## Restrictions On Water Use Lifted Here

All restrictions on the use of water were lifted yesterday by Mayor Albert G. Binder after receipt of a letter from the Commonwealth Water Company indicating that the rainfalls of the past few weeks "have resulted in such a definite improvement of conditions that the emergency no longer exists."

Residents of the Township were ordered to curtail the use of water for lawn sprinkling, washing of cars and other such uses because of the then continuous dry weather. "Now that the emergency water condition no longer exists," said Mayor Binder, "the restrictions governing the use are now released."

The Commonwealth Water Company plans a program of enlargement and expansion of water facilities to increase the pumping capacity for use of water in the Township. This new program is intended to eliminate a recurrence of the shortage of water during prolonged dry spells in the summer.

He was recently nominated for president of the Volunteers; the election to be held in October. Mr. Fay is also president of the Springfield Fire Department Relief Association and secretary of Springfield Exempt Firemen.

## What Is News - And What Is Not News

The Springfield Sun has been the target for considerable criticism in the past few days—some of it direct to our editorial staff but most of it through the medium of shrill gossip by the breast beating "do gooders" who insist that there is something sinister, something ulterior, selfish and against all rules of public service because this newspaper did not splash last Wednesday night's Board of Health plumbing permit matter all over the front page.

At this point we would like to reiterate part of our credo, published when we first took over the Springfield Sun that "we are not head-line hunters nor do we drool at the prospect of something very sensational." The Sun is primarily a "good news" newspaper because we believe that there is as much "good news" in our Township as there is in the sensational and big headline "bad news."

We would rather devote space to the "tea and auction" at the Methodist Church, the strawberry festival, the next meeting of the Springfield Historical Society, the restoration of the Cannonball House, the alteration of the Presbyterian Church, the confirmation at St. James or all the other worthwhile activities in Springfield than any of the three alarm news stories.

And, without meaning to be arbitrary about the matter, we honestly believe we are better judges of what should be published. We don't want to pretend that we are infallible or that there are no situations and definite exigencies where news stories may be played down or not even published. But the story concerning the handling of plumbing permits by several concerns, doing work in Springfield DOES NOT COME UNDER THAT CATEGORY even though a daily newspaper did see fit to give it considerable space and with a circulation grabbing headline.

This is not in the nature of an explanation because we do not feel we are compelled to make any. But there is a production and mechanical problem as far as the Springfield Sun is concerned. This newspaper is made up Wednesday evening so that the edition can go on the press as early as possible Thursday morning. Space is made available for any news matter that may break at any of the meetings held Wednesday night but only enough "to cover." The opening of sealed bids for the construction of the new elementary school, a meeting also held last Wednesday night, took care of the only available space left on page one.

However, even if there were some space left open, we still do not believe the matter of the plumbing permits warranted a story. The whole thing smacked too much of politics and was palpably in-

spired by partisanship. The Sun didn't fall in the trap because the Board itself found nothing that was serious enough to bring charges. As a matter of fact these kinks are usually ironed out in caucus—but last Wednesday it was made part of the public meeting. This, in itself, is good for the Township because too many problems are resolved in caucus and in the privacy of smoke filled rooms. The timing was bad in this case since Robert W. Marshall, who is the Republican candidate for Township Committee in November, is a member of the A. L. Marshall & Son firm named as one of many plumbing concerns with permits not in order. There were no charges filed, no disciplinary action taken and, except for its political ramifications, it had no news value unless there happened to be a crusade, a persecution program aimed at those plumbing outfits that had failed to comply with permit regulations.

The worthy members of our local society of critics who wring their hands in despair because freedom of speech has been threatened can rest assured that the sacred rights of the public is not in danger. We don't want to wrap ourselves in the mantle of knowing all the answers but in a community such as Springfield, there are many moments when the editor has to grope past that barrier of living in a friendly family environment and decide how much value there is in a police blotter story, an incident in the personal life of a politician or the thousand and one rumors fitting across his desk—most of them ugly, unscrupulous and unworthy of any serious thought.

Would these same critics have us believe that this almost frivolous permit matter would have been made public if there were no election campaign in the immediate offing? We're not discussing the merits of the case and we believe the Board of Health was within its province to call the plumbing concerns on the carpet and demand compliance with the rules and regulations. But there didn't appear to be sufficient provocation or good news value for headlines.

We have failed to publish many stories many documented news articles because no good purpose would be served which leads us right back to the Marshall and the Board of Health matter—it is our deep conviction, our concept of news values that it wasn't as important as the publishing of those who were low bidders on the new school. We remember a sign we saw once in a tavern, hanging in back of the bar which read: "We made a deal with the bank—they won't serve any drinks and we won't cash any checks." Which may be another way of saying that we want to reserve the privilege of measuring news values.

## Beardsley Urges Party Support For Marshall

### Dinner-Dance By Democrats Is Called Off

Complying with the suggestion of Chairman of the Union County Democratic Committee James J. Kinneally, Vincent J. Bonadies announced yesterday that the big dinner-dance and telecast scheduled for the Baltusrol Golf Club on September 29 has been indefinitely postponed.

The event and selection of the date was first cleared with the Democratic organization but it was learned early this week that the Springfield affair and events in other places would conflict with other fund raising dinners already planned.

Mr. Bonadies had already sent out invitations and indications pointed to a successful affair but, after a conference with Union County Democratic leaders, he agreed to call-off the local dinner.

Mr. Kinneally, Chairman of the Union County Democratic Committee, announced that he is asking all municipalities in the county to hold in abeyance plans for any fundraising dinners. Mr. Kinneally said, "Elizabeth is necessarily having a large dinner in the near future. In addition the County organization may have a dinner soon. It is too much of a burden on our party people to devote time and effort in promoting dinners when vital election work needs to be done for the entire state."

"I am urging all city chairmen to withhold their plans until after the election. The reason I am making this request is that it has come to my attention that several municipalities are planning dinners which, to be successful, would necessarily have to draw countywide support."

This includes all physical education, playground, shop, or other school activities (except interscholastic athletics which would have to be insured separately).

## What Are The Answers? Asks V. J. Bonadies

Vincent J. Bonadies, candidate for Springfield Township Committee in the coming general election, isn't going to do any sparring in the campaign and leaves his corner for the opening round bell with both arms swinging.

Below is a letter dispatched by Bonadies to his opponent, former Mayor Robert W. Marshall: September 22, 1954  
Mr. Robert W. Marshall

## Letter Opens Campaign For Township Job

A letter, delivered to former Mayor Robert W. Marshall and signed by Vincent J. Bonadies, fires the opening gun by the latter in the campaign for election to the Springfield Township Committee in the November election.

Evidently Bonadies and his campaign advisors do not care to hold back their real ammunition until the final stages of the campaign and the letter demands that Marshall reply to the charges contained in the correspondence.

## Special Patrolman Makes Big Hit With Kid's Mommy

Police officers are usually subject to a lot of abuse—much of it not deserved—but when a resident takes the time to write a letter commending one of the cops, it's good news. A check at police headquarters disclosed the fact that the policeman named in the letter below is Special Patrolman Edward Baumer of Colonial Terrace.

Following is the letter:  
September 21, 1954  
Editor, Sun:  
I wish to commend publicly our local police for their courtesy and cooperation. Crossing Morris Avenue with baby carriage, packages, etc., seems less hazardous when one receives a polite, helpful signal to proceed. Particularly, I should like to sing a song of praise for the tall, amiable officer on duty at Mountain and So. Springfield avenues. Our six year old boy tells us that one day of last week, he was rushing home from school in the rain and the policeman in our neighborhood stopped me and fixed the zipper on my coat!  
Sincerely,  
Mrs. Fred Belmore,  
A Thankful Mother,  
11 Dayton Court.

Pre-Teen Dancing School Organized By Bunny Sobin

Dancing Wear Is Very Important

If your boy or girl is enrolled in dancing school it is important that you pay particular attention to the proper choice of dance shoes and accessories. Many teachers feel that professional-type shoes and slippers are essential if your child is to get the utmost from his dancing lessons.

Women's Voters League Co-Sponsor Meeting

The League of Women Voters of Springfield will be a co-sponsor of one of only five senatorial candidates' meetings planned by the State League. The Springfield organization will cooperate with the seven leagues in Union County to present this special meeting to take place at Theodore Roosevelt Junior-High School in Westfield at 8:30 p.m. on October 5.

The candidates of all parties who are seeking election to the Senate and the House of Representatives will be eager to present their views on the issues involved.

Mrs. Elliott Mandl, President of the League of Women Voters of Springfield urges all to attend this non-partisan candidates meeting in order to judge the merits of our future Senator and Congressman.

W.C.T.U. Meets

The Springfield Chapter of the W.C.T.U. will hold its first meeting of the season on September 29 at the home of Mrs. E. D. Pannell, 318 Main street, Millburn.

Bunny Sobin, whose professional theatre experience dates back 15 years, most of it with the nation's leading dancing groups, announces a new Pre-Teen Dance Club to teach social dancing for children from Grade 5 to Grade 8. She also announces the opening of their 54-55 regular dance club season with registration starting on October 2 at the American Legion Hall where she will conduct the program.

She is the former Doris Eaton and for 3 1/2 years was a member of the Gae Foster Roxettes. She also danced in Radio City Music Hall, the New York City Ballet and has been very active in stage work in this section of New Jersey.

"Dancing," says Mrs. Sobin, teaches the social graces and gives children the incentive for proper behavior. It adds to their poise and gives them self-assurance and gives them self-assurance for their contacts in later life.

Both Mr. and Mrs. Sobin are interested in the 1954-55 dance school program and the Pre-Teen Dance Club is expected to attract an unusual number of registrants since the classes will be held in the American Legion Hall but once a week. The Sobins reside at 40 Evergreen avenue.

To a member of the junior class the award of her nursing cap signifies successful completion of pre-clinical studies. Miss Rector now receives two years of clinical training.

Baby Girl To Andersons

Eric and Lillian Anderson of 81 Tooker Avenue announce the birth of a baby girl, Arlene Cathy, born on September 11 at Hospital Center in Orange. The new baby has a brother Robert, 16, and a sister Evelyn, 9.

Found Guilty

(Continued on page 2)

cluded stories by Springfield residents that the Verona man's actions, in full view of a school child and her mother, were frightening enough to send in a call for the police.

Magistrate McMullen found Cerio, a married man, guilty of the charge but sentence was deferred on plea of the defendant's attorney until the court has had an opportunity to receive a medical report on the man's condition.

According to the testimony before the court, the police records show that Cerio was tried on similar charges twice last year in Newark. The charge against him in the local matter brought out that on July 19, Cerio conducted himself in such a manner before the local resident whose home is near the scene of the incident, in the rear of the Regional High School. The woman fled to a neighbor's home and telephoned police who arrested the man. He has been free on bail until his trial and conviction before Magistrate McMullen on the disorderly person charge.

Cerio's explanation to the court was that he was a service man for a business machine company and Springfield was part of his territory. He stated that he invariably went to this spot in the rear of the high school, near the county park, to eat his lunch. Several complaints were made against him, some of them, according to the court, which might have resulted in more serious penalties but the charge was reduced to disorderly person.

Letter Opens

(Continued from page 1)

Primary last Spring. The question continues to remain an open issue: 'Are these charges true or are they false?' These charges and countercharges of grave proportions were hurled at each other by men who served together on our Township Committee during the past six years.

"I, as a candidate for public

office would be remiss in my duty and obligation to the public if I permitted these charges of dishonesty in government to go unchallenged and unanswered. My opponent, Mr. Marshall, in a statement during the Primary Elections, accused his colleagues of inefficiency and dishonesty on occasions during his tenure in office.

Wants Charges Aired

"It is my unaltering stand that my opponent immediately and without reservation make known to the public the nature and facts involved in his charges. He further stated during the Primary that his supporters had urged him to present his facts to the County Prosecutor. If these facts are worthy of presentation to the County Prosecutor then all of the people of Springfield have a right to these facts NOW and without any further political clemency. The voters are not interested in eleventh hour exposes made for political gain and cry out NOW for Responsible and Responsive Government With Integrity and Justice.

"No matter where the chips may fall or what influences may be brought to bear on the coming election, I call upon my opponent to name those usurers of their powers as elected officials; name those who dare to act dishonestly while the interest of our town is at stake. My opponent must certainly be aware that this issue is far bigger than both of us, or even the outcome of the November 2 Election. This involves our families, our homes, and our future! The very foundations of a just, honorable, and incorruptible government are, at stake.

"Why my opponent has taken his untenable position is difficult to understand. The present Township Committee on many occasions during the past Spring and Summer has offered Mr. Marshall ample opportunity to present his charges to the committee at a public meeting. But, this has avoided with the dexterity of a tight rope walker. His silence since the primary has been deafening despite a promise he made

to conduct a campaign of information throughout the summer months rather than remain silent until the Fall Campaign. He also promised to remain in close touch with all municipal matters and feel free to comment on what transpires. These unfulfilled campaign promises will come under careful scrutiny at a later date.

All Political

"Now, on the other hand, we find that those who have been accused by the ex-major charged that these charges are irresponsible, reckless, made without due regard for truth and fact. They further claim that these charges were made in an effort to win the primary election at any cost and run the calculated risk of party support in November.

"We, the taxpayers of Springfield, continue to ask but one question: 'Are these charges true or were they falsely made to gain a victory at the expense of the integrity and honor of the Republican Party by means of the deception of the voters?'

"The people call upon you, Mr. Marshall, in the cause of common decency—repudiate your charges and clear your conscience or bare the facts and bring the culprits to task! Act now, and not on the eve of Election Day!"

**Adult Circulation Up At Library**

With autumn fast approaching and daylight saving coming to an end, the Springfield Free Public Library is preparing for the reading season. During the early part of September adult circulation has done very well. The children's reading has dropped off due to the excitement of school opening. However, the children will soon be coming in to get books to help with school work. In fact, one class is already searching the shelves for elephants, animals and science in general. The pre-school group still come in large numbers every Friday from 10:30 to 11:00 to hear Mrs. Esther Porter tell stories. The Library will now be open regularly on Saturdays. Many new books of fiction to help pass the longer, dark evenings are on order. Along with these are included a number of books of a more serious nature which will entertain as they instruct, and perhaps, fit into the many adult education schools opening in the neighborhood. Hours, daily Monday through Saturday, 10:30 a.m. to 5:00 p.m. Monday and Friday evening 7:30 to 9:00 p.m.

**SUNING SPORTS**

By BOB DUBOW

As we near the opening of the pigskin season, which is Saturday, September 25, we find much last minute primping at our High School and others all over the state. The team has been working very hard this last week and completed another successful scrimmage against a fair Bound Brook eleven. Wednesday of this week the Bull Dogs had another scrimmage but Coach Brown declined to answer where or with who because he feels that if the word is let out other teams or scouts may come to get a first hand look at Regional. This week Bob Hull, popular president of the class of '55, was elected to another honor. Bob is now the second man to captain the Bull Dog grid squad single handed. Last season George MacKenzie and Harold Bolick shared the chore as co-captains. The first person ever to be elected to be captain of the Bull Dogs was Judd Harman who was selected during the 1952 campaign. Other groups that are also practicing for the football season are the Band, which promises to be bigger and as good or better than last year's. It is under the direction of Mr. Dave Rusette. Working out with the band are the flagswingers and majorettes. One of the most important jobs at a football game belongs to the members of the cheerleading squad. They've been practicing their old and surely a few new cheers, under the competent guidance of Miss Kendall, a gym instructor. No captains have as yet been selected. The last group that will be practicing for the pigskin campaign will be the student body! On Friday before each game a 15 minute pep rally is held before the end of the day, in the high school auditorium. This gives the cheerleaders practice in front of an audience and it also gives the students exercise in learning the new cheers and reviewing the older ones. There you have it, the complete picture of it stands now at Regional. The kick-off time is set for 2 p.m. at the Hillside stadium. A big crowd is expected but the more fans and supporters for Regional's Bull Dogs the better their chances of winning are, so let's see all of you loyal Regional fans out at the ball game Saturday. Remember 2:00 p.m. at Hillside.

**Schaffernoth Bats 298 With Topeka**

Charlie Schaffernoth, Regional diamond star, has returned home after a successful season as a catcher with the Topeka Owls, a farm team of the Chicago White Sox. Schaffernoth's play with the Owls helped them to win the pennant this year in the Western Association. He played in 130 of the scheduled 140 game season and wound up with 107 Runs Batted In, 16 home runs and a batting average of .298. Schaffernoth received a gold plaque for making the All-Star team in the Western league. Previously he played on all star teams in New Jersey in 1951, Maine in 1952 and Wisconsin in 1953.

**Children Still Aid Emergency Polio Drive**

George M. Turk, Acting Postmaster and Chairman of the Local March of Dimes Campaign, reported that neighborhood activities of children have raised over \$100.00 in the current drive. "As an example of what many children are doing to aid this worthy cause, I am pleased to add the following names to the ever-increasing Army of Junior-Polio Fighters."

Maureen and Marilyn Neal, Chris and Dan Martin, Barbara Cannon, Peter Stamelman and Joan Rawlitz of Wentz avenue raised \$16.11 by giving a "dance skit," running a "tea-room," and selling old toys.

Pat Andrews and Dorothy Ann Boehm of Meisel Avenue put on a "movie show" which added \$8 to the fund. The children of Lelak avenue and Ann place presented a variety show on the lawn of Mr. and Mrs. J. Bender. The performers were: Jay, Barbara and Sharon Warman, Bill, Steve and Jim Bender, Margot, Robert and Bonnie Breier, Mickey, Gloria and Andy Lesser, Marjory and Richard Pomerantz, Florie Adelman, Susan Seagull, Joyce Weinstein and Marjorie Weimshner. The pro-

ceeds amounted to \$71. Terry Cervinka and two of his pals of Kipling avenue raised \$2.64 by selling their old toys. These activities as well as the continued support of the adults are needed to replace money now being used to meet the needs of a rapidly increasing rate of polio, which is exceeding previous years and is depleting our funds to a dangerous low, therefore the need of help from everybody is immediate and urgent.

**Elizabeth Corsaky Receives Degree**

Miss Elizabeth Corsaky, 41 Beverly road, Springfield, will receive the degree of Bachelor of Science in Education from the Jersey City State Teachers College Wednesday evening, Sept. 22, at 8:30 o'clock in the College auditorium.
