## "Heart Sunday" Drive To Ring All Door Bells

Springfield will turn out its full force of volunteer solicitors to ring door bells in all parts of the Township this Sunday in a "Heart Sunday" appeal for the New Jersey annual heart fund appeal, it was announced today by Mrs. Amy Bandomer, chairman of the local drive.

Chapters of the Heart Association throughout the nation are sponsoring house-to-house solicitations, which Mrs. Bandomer says will be the most intensive canvass ever held by Heart Fund campaigners.

Additional volunteer workers were announced yesterday by Mrs. Bandomer with Alfred J. Mosler taking charge of the solicitation of business places. Other volunteer workers who have been added to the long list of volunteers for this Sunday's appeal are: Mesdames E. R. Heller, F. J. Manbeck, G. D. Keppert, J. W. Phelps, D. Kurtz, M. E. Kestenberg, R. W. Waters, G. V. King, H. Simpson, A. Robinson, W. J. Thompson, R. T. Bunnell and Miss J. Mitchell.

In most localities, four hours are being set aside during the afternoon hours for the Heart Sunday effort. With the average local campaigner scheduled to make from 15 to 25 neighborhood calls.

The "Heart Sunday" canvass and follow-up during the ensuing week will mark the high spot of the Heart Association's February drive. Mrs. Bandomer expressed the hope that a large part of our goal will be met by contributions during this intensive period. She stressed that "persons who by oversight may not be enthusiastic personally may make their contributions to the Heart Fund by simply addressing the envelope.

## Marine Flies To New Post With Fleet

Pfc. George R. Underwood

Private First Class George Robert Underwood, USMC, left on Saturday by plane for duty in the Mediterranean as security guard with the Admiral of the 6th Fleet. Underwood is the son of Mr. and Mrs. John J. Underwood of 12 Edgewood avenue.

He is a 1932 graduate of Regional High School and attended Upsala College for a year. He was swimming instructor at the Y Camp at Lake Killbuck this past summer. Pfc. Underwood entered the service on September 10, 1953.

## Parking Meters Up On Five Streets

A total of 48 parking meters have been installed in the town of Springfield, according to Chief of Police Albert A. Sarge. They are located on Morris avenue, Mountain avenue, Plover avenue, Main street, and Center street. A fine of \$1.00 will be levied on violators of the parking ordinance.

Money deposited in the meters is collected by the police department and taken to the bank where it is counted. Chief Sarge said in an interview Tuesday that the meters are already easing the parking situation in the town. He also pointed out that there will be no parking within a zone of an intersection. The city in these areas will be painted yellow. The police will also crack down on motorists who avoid paying for parking in cross-walks.

Chief Sarge remarked that it is cheaper in the long run to put a nickel in a meter than it is to pay a \$1.00 for violating the ordinance.

Binder and Mrs. Leo L. Andrews Jr., chairman of the Boy Scout Drive, as Aunt Jennina takes care of the flipping of flapjacks at the griddle. (Left picture by M. S. Fox)

## Bonadies To Head Drive For Red Cross

Vincent J. Bonadies has been appointed to head the local Red Cross Fund Drive, it was announced by Edward A. Murdoch, chairman of the Springfield Chapter.

Bonadies has resided in town for seven years at 12 Sherwood road. He is a graduate electrical engineer of the Newark College of Engineering and a former instructor of engineering at Temple University. He is President and Chairman of the Bond Electronics Corporation of Springfield and a member of the Institute of Radio Engineers. Bonadies is currently active in the Boy Scout Fund Drive and the Heart Drive. He is the newly re-elected President of the Democratic Club, President of the 4th of July Committee and Industrial Chairman of the Chamber of Commerce.

Assisting Mr. Bonadies in the Fund Drive will be Mrs. Billie Mandl of 141 Hawthorne avenue, residential chairman and Julian Sarokin of the Springfield Sun as business session chairman.

The quota for the Fund Drive throughout the U.S. is \$45,000,000. Of this total \$39,000,000 has been determined as the need for the national organization to carry out its basic responsibilities in the armed forces, both here and abroad; in disaster relief; in service to chaplains and in the Blood Program; as well as to fulfill its international obligations. By the end of 1954, the Red Cross will have made available to the public, through the Office of Defense Mobilization, more than \$1,118,000,000 of gamma globulin.

**Called To Jury Duty**  
Mrs. Gertrude E. M. Douglas, 229 Morris avenue, Miss Viola M. Bigler, 330 Morris avenue, and Alexander J. Rae of 19 Country Club lane were notified this week to serve on juries in the county courts, serving on panels between next Monday and February 27.

Over 150 Boy Scouts, Cubs and adults attended the annual breakfast in the Presbyterian Parish House Saturday morning which marked the beginning of the Scout Fund Drive. Workers immediately started on their rounds for solicitation of money and the report that evening showed a total of \$916 collected.

This amount, according to Mrs. Leo L. Andrews Jr., chairman of this year's drive, does not represent the complete total since many of the workers had not reported in at the close of the first day's solicitation.

Those workers who did not make returns on Saturday are urged by the chairman to make all returns during the week to their captains, so that final reports can be made to Mrs. Andrews at 450 Meisel avenue by Sunday.

Mayor Albert G. Binder was one of the invited guests and helped get the drive started with a short talk to the Scouts and workers. William Jensen was master of ceremonies and the following

Scout officials attended: Edward Clark of Elizabeth; Benjamin Van Dousen of Union, and George C. Freeman, Harold C. Bunting, Frank Laimendola and John Schwanhauser of Springfield. Colors were presented by Boy Scout Troop No. 70 and Jack Dalton led in the Scout prayer. For the evening to mark the return of the workers, members of Troop No. 73 presented a skit with John Aggar in charge.

The following are in charge of the 1954 Scout Drive: Chairman, Mrs. Leo L. Andrews, Jr.; Co-chairman, Mrs. Edward Murdoch. Majors—William Jensen, Steve Schmidt, Vincent Bonadies, Charles Quinzel, George Marchet, Jack Dalton.

Breakfast Chairman—Mrs. Charles Miller. Committee—Mrs. Allen Tonkin, Mrs. John Bradley, Mrs. Lucien-Fretault, Mrs. Alfred Bowman, Mrs. A. D. Gerber, Mrs. S. M. Hottlinger, Mrs. Paul Muller, Mrs. G. W. Rupp, Mrs. A. F. Von Der Linden, Mrs. Louis Soos.

## Candidates For Postmaster Checked By Civil Service

The official naming of a postmaster for Springfield will probably be delayed again, according to rumors about the Township Civil Service Commission's recent several days in Springfield interviewing all the applicants for the postmastership who had taken the civil service examination as well as some of the leading citizens in the Township regarding the candidates for the post office job.

A list of the grades made by the applicants was made public in a telegram from United States Senator Robert C. Hendrickson which showed Abel V. Del Vecchio in first place with William H. Corby second and Edward C. Tidabach third.

According to Senator Hendrickson's telegram a protest was filed appealing the ratings. The report this week was that one of the applicants, who could not be named because he had not been a resident of Springfield the required time, protested the ratings now that he has been in the Township long enough to be eligible. This candidate is said to be a disabled war veteran and his request to re-certify the list was a valid one and the interviews during the last week-end may probably make some changes in the ratings.

Appointments can be made from any one of the top three but the recommendation must come from both United States Senators or the representative in this congressional district.

## Volunteer Firemen Plan Dance Feb. 27

The 48th Annual Dance of the Springfield Volunteer Fire Department will be held on Saturday evening, February 27 at the Chateau Ballroom at 9 o'clock. The affair will be under the guidance of Volunteer Bob Smith, chairman and Robert Marino, co-chairman. The Volunteer Fire Company extends to all a hearty welcome and invites all to enjoy an evening with the firemen. The money raised from this dance is the major source of income to the Volunteer Fire Company. This is a necessary income to enable the Company to carry on its work for another year.

Over a period of years the Volunteer Company has used its funds to purchase the following equipment for its company: The hose truck, the light unit, the jeep, the resuscitator hand equipment, new uniforms for the volunteers, blue car lights, car shields, badges for the commissioner, honorary members, exempt members, life members. ## Metered Parking Officially In Effect Feb. 24

## Newberry And Miles Shoes To Come Here

News concerning the shopping center at the corner of Morris, Main and Plover earned front page position with the re-painting of a sign at that spot announcing six of the concerns already signed to leases.

The sign shouts that it is the new home of the Grand Union, J. J. Newberry Department Store, Morey-LaRue Laundry, Miles Shoes, Royal Bakery and Park Drugs.

The right side of the sign informs the reader that there are some more spaces available. The sign further states that the center will be ready for Summer occupancy.

The J. J. Newberry Department Store is reported to be planning one of the most modern self service variety stores in the nation. They are excellent merchandisers and are expected to help attract many shoppers to this center. Miles Shoes is another nationally known store and reports have it that Royal Bakery and Park Drugs will add considerable to the shopping center.

No indication was given when the actual ground breaking would take place but the agents for the center insist that the Grand Union, Newberry and Morey La Rue Laundry are aiming at midsummer openings.

An ordinance relating to the regulation and control of the use of parking meters was adopted on first reading at a meeting of the Township Committee held last night at Town Hall.

This ordinance will pertain to all the areas in which meters have been installed which includes Morris Avenue, from Linden Avenue to Saller Street on the southwest side and from Black's Lane to Morrison Road on the northeast side and portions of Mountain Avenue, Center Street, Main Street, and Plover Avenue.

One cent for 12 minutes, five cents for one hour are the set fees for metered parking with the same no parking restrictions in effect. Violators will be charged a one dollar fine subject to further penalties on the failure of vehicle owners to make such payment.

A written proposal for the re-districting of election zones was submitted to the Township Committee by the Republican County Committee. Based on the rapid growth of Springfield, the plan called for ten election zones instead of the present six and would better balance the zoning as it now stands. However, the committeemen could take no definite action due to the fact that it would take considerable time to study the plan, effect an ordinance and submit it for approval to the County Board of Elections by the March 1 deadline. The town committee also pointed out that the new survey under way by the planning engineer towards possible rezoning might alter the county committee's plan considerably.

Patrolman Andrew Eckert was promoted from 3rd class patrolman to second class. Fireman Ronald T. Johnson was promoted to second class fireman.

## 3 Incumbents Win Easily In School Board Election

BOARD OF EDUCATION ELECTION RESULTS			
	Chisholm School (Dist. 3 & 6)	Caldwell School (Dist. 1, 2, 4, 5)	Total
Lewandowski	147	107	254
Smith	175	278	453
Hale	180	299	479
Haas	147	275	422
Total Registered Voters—5,191			
Total Voters this Election—634			

Robert G. Smith, Clifford G. Hale and S. Bryant Haas, all three incumbents, easily won Tuesday's elections for the three vacancies on the Springfield Board of Education.

Mrs. Genevieve Lewandowski, lone woman candidate, failed in a determined bid for a place on the school board in a spirited campaign that gained considerable momentum in the last few days of the campaign. The 1954 school budget was approved by a wide margin.

Dr. Hale was high man in the final vote with 479 against 453 for Smith and 422 for Haas. Mrs. Lewandowski polled a total of 254 votes, 147 of these being in the Raymond-Chisholm school, where voters of Districts No. 3 and 6 cast their ballots. She equaled the number of votes for Haas in this polling district, Smith getting 175 and Hale 180.

Mrs. Lewandowski couldn't match the other three candidates in the James Caldwell School, her total there being 107 while Hale received 299, Smith 278 and Haas 275. The three winning candidates ran practically as a team, there being very little difference in the number of votes cast for the victors.

Mrs. Lewandowski, who received her baptism of political fire in this election, accepted her defeat with the statement that she "wants to thank all those who cast their ballots for me and those who worked in my behalf. I congratulated Dr. Hale and Mr. Haas as soon as I learned the results and hope to extend my best wishes to Mr. Smith today. I am not disappointed and my personal services are available for anything for civic improvement."

## Morris Ave. Merchants Ready for 6 Day Sale

Springfield's big six day sale from Monday, February 22 to Saturday, February 27—is ready for the "kick off" with the arrival of all the colored pennants, store signs and street banners to be used in promoting the event.

The pennants and colored signs will be distributed to all the participating stores next week so that the displays can be arranged for the six-day sale.

Announcements, calling attention to the six-day event, will be delivered to every home in Springfield and the merchants are preparing their stocks to attract the shoppers throughout the entire week of the sale.

## SPRINGFIELD MERCHANT —VS.— SPRINGFIELD SHOPPER

There has been considerable talk in Springfield in an attempt to explain why some people—residents of the Township—do not shop here.

The merchant insists that he can match out-of-town stores in the matter of price and quality—and service. The shopper who has been by-passing Springfield and spending her money in other communities, insists that she has a good reason for shopping elsewhere.

Both the merchant and the shopper give traffic, the parking problem and parking meters as one explanation. All these are true of other municipalities—they all have parking problems, parking meters and traffic.

Here is a chance to get both the shopper and the merchant together. The six day sale—February 22 to February 27—sponsored by the merchants and the Chamber of Commerce—should bring every potential shopper to Morris avenue during that week.

The merchant will be trying to prove that he has everything the competitors have and the shopper should be able to realize that quality products can be had at the right prices right here in Springfield.

This is a good time to prove everything. Let the housewife make up her shopping list and try the local merchant during that week. Perhaps, it will save her time in traveling, and acquaint her with the local store keeper who would like to keep those dollars in Springfield.

## Name Local Man School Official

Carl T. Helmers, an accountant with an office at 8 Plover avenue, was recently made Secretary of the Hanover Park Regional High School District. This district takes in Hanover Township, East Hanover and Morham Park Borough.

Mr. Helmers, his wife, the former Margaret Anderson of Maple avenue and their three children, Kristin, Carl Jr. and Peter reside in Morham Park. Mr. Helmers is past president of the Springfield Rotary Club.

## Police To Start Dog Census Soon

The annual house to house dog census will soon be underway according to Chief of Police Albert A. Sarge. Dog owners are urged to have their dogs licensed before the census starts. Licenses may be obtained at the police station. It is against the law to have an unlicensed dog in the town of Springfield. It will be the duty of the census taker to report all violations of the law.

## ON THE SUNNY SIDE

The hopes and goals of Brotherhood Week were somewhat dimmed during the past few days in Springfield because of a vicious, sleazy, insidious telephone campaign waged on behalf of candidates for Tuesday's School Board election. The fact that it was a Board of Education election makes this all the more loathsome, detestable and despicable; and those who were responsible for this hate campaign—and those who participated in spreading this particular brand of electioneering will stew in their own consciences if they have any.

We're not pointing any accusing fingers—and it isn't important just who was responsible for releasing the stench—but there is no place in any election for bigotry and intolerance. And this is especially true in a School Board contest where there are no political party lines, no Republicans and no Democrats.

But what made the whispering campaign—this vile telephone drive—so sickeningly abhorrent was that the plea for support not only pointed at party affiliation but the hate spilled over into religion.

The usual rule for a newspaper is to be looking out of the window when such stories begin to come across the desk but we cannot emulate the ostrich this time because there were so many instances of spreading hate by telephone and the little poison gremlins became hysterically brazen as Tuesday's election neared.

Perhaps, in good taste, we should have ignored the whole thing and, now that the election is over, just charge it to aggressive campaigning. But towns like Springfield are the bulwark of America—where living close together, we don't have to worry about brotherhood problems. Springfield has set a heartening example. We all DO live together, bowl on the same team, swap the same trivial gossip, share our private and civic problems. We, in Springfield, have been living together—real brotherhood in action. . . . And this is the first instance we have had of any question about our being able to actually practice brotherhood.

Those whose lips dripped with hate as they made their venomous telephone calls will get very little comfort when they sit down and search their own souls for a good and valid reason. All that might come out of this is that it will act as a deterrent for any other civic minded resident who might be considering running for an office.

And a municipality, growing as rapidly as Springfield, needs every bit of talent men and women with "know how," the best equipped citizens to help guide the Township, the Board of Education and other departments during these very important years. Don't let's discourage this talent!

Simmer down, folks, and be calm, for that spate of wild rumor about a store in Springfield has been definitely labeled as pure bunk.

So if your eyes popped and you did a double take when someone whispered the startling report that the store at 727-763 Morris Turnpike was to be converted into a science lab for secret research, you can forget it. Rumors ranged from declaring the research to center on the mating instinct of the pink orthopterous to a radar project to seek contact with Mars.

As one Springfield lady said, "How silly can we get?" For in spite of all the "buzz-buzz" and rumor by "those in the know", Safeway Stores, Inc., which occupies the building with a large glamorous food market, says they expect to be doing business at this location for the next fifty years, or more. J. Dudley Weymer, New York Distribution Division Manager of Safeway, assured our reporter that this is NOT a rumor.

Who is responsible for the tall tales about the store's future, is a mystery. "But the facts are", says Mr. Weymer, "there isn't a shred of truth in any of them. We'll still be in the grocery business at our Springfield location when the new-born generation are old men."

In the meantime, it has been suggested that Safeway alert the National Audubon Society that they may advise bird-watchers to look for a rare "bird" in these parts. It's called the needle-beaked gossip hawk which often hangs on telephone wires and gives vent to a shrill nonsensical note best described as "yakety-yakety-yak-yak."

There are those who are able to discover some lulling melody in a set of financial figures and there are those who like to elbow their way through the rather bewildering maze of annual budgets, just to look for hidden items.

The annual budget for Springfield, with its rumbling tax rate, estimated at \$8.94—which is better than par for the course—is being hawked by the disgruntled, and the sirens have already started shrilling.

The fact that the school expansion program in Springfield accounts for 68 point rise for 1954—and that services for local purposes will cost John Q. Taxpayer only 11 points—won't muffle the objectors. When the public hearing is held on the annual budget, the Township Committee can expect to answer some questions—some of a frivolous nature but all of which will call for explanation.

For instance, the budget includes figures of \$3,000 for flood-control salaries and wages, and other expenses, under the same heading, of \$1,000. They will probably ask where is \$4,000 worth of flood control in Springfield. The garbage removal item—which has been the cause of considerable wrangling between the merchants and the contractor, shows an increase in the 1954 budget with the amount available for this service at \$39,000 as against \$35,000 for last year.

The chief target in the new budget will, no doubt, be the provision for a salary increase for members of the Township Committee which brings the annual pay as a member of the governing body from \$600 to \$1,000. This salary increase is in accord with the report of the Joint Legislative Committee to Study the Effect of the 1950 Census.

Even though this increase in salaries is provided for in the budget, it gives the Township Committee an opportunity for a fine bit of public relations in face of the demands being made on the taxpayers for Springfield educational expansion.

It is not within our province to make any recommendations on what should be done with this salary increase but it would take the wind out of a lot of critics. There is nothing like an aroused citizenry and there is nothing

that will build a fire under them quicker than increased taxes and increased salaries in the same budget.

While we're in this mood—we would like to make some comment concerning a move to ask the Township Committee for some action to prohibit the flying of model airplanes. It seems that the noise of the little motors disturbs some of the aesthetic and temperamental souls who are still looking for that "oasis for jangled nerves." Kids—and even the grown ups—find fun, relaxation and sport in playing with these little one cylinder gadgets. We're certain there are more important problems.

If some one mentions an historical society meeting, you would immediately look for a stodgy, stuffy-duddy evening but the Springfield Historical Society, recently organized, has come up with an interesting format. This is due, in a great measure, to Magistrate Henry C. McMullen who was elected as the first president and who conducts the kind of a meeting that makes you want to come back for the next session.

Judge McMullen wasn't frivolous in his handling of that meeting but there was a light touch in the conduct of parliamentary procedure, all of which made for a very interesting and pleasant evening. Historical subjects can be presented without dusting off too many boring facts and those who attended that meeting were pleased enough to say they will definitely be back for the next quarterly session.

As evidence of the interest in the history of Springfield, announcement was made at the meeting that there are over 130 charter members—paid up members in the new local society.

The Springfield Police Department has opening for more patrolmen, according to Chief Albert A. Sorge. Which immediately brings to mind the case of Special Officer Ernie Kallens who has been doing duty for about 15 years.

But, and it's hard to understand this, HE IS NOT A REGULAR MEMBER OF THE POLICE FORCE. He isn't eligible for any of the benefits—he just doesn't belong.

If Springfield needs three more members to be added to the police force, why not find some way to circumvent the age rule and appoint him as a regular. His service certainly rates some consideration.

A very special kind of army marches Sunday afternoon—here and in many communities throughout the country. Armed with 1954 Heart-Fund literature and brown manilla envelopes for your contributions, it will consist of public-spirited citizens canvassing in their neighborhoods on Heart Sunday—the highpoint of the Heart-Fund Campaign.

The importance of the Heart Sunday army and its aims is underscored by this startling contrast:

From 1775 through 1945, battle deaths among the nation's armed forces (including the Confederate army) totaled 345,234.

In a single year, 1952, heart and circulatory diseases were responsible for 771,000 deaths, or more than twice the number of those killed in action throughout the nation's history.

The gift you insert into a Heart Sunday envelope Sunday afternoon will be used to support research looking toward discovery of the causes and controls of heart diseases; it will aid public and professional education, and through community heart programs it will help advance the welfare of the nation's 10,000,000 heart sufferers.

The major portion will support local and state heart programs, with the remainder going to advance the program of the American Heart Association.

It is our hope your response will be generous, and that you will welcome the Heart Sunday volunteers into your home. They are the emissaries of hope—hope that medical research, education and community programs will ultimately supply the answers to the heart program.

Welcome Your Heart Fund Volunteers on Heart Sunday, February 14.

### "Lie, Steal, Drink and Swear!"

That motto was used 50 years ago in the weekly Warton (Ontario) Echo. Under the motto was the editor's explanation: "When you lie, let it be down to pleasant dreams; when you steal, let it be away from immoral companions; when you drink, let it be pure water; when you swear, let it be that you will support your hometown paper, pay your subscription, and have your printing done locally. To all of which we add a loud 'Amen!'"

## It's Easy, If You Know Right People

Springfield's contribution to the New Jersey State Police—Sgt. Walter Heckmann, who lives at 188 Short Hills avenue, helped guide local visitors to Trenton for the organization meeting of the State Legislature recently. Sgt. Heckmann not only served as personal body guard for Gov. Alfred Driscoll at the ceremonies but also helped some Springfield residents obtain seats.

Magistrate Henry C. McMullen drove a party to Trenton on that occasion which included Mrs. McMullen, Mrs. Eleonore Worthington and Mrs. Charles F. Beardale.

They were caught in the traffic jam, entering the Senate chambers, but Sgt. Heckmann rescued them and, to the surprise to every one except the sergeant himself, provided seats for the entire Springfield party.

**HERE'S ONE WAY TO MEASURE PROGRESS**

**PUBLIC SERVICE**

**PUBLIC SERVICE OF A GREAT STATE BELIEVES IN THE FUTURE AND PROSPERITY OF NEW JERSEY.**

The continuing progress and development which characterizes New Jersey is reflected in many ways. You see new homes being built in many areas . . . you observe the growth in new factories and new shopping centers . . . all around you is evidence of the prosperity of this great state.

One way to measure this steady growth is by noting the number of customers which are served in this area with Public Service gas. During 1953, for example, a total of 1,039,886 gas meters were in service, as compared with 1,023,434 gas meters during 1952. And to illustrate how this growth has progressed over a ten-year period, it is significant to note that the number of gas meters in service has grown more than 21 per cent since 1944. All around us we find signs of healthy, steady growth and expansion. Public Service is proud of the part it is privileged to play in this continuing record of progress.

## Local Donations To Palsy Net \$433.02

Springfield residents have donated \$433.02 to the United Cerebral Palsy League as a result of the telephone held by the league on December 12 and 13. Mrs. Charles E. Bronson, executive director of the Cerebral Palsy League of Union County, has announced that although the amount pledged has been passed, there is still \$2,000 in pledges to be collected.

Mrs. Bronson expressed satisfaction at the response of Union County residents. She ventured the opinion that the response was largely due to the fact that so many people know that 75 per cent of all the funds collected locally are used for the physical, occupational, and speech therapy work at the Corcoran Palsy Center in Elizabeth. The balance is used by the national headquarters for research, training, and allied purposes.

## D.A.R. Active In Educational Work

It is well known that the main activities of the Daughters of the American Revolution are historical, patriotic and educational. Less well known is the fact that as part of its educational program the National Society owns and operates two schools for underprivileged boys and girls, and contribute substantially to eleven others.

The two DAR owned and operated institutions are the Kate Duncan Smith School, a day school in Gunt, Alabama, and Tamassee School, a boarding school in the mountains of Tennessee. Both provide a broad program of studies including the arts and sciences, crafts, and home and farm management for children who would not normally have an opportunity for education.

SUNDAY FEBRUARY 14

### Woman's Club News

One of the most interesting and successful club nights was held on February 8 in the James Caldwell School when our club was hostess to leading members of our community. Presidents of each civic, social and religious organization in Springfield and his or her guest were invited to attend this meeting. Mrs. Edwin Davenport was the originator of the "Community Guest Night" idea and with the cooperation of her committee a splendid program was arranged. Her committee included Mesdames Niles Christensen, William Cosgrove, Robert Hayes, Charles Heard, Adam La Sota, Charles Phillips, Jr., and Lemuel Stevens.

An excellent speaker was secured for the program, Mr. Clarence Moser, Associate Executive, National Field Staff of the Y.M.C.A.

The meeting was presided over by Club President, Mrs. Merton D. Williams, who extended greetings to the visitors. The regular business meeting followed: Three new members were received into the Springfield Woman's Club: Mrs. Victor Brink, 12 Tower drive, Mrs. William Vincent, 174-Baltimore avenue, and Mrs. Daniel Donovan, 103 Edgewood avenue. They were welcomed into the membership by Mrs. Carl Ledig, membership chairman. Civics Chairman, Mrs. John Pitney, introduced three of the candidates for the School Board positions. Mrs. Genevieve Lewandowski, Mr. Clifford Hais and Mr. Robert Smith were present and the fourth candidate, Mr. Bryant Hess, was out of town on business. Mrs. Frank Holler, nominating chairman, requested nominations for members to serve on her committee and the following women were selected: Mrs. Eric Pedersen, 238 S. Springfield avenue, Mrs. Howard Hoerwag, 27 Lewis drive, Mrs. Russell Post, 115 Satter street, and Miss Evelyn Porter, 73 Flermer avenue.

Mr. Moser's topic for the evening was "As the Twig is Bent." He stressed the point that every child needs friends of all ages and that the community as a whole must be helped to increase its positive regard for children. Characteristics gather around youngsters at different ages and we must recognize them. We must try to understand what a child is trying to do for if we are to help a child to grow up we must understand him. People become what they are through the various experiences in their back-

ground so let us, as parents and friends of children, try to provide the right kind of experiences and activities for them.

These are but a few of the ideas projected by Mr. Moser. His entire talk was down-to-earth, interesting and enlightening.

Contributing to the success of the affair were several civic committees. Mrs. Carl Ledig and her workers including Mrs. Paul Weis, Mrs. Charles Heard and Mrs. Charles Miller made name cards for all the guests and distributed them. Mrs. Christian Anderson and her Garden Department were responsible for that gorgeous table centerpiece composed of red carnations and white snapdragons. In keeping with the Valentine theme of the table Mrs. Watta Chapin and her committee very thoughtfully planned refreshments which consisted of valentine decorated cupcakes, tea and coffee. Red and white napkins added color. In addition to Mrs. Chapin, the Hospitality Committee included Mesdames Albert O'Neill, Arthur Dausser, Bruce Cameron, Joseph Rile, Ralph Lindeman, Bertram Fahn, Mrs. George Rau, club corresponding secretary, was in charge of sending out the invitations to the guests.

Mr. Eric H. Peterson, Jr., Union County Agricultural Agent, will discuss "Preparing Garden Soil" at the next meeting of the Garden Department on February 18th at 8:00 p.m. at the home of Mrs. Harold Edsall, 2995 Audrey Terrace, Union.

The 38th International Flower Show will be held this year in the Kingsbridge Armory, Kingsbridge road and Jerome avenue, Bronx, New York, from March 7th through March 13th. Members of the Garden Department are planning to make several trips to the show and will be pleased to accommodate anyone desiring to go with them. If interested, please contact any Garden Dept. member or call Mrs. Christian Anderson, 32 Lyon Pl., at MI. 6-1363-M. A 3000 space parking lot and a restaurant in the armory will be provided for the convenience of visitors to this year's show.

The Civics Department, under the leadership of Mrs. John Pitney, will meet on Tuesday, February 16th at 8:15 p.m. at the home of Mrs. Amy Bandemer, 541 S. Springfield avenue. Plans will be formulated for a meeting to be held in the Springfield Library on Thursday, February 18th at 8:00 p.m. At that time, the Civics Department will lead a discussion on the subject, "Is a United Solletting Campaign a Possibility in Springfield?" Guests will include campaign chairman and other interested parties.

The By-Laws Revision Committee will meet on February 17th at (Continued on page 8)

## YOUR HEART FUND!

### HEART SUNDAY

WELCOME YOUR HEART FUND VOLUNTEER ON HEART SUNDAY, FEBRUARY 14TH

Welcome Your Heart Fund Volunteer on Heart Sunday, February 14.

This is something more than a catch-phrase. The public-spirited citizens who will make a house-to-house canvass Sunday, February 14, in behalf of the 1954 Heart Fund deserve not only the warmest welcomes in the homes they visit, but also a full measure of acclaim for their selfless expenditure of time and effort in the furtherance of a worthy cause.

Heart Sunday brings to everybody's attention, at one time, the need to combat diseases of the heart and circulation. By the same token, it gives the entire community a chance to participate.

Mechanics of the plan are simple: The volunteer merely rings the doorbell, greets her neighbor and presents a Heart Sunday envelope in which the donor may enclose a contribution. The contributor is to seal the envelope, and the volunteer is to leave a signed thank-you acknowledgment. It is as simple as that.

Great and laudable are the objectives of the Heart Fund; first and foremost, through research it seeks to find the causes and new methods of prevention and treatment of diseases of the heart and circulation which are responsible for 771,000 deaths yearly. Beyond that, the Heart Fund makes possible vitally needed professional and public education and community heart programs.

SCOUT WEEK - our 44th Birthday, February 7-14th.

Window Displays - All Units should secure window display commitments early.

Religious Observances - Scout Week has always emphasized the importance of religious beliefs in a boy's life.

Scout Sabbath was on Saturday, February 6th.

Scout Sunday was on February 7th. Attend Religious Services in uniform body where possible.

A Scout should never be expected to attend any Religious institution but his own.

Boys in uniform can serve as ushers, etc., in most situations.

Wearing of Uniform - All over the country Scout Anniversary Week is the time for boys to wear their uniforms all week long.

Unit Affairs - Whether an Open House, a Cub Blue and Gold dinner, a Parent's night, etc., Scout week is your time to "put on the juke" and bring hosts of persons into your fellowship.

Leadership Recognition - Scout Week is the perfect time for giving a good "pat on the back" to all leaders who have been doing such good jobs.

Recruiting - Enough said - This is our greatest opportunity to bring new boys into the Scouting program.

Radio, TV, and Newspapers - They will be loaded with Scout tributes during Scout Week.

Mr. Frank Heller, CM of Pack 171 from Springfield, was in charge of the 2nd session of the Cub Leaders' Training Course.

Following the Opening Ceremony, a song led by William Jensen. The welcoming of the group and introduction of the Session Leader by Harry Holder.

The film subject was "Cub Scout Program Planning." John Neisz and William Jensen alternating with the narration, and Harry Monroe operating the projector.

After the film the group were divided into dens, and some very interesting reports were turned-in on the film subject.

Chairman Heller summed up the session with a very impressive talk on Boy Interest, followed by Cub Scout Benediction led by Co-ordinator Holder.

Assisting the chairman were, Mrs. Rose Miller, Handicraft chieftain; Mrs. Edward Gerber, DM No. 5; Mrs. Paul Muller, DM No. 1; John Neisz, Advancement; Harry Monroe, DD No. 11; and William Jensen, PC, all from Pack 171.

Your Library

In the Springfield Free Public Library, there is one member of the staff who goes about his work so quietly and efficiently that few readers ever see him.

He is Donald B. Palmer, who is the Curator of the Historical Collection and Custodian of the New Jersey books.

Labels which he carefully types after examining the objects, explain the purpose for which it was used. Often they give interesting details about the donors, or explain their historical connections with the older inhabitants of the town.

Recruiting - Enough said - This is our greatest opportunity to bring new boys into the Scouting program.

Robert Deller, 16, of Shunpike Road was given a \$14,000 settlement approved by Judge Richard J. Hughes in Superior Court against the Baltusrol Golf Club.

Deller suffered a fractured skull when he was struck by a golf club. According to testimony, the boy was hit by a putter thrown by another caddy at a third boy.

Many legal questions are involved according to John F. Ryan, representing the golf club. Deller was not a regular employee of the club but was at the caddy house on the day of the accident.

The award provided \$10,000 for Deller and \$4,000 for his father to cover medical expenses.

The award will be a gala one and is open to everyone - not only to club members. So invite your friends to get your party together and make it a date for the 12th.

Don't forget the St. Valentine's Dance on February 12th at the Hotel Suburban, Summit.

The Membership Committee, Mrs. Carl Ledig, Chairman, will honor new club members at a tea to be given in the Presbyterian Parish House on Saturday, February 20th at 3:00 p.m.

Those club members who have joined our club since last June, Mrs. John Bradley, Mrs. William Goltz, Mrs. William Allen, and Mrs. Paul Weiss are the members of the Committee sponsoring the tea.

Thirty traffic violations were processed by Magistrate McMullen with penalties totaling \$314. Among those arrested were: passing stopped school bus, Nageob Abbott, 767 Springfield avenue, Summit, \$10; stop street violation, Junius Jones, 41 Chestnut avenue, Summit, \$5; speeding, Jacob Green, Jr., 83 Franklin place, Summit, \$13; Joseph S. Mr. Interlocutor will be the Endman, namely, Mesdames Henry Bultman, Jr., William Goltz, Stanley Frankowski, Roger Showell, John Williams, Robert Briggs, Myra Domaganne, and Louis Schneider.

It was with regret that the Executive Board accepted the resignation as Drama Chairman of Mrs. David Reiter who has moved from Springfield.
