

ON THE SUNNY SIDE

Typographical errors have disturbed the sleep of the editor very often but the Springfield Sun came up with a King size blower in the last issue. In the article on Harold G. Nenninger's candidacy for Township Committee on Page 2, it was given to the printer, "your township governing body" the Board of Directors of a 12 MILLION dollar corporation.

You're right it appeared in print as a "12 BILLION dollar corporation." Of course, in these days of economic budgets and budgets government spending the typographer might not have found the word, billion, unusual. But it did result in some comment and several calls were made to the Sun to ascertain whether or not the copy was submitted with "billion" in total of "million."

So that the record may be correct the copy came to us from Mr. Nenninger as "12 million" and that's the way it went to the printer. We're certain that Mr. Nenninger had written the correct figures without even checking the original copy which we did later. Mr. Nenninger's business experience in handling and insurance would make him very meticulous in noting figures and we were right. It was the printer's mistake, and we're sorry.

And while we're on the subject of garbled and bungled type, Mayor Binder's statement on Page One of last week's Sun was so entangled in Jay Levin's quack that some people—these very, very prejudiced individuals that it was "that a diabolical political scheme." Mayor Binder's statement was set in bold face, a darker type than that used for Mr. Levin's copy, but the printer managed to do a mighty skillful job of mixing.

Those very biased persons will just have to take our word for it that it was a printer's mistake.

The Springfield Sun wishes to take this opportunity to offer hearty congratulations to Mr. and Mrs. Clarence Schlander who will celebrate their fiftieth wedding anniversary next Wednesday. Schlander is a well known name in Springfield and several fitting celebrations are being planned to observe the ceremony with children, grandchildren and relatives attending.

Cannon Ball House Will Be Restored

The dream of the local chapter of the D. A. R., the Springfield Historical Society and other groups interested in preserving the historical values of Springfield, at last, comes true with the announcement that the historic Cannon Ball House at 126 Morris Avenue, has been sold to a real lover of colonial history and antiques. The purchaser of the property is C. Harry Casperson, president and general manager of Smith and Santa (Suburban), general directors of 416 Morris Avenue, Springfield and Newark.

Mr. Casperson plans to restore this historic house to its original condition and cooperate with various civic and historic groups in Springfield in making it available to the public as a historical shrine.

Announcement of the purchase of this historic house by Mr. Casperson was made at a regular meeting of the Springfield Historical Society held in the American Legion Hall last Wednesday night. The purchase had been on the market for some time and many of Springfield's civic leaders feared that it would get into the hands of some business man who would ignore the historical values of the house. The purchase of the house by Mr. Casperson who plans to restore authentic restoration of the property, answers the dream and hope of the various groups anxious to preserve it as a historical shrine.

Wm. Detrick In Accident

William Detrick, 51, of 32 Center street suffered lacerations of both legs on Friday, when a car he was driving in Brookside road Millburn, struck a tree. He was treated at the scene by Dr. P. R. Dancie of Millburn and taken to Overlook Hospital, Summit. His condition, which has been reported as being fair, is slightly improved.

Dan Maidling Captures Man After Long Chase

Patrolman Daniel Maidling captured a man last Saturday who gave police of several Union County towns a long chase before being nabbed by the Springfield officer on Meisel Avenue.

Police are looking for a man reported to have threatened Mrs. H. Walter Reynolds of 13 Forest drive, with what appeared to be a switchblade knife and robbed her of \$250 on the west bound side of the Short Hills station of the D. L. and W. Monday evening. Mrs. Reynolds told Millburn police that she was sitting in her station on the westbound side of the station waiting for her husband's train to arrive when a man opened the car door and threatened her. The man is reported to have taken her pocketbook containing more than \$250 and escaped in an auto parked nearby, she said.

Biertuempfel Announces Endorsement Of Marshall

Mayor F. Edward Biertuempfel, of Union Township, president of the Union-County Board of Taxation and considered one of the most astute G.O.P. leaders in the county, today endorsed the campaign of former Mayor Robert W. Marshall for the township committee.

"I feel I would be derelict in my duty as an advocate of good government if I failed to urge all Springfield residents to support the candidacy of Bob Marshall for the 'township committee,'" the Union Mayor asserted in a letter in today's "Springfield Sun."

Civic Groups Protest Any Zone Change

Following the meeting of the Township Planning Board last week to reconsider the board's original rejection of an application by the Bestway Products Corporation to rezone what is known as the Roll tract out on Mountain Avenue, the Baitorsol Civic Association has decided to take matters in their own hands to stop any industrial encroachment in this area.

Since numerous homes located throughout the entire southern part of Springfield are affected, David P. Stamelman, president of the Baitorsol Civic Association, however, termed this "A grave matter of concern for all the people of Springfield." He further explained, "This could be the beginning of other industries to follow along the route of Mountain Avenue with spot-zoning being given the go-ahead. What affects one home will affect all."

As a result other civic groups, as well as the townspeople at large, are being enlisted to lend their support in opposing the zone change and a good crowd of objectors is expected to be on hand when the matter comes before the Township Committee again, probably at its next meeting. According to Mr. Stamelman, "petitions urging the Township Committee to maintain the present zoning ordinance."

GOP Leaders Blast Marshall Critics As Clique Front

Chairman Beardsley Asks Full Nenninger Support

County and Municipal Chairman Charles Beardsley asks voters in Springfield to select Harold G. Nenninger as the Republican candidate who is opposed in the April 20 primaries by former Mayor Robert W. Marshall. In a statement issued by Mr. Beardsley yesterday, he urged the support of Mr. Nenninger "by all voters who are sincerely interested in obtaining the best men for the job."

"Several statements containing untrue inferences have appeared recently in the SUN which compel me to answer them," stated Beardsley.

"Because of my interest in honest and efficient government by able men, I have for several years been one of a group of interested citizens in Springfield who have sought out men who appeared qualified and urged them to run for a position on the Township Committee.

"Although the membership of this group changes from year to year, their ideals continue high. The qualifications looked for in a man are honesty, capability, integrity and the ability to make his own decisions.

"Each candidate has been told that he would not be given unasked for advice, and that the group had confidence in his ability to stand on his own two feet. This has always been followed and I have given no unasked for advice at any time.

"Mr. Marshall was hand-picked" (Continued on page 7)

"Lock The Door On Marshall," Says Argyris

Thomas A. Argyris, the 1953 Independent candidate for Township Committee, makes a personal appeal to the "1200 people who shared his views . . . to lock the door in time," in advocating the election of Harold G. Nenninger in the coming primary elections, April 20.

"Last year," said Mr. Argyris in his statement, "over 1200 people shared my views on the sorry state of local government under the direction of Bob Marshall. Even the Republicans thought they had washed that man out of their hair. Apparently, Town Office serves his purposes very well, for he is again knocking on the door of opportunity.

"People of Springfield: How often do we find ourselves bemoaning the state of our various governments, always too, too late. This time, let's lock the door in time.

"Here we are again, on the eve of an important primary. Running for office we find a progressive Republican, Harold G. Nenninger, with excellent qualifications and background; and Robert Marshall, the former Mayor of Springfield, whose record and conduct in office for the past six years was the overwhelming reason for 1,500 independent voters against his regime. I still believe, heartily in weighing the men and the issues of an election; however, the very function of a primary is to reject the unfit and elect the best possible candidates.

"In these changing times, in the chaos created by the crushing of ideals and well established principles, apathy of citizens can lead to very disastrous results. To insure good government, the public cannot sit on the sidelines and hope for a miracle. The kind of Town we shall live in tomorrow depends primarily on the kind of job we do today.

"Let us all, therefore, be vigilant and work side-by-side for the improvement of our Town and for the recapture of our boundless faith in the future of our government."

"I sincerely believe that good government and the general welfare of our Town will be best secured by the candidacy of Harold G. Nenninger."

A couple of would-be politicians who have been decisively rejected by the voters here attempted to take a pot shot at former Mayor Marshall's political record and they are still shooting with no results," Edward Reibold Jr., president of the Young Republicans of Springfield, said today.

"The pair who apparently constitute the campaign speakers for a candidate who has yet to state his platform are George Marchev and Jay Levine," Reibold said. "Marchev sought a seat of the

Parrot Gets 'Equal Time'

Informed that George B. Marchev had described him as a "political parrot" in last week's Springfield Sun, former Mayor Robert W. Marshall grinned.

"There's no doubt a parrot comes from the jungle and maybe this is a political jungle," he observed. "Naturally one political jungle inmate would recognize another, so when a political monkey like George says I'm a parrot who am I to argue.

"However, this is one bird which is not perching on anyone's shoulder," the former chief executive warned. "As you know, all monkeys are on a string. Did you ever figure who is holding the other end of Marchev's tether?"

township committee and his bid was rejected decisively. Levine once tried to get on the board of education. He was no more successful than Marchev in his committee attempt.

"Marchev and Levine have attempted to attack Mayor Marshall's record but they have failed to sully the impression he has made with township residents with his three principal assets: (Continued on page 2)

Democratic Club Endorses Bingo

The Springfield Democratic Club is openly supporting the campaign asking Springfield to vote "yes" on the bingo and raffles questions which will appear on the ballot in the forthcoming primary election, April 20. Assurance that the club would help came in a resolution, unanimously adopted by the members at their last monthly meeting held Monday, March 29, at the Chateau-Baltusrol.

With two of the local veterans' organizations asking for "yes" votes on bingo, there is some talk of organizing all those in favor of the questions to bring out a big vote on April 20. Voters can cast their ballots in favor of these two questions without declaring their preference for any of the candidates running in the primary. It was announced that those who merely wish to vote on

The entire show was so well staged and all the numbers went off in almost professional tempo that Clarence Nordstrom, well known star appearing at the Paper Mill Playhouse, who saw the entire show, went back stage,

To Celebrate 50th Wedding Anniversary

Mr. and Mrs. Clarence Schlander of 35 Mountain Avenue will celebrate their 50th wedding anniversary on Wednesday, April 14. They were married in Corona, Long Island, and lived in Newark before moving to Springfield 30 years ago. Mrs. Schlander, the former Molly Mcisel, was born in Newark in 1887. Mr. Schlander was born in Newark in 1882. Mr. Schlander is retired from the art glass business and is now Custodian at the Town Hall and is a special policeman stationed at Regional High School. They are members of the Presbyterian Church.

Mr. and Mrs. Clarence Schlander
Mrs. Schlander has a sister, Mrs. Wilburn of Footker Avenue, former Springfield mayor; Harry of Lyon place, George of Ocean Grove and Richard of Irvington.

They have four children, Wilbur C., a lieutenant on the Springfield police force, of Tooker Avenue; Mrs. Gertrude L. Rothlein of 10 Warner Avenue, Mrs. Ruth W. Smith of Panwood and Mrs. Molly Glavach of Berkeley Heights. Their eight grandchildren are: Wilbur and Guy Schlander, Mrs. Lulu Spigell, Mrs. Evelyn Rothlein, Mrs. Robert McCleary, Warren Smith and Judith and James Glavach.

ROUND THREE... MARSHALL NENNINGER

Many SUN readers probably have been told that the township committee asked me to appear before it to explain certain statements I have made...

I have spent every evening during the past two weeks at campaign rallies and presenting my views to scores of township residents...

Because of this and other matters I have been unable to confer with the township committee. However, it seems rather obvious that the governing board has tendered the invitation just before the primary election...

I notice that supporters of the sixth choice candidate are still discussing in the SUN my statement about the sincerity of some of my compatriots.

Planning and zoning have always been close to my heart. Agah, look at the record. I was one of three men in 1943, who inspired our first planning ordinance...

There is much to be said for an expose of these conditions which were mentioned here two weeks ago.

What he says is true but scores of persons in the township have come to me and urged me to be a candidate.

These were the reasons given me and that is why I am a candidate. I am vitally interested in Springfield, I feel my roots here are deep and I don't like the way the township is being operated.

"Both of these aspiring politicians have criticized Mayor Marshall for a statement about the honesty and efficiency of some of those who have worked with him. Honesty does not necessarily mean stealing—it also means truth and sincerity.

"There's one point in this campaign that Marcher, Lovins and all members of the Municipal Clique have studiously avoided. That is the fact that Mayor Marshall's opponent is the No. 6 hand-picked choice.

"Springfield voters in the Republican primary are faced with the choice of an experienced man who is available constantly to answer all phases of municipal government as compared with a No. 6 choice who is away from the township throughout the day and who has been completely out of municipal government for half a dozen years.

Dudley Schneider Science Church To Weds Brooklyn Girl Hear Lecture

Mrs. Dudley Scott Schneider.

The mutual goal of true science and true religion — to bring health and salvation to mankind — will be the topic of a Christian Science lecture to be given April 12, 1954, by George Noy of Chicago, Ill., it was announced by members of First Church of Christ, Scientist, Summit.

Mr. Noy will speak in the Summit High School at 8:30 P.M., on the subject "Christian Science: The Coincidence of Pure Science and Pure Religion." The lecture is open to all without charge.

Now on extended tour as a member of The Christian Science Board of Lectureship, Mr. Noy became a student of Christian Science in 1923 after he was healed in one treatment of a severe illness that was to have required an operation. He has been a full time public practitioner of Christian Science healing since 1937.

For many years he was active as an architectural engineer, and participated in the design, supervision and construction of many well known buildings throughout the East and Middle-West. He was educated in Hungary, graduating in architecture from the Polytechnic Institute in Budapest before coming to the United States in 1913 to follow his career.

Unnold-Melchior Nuptials Held

Miss Barbara Ruth Unnold, daughter of Mr. and Mrs. Fred Unnold of Christie street, Elizabethtown, became the bride recently of Edward Harold Melchior, son of Mr. and Mrs. Harold Melchior of Edmund Terrace, Union.

The ceremony was performed by the Rev. George Harper in the Franklin Memorial Methodist Church, Newark. A reception followed at the couple's new home at 206 Baynor street, Easton. The Melchiors are well known in Springfield having been past owners of the Community Shop for eight and a half years.

Miss Audrey Melchior, of Union sister of the groom, was maid of honor and Miss Eleanor Ley of Newark was bridesmaid. Best man was Ralph Schmitter of Whippany and Harold Gilroy of and ushers were Fred Unnold, brother of the bride, of Elizabeth and Harold Gilroy of Newark.

The bride's gown was of lace and silk tulle with a full bustle neckline. Her fingertip veil was held by a crown of pearls and her followers wore white camellias, roses and lilies of the valley. Miss Melchior wore a sunshine yellow gown with a matching hat and noseveil. She carried an old fashioned bouquet of yellow roses with a white border of dogwood and yellow streamers. Miss Ley wore a blue gown with a matching hat and noseveil. She carried an old fashioned bouquet of American Beauty rose with a border of white dogwood and streamers of white.

Mrs. Melchior is a graduate of Hillside High School and is employed by Harry and Hoops in Newark. Mr. Melchior is a graduate of Union High School and served two and a half years in the Navy as a winter radioman. He is employed by Public Service as a lineman. Famous Casale Turkeys To Be Ready For Easter Dinner

HAIL TO THE TURKEY KING! CANIO CASALE, of 128 Springfield Avenue, Springfield, holding one of his scientifically bred turkeys—young turkeys for special Easter dinners. Casale expects to reach a record total of 5,000 turkeys sold for 1954.

Many people in Springfield might not know it—but lovers of succulent and luscious turkeys from all parts of this area come to 128 Springfield Avenue where Canio Casale, the acknowledged and accepted Turkey King, caters to those who want the very best. Instead of raising his turkeys just for Thanksgiving, Casale has prepared his flock this year for the first time so that this prime poultry will be available for Easter and Canio, the youngster who runs the whole show now, announces that the prices have been so reduced that no one need be without one of these birds for the coming holiday.

A fine example of American enterprise—what a young fellow can do if he really likes his job—Canio Casale—who is Mr. Big at the turkey farm run by himself at 128 Springfield Avenue in Springfield, The Newark Sunday News in the November, 1953, issue gave Canio a feature article on his turkey raising and used the figure of 3,800 sold and sold by him every year. This year, says Canio, the young birds are responding so well to the scientific methods that he is confident he will reach a total of 5,000 turkeys for the year.

Following is a reprint of the story in the Newark Sunday News,

Completed on Casale's farm through scientific feeding. Most of the points young turkeys are now hatched during June and July, at which time they are fed a very high protein diet. This is continued until each poul has eaten four pounds of the special diet at which time a pellet form feed is used to stimulate growth to final maturity. This is a special formula containing all the ingredients deemed necessary for the growth and development of a healthy turkey.

Five Months Old
With a forced feeding program, the turkeys are kept in a continual healthy growing condition. At the holiday season they are approximately five months of age attested to by their tenderness and at the most, seven months old. Turkey farmers using this type of program estimate it takes about 100 pounds of feed to bring a normal bird to maturity. It is the figure used when estimated feed costs for the year are calculated on Casale's farm.

Old Watts Hymnal Given To C. A. R.

A copy of the second edition of Isaac Watts' Hymnal was presented to the local "Give 'Em Watts" Society of the Children of the American Revolution at the thirty-fourth annual state conference held in Princeton last Saturday. The donation was made by Mrs. R. E. Crane, former president of the Temple-Wick Society of Morristown. Mrs. Crane stated that she had discovered the edition while going through her belongings and thought that the local namesake group would like to have it to use during their devotions.

HOW Water Works

WEALTH from WATER!

FISHING IS ONE OF THE GREAT INDUSTRIES OF OUR NATION. In a RECENT YEAR, the CATCH OF FISH and SHELLFISH APPROXIMATED 4.9 BILLION POUNDS, a VALUE of 365 MILLION DOLLARS to the INDUSTRY. (U.S. and ALASKA)

THERE IS ANOTHER "WEALTH FROM WATER": IT IS THE COSMIC WATER CYCLE WHEREBY THE SUN'S HEAT DRAWS WATER VAPOR FROM THE SEAS. CLOUDS ARE FORMED; RAIN AND SNOW FALLS; and OUR STREAMS, RIVERS, WELLS AND OTHER SOURCES ARE RESTOCKED. EVENTUALLY THE WATER FINDS ITS WAY BACK TO THE SEAS.

Woman's Club News

More than 1,100 women from the eleven districts of the New Jersey State Federation of Women's Clubs attended the annual Clubwomen's Day at Hahn and Co., Newark, on April 1st. The women's clubs from Woodbridge, Connecticut Farms and Arlington received the three 25-awards given this year to the three clubs having the largest percentage of members registered. These prizes will be given to the clubs as a contribution to the Independence Hall Restoration Fund, a project of the General Federation of Women's Clubs.

The beautiful Audubon Room of the Hotel Suburban, Summit, was the scene of the Fourth Annual Spring Luncheon and Card Party on Saturday, April 3rd. Chairman Mrs. George Wilson and her assistant, Mrs. J. Frank Jakobson were to be commended for a splendid affair. A delicious luncheon was served and the tables were attractively decorated with pin-cushions. Mrs. Robert Hamilton is Chairman of the Ways and Means Department which was responsible for this project. All the members of the Department cooperated in making the Luncheon-Card Party a social success as was witnessed by all who were able to attend. Mrs. Louis James once again performed a "Job well done" with her ticket management.

The Music Department will sing in the Northern State Music Festival on May 4th at the Orange Woman's Club, Orange. The Department hopes to have Mrs. C. G. Cullin, of Cranford, Fifth District Music Chairman as its guest on April 8th when the group meets at the home of Mrs. Vincent Bonadillo, 12 Sherwood road. Mrs. Cullin is expected to inform the Music Department of plans for this year's Festival.

Mrs. Henry Ostrom, 475 Mountain avenue, will be hostess to members of the Drama Department on April 12th at 8:00 p.m. Mrs. Norris Domagala and Mrs. Henry Bultman, Jr. will assist Mrs. Ostrom.

The lives of two contemporary women who are currently active in American Government will be reviewed by Mrs. Henry Wasung at the next meeting of the Literature Department on April 12th at the home of Mrs. J. W. Philips, 80-B Wabeno avenue, at 8:15 p.m. Biographies of Clara Boothe Luce and Oveta Culp Hobby will be presented by Mrs. Wasung.

Another delightful evening has been arranged for American Home Department members when they meet April 13th at the home of Mrs. Eric Pedersen, 238 S. Springfield avenue, at 8:30 p.m. Mrs. Joseph Carriero of the Millburn Florist Shop will demonstrate flower arranging. Come out and learn how to create attractive Spring centerpieces for your table.

Frank Brown Dies From Heart Attack

Funeral services were held Thursday at the McCracken Funeral Home, 1514 Morris avenue, Union, for Frank Brown of 29 Springfield avenue. Mr. Brown, 50 years old, died last week in the office of Dr. P. R. Dante, 446 Millburn avenue, Millburn, after suffering a heart attack.

Born in Newark, Mr. Brown had lived in Union for many years before he moved to Springfield six months ago. He was a salesman for Federal Yeast Corp., Newark, the last 14 years.

He leaves his wife, Mrs. Clifford Van Hooke Brown; a son, Noel of Springfield; a brother, Andrew S. of Union; and three sisters, Mrs. Albert Toth and Mrs. Joseph Hahn, both of Union, and Mrs. Arthur Lehman of Newark.

Services were conducted by Rev. Paulie Derham of the First Congregational Church, Union. Cremation was at Roschill, Linden.

To Speak On Life And Culture, China

Mrs. Robert Hayes, 175 Short Hills Ave., will be hostess to members of the International Relations Department of the Springfield Woman's Club and guests on April 16 at 8:30 p.m.

A fascinating talk centering about life and culture in China will be presented by Mrs. Hayes and will be illustrated by a collection of oriental art brought to this country by Mrs. Hayes in 1939.

Most of Mrs. Hayes' life was spent in Shanghai, China, and it was there that her daughter, Arline, was born. An interesting evening is in store for all who are able to attend this meeting.

talks—or "Sell the riddle and the steaks will sell themselves." Jensen fits from city to city and state to state—delivering his interesting talks to executives and sales groups—and everyone wonders where he finds the time to devote to his many other local and personal interests.

When Bill isn't putting on a Garden Show for the Republican Club or planning a trip for a local group to the Yankee Stadium or something some social function—he finds time for one of his real loves, which is art.

Bill does a lot of painting and is recognized as an artist of real ability. And just to prove that his love of art and painting isn't only a hobby—he sold two of his original paintings last week. One painting was his "Bit of New Jersey," a copy of which he gave as a gift to Winston Churchill. The famous English statesman acknowledged the gift with a very fine letter of thanks. The original of this painting and another subject entitled "Old Mill," were sold to Joseph G. Gallini, one of Springfield's industrialists and lovers of art.

St. James Plans For Breakfast

Final plans were made for the annual Communion breakfast of the Rosary and Altar Society of St. James Church at a meeting on Monday evening after devotions. During the meeting a skill was given by the C.Y.O. Players of St. Rose of Lima's Church of Newark, the former Parish of St. James' new pastor, Rev. Aloysius S. Carney.

The breakfast will be held on May 2 after the 8 o'clock Mass in the school cafeteria. All the women and their teenage daughters are invited to attend. Reservations may be made until April 28 by calling Mrs. James Lamba, chairman, Millburn 6-0198-R or Mrs. Walter Mullin, Millburn 6-1152-J. Mrs. Lamba and Mrs. Mullin will be assisted by Mrs. Edward Conroy and Mrs. Harold Bischoff.

Rev. William Noe Field of Seton Hall University will be the guest speaker and Miss Cecelia Kernen, state education chairman of the Catholic Daughters, will be the woman speaker. Soloist at the breakfast will be Mrs. David Cotter, a society member.

Church To Present Passiontide Drama

The monthly Fellowship meeting of St. Stephen's Church will take place in the Parish House at 8 p.m. Palm Sunday Evening, April 11. The program will be highlighted by a performance of the religious drama "It Is I" by Ethel Gesner Rockwell, performed by the Parish Players.

The play depicts the incidents of Passiontide leading up to the betrayal of Jesus by Judas Iscariot. Those participating will include Hazel Trundle as Mary of Magdala; Judy Sorenson as Joanna, wife of Herod's chief steward; John Dyer as Pontius the Roman; O. Warren Conner as Judas Iscariot; and Arthur Macomber as Mithrael, an aged servant.

The play is directed by John Dyer, visiting exchange teacher from Wales, who is a graduate of the Royal Academy of Music and Dramatic Art, London. He is presently teaching in Millburn High School.

McCarthyism Was Discussed By Panel

St. James Holy Name Society, Springfield, N. J., held its regular monthly meeting on Tuesday, April 6, 1954, at 8 p.m. in the new school. Plans were completed for the annual Communion Breakfast to be held on Mothers Day, May 9, 1954.

Four members of the Gannon Debating Society of Saint Peter's College of Arts and Sciences, Jersey City, presented a Panel Discussion on "McCarthyism" to the members following the meeting. The Gannon Debating Society ranks among the best in Eastern Collegiate competition and the young men composing the panel have been travelling throughout the New York and New Jersey area presenting this very interesting discussion on "McCarthyism" to various groups. St. Peter's College is conducted by the Jesuit Fathers and has an enrollment of 1,200 students in the day school.

Plant and office sites for location of a major service industry. Employees — 25,500. Annual payroll, over \$102,000,000. Taxes paid in 1953—\$32,537,000. Non-manufacturing. Modern buildings and floor space of more than 4,500,000 square feet needed. \$500,000,000 construction program required in next 8 years.

Wouldn't an ad like this start sales wheels rolling fast? From any standpoint, the landing of even a small portion of this industry would be a tremendous boost to the prosperity of any community.

Yes—everyone quickly recognizes the importance of new industry. But do you ever stop to think what long-established industry does for you, your community, your State? If the New Jersey Bell Telephone Company, for instance, were just setting up shop in New Jersey—this "Wanted" ad would give you some idea of how much it's worth to the State and to your community, over and above the service it renders.

Most people will agree that the Telephone Company and the service it renders are far too important to let inadequate earnings jeopardize its ability to grow and serve. Yet in a period of great prosperity, telephone profits, due to soaring costs, have dwindled to near depression levels—too low to do the job. What's the solution? Telephone rates that face up to today's costs. They're as important to you and the State as they are to us.

The BULLDOG BENCH

By Morris Weckstein

In the game against Summit this Tuesday the superlative pitching of a Springfield boy, Joe Schaffernoth, proved to be the margin needed by the Bulldogs to beat Summit; the score was 2-0. Joe had nine strikeouts, and gave up three hits and five walks. The opposing pitcher had no strikeouts, and gave up two hits and two walks.

The two hits for Regional were made by Art Slinger and Ed Ruby, in the second and fourth innings respectively. Five errors were committed by Regional: two by Art Slinger, two by Joe Schaffernoth, and one by Red Larson. Only one balk was committed and that by the Summit hurler.

In the first inning Schaffernoth put the Summit nine down in order on a slow grounder to third and two strikeouts. In the Bulldog half of the inning George MacKenzie popped to second, Red Larson, and Bob Ciravolo each walked. Then cleanup batter Schaffernoth hit into a fielder's choice, scoring Art Larson, making two out with one man on, but Bob Bauer grounded to third to end the inning.

In the top of the second Joe struck out the first man, but the next man singled to left. On the next throw-home, Pat Venice, the catcher, caught the runner off guard and picked him off. The next man grounded out pitcher to second, and the man following walked. The sixth man of the inning grounded out to shortstop to end the inning. When the Regionals took the plate Ray Reif was up. Reif got on first on an error, stole second, moved to third on a wild pitch, and came home for the second Bulldog run on a single by Slinger. Then on a balk Slinger advanced to second, but Ed Ruby grounded out to the pitcher. Pat Venice got on an error, but George MacKenzie ended the inning hitting into a double play.

In the top of the third Schaffernoth got Summit out on a strikeout, a fly to right, a walk, an error by Slinger, and an out to right. During Regionals at bats Larson grounded out to third and Ciravolo did the same. Schaffernoth got on an error, but Bauer grounded out to third to end the inning.

In the top of the fourth Summit went down in order with a strikeout, an out on a fielder's choice and another strikeout. The Bulldogs made two outs, one on a liner to the shortstop by Reif, and a grounder to short by Slinger. Then Ed Ruby got the second Regional hit by hitting one over second base, but made the third out when Venice hit into a fielder's choice.

The Summit nine started the fifth inning with a strikeout. Then a man reached first on an error by Red Larson. The next two men went down on a fly to center and a grounder to short. The Bulldogs went down in order on three ground-outs by MacKenzie, Larson and Ciravolo.

The top of the sixth saw Summit ground out to the pitcher, a man got on an error by Slinger, a walk, a wild pitch, a strikeout and a time out to the pitcher. Regional went down in order on three flies to center by Schaffernoth, Bauer, and Reif.

In Summit's last time at bat Schaffernoth walked the first man, who was soon picked off by the catcher, Venice. Then after a pop out to second base, a Summit man singled to right, followed by another hit to center, but the fire was put out by the game ending grounder to short.

The track team will have their first exhibition game, some time next week, with Millburn. The Bulldogs are working hard during practice and are hoping for this pre-season victory.

The Millers have, it has been rumored, a better weight group, and better long distance runners, but Carl Metz, Bob Hobbinger, Boyd Eaton, Harris Rawick, Ron Hartshorn and all the other members of the team will be out there to win.

It is my opinion that Regional will win many of the events except maybe a few points will be lost in the weight contest where Regional is weak.

Police Pistol Team Wins, Then Loses

The Springfield Police Department Pistol team defeated the Civilian Pistol team in a match held last week.

Lt. Wilbur Selander of the Police was high with a 290 score while Joyner hit for a 271. Parcell 269, Pinkava 249, Quinton 248 and Wentz 230.

George Rau was high for the losers, posting a score 295. Farrington followed with a 284. Pierce 263, Chisholm a 259 and Hayes a 250.

In a match against the Summit Police Reserve team on Tuesday, the Springfield Police team lost by one point. For the locals, Selander was high with a 287. Matzling had a 265, Parcell a 266, Pin-

Father - Son Night For Youth Baseballers Set

The Springfield Recreation Commission has extended a personal invitation to all Springfield Dads to attend the "Father and Son" baseball program which will be held at the Florence Gaudinier School, Springfield, this evening, April 8. The program will start at 8 p.m. Recreation League Director Edward J. Ruby, Recreation Commissioners, Lester Lawn and Edmund Hoffert have been busy rounding up talent for the baseball confab. The purpose of the "Father and Son" baseball program is to inform all those interested in what is planned for the Springfield boys regarding their participation in "Youth Baseball." Parents, and especially Fathers are invited, as considerable help is needed in the formation and organization of a Youth Baseball League.

Present plans call for the registration of all boys in the 9 through 12 age group, with parental permission given by either the mother or the father for the boy to participate. These registrations will be accepted at next week's baseball program, plus an open discussion on what type of tryouts will be conducted during the 10-day trials.

Plans call for the tryout session to start on Monday evening, May 3rd, at 6:30 p.m., with the pitchers and catchers reporting to the Washington Avenue playground, and the outfielders and infielders reporting to the Regional High School Athletic Field, Medical Avenue. The reason for using two sites is due to the large number of youths trying out for the various positions, should any boy fail to make the grade as a pitcher or a catcher, he will have an opportunity to try out as an infielder or an outfielder.

The weather is an important factor in these trials, and here again it justifies using both sites, as in many cases lack of facilities and manpower have prevented fair trials.

Director of Leagues, Edward Ruby, has received pledges from the following men who will assist in the formation of a Youth Baseball League of Springfield: Clifford Zimmer, Harold B. Bartz, George Gleim, Robert Briggs, Joseph Focht, A. C. Hutchinson, Dean Widmer, William Roarson, Russell Stewart, Thomas Doherty, Lester Lawn, Edmund Hoffert and Joseph Pege.

Any others who would care to assist in the baseball tryout period which will be conducted during the first two weeks of May, are requested to contact Edward Ruby, League Director, Millburn 6-1616-J.

Last year the program was inaugurated, with the Springfield Recreation Commission furnishing the bats, balls, bases, and catchers paraphernalia, with the Springfield American Legion donating "sp" shirts for the entire program. Over two hundred boys were active during the tryout period, but the program was curtailed due to the lack of adult help as it was physically impossible to handle such a large group.

Tonight's program will serve to introduce baseball personalities, big-league scouts, an organization film on baseball, plus the open discussion on plans on conducting the

tryouts. The program will start at 8 p.m. promptly, and is open to all Springfield residents who are interested in the formation of a Youth Baseball League of Springfield. The Springfield Recreation Commission wishes to emphasize that the "Father and Son" baseball program is open to Springfield residents only.

Local Men To Serve On Special Panel

Two Springfield men, Howard Mills and Frank Blen, have been appointed to serve on the "Operation Conservation" committee of the Weston Electrical Instrument Corp., Newark, in cooperation with the nationwide program of the U.S. Air Force to conserve critical materials of defense in addition to saving man power, methods and money.

Mills, 23 Edgewood ave., a dept. head, will be in charge of the mechanical engineering committee. Blen, 89 Linden ave., an administrative assistant, will head the material control planning committee.

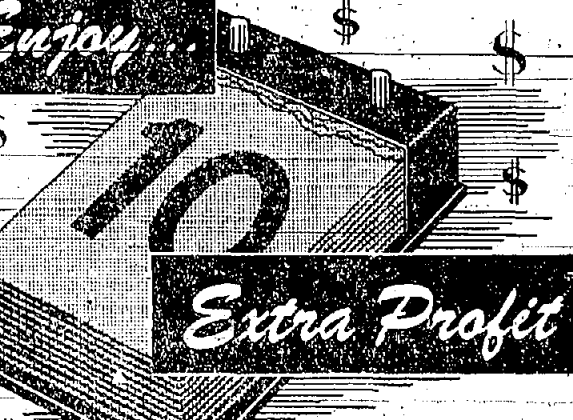

The program not only includes conservation of critical materials such as cobalt, nickel, chromium and molybdenum, but touches almost every phase of the plant's overall operation. The Air Force emphasizes that such savings throughout the country are designed to ultimately keep our country from becoming a "have-not" nation in critical materials of defense.

Private automobile owners need a fair tax for big trucks because gasoline, taxes and registration fees on the average motorist now cost him 19.7 cents to drive his car a hundred ton-miles. The heavy trucker now pays 8.9 cents for the same road use. Roads built twenty years ago to carry 20,000 vehicles a day are now often crowded with over 50,000 vehicles a day. New Jersey desperately needs more and better roads; yet our highway department will have funds in 1954 to build or rebuild only a fraction of the roads needed. If big truckers paid fair taxes New Jersey would have better roads.

Government officials need a fair tax for big trucks because they are aware of the need for a complete overhaul of New Jersey's highways and know that existing sources of revenue cannot now or in the future provide the necessary funds. Big trucks weighing more than 18,000 pounds account for 30.1% of total road use; yet pay only 17% of the total truck-automobile tax. Under the proposed highway use-tax, these big trucks would pay 28.7%—more nearly their fair share—and this revenue would be available for increasing New Jersey's road program.

Owners of small trucks—which are 87% of all trucks registered in New Jersey—need a fair tax for big trucks because they are now paying more than their fair share of highway user taxes. Panel and pick-up trucks—the kind used by the grocer, milkman, etc.—pay 27.9 cents per hundred ton-miles in road user taxes compared with 8.9 cents paid by the heaviest trailer trucks. Every day half of the heavy trucks using New Jersey's highways are from out-of-state. They pay nothing for the privilege of using the roads except the small amount they contribute if they stop and buy fuel.

Farmers need a fair tax for big trucks because only 12.8% of the money spent for New Jersey streets, roads and highways is used for county roads and almost half of that comes from local taxpayers. Most New Jersey roads, designed a quarter of a century ago to carry loads of 30,000 pounds, are crumbling under the pounding of 60,000 pound trailer trucks which are not paying their fair share of road costs. Farmers realize that rural roads will not get adequate attention until road funds are increased.

Local taxpayers need a fair tax for big trucks because they are now paying a greater share of road costs than property owners in almost any other state. New Jersey truck taxes are the lowest in the United States. Pennsylvania collects \$153 a year more from a big 40,000 pound tractor semi-trailer than New Jersey. New York taxes on such big trucks are about twice New Jersey taxes. Truckers continue to prosper in both of these neighbor states, without putting so much of their costs on the taxpayer.

Railroads need a fair tax for big trucks because the present low taxes on big trucks give them an unfair competitive advantage. Railroads pay all the costs of building and maintaining their own steel highways and in addition pay eighteen million dollars a year in taxes to New Jersey. An estimated \$800,000 of this railroad tax money is used for roads, streets and highways. In addition, as one of the largest users of trucks in New Jersey, the railroads have a double interest in New Jersey's good road program.

Why so many New Jersey citizens agree that Big Trucks Should Pay Fair Taxes For Using New Jersey Highways

A highway use-tax bill has been submitted to the Legislature. More than 15 citizens' organizations representing farmers, automobile owners, labor, taxpayers and similar interested people favor its adoption for three principal reasons:

- 1 An adequate road program for New Jersey over the next ten years will require about two and a half billion dollars.
- 2 Big truckers are not required by present laws to pay their fair share of the cost of building and maintaining the New Jersey highways they use.
- 3 The highway use-tax would mean about fifteen million dollars a year in

new revenue to help meet the costs of good roads.

Representatives of statewide farm, automobile and industrial organizations met in Trenton on Monday, January 18, 1954 and formed the New Jersey Citizens Committee for Equitable Highway Taxation to help correct this problem and do something about removing the subsidy that New Jersey taxpayers now furnish big trucks using the state highways. They invited the Associated Railroads of New Jersey to help them in this objective. For the reasons listed above, both in our own interest and in the public interest we accepted the invitation and this advertisement is a part of our contribution.

The present method of preferred tax treatment for big trucks penalizes the vast majority of the people in our state. We believe big truckers should recognize and accept their responsibility and willingly pay for the facilities which they use.

For our part we expect to help bring the facts of the highway problem before farm groups, taxpayer groups, consumer groups, automobile clubs, labor organizations and all interested citizens. We have asked our public relations counsel to assist us in this campaign. When all of the people have all of the facts, they will make their decision known to the representatives in the Legislature.
