Lost Dog Returned; Boys Had Own Pet

Thirteen year old Fred Puorro and his nine year old brother, Ronnie, reversed the old proverb this week by proving that "a dog's best friend is a boy."

Fred and Ronnie live at 83 Irwin street and have a dog of their own—a mutt, a mongrel," Mrs. Rose Puorro, mother of the two boys said in describing the pet. "But the kids love him."

Last Friday a black cocker spaniel followed Freddie home and wouldn't be chased off. Fred and Ronnie fed the cocker spaniel and kept her in the garage—away from their own dog—until they could contact the police to report that they had found the pet. Fred is a Regional High pupil and Ronnie is a Regional High pupil and Ron- (Continued on page 2)

Tax Collections Higher Than 1953

August was a very good month for the collection of taxes, according to the report submitted by Tax Collector Charles H. Huff, the 1954 figures again keeping ahead of last year. The Township received a total of \$177,069.08 in August as compared to \$174,446.69 for the same month in 1953.

The 1954 taxes collected in August amounted to \$156,645.19 which brought the total to \$903,954.37. The remainder of the total was made up of delinquent taxes for other years and various other sources of receipts and assessments. The current tax collections last year amounted to \$101,367.47.

St. James School Opens Monday; Over 430 Attend

Over 100 new pupils have been enrolled in the St. James School—a total of approximately 430 children attending the third school year which starts next Monday, September 13. This is the third school year for St. James and the total number enrolled for the opening on Monday shows the amazing progress made by the school.

Of the more than 430 children attending St. James this year, more than 250 are residents of Springfield with the others being transported from Mountaineer, Union and Millburn. The increase in enrollment has taken place in all grades, from kindergarten to seventh.

A faculty meeting was held last week with Fr. Aloysius Carney, S.J. and Sister Elizabeth Anne presiding. The new teachers became acquainted with the school building, schedule and rules, and everything is in readiness for the opening on Monday.

As usual, school will open in church with a Special Mass to be celebrated by Fr. Carney, S.J. James pastor, who will also deliver the sermon. The Mass will start at 9 a. m. and all parents are invited to attend.

The Pastoral Letter of the American Hierarchy in 1910 developed the reasons that necessitated the parochial school sys-

Will Consider Master Plan For Township

The master plan, prepared by T. T. McCrosky, the consulting engineer hired by the Springfield Township Committee to bring in a new zoning ordinance that is intended to settle all the problems now harassing the governing body, will get full consideration next Tuesday evening when the Township Committee and the Planning Board meet with the town planner. Maps and provisions for zoning changes have been prepared and the result of Mr. McCrosky's survey will be presented to the two Township groups. Tuesday's session is not a public meeting.

The new master plan has been prepared according to those who have been watching the work of the consulting engineer, to establish permitted uses of all properties in Springfield and, once it has been accepted and adopted as an ordinance, it is intended to be the yard stick for all future construction in Springfield. As soon as the Township Committee and Planning Board have considered every phase of the report, the ordinance will be presented at a regular meeting in the very near future.

Celebrates 35 Years With Bell Labs

Howard A. Flammer

Howard A. Flammer of 43 Fieldstone drive, celebrated his 35th anniversary of Bell System service on September 8. He is a patent attorney with Bell Telephone Laboratories, Murray Hill, New Jersey.

In 1919 Mr. Flammer joined the Western Electric Company's Engineering Department, later Bell Laboratories, as a patent draftsman. He studied patent law at Columbia University and La Salle Extension University and he became a registered patent attorney in 1927. He has specialized in patent prosecution for the outside plant department of the Laboratories since that department was organized in 1934. His work concerns most telephone equipment not in central offices or on customers' premises.

Mr. Flammer, who served in the Quartermaster Corps during World War I, has been a member of the American Legion for more than 20 years. He is also a member of the Springfield Rotary Club, the Professional Men's Club of Springfield and the New Jersey Patent Law Association. He is an honorary member of the Millburn, N. J., Fire Department and a member of the Frank B. Jewett Chapter of the Telephone Pioneers of America.

Mr. and Mrs. Flammer, who celebrated their 34th wedding anniversary on September 2, moved to Springfield six years ago from Millburn, N. J., where they had lived for 18 years. Their one daughter, Jean, is the wife of Arthur Mehring of Summit, N. J., who is also a member of the technical staff of Bell Telephone Laboratories. The Flamers have two grandsons, Douglas and Dwight.

Nemersons Return

Mr. and Mrs. Ralph Nemerson and children of 204 Hawthorn ave., have just returned from a motor trip through New York State, Canada, Ohio and Pennsylvania. They enjoyed their trip and are now convinced "the nicest town of all is Springfield, New Jersey."

RECEIVES AVIATOR'S WINGS—Navy Ensign Raymond A. Volden, son of Mr. and Mrs. G. S. Volden of 24 Bryant avenue, receives his "Wings of Gold," his commission and congratulations from Admiral Cato D. Glover, USN, Chief of Naval Air Advanced Training at Corpus Christi, Texas. Along with other Navy and Marine student pilots, Volden completed nearly twenty months of intensive flight training to earn his wings.

Bingo Game Here Attracts Neighborhood Enthusiasts

Operation of bingo games by St. James Church in Springfield has evidently been a very well guarded secret—which pleases the State Bingo-Raffles Commission no end since it is in strict accordance with the rules and regulations. And St. James Church, holder of the State license in the Township, has not and does not intend to permit anything that will deviate from the specific observance of the rules and regulations as set down by the Commission.

Discovery of the bingo game at St. James came to us last Thursday and it was a revelation—a pleasant revelation. We had been watching the hundreds of carefully parked cars in the St. James lot every Thursday night for months but only last Thursday night did our curiosity tempt us to learn more about these weekly affairs.

We followed the crowd and entered where several hundreds were already seated in the cool, comfortable, well lighted, spacious auditorium. Most of the chairs about the long tables were already occupied which almost disproved the first idea that "bingo at St. James was a well kept secret."

People who sat near us said they were from Millburn, that they have been coming every Thursday and hope to be able to come to St. James every week, and would have volunteered a great deal more information if the game hadn't just started.

Being a bingo enthusiast evidently has the same hold on the players as other games. There are those who spend most of their spare time on scabble, frozen pack Canasta, or contract bridge but there's no more important game to a bingo enthusiast than bingo.

In the olden days the community gatherings came with the quilling parties, the square dances, the ox pulls or even the corn huskings and the barn raisings. But bingo has taken the place of all these amusements and women from Summit, Millburn, Maplewood, Union, Mountaineer, Westfield and other nearby communities gather with their friends in Springfield every week.

Operation of the St. James bingo is definitely on the volunteers basis with no one receiving any pay—but the job is being done as well as any professional could do it. The job of the "caller" which happens to be one of the most important in the operation of bingo, was divided between a Wall Street investment broker and an accountant, both members of St. James. All the ushers, both men and women, are volunteers and members of the church, and there appeared to be a sincere effort to make the evening pleasant and a very successful effort it was.

More than three thousand letters were sent out by the Bingo-Raffles Commission last week inviting St. James Church and all organizations registered with the Commission and all municipalities of the State to send in their ideas for improvements in the Rules and Regulations. Other interested groups and individuals are urged to join in evaluating the first four months of New Jersey's legalized gambling experiment. The Commission has set September 18 as the deadline by which all such ideas should be in the Legalized Games of Chance office at 1060 Broad Street, Newark.

Upon receiving the requested suggestions, the Bingo-Raffles Commission will begin preparation of recommendations for improvements and changes in the law to present to the Legislature. It is expected that the suggestions received from the public will prove of practical help, supplementing the Commission's state-wide administrative experience, knowledge of New Jersey's gambling problems in the earlier years of her history, and information on difficulties with similar legislation in other states.

Although some sweeping generalizations have been made concerning the operation of the laws, Arthur Weller, Executive Officer of the Commission, states that very few suggestions of a specific nature have come in. Many of the statements made show lack of understanding of the terms of the referendum passed by the voters last November—an amendment directing that the Legislature "restrict and control" the legalized games of chance.

Many serious injuries have resulted from this condition over the past several years, and I am sure it follows that an obvious hazard such as exists here should be corrected by the proper authorities.

The governing body of Springfield has more than cooperated with the State Highway Department in regulating and controlling traffic on this thoroughfare, and I am sure if you will review the facts, you will agree that our request in this instance is in the interest of all concerned.

Thanking you for your cooperation in this regard and looking forward to a favorable response, Sincerely yours, A. G. BINDER, Mayor.

Set Tea and Auction At Methodist Church
A "tea and auction" will be held for the benefit of the Springfield Methodist Church building fund on Tuesday, September 21, in the Monday Room of the church. The auction is open to the public and household furnishings, china and unusual articles will be available. The tea and auction starts at 1 p. m. and is open to the general public.

Dinner Dance And Telecast Arranged By Democrats Here

Traffic Light On Morris Ave. Soon In Use

Work on the traffic light on Morris avenue at the Battle Hill and Marion avenue intersection, started last Friday by the New Jersey State Highway Department and should be in operation shortly. This will be one of the pedestrian push button types authorized by State Highway Commissioner Dwight R. G. Palmer at an estimated cost of \$8,400. The state share will be \$6,300 and the annual maintenance of \$240. The contribution of the Springfield Township for the installation will be \$2,100 in addition to supplying electric operating current.

Installation of this traffic light is the result of what originally started out as a one man campaign with W. D. Schuster of 43 Warner Avenue leading the fight. He bombarded the State Highway Commission with correspondence and petitioned the Springfield Township Committee to do something about cutting down the speed of automobiles on this stretch of Morris Avenue.

The Township Committee joined Mr. Schuster in his fight and the State Highway Department finally consented to have its safety engineers survey the situation. The report of that inspection brought quick action on the part of the Highway Department and the traffic lights, now being installed, is expected to slow down the speeders in this area. It has been almost impossible for pedestrians to cross during the height of traffic.

Early Morning Fire Threatens Lumber Yard

Fire Chief C. A. Schilling and the local police are making a thorough investigation of a fire which called out the Springfield department at 12:27 yesterday morning at the Taltis Manufacturing Company plant off Springfield avenue. The blaze, which according to Chief Schilling, started outside the plant building, was under control in a half hour but the circumstances surrounding the sending of the alarm kept the fire fighters on the scene for two hours.

The fire was discovered by the police who were rushed to the plant when a prowler was reported as having been seen. No trace of the prowler could be found but the blaze outside the Taltis Company building was discovered and the local fire fighters responded quickly. A thorough inspection of the area was made by both the police and the fire department.

Because of the lumber yard adjoining the scene of the blaze, Chief Schilling and Deputy Chief O. W. Mesker ordered the fire fighters to "wet down" every thing in the area as a precaution. Thirty seven members of the volunteer fire department responded to the call and helped pour over 250 gallons of water.

Residents of Springfield are asked to cooperate with the Township authorities by avoiding throwing grass clippings, junk and other debris in the drains and ditches throughout the Township.

"This clogs up the drains and ditches in Springfield," said one local authority, "and contributes to the flood conditions that have plagued the Township for some time. We have been called to clean out these drains and ditches but some of it is out of our reach and might cause trouble."

The grass clippings and weeds cause most of the trouble in the ditches and drains. Even old tires and other junk have been thrown into the open drains.

The Springfield Democratic Club will be the host for what is now shaping up as the most elaborate social-political event of the season to be staged at the Baltusrol Golf Club on Wednesday evening, September 29, with Governor Robert A. Meyner and the "top brass" of the Democratic organization attending. It will be a dinner dance and telecast according to the very formal printed invitations in honor of Congressman Harrison A. Williams who is seeking re-election in the Sixth (Union) Congressional District.

Vincent J. Bonadies, candidate for Springfield Township Committee in the coming election, is the major domo of the dinner dance and is handling all the details for the event. In addition to Gov. Meyner, Bonadies announced yesterday that he has assurances from Congressman Charles Howell, Democratic senatorial candidate, that he will also be present September 29 and other guests will be Freeholder candidates James C. Kellogg, James J. Davis, John C. Boyle and Robert C. Kirkpatrick.

The highlight of this social-political event will be a television show direct from the Baltusrol Golf Club from 9:30 to 10 p. m. over WATV, Channel 13, with Gov. Meyner, Congressman Williams and Congressman Howell participating in the program. Mr. Bonadies hasn't worked out the script as yet for the television program but the tentative arrangements are that he will introduce Cong. Williams who will then present Gov. Meyner and United States Senator candidate Howell to the audience.

Invitations have been extended to all sections of the State and responses, already received, indicate that practically every well known supporter of Gov. Meyner, Congressman Williams, and Congressman Howell will attend this (Continued on page 2)

Tries Drowning In Three Feet of Water

Arnold F. Kennedy, 40, of 30 South Walnut street, East Orange, yesterday told Springfield police a new version of the story which had to do with a chap who wanted to commit suicide by hanging and when they found him with the noose around his belt line, he explained that he tried it around his neck but he nearly choked to death.

According to the police record, Kennedy was picked up and arrested for attempting suicide when he jumped into the Rahway River, on Route 22, yesterday afternoon at 1:55 p. m.

Arnold, evidently believed the sign which clearly stated that "this was the Rahway River" and, according to the police, jumped in. But he found only about three feet of water and Kennedy wasn't quite certain how to drown himself in that depth. The temperature of three feet of water wasn't to his liking he told Patrolman J. Jenkins who arrested him. Kennedy was disgusted with himself and told police, it was too cold, anyway. What made the East Orange man want to drown himself, he didn't say.

Lost Dog

(Continued from page 1)

In the meantime, Mr. and Mrs. Martin Sherman, who only recently moved to 23 South Derby road, searched frantically for the little cocker spaniel that had been brought for their two year old daughter, Randi Ellen, only two days before. The parents decided to advertise but, before publication, the two Puerto kids had contacted the police and the cocker spaniel was restored to a very happy two year old at 23 South Derby road.

The pet was evidently well fed and no worse for the experience of being lost for days since she was in the capable hands of two boys who love dogs of any kind but nothing like their own mutt. As an added incident to the series of events, Randi Ellen was romping with the cocker spaniel Tuesday evening, just before going to bed, when the dog playfully nipped at the two year old Sherman child. Randi Ellen's nose was bitten slightly and Mrs. Sherman rushed the child to Overlook Hospital but it was nothing serious.

SYNOPSIS OF MINUTES OF MEETING OF UNION COUNTY BOARD OF CHOSEN HELD ON AUGUST 28, 1934

Regular meeting of the Board of Chosen Freeholders of Union County was held at the Court House, Elizabeth, N. J., on Thursday, August 28, 1934, at ten A.M. Deputy Clerk A. Ethel Allison called the meeting to order. Roll call showed the following members present: Freeholders Benninger, Carr, Herlich, Hickok, and Schaefer; absent: Freeholders Mackey, Pezall and Valentine. The Deputy Clerk stated that, due to the death of the Director of the Board, it would be necessary to elect a new Director for the balance of the year. Freeholder Benninger stated that ordinarily the Board would wait until after the funeral before electing another Director, but that because of the important bond issues and other County business at stake, it would be necessary to have a Director elected immediately. He nominated Freeholder George W. Herlich as the Director of the Board, and Freeholder Hickok seconded the motion. The nominations were closed. The Deputy Clerk then called the roll. Roll call showed all members voting in the affirmative, and then the Deputy Clerk declared Freeholder Herlich elected Director for the balance of the year. Director Herlich then took the chair. Freeholder Hickok moved that the minutes of the meetings of August 3rd and 12th, 1934, be approved, which motion was duly seconded and unanimously carried. Resolution that all bills presented

for payment be ordered paid, was on roll call unanimously adopted. The following communications were received and ordered filed: Bonnie Burn Sanatorium, calling this Board's attention to the situation in regard to water supply at Bonnie Burn, and suggesting that a well be drilled to provide a supplementary supply, was referred to Public Welfare Committee. Township of Springfield, thanking this Board for the action in relieving a very bad situation on South Springfield Avenue, was referred to Roads and Bridges Committee. Anita Mazarella of Cameron Place, Elizabeth, asking repair to the foot path on the Bridge Street bridge, was referred to Roads and Bridges Committee. Board of Education of Springfield, asking that a screen be placed at the culvert under Mountain Avenue, was referred to Roads and Bridges Committee. Borough of Fanwood, requesting this Board to install a trash rack on the drain on the east side of Ferrill Road in front of the property of Mrs. C. D. King, was referred to Roads and Bridges Committee. Borough of Fanwood, asking for proper storm sewers on LaGrande Avenue from Second Street to Ferrill Road, was referred to Roads and Bridges Committee. County Treasurer, advising he has sold \$25,000 of Bond Anticipation Notes to the Peoples Bank & Trust Co., Newark, at their bid of seven-tenths of one per cent interest due September 13, 1934, and had the proceeds credited to the County of Union - Capital Funds. Chairman, Purchasing Committee, relative to meat and meat products for the Jail, covering the period for the month of September, was referred to Public Welfare Committee. Pingry Sends 90 Percent To College

E. Laurence Springer, headmaster of Pingry School, today announced that the Class of 1934 had made an excellent record in college admissions.

Fifty-five boys received their diplomas last June—and all of those who applied for college were accepted, he said. Ninety per cent of these were admitted to the college of their first choice (the national average of first-choice acceptance in independent schools is 74 per cent). This fine result happened in spite of the fact that leading eastern colleges report that this year they had the largest number of qualified candidates in their history to consider.

"These figures conclusively reflect the academic standing and excellent reputation of Pingry School with the colleges," said the headmaster.

When school reopens on Wednesday, Sept. 15, for the start of Pingry's ninety-fourth year, there will be the usual complement of full classes. Most of the latter have had waiting lists since last spring. Because of the policy of keeping the school at its present enrollment level, the admissions committee has been able to accept only one third of this year's applicants for admission.

Drought Helped Hay Fever Area, Cutting Down Pollen

To the scientists it is called Ambrosia Trifida — but to those who sneeze just by looking at ragweed, it is plain "hay fever." However, a lot of ragweed must have been removed in Springfield days although the hay-fever season is in its second week.

The drought, while it has proved to be a terrible enemy of the farmer, has been a godsend to the sneezing clan by cutting down ragweed plant growth and, with it, pollination.
 "Ragweed plant growth" and "pollination," together, are a roundabout way of saying that, roughly between Aug. 15 and Sept. 21, ragweed gives off pollen that makes noses sneeze, eyes water and life generally miserable for the 1 to 2 per cent of the population allergic to such pollen. Good progress toward eradicating giant ragweed was reported by the Health Department.
 But dwarf or common ragweed is more of a problem. Officials explained that in June and July, before it is fully grown to a height of about eighteen inches, it looks just like a dozen other weeds and the eradication teams may miss it. The giant ragweed may reach twelve to fifteen feet.
 The scientific names are: Ambrosia trifida and Ambrosia artemisiifolia. Ambrosia was the food of the gods, but the only reason botanists can suggest for the name was that Linnaeus, the great Swedish name-giver, was being facetious: no creature on earth will eat the weeds.

CATHOLIC FORUM

There's something wrong with the Catholics!
 If Catholics worship pictures, statues, and saints—if they think medals, holy water, and the like, will in themselves prevent accidents, disease, lightning, and drowning—if Catholics have no minds of their own and must vote and fight and act just as their priests order—then surely there is something wrong with the Catholics. Yes, something so wrong that they should never be permitted to have a hand in the running of this great country of ours.
 If, on the other hand, there is no idolatry or superstitions about anything Catholic—if all Catholics have 100 per cent free will—if their patriotism is a proved fact—if, in short, Catholics believe that their Faith has in it and behind it reason, common sense, God-given authority, and a philosophy which, if generally adopted, would solve all present-day problems—if Catholics have such a story to tell to their non-Catholic neighbors and fail to tell it—then again we say there is something wrong with the Catholics—woefully wrong.
 To enable fair-minded people of other creeds to know Catholic facts from Catholic sources, we intend from now on to publish in this paper short informative stories of the things which Catholics believe, do, and live, day after day, believing that our messages will receive courteous attention and credence because we have no religion to attack, no axe to grind, no purpose in mind other than to engender understanding and good-will which are so necessary if America is to stand united against the evils that surround us.
 We hope you will feel free to write us your opinions of our labor of love and to ask frank questions about anything Catholic which you may have in mind.
 If it's anything Catholic, ask a Catholic!

Daly To Seek Freeholder Seat At General Election

SUMMIT—In response to a plea from several hundred of the more than 12,000 who voted for him in his unsuccessful bid for a Republican freeholder nomination at the primary, Eugene F. Daly of 15 Pearl st. today announced he is circulating petitions for election to the one-year unexpired term of the late Col. H. M. Dudley of Elizabeth. The freeholder voting will be part of the Nov. 2 General Election.
 Running as an independent Republican, Daly says many independents including Democrats and Republicans have assured him of support. They feel, he states, that Union County would receive far better government if a union labor man were on the Freeholder board.
 Daly, who has lived in Summit 46 years, is a member of the AFL Typographical Union No. 788 of Summit and is employed at the Summit Printing Co. which publishes the UNION REGISTER and other newspapers. He is active as a member of the Holy Name Society of St. Teresa's Church, and of Summit Lodge of Elks No. 1246.
 He promises that if elected, he will do everything possible to reflect the independence of judgment on issues which mark the

EUGENE F. DALY
 desires of the laboring people as well as white collar workers and management. He believes "it is time to shelve the professional politicians and place the management of county government in the hands of those more attuned to the problems of all the people."

Miss Grim was graduated from Centenary Junior College and Glassboro State Teachers College. She is currently teaching at the Harrison School in Roselle.

Lt. Reutershan was graduated from Clemson College, Clemson, South Carolina, where he was a member of Blue Key and Who's Who Among Students in American Universities and Colleges. He has been attending the Signal School at Fort Monmouth, and will leave shortly on special assignment to France.

Caldwell Teacher Married Aug. 28

Mrs. Myron J. Holak

Mr. and Mrs. Philip James Wilderoller of South Orange, announce the marriage of their daughter, Jeanne Teresa, to Myron John Holak of Montclair. The ceremony took place on August 28th at 11 a.m. at Our Lady of Sorrows Church in South Orange; Reverend Thomas Donnelly officiating, followed by a reception at The Condon in Livingston.

The bride is a teacher at the James Caldwell School. The groom is now attending the Newark College of Engineering, having served in the U. S. Navy during World War II.

After a two weeks honeymoon in Canada, the couple will reside in Newark.

Summit Temple To Seek New Members

In response to a request from residents of Springfield seeking information relative to facilities available to members of the Liberal Jewish movement in the area, an open meeting will be held on Wednesday evening, September 15th, at the home of Mr. and Mrs. Sidney Rich, at 25 Kew Drive. Members of the Springfield Community, whether specifically invited or not, have been invited to attend if interested in having their questions answered as to where they can become affiliated with a Reform Jewish Synagogue.

The meeting is being held under the auspices of Temple Sinai of Summit, a Congregation affiliated with the Union of American Hebrew Congregations, and serving Springfield, Short Hills, Millburn and Summit. Rabbi Morrison D. Bial, spiritual head of Temple Sinai, will be present to describe the aims and practices of Liberal Judaism in America and to tell of the institutions in the Springfield locale affiliated with the movement. Rabbi Bial will answer all questions after the meeting. Temple Sinai is beginning its third year of service in this area with the first Sabbath Eve worship announced for Friday evening, September 10th. Services are held at the Community Church (Unitarian), and the Religious School classes on Sunday mornings at the

Y.M.C.A., both in Summit. The School employs professional religious teachers for all classes.

Further information concerning Temple Sinai, its worship and school, and the open meeting may be obtained from Mr. and Mrs. Rich—who, with several other families in Springfield, have been affiliated with Temple Sinai for several years.

Marge Sweet Shoppe Observes Birthday

Ed and Marge Silance, who have been conducting the establishment at the corner of Morris and Meisel avenues, known as Marge Sweet Shoppe, are celebrating the tenth anniversary in that business.

To mark the birthday which starts on Saturday, Ed and Marge have arranged for unusual low prices for practically everything in the place for a full week. Prices have been reduced so that there is a saving of 20 per cent on toys and on most of the items in the store.

During this anniversary week sale ice cream cones will be only 5 cents and even the cup of coffee will be offered during the week at five cents—which gives an idea as to the prices during this festive week. There will also be free gifts for the kiddies all through the celebration.

Here You Can Shop in One of the Most Modern and Complete Meat, Poultry and Fish Markets in Union County, But First:

PLEASE, ONE MINUTE OF YOUR TIME . . . THIS YOU SHOULD READ — "A STORY"

What happened to the good butcher shops of the past? We are going to tell you. "Self service started only a few years ago and everyone thought it was a good idea; but has it really worked out in the case of fresh meats and poultry? WE don't think so. Staple goods such as canned foods, packaged items and the like — yes, but not fresh meats. To prove it to yourself . . . buy a packaged steak or cut-up poultry and see how the good, rich vitamins and juices have soaked into the cardboard platter, robbing you of the best of its flavor. See how dried the surfaces of the meats and poultry will be. Now . . . come into our store where we carry only prime and choice meats, fresh poultry and fish. Then see for yourself how better is the flavor, how juicier your meats and poultry will be. "Price?" Comparatively the same. "Flavor?" Unsurpassed. "Service?" the best — and everything kept under refrigeration in the most modern equipment available.

a Magic Mixture of spices and herbs

THE FLAVOR SECRET SOMERSET WON'T TELL!

ONLY A CODE NUMBER identifies the treasured blend of seasonings which gives to Somerset that incomparable flavor. For each Somerset Product, there's a special mixture of spices and herbs—blended to the exacting formulas of the Somerset Kitchens—checked by a test panel selected for their flavor experience.

Other premium brands may contain the same selected cuts of beef and pork which Somerset insists upon—the same cuts you choose for your own dinner table. But the closely-guarded formulas which give Somerset its unique flavor... only Somerset has them!

To protect this flavor, Somerset Luncheon Meats are mixed tender vacuum—perfectly blending special seasonings—and wholesome meats... and sliced and packaged under vacuum. Then they're delivered to Safeway at the peak of goodness!

As you taste Somerset's tempting meat loaves, subtly-flavored sausages, freshly-cooked franks—you'll recognize the rare and delicate flavor which is distinctly Somerset's own. Then you'll understand why Somerset considers that flavor its most cherished secret.

SOMERSET LUNCHEON MEATS are prepared daily—and sliced to "sandwich size" in SOMERSET's nearby kitchens. Then they're rushed to your favorite SAFEWAY Store at their peak of goodness.
