Urge Entries For July 4th Baby Parade

Residents of Springfield are urged not only to make their contributions for the Township's Fourth of July program but, with less than three weeks remaining, all parents are urged by the July 4th Committee to enter their children in the annual Baby Parade which is usually the feature event of the full day's program.

The committee urges parents to enter their children in the float division as well as in the general classifications. In the past the floats have been largely decorated carriages and coaster wagons, adding much color to the event. Children up to 5 years can be entered.

Last year the first float prize was won by Donald Eckman and Mary Ann Campbell of Washington ave., representing the First Aid Squad.

The two main groups for the Baby Parade are up to 2 years and 2 to 5 years. Last year's winner in the younger group, Judith Ann Leib, appears on the cover of this year's program. Winner in the 2 to 5 group was Christine Callahan of Baltusrol Way.

Judges, always selected from out of town, the committee explains, are never announced until the day of the event. Chairman is Mrs. Amy Bandemer.

The success of the all-day program depends on the success of the fund drive. It is important, the committee points out, that every one realize the affair is made possible only through generous contributions of townspeople, businessmen, and local civic groups.

Finance Committee Of P.T.A. Meets

The Finance Committee of the Springfield P.T.A. met at the home of Mrs. Joseph A. Bender on Tuesday to discuss plans for operating a parking lot on Mountain avenue during the Baltusrol Golf Tournament. The plans were approved by the Board of Education, and the proceeds will go to the Springfield P.T.A.

Members of the committee are: Mrs. Thomas Creede, co-chairman, Mrs. J. M. Cowles, Mrs. Gifford Hale, Mrs. Burton Thomas, Mrs. Phillip Lewis, Mrs. L. Seroff, Mrs. Rupert H. Humer, Mrs. Norman Stromeier, Mrs. D. P. Baker, Mrs. S. Atkins, Mrs. Rand and Mrs. Johnson.

Flag-Display Here Very Discouraging

Several local residents, watching the recent Memorial Day parade through the streets of Springfield, are pointing out that so few flags were in evidence that "it was difficult to realize that this was one of our greatest national holidays if it weren't for the fact that a band was playing for the annual street parade." One observer said he didn't see more than six or seven flags along Morris avenue and there was no evidence, he continued, of a patriotic effort to have the township make a real display of flags on Memorial Day.

Municipalities in this area such as Millburn, Maplewood, South Orange, Union and several others, conducted vigorous campaigns under the auspices of civic organizations to stimulate the purchase of flags by all residents who did not have, at least, one. The campaign asked that all patriotic citizens display flags on all such national holidays such as Decoration Day, the annual Flag Day, Fourth of July and others.

The local chapter of the D.A.R. has been very active in attempting to get all residents in Springfield to display the flag on these occasions and arranged for the purchase of flags where such a request was made, but there was no planned campaign this year. It is understood that the Lions Club, in conjunction with the D.A.R., the various veterans organizations and other civic groups, is planning to make a survey of Springfield and conduct a campaign in the hope that more residents will be able to display flags for forthcoming National holidays.

Frank J. Bien of 80 Linden avenue, Springfield, has been appointed administrative assistant to the material control supervisor of the Weston Electrical Instrument Corp., 614 Frelinghuysen Avenue, Newark.

Formerly department head in charge of planning, Bien has been with the company for 27 years. He is married and has a daughter, Ruth 12 and two sons, John, 4, and Tom, 1. He has resided in Springfield for five years, previously having resided in Verona.

Artist's Idea of First Battle Of Springfield - 2nd Battle Is "Golf"

Courtesy of Sons of Revolution, Hdqrs. N. Y. C.

The second Battle of Springfield—Ben Hogan's title defense in the 54th United States Golf Association open championship at Baltusrol Golf Club this week—is evidently attracting more spectators than the first Battle of Springfield which played such an important part in the Revolutionary War just about 174 years ago. Judging by the traffic jams through Springfield as early as Tuesday of this week, the estimate of thirty or forty thousand visitors during the playing of the national open at the local golf club might not be too far out of the way.

Mayor Albert G. Binder and the Township Committee have been anticipating traffic congestion in Springfield but he feels confident it will be handled without too much trouble. Police officers, trained in directing traffic from other nearby communities are working with the Springfield department and the New Jersey State Police will also assist by assigning several trained motorcycle cops to help when traffic is at its highest.

Mayor Binder issued a special appeal to all business men and residents of Springfield to act as good hosts to the thousands of visitors in the Township during the tournament. The Chamber of Commerce, the Township Committee and the New Jersey Historical Society prepared and had printed an interesting brochure pointing out the advantages and history of Springfield, and welcoming all the visitors, which are being distributed to the golf enthusiasts by local Boy Scouts through the cooperation of the Baltusrol management. Business places throughout Springfield have also posted signs, prepared and sponsored by the Chamber of Commerce, in every available spot announcing that all are welcome to Springfield.

The matter of parking will probably present the greatest problem in Springfield and residents have been asked to be as cooperative and as understanding as possible. All streets, even blocks from the entrance to the golf course, have been lined with out-of-town cars, evidently vehicles belonging to those watching the practice rounds Tuesday and yesterday.

Several over-night parking lots have sprung up in the general neighborhood of Baltusrol but the success of these little private ventures will not be known until Friday and Saturday when the field is closed.

A Detroit business executive, Dodge is Vice-President of a chemical concern and serves on the Board of Directors of several large Michigan industries. He was one of the original incorporators of Leader Dogs for the Blind of Rochester, Michigan.

Dodge was graduated from the University of Michigan School of Business Administration in 1917. Following two years of service with the Air Force in World War I, he became a certified public accountant and advanced to a position of leadership in industry.

Although 108 Union County children afflicted with Cerebral Palsy are now being helped at the Center in Elizabeth, it is estimated that there are nearly five times as many cases in this county, most of which could be benefited by proper treatment. Mrs. Charles Beardley, chairman of the current fund drive in Springfield stated.

Mrs. Beardley announced that every resident by now should have received a card in the mail asking for financial support of the Cerebral Palsy program, or contributions can be mailed to Carlyle Richards at the First National Bank of Springfield (See Page 7).

"Please send your contributions in at once," Mrs. Beardley urged, "before vacation time causes you to forget."

"As the card you received stated, we are asking you to help local children. They are youngsters that you or your friends know. You can help them to lead a more normal life than has heretofore been considered possible for a Cerebral Palsy victim. That is, certainly any child's right."

Mrs. Beardley reported that returns have already started coming in but that it was too

Over \$286,000 In Building Is Report for May

Building in Springfield continues at a good pace despite the fact that the big developments such as the General Green Shopping Center have not started operations according to the construction report prepared and submitted to the Township Committee by Building Inspector Reuben H. Marsh.

There were a total of 23 new buildings in May, Marsh's report shows, with a total value of \$286,000.00. This includes both residences and some building under the category of industry. There were also a total of eleven alteration permits granted during May at a total cost of \$39,200. The report also shows seven burners installed during that month with a total cost of \$3,900.

Several large construction jobs are being contemplated for Springfield with applications for permits already being in the hands of Inspector Marsh. These include

Local Lions Will Attend Convention

The Springfield Lions Club has selected George D. Harrison, Jr., Timothy J. Sheehan, Frank M. Kerr, Jr., Albert B. Flemer, Robert D. Treat and Charles S. Quinzel as delegates from the Township who will join more than a thousand New Jersey Lions representing 278 state clubs when the 33rd annual New Jersey Lions Convention convenes in Atlantic City on June 18.

The two-day convalescence will open formally at a District Governor's Banquet Friday night, June 18, with International President S. A. Dodge, of Detroit, as guest speaker at Haddon Hall.

Representing more than 450,000 Lions in 57 countries, Dodge will outline the growth of the "world's greatest doors" during the last year.

Mr. Lichtenstein is married, the father of two children, and resides in Springfield. He was associated in the pharmacy business with his late father from 1946 until the latter's recent death, a business which the father had started in 1919.

Bruce R. Jones of 11 Park lane, received his engineering degree, Master of Wood Technology, at graduation ceremonies held at the University of Michigan last Saturday.

Springfield's role in Monday's national air raid "Operations Alert," was reported as a big success with no incidents that would be in violation of any of the instructions issued by the New Jersey Division of Civil Defense and Disaster Control, and local Civic Defense authorities. Mayor Albert G. Binder was in charge of the local test and patrolled Morris avenue as soon as the red signal was flashed from the State control station.

Bank Appoints Lichtenstein New Director

Elliott A. Lichtenstein, who just reached the age of 31 this past January, has been appointed to the Board of Directors of the First National Bank of Springfield at a meeting held last Friday, to fill the vacancy occasioned by the death of Morris Lichtenstein, his father, who died suddenly on June 3, 1954.

The new bank director was born on January 6, 1923, and has been a native of Springfield all his life. He graduated from the Jonathan Dayton Regional High School in Springfield in 1939. He was graduated from the Rutgers College School of Pharmacy in 1943, and entered the Medical Corps of the U. S. Army that same year. He served until 1946 with the 79th Division in the European Theater of Operations, saw combat in France, Holland, Belgium and Germany, was wounded in Germany during the assault on the Rhine, and was awarded the Purple Heart. He is a member of Continental Post No. 226, American Legion, in Springfield.

Mr. Lichtenstein is married, the father of two children, and resides in Springfield. He was associated in the pharmacy business with his late father from 1946 until the latter's recent death, a business which the father had started in 1919.

Bruce R. Jones of 11 Park lane, received his engineering degree, Master of Wood Technology, at graduation ceremonies held at the University of Michigan last Saturday.

Mayor Binder watched the operation from an observation spot at the corner of Morris, Flemer and Main and expressed general approval of the cooperation of the public. He did have to signal occupants of four automobiles that had been halted at the corner of Morris and Main to leave their vehicles and take cover. The drivers and passengers immediately left their cars and waited in the Sun offices until the all clear signal was given.

"We're very proud of Springfield," said Mayor Binder, "and the fact, as far as this township is concerned, was very successful. Morris avenue was cleared of pedestrians within a few minutes of the first sirens and Morris avenue was not halted as soon as the sirens were sounded. More tests like this will save many lives in the event of an attack and the resultant disaster."

The full strength of the police department—as well as the members of the fire department and Civil Defense volunteers—played an important part in Monday's successful test and all officials were jubilant that there was so much cooperation in the nationwide alert.

One important result of the test according to Mayor Binder is the realization that Springfield needs more sirens—more audible signals to alert the residents. "There were several silent spots in Springfield on Monday," said Mayor Binder in commenting on this phase of the alert. "We now have a siren sounding from the township hall green and another on Route 22. People in several

Tax Collections Ahead Of 1953

The month of May in 1954 ran ahead of tax collections for the same period in 1953; the total received for this month being \$113,541.09 against \$99,700.21 for last year, according to the report submitted by Tax Collector Charles H. Huff.

Receipt of 1954 taxes amounted to \$95,516.76 as compared with \$94,575.55 for the same month of May last year. The total for 1954, including May, is \$525,500.09 against \$491,150.55 for the same period in 1953. There were also collections of \$1,326.06 collected for 1953 taxes in May for a total of \$15,715.15 of last year's tax.

Last year's report for May was ahead in the total of delinquent taxes collected, 1953 showing \$18,809.03 with the 1954 figure at \$17,082.22. The total collections, including all sources of taxes including May, is \$562,223.47, as compared \$530,910.07 for 1953.

Crowning of Queen Highlights Berry Festival

THE QUEEN AND HER COURT—The newly crowned Strawberry Festival Queen Elizabeth Walker, Her Royal Majesty Queen Elizabeth Walker, Marcia Wilson, Nancy Cataldo, Paulette Morse and Cynthia Punticam.

It was a beautiful day for the annual Girl Scout Strawberry Festival held on Saturday June 12 on the town green. The affair was attended by many friends and relatives of the scouts and guests from Union, Springfield, and many other communities.

There is no doubt that the greater share of the success of the Festival goes to Mrs. Degenhardt, the hard working chairman, and her co-chairman, Mrs. Jahn and Mrs. Puhler, for their good organizational work and program planning. This does not in any way minimize the huge task of the loades and co-loades, manning the many booths. The Finance Committee, Mr. and Mrs. Carl Ledig and Mr. and Mrs. Utisnik, deserves a pat on the back, too, working until after eleven p.m. The many fathers who helped to put up and take down the booths were greatly appreciated.

The Festival opened at 1 p.m. and all booths were immediately jammed with customers. At 1:15 the cake contest was held. The highlight of the affair was held at 2 o'clock when Mayor Binder officially crowned Elizabeth Walker, daughter of Mrs. Edna Walker.

Letters to Editor

To the Farmers:
I would like to take this opportunity to thank all the farmers who were so generous in their donations to our Girl Scout Farm Booth at the Strawberry Festival.

And to all the mothers and fathers who worked so hard in helping to make it a big success. To my chairman Mrs. Richard and Mrs. Clark. Thanks a million. Hoping to have the same co-operation next year.

I remain yours truly,
Mrs. Dorothy Boehm,
Chairman of Farm Booth.

Editor, Springfield Sun:
The Springfield Girl Scout Council would like to express their sincere appreciation and gratitude to everyone who helped in making the Strawberry Festival a big success. Without the help and co-operation of those called upon this would not have been possible.

We would also like to say "Thank You" to the Springfield Sun for the excellent coverage and publicity given to this affair during the past few months.

Education Calls Four Boys of Proud Family

Herbert deBerjeois Fairleigh Dickinson
Paul deBerjeois Regional High
Raymond deBerjeois Panzer College
Clifford deBerjeois Seton Hall

Education, and the opportunities that come with learning, may be an accepted part of everyone's life but to Mr. and Mrs. Otto de Berjeois who live at 373 Morris Avenue, it is the most significant and important thing in their lives and the lives of their four "leading man-type" sons. All four of the boys attended and graduated the Jonathan Dayton Regional High

School here and three of them have gone on to greater honors from other places of learning, two of them members of the 1954 graduating classes.

Herbert de Berjeois, graduates from Fairleigh Dickinson College of Rutherford, with a B.S. degree in Engineering and Industrial Management. He is also a member of the Production Engineers Society and considered to be one

of the most promising members of the graduating class.

Another of the sons, Clifford de Berjeois, graduated Seton Hall University last week with the degree of B.S. in Business Administration and two years schooling in law. Another brother, Raymond, is attending Panzer College of Physical Education and Hygiene, and success in that field seems assured since he was one of the outstanding athletes in Springfield,

starring in both football and wrestling as well as being active in all social and school programs. The fourth brother, Paul de Berjeois, graduates from Regional High, and, at the moment, plans to enter in the automotive business. The four boys are well known by the section of the state all of them having been active in Boy Scout work as well as devoting time to the New Jersey National Guard in Elizabeth.

Ask Township To Act On Abandoned Quarry Holes

The week end report of a 14-year old youth who was killed when he "fell 35 feet from the top of a cliff in an abandoned quarry while collecting rocks in Franklin" has started agitation among Springfield residents to have the Township officials do something about the "dangerous and neglected holes apparently abandoned by the North Jersey Quarry Company on the north side of Shunpike road where the quarry company's operations have evidently ceased."

The story of the tragedy told of a boy who visited in an open cut in search of mineral specimens when he slipped and fell, striking his head on a jagged rock which caused his death.

This latest death has alerted residents in Springfield and ad-

vice will be sought to ascertain what legal steps can be taken to compel the North Jersey Quarry Company to eliminate the possibility that such a tragedy may result from the dangerous open holes now existing. According to those who have inspected the abandoned section of the quarry operations, there are two very large and dangerous holes very close to Shunpike road. They point out that children and older youths, in the spirit of adventure, might find these holes very attractive for exploration but the slightest slip might cause a tragedy here.

According to one parent who has taken the trouble of looking into the matter, it would be difficult to compel the North Jersey Quarry Company to eliminate the danger completely but some safeguards should be set up or, he says, an added tax may be imposed by the Township against the quarry company, such money to be "ear marked" to do something about the matter when the company actually leaves the Springfield operation and digs no more holes.

sections of the township reported that they had not heard the signals. This signal area should be increased by the installation of more sirens.
Mayor Binder, who took charge of the test in the absence of a Civil Defense director for Springfield, realized that the signal from the two sirens might not be sufficient, and arranged to have the three police cars stationed at various spots in the township. As soon as the signal came all three cars raced through the streets sounding their own sirens to add to the warning of the alert sirens.
Mayor Binder announced yesterday that he has several outstanding citizens under consideration for the post of Civil Defense Director for Springfield. "This is a very important job in any community," said Mayor Binder, "and the man I have in mind is well qualified for the job and meets all the requirements asked by the defense authorities in Trenton and Washington. Woman's Club News

Members of the Drama Department enjoyed a gala evening at the Paper Mill Playhouse on June 8th. Arrangements were made by chairman, Mrs. Lee Andrews, Jr., for the group to attend the performance of "Carmen" as a last social thing before the end of the club year. The girls dined at Mario's after the show, bringing the evening to a delightful conclusion.

Mrs. Henry Wassung, 65 Woodcrest Circle, was hostess to members of the Literature Department on Monday evening, June 14. Mrs. Thomas Jordan presented a review of Ruth Painter Randall's biography of Mary Todd Lincoln, "Biography of a Marriage." A report of a meeting concerning "Education and TV," which took place at the recent Federation Convention in Atlantic City, was given by Mrs. Edwin G. Davenport.

A theme for next season's book reviews was selected. Biographies of American men will be given at the monthly department meetings. Mrs. J. W. Phelps, newly elected chairman of the group, reports that plans are being formulated for a Luncheon and Theatre party to be held early in the Fall in New York. The party will be limited to Literature Department members and further plans will be announced at a later date.

The Monday Afternoon Club of Plainfield was the scene of the Fifth District President's Spring Council Meeting on June 15. Club president, Mrs. Merion D. Williams, and Corresponding Secretary, Mrs. George Rau, attended the all-day affair which was presided over by Mrs. Stanton H. Davis, Fifth District Vice-President.

The morning session was devoted to Advance General Information. The calendar of coming events for the N. J. State Federation of Women's Clubs was announced.

A round table question and answer period—comprised the afternoon session.

A smorgasbord dinner party was held by the Music Department on June 15th at the home of past chairman, Mrs. George Lancaster, 23 Alvin Terrace. A beautifully set table in Mrs. Lancaster's new recreation room was the scene of much "activity" as twenty-six department members helped themselves to varied delicious dishes ranging from fish, meats, salads, cheeses, rollishes, to desserts of pies and cake. All the dishes were prepared by the department members as a cooperative end-of-the-year party.

Party guest was President, Mrs. Merion D. Williams.

Games were planned by Mrs. Anthony Pilar, co-chairman of the department, and movies were taken of the group at dinner by Mrs. Vincent Bonadies, chairman.

Queen Festival

er of 42 Meeker Ave., Queen of the Festival. Elizabeth was presented with a string of pearls donated by Mr. Geijack and her attendants received gifts from the Council.

The winners of the Strawberry Cake Contest, announced by Mr. Al Bowman, were Mrs. H. Cataldo, first prize; Miss Jackie Hansen, second prize; Mrs. Wm. Hartz, honorable mention. Mrs. L. Andrew announced the Foster winners as follows: Intermediate, first prize, Arlene Kauter of Troop 19; second prize, Nancy Oakman of Troop 16; Honorable mention, Phyllis Kaplan of Troop 18; Brownies, first prize, Barbara Smith of Troop 9 and Holly Hoffman of Troop 16; second prize, Judith Slohoda of Troop 21.

Spirited competition prevailed during the contests for the children. The winners were: The three-legged race, Stuart Chesler and Eddie Bloom, Barney Zeller and Bob D'Arpa, Peggy Haggerty and Nancy Zlut, Kathy Slipka

and Pat Durand. The sack race winners were Herbert Etzold, Phyllis Brink and Penne Smith. The Strawberry contest winners were: Carole Humphrey, Jean Bogles, Howard Greene and Philip Green. The balloon contest winners were Eugene Johnson and Charly Cook. The Watermelon contest winners were Phillip Green, Peggy Haggerty, Raymond Martin and Jean Bowles. Mr. and Mrs. E. E. Lindauer were in charge of contests.

The Festival-Committee wishes to express sincere appreciation to everyone who helped make the Strawberry Festival of 1954 a huge success.

of champions narrow down to the real test.

Baltusrol Club has asked for the cooperation of getting spectators in what promises to be one of the best-attended golf events in the history of the sport.

The club requests that fans leave their cameras at home because cameras will not be permitted on the grounds. Because amateur picture-taking interferes with tournament play and is not fair to contestants, the USGA permits only official photographers to use cameras.

Spectators are also asked that they cooperate fully with marshalls at the event, and obey their instructions closely. Baltusrol is employing a new system of gallery control, with holes roped from tee to green, which should afford all spectators a good view if instructions are followed.

Advice of marshalls is also to be followed in the event of any lightning storm. If on the course in such a storm, spectators are advised to avoid such objects as isolated trees, wire fences, hill-tops and wide open spaces. Fans are advised that raising umbrellas above the head in lightning storms is dangerous.

Ask Support

early to forecast any estimate of how well Springfield's citizens are supporting the current drive.

"As has been emphasized before, he stated, '75 cents out of every dollar you contribute will be used right here in Union County. For those who are not already familiar with the work of the center at 686 Salem Avenue, Elizabeth, they will be interested in the following facts:

"Diagnostic clinics are held bi-monthly. Physical, occupational and speech therapy are given. There are nursery, kindergarten and pre-academic or training classes for children of various ages. There is a play therapy group, also a cradle roll group. Transportation to the 3-day a week school program is supplied county-wide from specific pickup stations.

"These are the things for which most of your contribution will be used. Some will also go to national headquarters for research, treatment, education, clinics, and training.

"The Cerebral Palsy cause is an unquestionably worthy one. Your support is needed. If you haven't already done so, please contribute today."

Southward Elected To Honor Society

Robert T. Southward of 194 Bryant avenue was elected to the College Honor Society, Rutgers University, at the Society's 15th Annual Dinner-Meeting held at the Military Park Hotel in Newark, University College is the evening division of Rutgers. A total of twenty-eight students from the Camden, Newark, New Brunswick, and Paterson Divisions of the College are initiated as members. Membership in the Society is granted in recognition of outstanding scholastic achievement while attending Rutgers University College.

Your Library

Since this column last appeared so many things have happened in the library that there has not been time to record them.

First of all, the exhibit of old blue china, which Mr. Donald Palmer has arranged for this month, has been attracting several visitors each day. All agree that it is an unusually fine collection, and that Mr. Palmer has topped even his own high achievements.

Travel books, which can be used for information about places to visit during vacation, are the special display for this month.

Next, two authors have visited the library. Mr. Howard Park Moore is the author of the "Life of General John Stark" whose part in the Battle of Springfield he described in this book.

Major J. S. Donaldson came in to present us with two copies of his poems, one for circulation and one for our historical collection. These work will interest the people of Springfield because the Rev. George Armstrong Liggett, former pastor of the Presbyterian Church, wrote the introduction. He had known Major Donaldson since he was a small child on Long Island.

The story hour for pre-school children on Friday mornings at 10:30 has been very popular. More children come each week and nine of them have enjoyed it so much that they have not missed one week since they started. The library is lucky to have Mrs. John T. Porter, a former kindergarten teacher in California, to tell the story. She also has volunteered to take care of the Children's Room on Tuesday afternoon and enjoys visiting with the boys and girls as she helps them select their books.

Many new fiction books have been bought for summer reading. As usual, the library will be closed on Saturdays between June 15th and September 15th, but will be open each day from 10:30 a.m. to 5:00 p.m., and on Monday and Friday evenings from 7:30 to 9:00. Some of the books may be taken out for vacation reading.

Legion Ladies To Elect

The Ladies' Auxiliary of the American Legion Post will hold election of officers on Thursday evening of next week, June 24 at 8:30 in the Legion Hall. Mrs. Hans Nielsen, president, will preside at the meeting. As this is the last meeting until September all members are asked to come out. Special refreshments will be served. The installation of officers will take place in September.

GIRL SCOUT Corner

The Girl Scouts of Troop 6 held their Court of Awards and final meeting this year Thursday, June 3, at the home of their leader, Mrs. Wilson. The girls were presented with Second Class badges, one year Scout pins and World pins by Mrs. Wilson, Merrill Post and Pat Cirrelli received an award for perfect attendance. The Mothers attended the ceremony and were served refreshments by the scouts.

The Girl Scouts of Troop 17 had a Cookout at the Girl Scout cabin at Surprise Lake. After supper their parents came up to the cabin and the Court of Awards was held. Mrs. Ward Humphrey, leader,

presented the badges they had earned during the year.

The Brownies of Troop 21 went to Echo Lake Park for a picnic on Tuesday, June 8, for their final meeting of the Scout year.

The Girl Scouts of Troop 20 went to Kresge Newark recently where Miss Tina Fogarty, the Teen Age Fashion Consultant, talked to them on Good Grooming. She showed sports clothes for the summer and made suggestions about personal health habits, clothes and make up suitable to thirteen-year-old girls. A discussion period followed her talk. Twelve girls attended.

They were invited to Piner's Folly at Mt. Bethel by the Summit Square Dance Group, where the square dances and quadrilles of different sections of the country were performed by the visitors. The Girl Scouts participated in some of these dances.

On May 29 they went to Madison to see the review of the Fifteenth and Drum Corps where prize-

WELCOME!
A sign board announces that "the Springfield Historical Society welcomes you to the BATTLE OF SPRINGFIELD" with a large colored arrow pointing to BALTUSROL and the dates, 1780 and 1954. The sign was painted and prepared especially for the Historical Society by Stephan Terrel of 141 Short Hills Avenue. It was erected at the corner of Morris, Fiener and Main.

winning Corps performed. St. Vincent's Academy of Madison, one of the winning Corps, were hosts. It was a very impressive sight and the scouts enjoyed every minute of it. After the parade on Memorial Day the girls who marched went on a picnic at Echo Lake and they enjoyed it so much the entire Troop went again the next Saturday.

Birthday Party For Trivett Twins

A birthday party was held at the home of Mr. and Mrs. William Trivett of 42 Colonial Terrace, in honor of their twins' fifth birthday, Jim and Judy, on June 15 at 3:30 p.m.

A beautiful birthday cake with a circus top was the high spot of the delicious refreshments served. Each child received a favor of a Mexican hat filled with candy.

Those present were Billy, Clayton and Danny boy, brothers of the twins; Billy and Bobby Jean Heady; Stephen and Philip Baumer; Sandra and Caroline Hoek; Ellen Breuninger; Elaine Pollock; Jo Ann and Jay Baron; Linda and Tommie Cox; Raymond and Susan French; Butch and Christine Carlucci, all of Springfield. From Newark: Tommie Trembo, Arthur Kane and Florence and Charles Marcussen.

The town of Mecca, Calif., is nearly 200 feet below sea level.

Joe, Another Schaffernoth, Watched By Baseball Scouts

Presently with White Sox farm club.

Another one of the Schaffernoth boys has already been the object of some serious consideration by baseball scouts this Spring and Joseph, who starred with the Jonathan-Dayton Regional High School team this year and was selected by the Newark Evening News on its second team of the All-State Group 3 high schools, may join his brother, Charles on some big league farm club as soon as his high school days are over.

The boys are sons of Mr. and Mrs. Charles A. Schaffernoth, Jr., of 5 Shunpike road, and Papa Schaffernoth is very proud of the baseball ability of his two boys since he, himself, was quite a ball player in his youth and might have made it his own career except that he couldn't take advantage of the opportunity at that time.

Joseph is sixteen years old and a junior at Regional. He played center on the basketball team and started with the baseball team this year, having pitched a no-hitter against Rahway, one of the outstanding feats of the season. (See group photo of Regional team for picture of Joseph on this page.)

His brother, Charlie, graduated from Regional in June, 1952, and had held down the position of catcher on the varsity team for four years. Before graduating, Charlie had a tryout with the New York Yankees but, on advice of his coach, Bill Brown, signed with the Chicago White Sox. Last season he played with the Wisconsin Rapids team but didn't get many opportunities to play until he hit a home run on his second effort in organized baseball. He wound up being the regular catcher and was selected as the only player on his club to appear in the All-Star game that year.

Another brother, Dale, who is only six years old now, is also beginning to accept baseball as his favorite sport. Charlie has been teaching him how to hold his bat and there is every indication that the kid brother will follow both Charlie and Joe into baseball as a favorite sport.

CHARLES SCHAFFERNOTH

Bill Jensen Will Help Boy Scouts

"Bill" C. Jensen, who manages to stretch out the usual 24 hours in a day has been honored by being elected District Chairman of the Northern District Scouts of Union County. This is the first time in six years that a Springfield man has been selected as district chairman and a great deal can be expected from Jensen's leadership.

In addition to Jensen, John Dalton, also a Springfield resident, was elected vice chairman along with Harold Tish of Union and Vernon Laws of Hillsdale. Elmer Meyer, of Summit, was the unanimous choice for Scout District Commissioner.

The members at large from Springfield are Anthony Verlander; Harry Monroe; James Chalmers; Donald Baker; Dan Lucy; William Melick; John Dalton and William Bentler.

Appoint New Head Of Science Church

Robert J. Smith, assistant to the Christian Science Committee on Publication, of the First Church of Christ, Scientist, in Summit, announces that about 7,500 Christian Scientists from all parts of the world attended the annual meeting in Boston this week at which time they named President of The Mother Church for the coming year, William R. Knox of Boston, Massachusetts, a Christian Science practitioner active in the healing work of the denomination for almost 50 years. His term of office is one year.

Mr. Knox emphasized the conviction of Christian Scientists that God's law and power are scientifically applicable to human problems and available to all. He said they base this conviction on the practical results of "the simple power of prayer" in their own lives and in the healing of others.

Youth Leaguers To Play Benefit Game

The Springfield Youth Baseball League have scheduled an All-Star Game on Monday evening, June 28, with the entire proceeds going to the First-Aid Squad of Springfield.

The Youth Leaguers will complete their 12-game schedule in ten more days, playing a total of 48 games, with games at both the Washington and Meisel Avenue Field covered by both First-Aid men and women, who have given their services unselfishly and without remuneration. Several of the boys have been bruised by misdirected pitches and batted balls, getting the benefit of prompt medical attention and care. The First-Aid ambulance was also at the Meisel Avenue Field at several games, with the parents of the boys remarking on the fine appearance and courtesy extended by the group.

A sizeable amount should be realized as the tournaments for all Springfield Youth League games have been well attended.

Ask Extension Of Building Permit

Breaking of ground on the General Greene shopping center has evidently been postponed for a time with the approval of an extension of the building permit granted by the Township Committee to the contractors. Application for an extension of the permit was made by letter from N. Angleton to the Township Committee which was granted for another sixty days.

The reason for requesting the extension of the permit, according to the letter, is that certain changes have been made in the original plans but that the overall picture still remains the same. It is understood that these changes will be made very shortly and actual work on the shopping center is expected to start very soon.

Telephone calls made to the renting agents and some of the stores already signed to leases brought the information that there have been no changes in their plans and they will be ready to move as soon as the building is ready for them. No date has been set for the ground breaking but the shopping center promoters insist that "things will move very rapidly once the start is made."

AWARDED INDIVIDUAL TROPHIES—Members of the Regional High School Varsity Baseball Team were presented awards by Continental Post No. 228 of the American Legion at their annual Sports Nite held last week. Pictured are front row, left to right: Joe Schaffernoth, George Mackenzie, Raye Reiff, Ed Ruby, Bob Bauer, Bob Larson, George Reynolds, Tom Casale. Rotary Defeats Kiwanis As Car-Hop Wallops Lions

The Rotary Club gained the league leadership in the Springfield Youth Baseball League by posting a 7-5 win over the Kiwanis last Monday night at the Meisel Avenue Field. In the other half of the twin attraction, the Car-Hop went on a rampage by walloping the Lions 16-0 at the Washington Avenue Field.

The Lions have a half-game advantage over the Car-Hops, with the Kiwanis and the Car-Hop waging a 7-7 tie last Wednesday at the Meisel diamond. This game will be played off on a Friday night at the completion of the league schedule.

Next Monday night the Car-Hop and the Rotary will play the first crucial game of the season, with the winner in a good position to gain the first league championship of the Springfield Youth Baseball League. The league will award a small baseball trophy to each boy on the winning team, with the sponsor receiving the championship trophy. The championship award is permanent and will be made at the first league banquet which will be held at the completion of the league schedule.

The Springfield Youth Baseball League will announce the first Springfield Youth League All-Star combinations in next week's Springfield Sun, with these boys playing in the big benefit game for the Springfield First Aid Squad.

After suffering two straight defeats to start the 1954 baseball campaign, the Rotary have blasted their way to the league leadership on some hefty clouting, featured by the hitting and pitching of Tom Marino and the catching of husky "Roy Campanella" Franklin.

TO ALL WHO LIKE CHILDREN!

Have you answered the Cerebral Palsy appeal you received in the mail a few weeks ago?

YOUR HELP IS NEEDED by several hundred Cerebral Palsied children right here in Union County.

Last year, by your generous giving, you made it possible for the Cerebral Palsy Center of Union County at 636 Salem Avenue, Elizabeth, to supply — on a FULL-TIME basis — the physical, occupational, and speech therapy, as well as educational training and diagnostic services for 108 Union County children.

There are many more who can be helped. **YOUR CONTRIBUTION** will make such help possible!

For those who don't already know:

CEREBRAL PALSY is one of the greatest cripplers of mankind.
CEREBRAL PALSY is caused by injury or damage to the motor section of the brain, either before, during or after birth.

YOU CAN DO SOMETHING ABOUT IT NOW!

Please fill in and mail or deliver the coupon below with your contribution TODAY.

BOY, THAT FOOD LOOKS GOOD!—Students and staff are both equally proud of the luncheon program as set up at the Florence Gaudineer School and here students Patty Mentzer, Lottie Kachlert, John Niesz, Joyce Field, Ted Stiles, Patty Durand, Malcolm Straub and Judy Vance wait to be served by Mrs. Annie Bell and Mrs. Frieda Kleile.

Gaudineer School Lunches Give Well Balanced Meals

"Honestly, Mrs. Couch makes the best chop suey I've ever tasted."

"Boy, are these hamburgers good—I could eat a dozen of 'em."

"I'm trying to lose weight, but I just can't resist this macaroni and cheese."

These are but a few samples of the remarks heard in the cafeteria each day. The eagerness with which the students approach the luncheon is a tribute to the thought and care that goes into the preparation of each day's lunch.

The main objective of the school lunch program at the Gaudineer School is to give the children a well-balanced meal at reasonable cost. We serve the Federal Type A lunch, which meet the daily minimum requirements set up by the government. This includes: one-half pint milk, two ounces of meat, fish, cheese or eggs, one slice of bread and two teaspoons of butter.

A secondary purpose of the lunch program is to introduce new foods. If we give the students the meals they like the best, there wouldn't be much variety in the lunch program. It would consist of hamburgers or frankfurters or spaghetti. When we have one of these favorites, we feed a greater number of children than when we have stew, fish or eggs.

Each month the government gives us a list of plentiful foods and in order to meet the terms of our contract we must use as many of the foods listed as possible.

Because of the Federal subsidy, it is possible to serve this lunch to the children at the price of twenty-five cents. The Federal government will subsidize only one of these lunches per child each day. If any student wishes more than one lunch, he may have it, but the cost of the second complete meal is thirty-three cents, since we get no reimbursement.

The kitchen personnel includes five women. (Two of the women report at 9 a. m., two at 10 a. m., and one at 11:30.) They clean, prepare and serve the food to the first lunch group at 11:30. They wash all utensils in time to serve the second lunch shift at 12:30.

Dr. Dengler makes regular checks on the physical condition of the cafeteria. In a recent report from the Board of Health, the Gaudineer kitchen was given an exceptionally high rating.

"The dining room is a large, airy one with windows on three sides and with walls of pale green. There are thirty-nine, four-legged tables, each of which seats six. Our kitchen equipment is made of stainless steel and is kept in immaculate condition.

Our cafeteria is visited by the state supervisor who checks on menus, student response to menus, cooperation of kitchen personnel and general cleanliness of the kitchen area. The luncheon program has been warmly commended by the state supervisor as well as by the many visitors from other school districts who have come to see how it operates.

Local Student Is Cited At Rutgers

Albert J. Krull, of 30 Colfax road, Springfield, president of the Senior Class of the Newark evening division of Rutgers University, received a special citation Monday evening at the Student Awards Dinner here "for student leadership far beyond his office."

The State University evening student was one of ninety-three to receive special awards, citations, and keys for outstanding student work at the four evening divisions of Rutgers during the past year.

Krull, who received a Bachelor of Science degree on June 9th at the 188th Rutgers Commencement, besides serving as president of his class has represented the evening college at important university functions and played a leading role in the school's professional fraternity.

His citation reads: "In addition to performing the full-time activities of an important position in industry, maintaining a respected American home, shouldering more than your share of community responsibilities, and successfully completing the final requirements of the bachelor's degree of your Alma Mater, you have during 1953-54 rendered distinguished service to your College and to your Class in the following specific endeavors:

Raymond Chisholm Pupils Present Historic Program

"America-Through the Years," a program based on their social studies, was presented by the members of the fourth and fifth grades of the Raymond Chisholm School on Wednesday, June 9, 1954.

The program told in song, story, and dance the heritage of America from Indian days to the settlement of California.

The hymn, "Old Hundred" or "Doxology" which the Puritans brought to their new home, opened the program, followed by "Hallelujah," an opera. Songs representing various phases of our history were also sung by the entire chorus. These included among others: "Eric Canal," "Casey Jones," "Barnacle Bill," "Blue Tail Fly," "Arkansas Traveler," "Sweet Betsy," "Old Chisholm Trail," and "Clementine."
