue, starting today.

Six authentic diamonds will be in a goldfish bowl, mixed with glass cut stones, and each purchase made at Rappaport's will entitle you to pick a diamond. If you select a genuine stone it will be sent free of charge in a tuffide or gent's gold mounting. Each diamond is worth \$100, making a total of \$600 being given away.

After you have made your pick you take the stone to Charles Moore at the Moore Furniture Company, Morris avenue and Center street, who will inspect the stone, without cost to determine its authenticity.

Nursery School Opens at Church

The Springfield Nursery School, sponsored by the Men's Club of the Methodist Church, opened yesterday morning. Charles Quinzel, at the church. It is certified by the State Board of Education.

The school, which was started as a community service, is open to all children three to five years of age. School will be in session from 9 a.m. to 12 noon, five days a week. Registration may be made for the five mornings or for Monday, Wednesday and Friday. The school year will be divided into three terms and registrations will be made for each term.

The program has been designed to teach children the use of clay, paints, crayons, paste and rhythm instruments and to appreciate music. It will include supervised play inside and in an enclosed outdoor area.

Miss Suzanne Knox of Maplewood is the director of the new school. A graduate of Centenary Junior College, she specialized in nursery school education. She taught school in Springfield and South Orange and has been a member teaching staff of the Children's School of Vassar Summer Institute, Poughkeepsie.

Regional Begins 16th Year With Increased Pupil Load

Although Regional High School opened Thursday with an enrollment of 1,077, ninety more students than this year, and has a \$1,300,000 addition under construction, sessions are progressing smoothly and the parking problem is not nearly as great as had been anticipated, Principal Warren W. Halsey announced today.

Despite the fact that a large parking lot in the rear of the school has been taken over for the addition, there appears ample parking space for the present. Teachers, pupils and construction workers find parking space on streets about the school or in the municipal lot, and so far have caused no congestion along Meiser avenue.

School buses serving Springfield, Clark, Kenilworth, Mountainside, Gerwood and Berkeley Heights, from which the Regional students come, swing into a driveway in front of the school to take on or discharge passengers and leave via a driveway connecting the existing drive with Clinton avenue.

New replacement teachers are Mrs. Ruth Bradner, of Short Hills, sewing instructor, succeeding Mrs. Carol Marbach, and Miss Virginia Hascup, of Upper Montclair, replacing Mrs. Amato in commercial studies.

Town Lifts Rent Controls Sept. 30

Present rent controls, as it applies to all municipalities, will be lifted in Springfield on September 30. The Township Committee did nothing about extending controls at last night's meeting.

Failure of the governing body to take action in the matter provoked sharp criticism from a handful of local tenants, a common occurrence these days in many communities. On the other hand, several landlords appealed for and applauded the committee's decision.

For a time, last night's session turned into a virtual free-for-all between landlords and tenants in the hall, each expressing their own heated opinions on the controversial subject. Appearance of two police officers, summoned by Mayor Marshall, soon assured peaceful conclusion of the matter.

Action on application of the Free Public Library Board of Trustees for a grant of \$50,000 for a library addition was postponed until September 24. Robert J. Polewica, 74 Madison terrace, was named a police officer.

School Rolls Have 100 More Than '51

With the pupil load approximately 100 ahead of that last year, Springfield's elementary schools are faced with an increasing number of double sessions until the new Pleasant M. Gaudinier School in South Springfield avenue is opened around the first of the year, school officials report.

Opening day enrollments last Thursday were 634 as contrasted with 590 last year in James Caldwell School, and 648 as compared with 493 in Raymond Chisholm School.

As a result, double sessions became necessary for grades generally in both buildings, except for the first, second, seventh and eighth in the James Caldwell School and the sixth, seventh and eighth in the Raymond Chisholm School.

Despite the fact that more than 200 pupils, living at a distance who formerly rode a bus to and from school, had to walk this year, all pupils reported on time. Superintendent Benjamin B. Newsom reports. Only about twenty students from the outlying area near the Summit line continue to enjoy the bus riding under the Board of Education's new set-up inaugurated several months ago.

There are eleven new teachers in the system. Five are replacements and six were added to match the increased pupil load.

Many Pay Final Tribute To Fire Chief Pinkava; Stricken While On Duty

Springfield officials, township firemen and policemen and many firefighters from throughout North Jersey yesterday paid a final tribute to Fire Chief Charles Pinkava who died suddenly Saturday of a heart attack. More than 300 mourners attended his funeral service Tuesday night at Smith and Smith, Suburban, 415 Morris avenue.

Mayor Urges Town Back Aid Squad

Mayor Robert W. Marshall today called on Springfield's citizens to lend their financial support to the Springfield First Aid Squad. Meanwhile, squad members are preparing for a canvass Saturday of the southern end of the township and to have a detail present at the Lions Club outing at the Meisel avenue field Saturday afternoon.

Almost two thirds of the township has been canvassed, but less than one quarter of the squad's goal has been attained. All homes in the north end have been visited and where nobody was found at home a self-addressed, stamped envelope was left for the mailing of a contribution.

Mayor Marshall joins squad leaders in urging that all recipients of these envelopes, and others who have not contributed, act as soon as possible to spare the squad further visitation effort and the possibility of failure in fulfilling its goals.

Calling attention to the worthiness of the cause and the fact that the squad is an outstanding asset to the community, one of untold value to every resident, the mayor asks its Township-wide support.

Town Republicans Attend GOP Outing

Springfield was well represented at the Republican campaign kick-off picnic for Union County held Saturday at Ye Old Log Cabin picnic grove, Clark Township, at which Governor Lodge, of Connecticut, principal speaker, lashed out at the Democrats and urged "resolute and affirmative" action on internal and international problems. Charles Beardley, Union County GOP chairman, was among the more prominent township leaders taking an active part.

Mr. Beardley introduced to the assemblage of some 4,000 Republicans, State Senator Hand, Union County Assembly members and Board of Freeholder candidates.

U. S. Senator Smith, Congressman Case and Governor Lodge were presented by Freeholder Carr, rally chairman.

N. Y. Crime Probe Involves Local Man

Bank accounts of Pasquale Ferrone, of 3 Shunpike road, union delegate and business agent, are among those reported subpoenaed in connection with the New York State Crime Commission's investigation into New York waterfront crime and corruption.

Mr. Ferrone, a resident here three years, formerly lived in Newark. He is listed as delegate and acting business agent for Local 125, International Longshoremen's Association, with offices at Port Newark. He has been a member of the union twelve years.

It is reported names of top political, labor and other leaders will appear in a mass bank record checkup by the commission and it is added that investigation of a man's financial affairs does not necessarily mean he is involved in any wrongdoing.

Deputy Attorney General Nelson F. Stampler, of Elizabeth, who directed a gambling-probe in Bergen County, is reported to have given the New York commission records of some Jersey gangsters and has promised further cooperation.

"I THINK we may assert that in a hundred men there are more than ninety who are what they are, good or bad, useful or pernicious to society, from the instruction they have received. It is on education that depend the great differences observable among them."
—Locke

First Church of Christ, Scientist
202 Springfield Avenue, Summit, N. J.
The lesson-sermon this Sunday in Christian Science churches will be on the subject "Substance" and will bring out how true substance and supply come from a spiritual understanding of God and man's relationship to Him.
The golden text is from Hebrews: "Faith is the substance of things hoped for, the evidence of things not seen." (11:1)
Among the selections from the King James version of the Bible to be read will be the following: "Lead in the way of righteousness, in the midst of the paths of judgment; That I may cause those that love me to inherit substance; and I will fill their treasures." (Prov. 8:20, 21)
Correlative passages from the Christian Science textbook, "Science and Health with Key to the Scriptures" by Mary Baker Eddy will include: "Spirit imparts the understanding which uplifts consciousness and leads into all truth. Through divine Science, Spirit, God, unites understanding to eternal harmony. The calm and exalted thought or spiritual apprehension is at peace. Thus the dawn of ideas goes on, forming such successive stage of progress." (pp. 505-6)

"Martyr" means literally "witness" and acquired its present connotation of "one who dies for a cause" when many early Christians testified to the truth of their convictions by their deaths.
When European glassblowers closed down production during World War II, supremacy in fine handblown glass shifted to American shores.

In the still of the night...
productive America is WIDE AWAKE!
AMERICA'S greatness rests on its astounding power to produce. Production wins wars... it preserves peace... it guards our freedom.
People unfriendly to us say that we are strong because we have been blessed with resources. This is a half-truth. Other lands have been blessed with natural resources, too. The fact is, we have also been blessed with initiative and a form of government that has let it flourish. Free enterprise, under a free government has made America strong. It is proving its strength today. We in the electric business, are going "full-steam-ahead". Night and day the huge turbines run, sending power to homes and industry. By 1954 JCP&L will have doubled its present power-producing facilities at a cost of about \$50,000,000. This not only means more power for the area we serve but together with the tremendous expansion activities of neighboring utilities - interconnected in a vast power-pool - it means reserve power security for the entire industrial east.
This growth is the result of business enterprise and the free investment of personal capital - with no expense to the taxpayer. We must not forget that free enterprise makes possible the productive strength that is so vital in preserving our freedom.
