Asks Help To Rid Township Of Rag-weed

Residents of Springfield are asked to help eliminate ragweed and poison ivy in the Township by reporting growth of these two plants to Township Clerk Eleonore Worthington — at Millburn 6-5800 — and something will be done immediately to abate the nuisance.

The exact location of the ragweed or poison ivy is necessary, so that the authorities can make the proper investigation. The owners of the property are then officially notified of the presence of these plants and the notice asks for immediate abatement of the nuisance. If the owners do not comply with the orders, the job will then be done by the authorities and the bill sent to the property owner.

The names of those who report the presence of ragweed and poison ivy or who write to the Township Clerk will not be divulged. Mrs. Worthington points out that hayfever sufferers will find their conditions aggravated if some of the ragweed isn't cleared out immediately.

Building Started For Local Lumber Company

NEW EXECUTIVE AND SALES OFFICES—Architect's drawing of the Union County Coal & Lumber Company's building, already being constructed on Mountain avenue for this enterprising firm. Joseph Allan, Jr., of Elizabeth, is the architect. H. B. Wilmerding, President; and Victor D. Shaheen, Treasurer, say it will be most modern structure, with air conditioning and the newest in services for the customers.

Springfield's building boom continues with the announcement that the new and modern headquarters of the Union County Coal & Lumber Co., already being constructed on the east side of Mountain avenue, just opposite the present offices, may be ready for occupancy by the lumber firm in a very few months.

H. B. Wilmerding, President, and Victor D. Shaheen, treasurer, who purchased this 100-year-old Springfield firm last April, stated, at that time, that they intend to modernize the operation of the business and the new building with every latest bit of equipment for customers' service, is the fulfillment of that promise.

"Our new building," said Mr. Wilmerding, "will eliminate the need for crossing the street to our present offices. Customers now will be able to drive in with their trucks for which there will be ample loading space—look through our display rooms, complete the necessary paper and clerical work, and drive away.

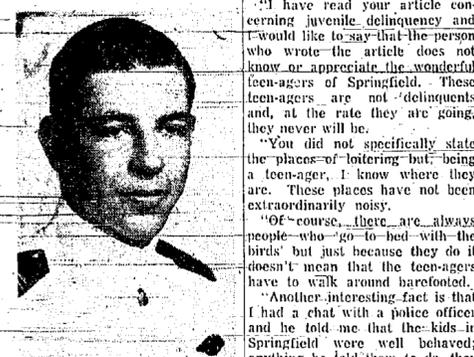

"Everything will be modern, with air conditioning, fine display and show rooms, a shipping department and ample space for the executive offices. As it is now, the people who do business with us must drive their trucks in along our railroad siding warehouse and then cross over Mountain avenue to our present offices on the west side. Our new offices will be a convenience to the customers who may now have all the business transacted with one call."

The actual construction work has been under way for several weeks and, at the rate the job is moving now, it should be ready according to plans. Messrs. Wilmerding and Shaheen, both very experienced in the lumber and building supply industry, purchased the reputable firm last April and their methods of operation have made it one of the outstanding in this area. James A. Telfer, and Springfield Building Inspector Reuben H. Marsh, who have been with the firm for a great number of years, still play a very important part in the operation of the company.

Delinquency Charge Is Denied By Teenagers

Last week's article in the SUN on the problem of Springfield's juveniles — and how to help them, if they really need help — has brought several letters to the editor all of which defend the youngsters and dispute the reports that "there is any delinquency problem in Springfield."

Jos. Heimbuch Returns From Korean Tour

(L.-R.) Jos. W. Heimbuch, Jr. SAN DIEGO, California—Ships of Destroyer Division 172 returned here Sunday, July 18 after completing a tour of duty in Korean waters. Aboard the USS Shields is Navy Lt. (j.g.) Joseph W. Heimbuch Jr., son of Mr. and Mrs. Joseph W. Heimbuch of 27 Maple avenue.

According to the Fleet Home News Center, the division participated in fair weather training exercises in the South China Sea, operating with Task Force 77 and with the "UN" blockading force off the west coast of Korea.

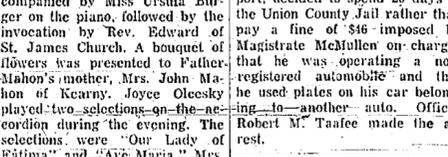

The ships visited the Pacific ports of Pearl Harbor, Midway, Yokosuka and Sasebo, Japan, Hong Kong and Manila.

Failure To Renew License Costs \$8

It cost Mrs. Muriel Reeve of 166 Mountain avenue, a total of \$8 when arraigned before Magistrate Henry C. McMullen on Monday night on a charge of operating an automobile without going to the trouble of getting a driver's license. Mrs. Reeve's story that she failed to renew her driver's license was told to Patrolman John Ehnis.

Joseph Fuller of 45 Barclay street, according to the police report, decided to spend 20 days in the Union County Jail rather than pay a fine of \$16 imposed by Magistrate McMullen on charges that he was operating a non-registered automobile and that he used plates on his car belonging to another auto. Officer Robert M. Taaffe made the arrest.

Rev. D.A. Zook, Guest Pastor For Services

Guest preacher for the Presbyterian-Methodist union service next Sunday morning in Springfield will be the Rev. D. Arthur Zook, Administrative assistant to President Fred G. Holloway, of Drew University, Madison.

Mr. Zook was born in India of missionary parents and taught music in Iowa public schools for five years after graduating B.A. from John Fletcher College. In 1935 he joined the Iowa-Des Moines Annual Methodist Conference. He took his B.D. degree at Drew and served pastorates in the Newark Conference, the last one at Chatham from 1948 to 1949 before going to Drew in his present job.

He was president of the Newark Conference's Commission on World Service and Finance for five years; was a member of its committees on Conference Relations, World Peace, Nominations, Evangelism and the Preachers' Aid Society. In summer youth conferences he was both a director and instructor.

On the interdenominational level, Mr. Zook served as president of larger parishes in North Jersey and helped organize the Paterson Council of Churches. He has been active in community affairs through the Red Cross and service clubs in Madison.

The union service will be held at 10:00 o'clock Sunday morning at the Methodist Church. W. N. Barz, organist and choir director will be in charge of the special music, with George E. Arey singing a bass solo. The general public is cordially invited to attend all the August union services; the remaining sermons to be preached by the Rev. Bruce Evans, Springfield Presbyterian minister.

Colonial Design Building For Henshaw Ave. Corner

Whether it's a trend or not, Springfield's real estate authorities will not say but there may be something to the idea with the story released yesterday by Sam Joseph Piccione, an enterprising real estate man with offices at 41-Kipling avenue, that the corner of Mountain and Henshaw avenues will soon have a modern one story building with three stores to brighten up that corner.

The corner property was recently sold through Mr. Piccione to Walter Chester of Maplewood who announced yesterday that plans have already been drawn for the Colonial design structure with room enough for three stores. Negotiations are now going on for a grocery and delicatessen store to occupy one of the stores, a drug store is considering locating in the other, and an interior decorator and paint establishment is expected to occupy the third.

Mr. Piccione who is handling the management of the new building as well as having made the sale of the real estate, said the owners will adhere, as much as possible, to Colonial design. It will be a one story building with the entrances of the three stores facing Mountain avenue.

Announcement of the names of the tenants may be made within a week, said Mr. Piccione. Actual work on the new building is to be started very early as it is planned to have the stores ready for occupancy as soon as possible.

Box Score On Building Boom

Construction started: Crestmont Savings & Loan corner Linden. Lyon's Shopping Arcade, off Center street. Steel construction, walls up. Union County Coal & Lumber Co., Mountain avenue, next to railroad tracks, well under way. Ground to be broken: General Green Shopping Center, probably on Monday. Sip and Sip restaurant, corner of Morris and Springfield avenues, probably today. Demolition of house on property will start immediately. Mountain and Henshaw avenue corner. One-story building, work to start within a few weeks for three stores.

New Arrival At The Meyers'

Thomas and Dorothy Meyers of 45 Shunpike Road are the proud parents of a baby girl, born on July 17 at Overlook Hospital in Summit.

Battle Hill Ave. Traffic Light To Be Reality Soon

The Morris Avenue Speedway — that portion of State Highway No. 82, beginning at Meisel avenue and going East — will soon be a thing of the past and those hot rodents and the big lumbering oil truck drivers who have been hitting 50 and 60 miles an hour on that stretch will find a new traffic signal at Battle Hill avenue to slow down the speeders.

Last night necessary papers were signed by the Township Committee which is part of the agreement with the New Jersey State Highway Commission for the installation of the much needed traffic light at that intersection of Morris avenue. The ordinance, providing the Township share of the funds for the cost of this installation, was passed on its third and final reading last night and the agreements signed.

The papers will be relayed to Trenton today and, as soon as the Highway Department offices receive the agreement, the installation job will proceed. Just how fast the actual work can be started is not known but the new lights at the Morris-Avenue-Battle Hill intersection should be in operation in a very short time.

Parking rule changes and no left turn regulations, as agreed upon by the Highway Commission experts and the Township Committee, have already been taken care of in ordinances passed several weeks ago.

The installation will be pedestrian push-button controlled traffic signals and, according to the ordinance, 75 per cent of the cost of the lights shall be borne by the New Jersey State Highway Commission and 25 per cent by Springfield Township. Springfield appropriated \$2500 out of the Capital Improvement Fund to be used as the Township's share of the expenses and charges to said improvement.

Permit Extension Is Again Granted

The Township Committee, at its regular meeting last night, received and acted favorably on a request by Mr. Max J. Levine, new owner of the General Greene Shopping Center, to grant another extension of the building permit for the construction of the group of stores at the corner of Morris, Plover and Main.

Surveyors were on the property early this week and the rumors had it that actual excavating work might start before the present permit expired. However, a request for a permit extension was made even though the breaking of ground ceremony is expected to take place next week, probably on Monday according to the reports.

Mr. Levine has purchased the corporation formerly headed by Nicholas Angleton who is now on a vacation trip to Europe. Mr. Levine is the new president and actual work on the shopping center is expected to move ahead rapidly once the construction gets started.

Heart Fund Drive Gets \$1,524 Here

Springfield made an annual showing in the recent fourth annual Heart campaign of the Union County Heart Association, contributing a total of \$1,524.57 even though the quota set for the township was only \$784 — a total of \$740.57 was collected.

The amount contributed to aid in combating research in the causes and cures of heart diseases is only \$4,215 less than the county's quota of \$4,960 and is the most ever contributed in the annual county appeal.

Thirteen of the twenty-one participating municipalities obtained more than their quotas.

Playground Officials Will Accept Offers To Help

Announcement that the Springfield Recreation Commission is considering a plan to hard surface the entire play area of the Henshaw Playground has brought vigorous protests from residents in that vicinity and formal objection may be presented to the playground authorities at the next regular meeting, scheduled in August.

The objections are based on studies made in other communities which resulted in the conclusion that hard surface playgrounds are not very acceptable especially where younger children play.

Residents in the vicinity of Henshaw and Hawthorn avenues are expected to present their objections to the Recreation Commission with the request that more grass, shrubs and trees be planted in the playground.

"We believe the husbands in this area," said one of the wives, "will be glad to volunteer for any work that might help bring some grass, more shrubbery and some trees to the playground. This was represented to us as a park — a combination park and play area — but it hasn't served that purpose. The improvements should have been kept out and some of those beautiful trees might have remained. Now it's a dust bowl. We believe the entire turf can be turned over and grass should be planted inside the playground, with some bushes and trees. We'd like to see (Continued on page 2)

Local Man Passes RMA Examination

Robert F. Stefany of 151 Satter street, is now a Registered Municipal Accountant, according to the announcement made yesterday by Joseph J. Scamari, secretary of the New Jersey State Board of Accountants. Mr. Stefany was one of 59 persons through New Jersey who passed their Civil Service examination as an RMA.

Mr. Stefany lives with his wife and ten week old son, William Craig, at the Satter street address and has been a resident of Springfield for about a year. He is a graduate of Syracuse University and passed his Certified Public Accountant examination in 1952. He is associated with the firm of F. J. Stefany, Accountants, in Irvington, who audit Springfield Township accounts.

Ask Residents To Curb Water Use

Every property owner in Springfield has received, through the mail, a proclamation signed by Mayor Albert G. Binder, declaring an emergency and ordering greater care in the use of water and pointing out the seriousness of the water shortages throughout the State.

Following is the warning delivered in the form of Mayor Binder's proclamation:

WHEREAS, because of continuing dry weather and the sprinkling of lawns and gardens by the many residents of the Township of Springfield, an emergency condition as to water service in the Township of Springfield has arisen; and

WHEREAS, in order to preserve water service for the fundamental domestic uses of the home and fire protection of the Township, it is necessary that a curtailment of water use be placed into effect.

NOW, THEREFORE, I, ALBERT G. BINDER, Mayor of the Township of Springfield, do hereby proclaim an emergency water condition exists in the Township of Springfield and the following restrictions governing the use of water to be in effect immediately, and to continue until further notice:

ROSEN PLAYGROUND

Ruth Rand
Nannie Moses

The hot weather has curtailed our activities to the outdoor sports. However, a group of our younger boys and girls, who are always full of energy, requested competitive races. It was fun for all and since there was a large shaded area and a cool breeze at the time, it was quite pleasant for the participants. The winner was Herman, age 7, second was Teddy Lee, age 5. These two boys show a lot of promise for future success in their chosen sport. They will meet five additional to their school track team on Monday.

FLORENCE GAUDINER PLAYGROUND

Mrs. John Heston
Doris Pollock

This past week at the playground has been very busy painting paper plates, making pot holders, having checker tournaments, and starting a marble tournament.

RIVERSIDE PLAYGROUND

Mickey Doherty
Vinnie Altieri

Over the past two weeks attendance has slowly doubled. Many pointers and pointers are still being made. Quite a few are making sets of pot holders to be given away this Christmas. Bracelets using aluminum wire are very popular as are the square head bracelets which are made out of plastic lace. Small glass dishes which can be used for nuts or candy have been covered with twisted crepe paper, making a very attractive effect. We have one set of chess which is fast growing in demand. Raymond Martini, age 8, and Gary, age 7, have learned the rules so well that they are now teaching them to others. After becoming greatly interested in chess, Raymond Martini has bought his own set.

IRWIN STREET PLAYGROUND

Tom Luckie
June Worthington

One of the recent interests at the playground has been modeling clay. A contest was held with some unusual specimens being made. First prize went to David Altieri for his bird, and second prize went to Herbert Bold for a duck. Third prize was awarded to Donny Corrao for a bear. Art, Arthur Moray and John Johnson.

JAMES GAUDINER PLAYGROUND

Laet Tilladay
Jimma Caldwell

The team that came in first received a prize. The winning team consisted of Roger Heston, Quinlan, Gary Silpis, Susan Oakman and Peggy Haggerty. The second place team included Sidney Schneider, Peter Coan and Laura Merz.

HENSHAW AVENUE PLAYGROUND

Scott Benington
Annie Wood

Despite the unusually hot weather, activities in our playground continue at a fast pace.

HIGHER INCOME

The people of the United States had 26 per cent of the income of the world in 1938 and 40.7 per cent in 1948 says the Twentieth Century Fund.

The modern word "fascist" derives from the Fascist regime in

Italy which got its name from the fasces, bundles of rods used as symbols of authority in ancient Rome. Early white settlers in America brought lice, fleas, bedbugs, clothes moths, mites, bots, grubs and flies says the National Geographic Society.

Veterans' Queries

Q. I am a Korean veteran who was totally disabled in service. I intend to apply for the special GI permanent-plan insurance available to disabled Korean veterans. Would it be possible to have my premiums waived because of my total disability?

A. Yes. You should apply for a waiver of premiums at the same time you apply for your insurance. But be sure to pay the required premium with your application, and be sure to continue to pay premiums until VA tells you your waiver is in effect.

Q. If I got a GI business loan, will I have to operate the business myself? Or could I turn it over to someone else to run?

A. You will be required to devote your personal labor or supervision to the business, either on a full-time or part-time basis.

Q. I am a Korean veteran with a service-connected disability serious enough to prevent me from getting commercial life insurance. Will my disability also stop me from obtaining GI permanent insurance available to disabled Korean veterans?

A. No matter how severe it is, your service-connected disability will not bar you from permanent-plan GI insurance. But you could not get it if you had a non-service disability that would prevent you from meeting the good-health requirements of the GI insurance law.

Q. I understand I can pay off my GI loan in advance, without penalty. Can these advance payments be of any size, or are there some minimum amount below which they can't go?

A. There is a minimum amount. It is the amount of one regular monthly payment or \$100, whichever is less.

Q. I'm planning to add the total disability income provision to my GI insurance policy. I pay my insurance premiums once a year. Could I pay the extra amount for the disability provision on a monthly basis?

A. No. You must make your disability income payments in the same manner as your regular insurance payments. If you pay your premiums yearly, you must pay the extra amount for disability coverage yearly, also.

Q. I am a Korean veteran, and I got out of service in July, 1952. What is my cut-off date for starting Korean GI Bill training?

A. You—and all Korean veterans separated before August 20, 1952—must begin training under the Korean GI Bill training after August 20, 1952, have two years from separation in which to begin, Q. Does the August 20, 1954 deadline for starting training under the Korean GI Bill apply to all post-Korea veterans?

A. No. The August 20 cut-off date applies only to post-Korea veterans separated from service before August 20, 1952. Veterans separated after that date have two years from separation in which to begin Korea GI Bill training.

Q. I'm a Korean veteran and I was separated from service before August 20, 1952. Later I went back into service, and I've just been separated again. Will I have to start Korea GI training before August 20 of this year?

A. Not necessarily. For post-Korea veterans who have had two periods of service, the separation marking the end of the last period is the one that counts. You will have two years from the date of your second separation in which to begin your Korea GI studies.

Q. I started Korea GI Bill training this past fall. Because of summer vacation, it won't be possible for me to be in training on the August 20 deadline date. Does that mean I won't be permitted to go ahead with my studies later? A. No. So long as you began training before the cut-off date, it won't be necessary for you to be enrolled in school August 20. You will be permitted to continue with your studies at a later date, after the cut-off date.

Former Resident Assigned to Fla.

Lt. Colonel Frank R. Kasperien, a former resident of Springfield, has been transferred to Eglin Air Force Base, Florida, where he will serve as Deputy Chief of Staff Personnel at the Air Force Armament Center in Eglin.

Colonel Kasperien had been Chief of the Military Personnel Division of the Wright Air Development Center, Ohio, before assignment to his new position.

Colonel Kasperien was assigned to WADC in September, 1952, after three years at the Air Force Flight Test Center, Edwards AFB, California, as assistant to the Commander. He entered military service early in World War II and was commissioned a second lieutenant in December, 1942.

His war service was confined to the Pacific area, where he was awarded the Bronze Star Medal, the Presidential Citation and nine campaign stars.

The Colonel is married to the former Arleen E. Boege, of Long Island, New York. They have two children, Candace C., 15 months and Gary E., nine weeks.

A father was originally the distance between the tips of a man's two middle fingers when his arms were outstretched, later standardized to six feet.

Chicken Barbecue For Outdoor Meal

Have you ever tried an outdoor barbecue? Your family will enjoy eating outdoors, and you can have a day out of the kitchen.

Miss Ruth Williams, extension agent at Rutgers University, points out that chicken makes a delicious treat when barbecued. You may want to use plump broiler-fryer chickens. Depending upon size, the birds should be halved or quartered beforehand, washed and drained, keep chickens chilled until you use them.

The chicken can be cooked over an outdoor fireplace, the New Jersey State representative reminds homemakers. "If you wish equipment especially designed for the purpose, the stores are now offering a wide variety. However, you can make a simple one yourself. You will need a rack, the one from the kitchen store will do. Set it up on four bricks, turned lengthwise for height. Its closeness to the ground doesn't matter, as long as the fire is slow and low. Dry hardwood or charcoal used with kindling makes good fuel."

Miss Williams offers the following recipe for a sauce you will wish to have ready in advance and she gives directions for barbecuing the chicken.

Barbecue Sauce
1 cup vinegar or lemon juice
2 cups water
2 teaspoons sugar
1 teaspoon salt
1 bay leaf
dash cayenne pepper
1/2 teaspoon garlic salt or clove of garlic, minced
1/2 cup catsup
1 cup tomato juice
1 onion, finely chopped
1/2 teaspoon Worcester-shire sauce
2 tablespoons butter or margarine

Melt the butter or margarine and add the other ingredients. Blend thoroughly. Simmer 20 minutes, uncover. Refrigerate until you use it. Makes enough sauce for 6 servings.

To barbecue the chicken, brush with the warmed sauce and lay on the rack with skin side up. Use two long-handled forks to turn the pieces. Baste from time to time with the sauce. You can make a "brush" from a green stick wrapped on one end with a clean cloth. Keep fire very low so chicken doesn't scorch or cook too quickly. Constant attention is needed while the birds are cooking.

Dorothy Sandlin Is Featured Again At Paper Mill In "Vagabond King"

The Vagabond King, Rudolf Friml's popular operetta based on the escapades of France's poet hero, Francois Villon, opened July 27 for a 5 week run through August 29 at the Paper Mill Playhouse, Millburn, N. J.

Based on the long time favorite play "If I Were King," by Justin McCarthy, the operetta stars Dorothy Sandlin as Katharine DeVauxcelles and Ted Scott in the role of Francois Villon. Production and staging chores are supervised by Frank Carrington, co-founder of the Paper Mill Playhouse, and direction is handled by Agnes Morgan.

Supporting roles are played by Clarence Nordstrom as Taborie, John Malcolm as Thibaut, Angus Cairns as Tristan, Albert Bergh as Oliver, Clifford Dunstan as King Louis XI, Edith Fisk as Margot, Jacqueline Laugel as Huguette and Eleanor Eby as Lady Mary. Adding further color to the outstanding cast of soloists is the famous Paper Mill Playhouse chorus ensemble.

A favorite musical with Playhouse audiences, the operetta takes place in Paris during the days of King Louis XI, when his reign is threatened by the Burgundians. Villon emerges as the leader of a band of rogues who fight the invaders. Intertwined in the plot is a romance based on the love affair between Villon and Katharine, a relative to the King. Among the favorite songs in the operetta, popular throughout Europe and Western Hemisphere, are "Song of the Vagabond," "Only a Rose," "Love Me Tonight," "Somebody," "Huguette's Waltz" and "Love For Sale." The settings, to fit the mood of the era, have been designed by

Bus Ban Asked By Freeholders On New Parkway

Allowing buses on the new Garden State Parkway was strongly opposed by the Board of Freeholders, it was announced last week in what was the first action of its kind by a county board. A resolution was unanimously approved to ban the buses. It was introduced by Freeholder Donald M. Pearsall of Westfield.

The resolution which will be sent to the New Jersey Highway Authority, states: "Whereas, this board is of the opinion that the use of the Garden State Parkway within the confines of Union County should be limited solely to the use of passenger motor vehicles, and that the use thereof by large vehicles, such as omnibuses or vehicles of a similar nature will so congest the traffic that the primary intentions of the use of this section of the parkway will be diverted, and

Whereas, by the provisions of N. J. Statutes 27:12B-17 (b) the New Jersey Highway Authority has discretionary power to eliminate such motor vehicle traffic; Now, therefore, be it resolved, that this board do on record as opposing the use of the Garden State Parkway within the confines of Union County for omnibuses or any passenger bus, truck or other vehicle equipped for the transportation of passengers for hire."

Mercury Reveals Only Half Story

Ever wonder why a living room can seem comfortable at 70 degrees in summer, but too cool at the same temperature on cold winter days?

The explanation lies in your own body and not in the house, say the experts. One reason is that lower winter humidities speed evaporation on the skin surface, producing a cooling effect. Another is that your body loses heat more rapidly when it absorbs chill from cold walls, windows and doors. This is the process of radiation-body heat being radiated to surrounding cold objects.

For greatest comfort, set a thermostat for whatever temperature satisfies you, rather than at any arbitrary point which someone else calls healthful. The lowly earthworm is one of the most important of all animals. It plays a most important part in keeping the soil continually fertile.
