M. V. Agency Sets Record For 2 Days

Hundreds Wait In Line for License Plates

More than 3,000 drivers' licenses, car registration certificates and transfers were issued by the motor vehicle agency here on Monday and Tuesday, it was revealed today by Richard Bunnell, local motor vehicle agent. He said it was the heaviest in the agency's history.

On Tuesday, which was the last day that 1953 license tabs could be obtained, the agency issued a total of 1,612 items. The preceding day the total was approximately 1,500. On Friday, Saturday, Monday and Tuesday the agency remained open until 6 p.m. On Tuesday everyone who was in line at 6 p.m. was served and the agency finally closed its doors at 7 p.m.

Bunnell said it was difficult to understand the heavy business of the last few days. He pointed out that this year there were two months available to obtain licenses and attach them as compared with 30 days in other years. He said the experience of the clerks in the Springfield agency was no different than in other agencies. In virtually every municipality people apparently waited until the last minute, it was said.

On Monday and Tuesday the line in front of the agency extended nearly to the parking lot near the HERSHEY Ice Cream factory. On occasions it was nearly 300 feet long. Yesterday, when the agency opened there was another long line but all persons had been accommodated by 11 a.m., it was said. However, business was heavy all day.

One person who patronized the agency yesterday was Marvin B. Brown, of 508 Pleasant Valley way, West Orange. He was quenched by Radio Patrolmen Quentin and (Continued on page 2)

Easter Greetings

TO CHURCH AT EASTER . . .

Millions of us will go to church on Easter Sunday. Some will go to see the Easter crowds—others to show off their Easter hats and other trills. Most of us, however, will go because Easter is one of the great religious observances of the Christian year—the Feast of the Resurrection.

It would be better still if we went to church every Sunday for prayer and meditation in the Shadow of the Cross. That would mean we were true followers of Him who said:

"I am the resurrection and the life: he that believeth in Me, though he were dead, yet shall he live."

Happy Easter from the staff of THE SPRINGFIELD SUN.

Double Sessions Listed By Board of Education In Expansion Program

Township Com. May Retreat On Parking Laws

New Session Set On Ordinance After Primary

Backing down on the part of the township committee on certain phases of the parking ordinance is expected when the measure again comes up for consideration on May 27. Members of the governing board are expected to be

Felix Forlenza

Binder pointed out, was drafted with a view to control new businesses. Most municipalities currently have such measures which make it mandatory for firms constructing business establishments to provide parking space in proportion to the amount of space utilized by the building.

However, sections of the measure, the business men believe, will retard development of the business community and they are urging changes. Felix Forlenza, president of the Chamber of Commerce, and a delegation from the Chamber are expected to confer with the governing board with the objective of thrashing out the problem.

Robert G. Smith

Lions Will Roar Again at Regional

The 1953 Edition of "The Lions Roar," a nine-act Variety Entertainment, featuring the best in show business will be presented this year on April 24, a Friday night in the Regional High School Auditorium. This last Friday in April has become a traditional Lions Night for all Springfield. It is the big show night with fun and amusement for the whole family. The proceeds are used entirely for national and local welfare projects.

Plans are in the final stage and the show committee headed up by George Harrison, Jr., assisted by Albert Penn, Alfred E. Bowman, Eugene F. Donnelly, Timothy Sheehan and Fred J. Allen. The chairman of the various units assures Springfield that the "Variety Show" this year will be a must on every social and entertainment calendar.

Tickets may be obtained from any member of the Lions Club and will be on sale at the Auditorium on the night of the show.

Binder Cites Program for Flood Control

Says Survey May Put Onus On Township

Following the action of the Township Committee last week in launching a move to develop a comprehensive flood control program, Police Commissioner Albert G. Binder, who introduced the resolution for the program, today issued an explanation of his dual-point objective.

Binder said that floods have been a constant source of hardship to many township residents. He asserted that flooded basements, back yards and even first floor areas have been damaged extensively with heavy losses, resulting, he expressed belief, that every effort should be made to correct or alleviate the condition and give some measure of relief to the distressed home owners.

Binder added, "However the problem does not lend itself to a simple solution. Our geographical location along the inadequate Railway River drainage system, plus the many brooks, streams, rivulets and marsh areas which are dotted throughout the town, all tend to magnify the problem from an engineering standpoint.

"However, there must be an answer and we must face the issue. Among the hard hit areas which suffer at each peak rainfall are the Henshaw-Hawthorne avenue tract, the northern residential area of the town and other isolated areas. In the past we have had partial studies made and recommended measures carried out. That such steps have been inadequate is quite evident."

Binder said he had proposed the following steps, pointing out that no one probably, who is a layman, can supply the long range solution: 1. The cause of the floods be determined with the point in mind of establishing the legal responsibility. He said this will have a bearing on the ultimate course to follow with the township should the entire cost if it is responsible for the conditions.

Binder's second step would be (Continued on page 2)

Regional Addition Set for Fall Use

The addition to the Jonathan Dayton Regional High School probably will be ready for occupancy by late September, Fred A. Elsasner, its architect, announced today following a meeting with the contractors. He pointed out that such excellent progress is being made that it is probable the job will be completed by September 25, unless unforeseen delays arise.

Elsasner said that currently the concrete roof is in place on the flat portion and the pitched roof is ready for sale. With good weather during the week, it is expected the composition roof will be laid on the flat part and the slate will be completed on the pitched roof, thereby making the building weathertight.

Classroom partitions are in place on the ground and first floor levels, and in many of the classrooms, the finished cement floor has been laid. Some work are on the job now, Elsasner said, and will be fitted to the window frames shortly. The new boiler is in place and connected to the steam mains. By mid-April piercing of the walls will begin. Working conditions are ideal for plastering at this time, the architect said.

Burleades have been erected at the ends of several corridors in the present building to enable the contractor to proceed with the bracing through the brick walls separating the corridors in the new and old buildings.

The work of enlarging the main office, the guidance office, the library, as well as the changes in the cafeteria to permit two-line service will be undertaken after school closes, it was said. Orders for most of the fixed equipment already have been placed.

Telephone Strike Hampers Service in Springfield

The strike of commercial employees of the New Jersey Bell Telephone Company continued today as operators in the Millburn exchange serving hundreds of Springfield residents, remained away from their posts, crippling the service.

Actually, the operators are not on strike but they are refusing to cross the picket lines set up by the independent union. The operators are members of the Communications Workers of America, CIO.

Township residents on occasions had to wait as long as five minutes before they were able to obtain an operator. This resulted from increased supervisors replacing the missing operators. The situation was extremely bad, it was reported, during the rush hours from 9 to 11 a.m. and 7 to 9 p.m. However, service was continued with the residents' most of the time being asked to seek service only for urgent and emergency calls.

Other exchanges which also ran into the problem of curtailed service were Westfield, Union and Summit. Exchanges in Roselle, Linden and Cranford, with the newest type of dial system operating, had trouble only when calls were being made to manually operated exchange switchboards. Elizabeth residents also had little trouble although the dial system there is not as modern as those in the other municipalities.

As the Sun went to press today there was no indication that the strike would have an early termination. Both sides appeared to

Florence Dwyer Opens Quarters

Campaign headquarters for Assemblywoman Florence P. Dwyer of Elizabeth, have been opened at 232 East Broad street, Westfield. Mrs. Betty Arthur, of Plainfield and Mrs. Charles Doerrner, of Westfield, claim it is the first time that a campaign headquarters has been operated on a county-wide basis for an assembly candidate.

The committee has announced it welcomes the support of men and women from every municipality. They cited the legislative record of the candidate over the past four years.

Other campaign committee members include Parole Commissioner Joseph L. Brescher, of Elizabeth, who is treasurer; Mrs. Ethel Shay, Scotch Plains, chairman of volunteer; Mrs. Lella Degenhart, of Elizabeth, headquarters chairman and Mrs. Betty Schaefer, Westfield chairman. The official opening will be Wednesday evening, April 8.

300 Hear Forum At High School

More than 300 students and members of the Regional High School Parent-Teacher Association heard a student panel discuss teen-age problems last Thursday night in the high school auditorium. The session was sponsored by the association.

The moderator of the forum was Dr. Rich C. Boyle, psychologist of the Summit school system. She was introduced by Mrs. William Konrad, a member of the faculty. Members of the English department faculty, who assisted with the forum were Miss Betty McCaughy, Miss Ann Manto, Alex Kropnicki and Miss Martha Umbeck.

Students who participated were Joan Giannatassio, Springfield; Michael Scholtz, Springfield; Joan Robertson, Clark; Michael Bevoia, Kenilworth; Carol Castellano, Berkeley Heights; Flora Buchbinder, Garwood; and Thomas Twyman, Mountainside.

Announcement was made that parents, who presented written questions at the meeting will offer a rebuttal at the May session. Mrs. John Mayer, Jr., of Garwood, association president, presided. Refreshments were served.

Youth Hurt in Car Crash

Don Carpenter, 18 years old, of 71 Battle Hill avenue, suffered nose lacerations early Monday morning, police said, when the car he was driving crashed into a tree in South Springfield avenue near Deans street. After the vehicle struck the tree, it careened into a gully, it was reported.

Carpenter, who is a senior at Regional High School, was accompanied by Robert J. Cost of Hillside. Police said the youth was operating on a learner's permit. The car was badly damaged.

First Aid Squad Seeks Recruits

The Springfield First Aid Squad has an urgent need for additional members for daytime duty, it was announced today by John Wilson, squad president.

Wilson said the men and many of the female members of the squad are employed out of town. He said the squad has the services of only a few for duty during week day working hours. There is no problem involved in coverage evenings, he said.

Prospective members need no previous experience or special qualifications, Wilson said. They will receive training from squad instructors. The unit holds one meeting and one drill a month. Members must be on call for a 12-hour period each week.

The squad also offers oxygen service and free ambulance service within a 30-mile radius on 24-hour-a-day basis.

Essex Man Fined \$23 for Speeding

A Stanley Wright, of 100 Riggs place, West Orange, was fined \$23 by Magistrate Henry C. McMullen Monday night in Municipal Court. The Essex County resident was found guilty of traveling 60 miles an hour in a 25-mile zone.

Other fines imposed included Robert Blinbaum, 2007 Melrose parkway, Union, misuse of registration plates, \$8; Frank Ware, 238 Mühlenberg place, Plainfield, careless driving, \$5.

Also fined \$250, 300 Wayne avenue, Union, and Willie B. Brough, 322 Suite Street, Elizabeth, passing a school bus, \$15; William F. Kennedy, 741 Hawthorn place, Westfield, speeding, \$7; and Frederick Sayre, Jr., 11 Glonadio avenue, Summit, improper muffler, \$5.

The magistrate heard twenty cases. Fines totaling \$174 were imposed.

Planning Board Honors F. M. Kerr

Frank M. Kerr of 14 Crest place has been elected chairman of the Municipal Planning Board. Other officers chosen were: vice chairman, Albert Schatz, 107-11140 avenue and secretary, Edward E. Lindauer, 74 Wentz avenue.

A fact-finding committee was established to bring in suggestions for regulation of signs and billboards in the township. Lindauer will serve as chairman and will be assisted by Schatz and Carl Ledig.

Another committee was designated to gather facts and suggestions on determining the future zoning of Center street. Township Engineer Arthur Lennox and Township Committeeman Charles Remlinger were named to this committee with Kerr as chairman.

Donnelly Praises Donors of Blood

A total of 150 Springfield residents recently donated their blood at the recent blood donor day it was announced by E. F. Donnelly, chairman of the blood donor committee.

Donnelly paid tribute to the group and pointed out only twenty-six were rejected. A total of 232 pints of blood were obtained. This was the chapter quota, he pointed out.

The committee chairman paid tribute to Mrs. Charles Phillips, Jr., who contacted the donors and secured their appointments. He also praised Mrs. Richard, campaign committee head and Mrs. Leslie Joyner in charge of nurses and nurses' aides. Mrs. George Harrison was in charge of publicity.

Donnelly also praised Mrs. Henry Duggler, Gabriel Lull, William Bollbaum and Nathan F. Vogel, who assisted in the work.

Rigby Assails Inner Ring As Troast Backer in County

In an open letter inviting members of the Republican County Committee to revolt, former Freeholder Leo S. Rigby, of 401 Morris avenue, charged an "inner ring" act of some, unknown inner ring, acting without call or sanction in County to Paul L. Troast, chairman of the New Jersey Turnpike Commission. Troast is a gubernatorial candidate.

Rigby, who is seeking one of the Republican nominations for freeholder, asserted that the votes and opinions of members of the county committee should be sought by the organization and "not directed behind the scenes by sinister and evil influences."

Rigby said, "The obvious reason for a County Committee is to vest effective control of a political party in a group representative of the will of the majority of its members. In matters of policy every matter affecting the party should be put to a county committee vote and the rule of the majority should prevail.

"But now we find a machine has been created that has demon-

Strawberry Fete Set for June 13

Civil Scouts will again sponsor a Strawberry Festival to be held Saturday, June 13, on the Muehlenberg Green. Mrs. Leo Andrews is General Chairman, assisted by committees of leaders, mothers, scouts and brownies.

Featuring the occasion will be a "Strawberry Queen" Ice Cream and Cakes booths as well as Handicraft and White Elephant booths. Every year the festival adds a few extras, watch the paper and see what will be new for 1953.

Easter Seals Sale Spurt Is Urged

With Easter Sunday only three days away, contributions to the Easter Seal campaign of the New Jersey Society for Crippled Children and Adults practically have reached the record \$126,000 established last year, but a last-minute flood of donations in Springfield and other areas now is urgently needed if the 1953 goal of \$200,000 for the state is to be attained.

"This was declared today in an appeal by Norbert B. Fletcher of Roselle Park, Easter Seal chairman for Union county, who urged the public to join with volunteer Easter Seal workers in a final effort to put the Easter Seal drive over the top.

"In these final days of this Easter Season, we can win this campaign to help the crippled and the handicapped only by opening our hearts and our pocketbooks and sending in our Easter Seal contributions without further delay. For those who have forgotten, or for those who already have given but who can afford to give again, there is no more fitting time than now to send in Easter Seal donations.

"In this way you can assure the maintenance of Easter Seal services and treatment centers for the handicapped and also you can assure the expansion of these services to provide urgently-needed new projects in rehabilitation, including a sheltered workshop and additional facilities in speech therapy and education, as planned by the Society's state board of trustees. Your Easter Seal Society already has brought help to thousands of children and adults in New Jersey, but thousands more are in need of these treatments and services.

"Remember that Easter Seals are part of the Easter season spirit of hope, faith and generosity. Please continue to use Easter Seals on all of your mail as a reminder to others of the need for help in the Easter Seal appeal." (Continued on page 2)

THURSDAY, APRIL 2, 1953

ON THE SUNNY SIDE

THEY USED TO CALL THEM "FRESHETS"

We don't like to talk about Springfield's serious flood problems in a light and facetious vein but it might come as a shock to many to learn that the early settlers in this area "were able to skate all the way to what is now Paterson" when the rising waters froze.

Mr. Charles Philhower, noted historian, is authority for that bit of interesting news which he included as part of his fine talk to the crowd attending the first guest night of the Church and Cannon Chapter of the Daughters of American Revolution held in the Presbyterian Church Parish House Tuesday night.

Mr. Philhower referred to the rising waters after heavy rains as "freshets." But that was when nature eventually guided the flood waters into their proper outlets and there were no cellars to catch the overflow. Mr. Philhower, by the way, knows Springfield history and his presentation of the subject was very interesting. Those who live in Springfield and know nothing of the thrilling history of our town are missing the very things that make for civic pride.

"LITTLE LEAGUE" SHOULD BE ORGANIZED

The development of the "Little League" summer baseball program throughout this area should inspire residents of Springfield to organize a similar competitive program for youths here. The sport would provide an opportunity for boys of all races and creeds to participate in a program where no discrimination can be practiced.

In Morris County during 1951, Morristown Civic leaders started a four team league and many other communities profited from the experiences gained by Morristown. In 1952, Morristown added two more teams and it became a six team league. Leagues were organized in Madison, Pequannock, Butler, Chatham and Denville.

As the season neared its end, organization work was well under way in Florham Park, Hanover Township, Mendham, Morris Township, Dover and Lincoln Park. One important fact to consider is that most of these communities are no larger than Springfield, some without a Recreation Commission.

However, so that the reader does not believe that only small communities accept little league programs, it should be pointed out that Millburn, West Orange, East Orange, Belleville and Newark have recreation programs for the youths and have teams participating in the "Little League" movement.

The rapid expansion of the movement indicates not only its value to the participants, to the spectators and to the parents, but to the community life as well. "Little League" Baseball embraces boys of ages nine through thirteen, with emphasis on organization, sportsmanship, good coaching, under ideal playing conditions. Boys of our town would be involved in league play instead of hit or miss activity at playgrounds or sandlots.

LETTERS ARE ALWAYS WELCOME

We like letters—especially those that give us a nice pat on the back. Here it is:

This letter is long overdue. We had intended to write it several weeks ago. Procrastination is one of our faults, but such excellent editions as you have been publishing stirred us and we must comment.

Some weeks ago, you printed a note we had written and enclosed with our subscription. The remarks that followed indicated to us that either you had misinterpreted or we had poorly expressed ourselves pertinent to the local news coverage in the paper. At any rate, wherever the fault, the reason that instigated the note is no longer valid.

In fact, we are greatly impressed by the tremendous improvement and the excellency of reporting on local civic news. This pleases us for it is many times not feasible to attend all Town Committee or Board of Education, etc., meetings, yet we are no less eager to know exactly what was transacted. Previously, there was stereotyped and inadequate coverage. In fact, in more than one instance out-of-town papers had more complete coverage.

We don't mean for you to air personality clashes or petty differences, but certainly the type of stories in the last several issues are plainly to our satisfaction.

We feel that the impartial reporting of civic activities and meetings enhances the value of any newspaper and renders an invaluable service to the town, the citizens and, of course, the readers.

You are now filling the bill. Good luck!
Very truly yours,
THE JOSEPHS

Double Session

(Continued from page 1)

school children indicated that the greatest enrollment throughout 1952 would be in the area south of the Centennial School. The board said the report verified previous estimates that new facilities are needed to eliminate any long-term use of double sessions.

Actually board members indicated that action probably would be taken at the next session which, incidentally, is scheduled for Primary Election Day, April 21. It is expected if a referendum is decided on it will provide for a school which will not have many of the assets of the Gaudinier School including a cafeteria and an all-purpose assembly room-gym. It would presumably cost considerably less assuming construction costs do not rise materially.

Many parents have wondered what the situation will be when the younger children reach the sixth, seventh and eighth grades. Board members probably at that time will request authorization for construction of an addition to the Gaudinier School but that problem is not expected to arise for several years.

The board also approved advertising of bids for a jeep for maintenance purposes. Jean T. Wilderetter, of South Orange, and Mrs. Estelle Kohn, of Cranford, were engaged as teachers at \$3,000 and \$3,100 a year respectively.

Binder Cites

(Continued from page 1)

to have a comprehensive study made by an engineering firm in conjunction with the township engineer.

He said, "Such study would cover the large areas involved and recommendations and cost to be submitted to the board for immediate action. Such a preliminary study was made not so long ago but, in my estimation, the report was not specific or detailed. We have \$3,000 in our budget for 1953 earmarked for cleaning, opening or widening ditches in town. I suggest we take all or part of this money for financing engineering study to get to the heart of this problem. Once we know what has to be done then the decision to act can be placed squarely up to the Board or to the property owners involved."

The police commissioner pledged his full support to the program.

M. V. Agency

Ennis who found he did not have his 1953 tabs. Stopped at 8:40 a.m. the car was incarcerated and released to Brown at 9:30 o'clock when he obtained his tags.

Some persons were unable to obtain their licenses because they had failed to have the required two car inspections during 1952. Their problem was unique but not enviable. They could not obtain a license because they lacked an inspection stamp. They couldn't drive to the inspection station to have their cars examined because they did not have 1953 license tabs.

The procedure these unfortunate individuals must follow is to write to the motor vehicle director explaining the situation. He issues a special certificate which permits them to take their car to the inspection station. After receiving

tack on the so-called "Old Guard" of the freeholder group, defeating Freeholders Helen Glaeser and Harry E. King.

This year Benninger is bracketed with Donald M. Pearsall, of Westfield, and George Herlich, of Hillsdale, who previously have been considered members of the older faction. Rigby has made Benninger the object of his attacks and his latest move emphasized Benninger's action in endorsing Troast for the governorship—despite the fact that originally three Union county residents were seeking the gubernatorial nomination.

Many observers believe that Benninger's action may backfire and possibly could result in his being "dumped" in his bid for renomination as a freeholder. However, they concede that in the event Troast is the next governor, the Mountainside resident "will be in an enviable spot."

Students Compete For Scholarships

Four Jonathan Dayton Regional High School students, including Eric Reinhardt, Roy Halle, George Schwarz and John Wesner, will take part in the Third Annual State Science Day at Rutgers University on Saturday, May 9, when high-school-science students from throughout the State will compete for four \$1,800 scholarships to the State University.

The scholarships covering full tuition for four years will be awarded winners in separate con-

ditions in biology, chemistry, engineering and physics and may be used in any division of the University.

Hour-long objective examinations prepared by the Educational Testing Service will determine the winners. The contest offering highest in his field will receive, in addition to the scholarship, a solid gold key and an engraved plaque.

FLORENCE M. O'CONNELL SCHOOL
 Grades 5

Mrs. Heva Johnson
 Miss Ann Evans
 Mrs. Margaret McGarrath

The geography classes of Mrs. Johnson and Mrs. McGarrath have been studying New Jersey. Projects and reports on the various industries in New Jersey showed that our state is highly industrialized as well as an intensive farmer. New Jersey is also a leading producer of "blueberries".

Every pupil in both classes served on a committee to prepare a report on the industry research to report to the class. Some of the projects included a produce map by Edward Kluch, George Seltzer, Arlene Kater, Phyllis Kaplan, Alice Huber, Irene Zlotnik, Mary Ann P. Linnichio and Bob Stille.

Peter Miller and John Kitch reported on the mining industry. They had made reports on truck farming, manufacturing and other industries. Illustrated reports accompanied these reports.

Both groups enjoyed a review of New Jersey in a "Twenty Questions" program in the room.

In our language work in these two grades, we have been concentrating on good speech. We have become needs two negatives, and "we are beginning to understand that the words good and well are seldom interchangeable.

To add a little spice to a diet which has consisted of so much drill in language, we have been doing a group of stories with a tropical background in reading. Teddy Karlin, Sandra Rae, Donald Dumboky, Edward Kluch, Arlene Kater, Phyllis Kaplan, Mary Ann P. Linnichio and Bob Stille.

The following pupils have had a perfect score on every spelling test during the marking period: David, Carol Dubow, Dorothy Puhler, Elaine Giannitardo, Barbara Hayala, Phyllis Kaplan and Leslie. The boys seem to have had difficulty holding their own with the girls this time.

Miss Ryan's grade also held a hobby show in which the following people exhibited: Paddy Bull, Bill Shank, Audine Kopp, Bob and Michael Tanke, Billy Franklin and Michael Porcico, model cars, Maria Mammo, dolls, Laura Levine, shells, coins and stamps; Barbara Neigel, playing cards; Rita Holmberg, rocks and shells.

 Mr. Daniel Murray
 Mrs. Virginia Reynolds

In the sixth grade basketball tournament held recently, Mrs. Gardner's class took first place. The members of the team were Arthur Murdoch and Norman Azzari. Other members of the team were: Pete von der Linden, David Lopanski, Eddie Backowski, Glen Dickerson and Kurt Christensen.

Mary Lindahl, Dale Broder, Joyce Field, Ward Landrigan, Ann Howe, Karen Weinsome, Pix-von-der-Linden, Johannes and Margaret Molli have made very interesting original problems for arithmetic. Fredrick Curcio brought in a square yard of plywood for demonstration purposes in arithmetic.

The social studies classes of Mrs. Reynolds have decorated one of the bulletin boards in the hall. One has been placed examples of work done in connection with the study of ancient Greece. The changes in the work were: Lotte Kaehliert, Diane Menig, Bianca Colantoni, John Niew, Kurt Christensen, Peter Kuhn, Cliff Zimmer, Kaye Steiner, George King, Margaret Molli and Pix von der Linden. Booklets showing work made by: Joyce Fields, Judy Crowley, Peter Rupp, Durbin, Durand, Fred Chapman, Paddy Broder, and the team: Dorothy Twelves, Susana Oakman and Joe Cartacci. Vases, shells, helms and other objects were made by: Landrigan, Ed Backowski, Norman Azzari, Sandra Puhler, Bill Mue, Dale Dreyer, Leny Hedapp, Kay Kelle, Teddy Stille, Anne Howe, Jean Bowles, Mary Lee Stickle, Art Murdoch and Bob Mitchell.

Some fine maps have been brought in for the history classes of Mr. Lettoief and Mr. Murray. John Doering made one in graphic colors, showing the Roman Empire. Bill Mue made a map. Charles Stevens also made a nice map of early Rome, while Bob Clifford did a map illustrating the comparative sizes of China and the United States.

In arithmetic Steve Wols and Barbara Aman obtained perfect scores in

The students in the seventh grade arithmetic class have been working on the early beginnings of geometry. They have been following through on a definite plan in solving the formulae. The derivation of all formulas is clearly linked to that of the "rectangle". Having mastered the basic formulas, the figures that they study. Thus far, they have the perimeter and area of rectangles; the perimeter and area of squares; and the most recent addition, the perimeter and area of triangles. In a quiz recently, they had to identify the four types of triangles. Most of the seventh grade pupils are doing very well. The next project will be to draw these various geometric figures to scale, with the use of arithmetic tools such as the protractor, compass, and ruler.

Mrs. Murray's geography class has been studying the states of the United States and other countries in the West. A group in this class headed by Carol Urie and including Doris Walker, Karen Rupp, Jan Kennedy, Dick Pancani and Ruth Rawlins has redecorated the large bulletin board in the rear of the classroom, which has been given over to exhibiting a variety of interesting maps.

In addition to the bulletin board material, several students have brought in various interesting objects and exhibits which have given other members of the class a better understanding of the people of the Far East.

Mary Kellough, Gary Southward, Naama Plawood and Carolyn Wood have done an excellent job in painting and backing the materials brought in by the students of Mrs. Dimpugno's class for the Junior Red Cross.

Billy Haggerty recently brought in his electric choir and played several selections during music class, which were enjoyed by the group.

Paul Hines, Joe Gellers, Gary Southward and Bob Reeves made colorful drawings representing birds and flowers of spring.

Grades 7
 Miss Virginia Lewis
 Miss Helene Kozlowski
 Mrs. Sally Jagobson

Mr. E. H. Haggerty
 A large display of drawings and maps connected with history and reading was made by the seventh grade pupils of Mrs. Jakobson and Mr. Winberry. The best maps of settlements were made by the seventh grade pupils of Mrs. Jakobson and Mr. Winberry. The best maps of settlements were made by the seventh grade pupils of Mrs. Jakobson and Mr. Winberry.

The boys and girls of these two classes are busy drawing to illustrate incidents, characters and places dealing with Stevenson's "Treasure Island". The display in Mrs. Jakobson's class shows the artist's versions of Long John Silver, Captain Blubb, the famous parrot, and "The Black Spot". The students were all very happy to share recordings of "Treasure Island" in dramatic form. These were brought in by Mary Ann Denington, Stella Hyam and Ross Longfield.

Barbara Heergaugh's letter from the Girl-Mansfield-of-Great-Britain, who is in charge of all of the Coronation planning, is found in the place of honor on the "look" board. The answer to Barbara's request for Coronation information came to her in a large white envelope entitled, "On Her Majesty's Service". The letterhead was embossed with the crest of the royal family. Enclosed also was a blue and white facsimile of the invitation that is sent out properly engraved to members of the family.

Every Wednesday afternoon, a glimpse into the seventh grade girls' systems class. The display is a busy observer. Everyone is handicapped some place. The students are learning to tie square knots, and to make proper slips, spreader ankle bandages, and head bandages. The pupils believe First Aid is mainly using common sense in an orderly way in any emergency. Practising on each other gives everyone the proper "know-how."

helped the students in finding the tax rate for the year 1953. They are now concentrating efforts toward advanced figures such as finding the total volume and capacity of various objects. This week the mathematics classes looked very similar to mother's pantry. Cereal boxes, canned goods, empty and full boxes of all shapes and sizes were brought in by the students and the volume of each was found. This particular phase of the learning seems to be well liked and understood by all.

The geography classes have just completed the study of the unit on the Southern States. For the past few days the pupils have been working on individual studies of these states and are completing a project report by the end of the week. They are checking all references for the unusual facts and statistics that can be found.

Three very interesting studies have been completed in science. First, cornstarch was a main unit on electricity and then a unit on engines. What was learned from these was used in constructing a model to understand the operation of the refrigerator.

The students had an opportunity to study many household appliances and (Continued on page 4)

Religious Groups Plan For Dinner

A committee of 60, comprising industrial, business and civic leaders of the city and state is sponsoring the sixth annual dinner of the New Jersey Region of the National Conference of Christians and Jews, to be held Thursday evening, April 9, at 7 p. m., at the Essex House, Newark, it was announced recently by John R. Cooney, dinner chairman.

The affair is a highlight of the many events scheduled this year from coast to coast marking the 25th anniversary of the National Conference of Christians and Jews, Mr. Cooney said. The organization, founded in 1928, currently consists of a network of 82 regional offices through which it blankets the nation with a program to build better human relations among all racial and religious groups.

In this state the program is headed by Paul L. Troast, general chairman of the New Jersey Region. "Our entire state program to promote goodwill and understanding among Protestants, Catholics and Jews will be materially benefited by the April 9 dinner," Mr. Cooney declared. "All proceeds from the \$50 per plate dinner will go toward the maintenance in New Jersey of the work of the National Conference in fighting prejudice and in strengthening our democratic way."

Republican Club Plans Card Party

The President of the Springfield Republican Club, E. N. Allston, Jr., has announced that plans are now under way for the club's annual card party to be held on Monday evening, May 18 at the American Legion Hall.

The committee members appointed by President Allston are as follows: Chairlady, Mrs. C. W. Beardsley; Mrs. W. W. Layne; Mrs. Amy Bandemer; Mrs. F. A. Wardville; C. D. Runcle; Mrs. E. Harrington; Mrs. R. W. Marshall; James M. Cawley and Mrs. R. Hittchings.

As in the past, many beautiful door and table prizes will be awarded to the winners.

Tickets may be obtained from the card party committee, from members of the Republican Club, and from members of the Republican County Committee.

V.F.W. Elects 1953 Officers

Battle Hill Post 7683 recently held its annual election of officers for 1953-1954. The following members were elected to office: Commander, Roy A. Hattersley; Senior Vice Commander, Edward A. Cardinate; Junior Vice Commander, Harold Hatersley; Quartermaster, Clarence Buokalews; Chaplain, Edwin T. Schaefer; Judge Advocate, Howard F. Caselman; three year trustee, Charles W. English.

There will be a combined installation ceremony with the Ladies Auxiliary at the Chateau Baltusrol on Tuesday, May 28.

Woman's Club News

A fashion show, to be presented by Lillian O'Grady of Summit will feature the annual luncheon and bridge which the Springfield Woman's Club will hold on Tuesday, April 14, at the Hotel Suburban in Summit. The affair will start at 12:30 p. m. and tickets will cost \$2.75. Tickets may be obtained by calling Mrs. Louis James, Millburn 6-1808-M, Mrs. Russell Post, Millburn 6-1542-M, Mrs. Sigurd Oors, Millburn 6-1622-W and Mrs. Fred Buerklin, Millburn 6-0700.

On Monday, March 23, Amy Bandemer, Ruth Hayes, Myrtle Post, Dot Lavina, Kay Schnell, Julia Brown and Georgia McMullen visited the State Legislature in Trenton. The group had luncheon at the Stacy Trent Hotel and then progressed to the State Legislature. A resolution was made by Assemblywoman Florence P. Dwyer for recognition by the Legislature of the visiting group. As a perfect climax to an interesting day, the seven ladies were received at 4:00 p. m. by Governor Driscoll.

Mrs. Sigurd-Oors of 34 Lewis drive was hostess to members of the Executive Board on Wednesday evening, March 26.

A Drama Festival will be held on April 8 at the Park Annex Auditorium at 7th street and Arlington avenue in Plainfield. The Festival starts promptly at 10 a. m. A play entitled "Second Best" to be enacted by members of our Drama Department, will be presented at 1:45 p. m.

The following members of the Church and Cannon Chapter of the Daughters of the American Revolution attended the two-day State D.A.R. Conference at Trenton: Mrs. Milton P. Brown, Regent; Mrs. A. B. Anderson, Mrs. Eugene Donnelly, Mrs. Melvin B. Gillette, Mrs. John Kuhn and Mrs. David E. Cavenaugh, who served as Page both days.

The State Conference of the Children of the American Revolution, held at Princeton on Saturday, March 27, was attended by Mrs. Joseph M. Manuel, Mrs. John Gofjaek, Mrs. Gerald E. Burt and Mrs. David Cavenaugh.

The Society of the Children of the American Revolution, the C.A.R., is for one and one young people who fought in the American Revolution. This group has its own meetings and officers, and a State Board of members of the DAR acts in an advisory capacity.

Miss Doris Bonnet, daughter of Mr. and Mrs. E. Bonnet of 96 Morrison Yd., left Friday by Eastern Airlines for a 10-day vacation at the Ocean Surf Hotel in Miami Beach, Florida. She was accompanied by Miss Jane Grim of Westfield.

Donald C. Schwartz, boilerman third class, USN, son of Mrs. Mabel Schwartz of 343 Mountain ave., Springfield, was aboard the attack carrier USS Midway, which was engaged in "Operation Rendezvous" in the Mediterranean Sea from March 17th to 25th.

"Operation Rendezvous" was a NATO maneuver designed to maintain a standard of readiness and battle efficiency of General Ridgway's European Defense Forces. Naval forces of France, Greece, Italy, Turkey, the United Kingdom and the United States participated in the operation.

The "fleetop" is commanded by Navy Capt. Frank O'Beirne and is the flagship of Rear Admiral Stuart H. Ingorsoll, USN, Commander, Carrier Division 4. She was one of the key warships taking part in the exercise.

The entire exercise was conducted under simulated wartime conditions with the "Midway" aircraft engaged in all types of air operations and tactical ground support flights.

Americans purchased just under \$33,000,000 of new life insurance last year, and \$8,000,000 policyholders now own about \$275,000,000 in insurance according to the New York Journal of Commerce.

Theodore Dreiser's "An American Tragedy" was not entirely fictional, being based on records of a real case.

P.T.A. Features Musical Night

"Standing Room Only" was held at the Springfield Parent Teacher Ass'n meeting held Monday evening in the Florence Gaudineer School. The meeting featured a program of music by members of the school orchestra and soloists conducted by Mrs. W. Osborne and Miss Esther Le Pore, music instructors in the elementary schools.

The Beginner's Orchestra, led by Miss Le Pore played four numbers: The Bright Star March, Clover Leaf Waltz, Rain Drops, and the Crown of Gold Overture. A group of children played 20 short numbers on the Flutophone and the Advanced Orchestra gave three selections, Orchestral Melodias, Selections from March Slav, and a March from Faust.

The choir, made up of seventh and eighth grade students, rendered a series of songs consisting of Beautiful Dreamer, Carolina, Steal Away Italian Street Song, a spiritual Were You There, When Day is Done, a quartet, Lift Thine Eyes, Mary, Harrigan, I'm a Yankee Doodle Dandy, as a suitable finale the assemblage was asked to join in the singing of the Easter Parade. More than 140 children participated in the program.

Mrs. Osborne then explained that some of the children were using instruments provided for in a musical instrument fund started in 1950 by the Parent Teacher Ass'n. After "trial" passing a test of ability, children may make use of available instruments until such time as their parents find it feasible to purchase one of their own. She added that further information would be furnished upon request.

Prior to the musical program and the flag salute the singing of the national anthem, the Rev. Bruce W. Evans, pastor of the Springfield Presbyterian Church, gave the invocation. "The members of the association then voted to purchase an RCA projector for use in the Gaudineer school. Proposals for this other two elementary schools were purchased by the Ass'n in 1950. An additional \$100 was also allocated to the instrument fund to be spent at the discretion of Mrs. Osborne.

Mrs. Harold Bishop, chairman of that committee, gave a report of the survey made of preschool children, conducted for the Board of Education. She said that approximately 167 children will enter Kindergarten in September, 1953.

A nominating committee comprised of Mrs. Alice Rieg, Mrs. Carl Ledig, Mrs. R. W. Hamilton, Mrs. S. C. Goldstein, and Mrs. Charles Heard, was named to present a slate of officers at the May meeting.

Refreshments were served by the second grade mothers.

The veterinary service has been a part of the Army since 1792, when Congress authorized the first mounted troops.

The aboriginal inhabitants of Formosa practiced head-hunting until a few years ago.

Child Theatre Season Closes

The production of "The Golden Lion" given last Saturday afternoon at the Florence Gaudineer School by the Salome Gaynor Theatre for Children brought to a close the children's theatre program for this year.

The three plays, Cinderella, Captive in Seneca Town, and The Golden Lion, were sponsored by the local Parent-Teacher Association. Mrs. Henry Bouchard, chairman of the play committee, announced that "a complete sell-out" best describes the attendance at all three performances, especially the final one when a special program of accordion music was presented during intermissions.

The P.T.A. was commended for giving the children of Springfield the privilege of enjoying legitimate theatre productions.

Mrs. Bouchard expressed her appreciation to the following hostesses: The Mesdames E. C. Johnson, Edward Fuhrer, Werner Doering, A. F. Cunningham, Robert Grant, E. M. Merz, Arthur Vonder Linden, E. E. Arnold, George Rau, Robert Hamilton, Carl Ledig, Charles Miller, Ward Humphrey, Nils Christensen, Lemuel Stevens, H. K. Ostrom, Harold Bishop, Arthur Buckley, E. K. Cook, Charles Heard, Leonard Dodel, Arthur Hoffman, Frank Hoffman, Frank Holler, J. Frank Jakobson, Louis James, Albert Malmstead, A. Warden Murray and John Nleaz.

Garden Topics

By Essex County Extension Service Pruning of shrubs, evergreens and shade trees, in many instances, may be done almost any month of the year if the purpose of pruning is well understood. Where broken branches appear as a result of wind, ice or snow damage, the sooner these are removed before growth starts the better. Other pruning to get out of the way...

Buyers Favor Three Bedrooms

Buyer preference for three-bedroom houses is reported by the Housing Guild, Inc., of New Jersey in its latest sales summary. The firm, dealing in "shell" and "package" home-erectments, has sales centers in Newark, Paterson, New York and on Long Island. It reported that orders for construction of three-bedroom houses in 1953 are running 300 per cent over last year's figures, while orders for two-bedroom dwellings shows no significant change.

TERMITES

are flying again. Watch for "Swarms" of "Flying Ants" which come with Spring, shed their wings, then disappear. These wood destroying insects cause much damage to property. Buildings not protected during construction usually require it later.

We Specialize Exclusively in protection of property against TERMITES and other Wood Destroying Insects.

using dependable engineering methods. We are not simple exterminators. Every job is supervised by an experienced, technical trained, licensed engineer.

We are a New Jersey organization, employing New Jersey residents, and we have served New Jersey property owners success fully since 1935. Our reputation in this field is unsurpassed.

Thousands of references are available in New Jersey—not in some distant state. Our work is GUARANTEED FOR 5 YEARS without additional charge—a one-year guarantee is worthless.

with the flowering and growth habits of his plants is soon able to improve his pruning techniques. Seeds may now be sown in cold frames or started indoors. Compared to hot bed a cold frame must get most of its heat from the sun. If kept covered over the winter until ready to use some heat will come from the subsoil. Heat gets through glass. However, it is important that the coldframe be given extra protection at night to prevent a wide drop in temperature. A mat, blanket or burlap bags placed over the sash will protect the plants on cold nights which slow up germination and check growth of the young seedlings. It is important to prepare a good soil mixture in the frame ahead of time by mixing one part of garden soil, one part of sharp sand and one part of organic matter such as compost, leaf mold, humus or peat moss. This mixture should be screened through one quarter inch mesh wire before placing in the frame. It would first necessitate removing the soil now present under the sash to a depth of six inches in order to have room for the prepared mixture. The soil there now may be reused in the frame. Treating the soil a week to ten days before planting seeds is one method of preventing "damping off" disease which attacks the young seedlings. Formaldehyde liquid is made up at the rate of one part to fifty parts of water and then sprinkled heavy on the soil. Cover the treated soil with burlap bags or heavy paper for twenty-four hours, then remove, open the sash and allow to aerate for five days. Then keep the sash partly open for further escape of fumes. If damping off appears after the seedlings have started to grow you can use one per cent Fernate, or powdered Zinc Oxide...

to-sprinkle along the base of the plants to prevent it from spreading. Seeds will naturally germinate much more readily in cold frames than in the open ground at this time of the year. Gardeners who use cold frames are able not only to have started plants ready to set out in the garden when weather conditions permit. Operation of the cold frame requires careful attention to ventilation. On sunny days the temperature rises very rapidly and unless the sash is raised sufficiently to permit escape of excess heat, the young plants may burn, have inadequate moisture in the soil to wilt or grow stunted. Or they may mildew and get diseases from condensation of too much moisture under the closed sash.

Sports In The Sun Bulldog Track Squad Continues Training Grind

By DONALD ROSSELL

Sports Oddities
The Sports world is an intriguing topic for discussion. It has always been and, we are sure, it will always continue to be. The realm of sports has been the center, and possibly the cause, of some bitter debates, but it can also be quite amusing at times.

For instance, we have been particularly attracted by this business of calling a foul in basketball. They term it a "personal" foul, and yet there really isn't anything personal about it. The official halts the action in a game with a shrill blast of his whistle and singles out the player who committed the violation by announcing his number in an explosive voice. While the player who was caught feels about the size of his thumb, the public address system reveals that "the foul was charged to..."

There is nothing personal about that; the whole crowd is informed of the matter.

And in baseball, the gathering will "hiss" and "boo" anyone who makes a strike—and three as hard if he makes three of them—whereas in bowling, a man who makes a strike is lauded for his achievements, and here again, a dozen times as hard if he makes twelve.

The humor is pretty bad, but you must get the point!

A. A. U. Wrestling
Al Hector, who failed in his bid for the State 106-pound grappling championships recently when he lost a 13-7 decision to Harold Burt of Roselle Park in the sectional final, today is the New Jersey 114-pound Amateur Athletic Union titlist. The diminutive Regional wrestling ace won his title last Saturday night at the Elizabeth YMCA.

Wrestling under the champion Betsytown "Y" banner, Hector pinned Don Ridley of Bound Brook in 3:41 in the opening round and then threw Dan Frezza of Bound Brook in 1:27 of the finale.

Richie Scorse, the Bulldog sophomore sensation, won over Don Orlando of Bound Brook by default in his initial match. Scorse, however, succumbed to Dean Oliver of Rutgers in the final in 1:43. Scorse won the 123-pound sectional NJSIAA crown recently.

All these Regional-over-Bound Brook decisions were revenge for a Crusader victory over the Bulldogs in the regular season.

Recreation Notes
The baseball program of the Recreation Commission got off to a rousing start last Saturday afternoon, when scores of Springfield boys turned out for a clinic featured (Continued on page 9)

With the majority of the starting lineup already set, Regional's baseball team today is sharpening its game as the opening contest, scheduled with Summit here next Tuesday afternoon at 5:30, draws near.

Tony Wojciehowski, regarded as the ace of the Bulldog pitching staff, probably will receive the opening game hurling assignment. Tony compiled a record of three wins and a loss last year.

Surrounding him in the infield will be Ed Ruby at first base, Jack Keith at second, Al Borkowski at short, and Bob Bauer at third.

Ruby will make his regular season varsity debut at the initial sack Tuesday, as will Bauer, at third. Keith and Borkowski, the latter not a regular, saw some experience at the keystone in 1952 and work nicely in the double-play combination.

Two starting outfielders were named, but the final outer patrolman is uncertain. Two off-duty pitchers, Mike Mascaro and Joe Schaffernoth, both of whom were outfielders last year, have been named for two of the outer garden spots, while Dave Moore and Ronnie Holden are battling for the remaining berth.

Of the two open positions in the lineup, the catching department is the least secure. Three, and possibly a fourth, are in contention for the starting call. Pat Venice, Harold Bolick, and Ed Roho have been the most impressive receivers to date, but Paul Jordan could get the nod.

As a batting order, the players will probably lineup with Borkowski leading off, Bauer batting second, Keith hitting fourth, and Mascaro in the cleanup slot.

Wojciehowski, although his pitching may force him to drop to the ninth spot, has batted fifth in the two practice games so far. After that, here again the thing is unsettled.

The Bulldogs had played two training games yesterday and, although both ended in defeat for the locals, Coach Brown was pleased with the performance. Regional dropped 5-1 and 7-4 decisions to Columbia and Weequahic, respectively, this week.

But neither can be used as a criterion of how the Bulldogs will fare, for Coach Brown experimented frequently with different lineups. As he says, "we won't be world-beaters, but we'll have a pretty fair club." That seems to be the general theory around the county, where most of the teams are in the rebuilding process.

Rain has hulled much of the reconstruction efforts, so the quality of baseball at the start of the campaign does not figure to give a real indication of what is in store for the county diamond fadion, which annually observes some of the top units in the state.

As of now, Roselle, Jefferson, Pliny, and Linden are the top rated clubs hereabouts, but there are many dark horses lurking in the shadows, including Regional. Jeff and Linden probably will command the Union County Conference, of which Regional is a member along with Rahway, Union, St. Mary's, Edison, and Hillside. Defending champion Rahway will have to undergo a tremendous rebuilding job in order to challenge this year. Other UCC clubs in the reconstruction stage are Edison, Union, Hillside, and Regional.

In county loop, the Four-

County Conference, Roselle should prevail and Pliny looks like the best of the independent ranks.

Jeff, Linden, and St. Mary's in the UCC have several veterans around which to build their teams. St. Mary's has been confronted by injuries, but if they heal rapidly, the Saints could be a threat.

Returning to the Regional cause, the Bulldogs turned in a

standard of nine wins and six reverses. Included in that mark was a six-game triumph streak, attained at the close of the campaign. In the UCC, Regional finished in sixth place.

Five lettermen—Keith, Mascaro, Wojciehowski, Schaffernoth, and Borkowski—are the nucleus for the current edition of the RHS nine. Two prominent players of last year—Charlie

Schaffernoth and Bob Thwaites, are not with the current cast and both will be sorely missed. Schaffernoth will enter his second year of professional baseball soon, while Thwaites is in his first year in college.

Local 7th-Graders Rip Kenilworth 5

Off the result of Monday night's basketball game between the seventh grade teams of Springfield and Kenilworth in the latter community, the local school system should be in line for its first Regional Grammar School cage tournament championship next year.

Sponsored by the local recreation commission, the Springfield seventh-graders ran roughshod over the hosts to the tune of 56-23. Al Parker, with 24, and Henry Ruban, with 16, paced the local cagers to the overwhelming success.

For Kenilworth, Pete Herman, brother of Regional's court star, Judd Herman, led the scorers with 10 points.

Springfield seemed to improve as the game progressed. It held a 10-2 lead after the first period and expanded the margin in every quarter thereafter. After succeeding stanzas, the locals commanded leads of 20-8, 36-14, and 50-23. It was hardly a contest.

The box score:

Hershey's Five Assumes Pin League Leadership

Carpenter Steel	35	51
American Legion	27	60

Hershey's Ice Cream, winning two from Doyle's Esso, took a one-game lead over Nelson's Texaco in the Springfield Bowling League last Monday night. Nelson's lost the odd game to Battle Hill.

Springfield Market dropped two to Community Shop and fell back into a tie for third with Rau Five, which won two of three from Carpenter Steel. In the other battle, Bunnell Brothers won the odd test from cellar-dwelling American Legion.

Art Mutschler's 223 was the highest game of the night and Charley Kirk had a 230. Wayne Pieper a 211, Bill Walker a 209, Harry Volz a 207, Dick Bednarik a 205, Gene Rau a 204, Tony Rillo a 202, and Bill Larsen a 200.

Cindermen Work On Perfection Of Various Skills

Perfection of the various skills pertaining to the sport has been the order of the day this past week, as the Regional track squad prepares for its initial outing on Wednesday, April 22, with Linden invading the local oval.

Rain has interfered frequently in previous cinder workouts, and the week-long Easter recess of RHS will be a blessing to Bulldog coaches, John Brown and Ed Ruby. The mentors expect to conduct all-day practice all next week.

New candidates for the various positions popped this week. Vin Altieri, the regular yearling broad jump specialist last year, has added the sprint to his efforts and joins Ronnie Hurlshorn and Chet Boyer in this category. Vin will continue in the broad jump with puncewer Bill Rivers. George Schwarz is a good bet in the half mile.

The latter has been impressive as a desperately-needed quarter-mile, where the coaches still have a problem in acquiring depth.

Dick Applebaugh has combined with letterman Ed Meeker to form a top-notch mile team. If this combination holds up, the mile difficulty is solved.

In the sprints, three boys have been outstanding. Emil Fritz, with only one week of training has passed 40 feet with the stopwatch and freshman Curt Mevz has impressed in the javelin toss. Holdover Bob Hubinger will figure prominently in the discus.

The pole vault crew, consisting of Art Curtis and Harris Rawicz, has surpassed the 30-foot mark, with the former vaulting about 11 feet. Art is expected to be able to top 22 feet this season, because he topped 11 feet in the State meet last year.

Ron Jones and Pete Witkowski, two holdovers who came on with a rush towards the end of the 1952 campaign, again will be the top aspirants in the hurdles, although Judd Herman, a letterman, has not made his first appearance at practice. In Judd, the Bulldogs have one of the county's top-high-jumpers and that class sees set with Hurlshorn providing the insurance.

The emphasis has been primarily on conditioning to date, but it soon will expand into the different events, with each going its separate way.

Local Pistolmen Meet
W. Orange No. 2 Sunday
The Springfield Revolver Club will engage in a North Jersey Revolver League match at West Paterson this Sunday afternoon at 1:30 p.m. The opponent will be the West Orange No. 2 team.

Last Sunday morning's intra-community contest between the Revolver Club and the local Police Department team resulted in a triumph for the former.
